

6. No tract of country which does not contain at least one thousand inhabitants, and which does not contain the average number of five hundred inhabitants to the square mile of the area of such tract, shall be declared to be a second class Municipality.

Definition of second class Municipality.

7. No tract of country shall be declared a municipality under this Act unless a majority of the adult population of such tract of country is chiefly employed in pursuits other than agricultural.

Class of persons of which a municipality must consist.

8. The Lieutenant-Governor may from time to time, by notification in the *Calcutta Gazette*, announce that there shall be united with any tract of country as aforesaid (for the purpose of forming a first or second class Municipality, as the case may be), any number of specified places, provided that no place shall be included within any such union, unless some part of such place be situated within the distance of half a mile from some other place included in such union.

Formation of unions.

9. Whenever the Lieutenant-Governor shall have declared two or more places to be united for the purpose of forming a first or a second class Municipality as aforesaid, all tracts of country lying within a supposed ring-fence drawn round the exterior limits of all such united places shall be deemed to be within the Municipality.

Limits of union.

CHAPTER III.

OF THE MUNICIPAL AUTHORITIES.

PART I.—Of the Constitution of the Municipality.

10. THE Lieutenant-Governor shall from time to time appoint, in every first class Municipality, not less than eight, and in every second class Municipality not less than four, persons to be Commissioners for carrying out in such Municipality the purposes of this Act.

Appointment of Commissioners.

11. The Lieutenant-Governor may delegate to any officer the power of appointing Commissioners in any second class Municipality.

Delegation of power to appoint Commissioners.

12. The Lieutenant-Governor may at any time direct that the whole or any number, not being less than two-thirds, of the Commissioners to be appointed under the last preceding section shall be elected by the rate-payers, subject to such rules in regard to qualification and election as he may think fit.

Election of Commissioners.

In any such election every person shall be entitled to vote who has paid the tax on persons, or the tax on holdings, hereinafter mentioned, that has become payable by him :

Provided that if such election take place before the said taxes have been levied in any Municipality, it shall be made by the householders therein.

The Lieutenant-Governor may appoint any persons to be *ad interim* Vice-Chairman and Commissioners pending the election of Commissioners under this section.

13. No person shall be appointed or elected a Commissioner, or a Member of a Ward Committee, under this Act in any Municipality who does not either reside or hold land therein, or within five miles from some part of the limits thereof :

Qualification of Commissioner and Member of Ward Committee.

Provided that when the imposition of any tax has been determined on in any Municipality, no person shall be appointed or elected therein a Commissioner, or Member of a Ward Committee, who does not pay, or is not liable to, municipal taxes therein.

14. The Lieutenant-Governor may from time to time accept the resignation of any Commissioner or Member of a Ward Committee, appointed or elected under this Act, and may remove any such Commissioner or Member of a Ward Committee for corruption or continued neglect to attend the meetings of the Commissioners, or otherwise to discharge his duty as Commissioner, or Member of a Ward Committee.

Removal of Commissioner.

15. The Lieutenant-Governor may at any time withdraw any direction given by him under section 12 for the election of Commissioners in any Municipality.

Withdrawal of power of election.

16. In addition to the Commissioners appointed or elected as hereinbefore provided, the Magistrate of the district and the Magistrate of the division shall be *ex-officio* Commissioners of every Municipality situated within their respective jurisdictions, and the Lieutenant-Governor may direct, by notification in the *Calcutta Gazette*, that the persons for the time being exercising the functions of the offices to be named in such notification shall be *ex-officio* Commissioners for any or every Municipality to which the official functions of the offices held by the persons so appointed may extend ;

Ex-officio Commissioners.

and the Lieutenant-Governor may appoint as a Commissioner of any Municipality any officer in the service of Government holding a salaried office (the salary of which is not less than one hundred rupees a month) in the district in which the Municipality is situate :

Provided that not more than one-third of the whole number of Commissioners shall be persons, holding in the Judicial, Police, or Revenue Departments of the Government service, salaried offices of which the functions are exercised within the district in which the Municipality is situated, unless such persons be elected Commissioners otherwise than by appointment by the Lieutenant-Governor, or by any officer to whom the power of appointing Commissioners has been delegated under section 11.

Tenure of office of Commissioners.

17. Except as herein after provided, every Commissioner shall vacate his office at the end of three years.

18. When Commissioners are for the first time appointed or elected in any place, one-third of the whole number of which the body may consist on the first day of the municipal year next following the date of the appointment or election of such Commissioners, shall retire at the end of one year, and another third at the end of two

Rotation of Commissioners.

years, and the rest at the end of three years, to be computed from the first day of the year next following the date of the appointment or election such Commissioners.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below it, which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second years respectively shall be decided by lot.

19. When any Commissioners have been elected under section 12, the rule of rotation in section 18 shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

Application of rule of rotation separately to appointed and elected Commissioners.

20. In calculating the whole number of Commissioners for the purposes of section 18, all *ex-officio* Commissioners shall be excluded; and such *ex-officio* Commissioners shall remain Commissioners so long as they continue to hold the respective offices in virtue of which they are respectively Commissioners.

Calculation of number of the Commissioners.

21. Any person who vacates his office under the provisions of Section 17, or who retires under the provisions of Section 18, may be at any time re-appointed or re-elected.

Retiring Commissioner may be re-appointed or re-elected.

22. The Magistrate of the district, if the Municipality be at the sudder station, or the Magistrate in charge of a division of the district, if the Municipality be situated within such division, shall be *ex-officio* Chairman of the Commissioners of such Municipality.

Chairman of Commissioners.

The Magistrate of the district may, with the sanction of the Lieutenant-Governor, delegate to any Magistrate subordinate to him at a sudder station any of the powers vested by this Act in the Chairman of the Commissioners, and may withdraw such powers.

In the absence of the Magistrate of a division of the district, the Magistrate of the district may appoint any Magistrate subordinate to him to officiate as Chairman of the Commissioners within such division.

23. The Commissioners shall elect their own Vice-Chairman, subject to the approval of the Lieutenant-Governor; he shall hold office for one year from the date of his election, and shall be eligible for re-election at the end of each year.

Election of Vice-Chairman.

Such Vice-Chairman may at any time be removed from the office of Vice-Chairman by a resolution of the Commissioners, in favor of which not less than two-thirds of the Commissioners shall have voted:

Provided that the Lieutenant-Governor may sanction the election permanently, or for a term of years, of a salaried Vice-Chairman if proposed by the Commissioners.

24. The Commissioners shall, in the name of their Chairman, by the description of "The Chairman of the Municipal Commissioners of _____," be a body corporate,

Commissioners incorporated.

and have perpetual succession, and a common seal, and in such name shall sue and be sued.

Such common seal shall have the name of the Municipality engraved thereon in legible characters in the English language, and also in the vernacular of the district.

PART II.—Of the Property and Contracts of the Commissioners.

25. All property, moveable and immoveable, of any kind whatsoever, derived under any of the enactments specified in the fifth or sixth schedule, or otherwise, and vested in, or held in trust for the late Commissioners, Committee, or Panchayet (being the Commissioners or Committee or Panchayet appointed under any of the said enactments), for the tract of country which has been declared to be included in a Municipality, shall become vested in the Commissioners of such Municipality and their successors.

All property and rights of action of Municipal Commissioners or Panchayet vested in Commissioners appointed under this Act.

26. All roads, bridges, embankments, and drains in any Municipality (not being private property), now existing, or which shall afterwards be made, and the pavements, stones, and other materials thereof, and also all erections, materials, implements, and other things provided therefor, shall vest in and belong to the Commissioners of such Municipality.

Public roads, &c., vested in the Commissioners.

But the Lieutenant-Governor may from time to time, by notification, exclude any road, bridge, embankment, or drain from the operation of this Act, unless the cost of the original construction of the same shall have been paid from the Municipal Fund, and may cancel such notification wholly or in part.

27. The Commissioners may at a meeting agree with the person, in whom the property in any road is vested, to take over the property therein, and after such agreement may declare, by notice in writing put up in any part of such road, that the same has become a municipal road.

Thereupon such road shall vest in the Commissioners and shall thenceforth be repaired and kept up out of the Municipal Fund.

28. Every hospital, dispensary, school, rest-house, market, tank, and well, not being private property, or the property of a religious institution or society, and all medicines, furniture, and other articles appurtenant thereto, not being private property, which at and after the commencement of this Act shall be found within any Municipality may, by order of the Lieutenant-Governor, duly published, be vested in the Commissioners of such Municipality, and thereupon all endowments or funds belonging thereto shall be transferred to, and vested in, such Commissioners as trustees for the purposes to which such endowments and funds were lawfully applicable at the time of such transfer:

Provided that no such order shall be published until one month after notice of the intention to transfer such property shall have been published in the *Calcutta Gazette*, and within the Municipality in the vernacular language of the district.

Existing hospitals, schools, rest-houses, &c., may be vested in the Commissioners.

29. If the Commissioners at a meeting shall, after publication of a notice in the last preceding section mentioned, object to the transfer to themselves of any hospital, dispensary, or school, on the ground that their funds cannot bear the charge, then such transfer shall not be made save under such conditions as the Commissioners at a meeting may agree to accept.

30. The Commissioners at a meeting may purchase or take on lease any land for the purposes of this Act, and may sell any land not required for such purposes.

31. When any land within the limits of any Municipality is required for the purposes of this Act, if the Commissioners cannot agree with the owner for the purchase thereof, the Lieutenant-Governor, on the recommendation of the Commissioners, may notify that such land is required under the provisions of the Land Acquisition Act, 1870; and, on payment by the Commissioners of the compensation awarded under such Act, the land shall vest in them for the purposes of this Act.

32. The Commissioners may enter into and perform any contract necessary for the purposes of this Act.

Every contract made on behalf of the Commissioners in respect of any sum exceeding twenty rupees, or in respect of any property exceeding twenty rupees in value, shall be in writing, and signed by at least two of the Commissioners, one of whom shall be the Chairman or Vice-Chairman, and shall be sealed with the common seal of the Commissioners.

Unless so executed, it shall not be binding on the Commissioners.

PART III.—Of the Mode of transacting the Business of the Municipality.

33. The Commissioners shall have an office, where they shall meet for the transaction of business at least once in every month, and as often as a meeting shall be called by the Chairman or, in his absence, by the Vice-Chairman, and all questions which may come before them at any meeting shall be decided by a majority.

The Chairman, or, in his absence, the Vice-Chairman, shall call a meeting on a requisition signed by three of the Commissioners.

34. The Chairman, or, in his absence, the Vice-Chairman, shall preside at every such meeting, and, in the absence of both the Chairman and Vice-Chairman, the Commissioners shall choose some one of their number to preside.

In cases of equality of votes, the President shall have a casting vote.

35. No business shall be transacted at a meeting unless it has been called by the Chairman or Vice-Chairman, and unless, at least, in the case of a first class Municipality, five, and in the case of a second class Municipality, three, Commissioners be present.

36. Minutes of the proceedings of all meetings of the Commissioners shall be entered in a book to be kept for the purpose, and shall be signed by the President of the meeting, and such book shall be open to the inspection of the tax-payers.

37. The Chairman shall, for the transaction of the business connected with, or for the purpose of making any order authorized by this Act, exercise all the powers vested by this Act in the Commissioners; Provided that the Chairman shall not act in opposition to or in contravention of, any order of the Commissioners at a meeting, or exercise any power which is directed to be exercised by the Commissioners at a meeting.

38. The Chairman may, by a written order, delegate to the Vice-Chairman all or any of the duties or powers of a Chairman as defined in this Act, subject to such restrictions as may seem fit to him, and may at any time by a written order withdraw the same.

39. The Commissioners at a meeting shall from time to time decide what number of overseers, clerks, registrars, subordinate officers, servants, and collectors of taxes or tolls, may be necessary for the Municipality, and shall from time to time fix the salaries to be paid to such persons respectively out of the Municipal Fund, and the allowances to be granted to such persons during absence on leave.

Subject to such decision, the Chairman shall have power to appoint such persons as he may think fit, and from time to time to remove such persons and appoint others in their places:

Provided that no person shall be appointed to, or removed from, any office, the monthly salary of which exceeds fifty rupees without the sanction of the Commissioners at a meeting; and no salary amounting to more than one hundred rupees a month in a second class Municipality, or to more than one hundred and fifty rupees a month in a first class Municipality, shall be assigned to any clerk or other servant without the previous sanction of the Magistrate of the district.

40. The Commissioners shall take from every collector of municipal taxes or tolls, such security for the sums collected by him as they may think proper.

PART IV.—Of Ward Committees.

41. The Commissioners may at a meeting divide any Municipality into wards, and thereupon appoint, or cause to be elected, in the manner provided by Section 12, for each ward, not less than three qualified persons, whether such persons be or be not Commissioners for the time being, to be Members of the Ward Committee, and the said Commissioners at a meeting may define the limits of the ward for which any Ward Committee may be appointed or elected.

All questions regarding the removal, resignation, and filling up vacancies among the Members of Ward Committees shall be settled by the Commissioners at a meeting.

42. Each Ward Committee may, for each year if they see fit, elect their own Chairman from among their own number.

43. A Ward Committee, within the limits of their ward, as defined by the Commissioners at a meeting, shall exercise all the powers, and shall be bound to perform all such duties, of Commissioners as defined in this Act, as the Commissioners at a meeting shall have delegated to them.

All acts done, orders issued, and assessments made by Ward Committees, shall be subject to the control and revision of the Commissioners, who may at any time withdraw all or any of such powers and duties.

PART V.—Liability of Commissioners and Ward Committees.

44. No Commissioner or Member of a Ward Committee shall be personally liable for any contract made, or expense incurred, by or on behalf of the Commissioners.

Every Commissioner or Member of a Ward Committee shall be personally liable for any wilful misapplication of money entrusted to the Commissioners to which he shall have been a party, and he shall be liable to be sued for the same.

45. No Commissioner or Member of a Ward Committee, or officer, or servant of the Commissioners or Committee, shall be interested, directly or indirectly, in any contract made with the Commissioners.

And if any such person be so interested, he shall thereby become incapable of continuing in office or employment, and shall be liable to a fine not exceeding five hundred rupees:

Provided that no person shall, by reason of being a shareholder in, or a member of, any incorporated or registered company, be deemed interested in any contract entered into between such company and the Commissioners.

But no such shareholder or member shall act as a Commissioner or Member of a Ward Committee in a matter relating to any contract entered into between the Commissioners and such company.

46. No Commissioner or Member of a Ward Committee shall vote on any question which regards exclusively the assessment of himself or the valuation of his property, or his liability to any tax.

CHAPTER IV.

OF THE MUNICIPAL FUND AND ITS APPLICATION.

47. All sums received by the Commissioners, and all fines paid or levied under this Act, and all other sums which, under the sanction of Government, may be transferred to such Commissioners, shall constitute a fund which shall be called the Municipal Fund, and shall, together with all property of every nature or kind whatsoever, which may become vested in the Commissioners, be under their control, and shall be held by them in trust for the purposes of this Act.

The Municipal Fund shall be deemed to be the fund applicable to police purposes mentioned in sections 11 and 48 of Bengal Act No. II of 1866 (to provide for the better regulation of the Police within the Suburbs of the Town of Calcutta).

48. The Commissioners shall set apart and apply annually out of the Municipal Fund such sum as they are by this Act required to provide for the maintenance of the Municipal police force, and a sum sufficient for payment of their own establishment and the expenses of their office.

49. The Municipal Fund, after the sums mentioned have been set apart under the last preceding section, may, subject to such rules and restrictions as the Lieutenant-Governor may from time to time prescribe, be applied by the Commissioners to any of the following purposes within the Municipality in which such Municipal Fund is raised, that is to say—

- (1) The construction, repair, and maintenance of roads, wharves, embankments, channels, drains, bridges, and tanks;
- (2) The supply of water and lighting of roads;
- (3) Other works of public utility calculated to promote the health, comfort, or convenience of the inhabitants:

Provided that for every thousand inhabitants of any Municipality not more than two hundred rupees a year shall be expended on such objects, unless the Lieutenant-Governor shall, at the request of the Commissioners at a meeting, extend such limit for a special object;

(4) The diffusion of education, and with this view the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid;

(5) The establishment and maintenance of hospitals and dispensaries;

(6) The promotion of vaccination;

(7) And for carrying out the purposes of this Act.

Provided that no portion of the Municipal Fund shall be applied to the establishment and maintenance of schools, or hospitals, or dispensaries, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Commissioners, or of the Members of the Ward Committee respectively, at a meeting specially convened for considering the question of such application.

50. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality, or in any district or sub-division, where such expenses are incurred for any of the purposes described in clauses (1) and (2) of the last preceding section, and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done):

but no contribution shall be made under this section to any work except such as is calculated to benefit the inhabitants of the contributing Municipality.

51. The account books of the Municipality shall be open to the inspection of any tax-payer at the office of the Commissioners on a day to be fixed in each week.

An account showing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer, and a copy of such account shall be forwarded to the Magistrate of the district for submission to the Commissioner of the division.

52. The Commissioners, at a meeting three months before the close of the municipal year, shall prepare in detail estimates showing the probable receipts and expenditure during the ensuing Municipal year, and the objects in respect of which it is proposed to incur such expenditure.

53. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Magistrate and in the Municipal office or offices.

During fourteen days after the estimates shall have been so lodged in the said offices, of which due notice shall be published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

54. After the expiration of the said fourteen days, and after such revision as may appear requisite, the Chairman shall transmit the estimates to the Magistrate of the district with any remarks or objections thereupon which may have been recorded by himself or by the Commissioners at a meeting; and the Magistrate of the district shall forward them to the Commissioner of the division together with such remarks or objections, and his own opinion thereon.

55. The Commissioner of the division shall sanction any estimate forwarded under the last preceding section which may appear to him to be unobjectionable.

If he sees any objections to an estimate, he shall record and forward the same, together with the estimate, for reconsideration by the Commissioners.

A meeting shall be called specially for the purpose of such reconsideration; and the decision of the majority of the Commissioners attending at such meeting shall, subject to the provisions of section 56, be final.

56. The Commissioners at a meeting may at any time revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal; and such revised estimate shall be published and forwarded for sanction to the Commissioner of the division through the Magistrate of the district, as pro-

vided in section 54, and the Commissioner of the division may return such revised estimate for reconsideration by the Commissioners in manner provided by section 55.

57. The Commissioners shall, at such time and in such form as the Lieutenant-Governor shall direct, furnish an annual report of their proceedings and statements in detail of all the works executed by them, and of all sums received and expended by them.

Every such report shall be published in the *Calcutta Gazette*.

58. The municipal accounts shall be audited by such person and in such manner as the Lieutenant-Governor shall direct, and the expense of such audit shall be paid from the Municipal Fund.

59. The Lieutenant-Governor may direct that the cost of maintaining clerks or other establishments in the offices of the Magistrate of the district and of the Commissioner of the division, for the audit of accounts and the requisite correspondence connected with the purposes of this Act, shall be paid in rateable proportion from the funds of the several Municipalities which may be constituted under this Act in such district or division.

And the Commissioners of every Municipality shall pay to the Magistrate of the district the sum which they may be required to pay for the purposes of this section and the last preceding section.

60. All sums belonging to the Municipal Fund shall be paid into a Government treasury, or, with the sanction of the Commissioner of the division, into any bank or branch bank, in or near to the Municipality, and shall be credited to an account to be called the Account of the Municipality to which they belong:

Provided that the Commissioners may invest any moneys not required for immediate use either in the Government Savings' Bank or in Government securities, or in any other form of security which may be approved of by the Lieutenant-Governor.

61. All orders for payment of money from the Municipal Fund shall be signed by the Chairman, or by the Vice-Chairman and one of the Commissioners.

CHAPTER V.

OF MUNICIPAL TAXATION.

PART I.—Of the Power to impose Taxes and Tolls.

62. The Commissioners of any Municipality at a meeting may from time to time with the sanction of the Lieutenant-Governor impose within the limits of such Municipality one or other, but not both, of the following taxes:—

Alternative tax upon persons or holdings.

(a) A tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality: provided that the total sum to be raised by such tax in any year shall not exceed the sum which would be produced by an average rate of two rupees and

four annas per annum for each holding, and that the amount assessed in respect of the occupation of any one holding shall not be more than eighty-four rupees per annum; or

- (b) A tax on the annual value of all holdings situated within the Municipality: provided that such tax shall not exceed seven and a half per cent. on the annual value of such holdings, unless the said tax was levied at a higher rate before the commencement of this Act; and provided also that no tax shall be imposed on any holding of which the annual value is less than six rupees.

63. Subject to the provisions of the section next succeeding, the Commissioners of any Municipality at a meeting may, from time to time, with the sanction of the Lieutenant-Governor, impose within the limit of such Municipality all or any of the following taxes and tolls, in addition to either of the taxes mentioned in the last preceding section:—

- (a) A tax on carriages, horses, and other animals.
(b) A fee on the registration of carts.
(c) Tolls on ferries and roads.

PART II.—Of the Tax on Persons.

64. When it has been determined that a tax on persons occupying holdings within the Municipality, according to their circumstances and property shall be imposed, the Commissioners shall, from time to time, prepare an assessment list, which shall be in the form in the first schedule.

The Commissioners may omit from the list prepared under this section any person who may by them be deemed too poor to pay such tax.

65. The Commissioners may, at any time after the publication of the assessment list, assess any person who was without authority omitted therefrom, or whose liability to assessment has accrued thereafter.

Notice of such assessment shall be given to the person assessed, who may apply to the Commissioners to review the same.

66. Any person mentioned in the assessment list, who shall at any time after the publication thereof have ceased to occupy any holding in respect of which he has been assessed, or whose means and property in respect of which he has been so assessed shall have been reduced, may apply to the Commissioners to revise his assessment.

Such application may be made at any time, and shall be dealt with in the manner provided by section 81 in respect of an application for review.

67. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any fresh occupant of the property assessed, and shall give notice to the person whose name is so substituted.

Such person shall be liable to pay the amount in respect of such occupation from the first day of the quarter of the municipal year next after the date of the change of occupation.

The Commissioners may raise, or decrease, the assessment made on account of the occupation of the holding, as they may see fit, having reference to the circumstances and property within the municipality of the new occupant.

PART III.—Of the Tax on Holdings.

68. When it has been determined that a tax shall be imposed on the annual value of holdings, any such tax shall be paid by the owners of the holdings by quarterly instalments.

Houses used exclusively as places of public worship, or applied solely to charitable purposes, shall not be liable to such tax.

69. The gross annual rent at which any holding may be reasonably expected to be let, shall be deemed to be the annual value thereof, and such value shall accordingly be fixed by the Commissioners:

Provided that the annual value of any arable land shall be deemed to be one-half of the annual rent at which such land may be reasonably expected to be let.

70. If any house belongs to one owner, and the land on which it stands, and the adjacent land which is usually occupied therewith, belong to another, the Commissioners may value such house and land together at one consolidated rate.

The total amount of the valuation shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the tax so paid by him as is equal to the proportion which his rent bears to the annual value of the whole property.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the tax so deducted by the owner of the house, the Commissioners at a meeting shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

71. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of tax, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

72. The Commissioners, in order to prepare a valuation list, may, whenever they think fit, by notice, require the respective owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof, and they, or any

person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure, any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

73. When the valuation of the holdings has been completed, the Chairman shall prepare a valuation list in the form in the second schedule (of which the last column will remain blank).

74. The Commissioners may at any time after the publication of the said valuation list value any holding, which was without authority omitted therefrom, or which has become liable to valuation after the publication thereof.

Notice of the amount of the valuation shall be given to the person affected thereby, who may apply to the Commissioners to review the same.

75. The Commissioners may at any time substitute for any name mentioned in the said valuation list the name of any person to whom any holding mentioned therein shall have been transferred, and shall give notice thereof to the person whose name is so substituted.

Such person shall be liable to pay the amount payable on such holding from the first day of the quarter of the municipal year next after the date of the transfer.

76. When any house has been vacant for sixty or more consecutive days during any municipal year, the Commissioners shall remit one-half of so much of the tax of that year as may be proportionate to the number of days the said house has remained unoccupied; provided that the owner of such house, or his agent, has given to the Commissioners notice in writing of the vacancy thereof, and that the amount of tax to be remitted shall be calculated from the date of the delivery of such notice.

No notice of vacancy given under this section shall have effect beyond the end of the quarter in which it has been given, unless a similar notice of continued vacancy be given within the first fifteen days of the following quarter.

When such notice of vacancy has been given, the owner shall give immediate notice of any re-occupation.

PART IV.—Of general provisions relating to the taxes on persons and holdings.

77. The Commissioners at a meeting shall determine the rate at which the tax on persons and the tax on holdings shall be imposed; and at a meeting to be held not less than fifteen days before the expiration of each municipal year shall determine the rate at which such taxes shall be imposed for the ensuing year.

78. The assessment list and valuation list respectively, shall be signed by the Chairman and shall be published.

On the publication of the assessment list or valuation list respectively, the Chairman shall serve a notice in the vernacular of the district,

on each person liable to assessment,

or on the owner of each holding,

containing an extract from such list of the entries affecting him.

79. Save as herein otherwise provided, every assessment and valuation, when published, shall be valid for three years and until the beginning of the municipal year next after the date on which a new assessment or valuation may be made.

80. Any person who is dissatisfied with the assessment, or with the valuation of any holding, or who disputes his occupation of any holding, or his liability to be assessed, may apply to the Commissioners to review the same.

81. Every application to review any order of assessment, any list, or other proceeding in respect of the amount of the assessment or demand, or of the liability of the person assessed or required to pay such amount, shall be heard and determined by not less than three Commissioners, one of whom shall be the Chairman or Vice-Chairman, who, after making such inquiries as they may deem necessary, may confirm or amend the same.

If such Commissioners confirm the same, they may order that the applicant shall pay such reasonable costs as may have been incurred in respect of his application.

The decision of such Commissioners or of a majority thereof, in such cases shall be final.

No such application shall be received after the expiration of two months from the time when publication under section 78 has been made unless good grounds be shown to the satisfaction of such Commissioners; and in no case shall such application be received after the expiration of ten days from the service under section 111 of the first bill or other demand for payment.

82. No objection shall be taken to any assessment, nor shall the liability of any person to be assessed be questioned, in any other manner or by any other authority than in this Act is provided.

PART V.—Of the Tax on Carriages and Animals.

83. When it has been determined that a tax on carriages and animals kept within the Municipality shall be imposed, the Commissioners at a meeting shall make and publish an order, stating at what rates, not exceeding the rates given in the third schedule, such tax shall be imposed, but such tax shall not be imposed on:—

(a) animals belonging to officers doing regimental duty at the rate of one animal for each officer;

(b) animals exempt from any municipal tax under section 25 of the Indian Volunteers Act, 1869;

(c) carriages or animals belonging to Government, or to the Commissioners;

(d) animals used by, or in, any cavalry regiment, or by the police;

(e) carriages or animals kept for sale by any *long life* dealer in such carriages or animals, and not used for any other purpose.

Such order shall continue in force until rescinded, and the Commissioners at a meeting, not less than fifteen days from the expiry of any municipal year, may make, and in that case shall publish, an order, stating the rates of such tax for the ensuing year.

84. The owner of every carriage and animal mentioned in the third schedule shall, within a month after the publication of an order under the last preceding section and in like manner within the first month of each municipal half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages and animals liable to the tax for which he desires to take out a license.

Such owner shall at the same time pay to the Commissioners such sum as shall be payable by him for the current municipal half-year at the date of such publication for the carriages and animals specified in such statement, according to the rates stated in any order in force at the time made under section 83.

If any person becomes possessed, at any time after the commencement of the municipal half-year, of any carriage or animal mentioned in the third schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay the tax for the unexpired portion of the half-year calculated from such date.

85. On receiving the amount of the tax under this Part, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages and animals for the period in respect of which the amount is received.

Such license shall be for the current municipal half-year and no longer.

86. Whenever the owner of any carriage or animal is not resident within the limits of the Municipality wherein the same is kept, the person occupying the premises where it is for the time being kept shall take out a license under this Part.

87. The Commissioners at their discretion may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages and animals for hire, for a certain sum to be paid for the carriages and animals so kept by such person, in lieu of the rates stated in any order made by the Commissioners under section 83.

88. The Commissioners shall from time to time cause to be prepared and entered in distinct columns in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current municipal half-year, a license has been given under this Part, and of the carriages and animals in respect of which they have paid.

89. The Commissioners, or any person authorized by them in that behalf, may at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage or animal liable to taxation for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages and animals in respect of which such person is liable to be taxed.

PART VI.—Of the Registration of Carts.

90. The Commissioners at a meeting may make and publish an order that every cart, kept and used within, or let for hire within or without the municipality and used within it, shall be registered by the Commissioners with the name and residence of the owner, and shall bear the number of registration in such manner as the said Commissioners shall direct:

This section shall not apply to carts:—

- (a) which are the property of the Government, or of the Commissioners;
- (b) which are kept at more than two miles' distance from the Municipality, and are only temporarily and casually used within it.

91. The registration of carts, under the last preceding section shall be made, and the numbers assigned, half-yearly upon such days as the Commissioners shall notify, and such fee as they shall fix, not exceeding one rupee, shall be paid for each registration.

Any person becoming possessed of any cart, which has not been registered for the then current municipal half-year, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of a proportional fee for the unexpired portion of the current half-year calculated from such date.

92. When the ownership of any registered cart is transferred within any half-year, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

93. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

If the vehicle seized be not claimed, and the fine be not paid within ten days, such vehicle, together with the animals seized with it (if any), may be sold by auction by order of the Commissioners, and the proceeds applied to the payment of the fine and to the costs and charges incurred on account of the seizure, detention, and sale;

And the surplus (if any), if not claimed by the owner or the person keeping such cart within a further period of twelve months, shall become vested in the Commissioners and be transferred to the Municipal Fund.

Provided that if at any time before the sale is concluded the person whose cart has been seized shall tender to the Commissioners, or the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

PART VII.—Of Tolls on Ferries.

94. The Lieutenant-Governor may make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality; such ferry shall thenceforward be deemed to be a municipal ferry, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

95. The Commissioners may also, with the sanction of the Lieutenant-Governor, declare that any other ferry within or adjacent to the limits of the Municipality is a municipal ferry; and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made to any person for the loss which he may have sustained in consequence of such ferry being declared to be a municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section 4 of Bengal Act No. 1 of 1866 (*to amend certain provisions of Regulation VI of 1819*) or other law for the time being in force.

96. Every municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed in such ferry.

97. When it has been determined to impose tolls on municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the rates, and, with the sanction of the Lieutenant-Governor, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

98. Any collector or lessee of tolls, or his assistant, may refuse to convey any person or goods across a municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

99. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any municipal ferry without the previous sanction

of the Commissioners if he plies within the limits of the Municipality,

or of the Magistrate of the district if without such limits,

or of the Magistrate of the district and the Commissioners if one of the two banks between which he plies is within, and the other bank is without, such limits.

PART VIII.—Of Tolls on Roads.

100. The Lieutenant-Governor may make over to the Commissioners any existing toll-bar within the limits of the Municipality; and the profits derivable from it shall thenceforward be carried to the credit of the Municipal Fund.

101. The Commissioners may also, under the authority of the Lieutenant-Governor, establish toll-bars upon any road or bridge within the limits of the Municipality for the purpose of levying tolls on vehicles and animals entering such limits; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

102. When it has been determined that tolls shall be levied on any road or bridge, the Commissioners at a meeting shall make and publish an order, with the sanction of the Lieutenant-Governor, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

103. Any Collector or lessee of tolls may refuse to allow any person to pass through any municipal toll-bar, until the proper toll has been paid.

104. In case of non-payment of any toll on demand, the person authorized to collect the same may seize any carriage or animal, or any part of its burden, on which toll is chargeable, of sufficient value to defray the toll.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell the property by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remains undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period shall be credited to the Municipal Fund.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable by him, the Commissioners shall forthwith release the property seized.

PART IX.—Of general provisions relating to tolls.

105. The Commissioners may grant a lease of any municipal ferry or toll-bar for any period not exceeding three years.

106. A table of tolls legibly written in English and in the vernacular of the district shall be hung up

in some conspicuous position at either end of every municipal ferry, and in some conspicuous position near every municipal toll-bar, so as to be easily read by all persons required to pay the toll.

107. The Commissioners, or the lessee of any municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animal kept by him, in lieu of the ordinary toll payable.

108. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops.

or of Military or Government stores, or the persons in charge of them,

or of military or police officers, or of any public or municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or any vehicle or animal employed by such persons for the transport of such property,

or of conservancy carts or other vehicles, or animals, belonging to the Commissioners, or of the persons in charge of them.

109. In all cases of resistance to the person authorized to collect tolls, police officers shall assist when required, and for that purpose shall have the same powers as they have in the exercise of their ordinary police duties.

PART X.—Of Tolls on Navigable Channels.

110. If the Lieutenant-Governor has declared that the provisions of the Canals' Act, 1864, or other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, he may appoint the Commissioners to collect tolls as provided in section 8 of such Act, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

In such case the Commissioners shall exercise all the powers vested by such Act in the Collector.

CHAPTER VI.**OF THE RECOVERY OF MUNICIPAL TAXES.**

111. By notification to be affixed in their office, the Commissioners shall declare at what hours of each day (not being Sunday or other recognized holiday) the office shall be open for the receipt of money.

Every person is required to pay the sum due by him during the first month of each quarter.

Such payment may be made at the office of the Commissioners or to any tax-collector appointed in that behalf.

The amount due by any person on account of the tax on persons, or the tax on holdings, shall be deemed to be the amount entered in the notice served upon him under section 78.

112. For all sums collected on account of any tax under this Act, a receipt stating the amount and the tax to which it is appropriated shall be given, signed by the tax-collector or by some other officer authorized by the Commissioners to grant such receipts.

113. Every instalment of the tax upon persons and of the tax on holdings described in section 62 shall be payable in advance on the first day of the quarter or other period in respect of which such instalment is payable.

114. At any time within six months and not less than one month after any sum has become due on account of any tax, the Chairman shall cause to be served upon the person liable to the payment thereof a bill for the said sum, which shall also contain a statement of the period and of the tax on account of which the charge is made.

Appended to such bill shall be a notice of demand in the form (A) in the fourth schedule.

Such notice of demand shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

115. If any person, after service upon him of such bill and notice, shall not, within ten days thereafter or from the date of any order of review thereafter made, pay the sum due, and a fee of two annas as costs of service, or show to the Commissioners sufficient cause for non-payment of the same, the amount of the arrear due, with costs on the scale in the form (B) in the fourth schedule may at any time within three months after the date of service of the said bill, or of the order of review made thereafter, be levied by distress and sale of any moveable property belonging to the defaulter which may be found within the Municipality, or of any moveable property, except ploughs, plough-cattle, or implements of trade or agriculture, which may be found within the holding in respect of the occupation of which such defaulter is liable to such tax.

If the same belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

116. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form (C) in the fourth schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or

Ward in which the property is situated, and by serving on the defaulter a notice in the form (D) in the fourth schedule :

Provided that if the property is of a perishable nature, it may be sold, with the consent of the defaulter, at any time after the expiry of twenty-four hours from the seizure.

117. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that it contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance.

Provided that he shall not enter or break open the door of any room appropriated for the *zanáná* or residence of women, which by the usage of the country is considered private.

118. If the sum due be not paid with costs before the sale is concluded, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible ; and the proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure ; or if unclaimed for a period of twelve months, shall become vested in the Commissioners and transferred to the Municipal Fund.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form (E) in the fourth schedule ; and the costs upon every such proceeding shall be such as are mentioned in the form (B) in the fourth schedule.

119. The Commissioners shall cause a regular account to be kept of all distresses levied and sales made for the recovery of taxes under this Act.

120. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

121. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any court of competent jurisdiction.

CHAPTER VII.

OF THE MUNICIPAL POLICE.

122. All police officers appointed or employed in any Municipality shall be appointed under the provisions of Act No. V of 1861 (*for the Regulation of Police*)

or of any other Act for the time being in force for the regulation of the police in the police district within which the said Municipality may be situated, and shall be deemed to be a portion of the police establishments under the Government of Bengal, and shall be subject to the provisions of any such Act, except as hereinafter provided.

123. No police officer, who forms part of the strength of the Municipal police for which the estimate mentioned in the next succeeding section may have been calculated, shall be liable to serve beyond the limits of the Municipality save in execution of duties imposed on him by his employment as a police officer of such Municipality.

124. From the commencement of this Act, every District Superintendent of police shall prepare, in such form as may be directed by the Lieutenant-Governor, an estimate of the income and expense of the police force in every Municipality within his district for the Municipal year next following the preparation of such estimate, and shall present the same to the Commissioners of such Municipality at least four months before the beginning of the Municipal year to which the estimate relates.

125. The police estimate shall show the number, constitution, and salaries of the police force to be maintained in any such Municipality, and shall state whether the whole or some and what part of such expense is to be borne by rates to be levied in the Municipality to which the same refers :

Provided that the expense so to be borne in any second class Municipality shall not exceed the average rate of one rupee and eight annas in the year on each holding, and that the expense so to be borne in any first class Municipality shall not exceed the average rate of two rupees and four annas on each holding within the local limits of such Municipality ; except in the suburbs of Calcutta and in Howrah, in which the cost of the police force, including the contingent expenses thereof, to be borne by the Municipality shall not exceed the average rate of four hundred rupees for every thousand inhabitants of the Municipality as shown in the last census return.

126. After the receipt of the police estimate, the Commissioners shall cause the same to be translated into the language usually spoken in such Municipality, and shall cause the same or the translation thereof, to be laid before the Commissioners at their next meeting.

127. After such meeting, the Commissioners shall transmit the police estimate, together with any remarks or objections which the Commissioners at the meeting may desire to record, to the Magistrate of the district for transmission to the Commissioner of the division and by him to the Lieutenant-Governor.

128. The Lieutenant-Governor may consider the police estimate so transmitted to him, and approve, reject, or modify and approve as modified, the same or any part thereof.

129. So much of the police estimate as may thereby be directed to be borne by the taxes to be levied in any Municipality shall, for the purposes of this Act, be the expense of the police to be borne by such Municipality for the year for which the police estimate shall have been presented.

The amount which may be finally settled shall be entered in the estimates of the Municipality as prepared under section 52.

130. At the close of each month, the District Superintendent of Police shall cause to be prepared and laid before the Commissioners a bill showing the actual expenses incurred during the month in the payment of the police force, and the contingent expenses thereof; and, so far as the same is in accordance with the police estimate, the Commissioners shall cause the amount or the share thereof which is payable by them under the last preceding section to be paid from the Municipal Fund.

131. Nothing in this Act shall deprive the Commissioner of Police for the town of Calcutta of any power or authority over the police in the Suburbs of Calcutta vested in him by Bengal Act No. II of 1866 (*for the better regulation of the police within the suburbs of the town of Calcutta*).

And the Inspector-General of Police is hereby precluded from exercising over the police within the said suburbs any of the powers and authorities vested in him by the said Act No V of 1861.

132. The Deputy Commissioner of Police for the suburbs of Calcutta shall, for the purposes of this Act, be deemed to be the District Superintendent of the said suburbs.

CHAPTER VIII.

OF THE REGISTRATION OF BIRTHS AND DEATHS.

133. Every first class Municipality shall, and every second class Municipality may,

provide for the registration of births and deaths within the limits of their jurisdiction in accordance with the provisions of Bengal Act No. IV of 1873 (*for registering births and deaths*).

CHAPTER IX.

OF MUNICIPAL REGULATIONS.

134. No owner of any holding shall be deemed to be relieved from the discharge of the duties and liabilities described in this Chapter by the circumstance of his not residing within the Municipality unless he has let such holding to a resident occupier.

135. Whenever it is directed in this Chapter that any expenses incurred or fee chargeable by the Commissioners shall be paid by the owner of any land or by the occupier thereof, or by either of them, the same may be recovered under Chapter VI as an arrear of tax.

The notice of demand for such expenses or fee shall be made within one month from the date

on which the amount thereof shall have been ascertained.

PART I.—Of Offensive Matter, Rubbish, Privies, and Drains.

136. The Commissioners may provide all establishments, cattle, carts, and implements required for the removal of offensive matter, and shall from time to time provide places convenient for the deposit thereof.

137. The Commissioners at a meeting shall from time to time appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

The Commissioners shall make and publish an order notifying the places and hours appointed under this and the last preceding section.

138. The Commissioners at a meeting may order that an establishment shall be maintained for the purpose of daily removing offensive matter from houses in their Municipality.

Any occupier in that case may apply to the Commissioners to effect such removal, and shall be chargeable with such fee as may be fixed by a bye-law duly published.

But no occupier shall be compelled to pay such fee if he does not wish to employ such establishment, and the Commissioners shall not be bound to maintain such an establishment.

139. All drains, privies, and cesspools shall be under the survey and control of the Commissioners, and shall be repaired and made efficient at the cost of the owners or occupiers of the holdings to which the same belong.

If any such owner or occupier neglect, during fifteen days after notice in writing, to repair and make the same efficient, the Commissioners shall cause such drain, privy, or cesspool to be made efficient, or, if necessary, shall remove the same, and the expenses thereby incurred shall be paid by the owner or occupier.

140. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains, and cesspools at any time between sunrise and sunset, after six hours' notice in writing to the owner or occupier of any premises in which such privies, drains, or cesspools are situated, and may, if necessary, cause the ground to be opened where they or he think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools, and the expenses thereby incurred shall be paid by the owner or occupier.

141. The Commissioners at a meeting shall from time to time appoint the hours and the manner in which rubbish shall be temporarily deposited until removed and carried away, and shall make and publish an order notifying the same.

142. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of either sex, and shall cause the same to be kept in proper order and to be daily cleansed.

In any Municipality in which such privies are not maintained, the expense of removing offensive matter shall not be recovered from the occupier under section 137, and he shall not be liable to any fine for not removing such offensive matter.

143. Whenever any land being private property or within any private enclosure, appears to the Commissioners by reason of thick or noxious vegetation or jungle, to afford facilities for the commission of a nuisance, or by want of drainage, to be in a state injurious to health or offensive to the neighbourhood, the Commissioners may require the owner or occupier of such land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to clear and remove such vegetation or drain such land,

and if he do not within one week after such notice begin to cut, clear, and remove such vegetation, or to drain such land, and do not complete such work with due diligence, the Commissioners or any persons authorized by them in that behalf may, after forty-eight hours' notice, enter on such land, and do all necessary acts for the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner or occupier.

144. All rubbish and offensive matter collected by the Commissioners from roads, houses, privies, sewers, cesspools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

145. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

PART II.—Of Bathing and Washing Places, Tanks and Excavations.

146. All streams, channels, water-courses, tanks, reservoirs, springs, and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

147. The Commissioners may set apart a sufficient number of convenient tanks, or parts of rivers, streams, or channels, not being private property, for the inhabitants to bathe in, and similarly set apart a sufficient number of the same for washing animals or clothes, or for any other purpose connected with the health, cleanliness, or comfort of the inhabitants.

The Commissioners shall make and publish an order notifying the same.

148. The Commissioners at a meeting may require the owner of any land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to cleanse any private tank or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood;

and, if such owner refuse or neglect to comply with such requisition within eight days from the service thereof, the Commissioners, or any persons authorized by them in that behalf, may enter on such land and do all such necessary acts for all or any of the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner.

149. The Commissioners may from time to time, as they think fit, drain off and cleanse or fill up, or otherwise abate, any stagnant pool, ditch, or tank, (the same not being private property) which shall appear to them to be useless or unnecessary, or likely to prove injurious to the health of the inhabitants.

150. The Commissioners may cause to be filled up any excavation which is likely in their opinion to be injurious to the health of the neighbourhood. If such excavation is made in any place within any private property without the consent of the Commissioners, the cost of refilling it may be recovered from the owner or occupier of the property.

PART III.—Of Obstructions and Encroachments on Roads.

151. The Commissioners may grant permission to any person to deposit any moveable property, on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, provided that such person undertakes to erect sufficient fences to protect the public from injury, danger, or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

152. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that notice of the intention to close such road or part of the same shall be published not less than three days previously by a notification affixed in some conspicuous position at the place where it is intended to close the same:

and that sufficient barriers or fences shall be erected for the security of life and property, and that such barriers or fences shall be sufficiently lighted from sunset to sunrise.

153. If any person builds any wall, or erects, or sets up any fence, rail, post, or other obstruction or encroachment, in or on any road or open drain, sewer, or aqueduct, along the side of any road, the magistrate may order that such obstruction or encroachment be removed within a specified time by the person who erected it; and if such person fails to comply with such

order, the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

154. The Commissioners may give notice in writing to, or the magistrate may order, the owner or occupier of any house to remove or alter any projection, encroachment, or obstruction, erected or placed against or in front of such house, if the same overhangs the road at a height of less than twelve feet above the level of the ground; or juts into, or in any way projects or encroaches upon, or is an obstruction to the safe and convenient passage along any road;

or obstructs or projects or encroaches into or upon any uncovered aqueduct, drain, or sewer in such road;

and such owner or occupier shall, within fourteen days after the service of such notice upon him, or within fourteen days of the receipt of such order, remove such projection, encroachment, or obstruction, or alter the same in such manner as shall have been directed by the Commissioners, and if he fail so to do, the Commissioners may remove or alter such projection, encroachment, or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

155. An order made by the Magistrate under either of the two last preceding sections shall be deemed to be an order made by him in the discharge of his judicial duty, and the Commissioners shall be deemed to be persons bound to execute lawful orders of a Magistrate within the meaning of Act No. XVIII of 1850 (*for the protection of Judicial Officers*).

156. The Commissioners may cause any projection, encroachment, or obstruction, which may, before the commencement of this Act, have been erected or placed against or in front of any house on any road within the limits of such Commissioners' municipality to be removed or altered as they shall think fit:

Provided that thirty days' previous notice of such intended removal or alteration be given to the owner or occupier of such house, and that the Commissioners shall make reasonable compensation to every person who suffers damage by such removal or alteration.

In determining the amount of compensation the value of the land shall not be included.

157. Whenever any house, part of which projects beyond the regular line of a road, or beyond the front of the house on either side thereof, shall be burnt down or otherwise destroyed, or shall be under repair, the Commissioners may require the same to be set back to, or beyond the line of the road, or the line of the adjoining house, and shall make reasonable compensation to the owner of such house for any damage he may thereby sustain.

158. The Commissioners may give notice to the owner or occupier of any land to trim or prune the hedges bordering on any road, and to cut and trim any trees overhanging any road and obstructing the same or causing damage thereto;

Power to trim hedges and trees bordering roads.

and if such notice is not complied with within eight days from the date of service thereof, the Commissioners may cause the said hedges or trees to be trimmed or reduced in the manner required;

and the expenses thereby incurred shall be paid by the owner or occupier.

PART IV.—Of General Conservancy and Improvement.

159. The Commissioners at a meeting may direct that within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which are about to be erected, or the roofs or walls of which are about to be wholly renewed in or near any road, shall not be made of grass, leaves, mats, or other inflammable materials.

Roofs and external walls not to be made of inflammable materials.

160. If any well, tank, or other excavation, whether on public or private ground, be, for want of sufficient repairs or protection, dangerous, the Commissioners shall cause notice in writing to be given to the owner or occupier, requiring him forthwith to secure or protect such well;

Wells, tanks, &c., to be secured.

and if he do not, within three days after such notice, begin to comply with the requisition, and do not carry on the work to the satisfaction of the Commissioners, they may cause the well, tank, or excavation, to be secured or protected so as to prevent danger therefrom:

and the expenses thereby incurred shall be paid by the owner or occupier.

161. If in any road, any house, wall, structure, or anything affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith give notice in writing to the owner or occupier thereof, requiring him to secure or to take down the same within a fixed time:

House, &c., in a ruinous or dangerous state.

and in default the Commissioners, by an order passed at a meeting, shall cause such repairs to be made to such house, wall, or structure as they may consider necessary for the public safety; or may order such house, wall, structure, or thing affixed thereto to be removed; and the expenses thereby incurred shall be paid by the owner or occupier.

162. The materials of any thing which shall have been pulled down or removed under the provisions of the last preceding section, may be sold by the Commissioners, and the proceeds of such sale may be applied, so far as the same will extend, to the payment of the expenses incurred.

Sale of materials of houses, &c., pulled down.

Any surplus of such sale proceeds shall, on demand, be restored to the owner of such house, wall, structure, or thing affixed thereto, and if unclaimed shall, after the lapse of one year, be carried to the credit of the Municipal Fund.

163. No person shall manufacture gunpowder, or shall, without a license under section 164, have in his possession, at any house at any time, a greater quantity of gunpowder than five seers.

164. The Commissioners may grant to any person a license to keep in deposit any quantity of gunpowder not exceeding twenty-five seers, on such conditions, and for such term, not exceeding one year, as shall be specified in the license.

165. The Commissioners by published order may appoint from time to time certain periods within which any dogs found straying in the roads or beyond the enclosures of the houses of the owners of such dogs may be destroyed.

166. On the complaint of three or more householders that a house in their immediate neighbourhood is used as a common brothel or lodging-house for prostitutes or disorderly persons of any description, to the annoyance of the respectable inhabitants of the vicinity, the Magistrate may summon the owner or occupier of the house to answer the complaint;

and, on being satisfied that the house is so used and is therefore a source of annoyance and offence to the neighbours, may order the owner or occupier to discontinue such use of it.

167. The Commissioners at a meeting may cause a name to be given to any road and to be affixed in such place as they may think fit, and may also cause a number to be affixed to every house; and in like manner may cause such names and numbers to be altered.

PART V.—Of certain Offensive or Dangerous Trades and of Burial and Burning-grounds.

168. Within such local limits as may be fixed by the Commissioners at a meeting, no land shall be used, without a license from the Commissioners, for any of the following

purposes, namely,
melting tallow;
boiling offal or blood;
as a soap-house, oil-boiling-house, dyeing-house, tannery, sheep pen, piggery, slaughter-house, brick-kiln, or lime-kiln;
as a manufactory of nitric acid, sulphuric acid, sulphurate of mercury, or other manufactory in which offensive or unwholesome smells may be
as a yard or dépôt for trade in hay, straw, coal, charcoal, golpatta, bamboos, thatching reeds, or other inflammable material;
or as a store-house for kerosine, petroleum, oil, or any inflammable oil, spirit, or explosive substance.

This section shall not be applicable, until the expiration of two years from the commencement of this Act, to any land which may have been used for any such purpose before the commencement of this Act.

Such license shall not be withheld unless the Commissioners have reason to believe that the business which it is intended to establish or maintain would be offensive or dangerous to persons residing in the immediate neighbourhood.

169. The Commissioners may charge fees to be paid in accordance with a bye-law to be made as hereinafter mentioned for every license which they may grant for the use of land for any of the purposes mentioned in the last preceding section.

170. No burial or burning-ground, whether public or private, shall be made or formed without the consent in writing of the Commissioners, or under the authority of the Lieutenant-Governor.

171. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance and is open and available to the inhabitants of the Municipality, the Commissioners with the sanction of the Lieutenant-Governor previously obtained, may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

Provided that the execution of the order for the closing of any such burning or burial ground shall be suspended, if ten or more tax-payers shall demand by a written requisition addressed to the Commissioners that the expediency of closing it be referred to the tax-payers;

and in such case the Commissioners shall fix the place and time for recording the votes of all the tax-payers within the Municipality, and shall record the votes of all such tax-payers who may present themselves for such purpose; and the ground shall not be closed unless a majority of the votes so taken be in favor of closing it.

If any building is attached and belongs to a burning-ground closed under this section, the Commissioners at a meeting may devote a portion of the Municipal Fund towards the construction of any new building which may be required in lieu thereof.

CHAPTER X.

OF MUNICIPAL MARKETS.

172. This Chapter shall not apply to any Municipality until it has been expressly extended thereto by the Lieutenant-Governor by notification in the *Calcutta Gazette*.

173. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, provide land for the purpose of being used as municipal markets;

and may, with such sanction, charge rent, tolls, and fees for the right to expose goods for sale in such markets, and for the use of shops, stalls, and standings therein.

All such rents, tolls, and fees may be recovered under Chapter VI as arrears of tax.

174. The Commissioners at a meeting may grant a license for the use of any land as a market for the sale of meat, fish, fruits, and vegetables within the Municipality.

175. Every license granted under this Chapter shall be granted without fee, and shall be in force until the end of the municipal year, and the Commissioners may grant such license year by year on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market.

176. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply, or proper width of paths and ways.

177. The owners or lessees of all land used as markets at the time of the extension of this Chapter to the Municipality shall be entitled to receive a license for the current municipal year without the certificate required by section 175, but in subsequent years the license shall not be renewed without such certificate.

178. Every license under this Chapter shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated,

- (a) the name of the owner of the land and market,
- (b) the name of the lessee thereof, if any,
- (c) the extent and boundary of the market,
- (d) and the description of articles sold therein.

179. Every transfer of interest in any such market shall be registered within two months after the date of transfer.

180. Any market which, or the transfer of which, shall not have been duly registered under the preceding sections shall be deemed to be land used as a market without a license.

181. Whoever, being the owner or occupier of any land, wilfully or negligently permits the same to be used as a market for the sale of meat, fish, fruit, or vegetables without a license under section 174, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding fifty rupees for each day during which the offence is continued after conviction for such offence.

182. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may appoint persons, or otherwise take order, to prevent such land being so used; and every person who shall sell or expose for sale meat, fish, fruit, or vegetables on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

CHAPTER XI.

OF BYE-LAWS, PENALTIES, AND PROSECUTIONS.

183. The Commissioners may from time to time at a meeting, at which at least two-thirds of the whole number of the Commissioners shall be present, make bye-laws, not inconsistent with the provisions of this Act, for—

- (a) the regulation and disposal of offensive matter and rubbish;
- (b) keeping holdings in such a state as not to be injurious to health or offensive to the neighbourhood;
- (c) the proper preservation of tanks, and water-courses, and public bathing-places;
- (d) the regulation and management of privies;
- (e) preventing nuisances by the sides of roads;
- (f) the regulation and conduct of public assemblies or processions;
- (g) the keeping of order in places of public resort;
- (h) preserving order and quiet in the neighbourhood of places of worship during the times of public worship;
- (i) the regulation or prohibition of fire-balloons fireworks, fire-arms, or other missiles in the vicinity of public roads;
- (j) regulating and restricting the sounding of drums, tom-toms, horns, trumpets, or any metal instruments;
- (k) the regulation of traffic on roads and thoroughfares, and keeping the same free from obstruction;
- (l) the regulation and inspection of markets licensed under Chapter X;
- (m) regulating the fees to be paid for a license under section 168;
- (n) and generally for the purposes of this Act.

The Commissioners may from time to time, at a meeting as aforesaid, repeal, alter, or add to such bye-laws.

184. No bye-law and no repeal, alteration of, or addition to any bye-law shall have effect until the same has been confirmed by the Lieutenant-Governor, and until the expiration of one month after the same has been published in the manner directed in section 185.

185. Every bye-law, order, list, or other document directed by this Act to be published, shall be written in the vernacular of the district and deposited in the Municipal office, and a copy shall be put up in a conspicuous position at each police station or out-post in the Municipality, or in the Ward to which it relates.

And a public proclamation shall be read throughout such Municipality or Ward by beat of drum, notifying that such copy has been so put up, and that the original is open to inspection.

186. Whoever without lawful authority—

- (a) keeps any carriage or animal without the license required by section 84;
- (b) having compounded for the payment of a certain sum under section 87, refuses to pay such sum;
- (c) keeps a cart not duly registered as required by section 91;

shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, composition, or registration (as the case may be), exclusive of the amount so payable.

Fine of twenty-five rupees. 187. Whoever without lawful authority

- (a) disobeys an order of the Magistrate under section 166;
- (b) uses any place as mentioned in section 168 for the purposes therein mentioned;
- (c) refuses to leave a municipal ferry boat; or to remove his goods therefrom when required to do so under section 98;

shall be liable to a fine not exceeding twenty-five rupees for every such offence, and to a further fine not exceeding ten rupees for each day during which the offence is continued after he has been convicted of such offence.

Fine of fifty rupees.

188. Whoever without lawful authority—

- (a) keeps a ferry-boat contrary to the provisions of section 99;
- (b) being a toll-keeper or lessee of a toll-bar, or gate, or ferry, neglects to hang up a table of tolls as required by section 106;
- (c) fails to remove any such obstruction, encroachment, or obstruction as is mentioned in section 154, or alter the same in the manner directed after a notice as mentioned in the said section within the period therein specified;
- (d) infringes any bye-law made under this Act;
- (e) being authorized under this Act to collect tolls demands or takes any higher tolls than the tolls authorized under this Act;
- (f) having driven any vehicle or animal (not exempted from toll) through a toll gate, refuses to pay the toll, or with intent to avoid payment thereof, fraudulently passes such toll-gate without paying the proper toll;
- (g) builds any wall, or erects or sets up any fence, rail, post, or other obstruction or encroachment in or on any road or open drain, sewer or aqueduct, along the side of any road;

shall be liable to a fine not exceeding fifty rupees for every such offence and to a further fine not exceeding twenty rupees for each day during which the offence is continued after he has been convicted of such offence.

Fine of one hundred rupees.

189. Whoever without lawful authority—

- (a) contravenes the provisions of section 163;
- (b) buries or burns, or causes or suffers to be buried or burned, any corpse in any burning or burying-ground closed under the provisions of section 171;
- (c) fails to produce his license when required to do so by any person authorized by the Commissioners under section 198;

shall be liable to a fine not exceeding one hundred rupees for every such offence.

190. Whoever, being the owner of any house, fails to give notice of the re-occupation of such house within ten days of such re-occupation, shall be liable

Penalty for not giving notice of re-occupation of house.

to a fine not exceeding three times the amount of tax payable quarterly on such house.

191. Every offence under this Act shall be tried by any Magistrate having jurisdiction, and the Lieutenant-Governor may confer on any Commissioner the powers of a Magistrate of the 1st, 2nd, or 3rd class under section 42 of the Code of Criminal Procedure for the trial of such offences within the Municipality.

192. Fines under this Act may be levied under the provisions of section 307 of the Code of Criminal Procedure.

193. The Commissioners may direct any prosecution for any public nuisance, and may order proceedings to be taken for the recovery of any penalties

under this Act and for the punishment of any persons offending against the same, and may order the expenses of such prosecution or other proceedings to be paid out of the Municipal Fund.

194. No prosecution for an offence under this Act, or any bye law made in pursuance thereof, shall be instituted without the order or consent of the Commissioners, and no such prosecution shall be instituted except within three months next after the commission of such offence.

No charge of offence created by this Act to be instituted without consent of Commissioners.

CHAPTER XII.

MISCELLANEOUS.

195. Every notice, bill, form, summons, or notice of demand under this Act may be served personally on or presented to the person to whom the same is addressed,

or be left at his usual place of abode, with some adult male member or servant of his family; or, if it cannot be so served or presented, may be put on some conspicuous part of his place of abode;

or of the land in respect of which the notice, bill, form, summons, or notice of demand is intended to be served.

196. Where any notice is required to be given to the owner or occupier of any land, such notice, addressed to the owner or occupier, as the case may require, may be served on the occupier of such land, or otherwise in the manner in the last preceding section mentioned.

Provided that when the owner and his place of abode are known to the Commissioners, they shall, if such place of abode be within the limits of their authority, cause every notice required to be given to the owner of any land to be served on such owner, or left with some adult male member or servant of his family;

and if the place of abode of the owner be not within such limits, they shall send every such notice by post addressed to his place of abode, and such service shall be deemed to be good service of the notice.

When the name of the owner or occupier is not known, it shall be sufficient to designate him as "the owner" or "the occupier" of the land in respect of which the notice is served.

197. No tax on property shall be invalid for defect of form, and it shall be enough in such tax, or any

Tax not invalid for want of form.

assessment or valuation for the purpose of making such tax, if the property so assessed or valued is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

198. Every person to whom a license has been granted under this Act shall at all reasonable times while such license shall remain in force, if thereunto required by the Commissioners, or by any person authorized by them in that behalf, produce such license to the Commissioners or to the person so authorized.

199. Whenever, under this Act, any work is required by the Commissioners to be executed, or any alterations or improvements to be made in any holding, and such work, alterations, or improvements, are executed by the occupier, or by the Commissioners at his expense, the cost thereof may be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any court of competent jurisdiction, if the Commissioners shall certify that such cost ought to be borne by the owner.

If the occupier has a beneficial interest in such holding, he shall deduct or recover such sum only as will bear the same proportion to the entire cost of such work, alteration, or improvement, as the value of the owner's interest bears to the value of the holding.

If the rents issuing out of any such holding belong to more persons than one, who are entitled to the same either as being joint proprietors of such holding, or as having intermediate and other interests therein, the cost of any work, alteration, or improvement, as aforesaid, payable by the owner, shall be borne by such persons in proportion to their respective interests; and any one or more of such persons, who may have been compelled to pay more than a just proportion in the first instance, shall be entitled to recover from the others his excess payment.

200. No occupier of any holding shall be liable to pay more money, in respect of any expenses charged by this Act on the owner thereof, than the amount of rent which is due from him at the time of the demand made, or which at any time thereafter shall have become due, unless he neglect or refuse, upon application made to him for that purpose by the Commissioners, truly to disclose the amount of his rent and the name and address of the person to whom such rent is payable:

Provided that nothing herein contained shall be taken to affect any special contract made between any such owner and occupier respecting the payment of any expenses as aforesaid.

201. If money be due to the Commissioners in respect of any holding, the owner of which is unknown or the ownership of which is disputed, on account of any tax, expenses, or charges, recoverable under this Act, the Commissioners may publish twice, at an interval of three months, a notification of sale of such holding, and after the expiry of not less than three months from the date of the last publication, unless the amount recoverable be paid, may sell such holding to the

highest bidder, who shall at the time of sale deposit the full amount of the purchase-money.

Any person may pay the amount due at any time before the completion of the sale, and may recover such amount by a suit in a court of competent jurisdiction from any person beneficially interested in such property.

After payment of the amount recoverable by the Commissioners, the surplus, if any, shall be paid on demand to any person who establishes his right to the satisfaction of the Commissioners or in a court of competent jurisdiction, or, if unclaimed for a period of one year, shall become vested in the Commissioners and be transferred to the Municipal Fund.

202. The Commissioners may make compensation out of the Municipal Fund to any person sustaining any damage by reason of the exercise of any of the powers conferred by this Act.

203. No suit shall be brought against the Commissioners or any of their officers, or any person acting under their direction, for anything done under this Act, until the expiration of one month next after notice in writing has been delivered or left at the office of the Commissioners or at the place of abode of the person against whom such suit is threatened to be brought, stating the cause of suit and the name and place of abode of the intended plaintiff;

And unless such notice be proved, the Court shall find for the defendant.

Every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards.

If any such person to whom any such notice is given shall, before suit is brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover.

204. All the proceedings, other than judicial proceedings, of the Commissioners, or of the Magistrate of the district, except as herein specially provided, shall be subject to the control of the Commissioner of the division.

And all the proceedings of the Commissioner of the division shall be subject to the control of the Lieutenant-Governor.

205. If the Commissioners of any Municipality fail to maintain, within the limits thereof, any road which without such limits is maintained by a District Committee under the Road Cess Act, 1871, or to pay for the municipal police,

the Commissioner of the division in which such Municipality is situated may convene a committee consisting of

- (a) the Magistrate of the district,
- (b) the Magistrate of the division of the district,
- (c) the Executive Engineer of the division,
- (d) the Civil Surgeon of the district,
- (e) and two members, one of whom shall be nominated by the Commissioner of the division, and the other by the Commissioners at a meeting,

and such Committee shall inquire into and report on the state of the Municipality.

The Lieutenant-Governor may, on the report of such Committee, call upon the Commissioners by a requisition in writing forwarded to the Chairman, and published in the *Calcutta Gazette*, to raise the necessary funds and carry out the purposes of this Act.

And if the Commissioners neglect, for the period of three months from the date of such publication, to comply with such requisition, the Lieutenant-Governor may direct the Magistrate of the district to raise the necessary funds under the provisions of this Act, and carry out in respect of roads and police the purposes thereof; and for such purposes the Magistrate of the district shall have all the powers and rights conferred on the Commissioners by this Act.

FIRST SCHEDULE.

(See section 61.)

BENGAL MUNICIPALITIES' ACT, 187 .

MUNICIPALITY OF

Assessment List.

Name of town.	No. of holding.	Name of persons assessed.	Description of property and of profession, or business.	Amount of annual assessment.
---------------	-----------------	---------------------------	---	------------------------------

Whereas the above assessment has been duly made pursuant to the Bengal Municipalities' Act, 187 , the several persons whose names are included in the said assessment are hereby required to pay the quarterly instalments set opposite to their names with regularity at the office appointed by the Commissioners for the receipt of the same, or to the tax collector or other officer authorized to receive payment, the first payment to be made on the first day of () and every subsequent payment on or before the first day of (), the first day of (), and the first day of (), or in default thereof any arrear that may be due will be realized by distress and sale of the moveable property belonging to the defaulter, or which may be found on the holding in respect of which such defaulter is assessed, and by such other proceedings as are allowed by law.

Dated this day of
A. B.

Chairman of Commissioners.

SECOND SCHEDULE.

(See section 73.)

BENGAL MUNICIPALITIES' ACT, 187 .

MUNICIPALITY OF

Valuation List.

Name of town.	No. of holding.	Annual value of holding.	Name of owner.	Name of occupant other than owner.	Name of agent of owner (if any).	Amount payable by owners for the year 18 .
---------------	-----------------	--------------------------	----------------	------------------------------------	----------------------------------	--

Whereas the above valuation has been duly made pursuant to the Bengal Municipalities' Act, 187 , the several persons whose names are included above, are hereby required to pay the quarterly instalments set opposite to their names with regularity at the office appointed by Commissioners for the receipt of the same, or to the tax collector or other officer authorized to receive payment, the first payment to be made on the first day of () and every subsequent payment on or before the first day of (), the first day of (), and the first day of (), or in default thereof, any arrear that may be due will be realized by distress and sale of the moveable property belonging to the defaulter, or which may be found on the holding in respect of which the valuation is made and by such other proceedings as are allowed by law.

Dated this day of

A. B.

Chairman of Commissioners.

THIRD SCHEDULE.

(See sections 83 and 84.)

TAX ON CARRIAGES AND ANIMALS.

Per quarter
Rs.

For every 4-wheeled carriage drawn by two horses	4 8
For every 4-wheeled carriage drawn by one horse or a pair of ponies under thirteen hands	3 6
For every 2-wheeled carriage	2 8
For every horse	2 0
For every pony under thirteen hands, or mule or donkey	0 12
For every elephant	6 0
For every camel	2 0

Ponies under eleven hands, and children's carriages, the wheels of which do not exceed twenty-four inches in diameter, are exempted.

FOURTH SCHEDULE.

FORM A.—(See section 114.)

NOTICE OF DEMAND.

To of
Municipality of

Take notice that the sum of Rs. , being the amount due from you as shown in the accompanying bill, is hereby demanded from you, and that if you do not within ten days pay the same with two annas as the cost of this notice to an officer authorized to receive payment, or into the office of , the same with costs will be levied by distress and sale of your goods and chattels.

A. B.

Chairman of

Note.—If within the said ten days you apply to the Commissioners to review the assessment or valuation, the amount due by you, with such further costs (if any) as the Commissioners may direct, will be levied after ten days from the date of the order made thereon, unless previously paid. But if you have already paid a tax under this assessment or valuation, except under constraint, you will not be allowed to apply for review.

FORM B.—(See sections 115 and 118.)

TABLE OF FEES PAYABLE UPON DISTRAINTS UNDER
THIS ACT.

Sums distrained for	Fee.
	Rs. A.
Under 1 Rupee	0 4
1 and under 5 Rupees	0 8
5 " 10 "	1 0
10 " 15 "	1 8
15 " 20 "	2 0
20 " 25 "	2 5
25 " 30 "	3 0
30 " 35 "	3 8
35 " 40 "	4 0
40 " 45 "	4 8
45 " 50 "	5 0
50 " 60 "	6 0
60 " 80 "	7 8
80 " 100 "	9 0
Above 100 "	10 0

The above charge includes all expenses including the service of notice of demand, except when persons are kept in charge of property distrained, in which case three annas must be paid daily for each man.

FORM C.—(See section 116.)

DISTRESS WARRANT.

To (here insert the name of the officer charged with the execution of the warrant)

Whereas of
has not paid or shown sufficient cause for the non-payment of the sum of rupees due for taxes mentioned in the margin, although the said sum has been duly demanded in writing from the said , and ten days have elapsed since the service of the notice of demand: This is to command you to distrain the moveable property of the said to the amount of the said sum of rupees, and the further sum of rupees to defray the charges of taking, keeping, and selling such property; and if within ten days next after such distress the said sum of rupees shall not be paid, to sell the said property, and having paid and deducted out of the proceeds of the sale the said sum of rupees and the charges of taking, keeping, and selling such property, to return the surplus (if any) on demand to the person whom you shall have found in possession of the said property, and if no demand be made, to pay the same to the Commissioner. If distress cannot be made of sufficient property of the said you are to certify the same to us, together with this warrant

A. B.

Chairman of

FORM D.—(See section 116.)

FORM OF INVENTORY AND NOTICE.

(State particulars of goods seized.)

Take notice that I have this day seized the property specified in the above inventory for the sum of rupees due for the taxes mentioned in the margin, and that unless you pay into the office of the Commissioners of the sum of rupees, within ten days from the day of the date of this notice, the property will be sold.

(Signature of the officer executing
the warrant of distress.)

Date

SIXTH SCHEDULE.

(See section 2.)

Number and year.	Subject.	Extent of repeal.
Act XX of 1856	Police chowkedars in cities, &c., in the Presidency of Fort William in Bengal.	So much as has not been repealed.
Bengal Act IV of 1871	Sanitation of Police and other towns in Orissa, and regulation of Lodging-houses therein.	Sections 24 to 34, both inclusive.

STATEMENT OF OBJECTS AND REASONS.

THE law relating to municipal matters in towns in Bengal is contained in thirteen Regulations and Acts. In the year 1872 a Bill was passed by this Council, of which one object was to consolidate the municipal law. The Bill, however, did not become law.

It has been thought desirable to carry out the project of consolidating the municipal law, and the present Bill has been framed for this purpose. The Bill of 1872 has been taken as the basis of that which is now laid before the Council ; but the provisions which led to the assent of the Governor-General being withheld from the former have been omitted ; municipal taxation is kept within existing limits ; the chapters relating to registration and the prohibition of inoculation have been omitted, as the provisions already exist in other laws which can be applied to municipalities ; and in many respects the arrangement of the present Bill differs from that of 1872.

27th April 1875.

BOOKS.

1874.

Sept. 25th.	40	Dy. 4to.	First	1,440	Printed.	0 12 0	Harishchandra Rāya of 54, Durgacharan Mitra's Street.	The race of Hari.
Nov. 20th.	162	Dy. 8vo.	First	600	ditto	0 14 0	Prasanna Kumār Chowdhry, of Bharenga, Pubna.	A tale of the time of Humāyun Shāh, setting forth the evils resulting from marriages between parties of unequal rank and position.
	140	8vo.	First	700	ditto	1 0 0	Aghorenāth Ghosh of No. 12, Sashitalā Road.	Depicting the ignorance of village females, and their misunderstanding and misconstruing things by reason of this. It also brings to light the bad parts of those men who pass for respectable in a village, whereby they keep the poorer classes under their control and spoil them as well as impede progress.
28th.	671	8vo.	First	1,000	ditto	2 0 0	Bénimādhav Dé and Co., Nos. 90 and 91, Ahiritolā Street.	A dictionary, including many Sanskrit and foreign words, with meanings in Bengali.
2nd.	107	Dy. 8vo.	First	500	ditto	0 8 0	Bāmācharan Chakrabarti of Tāltālā.	The tale is designed to deprecate the treatment of marriage as a traffic for money.
5th.	212	Dy. 8vo.	First	1,000	ditto	1 2 0	Dharmadās Adhikārī of Colocotolā, Calcutta.	A translation of the essays by Lord Bacon.
10th.	134	8vo.	First	1,000	ditto	1 2 0		The hero is an affluent, well educated and benevolent zemindar, and despises the Government officials for their harsh conduct. He marries the heroine, a brave, well-informed orphan girl. The oppression and tyranny of Matilāl, another zemindar, are likewise depicted, as contrasting with the mildness and benevolence of Sharat.
12th.	110	12mo.	First	500	ditto	0 8 0	Pramathanāth Basu of Bag Bazar.	An adaptation from Shakespear's Tragedy of Hamlet.
24th.	109	12mo.	Second	3,000	ditto	0 6 0	Khetranāth Banerji of Baraset.	From the inroad of the Maharattas to the government of Lord Northbrook, with a short account of the mutiny. Adapted for the use of girls, and written in the form of a narrative.
16th.	318	Dy. 12mo.	First	1,000	ditto	1 4 0	Bāmācharan Datta, c.s., Bongong, Nuddea.	A historical tale of the time of Akbar.
17th.	104	RL. 12mo.	First	1,000	ditto	0 10 0	Akhayachandra Sarkar of Kadamtalā, Chinsurah.	A description of the seasons, in verse.

BOOKS.—(Continued.)									
1874.	Pages.					Rs. A. P.			
Dec. 30th.	161	8vo.	First	750	Printed.	1 4 0			
1875.									
Jan. 20th.	142	8vo.	First	500	ditto	1 0 0	Hara Chandra Ghosh of Hooghly.	Intended to depict the jealousies and quarrels between co-wives	
Jan. 23rd.	111	8vo.	First	1,000	ditto	1 0 0	Kishorilal Maudrér, at No. 11, College Square.	Religious services of the Boishtabs, the followers of Vishnu.	
24th.	110	8vo.	First	1,000	ditto	1 0 0	Rādhāmādhavilāldār.	The scene of this drama is laid in Oodeypore. The heroine was the daughter of the second prime minister of the Rānā, and her hand was sought in marriage by Jaswant Singha, the son of the former but rebellious Vizier. In this he was opposed by an officer of the army, who likewise wished to marry the heroine. In an attack on the Rānā's palace by the rebels, the females tried to defend it, but in this noble defence Sushikalā was slain.	
14th.	324	12mo.	Third	2,000	ditto	0 10 0	Kālīprasanna Bidyāratna, of Cutna.	For the use of the Vernacular and Anglo-Vernacular Schools.

26th.	117	12mo.	Twenty-first.	5,000	ditto	0 4 0	ditto	Short biographies of 29 eminent persons, intended for the perusal of children.	
18th.	148	12mo.	Sixth	2,000	ditto	0 8 0	Rādhāprasanna Mukerji.	Compiled from the works of Lyell, Herschel, Johnston, Ansted, and many others, and illustrated.	
Feb. 3rd.	32	8vo.	First	500	ditto	0 6 0	Ambikācharan Banerji.	Containing summarily the construction of the body in the womb, its organs and functions. Also the rules for preserving the health of women during pregnancy, and before and after delivery.	
7th.	181	8vo.	First	1,000	ditto	1 0 0	Baradāprasād Majumdar.	This is translated from a very ancient Sanskrit poem, said to have been written by Bhadrak Rājā prior to the time of Vikramāditya. The hero, Chārudatta, a respectable man, marries Basantasēnā, the daughter of a prostitute, though a virtuous girl. His son by another wife once wished for a golden cart which he saw; this his father could not afford but instead made him one of earth; hence the name of the drama.	
5th.	284	Dy. 8vo.	First	2,000	ditto	0 4 0	Madhabachandra Sēthi, of Kuncibākul, Kasiore, zillah Bankoorā.	Illustrated.

Date of issue from the press, or of publication.	Number of sheets, leaves, or pages.	Size.	First, second, or other edition.	Number of copies of which the edition consists.	Printed or lithographed.	Price at which the book is sold to the public.	Name and residence of proprietor of copyright, or any portion of copyright.	REMARKS.			
PAMPHLETS.—(Continued.)											
1874.	Pages.					Rs. A. P.					
Dec. 28th.	92	12mo.	First	1,000	Printed	0 4 0	Rájkrishna Mukerji, M.A. and B.L., of Sítarám Ghosh's Street.	A brief history of Bengal from the advent of the Muhammadans to the administration of Lord Canning.			
„ 28th.	28	12mo.	Sixty-sixth (66th).	10,000	ditto	0 1 0	Ishwarchandra Bidyáságara.	Containing the alphabet, easy words, and short sentences.			
„ 28th.	29	12mo.	Forty-sixth (46th).	10,000	ditto	0 1 0	ditto	Containing compound letters and simple reading lessons.			
Dec. 30th.	80	12mo.	Forty-sixth (46th).	10,000	ditto	0 3 0	Ishwar Chandra Bidyáságara, of No. 63, Amherst Street.	Easy subjects, compiled from English works, and intended for the instruction of children of tender years.			
1875											
Jan. 4th.	38	12mo.	Fifty-third (53rd).	10,000	ditto	0 1 3	ditto	Containing easy words and reading lessons.			
„ 1st.	60	12mo.	First	1,000	ditto	0 3 0	Shashibhushan Mukerji, of Tallygunge.	Intended for advanced students.			
4th.	44	12mo.	Eighteenth (18th).	6,000	ditto	0 2 0	Jadugopál Chatterji, of No. 115, Amherst Street.	Short poems for children at school.			
4th.	68	8vo.	First	500	ditto	0 6 0	Dakshiná Charan Chatterji, of No. 53, Sítarám Ghosh's Street.	With a full-paged lithograph, picturing the ill-treatment of a native woman by a European. This drama sets forth the dreadful oppressions and cruelties of the tea-planters and their amlahs, and taunts the British Government with efforts to do away with slavery in other lands, whilst in their own possessions such heart-rending scenes are practised.			
12th.	68	8vo.	Second	600	ditto	0 6 0	Binod Bihári Goswámi, of No. 3, Brajadulál's Street.	A tale from the Puráns, and republished from the Bengali periodical "Purna Shashi." It relates how the heroine was inveigled away by demons and then rescued and married by a prince; who was himself deceived by another demon into giving up a precious necklace which was worn by him. This was shown to his wife, Madálasá, as proof of her husband's death, whereupon she herself died with the shock of this sad news. The prince, on learning this on his return home, resolved to become an ascetic, and in the course of his wanderings he fell in with the divine race of serpents, and through their interposition with Mahádeva, had his wife eventually restored to him.			
18th.	35	12mo.	First	500	ditto	0 4 0	Khetrapál Chakrabarti, of Shyámápur.	Depicting how the progeny of bad men, with the evil example of their parents before them, adopt their practices. The comedy takes its name from the fact of a lascivious son having, in the house of a prostitute, lost the diamond ring which his father gave him.			
18th.	43	12mo.	First	1,000	ditto	0 2 0	Jádab Chandra Goswámi, of Pubna.	For boys and girls of tender years.			
29th.	16	12mo.	First	500	ditto	0 2 0	Bipinbihári Shil, of Serampore.	A number of Bengali songs set to various tunes.			
Feb. 9th.	45	12mo.	First	500	ditto	0 5 0		Intended to show how the Bengalis have given up the study of their own language, and now devote themselves exclusively to the study of English.			
9th.	44	12mo.	First	500	ditto	0 5 0		Intended to depict the evil state of Hindu widows, towards whose emancipation evil-minded, lascivious and wicked men offer obstacles.

 The Hon'ble NAWAB SYUD ASHGHAH ALI DILER JUNG, *C.S.I.*

MOFUSSIL MUNICIPALITIES.

The Hon'ble MR. DAMPIER said, when asking for leave to introduce a Bill to amend and consolidate the law relating to municipalities, he said that we should take the Bill of 1872 as the general model, throwing out such provisions of it as had not met with the approval of the Governor-General, and against which general opposition was expressed. He said that it would not be the object of the present Bill to increase taxation, and he thought hon'ble members would find that the Bill fulfilled those conditions.

In the first section a new provision was introduced ; he meant one which was not in the Bill passed by this Council in 1872. It would be inconvenient that it should be necessary for the Lieutenant-Governor, the moment this Bill became law, again to notify all the municipalities ; and therefore the first section provided that this Act should at once be in force in every municipality which was now under the District Municipal Improvement Act of 1864, and in every town which was under the District Towns' Act of 1868. The Bill would at once take the place of those two Acts in the towns in which they were now in force, and the mode of taxation which was in force in each town under those Acts would continue to be in force under the new Act until any special alteration was made. Then clause (b) gave the Lieutenant-Governor power to extend the Act to other towns and places.

The second section, with the schedule to which it referred, repealed eleven Acts, and got rid altogether of them from the Statute Book.

Passing on to the 2nd chapter, the 5th and following sections were of importance. The provisions of the old Bill had been adhered to as regards the tracts of country which might be made first class municipalities ; there must be a minimum of 15,000 inhabitants, and the average number of inhabitants must be not less than 2,000 to the square mile ; for first class municipalities those limits had been adhered to.

The old Bill provided for second and third class municipalities,—rural communes, as the late Lieutenant-Governor called them. The third class had been thrown out altogether in this Bill, and other limiting conditions had been imposed as to the tracts which might be declared second class municipalities. It was provided that such tracts must contain at least 1,000 inhabitants, and the average number of at least 500 to the square mile, of half the density of the population of a first class municipality. It was provided that the majority of the adults must be employed in non-agricultural occupations ; and when the nucleus for these municipalities had been obtained under this provision, section 8 provided that other places, not being more than half a mile distant from one another, might be joined so as to form a union. This was to meet the case of places which might be called suburbs of the towns which were created municipalities. It would be seen that, as a consequence of not adopting the third class municipalities of the old Bill, all the provisions of Part XII of that Bill, as to village chowkeedars and chakran lands, which were objected to, fell out of the new Bill, which left the existing law intact upon those subjects.

The third chapter treated of municipal authorities and the constitution of municipalities, of which he would notice the chief points. The Lieutenant-Governor might direct the election of not less than two-thirds of the Commissioners by votes of the rate-payers. He might remove a Commissioner for certain reasons which were specified in section 14, for corruption or continued neglect to attend the meetings of the Commissioners, or otherwise to discharge his duty as a Commissioner or member of a Ward Committee. The Magistrate of the district or division of a district in which a municipality was situated, as the case might be, was *ex officio* to be Chairman. The Lieutenant-Governor might also appoint other persons, holders of appointments under Government, to be *ex officio* Commissioners, but under the proviso that not more than one-third of the whole number of Commissioners should be persons holding in the Judicial, Police, or Revenue departments of the Government service salaried offices, of which the functions were exercised within the district in which the municipality was situated, unless such persons were elected Commissioners otherwise than by appointment by the Lieutenant-Governor. The 17th and following sections provided for the retirement of the Commissioners by rotation. It was desirable to have new blood among the Commissioners ; but it was provided that any retiring Commissioner might be re-appointed, so that the services of any one who was particularly valuable amongst the Commissioners could be retained. The time of service of the Commissioners was limited to three years ordinarily ; but it would evidently be very inconvenient to have all the Commissioners retiring simultaneously at the expiration of the third year from the first appointment of the Commissioners, and therefore a mechanism was provided in section 18 by which one-third of the Commissioners should

retire in each year up to the end of the third year, so that the Commissioners would only lose one-third of its members in any one year. Section 23 provided that the Commissioners should elect their own Vice-Chairman, subject to the approval of the Lieutenant-Governor, and that such Vice-Chairman might be removed by a resolution of the Commissioners in favour of which not less than two-thirds of the Commissioners should have voted.

The second part of the chapter provided that the Commissioners under the Act should succeed to the rights and liabilities of the Commissioners, Committees, and Panchayets appointed under the old Acts, of which it took the place.

In part 3 of the same chapter, of the mode of transacting the business of the Municipality, it would be noticed that the quorum in a first class municipality was five, and in a second class municipality three. Section 37 defined that the Chairman should, for the transaction of the business of the Commissioners, exercise all the powers of the Commissioners, provided that the Chairman should not act in opposition to, or in contravention of, any order of the Commissioners at a meeting, or exercise any powers which were directed to be exercised by the Commissioners at a meeting.

Part 4 of the same chapter provided for Ward Committees—off-shoots of the municipal body, whom they might cause to be elected or might appoint to perform any duties which the municipal body might delegate to them in any specific parts of the Municipality; such Committees would elect their own Chairman.

Part 5 related to the liabilities of the Commissioners and Ward Committees. It was provided as usual that no Commissioner or officer or servant of the Commissioners should be interested in any contract made with the Commissioners, and so on.

Chapter 4 was in regard to the municipal fund and its application. By section 48, the first charge on that fund was the payment of police, such police as, under the power laid down in this Act, should have been fixed by the Government as sufficient for each municipality. This was one of the compulsory charges which the Commissioners must meet. There was also one other compulsory charge, which would be found in the last section of the Bill; it was that entailed by the duty of keeping up such portions of district roads (the lines of road which outside the municipalities were kept up by the Road Cess Committee,) as fell within the municipal limits. The last section of the Bill provided means by which the Government could enforce the performance of these two duties. If the Commissioners did not themselves pay the amount which was due for police, and if they failed to keep up those portions of the main arteries of communication which lay within their own municipality, then the Lieutenant-Governor might take the matter out of their hands, might supersede them *pro hac vice*, and authorize the Magistrate to levy the money and perform the duties himself. With these two exceptions, it was left optional with Municipal Commissioners to spend money on the objects specified in section 49, viz. the construction, repair, and maintenance of roads, wharves, embankments, channels, drains, bridges, and tanks; the supply of water and lighting of roads, and other works of public utility calculated to promote the health, comfort, or convenience of the inhabitants; the diffusion of education, and with this view the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid; the establishment and maintenance of hospitals and dispensaries; the promotion of vaccination; and for carrying out the purposes of the Act generally. When he said it was left optional with them, he meant that no special procedure was provided in this Act by which these things could be done, or by which the Municipal Commissioners could be forced to do them.

One main difference between this Bill and that of 1872 was that section 168 of the old Bill made it compulsory upon the Municipality to contribute towards vernacular education. That was one of the clauses to which the Governor-General objected, and others also. The clause had been omitted, and it had been left optional with the Municipal Commissioners to contribute to this object of education, whether vernacular or higher.

Another very important item which appeared in the old Bill had been omitted. In the old Bill, one of the objects for which Municipal Commissioners

might expend their funds was the support or relief of the poor in times of exceptional distress. That was not considered to be a legitimate object of expenditure of the municipal funds, and therefore it had been omitted from the present Bill.

Then followed the provisions as to the accounts and preparation of estimates. The Commissioners were to send their estimates to the Magistrate, who would pass them on to the Commissioner of the division with his remarks. The Commissioner might return them with any objection which he might have to make, and these would be considered by the Municipal Commissioners at a special meeting called for the purpose, and the decision of the majority of the Commissioners attending at such meeting would, subject to the provisions of section 56, be final. In other words, there was no power reserved either to the Magistrate or the Commissioner of the division to over-rule the decision to which the majority of the Municipal Commissioners at a meeting might adhere. MR. DAMPIER hoped this fulfilled to the satisfaction of hon'ble members the intention of making the Municipal Commissioners free of control.

The municipal accounts would be audited by such person as the Lieutenant-Governor would direct; and section 59 provided that the municipalities should be bound to contribute towards the cost of such establishment as might be necessary in the offices of the Magistrate and the Commissioner of the division for municipal duties. The work thrown upon them was occasionally very heavy, in such districts especially as the 24-Pergunnahs, where there was a very large number of municipalities.

Chapter 5 was the most important of all, and differed materially from the provisions of the old Bill. He said, in asking leave to introduce the Bill, that it would not be the object to increase taxation, and that they should retain only those taxes which were familiar. Accordingly they had thrown out the following taxes, which appeared as alternative taxes in the old Bill: the tax upon trades and callings, the tax upon processions, the octroi duties, the duties upon boats moored within the limits of municipalities. These four taxes they had thrown out, and the scheme of the present Bill was this. There were two main taxes alternative to one another, either of which the Commissioners might adopt for their municipality. The first was a tax upon persons occupying holdings within the municipality, according to their circumstances and their property within the municipality. This was nothing but the old and most familiar mode of municipal taxation in Bengal,—the mode under the Chowkidaree Act of 1856 and the District Towns' Act. It was a rough method of taxation, but there was to be said for it that it was well understood, and that several of the municipalities which were now under the District Municipal Improvement Act,—the more advanced municipalities—in which the more strictly accurate mode of taxation, by a percentage on the annual value of all holdings situated within the Municipality, was in force; several of these municipalities which had this more perfect mode of taxation had cried out that it was not suitable to their circumstances, and had asked for a law which would enable them to impose the more primitive mode, which was called in this Bill a tax upon persons occupying holdings according to their circumstances and property within the municipality.

For those municipalities which preferred the more perfect and more advanced form of taxation, it was allowed, as an alternative, to impose a tax on the annual value of holdings. That was also a well-known mode of taxation now. In the case of both these taxes the Bill adhered to the maximum imposed on each by the existing law; so there was no increase of taxation in respect of them.

Besides these two main taxes, were three minor taxes, one or all of which might be imposed in any municipality,—the tax upon carriages, horses, and other animals, the fees on the registration of carts, the tolls on ferries and roads. Wherever there was a ferry, there must be tolls charged; the Municipal Commissioners could scarcely be expected to incur the cost of maintaining a ferry for nothing. A toll upon roads was optional, and might be imposed or not according to the discretion of the Commissioners. Then as to the fee on the registration of carts: this was in force in some municipalities now, and would certainly not be adopted by any municipality except those which were towns of some importance, and in which carts were generally employed for purposes of trade. As to the tax upon carriages, horses, and other animals, it was obvious

that this was a tax on luxuries, which it was quite right to impose wherever there were enough of carriages and animals to make the imposition of the tax remunerative.

Part 3 of this chapter contained provisions as to the mode of assessing and levying taxes; these provisions had been rearranged, but it was not necessary to notice them now.

As to Part 5, regarding the tax upon carriages and animals, he would only notice that in the old Bill the schedule imposed a tax upon bullocks. He had omitted that as undesirable; and even where a town was of such extent that carts were extensively employed within it for other than agricultural purposes, he thought the fee on the registration of carts was the better way of levying the tax. As it stood in the old Bill, there was no limit whatever as to the class of bullocks to be taxed, and no exception made as to bullocks employed in agriculture or any other.

Chapter VII related to municipal police. The provisions of Parts 7 and 8 of the old Bill had been objected to by the Governor-General, who did not approve of the relations between the Government and the municipality in regard to police being altered so summarily, so that the sections of the present Bill maintained the relations between the Government and the municipality as to the police, and the status of the municipal police, as they stood under existing laws.

The chapter relating to the registration of births and deaths had been omitted. It was a reproduction of the Act which existed upon that subject. The Act could not properly be struck out of the statute book, because it might be made applicable to places other than municipalities. As they could not get rid of the Act altogether, he saw no advantage in reproducing its provisions here; so that in the place of the chapter which appeared in the last Bill, this Bill merely provided in one section that every first class municipality should, and every second municipality might, provide for the registration of births and deaths within the limits of their jurisdiction in accordance with the provisions of Bengal Act IV of 1873 (for registering births and deaths).

Similarly, he had omitted chapter 6 of Part XI of the old Bill, which was a reproduction of the Act relating to the prohibition of inoculation in certain tracts of Bengal. That Act might also be applied, and he believed had been applied, to places other than municipal towns, and therefore could not be wiped off the statute book. As it must remain there, he thought it might as well remain under its own number and year than be imported bodily into this Bill. The Bill provided that vaccination was one of the objects for which the Commissioners might contribute, and left it to the Lieutenant-Governor to exercise the powers, under the special Act, of prohibiting inoculation in any municipality in which he should think that sufficient arrangements had been made to provide means for vaccination.

Chapter 9, relating to municipal regulations, need not be noticed in detail. He would only call attention to section 155, which was introduced in reference to a case which arose at Serampore, where the Magistrate declared a certain thing to be an illegal obstruction, and the Commissioners proceeded to remove the obstruction, for which they were sued, and it was held that the Magistrate's order did not protect them while carrying it out. Section 155 ran thus:—

“An order made by the Magistrate under either of the two last preceding sections shall be deemed to be an order made by him in the discharge of his judicial duty, and the Commissioners shall be deemed to be persons bound to execute lawful orders of a Magistrate within the meaning of Act No. XVIII of 1850 (for the protection of judicial officers).”

Chapter 11 provided that the Commissioners might make bye-laws, with the approval of the Lieutenant-Governor, and sections 186, 187, and 188 provided penalties for infringements of such provisions of the Act as would not be ordinarily punishable under the Penal Code. He had already noticed the effect of the last section of the Bill, which was to enable the Lieutenant-Governor to direct the Magistrate to do certain things if the Municipal Commissioners should fail to do them.

With these remarks he would move that the Bill be read in Council.

The HON'BLE BABOO KRISTODAS PAL said, phoenix-like, this Bill had risen from the ashes of the old Bill, which was vetoed by His Excellency the

Viceroy for reasons well known to this Council. It appeared from the lucid statement which the hon'ble member had made that he had taken great care in revising it. The old Bill was open to diverse grave objections, and although the hon'ble member in charge of the Bill had removed many of those objections, BABOO KRISTODAS PAL was not prepared to say that he had been completely successful. He had cursorily compared the new Bill with the old one, and pointed out some of the provisions which he had eliminated from the present Bill. BABOO KRISTODAS PAL would venture to call the attention of the Council to some of the salient points in the present Bill which he thought required modification and amendment. First, as to the creation of municipalities. The hon'ble mover had explained that he had retained the provision of the old Bill defining first class municipalities. That provision was that first class municipalities should comprise a tract of country containing at least 15,000 inhabitants, and the average of the population to the square mile should not be less than 2,000. Now hon'ble members of this Council, who were conversant with the constitution of mofussil municipalities, were doubtless aware that the formation of municipal unions was productive of great hardship and heartburning in the mofussil. A town was taken as the centre of a municipal union, and all outlying villages were added to it as component parts of that union. Now the municipal fund was generally not so rich as to enable the Commissioners to do equal justice to different parts of the municipal union, and the result practically would seem to be that the poorer rate-payers generally paid for the benefit of the rich. Not to go to a distance, BABOO KRISTODAS PAL would invite attention to the constitution of the suburban municipality. Now, that municipality comprised some of the outlying villages about the Salt Water lakes, fishermen's hamlets, which, from their position, could receive, and did practically receive, very little attention; and yet the inhabitants of those villages were made to pay in equal proportion with the inhabitants of the more favoured parts of the municipality. The same observation applied to the Howrah municipality. Whilst the town of Howrah was lighted with gas, the village of Satguchia, for instance, which was about four miles off, had no great attention paid to its wants. He believed the inhabitants of Bally not many months ago petitioned the Lieutenant-Governor for separation from the Howrah municipality, because that village did not receive adequate attention. Many other cases might be cited in which it was seen that the inhabitants of the outlying villages comprising the municipal union had, compared with their means, paid more and received less than the residents of the more favoured portions of the municipality. On this ground he would suggest that no village or place should be added to a municipal union which had not at least in the case of first class municipalities, 500 houses, and in the case of second class municipalities which had not 300 houses in it. It was observable that in some cases some villages might not be fit to be associated with a first class municipality, but might well form the centre or part of a second class municipality. But as the section was worded, it left a wide door for the extension of municipal taxation to these comparatively poor villages. It was also worthy of remark that the definition of the word 'place' gave the Government power to include not only a town or suburb, but any village or hamlet in which the majority of the adult male population was chiefly employed in pursuits other than agriculture, however small the size and sparse the population of such village.

Then he came to the constitution of Municipal Boards or Commissions. He observed that this Bill gave power to the Lieutenant-Governor to extend the elective system to second class municipalities, but not to first class municipalities. It was not for him to discuss here whether the elective system should be indiscriminately introduced into the mofussil, but it struck him that if it was to be introduced at all, it ought to be introduced first into first class municipalities, and then into second class municipalities, if it worked satisfactorily enough in first class municipalities. But section 12 of the Bill said that the Lieutenant-Governor might at any time direct the whole or any number, not being less than two-thirds, of the Commissioners, to be appointed under the last preceding section. Now the last preceding section referred to second class municipalities only. [The Hon'ble Mr. DAMPIER: That was an

oversight.] Well, then, considering it was an oversight, he would not proceed further upon that point.

Then he found that the term of office of Municipal Commissioners was limited to three years. He agreed with the hon'ble mover that it was very desirable to infuse new blood into municipalities, but at the same time he might observe that, as an experienced officer, his honorable friend must be well aware that men capable of intelligently exercising the duties enjoined under the Bill were not very plentiful in the mofussil; and that it was therefore not desirable that Municipal Commissioners who had just begun to learn their business, as it were, and to prove themselves useful, should be turned out just when their usefulness would be valued. BABOO KRISTODAS PAL would not certainly recommend that they should hold office for life, but he thought it would be advantageous to the Municipality if the term of office were extended to a longer period. He was aware that the Bill gave power to the Lieutenant-Governor to reappoint those Commissioners who might prove themselves useful; but on this point he was not quite sure whether the Bill would work to the advantage of the municipality. He need not trouble hon'ble members with any remarks as to how the choice of Government in these matters was or would be practically regulated. He believed they were well aware that practically the nomination of Municipal Commissioners rested with the Magistrates, who selected the members and recommended them to the Government for appointment. Now, by this Bill the Magistrate was appointed *ex officio* Chairman of the municipality; and if any member of the municipality should, by his independence, prove obnoxious to the Magistrate as Chairman, he believed it might be taken as morally certain that that Commissioner was not likely to be recommended for reappointment: so this clause would work to the positive detriment of the Municipal Board and the tax-payers. In fact, the provisions limiting the appointment of Municipal Commissioners to three years, and giving the power to the Government of reappointment, would together have a tendency to the suppression of independence in the municipal board. He would therefore recommend that where the elective system would be introduced, it should be left as a matter of course to the electors to re-elect any member they liked. But where the Commissioners would be nominated by the Government, he was of opinion that the elective principle might be conceded in so far that the Municipal Commissioners should have the power of re-electing any retiring member they might think fit. In that case the independence of the members would be secured.

Then he observed that whether the Municipal Commissioners were elected by the ratepayers or nominated by the Government, the Magistrate must be *ex officio* Chairman. He thought it would be hardly consistent that where the power of election should be given to the ratepayers, the elected Commissioners should have the right of electing their own Chairman. He must confess that at present the minor Municipalities' Act, which was prepared, he believed, by the hon'ble mover—he meant Act VI of 1868—relating to second class municipalities, was more liberal on this point; for it allowed the Commissioners to elect their own Chairman. Section 36 of Act VI of 1868 said that, subject to the provisions thereafter contained, every Committee should elect one of its members to be Chairman and another to be Vice-Chairman. Now, if this hon'ble Council thought it proper, and intended to give power to the Commissioners of second class municipalities under Act VI of 1868 to elect their own Chairman and Vice-Chairman, he thought that it would be consistent if they conceded this power also to the first class and second class municipalities under the Bill. He observed that the Vice-Chairman might be elected by the Commissioners; but it was also provided that the Lieutenant-Governor might sanction the election permanently, or for a term of years, of a salaried Vice-Chairman, and he did not perceive the consistency of that provision. If any unsalaried Vice-Chairman might be elected by the Commissioners, why should not the salaried Vice-Chairman be similarly elected or appointed without reference to the Lieutenant-Governor. This provision was scarcely consistent with the theory of independence, which he believed this Bill contemplated to secure to the Municipal Commissioners.

Then, again, with regard to the removal of the Commissioners, the power given by section 14 appeared most arbitrary. He admitted that this power existed under the present law; but as the present opportunity was taken to amend the law where it was defective, grave defects of this kind ought to be corrected. It provided that the Lieutenant-Governor might from time to time accept the resignation of any Commissioner or member of a Ward Committee appointed or elected under this Act, and might remove any such Commissioner or member of a Ward Committee for corruption or continued neglect to attend the meetings of the Commissioners—it was not mentioned for what period—or *otherwise to discharge his duty as Commissioner or member of a Ward Committee*. He thought that the word 'otherwise' was very indefinite, and the defect under notice should be remedied.

He would now turn to the chapter relating to the application of the municipal fund. Now, the first charge on the fund was the maintenance of the municipal police. He believed hon'ble members were aware that a considerable proportion of the municipal income in the mofussil, particularly in the case of second class municipalities, was appropriated to the payment of the police. This was a standing subject of complaint, and he wished some provision was made to limit the percentage of expenditure for municipal police. If a comparison were made between the sums paid for police and the expenditure for legitimate municipal purposes, he believed it would be found that the bulk of the municipal income in second class municipalities went towards the support of the police. Then he found in section 49 that the Municipal Commissioners, with the sanction of the Lieutenant-Governor, might apply the municipal fund to the construction, repair, and maintenance of roads, wharves, embankments, channels, drains, bridges, and tanks. He did not believe it was intended that that provision of the Bill would be carried out to the letter. But it struck him that, by inserting that clause, some of the obligations which now rested on the provincial and local funds of the Government might be transferred to the municipal fund. Now, as to the construction of embankments, wharves, bridges, or channels, he did not think those were legitimate subjects of expenditure for a local municipal fund. Then clause 3 of the same section was also very comprehensive: it provided for the construction of "other works of public utility calculated to promote the health, comfort, or convenience of the inhabitants." The word 'comfort' might be construed in any way the Municipal Commissioners might like, and thus divert the municipal fund to purposes which were not contemplated by this Bill. Music, for instance, might be considered a subject which came within the meaning of this provision.

Then he noticed that a system of municipal federation was contemplated by section 50, under which a municipality might be allowed to contribute to works executed by a neighbouring municipality on the principle that it would benefit the contributing municipality. Now, if this principle were recognized in the case of the Suburban municipality, all the funds of that municipality might be claimed by the Calcutta municipality. The drainage and water-supply of Calcutta had greatly and sensibly contributed to the sanitary improvement of the suburbs. On the same principle the Port Commissioners might ask the Calcutta municipality to contribute to their fund, because the works executed by the Port Commissioners had greatly tended to the comfort of the inhabitants of the town. He thought a municipality should be considered as a distinct unit, and that all works executed by it should be constructed and maintained from its own fund. In these days of decentralization, he did not understand on what principle such a scheme of municipal federation was justified.

Whilst referring to this chapter, he might refer to section 28, which provided that the Government might make over to a municipality hospitals, dispensaries, schools, rest-houses, markets, tanks, and wells which might be found within the municipality. That meant that the obligation of maintaining such institutions might be thrown upon the municipality. Of course it would be discretionary with the Government and the Commissioners to enter into such an arrangement, but he thought that the provision might be worked to the detriment of municipalities; for it was notorious that the funds of mofussil

municipalities were very limited, and it was not therefore just to multiply their obligations. Then he observed that not only were the Commissioners required to maintain their own establishment, but also to maintain the separate establishments for municipal purposes entertained in the offices of the Magistrate and the Commissioner of the division. On that principle the Government of Bengal might as well call upon municipal bodies throughout the country to contribute to the maintenance of the establishment now employed in the Bengal Secretariat for supervising municipal work. The superintendence of municipal administration being a part of the duties of the Magistrate and the Commissioner, it ought to be done by the general establishment of their respective offices, and BABOO KRISTODAS PAL did not think a separate contribution should be made from the municipal funds. So far as he could judge from the Bill, it appeared that the establishment and police would absorb a considerable portion of municipal income.

Then he came to municipal taxation. The hon'ble member had explained that the Bill did not contemplate an increase of municipal taxation. The tax upon carriages and animals was one to which, on principle, he did not object, as it was a tax upon luxury, and was intended to be imposed upon that class of tax-payers who would be best able to bear it. He thought, however, that it would be but proper and just that this tax should be confined to first class municipalities. It would, he believed, be conceded that there was no room for raising such a tax in second class municipalities. The same remarks would apply to the fee upon the registration of carts. He did not think the hon'ble mover intended that carts in rural towns should be taxed; they were so few and far between. He had a decided objection to the levy of tolls on roads. It would be perfectly proper to levy tolls on ferries, because they could not be otherwise maintained. It was true that this tax might be imposed at the discretion of the Municipal Commissioners, but he did not think it desirable that such discretion should be given to the Commissioners. As a rule, tolls were not levied now by municipalities, except where ferry funds were applied to the construction of roads. He had received many complaints from persons who had been victims of this system of taxation. He knew a case which had been carried up to the High Court from Howrah. When the Road Cess Bill was before the Council, Mr. Leonard, who was then Secretary to the Government of Bengal in the Public Works Department, wrote an able minute pointing out the objection to tolls on roads, and that was assigned as one of the reasons for the imposition of the road cess. He hoped the hon'ble member would see the propriety of omitting the provisions regarding tolls upon roads. The collection of these tolls caused great annoyance, oppression, and hardship, particularly to the poorer classes, who had no means of getting proper redress.

Then, with regard to municipal regulations, he observed that the hon'ble member had made no distinction between first and second class municipalities. If he would kindly refer to his own Act VI of 1868, he would find that he had therein made considerable distinction with regard to conservancy regulations which ought to apply to second class municipalities covered by that Act.

Then he observed that the Bill authorized the Municipal Commissioners to establish municipal markets. Now, considering that the funds of mofussil municipalities were very limited, he thought a municipal market ought to be the last object to which those funds should be applied. The law gave ample power for the regulation and improvement of existing markets; and if the sanitary improvement of private markets could be secured by means of the proper enforcement of the conservancy regulations laid down in the Bill, he did not think it would be desirable to authorize Municipal Commissioners to apply any portion of their funds to the establishment of markets as a speculation, and for competition with private enterprise. He must say, with all deference, that some of the mofussil Magistrates had very queer notions about markets. He heard the other day that a Magistrate wanted to establish a free market out of the municipal funds, and that the private proprietor of a market would suffer a loss of Rs. 500 a year because the Magistrate insisted upon opening a rival free market. With the extensive powers which this Bill would give to Magistrates, he did not know to what extent municipal funds would be diverted to the injury

of proprietors of private markets. He would therefore simply confine the provisions of the Bill in this respect to the regulation and sanitary improvement of private markets.

Then it would appear that under section 204 all the proceedings other than judicial proceedings of the Commissioner or of the Magistrate of the district, except as therein specially provided, should be subject to the control of the Commissioner of the division. Now this provision was not consistent with the theory upon which the Bill had been framed, viz. the propriety of giving the people a full control over the administration of their local affairs by the appointment of Municipal Commissioners. He readily allowed that there ought to be some restriction imposed upon the discretion of the Municipal Commissioners in laying out large sums of money upon works of permanent utility, but as a rule he thought the Municipal Commissioners ought not to be fettered by the supervising control of the Divisional Commissioners. In the case of the Calcutta Municipality, works involving sums of more than Rs. 50,000 had to be sanctioned by the Lieutenant-Governor; in the same way a money limit should be prescribed in matters of that kind for mofussil municipalities. But he thought the Commissioner of the division should not be allowed to exercise control over all proceedings of municipal corporations.

With regard to the last section to which the hon'ble member had referred, which rendered it compulsory upon the Commissioners to maintain roads constructed by the Road Cess Committee so far as they were within municipal limits, he had simply to observe that the Municipal Commissioners ought to be allowed a voice in the construction of these roads. He admitted that when a district road passed through a municipality, the Commissioners should maintain the line of road passing through it, but at the same time they ought to be consulted before that line of road was laid down.

Lastly, he came to the bye-laws. The power given to the Commissioners to frame bye-laws was really very great. In fact, it comprised no less than fifteen subjects, and some of these referred to police matters which did not properly come within the cognizance of the Commissioners; and the powers given were so wide and comprehensive, that practically if these powers were exercised, the Commissioners would be vested with the functions of this Council in very many matters. He would not, however, dwell upon these provisions in detail, which might be fitly considered in Select Committee.

THE HON'BLE BABOO JUGADANUND MOOKERJEE said he had but a few words to say, and would be very short. He thought there were many points in regard to which the Select Committee would form their own opinion, but there were one or two particular matters which deserved the consideration of the Council. In the first place, he thought that where the Bill provided for a minimum number of Commissioners, it ought to provide also for a maximum number. This suggestion he made for the following reason. At present there were a number of Commissioners who seldom took interest in the general affairs of the municipality to which they belonged; and yet when there was some question in which the interest of some particular officer or officers of the municipality was concerned, then, and then only, did we see the faces of those Commissioners. For this and other reasons he thought that a maximum number of Commissioners should be fixed.

Then, again, he found in section 30 that the Chairman had absolute power in all matters except those which were left to be settled by the Commissioners at a meeting. He should like to see provision made for the appointment of sub-committees for assisting the Chairman in the deliberation of all matters, except those of general importance, which should be discussed at general meetings.

He also objected to that part of the Bill which provided for the retirement of Commissioners at the end of every three years. The new law, under which the Commissioners were to retain their appointment for three years only, was passed in 1873, and we had already seen the result of it in the suburban municipality. There were some most useful Commissioners who had gone out, and some Commissioners who very seldom took an interest in

municipal matters had been retained. It therefore appeared to him that the provision relating to the appointment of Commissioners for a period of three years was a subject deserving the attention of the Select Committee. He thought that the term of office ought to be extended to seven years, and not less.

There were other important matters, which would no doubt be considered in Select Committee. He did not therefore wish to take up the time of the Council, but he generally agreed with the hon'ble member opposite (Baboo Kristodas Pal) in the opinions which he had expressed.

The HON'BLE THE ACTING ADVOCATE-GENERAL had a word or two to say in this matter, with reference to the appointment of Commissioners for three years. He was of opinion that the appointment of Commissioners for three years was in case of the gentlemen who might be appointed. A man might be perfectly willing to accept an appointment and give up a portion of his time for the space of three years, but he might not be willing to undertake the duties of such an office for a longer period. If any gentleman should take a particular liking to the office, and should make himself useful in that department, there was a power of reappointment given under the Bill. Objection to the comparatively short period of appointment was made on the ground that, in case a Commissioner should render himself obnoxious to the Magistrate, he would not be likely to be reappointed. With regard to that, the ADVOCATE GENERAL would remark, as he had on a former occasion pointed out, that in the work of legislation we should not look to extreme cases, but should provide for those which occurred in the ordinary course of things.

He had heard a great many objections made by the hon'ble gentleman opposite (Baboo Kristodas Pal), some of which were certainly deserving of consideration. He entirely agreed with the hon'ble member as to the question of imposing tolls upon roads; he thought that that provision should be expunged from the Bill. The provision would probably lead to the oppression of the poor, and he thought it would be a great pity to retain in the Bill a provision which was really objectionable, and which would go but a very little way in augmenting the funds of municipalities.

The HON'BLE MR. DAMPIER said that he had very little to say in the way of opposition in answer to the remarks of the hon'ble members who had commented upon the Bill. On many points, which the hon'ble member opposite (Baboo Kristodas Pal) had mentioned, MR. DAMPIER much inclined to go with him. But as he had told the Council, he had taken up the Bill which this Council had already passed in 1872 as the model of this one; and the various points on which the hon'ble members had commented were points which had been accepted by the Council in the former Bill, of which no disapproval had been expressed by the Governor-General in refusing his assent to the Bill, and against which he was not aware that any general outcry had been raised. He had therefore accepted them in this Bill, not as originating from himself, but as having been adopted by the Council on the former occasion, and which were at any rate such as should not be departed from without full consideration of the Council. On one of the points to which the hon'ble member opposite (Baboo Kristodas Pal) had commented, MR. DAMPIER would however express his strong dissent. As long as the administration of these provinces was on the present system, and the Commissioners of divisions were responsible for the administration of their division in every respect—as long as the office of a Bengal Commissioner was such that his division sometimes included a population exceeding that of entire whole administrations outside Bengal—so long, he said, it would not be right to exclude a certain portion of his division from the Commissioner's supervision and control to create *imperia in imperiis*; and therefore upon that point he must differ entirely from his hon'ble friend. He thought the Commissioner's control over municipalities should be reserved, as much as his control over other officials and official bodies working under him.

As to the grievance which was felt regarding the inclusion of outlying villages in municipalities, he was personally aware that this had been felt, and he should be very glad to suggest that the Select Committee should consider such modifications and restrictions as the hon'ble member had proposed.

Then as to the matter of the three years' tenure of office by Commissioners, he felt the force of the hon'ble gentleman's opposition that it strengthened the hands of the official Magistrate as against the non-official Commissioners. This was a sort of point upon which he should be very glad if hon'ble members should take this opportunity of expressing their opinions as a guide to the Select Committee afterwards.

Then as to the bulk of the income of second class municipalities going to the support of the police, he was quite willing to impose a reasonable limit to the amount or proportion of its income which a second class municipality should pay for police. We had found a limit provided by the former Bill; but from the figures which had been supplied to him in respect of existing municipalities and towns, it appeared that the limit imposed by the Bill was so high as to be practically useless.

Then as to section 50, the objection was taken that one municipality should not contribute towards the works of another. It seemed to him a useful provision. He would take as an illustration the suburbs of Calcutta, which were one municipality, and of the adjoining tracts, which had been formed into another municipality or town under Act VI of 1868. Suppose they were to start a scheme of water-supply, and it was desired to make the head of the water-supply in the suburban municipality. He thought the suburban municipality might well say to the adjoining town—"As soon as we have made our head works, you have only to lay your pipes and take water into your streets: therefore we call upon you to contribute a fair share towards the cost of the head-works, of which you will get the benefit." It seemed to him that to meet such a case the section was a good one, because it might come to this, that if there were no section empowering the two municipalities to share expenses in such cases, both would have to go without some benefit which both desired to have. Then as to the establishment of the Magistrate and Commissioner's offices being paid for out of the municipal funds. Municipal administration, as they hoped, was an improved form of administration, and more to the advantage of the people than the ordinary system, which was sufficient for the rural parts of the country in general. Now, to give to a town this improved administration, a more expensive machinery was required. The immediate effect of creating a number of municipalities was that the Magistrate came up for an establishment for the extra work thrown on his office, and so did the Commissioner of the division, who might require one or two clerks in addition to his establishment. He did not think in any case more than this had been asked for.

The necessity of the additional establishment arose out of the arrangements made for giving improved administration to the municipalities or urban populations; and it appeared to him, under these circumstances, that they should expect to pay for these establishments, and not expect payment of these establishments from the general revenues, which was in effect to throw a portion of the charge on the rural population, which did not benefit by the more advanced form of administration.

As to the tax upon horses and carts being limited to first class municipalities, he was inclined to agree with the hon'ble member.

As to the matter of tolls on roads, the question was one which had been widely discussed. He supposed they all agreed, as a general principle, that turnpike gates should be wiped off the face of the earth. Under certain circumstances, however, it might be that want of money would entail on municipalities, in the earlier stages of their existence, evils even worse than turnpike gates. He should be inclined, therefore, to leave it to the option of the Commissioners, who could not raise money enough in other ways, to adopt this plan.

As to bazars and markets, the provisions were taken word for word from the Bill of 1872, and that was another point upon which he thought hon'ble members might take this opportunity of giving the Select Committee the advantage of their individual views.

Again, as to municipal regulations. The hon'ble member opposite had suggested that a distinction should be made between first and second class municipalities. In this also he agreed with the hon'ble member: rather he

should say that it should be declared that such and such sections were applicable to each municipality, as had been done in the law of 1868, to which the hon'ble member had referred. It had appeared to Mr. DAMPIER that there were certain provisions in the municipal regulations which were rather matters of police, but they were provisions which had been adopted by the Council in the last Bill. It was more easy for the Council now to throw them out than for an individual member to do so.

As to the maximum number of Commissioners, he thought there was something in the objections of the hon'ble member to the right; not that he (Mr. DAMPIER) feared that there would be any likelihood of having too many Commissioners in mofussil municipalities. Still he should be willing to fix some limit, such as perhaps a number of Commissioners in proportion to the population of the municipality. He did not think that the Chairman should be assisted by sub-committees, as he did not think that this would work in most mofussil municipalities, though it might do so in the suburbs and other places where there were large numbers of Commissioners. He did not see that the Act would bar the Chairman from calling in the advice of sub-committees, but an express provision might perhaps be introduced making the system of sub-committees optional with the Commissioners in large first class municipalities.

He would repeat that he would be glad if any other members would favour the Council now with an expression of opinion for the guidance and assistance of the Select Committee as regards the general questions of markets, tolls on roads, &c.

The motion was put and agreed to.

The HON'BLE Mr. DAMPIER moved that the Select Committee should contain two gentlemen, who had much experience in municipal affairs, and whose services had not been made as much use of in Select Committees of the Council as those of some other gentlemen. He would propose that the Select Committee be composed of the hon'ble Mr. Hogg, the hon'ble Baboo Juggadanund Mookerjee, and the mover.

The motion was agreed to.

The Council was adjourned to a day of which notice would be given.

COMPLETION OF THE DAM ACROSS THE DAMOODUR RIVER.

No. 836—S.R., dated Calcutta, the 1st May 1875.

From—H. J. REYNOLDS, Esq., Officiating Secretary to the Government of Bengal,
To—The Commissioner of Burdwan.

I AM directed to acknowledge the receipt of your letter No. 15 of 13th instant, to the Secretary in the Irrigation Branch, Public Works Department of this Government, submitting a report from Mr. Weekes, the Officiating Collector of Hooghly, on the completion of the dam across the river Damoodur, and on the flow of the Damoodur water into the Hooghly district through the Kana Nuddee.

2. The Lieutenant-Governor has perused this report with much satisfaction, and is glad to observe that a great portion of the cost of the construction of the dam has been met by voluntary subscriptions. His Honor desires that you will be good enough to convey his congratulations to Mr. Whitfield, C.E., on the success which has attended the measures adopted by him for giving a supply of water to the Hooghly district.

3. This correspondence will be published in the Supplement to the *Calcutta Gazette*.

No. 15, dated Burdwan, the 13th April 1875.

From—C. T. BUCKLAND, Esq., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department, Irrigation Branch.

With reference to the orders of Government, in the Statistical Department, No. 292B, dated 25th January 1874, and the connected correspondence, I have

the honor to submit, for the information of Government, copy of a letter No. 29, dated 6th instant, from the Collector of Hooghly, reporting on the completion of the dam across the river Damoodur and on the flow of the Damoodur water into the Hooghly district through the Kana Nuddee.

2. The estimated cost of the construction of the dam is reported to be Rs. 6,439, and the voluntary subscriptions promised for the work amounted to Rs. 5,595. The sum still wanted to make up the cost is therefore Rs. 844.

3. Of the total amount of subscription, Rs. 4,685 were collected up to the 8th instant, leaving a balance of Rs. 910, which are in the course of collection.

4. I beg to suggest that the Collector's report may be published in the supplement to the *Gazette*. The engineering part of the work has been excellently done by Mr. Whitfield, C.E.

No. 29, dated Hooghly, the 6th April 1875.

From—A. WEEKES, Esq., Offg. Collector of Hooghly,
To—The Commissioner of the Burdwan Division.

I HAVE the honor to draw your attention to the great scarcity of water that exists in this district. I cannot go anywhere without being asked to assist the people to obtain a supply for themselves and cattle. Even in Hooghly itself, water is so scarce that the roads cannot properly be watered. Most of the tanks are dry, and generally in the district only water-holes with a little filthy water are to be met with. Yesterday two applications for assistance were presented by ryots from the north of the district. I have determined to request the zemindars of their villages to assist them. The scantiness and badness of the water probably, in some way or other, aids the development of the cholera poison that has for some time been making itself felt, and perhaps of small-pox and cattle disease, of which there have been several cases.

2. In connection with the same subject, I have the honor to report that the dam across the Damoodur was completed and the water entered the Kana Nuddee on the 9th ultimo, and after a course of 30 miles reached Gopalnuggur on the morning of the 17th, entered the new canal there on the 18th, and through it the Saraswati river bed on the 19th, from whence it began to flow both north and south from Purusotumpore along the dry bed. From this it has taken a long time to come north, as the people were so anxious to dam it up and to turn it into their fields, ponds, and empty watercourses, and the country slopes to the southward; but I have, in communication with Mr. Whitfield, now brought the water in a fine stream to opposite Hooghly by raising the weir leading to the Kunttee river and also checking the flow southwards. The water this morning reached a place within six miles of Tribany, where I saw it flowing along in a strong clear stream. The southern part of the Saraswati was more readily filled. The water for drinking purposes alone is a great boon to the people along the course of the Kana Nuddee and Saraswati. It is beautifully clear and fresh, a great contrast to the old filthy water-holes. The people were really very hard-up for water before, both for themselves and their cattle; and the very winding channel of the latter distributes the water through a considerable range. It is also very generally being used for irrigation, and the ryots declare themselves willing to pay for the water at so much per beegha: as 1 rupee for onions and potatoes, 1 rupee 8 annas for sugarcane, and 8 annas for other crops. Mr. Whitfield is endeavouring to give the people all facilities for irrigation, and pipes are being let into the banks of the canal at certain distances for the purpose. This dry year the whole of the Damoodur water could be made use of in this part of the district, but it has been found necessary to let some pass by the escape channel below the dam at Selimabad. Altogether, I think the measures taken this year have been most successful and beneficial.

This morning heavy rain fell for nearly an hour, which will enable the ryots to prepare their land and give them moisture to sow on. Nearly the whole cost of the operations for bringing the Damoodur water into the district has been met by voluntary subscriptions.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 3rd May 1875.

District and date of		Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date
BENGAL.			
<i>Western Districts.</i>			
BURDWAN	1 Burdwan, 3rd* May 1875	6.9	Rainfall at Cutwa 1.53; Culna 3.21; Jehanabad 1.2; Rancegunge .50; weather very stormy. Cotton, and <i>teel</i> oilseed doing well. Cholera and small-pox prevalent; fever decreasing.
	2 Bankoora, 1st77	Rainfall almost all over the district on different dates. Sugarcane is being planted; other crops doing well.
	3 Beerbhoom, 1st08	Weather cool, and overcast with clouds; a little rain has fallen. There are no crops now on the ground.
	4 Midnapore, 1st	2.55	A very good shower of rain fell on Tuesday, which appears to be general over the whole district. Indigo sowings and first ploughings have been practicable owing to the ample fall of rain.
	5 Hooghly, 1st	1.42	Weather rainy and cold on the 25th, 26th, and 27th April; then hot and stormy, with north wind; 30th April and 1st May high wind, and very hot. Rain has fallen in Chinsurah, Bansberah, Panduah, Serampore, Phoneakhally, Bailagore, Huripal, Chunditola, and Sudder. The rain will suffice to sow on, but the ponds are empty. Cholera and small-pox less.
	Howrah, 1st	2.04	There was rain for two days during the week throughout the district. Weather warm and cloudy, and strong wind from the south. Reaping of the <i>boro</i> , or spring rice, commenced, and ploughing for the early and late rice crops going on. The young sugarcane much benefited by the rain, but more wanted.
<i>Central Districts.</i>			
PRESIDENCY DIV.	6 24-Pergunnahs, 3rd† May 1875.	4.43	Whether hot and evenings cloudy. Rain has fallen throughout the district. The early rice sowings have commenced. Cholera has abated everywhere. Fever increasing at Barrpore.
	7 Nuddea, 1st May 1875	1.04	Sufficient rain in some parts. Strong winds. As a rule, so far as the district officer has heard, there has not been rain enough for the sowings either of rice or indigo. In Koosteah and Bongong the cultivators have been more fortunate than elsewhere.
	8 Jessore, 1st71	The weather has been variable; rain in all the sub-divisions; prevailing wind from the south. The spring crop is being rapidly sown. The rain has done good both to rice and indigo.
	9 Moorsshedabad, 1st May 1875.	.23	Weather very hot; small rain-fall at Sudder station—none in sub-divisions. Rain wanted for both growing rice and other crops, and also for enabling ryots to prepare the ground for late crops. Price of common rice has risen a good deal in the interior. Cholera still bad at Gowa station circle. Sixteen deaths during the week. Mild form of small-pox at Soojangmge and Berhampore.
	10 Dungepore, 1st May 1875.	.11	Rain in most parts of the district. Cool wind from east. Ploughing being pushed forward energetically in <i>polya</i> or alluvial land. <i>Kara</i> millet and bhadoi, or early rice, and jute being sown, and much already above ground.
	11 Maldah, 1st May 1875	.22	Weather close and cloudy, with high winds. Rain on 25th, 28th, and 30th April. Rain is much wanted for the spring and autumn rice crops.
	12 Rajshahye, 1st19	There has been moderate rain in many parts of the district during the week sufficient to affect agricultural prospects. The rice and <i>teel</i> oilseed crops are looking well, and have been assisted by the late rain. More rain is looked for. Cholera is prevalent, principally in the north-east of the district.
	13 Rungpore, 30th April ..	.3	Weather very hot and oppressive. Rice sowings nearly finished. Rain wanted for growing crops.
	14 Bogra, 1st May ..	.65	Weather fair. There was a fall of rain on the afternoon of the 30th April. Early rice, <i>teel</i> oilseed, and jute, promise well.
	15 Puhna, 1st42	Weather cloudy; threatening rain; high south-easterly winds. Harvesting of <i>cheena</i> millet finished. State of <i>boro</i> and <i>julya</i> rice good and promising, but rain is much wanted in many parts of the district to facilitate the sowing of the early and late rice. A good fall of rain at Dulye, on the 26th and 27th April, has benefited the crops there. Cholera continues. No report from Serajgunge.

* Telegram of the 3rd May, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 3rd May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
Central Districts.—			
(Con'd)			
COOCH BEHAR & DIV.	16 Barisal, 29th April 1875.	·92	Alternate mist and sunshine, with occasional showers of rain : all favorable to the crops. All the crops are doing well.
	17 ulpigoree, 1st May 1875	4·75	Storms and heavy showers. Weather cool and agreeable. All that could be desired for <i>bhadoi</i> , or early rice sowings, which is now going on.
	18 Cooch Behar, 29th April 1875.	1·49	Heavy rains and cold winds. Early rice crop progressing fairly.
Eastern Districts.			
A. D.	18 Dacca, 3rd* May 1875	1·44	Rainfall not equally distributed. State of crops good ; the rain has done much good.
	19 Fureedpore, 1st " "	1·55	Weather seasonable, with very high south winds. Prospects of crops excellent. Several cases of cholera at head-quarters.
	20 Backergunge, 29th April 1875.	9·96	Rain has fallen, and ploughing has begun. There is nothing to complain of seriously. Cattle-disease still present, but not bad.
1001	21 Memensingh, 30th April 1875.	·68	Showers have been heavy but local ; 1½ to 2 inches of rain in many places in the district have fallen. A fine crop of <i>boro</i> rice, of which about half is cut. Prospects of <i>amra</i> , or early rice, favorable ; jute sprouting in many localities.
	22 Chittagong, 29th April 1875	6·17	Very wet weather. About 3 inches of rain fell on the 28th April ; heavy rain all over the district ; the rain has fallen just when needed. People were looking out for it in order that they might get to work in their fields. Tea has benefited by it. State of crops good.
	23 Sonkholly, 29th April 1875.	3·99	Weather cloudy, with stiff breeze blowing from south and south-east, and sometimes from the north-east, and latterly rainy. There was slight rain on 23rd and 24th April, and rather heavy rain on the 27th and 28th idem. The sowing of the early rice is going on. The present rainy weather has improved both cultivation and health. Cholera abating.
1002	24 Tipperah, 30th April 1875	·11	A few slight showers of rain fell. High easterly and south-easterly gales ; weather slightly cooler. At Brahmunberiah 66 inches of rain fell. The spring rice is still being harvested. The early and late rice have been sown under favorable circumstances.
	25 Chittagong Hill Tracts, 27th April 1875	·53	Weather excessively hot during the first part of the week ; cloudy during the latter part ; some rain has fallen. <i>Jowar</i> -burning has nearly been finished ; tobacco has been gathered ; melons being sold in small quantities.
	Hill Tipperah, 1st May 1875.	1·73	Unsettled weather. No change to report. Prices stationary.
BEHAR			
1003	26 Patna, 3rd* May 1875	·59	Half inch of rain fell on the night of the 2nd May ; weather cool since. No crops on ground except <i>cheena</i> millet, sugarcane, water-melon and <i>takri</i> melon. Cholera still prevalent, but nowhere in an epidemic form.
	27 Gya, 1st May " "	Nil	Weather dry and seasonable ; highest reading of dry maximum thermometer during the week was 110 degrees. No crops on the ground ; <i>rubber</i> thrashed and being carried. Cholera reported as slightly prevalent in some parts of the district.
	28 Shahabad 1st " "	Nil	Weather clear and hot ; prevailing wind east. Cold weather crops are almost harvested, and being brought to the markets. <i>Cheena</i> millet, sugarcane, and mango crops promise well. Cholera in parts of the district.
1004	29 Darbhanga, 1st " "	·01	Weather cool, with east winds. Heavy rain—in one place six inches, in others from two to three inches—has fallen in the Mudeebounce sub-division, benefiting the indigo crop and facilitating preparation of the soil for next crop. Slighter falls of rain in the Tappore and head-quarters sub-division. Cholera cases still reported, but in fewer numbers than before.
	30 Mouafferpore 1st " "	1·1	Weather hot ; some rain has fallen. The fields are being prepared for <i>bhadoi</i> , or early crops, and <i>cheena</i> and <i>basma</i> millets are being sown rapidly. The late rain has been beneficial to the crops already sown, and to indigo. In Jallab and Kotrah thanas cholera has broken out, and is spreading rather rapidly.
	31 Sarun, 1st " "	·50	Weather hot and dry ; east wind prevailed during the early part of the week ; west winds have recommenced. Rain fell on the night of the 28th April, preceded by strong wind and dust-storms. <i>Cheena</i> millet, sugarcane, and indigo, promise well ; the early rice and <i>maong</i> pulse are being sown. The late rain has benefited the crops. General health good.
1005	32 Champaran, 30th April 1875.	·20	Rain has been threatening throughout the district, and east wind prevailing. Heavy rain fell on the night of the 28th April, which has done a great deal of good. The wind has been steadily from the east. The prospects of indigo, which is the only important growing crop at present, are most excellent.

* Telegrams of the 3rd May, received on the same day, shows rainfall during the seven days immediately preceding.

District and date of return.		Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR—(Contd.)			
G. P. O. {	33 Monghyr, 1st May 1875	Nil	Fair weather; no change since last week. Harvest is gathered in. Rain is now wanted.
	34 Bhagulpore, 3rd* „ „	71	The rain which has fallen in the sudder sub-division should have good effect. Good fall of rain in Soopool and Mudehpore sub-divisions. <i>Moong</i> pulse and bhadoi, or early rice, in Soopool much benefited by rain. General health good.
	35 Purneah, 1st May 1875	51	East wind, up to the last two days of the week; weather cloudy and stormy. Rain fell on Wednesday, in Kishengunge more heavily than in the south and west of the district; more is wanted both for indigo and rice. Cholera decreasing.
	36 Sonthal Pergunnahs, 1st May 1875.	Nil	Extraordinary weather for the end of April; the air has been as cool and as close as in October, with clouds about. Two days hot winds, and afterwards moist cool weather, or again with clear distances. Sub-divisions something of the same sort. Ploughing going on where possible. Cholera appearing on the borders; small-pox heard of occasionally; cattle-disease bad in places.
ORISSA.			
Orissa Div {	37 Cuttack, 24th April 1875	47	Weather very hot, with occasional thunder-storms; some rain has fallen. No crops on the ground. More rain wanted for ploughings, and it is likely to fall.
	38 Pooree, 29th „ „	38	There was a slight rainfall on the evenings of the 27th and 28th April. The sky was cloudy at the time of report, and more rain expected as well as required for tillage. Tillage will now commence, but requires more rain to proceed. The <i>dalia</i> , or spring rice crop, is being reaped with a good outturn; white <i>moong</i> pulse and castor-seed are being harvested with a fair outturn. The new sugarcane crop is being watered and manured. Cotton plants are being earthed up, and irrigated mangoes beginning to ripen, but the crop has been very poor.
	39 Balasore, 30th „ „	143	Heavy thunder-storms, with some rain, but scarcely enough. Rainfall at Bhudruck 11. Ploughing is progressing. Miscellaneous crops are good. Cholera in the north is steadily declining.
CHOTA NAGPORE.			
South-West Frontier Agency.			
	40 Hazareenaga, 30th April 1875.	Nil	Weather very warm, but seasonable. No alteration in the state of crops.
	41 Lohurougga, 1st May 1875.	90	Weather changeable, with easterly winds. Heavy storm on the 27th April. No crops on the ground. The <i>mohua</i> flower has been damaged by the east wind, and the opium outturn is very short. Small-pox still prevalent, and a few cases of cholera have been reported from Palamow.
	42 Singbhoon, 30th April 1875.	04	Seasonable weather. No crops.
	43 Maunbhoon, 1st May 1875.	11	There was a slight fall of rain on the 29th April; weather cooler at commencement of week, but again hot. The only crop on the ground in regard to which fear is expressed is sugarcane, and its prospects, unless heavy rain falls, are bad. Other crops are <i>khar</i> rice, cotton, and vegetables. They are doubtless to some extent injured, and are apparently doing well.

* Telegram of the 3rd May, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

DISTRICT ROAD FUND.

No. 161.

The 4th May 1875.

Notification.—The following Extract from the Proceedings of the Lieutenant-Governor of Bengal, relative to the accounts of the receipts and expenditure of the District Road Fund for the fourth quarter of the cess year 1873-74, is published for general information :—

No. 2221.

Extract from the Proceedings of the Hon'ble the Lieutenant-Governor of Bengal in the Public Works Department (Local—Accounts), under date the 20th April 1875.

Recd memorandum from the Controller of Public Works Accounts in Bengal, No. 4328 of 29th March last, submitting an abstract of the receipts and expenditure of the several District Road Committees for the quarter ending 30th September 1874.

RESOLUTION.—The Lieutenant-Governor directs that the accounts of the receipts and expenditure of the District Road Fund for the fourth quarter of the past cess year (1873-74), as submitted by the Controller of Public Works Accounts in Bengal, be published in the *Calcutta Gazette*, and circulated to the officers concerned.

ORDER.—Ordered that a copy of the above Resolution, together with a copy of the abstract of receipts and expenditure, be published in the Supplement to the *Calcutta Gazette*.

Ordered also, that a copy of the above Resolution, as well as of the abstract referred to, be forwarded to the Secretary to the Government of Bengal in the Financial Department for information. Also, that copies of each be forwarded to all Commissioners of Divisions, to all Superintending Engineers of Circles in Bengal, to the Accountant-General of Bengal, and to the Controller of Public Works Accounts in Bengal, for information.

By order of the Lieutenant-Governor of Bengal,

G. F. E. S. NEILL, *Captain, M. S. C.,*
Offg. Asst. Secy. to the Govt. of Bengal
in the P. W. Dept.

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 24th April 1875, and was referred to a Select Committee with instructions to report in one month:—

A Bill to provide for inquiry into disputes regarding the Rent payable by ryots in certain estates, and to prevent agrarian disturbances.

FOR the purpose of providing an inquiry into disputes between zemindars and ryots regarding the rent payable by the ryots in certain estates, and of preventing agrarian disturbances: It is enacted as follows:—

1. This Act extends to all the territories subject to the government of the Lieutenant-Governor of Bengal.

Local extent.

2. In this Act, unless there be something repugnant in the subject or context—

Interpretation.

“Lieutenant-Governor” means the Lieutenant-Governor of Bengal, or the person acting in that capacity.

“Board” means the Board of Revenue for the provinces subject to the Lieutenant-Governor of Bengal.

“Collector” (except in section four of this Act) includes—

- (a) The Collector of a district;
- (b) Any officer specially vested with the powers of a Collector under this Act;
- (c) Any officer specially empowered as an Assistant or Deputy Collector under this Act:

Provided that no such last mentioned officer shall exercise any function under this Act except in so far as may be delegated to him by a general or special order of the Collector.

“Estate” includes—

- (a) Any land subject to the payment of revenue for the discharge of which a separate engagement has been or may be entered into with Government.
- (b) Any land which is entered in the revenue-roll as separately assessed with the public revenue, although no engagement has been entered into with Government for the amount of revenue so separately assessed upon it as a whole, as in cases in which the estate may be directly managed by a tehsildar on the part of Government.

“Revenue-free tenure” means any rent-free land which is entered in the Collector’s Register of revenue-free lands as a separate tenure.

3. Whenever it appears to the Lieutenant-Governor, from the representations of the zemindars or of the ryots, that a serious dispute exists in any estate or revenue-free tenure as to the rent payable under sections five and seventeen of Act No. X of 1859 (*to amend the law relating to the recovery of Rent in the Presidency of Fort William in Bengal*), or under section five or section eighteen of Bengal Act No. VIII of 1869 (*to amend the procedure in suits between Landlord and Tenants*), by any ryots;

or as to the size of any unit or standard of measurement to which any rate of rent at any time prevalent, is or was referable;

or as to any other question in respect of the adjustment of rents, or as to arrears of rents;

the Lieutenant-Governor may, if he considers that such a course is necessary for the maintenance of the peace and for good government generally, by notification direct that inquiry be made for the determination of such dispute.

From the date of the publication of such notification this Act shall be deemed to be in

force in such estate or revenue-free tenure, until the Lieutenant-Governor shall, by notification, declare that it is no longer in force in such estate or revenue-free tenure.

4. On the publication of a notification under the last preceding section at the Collector's office of the district in which the estate or any portion thereof is situated, the Lieutenant-Governor shall appoint the Collector, or such other officer as he may think fit, for the purpose of making the inquiry, and may specially vest any officer with powers as an Assistant or Deputy Collector for the purpose of exercising such functions under this Act.

5. The Lieutenant-Governor shall in each case issue instructions specifying the matters into which the Collector shall inquire in accordance with the provisions of section three of this Act.

6. From the date fixed by the Lieutenant-Governor for the commencement of an inquiry all suits pending before any Revenue Officer under the said Act No. X of 1859, or before any Court under the said Bengal Act No. VIII of 1869, which may involve an inquiry as to the rate at which any rent is payable in such estate or revenue-free tenure;

or as to any other matter which may be specified by the Lieutenant-Governor under the last preceding section, shall be transferred to the Collector.

7. In making any inquiry under this Act, the Collector may, with the consent of the parties, refer any matter arising in such inquiry to arbitration, and the provisions of Chapter VI (relative to arbitrators) of the Code of Civil Procedure shall, as far as may be practicable, apply to such references.

8. After making such inquiry as may be necessary, the Collector shall (subject to the control of the Commissioner of the Division and the Board) make an order with respect to the matters necessary to be determined.

9. As long as this Act is in force in any estate or revenue-free tenure the suits specified in section twenty-three of the said Act No. X of 1859, shall, as regards such estate or revenue-free tenure, be cognizable by the Collector, and by no other tribunal.

10. Whenever an application for enhancement or abatement of rent, against or by any number of ryots, is brought before the Collector, such ryots may be sued or may sue collectively, and it shall be no ground for dismissing or refusing to hear the application that such ryots are wrongly joined as plaintiffs or defendants, provided all such ryots cultivate in the same estate;

but no order shall be passed in such case in which enhancement, or abatement, of rent is claimed, unless the officer making such order is satisfied that all parties have had an opportunity to appear and make objection to any claims referred against them.

11. Every order passed in any such case as is mentioned in the last preceding section shall specify the extent to which each of the ryots named in the order shall be affected thereby.

12. The rent fixed by order of the Collector as aforesaid shall be payable from the beginning of the year in which the inquiry was made, and shall not be liable to abatement or enhancement, but shall remain fixed for ten years from the first day of such year, or in case of a temporarily-settled estate, until the conclusion of the period of settlement of the estate, if the period expires before the lapse of ten years as aforesaid.

Provided that, during the currency of the term for which the rent has been fixed as aforesaid, the landholder may bring a suit to enhance the rent of any ryot whose rent has been so fixed, on one of the following grounds and no other:

- (a) That the area of the ryot's holding has been increased by alluvion or otherwise; or
- (b) That the productive powers of the land held by the ryot have, since the date of the order, been increased otherwise than by the agency or at the expense of the ryot.

And the ryot may bring a suit for abatement of his rent on one of the following grounds and on no other:

- (c) That the area of the land held by him has been diminished by diluvion or otherwise; or
- (d) That the productive powers of such land have been decreased by any cause beyond his control.

13. For the purpose of any inquiry under this Act, the Collector shall have power to summon and enforce the attendance of witnesses and compel the production of documents, by the same means (as far as may be) and in the same manner, as is provided in the case of a Court under the Code of Civil Procedure.

14. In the disposal of suits under this Act, the Collector shall, as far as possible, follow the procedure prescribed in the said Act No. X of 1859, and all powers exercised by the Collector under such Act, may be exercised by the Collector under this Act.

15. In every case in which the rates payable in any estate shall have been settled under this Act, every court of justice shall judicially recognize such rates as the rates which were fairly and equitably payable by ryots of that class for land of that quality at the time when the Collector made the order under section eight of this Act.

16. The Board, subject to the sanction of the Lieutenant-Governor, may from time to time make rules consistent with this Act for—

- (a) prescribing the manner in which the Collector shall make inquiries and report for sanction their proposals;
- (b) and generally for the guidance of all persons in matters connected with the enforcement of this Act.

The objects and reasons of this Bill are fully set out in the following Minute of the Lieutenant-Governor.

H. L. DAMPIER.

The 21st April 1875.

Minute by the Lieutenant-Governor of Bengal, dated 16th March 1875.

For some time past there have been indications of renewed uneasiness and uncertainty here and there in some parts of Bengal, more especially Eastern Bengal, in the relations between landlord and tenant, particularly touching the rates of rent. I say renewed, because it will be in the recollection of all who are conversant with these affairs that there were troubles of this sort in 1873, which showed themselves markedly in the Pubna district.

2. The Government of India, in a despatch, No. 413 of the 23rd September 1873, reviewed the correspondence which had taken place regarding the Pubna troubles, and communicated general instructions to the Government of Bengal. Among those instructions there occurs the following passage:—

"The policy of altering or enlarging revenue jurisdictions under Act X of 1859 and similar laws will however, require careful deliberation. Meanwhile, if the dissensions in the Pubna districts are ascertained to be spreading and becoming organized, the difficulties which they present will have to be met at once. In that event, the more direct and comprehensive way of treating them may be by passing a law which would authorize the appointment of a special commission vested with powers to investigate summarily the differences between landlord and tenant, or between various proprietors and occupants of the soil in certain districts, and to settle them by award that shall not be open to appeal. His Excellency in Council believes that such a measure for the solution of exceptional difficulties of the kind now arising would not be without precedent in Bengal.

"These, then, of the plans of action suggested by the papers now before the Government, are those which appear the most readily practicable and the most likely to succeed."

3. These and other instructions were subsequently approved by the Secretary of State.

4. Although the procedure above indicated might be susceptible of some improvement in detail, so as to be more exactly adapted to the custom and practice in provinces which are under a permanent settlement, still the principle of the above instruction is precisely applicable to contingencies which are arising, or seem likely to arise, and affords, as I believe, the only means of obviating the chance of the recurrence of agrarian troubles in Bengal.

5. There are occasionally complaints on the part of ryots and on the part of zemindars in some portions of the districts around Calcutta or in Central Bengal. At the present time, however, such complaints on both sides are more rife and more extensive in Eastern and South-Eastern Bengal. This may be illustrated by the following extracts from the Dacca Commissioner's annual report dated the 12th September 1874:—

"Para. 26. Class feeling has not shown itself prominently or in any overt way during the year of report; but district officers report that there are not wanting indications of very unsatisfactory relations between some landlords and their tenants on the question of rent. The landlords see the ryots profiting largely by the enhanced value of the produce of what they regard as their property, and they desire, not unnaturally, to intercept some portion of this increased return some way or other; the action taken by the authorities against the levy of illegal cesses leads them further to desire to place this demand on the safe footing of higher rents.

"Formerly this course would have been effected by gradually getting the ryots over to agree, on the ground of their increased profits, to submit to an enhanced demand of rent; but now such attempts are steadily and passively resisted by the tenantry in combination. The landlords' agents send for them, they ignore the summons altogether; they go further, and withhold all rents, and virtually decline any communications whatever with their landlords except through the medium of the courts.

"27. To have to sue the entire body of his tenantry in any large estate is ruinous work to the landlord; his position therefore forces him to do all that conciliatory measures can achieve, and so grave complications are for the time being tided over; but I apprehend that an open rupture must come sooner or later. The state of things to which I have referred is unfortunately not confined to any particular tract of country; it exists more or less in each of the four principal districts of this division."

6. The annual report of the Commissioner of Chittagong, dated the 4th September 1874, contains the following passage:—

"Para. 62. In the Chittagong district the relations between landlord and tenant are never very cordial, and the Magistrate cites one instance in which the purchasers (Hindu zemindars and rice-traders) of a large estate, at a sale for arrears of revenue, have been unable to settle with the ryots without the assistance of the Collector, to whom they (the purchasers) made application through the Civil Court for detailed measurement and record of rights, the tenants steadily refusing to point out their lands or come to any terms. Of course the new proprietors want to enhance, and equally of course the tenants are opposed to any such proceeding."

7. Since these reports were written, agrarian trouble actually began to occur during January 1875 in the eastern portion of the Dacca district. A dispute regarding rent broke out between the zemindars and ryots, and threatened to lead to breaches of the peace. If this should not be allayed, it was feared that similar disputes might break out in some of the neighbouring districts. The Commissioner was immediately instructed to warn all parties concerned of the consequences of a breach of the peace, and to invite them to settle their differences by private arbitration. Efforts are now being made to effect such amicable arrangement: whether they will prove successful remains to be seen.

8. It is always difficult to forecast the line which an agrarian people may take, or what provocation might be given on either side. But the opinion seems gaining ground among well-informed persons, that if once any considerable trouble of this nature were to break out anywhere, the movement might spread to other places. In some localities the zemindars might get the upper hand, in other places the ryots. In some localities the strength of both parties might be nearly balanced, and might be equal to sustaining a contest for some time.

All circumstances of this nature would either be altogether harmful, or else would do more harm than good.

9. In parts of Eastern Bengal there seems to be a disposition among the ryots to combine in something like leagues and unions. The object of such combinations may be various. If any success were obtained by these means, there is always a chance that ryots might begin to combine in refusing to pay rent, whereon the zemindars might try to collect it by force. The consequences of a combination with this object would be serious in the present state of Bengal. It may be hoped that things will not, under any circumstances, come to this pass; still we should guard against the possibility of such contingencies arising.

10. As yet no trouble has actually broken out since 1873, but as just seen, something of the kind was very nearly breaking out quite recently, and despite our efforts, may yet break out. And the apprehension of similar occurrences elsewhere in Bengal is, I believe, present to many thoughtful minds. It may be therefore well to consider what measures the local Government can take in the existing state of the law for doing justice to both parties and for preventing agrarian trouble.

11. In such event it could take steps for causing the disputed matters to be speedily determined by appointing additional native judges, moonsiffs and others, if necessary, under the supervision of a special European judge. It could station extra police to maintain order, and ensure that the judicial enquiries should be carried out quietly. If the zemindars should attempt to act contrary to the judicial awards, it could easily apply a remedy. If the ryots should refuse compliance with the judicial decisions, and if necessity arose to execute decrees in large numbers, it could doubtless help in that process. But beyond and above all the things above mentioned, it could use its influence to prevent either party from resorting to violence, and to induce them to submit to private arbitration.

12. These resources taken together are not inconsiderable, and if we cannot get more or better resources, we must make the best of them, and with them we must essay and strive to prevent agrarian troubles in Bengal. But in these resources there are, I think, several defects which might be easily remedied.

13. It will be seen presently that among the disputed cases the most important class will relate to economic and agricultural questions with which civil courts are not well fitted to deal; yet the procedure above described is entirely that of the ordinary civil courts. Suits must be formally brought before anything is done. The cases must be carried through the regular stages; matters pertaining to the profits of cultivation, the value of produce, the customary rents, and the like, will be argued out by opposing counsels; appeals may be laid; and decisions can be enforced only by the formal process of execution. However prompt the courts might be, all these proceedings must take time; meanwhile excitement might be growing over the whole district. Moreover, the courts could not well travel beyond the evidence adduced, and might not be able to enter upon economic considerations notwithstanding that such considerations might have an important bearing upon the cases.

14. That the main questions at issue are economic and agricultural, will be apparent thus. There will seldom be any serious dispute between the tenants-at-will and the zemindars. The really serious disputes arise between the zemindars and the ryots having right of occupancy—mainly men who have been twelve years and upwards in possession; a class who are constantly growing in numbers, and representing larger and larger proportions of the aggregate of ryots, and who probably are already the most important section of the ryots. In some places the zemindars apparently allege that these occupancy ryots are paying very low rents, and consequently claim some enhancement. The occupancy ryots apparently allege that they ought not to be required to pay more than the old established rates of their part of the country. If the zemindars persist in their demands, they cannot eject the occupancy ryots, but they can sue them under section 18 of Act VIII of 1869, which I will here quote *in extenso*—

“18. No ryot having a right of occupancy shall be liable to an enhancement of the rent previously paid by him, except on some one of the following grounds, namely—

“That the rate of rent paid by such ryot is below the prevailing rate payable by the same class of ryots for land of a similar description and with similar advantages in the places adjacent.

“That the value of the produce, or the productive powers of the land, have been increased otherwise than by the agency or at the expense of the ryot.

“That the quantity of land held by the ryot has been proved by measurement to be greater than the quantity for which rent has been previously paid by him.”

15. The civil court then will have to decide whether all or any of the above grounds are or are not found in the particular case or class of cases. Each one of these grounds involves questions for the due settlement of which a civil court cannot be fitted, while the land revenue officers are peculiarly fitted. The third ground, involving questions of actual measurement, may be more exactly arguable than either of the other two, and the court could order a survey. Otherwise, as regards native measurements, there are frequent disputes as to the unit of local measurement, the length of the measuring rod, and the like, which had far better be referred to the land revenue authority than to any other. The first ground, involving questions whether certain other lands in places adjacent are of a similar description, or possess similar advantages with the lands of which the rent is disputed, is not one to be determined by speeches and counter-speeches of counsel, nor one to be settled by witnesses into whose evidence opinion may largely enter, and all this before

a native judge who may not know, and probably would not know much of these matters. The second ground is the most difficult of all, as it involves questions whether the produce, or the productive powers of the land, have been increased otherwise than by the agency or at the expense of the ryot. These are purely economic and agricultural questions which cannot possibly be argued and discussed, and attested in a court of law with any advantage, or with any definite authority. And yet this is the very ground on which the most serious disputes are likely to arise, and is actually the ground on which the disputes in Eastern Bengal are now arising.

16. This latter point may be illustrated by presenting the substance of the dispute now pending in Eastern Bengal. There are very extensive lands of good quality in the valley of the river Megna, of which the rent has been at the rate of 12 annas to 14 annas per beegha. The zemindars say that this rate is very low, and demand an enhancement up to 18 annas and 20 annas. The cultivators, chiefly occupancy ryots, refuse to pay any enhancement upon the established and widely prevailing rate. If the dispute is to have a legal solution, the zemindars will have to bring a suit against the ryots under the section 18 of Act VIII of 1869 above quoted, and according to one or other of the three grounds already adverted to. It is not probable that much difficulty will arise in this instance regarding the first and third grounds, namely the amount of land in the cultivator's possession and the general prevalence of the 12 annas to 14 annas rate. The contest must be upon the second of the three grounds, namely that the value of the produce and productive powers of the land having been increased otherwise than by the agency or at the expense of the ryot. This ground involves general considerations regarding the past and present state of Eastern Bengal; the progress of trade, especially the export trade; the range of prices on the one hand, and on the other hand the expenses of cultivation; the just share of the ryot in the profits of cultivation, the general tendency of rural custom, and the like. It is not easy to imagine matters less suited for discussion in the law courts when the people are becoming angry on both sides. Manifestly the proper persons to bring these urgent matters to a just and peaceful issue are the Collector and his officers. It should be their business, after a general review of the circumstances, to arrive at a conclusion as to whether the 12 annas to 14 annas rate per beegha ought to be maintained as the ryots say, or be raised to 18 to 20 annas as the zemindars say; and if not, then whether it should be raised to something between 14 annas and 18 annas. Or better still, they should try to induce the parties to submit the matter to private arbitration and abide by its results. And they ought to be able to compel obedience from both parties to any decision that may be formed, which they at present have not the lawful power to do, and which they may not, we fear, be able to do.

17. I present this case as an instance, which is now in the course of occurrence. The instances which occurred in the Pubna district during 1873 were apparently more difficult, involving questions under all of the three grounds above prescribed. And cases equally difficult may occur at any time in other parts of Bengal.

18. I do not enter into any question as to the fitness or otherwise of the civil courts to decide these matters in individual disputes in times of quiet. I only say that the courts cannot be so well fitted as the land revenue officers to decide these matters affecting large numbers of excitable people on both sides in times of disquiet. In these matters of urgency my desire is to obtain power by law to do through the land revenue officers—that is, the Commissioners, the Collectors, and the Deputy Collectors, under the supervision of the Board of Revenue—that which in these cases is needful for the peace and good government of the country without proposing any general change of the existing rent law.

19. By the present rent law (VIII of 1869, Bengal Council) the suits regarding rent are heard by the civil courts. They used to be heard by the land revenue authorities, but they were by this Act transferred to the civil courts. Many authorities consider that this transfer was not expedient. The zemindars (as I understand) generally dislike the change that was then made, and would desire to see these suits retransferred to the revenue authorities. It is difficult to gauge the opinion of the ryots in regard to the transfer of these suits to the civil courts; I have no evidence, however, that they dislike it. I believe that the civil courts have done the work well according to the existing law, and have at least endeavoured to do substantial justice. Still, my own opinion inclines to be against the transfer that was made in 1869. I apprehend that the speedy and judicious decision of suits between landlord and tenant is very important to the future tranquillity of Bengal, and that the land revenue authorities are much better fitted than the civil courts can be to decide these suits to the advantage of both parties concerned. As, however, the law was passed in 1869, I am not disposed to move for its being essentially altered; although, if the general wish should hereafter prove to be favorable to such alteration, I for one should not be able to object to consider the question.

20. But I recommend that the local Government should have the power, upon good cause shown, of appointing the Collector or other officer to settle authoritatively disputes of the nature above described, and to enforce awards. There need not be any power taken to interfere unduly between landlord and tenant, but only when the parties might apply for our interposition, and when such interposition might appear necessary for peace and good government. There would be no necessity for giving more power to the Collector in fixing rents and rent rates than that which is given by the existing rent law to the courts of justice. There would be nothing of a one-sided character in

the matter. The zemindar might make application, so might the ryots. Sometimes one of the two parties might avail itself of this advantage, sometimes the other. The interposition need not extend beyond certain limits, and would be limited to matters of rent and its rates, and the measurement of land as affecting such rents. Within the declared area of interference, and during the period of its duration (all which would be determined by the local Government), the Collector would, after due inquiry, and after hearing both parties, fix the rates of rent according to the circumstances, and with such guidance as the existing laws might afford him, and decide suits for rent, both current dues and arrears. The Collector should also have the power of fixing the disputed rents for a short term of years, so that there might be no chance of need arising for again exercising interposition within a reasonable period. The matters thus decided would not be open to revision by the civil courts, but appeals would lie to the Commissioner and to the Board. It might be thought that the parties, zemindars and ryots, or either party as the local Government might direct, might be charged with the expenses incurred by the State by these proceedings; I do not, however, recommend this. The Collectors and the Deputy Collectors—in fact the existing establishment—would be able to do the work, which would not be of constant occurrence. For these objects I have prepared a draft Bill which I should be glad to introduce into the local legislature of Bengal. If this Bill, with such modifications or improvements as might be made during its passage through Council, should become law with the assent of the Governor-General, then, for all ordinary times and occasions, the Acts (VIII of 1869 and X of 1859) would remain in force as the rent law of Bengal. The difference between the present and proposed practice would be this, that we should have the legal power, which we have not now, of dealing effectively with agrarian troubles through the agency of the land revenue authorities. It is only by such agency that the occurrence of these troubles is or can be prevented in Bengal. At present such prevention is effected at the best in a precarious and uncertain way: perhaps it may not always be effected. But if the proposed Bill were to become law, the land revenue authorities would have power to prevent such trouble breaking out, and would be under responsibility for such prevention, which responsibility they would, I believe, be able to discharge to the satisfaction of Government.

21. The foregoing remarks are meant to apply to Bengal mainly: they are, however, equally applicable to Behar. They apply, however, in a less degree to Orissa, to the Chota Nagpore province, and to Julpigoree and the Western Dooars, to which territories the Act (VIII of 1869) was not extended, and where rent suits are tried by the land revenue officers under Act X of 1859. In these districts the local Government has far better means of preventing agrarian trouble than in Bengal and Behar. Still its hands would be strengthened even in Orissa and Chota Nagpore by the passing of the proposed Bill. I would therefore extend the measure to all the territories under the Government of Bengal.

RICHARD TEMPLE.

172-182. Of municipal markets.

CHAPTER XI.

183-194. Of bye-laws, penalties, and prosecutions.

CHAPTER XII.

195-205. Miscellaneous.
Six schedules.

A Bill to amend and consolidate the law relating to Municipalities.

WHEREAS it is expedient to consolidate and amend the law relating to Municipalities within the territories subject to the government of the Lieutenant-Governor of Bengal: It is enacted as follows:—

Preamble.

CHAPTER I.

PRELIMINARY.

1. This Act may be cited as the "Bengal Municipalities' Act, 1875."

Except as provided in Chapter X of this Act—

(a) Every place to which the provisions of the District Municipal Improvement Act, 1864, have been extended under Section 1 of such Act shall, for the purposes of this Act, be deemed to be a first class municipality, and every place to which the provisions of the District Towns Act, 1868, have been extended under Section 2 of such Act shall, for the purposes of this Act, be deemed to be a second class municipality:

and for the purposes of such municipalities this Act shall, save as is provided in Chapter X, come into force on the _____ day of _____ and such date shall, for such purposes, be deemed to be the commencement of this Act

In every first class municipality as aforesaid it shall be deemed that a tax on the annual value of holdings under Chapter V of this Act, and in every second class municipality as aforesaid it shall be deemed that a tax upon persons under the said chapter, has been duly imposed; and such tax shall be levied accordingly until the Commissioners, with the sanction of the Lieutenant-Governor, shall otherwise direct;

and in every such municipality in which a tax on carriages and animals, or a fee upon the registration of carts, or tolls on ferries, may have been levied before the commencement of this Act, it shall be deemed that the said taxes, fees or tolls have been duly imposed under the provisions of Section 63 of this Act, and such taxes, fees, or tolls shall continue to be levied accordingly.

(b) This Act may be extended by the Lieutenant-Governor of Bengal, by notification published in the *Calcutta Gazette*, to any tract of country not being within the limits of the ordinary original jurisdiction of the High Court at Fort William in Bengal, from such date as may be specified therein, and it shall come into force in such tract of country on the date so specified, and such date shall, for the purposes of such tract of country, be deemed to be the commencement of this Act.

2. On the commencement of this Act

Enactments repealed. enactments specified in the fifth schedule to this Act shall be repealed to the extent mentioned in the third column thereof; and the enactments specified in the sixth schedule to this Act shall cease to be in force in every municipality under this Act to the extent mentioned in the third column thereof.

But this repeal shall not revive any office, authority, or thing abolished by any such enactment, or affect the validity of any thing done or suffered, or any right, title, obligation, or liability accrued before the commencement of this Act.

And all rules prescribed; assessments, valuations, measurements, divisions, and appointments made; powers conferred, and notifications published under any such enactment; and all other rules (if any) now in force and relating to the matters hereinafter dealt with, shall (so far as they are consistent with this Act) be deemed to have been respectively prescribed, made, conferred, and published hereunder.

And all references to any such enactment shall (so far as may be practicable) be deemed to be made to this Act.

And all proceedings now pending, which may have been commenced under any such enactment, shall be deemed to be commenced under this Act.

The Commissioners under this Act shall, in reference to all the matters aforesaid, be substituted for the late Commissioners, Committee, or Panchayet (as the case may be).

3. In this Act, unless there be something repugnant in the subject or context—

“Carriage.” means any wheeled vehicle with springs.

“Cart.” means any cart, hackery, or wheeled vehicle without springs.

“Chapter.” means Chapter of this Act.

“Holding” includes any parcel of land, house, tank, or other immoveable property, which, in the opinion of the Commissioners, should be separately valued, or in respect of which any person should be separately assessed.

“House.” includes any hut, shop, warehouse, or building.

“Immoveable property” and “land” severally mean land, benefits to arise out of land, things attached to the earth, or permanently fastened to anything attached to the earth.

“Moveable property” means property of every other description than immoveable property.

“Lieutenant-Governor” means the Lieutenant-Governor of Bengal for the time being or the person acting in that capacity.

“Magistrate of the district” means the chief Magistrate in a district, exercising throughout the district all the powers of a Magistrate.

“Magistrate” means a Magistrate subordinate to the Magistrate of the district, or a Magistrate in charge of a division of the district in which division a Municipality is constituted.

“Municipality” means any tract of country to which this Act, or any part thereof, shall have been extended.

“Municipal year” means a year beginning on the first day of April, or on such other date as may hereafter be fixed by the Lieutenant-Governor by notification in the *Calcutta Gazette*.

“Navigable channel” means any waterway, whether natural or artificial, through which a boat can pass.

“Offensive matter” means night-soil, sewage, and other contents of privies, drains, and cess-pools.

“Owner” includes—
(a) the person entitled for the time being to receive the rent of the land, or the person in charge of the thing, with respect to which the word is used;

(b) an agent for any such person;

(c) a trustee for any such person;

Provided that no such agent or trustee shall be liable to do any thing required by this Act to be done by the owner, nor shall he be subject to any fine for omitting to do such thing, unless he have sufficient funds in his hands, as such agent or trustee to do such thing

“Place” in Sections 8 and 9 of this Act means any station, bazar, town, suburb, inhabited village, or hamlet, in which a majority of the adult male population is chiefly employed in pursuits other than agriculture.

“Road” means any road, street, square, court, alley, or passage, whether a thoroughfare or not, over which the public have a right of way.

“Rubbish” means all dirt, dung, broken brick, mortar, broken glass, kitchen, or stable refuse, or refuse of any kind whatsoever, and filth of any kind not included in the term “offensive matter.”

“Schedule” means schedule annexed to this Act.

“Section.” means a section of this Act.

“The Commissioners” means the persons for the time being appointed or elected to conduct the affairs of any Municipality under this Act, and shall include ex-officio Commissioners under this Act.

CHAPTER II.

OF THE CREATION OF MUNICIPALITIES.

4. From the date specified in any notification under section 1 (b), the tract of country in such notification mentioned shall be deemed to be created a Municipality for the purposes of this Act.

The notification shall—

(a) define the limits of the Municipality;

(b) declare whether the same shall, for the purposes of this Act, be a first or second class Municipality.

The Lieutenant-Governor may, by like notification, at any time, order that a municipality be transferred from one class to the other; and may vary the limits of any municipality or withdraw any tract of country from the operation of this Act or part thereof.

5. No tract of country which does not contain at least fifteen thousand inhabitants, and which does not contain the average number of not less than two thousand inhabitants to the square mile of the area of such tract, shall be declared to be a first class Municipality.

6. No tract of country which does not contain at least one thousand inhabitants, and which does not contain the average number of five hundred inhabitants to the square mile of the area of such tract, shall be declared to be a second class Municipality.

7. No tract of country shall be declared a municipality under this Act unless a majority of the adult population of such tract of country is chiefly employed in pursuits other than agricultural.

8. The Lieutenant-Governor may from time to time, by notification in the *Calcutta Gazette*, announce that there shall be united with any tract of country as aforesaid (for the purpose of forming a first or second class Municipality, as the case may be), any number of specified places, provided that no place shall be included within any such union, unless some part of such place be situated within the distance of half a mile from some other place included in such union.

9. Whenever the Lieutenant-Governor shall have declared two or more places to be united for the purpose of forming a first or a second class Municipality as aforesaid, all tracts of country lying within a supposed ring-fence drawn round the exterior limits of all such united places shall be deemed to be within the Municipality.

CHAPTER III.

OF THE MUNICIPAL AUTHORITIES.

PART I.—Of the Constitution of the Municipality.

10. The Lieutenant-Governor shall from time to time appoint, in every first class Municipality, not less than eight, and in every second class Municipality not less than four, persons to be Commissioners for carrying out in such Municipality the purposes of this Act.

11. The Lieutenant-Governor may delegate to any officer the power of appointing Commissioners in any second class Municipality.

12. The Lieutenant-Governor may at any time direct that the whole or any number, not being less than two-thirds, of the Commissioners to be appointed under the last preceding section shall be elected by the rate-payers, subject to such rules in regard to qualification and election as he may think fit.

In any such election every person shall be entitled to vote who has paid the tax on persons, or the tax on holdings, hereinafter mentioned, that has become payable by him :

Provided that if such election take place before the said taxes have been levied in any Municipality, it shall be made by the householders therein.

The Lieutenant-Governor may appoint any persons to be *ad interim* Vice-Chairman and Commissioners pending the election of Commissioners under this section.

13. No person shall be appointed or elected a Commissioner, or a Member of a Ward Committee, under this Act in any Municipality who does not either reside or hold land therein, or within five miles from some part of the limits thereof :

Provided that when the imposition of any tax has been determined on in any Municipality, no person shall be appointed or elected therein a Commissioner, or Member of a Ward Committee, who does not pay, or is not liable to, municipal taxes therein.

14. The Lieutenant-Governor may from time to time accept the resignation of any Commissioner or Member of a Ward Committee, appointed or elected under this Act, and may remove any such Commissioner or Member of a Ward Committee for corruption or continued neglect to attend the meetings of the Commissioners, or otherwise to discharge his duty as Commissioner, or Member of a Ward Committee.

15. The Lieutenant-Governor may at any time withdraw any direction given by him under section 12 for the election of Commissioners in any Municipality.

16. In addition to the Commissioners appointed or elected as hereinbefore provided, the Magistrate of the district and the Magistrate of the division shall be *ex-officio* Commissioners of every Municipality situated within their respective jurisdictions, and the Lieutenant-Governor may direct, by notification in the *Calcutta Gazette*, that the persons for the time being exercising the functions of the offices to be named in such notification shall be *ex-officio* Commissioners for any or every Municipality to which the official functions of the offices held by the persons so appointed may extend ;

and the Lieutenant-Governor may appoint as a Commissioner of any Municipality any officer in the service of Government holding a salaried office (the salary of which is not less than one hundred rupees a month) in the district in which the Municipality is situate :

Provided that not more than one-third of the whole number of Commissioners shall be persons, holding in the Judicial, Police, or Revenue Departments of the Government service, salaried offices of which the functions are exercised within the district in which the Municipality is situated, unless such persons be elected Commissioners otherwise than by appointment by the Lieutenant-Governor, or by any officer to whom the power of appointing Commissioners has been delegated under section 11.

17. Except as herein-after provided, every Commissioner shall vacate his office at the end of three years.

18. When Commissioners are for the first time appointed or elected in any place, one-third of the whole number of which the body may consist on the first day of the municipal year next following the date of the appointment or election of such Commissioners, shall retire at the end of one year, and another third at the end of two

years, and the rest at the end of three years, to be computed from the first day of the year next following the date of the appointment or election of such Commissioners.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below it, which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second years respectively shall be decided by lot.

19. When any Commissioners have been elected under section 12, the rule of rotation in section 18 shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

Application of rule of rotation separately to appointed and elected Commissioners.

20. In calculating the whole number of Commissioners for the purposes of section 18, all *ex-officio* Commissioners shall be excluded; and such *ex-officio* Commissioners shall remain Commissioners so long as they continue to hold the respective offices in virtue of which they are respectively Commissioners.

* Calculation of number of the Commissioners.

21. Any person who vacates his office under the provisions of Section 17, or who retires under the provisions of Section 18, may be at any time re-appointed or re-elected.

Retiring Commissioner may be re-appointed or re-elected.

22. The Magistrate of the district, if the Municipality be at the sudder station, or the Magistrate in charge of a division of the district, if the Municipality be situated within such division, shall be *ex-officio* Chairman of the Commissioners of such Municipality.

Chairman of Commissioners.

The Magistrate of the district may, with the sanction of the Lieutenant-Governor, delegate to any Magistrate subordinate to him at a sudder station any of the powers vested by this Act in the Chairman of the Commissioners, and may withdraw such powers.

In the absence of the Magistrate of a division of the district, the Magistrate of the district may appoint any Magistrate subordinate to him to officiate as Chairman of the Commissioners within such division.

23. The Commissioners shall elect their own Vice-Chairman, subject to the approval of the Lieutenant-Governor; he shall hold office for one year from the date of his election, and shall be eligible for re-election at the end of each year.

Election of Vice-Chairman.

Such Vice-Chairman may at any time be removed from the office of Vice-Chairman by a resolution of the Commissioners, in favor of which not less than two-thirds of the Commissioners shall have voted:

Provided that the Lieutenant-Governor may sanction the election permanently, or for a term of years, of a salaried Vice-Chairman proposed by the Commissioners.

24. The Commissioners shall, in the name of their Chairman, by the description of "The Chairman of the Municipal Commissioners of _____," be a body corporate,

Commissioners incorporated.

and have perpetual succession, and a common seal, and in such name shall sue and be sued.

Such common seal shall have the name of the Municipality engraved thereon in legible characters in the English language, and also in the vernacular of the district.

PART II.—Of the Property and Contracts of the Commissioners.

25. All property, moveable and immoveable, of any kind whatsoever, derived under any of the enactments specified in the fifth or sixth schedule, or otherwise, and vested in, or held in trust for the late Commissioners, Committee, or Panchayet (being the Commissioners or Committee or Panchayet appointed under any of the said enactments), for the tract of country which has been declared to be included in a Municipality, shall become vested in the Commissioners of such Municipality and their successors.

All property and rights of action of Municipal Commissioners or Panchayet vested in Commissioners appointed under this Act.

26. All roads, bridges, embankments, and drains in any Municipality (not being private property), now existing, or which shall afterwards be made, and the pavements, stones, and other materials thereof, and also all erections, materials, implements, and other things provided therefor, shall vest in and belong to the Commissioners of such Municipality.

Public roads, &c., vested in the Commissioners.

But the Lieutenant-Governor may from time to time, by notification, exclude any road, bridge, embankment, or drain from the operation of this Act unless the cost of the original construction of the same shall have been paid from the Municipal Fund, and may cancel such notification wholly or in part.

27. The Commissioners may at a meeting agree with the person, in whom the property in any road is vested, to take over the property therein, and after such agreement may declare, by notice in writing put up in any part of such road, that the same has become a municipal road.

Thereupon such road shall vest in the Commissioners and shall thenceforth be repaired and kept up out of the Municipal Fund.

28. Every hospital, dispensary, school, rest-house, market, tank, and well, not being private property, or the property of a religious institution or society, and all medicines, furniture, and other articles appurtenant thereto, not being private property, which at and after the commencement of this Act shall be found within any Municipality may, by order of the Lieutenant-Governor, duly published, be vested in the Commissioners of such Municipality, and thereupon all endowments or funds belonging thereto shall be transferred to, and vested in, such Commissioners as trustees for the purposes to which such endowments and funds were lawfully applicable at the time of such transfer:

Provided that no such order shall be published until one month after notice of the intention to transfer such property shall have been published in the *Calcutta Gazette*, and within the Municipality in the vernacular language of the district.

Existing hospitals, schools, rest-houses, &c., may be vested in the Commissioners.

29. If the Commissioners at a meeting shall, after publication of a notice in the last preceding section mentioned, object to the transfer to themselves of any hospital, dispensary, or school, on the ground that their funds cannot bear the charge, then such transfer shall not be made save under such conditions as the Commissioners at a meeting may agree to accept.

30. The Commissioners at a meeting may purchase or take on lease any land for the purposes of this Act, and may sell any land not required for such purposes.

31. When any land within the limits of any Municipality is required for the purposes of this Act, if the Commissioners cannot agree with the owner for the purchase thereof, the Lieutenant-Governor, on the recommendation of the Commissioners, may notify that such land is required under the provisions of the Land Acquisition Act, 1870; and, on payment by the Commissioners of the compensation awarded under such Act, the land shall vest in them for the purposes of this Act.

32. The Commissioners may enter into and perform any contract necessary for the purposes of this Act.

Every contract made on behalf of the Commissioners in respect of any sum exceeding twenty rupees, or in respect of any property exceeding twenty rupees in value, shall be in writing, and signed by at least two of the Commissioners, one of whom shall be the Chairman or Vice-Chairman, and shall be sealed with the common seal of the Commissioners.

Unless so executed, it shall not be binding on the Commissioners.

PART III.—Of the Mode of Transacting the Business of the Municipality.

33. The Commissioners shall have an office, where they shall meet for the transaction of business at least once in every month, and as often as a meeting shall be called by the Chairman, or, in his absence, by the Vice-Chairman, and all questions which may come before them at any meeting shall be decided by a majority.

The Chairman, or, in his absence, the Vice-Chairman, shall call a meeting on a requisition signed by three of the Commissioners.

34. The Chairman, or, in his absence, the Vice-Chairman, shall preside at every such meeting, and, in the absence of both the Chairman and Vice-Chairman, the Commissioners shall choose some one of their number to preside.

In cases of equality of votes, the President shall have a casting vote.

35. No business shall be transacted at a meeting unless it has been called by the Chairman or Vice-Chairman, and unless, at least, in the case of a first class Municipality, five, and in the case of a second class Municipality, three, Commissioners be present.

36. Minutes of the proceedings of all meetings of the Commissioners shall be entered in a book to be kept for the purpose, and shall be signed by the President of the meeting, and such book shall be open to the inspection of the tax payers.

37. The Chairman shall, for the transaction of the business connected with, or for the purpose of making any order authorized by this Act, exercise all the powers vested by this Act in the Commissioners: Provided that the Chairman shall not act in opposition to or in contravention of, any order of the Commissioners at a meeting, or exercise any power which is directed to be exercised by the Commissioners at a meeting.

38. The Chairman may, by a written order, delegate to the Vice-Chairman or any of the duties or powers of a Chairman as defined in this Act, subject to such restrictions as may seem fit to him, and may at any time by a written order withdraw the same.

39. The Commissioners at a meeting shall from time to time decide what number of overseers, clerks, registrars, subordinate officers, servants, and collectors of taxes or tolls may be necessary for the Municipality, and shall from time to time fix the salaries to be paid to such persons respectively out of the Municipal Fund, and the allowances to be granted to such persons during absence on leave.

Subject to such decision, the Chairman shall have power to appoint such persons as he may think fit, and from time to time to remove such persons and appoint others in their places:

Provided that no person shall be appointed to, or removed from, any office, the monthly salary of which exceeds fifty rupees without the sanction of the Commissioners at a meeting; and no salary amounting to more than one hundred rupees a month in a second class Municipality, or to more than one hundred and fifty rupees a month in a first class Municipality, shall be assigned to any clerk or other servant without the previous sanction of the Magistrate of the district.

40. The Commissioners shall take from every collector of municipal taxes or tolls, such security for the sums collected by him as they may think proper.

PART IV.—Of Ward Committees.

41. The Commissioners may at a meeting divide any Municipality into wards, and thereupon appoint, or cause to be elected, in the manner provided by Section 12, for each ward, not less than three qualified persons, whether such persons be or be not Commissioners for the time being, to be Members of the Ward Committee, and the said Commissioners at a meeting may define the limits of the ward for which any Ward Committee may be appointed or elected.

All questions regarding the removal, resignation, and filling up vacancies among the Members of Ward Committees shall be settled by the Commissioners at a meeting.

42. Each Ward Committee may, for each year if they see fit, elect their own Chairman from among their own number.

43. A Ward Committee, within the limits of their ward, as defined by the Commissioners at a meeting, shall exercise all the powers, and shall be bound to perform all such duties, of Commissioners as defined in this Act, as the Commissioners at a meeting shall have delegated to them.

All acts done, orders issued, and assessments made by Ward Committees, shall be subject to the control and revision of the Commissioners, who may at any time withdraw all or any of such powers and duties.

PART V.—*Liability of Commissioners and Ward Committees.*

44. No Commissioner or Member of a Ward Committee shall be personally liable for any contract made, or expense incurred, by or on behalf of the Commissioners.

Every Commissioner or Member of a Ward Committee shall be personally liable for any wilful misapplication of money entrusted to the Commissioners to which he shall have been a party, and he shall be liable to be sued for the same.

45. No Commissioner or Member of a Ward Committee, or other, or servant of the Commissioners or Committee shall be interested, directly or indirectly, in any contract made with the Commissioners. And if any such person be so interested, he shall thereby become incapable of continuing in office or employment, and shall be liable to a fine not exceeding five hundred rupees:

Provided that no person shall, by reason of being a shareholder in, or a member of, any incorporated or registered company, be deemed interested in any contract entered into between such company and the Commissioners.

But no such shareholder or member shall act as a Commissioner or Member of a Ward Committee in a matter relating to any contract entered into between the Commissioners and such company.

46. No Commissioner or Member of a Ward Committee shall vote on any question which regards exclusively the assessment of himself or the valuation of his property, or his liability to any tax.

CHAPTER IV.

OF THE MUNICIPAL FUND AND ITS APPLICATION.

47. All sums received by the Commissioners, and all fines paid or levied under this Act, and all other sums which, under the sanction of Government, may be transferred to such Commissioners, shall constitute a fund which shall be called the Municipal Fund, and shall, together with all property of every nature or kind whatsoever, which may become vested in the Commissioners, be under their control, and shall be held by them in trust for the purposes of this Act.

The Municipal Fund shall be deemed to be the fund applicable to police purposes mentioned in sections 11 and 48 of Bengal Act No. II of 1866 (to provide for the better regulation of the Police within the Suburbs of the Town of Calcutta).

48. The Commissioners shall set apart and apply annually out of the Municipal Fund such sum as they are by this Act required to provide for the maintenance of the Municipal police force, and a sum sufficient for payment of their own establishment and the expenses of their office.

49. The Municipal Fund, after the sums mentioned have been set apart under the last preceding section, may, subject to such rules and restrictions as the Lieutenant-Governor may from time to time prescribe, be applied by the Commissioners to any of the following purposes within the Municipality in which such Municipal Fund is raised, that is to say—

(1) The construction, repair, and maintenance of roads, wharves, embankments, channels, drains, bridges, and tanks;

(2) The supply of water and lighting of roads;

Other works of public utility calculated to promote the health, comfort, or convenience of the inhabitants

Provided that for every thousand inhabitants of any Municipality not more than two hundred rupees a year shall be expended on such objects, unless the Lieutenant-Governor shall, at the request of the Commissioners at a meeting, extend such limit for a special object;

(3) The diffusion of education, and with this view the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid;

(4) The establishment and maintenance of hospitals and dispensaries;

(5) The promotion of vaccination;

(6) And for carrying out the purposes of this Act.

Provided that no portion of the Municipal Fund shall be applied to the establishment and maintenance of schools, or hospitals, or dispensaries, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Commissioners, or of the Members of the Ward Committee respectively, at a meeting specially convened for considering the question of such application.

50. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality or in any district or sub-division, where such expenses are incurred for any of the purposes described in clauses (1) and (2) of the last preceding section, and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done):

but no contribution shall be made under this section to any work except such as is calculated to benefit the inhabitants of the contributing Municipality.

51. The account books of the Municipality shall be open to the inspection of any tax-payer at the office of the Commissioners on a day to be fixed in each week.

Account books to be kept open and quarterly statement published. An account showing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer, and a copy of such account shall be forwarded to the Magistrate of the district for submission to the Commissioner of the division.

52. The Commissioners, at a meeting three months before the close of the municipal year, shall prepare in detail estimates showing the probable receipts and expenditure during the ensuing Municipal year, and the objects in respect of which it is proposed to incur such expenditure.

53. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Magistrate and in the Municipal office or offices.

During fourteen days after the estimates shall have been so lodged in the said offices, of which due notice shall be published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

54. After the expiration of the said fourteen days, and after such revision as may appear requisite, the Chairman shall transmit the estimates to the Magistrate of the district with any remarks or objections thereupon which may have been recorded by himself or by the Commissioners at a meeting; and the Magistrate of the district shall forward them to the Commissioner of the division together with such remarks or objections, and his own opinion thereon.

55. The Commissioner of the division shall sanction any estimate forwarded under the last preceding section which may appear to him to be unobjectionable.

If he sees any objections to an estimate, he shall record and forward the same, together with the estimate, for reconsideration by the Commissioners.

A meeting shall be called specially for the purpose of such reconsideration; and the decision of the majority of the Commissioners attending at such meeting shall, subject to the provisions of section 56, be final.

56. The Commissioners at a meeting may at any time revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal; and such revised estimate shall be published and forwarded for sanction to the Commissioner of the division through the Magistrate of the district, as pro-

vided in section 54, and the Commissioner of the division may return such revised estimate for reconsideration by the Commissioners in manner provided by section 55.

57. The Commissioners shall, at such time and in such form as the Lieutenant-Governor shall direct, furnish an annual report of their proceedings and statements in detail of all the works executed by them, and of all sums received and expended by them.

Every such report shall be published in the *Calcutta Gazette*.

58. The municipal accounts shall be audited by such person and in such manner as the Lieutenant-Governor shall direct, and the expense of such audit shall be paid from the Municipal Fund.

59. The Lieutenant-Governor may direct that the cost of maintaining clerks or other establishments in the offices of the Magistrate of the district and of the Commissioner of the division, for the audit of accounts and the requisite correspondence connected with the purposes of this Act, shall be paid in rateable proportion from the funds of the several Municipalities which may be constituted under this Act in such district or division.

And the Commissioners of every Municipality shall pay to the Magistrate of the district the sum which they may be required to pay for the purposes of this section and the last preceding section.

60. All sums belonging to the Municipal Fund shall be paid into a Government treasury, or, with the sanction of the Commissioner of the division, into any bank or branch bank, in or near to the Municipality, and shall be credited to an account to be called the Account of the Municipality to which they belong:

Provided that the Commissioners may invest any moneys not required for immediate use either in the Government Savings' Bank or in Government securities, or in any other form of security which may be approved of by the Lieutenant-Governor.

61. All orders for payment of money from the Municipal Fund shall be signed by the Chairman, or by the Vice-Chairman and one of the Commissioners.

CHAPTER V.

OF MUNICIPAL TAXATION.

PART I.—Of the Power to impose Taxes and Tolls.

62. The Commissioners of any Municipality at a meeting may from time to time with the sanction of the Lieutenant-Governor impose within the limits of such Municipality one or other, but not both, of the following taxes:—

- (a) A tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality: provided that the total sum to be raised by such tax in any year shall not exceed the sum which would be produced by an average rate of two rupees and

four annas per annum for each holding, and that the amount assessed in respect of the occupation of any one holding shall not be more than eighty-four rupees per annum; or

- (b) A tax on the annual value of all holdings situated within the Municipality: provided that such tax shall not exceed seven and a half per cent. on the annual value of such holdings, unless the said tax was levied at a higher rate before the commencement of this Act; and provided also that no tax shall be imposed on any holding of which the annual value is less than six rupees.

63. Subject to the provisions of the section next succeeding, the Commissioners of any Municipality at a meeting may,

Additional taxes.

from time to time, with the sanction of the Lieutenant-Governor, impose within the limit of such Municipality all or any of the following taxes and tolls, in addition to either of the taxes mentioned in the last preceding section:—

- (a) A tax on carriages, horses, and other animals.
(b) A fee on the registration of carts.
(c) Tolls on ferries and roads.

PART II.—Of the Tax on Persons.

64. When it has been determined that a tax on persons occupying holdings within the Municipality, according to their circumstances and property shall be imposed, the Commissioners shall, from time to time, prepare an assessment list, which shall be in the form in the first schedule.

The Commissioners may omit from the list prepared under this section any person who may by them be deemed too poor to pay such tax.

65. The Commissioners may, at any time after the publication of the assessment list, assess any person who was without authority omitted therefrom, or whose liability to assessment has accrued thereafter.

Notice of such assessment shall be given to the person assessed, who may apply to the Commissioners to review the same.

66. Any person mentioned in the assessment list, who shall at any time after the publication thereof have ceased to occupy any holding in respect of which he has been assessed, or whose means and property in respect of which he has been so assessed shall have been reduced, may apply to the Commissioners to revise his assessment.

Such application may be made at any time, and shall be dealt with in the manner provided by section 81 in respect of an application for review.

67. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any fresh occupant of the property assessed, and shall give notice to the person whose name is so substituted.

Such person shall be liable to pay the amount in respect of such occupation from the first day of the quarter of the municipal year next after the date of the change of occupation.

The Commissioners may raise, or decrease, the assessment made on account of the occupation of the holding, as they may see fit, having reference to the circumstances and property within the municipality of the new occupant.

PART III.—Of the Tax on Holdings.

68. When it has been determined that a tax shall be imposed on the annual value of holdings, any such tax shall be paid by the owners of the holdings by quarterly instalments.

Houses used exclusively as places of public worship, or applied solely to charitable purposes, shall not be liable to such tax.

69. The gross annual rent at which any holding may be reasonably expected to be let, shall be deemed to be the annual value thereof, and such value shall accordingly be fixed by the Commissioners:

Provided that the annual value of any arable land shall be deemed to be one-half of the annual rent at which such land may be reasonably expected to be let.

70. If any house belongs to one owner, and the land on which it stands, and the adjacent land which is usually occupied therewith, belong to another, the Commissioners may value such house and land together at one consolidated rate.

The total amount of the evaluation shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the tax so paid by him as is equal to the proportion which his rent bears to the annual value of the whole property.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the tax so deducted by the owner of the house, the Commissioners at a meeting shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

71. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of tax, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

72. The Commissioners, in order to prepare a valuation list, may, whenever they think fit, by notice, require the respective owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof, and they, or any

person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure, any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

73. When the valuation of the holdings has been completed, the Chairman shall prepare a valuation list in the form in the second schedule (of which the last column will remain blank).

74. The Commissioners may at any time after the publication of the said valuation list value any holding, which was without authority omitted therefrom, or which has become liable to valuation after the publication thereof.

Notice of the amount of the valuation shall be given to the person affected thereby, who may apply to the Commissioners to review the same.

75. The Commissioners may at any time substitute for any name mentioned in the said valuation list the name of any person to whom any holding mentioned therein shall have been transferred, and shall give notice thereof to the person whose name is so substituted.

Such person shall be liable to pay the amount payable on such holding from the first day of the quarter of the municipal year next after the date of the transfer.

76. When any house has been vacant for sixty or more consecutive days during any municipal year, the Commissioners shall remit one-half of so much of the tax of that year as may be proportionate to the number of days the said house has remained unoccupied; provided that the owner of such house, or his agent, has given to the Commissioners notice in writing of the vacancy thereof, and that the amount of tax to be remitted shall be calculated from the date of the delivery of such notice.

No notice of vacancy given under this section shall have effect beyond the end of the quarter in which it has been given, unless a similar notice of continued vacancy be given within the first fifteen days of the following quarter.

When such notice of vacancy has been given, the owner shall give immediate notice of any re-occupation.

PART IV.—Of general provisions relating to the taxes on persons and holdings.

77. The Commissioners at a meeting shall determine the rate at which the tax on persons and the tax on holdings shall be imposed; and at a meeting to be held not less than fifteen days before the expiration of each municipal year shall determine the rate at which such taxes shall be imposed for the ensuing year.

78. The assessment list and valuation list respectively, shall be signed by the Chairman and shall be published.

On the publication of the assessment list or valuation list respectively, the Chairman shall serve a notice in the vernacular of the district,

on each person liable to assessment, or on the owner of each holding, containing an extract from such list of the entries affecting him.

79. Save as herein otherwise provided, every assessment and valuation, when published, shall be valid for three years and until the beginning of the municipal year next after the date on which a new assessment or valuation may be made.

80. Any person who is dissatisfied with the assessment, or with the valuation of any holding, or who disputes his occupation of any holding, or his liability to be assessed, may apply to the Commissioners to review the same.

81. Every application to review any order of assessment, any list, or other proceeding in respect of the amount of the assessment or demand, or of the liability of the person assessed or required to pay such amount, shall be heard and determined by not less than three Commissioners, one of whom shall be the Chairman or Vice-Chairman, who, after making such inquiries as they may deem necessary, may confirm or amend the same.

If such Commissioners confirm the same, they may order that the applicant shall pay such reasonable costs as may have been incurred in respect of his application.

The decision of such Commissioners or of a majority thereof, in such cases shall be final.

No such application shall be received after the expiration of two months from the time when publication under section 78 has been made unless good grounds be shewn to the satisfaction of such Commissioners; and in no case shall such application be received after the expiration of ten days from the service under section 114 of the first bill or other demand for payment.

82. No objection shall be taken to any assessment, nor shall the liability of any person to be assessed be questioned, in any other manner or by any other authority than in this Act is provided.

PART V.—Of the Tax on Carriages and Animals.

83. When it has been determined that a tax on carriages and animals kept within the Municipality shall be imposed, the Commissioners at a meeting shall make and publish an order, stating at what rates, not exceeding the rates given in the third schedule, such tax shall be imposed, but such tax shall not be imposed on:—

- (a) animals belonging to officers doing regimental duty at the rate of one animal for each officer;
- (b) animals exempt from any municipal tax under section 25 of the India Volunteers Act, 1869;
- (c) carriages or animals belonging to Government, or to the Commissioners;
- (d) animals used by, or in, any cavalry regiment, or by the police;
- (e) carriages or animals kept for sale by any *bond fide* dealer in such carriages or animals, and not used for any other purpose.

Such order shall continue in force until rescinded, and the Commissioners at a meeting, not less than fifteen days from the expiry of any municipal year, may make, and in that case shall publish, an order, stating the rates of such tax for the ensuing year.

84. The owner of every carriage and animal mentioned in the third schedule shall, within a month after the publication of an order under the last preceding section and in like manner within the first month of each municipal half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages and animals liable to the tax for which he desires to take out a license.

Such owner shall at the same time pay to the Commissioners such sum as shall be payable by him for the current municipal half-year at the date of such publication for the carriages and animals specified in such statement, according to the rates stated in any order in force at the time made under section 83.

If any person becomes possessed, at any time after the commencement of the municipal half-year, of any carriage or animal mentioned in the third schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay the tax for the unexpired portion of the half-year calculated from such date.

85. On receiving the amount of the tax under this Part, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages and animals for the period in respect of which the amount is received.

Such license shall be for the current municipal half-year and no longer.

86. Whenever the owner of any carriage or animal is not resident within the limits of the Municipality wherein the same is kept, the person occupying the premises where it is for the time being kept shall take out a license under this Part.

87. The Commissioners at their discretion may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages and animals for hire, for a certain sum to be paid for the carriages and animals so kept by such person, in lieu of the rates stated in any order made by the Commissioners under section 83.

88. The Commissioners shall from time to time cause to be prepared and entered in distinct columns in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current municipal half-year, a license has been given under this Part, and of the carriages and animals in respect of which they have paid.

89. The Commissioners, or any person authorized by them in that behalf, may at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage or animal liable to taxation for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages and animals in respect of which such person is liable to be taxed.

PART VI.—Of the Registration of Carts.

90. The Commissioners at a meeting may make and publish an order that every cart, kept and used within, or let for hire within or without the municipality and used within it, shall be registered by the Commissioners with the name and residence of the owner, and shall bear the number of registration in such manner as the said Commissioners shall direct:

This section shall not apply to carts:—

- (a) which are the property of the Government, or of the Commissioners;
- (b) which are kept at more than two miles' distance from the Municipality, and are only temporarily and casually used within it.

91. The registration of carts, under the last preceding section shall be made, and the numbers assigned, half-yearly upon such days as the Commissioners shall notify, and such fee as they shall fix, not exceeding one rupee, shall be paid for each registration.

Any person becoming possessed of any cart, which has not been registered for the then current municipal half-year, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of a proportional fee for the unexpired portion of the current half-year calculated from such date.

92. When the ownership of any registered cart is transferred within any half-year, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

93. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

If the vehicle seized be not claimed, and the fine be not paid within ten days, such vehicle, together with the animals seized with it (if any), may be sold by auction by order of the Commissioners, and the proceeds applied to the payment of the fine and to the costs and charges incurred on account of the seizure, detention, and sale;

And the surplus (if any), if not claimed by the owner or the person keeping such cart within a further period of twelve months, shall become vested in the Commissioners and be transferred to the Municipal Fund.

Provided that if at any time before the sale is concluded the person whose cart has been seized shall tender to the Commissioners, or the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

PART VII.—Of Tolls on Ferries.

94. The Lieutenant-Governor may make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality; such ferry shall thenceforward be deemed to be a municipal ferry, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

95. The Commissioners may also, with the sanction of the Lieutenant-Governor, declare that any other ferry within or adjacent to the limits of the Municipality is a municipal ferry; and the profits derivable therefrom shall henceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made to any person for the loss which he may have sustained in consequence of such ferry being declared to be a municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section 4 of Bengal Act No. 1 of 1866 (*to amend certain provisions of Regulation VI of 1819*) or other law for the time being in force.

96. Every municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed in such ferry.

97. When it has been determined to impose tolls on municipal ferries, the Commissioners at a meeting shall make and publish an order, specifying the ferries, and, with the sanction of the Lieutenant-Governor, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

98. Any collector or lessee of tolls, or his assistant, may refuse to convey any person or goods across a municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

99. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any municipal ferry without the previous sanction

of the Commissioners if he plies within the limits of the Municipality,

or of the Magistrate of the district if without such limits,

or of the Magistrate of the district and the Commissioners if one of the two banks between which he plies is within, and the other bank is without, such limits.

PART VIII.—Of Tolls on Roads.

100. The Lieutenant-Governor may make over to the Commissioners any existing toll-bar within the limits of the Municipality; and the profits derivable from it shall thenceforward be carried to the credit of the Municipal Fund.

101. The Commissioners may also, under the authority of the Lieutenant-Governor, establish toll-bars upon any road or bridge within the limits of the Municipality for the purpose of levying tolls on vehicles and animals entering such limits; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

102. When it has been determined that tolls shall be levied on any road or bridge, the Commissioners at a meeting shall make and publish an order, with the sanction of the Lieutenant-Governor, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

103. Any Collector or lessee of tolls may refuse to allow any person to pass through any municipal toll-bar, until the proper toll has been paid.

104. In case of non-payment of any toll on demand, the person authorized to collect the same may seize any carriage or animal, or any part of its burden, on which toll is chargeable, of sufficient value to defray the toll.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell the property by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remains undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period shall be credited to the Municipal Fund.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable by him, the Commissioners shall forthwith release the property seized.

PART IX.—Of general provisions relating to tolls.

105. The Commissioners may grant a lease of any municipal ferry or toll-bar for any period not exceeding three years.

106. A table of tolls legibly written in English and in the vernacular of the district shall be hung up in some conspicuous position at either end of every municipal ferry, and in some conspicuous position near every municipal toll-bar, so as to be easily read by all persons required to pay the toll.

107. The Commissioners, or the lessee of any municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animal kept by him, in lieu of the ordinary toll payable.

108. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops.

or of Military or Government stores, or the persons in charge of them,

or of military or police officers, or of any public or municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or any vehicle or animal employed by such persons for the transport of such property.

or of conservancy carts or other vehicles, or animals, belonging to the Commissioners, or of the persons in charge of them.

109. In all cases of resistance to the person authorized to collect tolls, police officers shall assist when required, and for that purpose shall have the same powers as they have in the exercise of their ordinary police duties.

PART X.—Of Tolls on Navigable Channels.

110. If the Lieutenant-Governor has declared that the provisions of the Canals' Act, 1864, or other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, he may appoint the Commissioners to collect tolls as provided in section 8 of such Act, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

In such case the Commissioners shall exercise all the powers vested by such Act in the Collector.

CHAPTER VI.

OF THE RECOVERY OF MUNICIPAL TAXES.

111. By notification to be affixed in their office, the Commissioners shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money.

Every person is required to pay the sum due by him during the first month of each quarter.

Such payment may be made at the office of the Commissioners or to any tax-collector appointed in that behalf.

The amount due by any person on account of the tax on persons, or the tax on holdings, shall be deemed to be the amount entered in the notice served upon him under section 78.

112. For all sums collected on account of any tax under this Act, a receipt stating the amount and the tax to which it is appropriated shall be given, signed by the tax-collector or by some other officer authorized by the Commissioners to grant such receipts.

113. Every instalment of the tax upon persons and of the tax on holdings described in section 62 shall be payable in advance on the first day of the quarter or other period in respect of which such instalment is payable.

114. At any time within six months and not less than one month after any sum has become due on account of any tax, the Chairman shall cause to be served upon the person liable to the payment thereof a bill for the said sum, which shall also contain a statement of the period and of the tax on account of which the charge is made.

Appended to such bill shall be a notice of demand in the form (A) in the fourth schedule.

Such notice of demand shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

115. If any person, after service upon him of such bill and notice, shall not, within ten days thereafter or from the date of any order of review thereafter made, pay the sum due, and a fee of two annas as costs of service, or show to the Commissioners sufficient cause for non-payment of the same, the amount of the arrear due, with costs on the scale in the form (B) in the fourth schedule may at any time within three months after the date of service of the said bill, or of the order of review made thereafter, be levied by distress and sale of any moveable property belonging to the defaulter which may be found within the Municipality, or of any moveable property, except ploughs, plough-cattle, or implements of trade or agriculture, which may be found within the holding in respect of the occupation of which such defaulter is liable to such tax.

If the same belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

116. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form (C) in the fourth schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or

Ward in which the property is situated, and by serving on the defaulter a notice in the form (D) in the fourth schedule :

Provided that if the property is of a perishable nature, it may be sold, with the consent of the defaulter, at any time after the expiry of twenty-four hours from the seizure.

117. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that it contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance.

Provided that he shall not enter or break open the door of any room appropriated for the *zanáná* or residence of women, which by the usage of the country is considered private.

118. If the sum due be not paid with costs before the sale is concluded, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible ; and the proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure : or if unclaimed for a period of twelve months, shall become vested in the Commissioners and transferred to the Municipal Fund.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form (E) in the fourth schedule ; and the costs upon every such proceeding shall be such as are mentioned in the form (B) in the fourth schedule.

119. The Commissioners shall cause a regular account to be kept of all distresses levied and sales made for the recovery taxes under this Act.

120. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

121. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any court of competent jurisdiction.

CHAPTER VII.

OF THE MUNICIPAL POLICE.

122. All police officers appointed or employed in any Municipality shall be appointed under the provisions of Act No. V of 1861 (*for the Regulation of Police*)

or of any other Act for the time being in force for the regulation of the police in the police district within which the said Municipality may be situated, and shall be deemed to be a portion of the police establishments under the Government of Bengal, and shall be subject to the provisions of any such Act, except as hereinafter provided.

123. No police officer, who forms part of the strength of the Municipal police for which the estimate mentioned in the next succeeding section may have been calculated, shall be liable to serve beyond the limits of the Municipality save in execution of duties imposed on him by his employment as a police officer of such Municipality.

124. From the commencement of this Act every District Superintendent of police shall prepare, in such form as may be directed by the Lieutenant-Governor, an estimate of the income and expense of the police force in every Municipality within his district for the Municipal year next following the preparation of such estimate, and shall present the same to the Commissioners of such Municipality at least four months before the beginning of the Municipal year to which the estimate relates.

125. The police estimate shall show the number, constitution, and salaries of the police force to be maintained in any such Municipality, and shall state whether the whole or some and what part of such expense is to be borne by rates to be levied in the Municipality to which the same refers :

Provided that the expense so to be borne in any second class Municipality shall not exceed the average rate of one rupee and eight annas in the year on each holding, and that the expense so to be borne in any first class Municipality shall not exceed the average rate of two rupees and four annas on each holding within the local limits of such Municipality ; except in the suburbs of Calcutta and in Howrah, in which the cost of the police force, including the contingent expenses thereof, to be borne by the Municipality shall not exceed the average rate of four hundred rupees for every thousand inhabitants of the Municipality as shown in the last census return.

126. After the receipt of the police estimate, the Commissioners shall cause the same to be translated into the language usually spoken in such Municipality, and shall cause the same or the translation thereof, to be laid before the Commissioners at their next meeting.

127. After such meeting, the Commissioners shall transmit the police estimate, together with any remarks or objections which the Commissioners at the meeting may desire to record, to the Magistrate of the district for transmission to the Commissioner of the division and by him to the Lieutenant-Governor.

128. The Lieutenant-Governor may consider the police estimate so transmitted to him, and approve, reject, or modify and approve as modified, the same or any part thereof.

129. So much of the police estimate as may thereby be directed to be borne by the taxes to be levied in any Municipality shall, for the purposes of this Act, be the expense of the police to be borne by such Municipality for the year for which the police estimate shall have been presented.

The amount which may be finally settled shall be entered in the estimates of the Municipality as prepared under section 52.

130. At the close of each month, the District Superintendent of Police shall cause to be prepared and laid before the Commissioners a bill showing the actual expenses incurred during the month in the payment of the police force, and the contingent expenses thereof; and, so far as the same is in accordance with the police estimate, the Commissioners shall cause the amount or the share thereof which is payable by them under the last preceding section to be paid from the Municipal Fund.

131. Nothing in this Act shall deprive the Commissioner of Police for the town of Calcutta of any power or authority over the police in the Suburbs of Calcutta vested in him by Bengal Act No. II of 1866 (*for the better regulation of the police within the suburbs of the town of Calcutta*).

And the Inspector-General of Police is hereby precluded from exercising over the police within the said suburbs any of the powers and authorities vested in him by the said Act No. V of 1861.

132. The Deputy Commissioner of Police for the suburbs of Calcutta shall, for the purposes of this Act, be deemed to be the District Superintendent of the said suburbs.

CHAPTER VIII.

OF THE REGISTRATION OF BIRTHS AND DEATHS.

133. Every first class Municipality shall, and every second class Municipality may,

provide for the registration of births and deaths within the limits of their jurisdiction in accordance with the provisions of Bengal Act No. IV of 1873 (*for registering births and deaths*).

CHAPTER IX.

OF MUNICIPAL REGULATIONS.

134. No owner of any holding shall be deemed to be relieved from the discharge of the duties and liabilities described in this Chapter by the circumstance of his not residing within the Municipality unless he has let such holding to a resident occupier.

135. Whenever it is directed in this Chapter that any expenses incurred or fee chargeable by the Commissioners shall be paid by the owner of any land or by the occupier thereof, or by either of them, the same may be recovered under Chapter VI as an arrear of tax.

The notice of demand for such expenses or fee shall be made within one month from the date

on which the amount thereof shall have been ascertained.

PART I.—Of Offensive Matter, Rubbish, Privies, and Drains

136. The Commissioners may provide all establishments, cattle, carts, and implements required for the removal of offensive matter, and shall from time to time provide places convenient for the deposit thereof.

137. The Commissioners at a meeting shall from time to time appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

The Commissioners shall make and publish an order notifying the places and hours appointed under this and the last preceding section.

138. The Commissioners at a meeting may order that an establishment shall be maintained for the purpose of daily removing offensive matter from houses in their Municipality.

Any occupier in that case may apply to the Commissioners to effect such removal, and shall be chargeable with such fee as may be fixed by a bye-law duly published.

But no occupier shall be compelled to pay such fee if he does not wish to employ such establishment, and the Commissioners shall not be bound to maintain such an establishment.

139. All drains, privies, and cesspools shall be under the survey and control of the Commissioners, and shall be repaired and made efficient at the cost of the owners or occupiers of the holdings to which the same belong.

If any such owner or occupier neglect, during fifteen days after notice in writing, to repair and make the same efficient, the Commissioners shall cause such drain, privy, or cesspool to be made efficient, or, if necessary, shall remove the same, and the expenses thereby incurred shall be paid by the owner or occupier.

140. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains, and cesspools at any time between sunrise and sunset after six hours' notice in writing to the owner or occupier of any premises in which such privies, drains, or cesspools are situated, and may, if necessary, cause the ground to be opened where they or he think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools, and the expenses thereby incurred shall be paid by the owner or occupier.

141. The Commissioners at a meeting shall from time to time appoint the hours and the manner in which rubbish shall be temporarily deposited until removed and carried away, and shall make and publish an order notifying the same.

142. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of either sex, and shall cause the same to be kept in proper order and to be daily cleansed.

In any Municipality in which such privies are not maintained, the expense of removing offensive matter shall not be recovered from the occupier under section 137, and he shall not be liable to any fine for not removing such offensive matter.

143. Whenever any land being private property or within any private enclosure, appears to the Commissioners by reason of thick or noxious vegetation or jungle, to afford facilities for the commission of a nuisance, or by want of drainage, to be in a state injurious to health or offensive to the neighbourhood, the Commissioners may require the owner or occupier of such land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to clear and remove such vegetation or drain such land,

and if he do not within one week after such notice begin to cut, clear, and remove such vegetation, or to drain such land, and do not complete such work with due diligence, the Commissioners or any persons authorized by them in that behalf may, after forty-eight hours' notice, enter on such land, and do all necessary acts for the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner or occupier.

144. All rubbish and offensive matter collected by the Commissioners from roads, houses, privies, sewers, cesspools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

145. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

PART II.—Of Bathing and Washing Places, Tanks and Excavations.

146. All streams, channels, water-courses, tanks, reservoirs, springs, and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

147. The Commissioners may set apart a sufficient number of convenient tanks, or parts of rivers, streams, or channels, not being private property, for the inhabitants to bathe in,

and similarly set apart a sufficient number of the same for washing animals or clothes, or for any other purpose connected with the health, cleanliness, or comfort of the inhabitants.

The Commissioners shall make and publish an order notifying the same.

148. The Commissioners at a meeting may require the owner of any land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to cleanse any private tank or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood;

and, if such owner refuse or neglect to comply with such requisition within eight days from the service thereof, the Commissioners, or any persons authorized by them in that behalf, may enter on such land and do all such necessary acts for all or any of the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner.

149. The Commissioners may from time to time, as they think fit, drain off and cleanse or fill up, or otherwise abate, any stagnant pool, ditch, or tank, (the same not being private property) which shall appear to them to be useless or unnecessary, or likely to prove injurious to the health of the inhabitants.

150. The Commissioners may cause to be filled up any excavation which is likely in their opinion to be injurious to the health of the neighbourhood. If such excavation is made in any place within any private property without the consent of the Commissioners, the cost of refilling it may be recovered from the owner or occupier of the property.

PART III.—Of Obstructions and Encroachments on Roads.

151. The Commissioners may grant permission to any person to deposit any moveable property, on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, provided that such person undertakes to erect sufficient fences to protect the public from injury, danger, or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

152. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that notice of the intention to close such road or part of the same shall be published not less than three days previously by a notification affixed in some conspicuous position at the place where it is intended to close the same:

and that sufficient barriers or fences shall be erected for the security of life and property, and that such barriers or fences shall be sufficiently lighted from sunset to sunrise.

153. If any person builds any wall, or erects, or sets up any fence, rail, post, or other obstruction or encroachment, in or on any road or open drain, sewer, or aqueduct, along the side of any road, the magistrate may order that such obstruction or encroachment be removed within a specified time by the person who erected it; and if such person fails to comply with such

order, the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

154. The Commissioners may give notice in writing to, or the magistrate may order, the owner or occupier of any house to remove or alter any projection, encroachment, or obstruction, erected or placed against or in front of such house, if the same overhangs the road at a height of less than twelve feet above the level of the ground; or juts into, or in any way projects or encroaches upon, or is an obstruction to the safe and convenient passage along, any road;

or obstructs or projects or encroaches into or upon any uncovered aqueduct, drain, or sewer in such road;

and such owner or occupier shall, within fourteen days after the service of such notice upon him, or within fourteen days of the receipt of such order, remove such projection, encroachment, or obstruction, or alter the same in such manner as shall have been directed by the Commissioners, and if he fail so to do, the Commissioners may remove or alter such projection, encroachment, or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

155. An order made by the Magistrate under either of the two last preceding sections shall be deemed to be an order made by him in the discharge of his judicial duty, and the Commissioners shall be deemed to be persons bound to execute lawful orders of a Magistrate within the meaning of Act No. XVIII of 1850 (*for the protection of Judicial Officers*).

156. The Commissioners may cause any projection, encroachment, or obstruction, which may, before the commencement of this Act, have been erected or placed against or in front of any house on any road within the limits of such Commissioners' municipality to be removed or altered as they shall think fit:

Provided that thirty days' previous notice of such intended removal or alteration be given to the owner or occupier of such house, and that the Commissioners shall make reasonable compensation to every person who suffers damage by such removal or alteration.

In determining the amount of compensation the value of the land shall not be included.

157. Whenever any house, part of which projects beyond the regular line of a road, or beyond the front of the house on either side thereof, shall be burnt down or otherwise destroyed, or shall be under repair, the Commissioners may require the same to be set back to, or beyond the line of the road, or the line of the adjoining house, and shall make reasonable compensation to the owner of such house for any damage he may thereby sustain.

158. The Commissioners may give notice to the owner or occupier of any land to trim or prune the hedges bordering on any road, and to cut and trim any trees overhanging any road and obstructing the same or causing damage thereto;

and if such notice is not complied with within eight days from the date of service thereof, the Commissioners may cause the said hedges or trees to be trimmed or reduced in the manner required;

and the expenses thereby incurred shall be paid by the owner or occupier.

PART IV.—Of General Conserancy and Improvement.

159. The Commissioners at a meeting may direct that within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which are about to be erected, or the roofs or walls of which are about to be wholly renewed in or near any road, shall not be made of grass, leaves, mats, or other inflammable materials.

160. If any well, tank, or other excavation, whether on public or private ground, be, for want of sufficient repairs or protection, dangerous, the Commissioners shall cause notice in writing to be given to the owner or occupier, requiring him forthwith to secure or protect such well;

and if he do not, within three days after such notice, begin to comply with the requisition, and do not carry on the work to the satisfaction of the Commissioners, they may cause the well, tank, or excavation, to be secured or protected so as to prevent danger therefrom;

and the expenses thereby incurred shall be paid by the owner or occupier.

161. If in any road, any house, wall, structure, or anything affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith give notice in writing to the owner or occupier thereof, requiring him to secure or to take down the same within a fixed time;

and in default the Commissioners, by an order passed at a meeting, shall cause such repairs to be made to such house, wall, or structure as they may consider necessary for the public safety; or may order such house, wall, structure, or thing affixed thereto to be removed; and the expenses thereby incurred shall be paid by the owner or occupier.

162. The materials of any thing which shall have been pulled down or removed under the provisions of the last preceding section, may be sold by the Commissioners, and the proceeds of such sale may be applied, so far as the same will extend, to the payment of the expenses incurred.

Any surplus of such sale proceeds shall, on demand, be restored to the owner of such house, wall, structure, or thing affixed thereto, and if unclaimed shall, after the lapse of one year, be carried to the credit of the Municipal Fund.

163. No person shall manufacture gunpowder, or shall, without a license under section 164, have in his possession, at any house at any time, a greater quantity of gunpowder than five seers.

Manufacture or possession of gunpowder

164. The Commissioners may grant to any person a license to keep in deposit any quantity of gunpowder not exceeding twenty-five seers, on such conditions, and for such term, not exceeding one year, as shall be specified in the license.

Licenses by Commissioners for sale and deposit of gunpowder.

165. The Commissioners by published order may appoint from time to time certain periods within which any dogs found straying in the roads or beyond the enclosures of the houses of the owners of such dogs may be destroyed.

Stray dogs to be killed at certain appointed periods.

166. On the complaint of three or more householders that a house in their immediate neighbourhood is used as a common brothel or lodging-house for prostitutes or disorderly persons of any description, to the annoyance of the respectable inhabitants of the vicinity, the Magistrate may summon the owner or occupier of the house to answer the complaint;

Brothels and lodging-houses of disorderly persons.

and, on being satisfied that the house is so used and is therefore a source of annoyance and offence to the neighbours, may order the owner or occupier to discontinue such use of it.

167. The Commissioners at a meeting may cause a name to be given to any road and to be affixed in such place as they may think fit, and may also cause a number to be affixed to every house; and in like manner may cause such names and numbers to be altered.

Names of roads and numbers of houses.

PART V.—Of certain Offensive or Dangerous Trades and of Burial and Burning-grounds.

168. Within such local limits as may be fixed by the Commissioners at a meeting, no land shall be used, without a license from the Commissioners, for any of the following

Certain offensive and dangerous trades not to be established within limits to be fixed by the Commissioners without license.

purposes, namely,

melting tallow;

boiling offal or blood;

as a soap-house, oil-boiling-house, dyeing-house, tannery, sheep pen, piggery, slaughter-house, brick-kiln, or lime-kiln;

as a manufactory of nitric acid, sulphuric acid, or sulphurate of mercury, or other manufactory from which offensive or unwholesome smells may arise;

as a yard or dépôt for trade in hay, straw, wood, coal, charcoal, golpatta, bamboos, thatching grass, or other inflammable material;

or as a store-house for kerosine, petroleum, naphtha, or any inflammable oil, spirit, or explosive substance.

This section shall not be applicable, until the expiration of two years from the commencement of this Act, to any land which may have been used for any such purpose before the commencement of this Act.

Such license shall not be withheld unless the Commissioners have reason to believe that the business which it is intended to establish or maintain would be offensive or dangerous to persons residing in the immediate neighbourhood.

169. The Commissioners may charge fees to be paid in accordance with a bye-law to be made as hereinafter mentioned for every license which they may grant for the use of land for any of the purposes mentioned in the last preceding section.

Commissioners may charge fees for licenses.

170. No burial or burning-ground, whether public or private, shall be made or formed without the consent in writing of the Commissioners, or under the authority of the Lieutenant-Governor.

No burial or burning place henceforth to be formed without leave of Government or of Commissioners.

171. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance and is open and available to the inhabitants of the Municipality, the Commissioners with the sanction of the Lieutenant-Governor previously obtained, may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

Provided that the execution of the order for the closing of any such burning or burial ground shall be suspended, if ten or more tax-payers shall demand by a written requisition addressed to the Commissioners that the expediency of closing it be referred to the tax-payers;

and in such case the Commissioners shall fix the place and time for recording the votes of all the tax-payers within the Municipality, and shall record the votes of all such tax-payers who may present themselves for such purpose; and the ground shall not be closed unless a majority of the votes so taken be in favor of closing it.

If any building is attached and belongs to a burning-ground closed under this section, the Commissioners at a meeting may devote a portion of the Municipal Fund towards the construction of any new building which may be required in lieu thereof.

CHAPTER X.

OF MUNICIPAL MARKETS.

172. This Chapter shall not apply to any Municipality expressly extended thereto by the Lieutenant-Governor by notification in the *Calcutta Gazette*.

173. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, provide land for the purpose of being used as municipal markets;

and may, with such sanction, charge rent, tolls, and fees for the right to expose goods for sale in such markets, and for the use of shops, stalls, and standings therein.

All such rents, tolls, and fees may be recovered under Chapter VI as arrears of tax.

174. The Commissioners at a meeting may grant a license for the use of any land as a market for the sale of meat, fish, fruits, and vegetables within the Municipality.

Power to grant licenses
markets.

175. Every license granted under this Chapter shall be granted without fee, and shall be in force until the end of the municipal year, and the Commissioners may grant such license year by year on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market.

Duration of license and
terms on which granted.

176. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply, or proper width of paths and ways.

Chairman bound to cer-
tify fit places.

177. The owners or lessees of all land used as markets at the time of the extension of this Chapter to the Municipality shall be entitled to receive a license for the current municipal year without the certificate required by section 175, but in subsequent years the license shall not be renewed without such certificate.

Existing markets.

178. Every license under this Chapter shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated,

Licenses to be registered.

- (a) the name of the owner of the land and market,
- (b) the name of the lessee thereof, if any,
- (c) the extent and boundary of the market,
- (d) and the description of articles sold therein.

179. Every transfer of interest in any such market shall be registered within two months after the date of transfer.

Transfers to be regis-
tered.

180. Any market which, or the transfer of which, shall not have been duly registered under the preceding sections shall be deemed to be land used as a market without a license.

Unregistered markets to
be deemed unlicensed.

181. Whoever, being the owner or occupier of any land, wilfully or negligently permits the same to be used as a market for the sale of meat, fish, fruit, or vegetables without a license under section 174, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding fifty rupees for each day during which the offence is continued after conviction for such offence.

Penalty for using unli-
censed market.

182. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may appoint persons, or otherwise take order, to prevent such land being so used; and every person who shall sell or expose for sale meat, fish, fruit, or vegetables on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

Power to close unli-
censed places.

CHAPTER XI.

OF BYE-LAWS, PENALTIES, AND PROSECUTIONS.

183. The Commissioners may from time to time at a meeting, at which at least two-thirds of the whole number of the Commissioners shall be present, make bye-laws, not inconsistent with the provisions of this Act, for—

Commissioners may
make bye-laws.

- (a) the regulation and disposal of offensive matter and rubbish;
- (b) keeping holdings in such a state as not to be injurious to health or offensive to the neighbourhood;
- (c) the proper preservation of tanks, and water-courses, and public bathing-places;
- (d) the regulation and management of privies;
- (e) preventing nuisances by the sides of roads;
- (f) the regulation and conduct of public assemblies or processions;
- (g) the keeping of order in places of public resort;
- (h) preserving order and quiet in the neighbourhood of places of worship during the times of public worship;
- (i) the regulation or prohibition of fire-balloons, fireworks, fire-arms, or other missiles in the vicinity of public roads;
- (j) regulating and restricting the sounding of drums, tom-toms, horns, trumpets, or any metal instruments;
- (k) the regulation of traffic on roads and thoroughfares, and keeping the same free from obstruction;
- (l) the regulation and inspection of markets licensed under Chapter X;
- (m) regulating the fees to be paid for a license under section 168;
- (n) and generally for the purposes of this Act.

The Commissioners may from time to time, at a meeting as aforesaid, repeal, alter, or add to such bye-laws.

184. No bye-law and no repeal, alteration of, or addition to any bye-law shall have effect until the same has been confirmed by the Lieutenant-Governor, and until the expiration of one month after the same has been published in the manner directed in section 185.

Confirmation of bye-
laws.

185. Every bye-law, order, list, or other document directed by this Act to be published, shall be written in the vernacular of the district and deposited in the Municipal office, and a copy shall be put up in a conspicuous position at each police station or out-post in the Municipality, or in the Ward to which it relates.

Publication of bye-laws,
&c.

And a public proclamation shall be read throughout such Municipality or Ward by beat of drum, notifying that such copy has been so put up, and that the original is open to inspection.

186. Whoever without lawful authority—

Fine of three times the
amount payable.

- (a) keeps any carriage or animal without the license required by section 84;
- (b) having compounded for the payment of a certain sum under section 87, refuses to pay such sum;
- (c) keeps a cart not duly registered as required by section 91;

shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, composition, or registration (as the case may be), exclusive of the amount so payable.

Fine of twenty-five rupees. **187.** Whoever without lawful authority

- (a) disobeys an order of the Magistrate under section 166;
- (b) uses any place as mentioned in section 168 for the purposes therein mentioned;
- (c) refuses to leave a municipal ferry boat; or to remove his goods therefrom when required to do so under section 98;

shall be liable to a fine not exceeding twenty-five rupees for every such offence, and to a further fine not exceeding ten rupees for each day during which the offence is continued after he has been convicted of such offence.

Fine of fifty rupees. **188.** Whoever without lawful authority—

- (a) keeps a ferry-boat contrary to the provisions of section 99;
- (b) being a toll-keeper or lessee of a toll-bar, or gate, or ferry, neglects to hang up a table of tolls as required by section 106;
- (c) fails to remove any such obstruction, encroachment, or obstruction as is mentioned in section 154, or alter the same in the manner directed after a notice as mentioned in the said section within the period therein specified;
- (d) infringes any bye-law made under this Act;
- (e) being authorized under this Act to collect tolls demands or takes any higher tolls than the tolls authorized under this Act;
- (f) having driven any vehicle or animal (not exempted from toll) through a toll gate, refuses to pay the toll, or with intent to avoid payment thereof, fraudulently passes such toll-gate without paying the proper toll;
- (g) builds any wall, or erects or sets up any fence, rail, post, or other obstruction or encroachment in or on any road or open drain, sewer or aqueduct, along the side of any road;

shall be liable to a fine not exceeding fifty rupees for every such offence and to a further fine not exceeding twenty rupees for each day during which the offence is continued after he has been convicted of such offence.

Fine of one hundred rupees. **189.** Whoever without lawful authority—

- (a) contravenes the provisions of section 163;
- (b) buries or burns, or causes or suffers to be buried or burned, any corpse in any burning or burying-ground closed under the provisions of section 171;
- (c) fails to produce his license when required to do so by any person authorized by the Commissioners under section 198;

shall be liable to a fine not exceeding one hundred rupees for every such offence.

190 Whoever, being the owner of any house, fails to give notice of the re-occupation of such house within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of tax payable quarterly on such house.

Penalty for not giving notice of re-occupation of house.

191. Every offence under this Act shall be tried by any Magistrate having jurisdiction, and the Lieutenant-Governor may confer on any Commissioner the powers of a Magistrate of the 1st, 2nd, or 3rd class under section 42 of the Code of Criminal Procedure for the trial of such offences within the Municipality.

192. Fines under this Act may be levied under the provisions of section 307 of the Code of Criminal Procedure.

193 The Commissioners may direct any prosecution for any public nuisance, and may order proceedings to be taken for the recovery of any penalties under this Act and for the punishment of any persons offending against the same, and may order the expenses of such prosecution or other proceedings to be paid out of the Municipal Fund.

194. No prosecution for an offence under this Act, or any bye-law made in pursuance thereof, shall be instituted without the order or consent of the Commissioners, and no such prosecution shall be instituted except within three months next after the commission of such offence.

No charge of offence created by this Act to be instituted without consent of Commissioners.

CHAPTER XII.

MISCELLANEOUS.

195. Every notice, bill, form, summons, or notice of demand under this Act may be served personally on or presented to the person to whom the same is addressed,

or be left at his usual place of abode, with some adult male member or servant of his family; or, if it cannot be so served or presented, may be put on some conspicuous part of his place of abode;

or of the land in respect of which the notice, bill, form, summons, or notice of demand is intended to be served.

196. Where any notice is required to be given to the owner or occupier of any land, such notice, addressed to the owner or occupier, as the case may require, may be served on the occupier of such land, or otherwise in the manner in the last preceding section mentioned.

Provided that when the owner, and his place of abode are known to the Commissioners, they shall, if such place of abode be within the limits of their authority, cause every notice required to be given to the owner of any land to be served on such owner, or left with some adult male member or servant of his family;

and if the place of abode of the owner be not within such limits, they shall send every such notice by post addressed to his place of abode, and such service shall be deemed to be good service of the notice.

When the name of the owner or occupier is not known, it shall be sufficient to designate him as "the owner" or "the occupier" of the land in respect of which the notice is served.

197. No tax on property shall be invalid for defect of form, and it shall be enough in such tax, or any

Tax not invalid for want of form.

assessment or valuation for the purpose of making such tax, if the property so assessed or valued is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

198. Every person to whom a license has been granted under this Act shall at all reasonable times while such license shall remain in force, if thereunto required by the Commissioners, or by any person authorized by them in that behalf, produce such license to the Commissioners or to the person so authorized.

199. Whenever, under this Act, any work is required by the Commissioners to be executed, or any alterations or improvements to be made in any holding, and such work, alterations, or improvements, are executed by the occupier, or by the Commissioners at his expense, the cost thereof may be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any court of competent jurisdiction, if the Commissioners shall certify that such cost ought to be borne by the owner.

If the occupier has a beneficial interest in such holding, he shall deduct or recover such sum only as will bear the same proportion to the entire cost of such work, alteration, or improvement, as the value of the owner's interest bears to the value of the holding.

If the rents issuing out of any such holding belong to more persons than one, who are entitled to the same either as being joint proprietors of such holding, or as having intermediate and other interests therein, the cost of any work, alteration, or improvement, as aforesaid, payable by the owner, shall be borne by such persons in proportion to their respective interests; and any one or more of such persons, who may have been compelled to pay more than a just proportion in the first instance, shall be entitled to recover from the others his excess payment.

200. No occupier of any holding shall be liable to pay more money, in respect of any expenses charged by this Act on the owner thereof, than the amount of rent which is due from him at the time of the demand made, or which at any time thereafter shall have become due, unless he neglect or refuse, upon application made to him for that purpose by the Commissioners, truly to disclose the amount of his rent and the name and address of the person to whom such rent is payable:

Provided that nothing herein contained shall be taken to affect any special contract made between any such owner and occupier respecting the payment of any expenses as aforesaid.

201. If money be due to the Commissioners in respect of any holding, the owner of which is unknown or the ownership of which is disputed, on account of any tax, expenses, or charges, recoverable under this Act, the Commissioners may publish twice, at an interval of three months, a notification of sale of such holding, and after the expiry of not less than three months from the date of the last publication, unless the amount recoverable be paid, may sell such holding to the

highest bidder, who shall at the time of sale deposit the full amount of the purchase-money.

Any person may pay the amount due at any time before the completion of the sale, and may recover such amount by a suit in a court of competent jurisdiction from any person beneficially interested in such property.

After payment of the amount recoverable by the Commissioners, the surplus, if any, shall be paid on demand to any person who establishes his right to the satisfaction of the Commissioners or in a court of competent jurisdiction, or, if unclaimed for a period of one year, shall become vested in the Commissioners and be transferred to the Municipal Fund.

202. The Commissioners may make compensation out of the Municipal Fund to any person sustaining any damage by reason of the exercise of any of the powers conferred by this Act.

203. No suit shall be brought against the Commissioners or any of their officers, or any person acting under their direction, for anything done under this Act, until the expiration of one month next after notice in writing has been delivered or left at the office of the Commissioners or at the place of abode of the person against whom such suit is threatened to be brought, stating the cause of suit and the name and place of abode of the intended plaintiff;

And unless such notice be proved, the Court shall find for the defendant.

Every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards.

If any such person to whom any such notice is given shall, before suit is brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover.

204. All the proceedings, other than judicial proceedings, of the Commissioners, or of the Magistrate of the district, except as herein specially provided, shall be subject to the control of the Commissioner of the division.

And all the proceedings of the Commissioner of the division shall be subject to the control of the Lieutenant-Governor.

205. If the Commissioners of any Municipality fail to maintain, within the limits thereof, any road which without such limits is maintained by a District Committee under the Road Cess Act, 1871, or to pay for the municipal police,

the Commissioner of the division in which such Municipality is situated may convene a committee consisting of

- (a) the Magistrate of the district,
 - (b) the Magistrate of the division of the district,
 - (c) the Executive Engineer of the division,
 - (d) the Civil Surgeon of the district,
 - (e) and two members, one of whom shall be nominated by the Commissioner of the division, and the other by the Commissioners at a meeting,
- and such Committee shall inquire into and report on the state of the Municipality.

Note.—If within the said ten days you apply to the Commissioners to review the assessment or valuation, the amount due by you, with such further costs (if any) as the Commissioners may direct, will be levied after ten days from the date of the order made thereon, unless previously paid. But if you have already paid a tax under this assessment or valuation, except under distraint, you will not be allowed to apply for review.

STATEMENT OF OBJECTS AND REASONS.

THE law relating to municipal matters in towns in Bengal is contained in thirteen Regulations and Acts. In the year 1872 a Bill was passed by this Council, of which one object was to consolidate the municipal law. The Bill, however, did not become law.

It has been thought desirable to carry out the project of consolidating the municipal law, and the present Bill has been framed for this purpose. The Bill of 1872 has been taken as the basis of that which is now laid before the Council ; but the provisions which led to the assent of the Governor-General being withheld from the former have been omitted ; municipal taxation is kept within existing limits ; the chapters relating to registration and the prohibition of inoculation have been omitted, as the provisions already exist in other laws which can be applied to municipalities ; and in many respects the arrangement of the present Bill differs from that of 1872.

THE FAIR AND DURBAR AT RUMA, IN THE CHITTAGONG HILL TRACTS.

No. 221T, dated Darjeeling, the 2nd May 1875.

From—R. L. MANGLES, Esq., Offg. Secy. to the Govt. of Bengal, Political Dept.,
To—The Commissioner of Chittagong.

I AM directed to acknowledge the receipt of your letter No. 13H, dated the 6th instant, submitting a report regarding the Fair and Durbar held at Ruma, the head-quarters of the Sungoo sub-division, in the Chittagong Hill Tracts, on the 23rd of January last and the three following days.

2 In reply, I am to say that the Lieutenant-Governor has perused Lieutenant Gordon's graphic account of the meeting of the different Hill tribes living in the tracts within and beyond our frontier with much interest, and will be glad if the hope it holds out of establishing future friendship and peace between the tribes is fulfilled.

3. He observes that during the tour of Lieutenant Gordon, the sub-divisional officer, to the frontier, prior to the meeting, that officer came in contact with several of the independent Kookee tribes, and invited the chiefs to the fair, and that thus the attendance at Ruma was much larger than was at first anticipated. As a consequence of this larger gathering, the costs incurred have amounted to Rs. 1,037-7-9, or Rs. 537-7-9 in excess of the outlay originally sanctioned for the purpose.

4. The meeting, as far as relates to the sociable intercourse which took place between the chiefs of the independent tribes beyond the frontier and the chiefs of the tribes living within our boundary, on whom the independent tribes made frequent raids in former days, appears to have been a great success, and oaths of future good will and alliance were entered into and exchanged in accordance with the Kookee custom between the several tribes which were thus brought into friendly contact.

5. The Lieutenant-Governor attaches much importance to meetings such as these, and to the moral effects which at such times can be brought about by the presence and influence of British officers. The Deputy Commissioner, Mr. Power, and Lieutenant Gordon, appear to have taken full advantage of the opportunity afforded them of adjusting disputes, of reconciling grievances, and of impressing all parties with a sense of our determination to maintain peace, and of our power to enforce obedience if necessary. His Honor accepts the assurance given by yourself and the Deputy Commissioner that the meeting has done much also to secure the other beneficial objects for which it was sanctioned, and which are fully detailed in the extracts given from Lieutenant Gordon's report.

6. The Lieutenant-Governor has been pleased to accord his sanction to the expenditure (Rs. 1,037-7-9) which has been incurred, and desires me to request that you will convey to Mr. Power and to Lieutenant Gordon an expression of his thanks for the tact and success with which they conducted the proceedings at the Fair and Durbar.

No. 13H, dated Chittagong, the 6th April 1875.

From—E. E. Lewis, Esq., Commissioner of the Chittagong Division,
To—The Secretary to the Government of Bengal, Political Department.

WITH reference to the orders of Government, conveyed in Mr. Under-Secretary Crawford's letter No. 4621, dated the 17th December last, I have the honor to submit copy of a report, No. 221, dated the 25th ultimo, from the Deputy Commissioner of the Hill Tracts, on the subject of the Durbar and Fair held at Ruma, the head-quarters of the Sungco sub-division, on the 23rd of January last and three following days.

2. The sum sanctioned for expenditure on the occasion was Rs. 500, but the actual disbursement has amounted to Rs. 1,037-7-9 in consequence of the meeting having been very largely attended, not only by the Hill Tract tribes subject to our jurisdiction, but also by the Shendos and others from the Arracan side. As the results of the Durbar have been so satisfactory, I am sure Government will concur with me in thinking that the money has been well spent. I beg, therefore, to recommend that the extra charge incurred be sanctioned, and the bill herewith submitted be passed. Lieutenant Gordon deserves credit for the successful manner in which he has conducted the meeting and carried out the wishes of Government.

3. Mr. Rattray will be requested to submit as early as possible copies of the photographs taken by him.

No. 221, dated Rangamatee, the 25th March 1875.

From—A. W. B. Power, Esq., Offg. Deputy Commissioner, Chittagong Hill Tracts,
To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the report called for in your memorandum No. 102H, dated 23rd ultimo, on the Ruma Durbar and Mela held on the 23rd and following days of January last.

2. The delay which has occurred in submitting this report is chiefly owing to the Assistant Commissioner's and my absence on tour. Mr. Gordon gives the following explanation:—"I have to regret the delay in the submission of the report, and to excuse it by stating that the greatest difficulty has been experienced in setting the accounts into perfect order, in getting the necessary vouchers, and generally in reducing the bill to a presentable form. I may also mention that I left Ruma for my tour to the Matamoree valley directly after the Mela, and have only just returned from there." His report is dated 6th March; it reached this office on the 15th idem, was forwarded to me in camp, but did not reach me till the evening of the 21st, on my way back to head-quarters.

3. Mr. Gordon divides the subject into four heads—

1st.—The reasons and objects of the Mela.

2nd.—The event itself.

3rd.—The results, actual and prospective.

4th.—The bill.

In the Office No. 1048, dated 25th November last, the first head is dealt with. I quote from that report:—

"The objects which Lieutenant Gordon has in view in getting up this Mela are two-fold: (1) to increase the influence he has obtained over the 'Bonjogi' tribe of Kookees, and to obtain some influence over the Khumis, hoping, among other things, that by seizing the right moment he may be able to induce them to spread their villages across the ill-protected frontier country east of his sub-division, and thereby obviate the necessity for a line of police-posts, or rather to supply some means of protection where at present there are none, and where, for financial reasons, none can be provided by Government for some time to come; and (2) to lay the foundation of a bazar at Ruma, and so in time diminish the heavy expenditure entailed on Government for provisioning that place."

4. Mr. Gordon thus gives an account of the event itself: he says—"As you are aware, the day originally fixed by me was the 21st of December, but by the desire of the Commissioner, who expressed a wish to be present, it was postponed for a month. I very much feared that such a postponement, ordered as it was within a few days of the event, would have a discouraging effect upon the chiefs, many of whom had made their arrangements for the trip, and that this, and the near approach of the jhoom-cutting season, would have rendered the attendance small; but the very opposite proved to be the case. In fact the main feature, and, if I may say so, the main success of the meeting was indirectly the result of the postponement."

"I was enabled, that is to say, to make my annual tour on the frontier, and to pay a visit to Dalakmay in the interim, and had the good fortune and pleasure there to meet the new Superintendent of the North Arracan Hills, Mr. Buckle, who, as you know, has succeeded Captain Hughes. This officer reached Dalakmay on the same day as myself, the 24th of December, and I was very glad to learn from him and Mr. Hannay, the frontier officer, that a friendly meeting with the Bokee tribe of Shindoos had been arranged for Christmas week,—a repetition of a similar meeting in Christmas time of 1873-74 with the Yaleng clan, at which I was also present, and of which the special report is in your Office, my No. 29,*

* Copy forwarded to the Commissioner with this Office No. 31, dated 20th March 1874.

dated 2nd March 1874.

"Amicable engagements were entered into by these people with ourselves as representatives of the Government, and solemnized by the customary ceremonies; and I was thus for the second time enabled to be a party to mutual engagements with the Shendoos. I considered this of much importance, for the term 'British Government' has not for these people its full width of meaning; that is, they identify the term only with the white men who are actually present, and consequently with the villagers and people only under their immediate control. If, therefore, I had not been present to take a part in the ceremony, they would not have considered the engagements as binding with regard to the villages and villagers on the Bengal side, and could therefore have planned a raid in the Sungoo or Matamoree valleys with a free conscience."

"I availed myself of the presence of Mr. Buckle to obtain his promise that the Commissioner of Arracan should be asked to allow Mr. Hannay to attend the Mela at Ruma. I wrote officially, and Mr. Buckle was so good as to forward my letter with a favourable recommendation, and the sanction was obtained only just in time to enable Mr. Hannay to cross over by the southern route and reach Ruma on the 21st January."

"As you are aware, that officer brought with him not only a powerful Shindoo chieftain, Likebo, head of the Bokee tribe, with seven or eight followers, but also a little army of feathered chiefs from the border Khumi (Guaymi, as they are called on the Koladyne,) villages, tributary and non-tributary, of the Koladyne frontier. It is not easy to exaggerate the satisfaction with which our hillmen must have contemplated the Shindoos, their mortal foes of more than a hundred years; and I cannot help thinking that with this feeling there must have been mixed one of vengeance and hatred, which might well cause the Shindoos some anxiety. In fact, it is impossible to believe that the representatives of a race of men, perhaps the actual individuals themselves, known to have brought death and desolation to the home and hearth of many a hillman then present, could be regarded with other than the bitterest feelings; and when I looked forward to the general hilarity and inebriation inseparable from a Kookee feast, I confess to having been not entirely free from some slight anxiety myself." He goes on to mention one of the only drawbacks to the success of the Mela, viz. that the Bonjogis were late, and did not arrive in time to take part in the oath of friendship ratified between our party and the Shendoos. The Europeans present were Mr. Hannay; Mr. Rattray, District Superintendent of Police, Chittagong; Mr. Showers, District Superintendent of Police, Chittagong Hill Tracts; Mr. Gordon, and myself. Rutton Poa was invited, and came part of the way; but he did not start in time, and finding himself too late returned from Rangamatee.

5. On the 26th the great event of the Mela, viz. the feast to all the visitors, came off. After describing how the cows, buffaloes, and goats were slaughtered, the latter being decapitated (in some instances two at a time) with one stroke by a Goorkha sepoy using his national kookree, Mr. Gordon proceeds thus graphically to depict the scene: "More than 500 bamboo tables ranged in rows groaned under the weight of some 50 maunds of rice, 4 buffaloes, 5 cows, 19 goats, 7 pigs, and 200 fowls; the guests, some 1,500 in number, seated themselves. The quiet

and orderly way in which this was done testifies in no small degree, I think, to the easy temperament and rough good-natured politeness of the hillman. There was a total absence of all wrangling for seats or disorder of any kind; they sat down like school-boys, and quietly waited to be told to begin. At this juncture I observed a slight pause, an evident irresolution, and on asking I found that according to hill custom they wished to commence with a drink. I knew the custom, but had forgotten it for the moment. The wine was at once, however, sent round, and then a demolishing of eatables began, the like of which for extent and rapidity I never again expect to see. This was, I think, the most striking spectacle of the Mela; and it is to be much regretted that it was too late in the evening for Mr. Rattray, who has so successfully brought to book the swearing ceremony, the Durbar, and other scenes, to get a picture of it."

6. The ceremony of taking the oath of friendship, the Durbar, and the amusements provided, are then described as follows:—

"With regard to the ceremony of solemnizing the friendly engagements entered into by the Shendeos on the one hand and the British Government and its tributaries on the other,

* Mr. Rattray might be asked to send copies as soon as received.

I think the best description of it will be found in the photograph taken by Mr. Rattray.* It need, therefore, merely be explained that the warm blood of a slaughtered cow streaked

upon the forehead and feet of the several parties to the oath is considered by these people to be the most binding obligation under which a man can be placed. The cow is tied by the head to a stake; the oldest and most influential chief is then selected to make the oration, which he does with great earnestness and tragic effect, accompanying himself on the inevitable *koung* pot, a phial filled from which he holds in his left hand; from this he takes a sip at the conclusion of each clause of the harangue, and spits it out again over the cow to emphasize the commencement of the next clause: his right is raised deprecatingly, and with it he gesticulates to mark the strong points of his declamation. When the orational crisis is attained, and the crowning oath 'by the blood of this cow' is pronounced, a second chieftain, mighty in war and wisdom, who has been hardily standing to his spear the while, strikes the poor brute through the heart. During all this the parties to the oath have been standing in two rows on opposite sides of the cow, and holding the rope attached to its head; the rope being the emblem of the strong tie of friendship by which all engaged are for the future to consider themselves bound. The cow having fallen dead, all stoop and dip a finger in the open wound, and with the warm blood streak the forehead and feet of each member of the opposition. This, with one more visit to the inevitable liquor jar, the *alpha* and *omega* of every institution, completes the ceremony.

"The grand Durbar was held in the open under a large shamianah tent, kindly lent by the Bohmong, who, as the senior hill chief present, was seated in the chair of honour with his brothers and ourselves grouped on the right and left. Mats were put down for the Shindoo and other clan chiefs. All being arranged, the Shindeos were first presented by Mr. Hannay to the Deputy Commissioner, Mr. Power, who, with a few appropriate words to each, presented the Durbar gifts, which consisted of a variety of railway rugs, blankets, looking-glasses, pipes, beads, &c., &c., all neatly laid out on a table for the purpose. After the Shindeos came the Kodalyne Khumi and other chiefs, who had come with Mr. Hannay, and whom he also brought forward to receive their presents; and lastly came the chiefs of our own hill tribes. All seemed much pleased with the presents. When the presentations were ended, Mr. Hannay, by the request of the Deputy Commissioner, addressed to the Shindeos a speech in Burmese, embodying sentiments of advice and warning, which, being translated to them by an interpreter, was received with nods and grunts of comprehension and assent. The Bohmong rose and came forward with the dignity becoming his high position, and added the weight of his advice to the hitherto bitter enemies of his country and his people. The scene was thus made to partake of that impressiveness and importance so telling in dealings with savages. The Durbar then broke up, not, however, without the indispensable *omega* above alluded to, and the event of the Mela was thus satisfactorily brought to a close.

"It was, of course, of great object to find employment, or rather amusement, for the large concourse of people that had assembled at Ruma. Mr. Rattray with his camera entirely usurped the general interest at first, and indeed the more intelligent might be seen thronging the yellow-windowed box at all hours of the day to the end. Mr. Rattray was simply indefatigable. Immediately after *ch ta hazree* he would seize upon some bewildered and nearly naked savage, who, still hazy from the previous night's carousal, might have wandered within the magic precincts of the camera, or might be watching in open-mouthed wonder one of his companions undergoing the operation of being taken. There he stands unconscious of the danger of his position until spied by the artist, whose lightning glance, hungry for another victim, falls upon our bazy friend. He sees his danger, consternation instantly replaces the curiosity which marked his expression; he turns to bolt, but is too late: an iron grasp is on his arm, and he is led a trembling victim to the bench and headrest. He is sighted by the lens—one moment of indescribable agony, and he rises, like the released from the dentist's chair, 'a wiser and a better man.'

"I had also a marching order parade of the detachment of the Chittagong Hill Tract Frontier Police Battalion, about 150 strong, and after the usual commonplaces of saluting, marching past, &c., put the men through some few light infantry manoeuvres, bringing the Ruma 9-pounder brass field gun into action as a healthy warning to the Shindeos. They

were, I am glad to be able to tell you, observed to jump and tremble at each discharge of our ordnance. The men were given ten rounds of blank cartridges, and the whole effect, therefore, was very good, and could not have failed, I think, to leave a beneficial impression on the minds of our guests. The hillmen afterwards told me, with evident satisfaction, that this, viz. the big gun, was the great hit of the Mela. There was also a nautch in the Durbar tent; the spectacle was a curious one, — Europeans, Shindoos, Mughls, Tipperahs, Khumis, Mros, Assamees, Goorkhas, Munipoorees, Chukmas, Hindustanees, Punjabees, and Bengalees, packed close together. The Shindoos were particularly delighted with the performance, having never seen anything of the kind before. The sepoys also gave a comic entertainment, in which the *sahib* was taken off amid the usual roars of merriment." The Shendoos also were not to be left behind. Being encouraged by their *chaperon*, Mr. Hannay, they gave their national dance, which was much and deservedly applauded. A rifle match, some pigeon-shooting, wrestling, foot and hurdle races, the musical box, and the magic lantern, completed the entertainments.

7. Mr. Gordon thus concludes this part of the subject:—"I am glad to say that throughout the whole meeting, which lasted four days, there was no sign of quarrelling or disagreement among the tribes; and Shindoos, Khumis, Mros, and Mughls enjoyed themselves together, as if there had never been any cause for enmity or bad feeling between them. This alone is, I venture to think, a result so satisfactory as to be cheaply bought at the cost.

8. On the results of the Mela, I quote Mr. Gordon's report *in extenso*:—"The results of the Mela, both actual and prospective, may best be weighed by a consideration of the objects with which it was given, and an estimate of how far those objects may be said to have been attained."

The objects, as set forward in the letter to which I have referred you in a previous paragraph, may be briefly summarised as follows:—

1st, of general policy.

1. To improve the relations between the Government and the hill tribes, as also between the tribes themselves.
2. To increase the influence of the Government officer.
3. To give a spur to trade in the hills.
4. To attract the trans-frontier and hostile tribes, and induce them to pay annual visits to Ruma, and thus to found a trade and ensure peace.

2nd, of special importance.

1. The extension of the Bonjogi and Khumi tribes north and south along the frontier hills.
2. To cement the friendship with our new tributaries, the Bonjogis.
3. To communicate the general policy and special orders of Government to the hill chief and roajahs, and to hear complaints.
4. To found a bazar at Ruma.

"With regard to the objects of general policy, I can, I think, honestly say that the relation between the Government and the tribes as between the tribes themselves must have been greatly improved by the Mela, and also that the Government influence has been strengthened.

"Of the impetus to trade, if any such impetus has been the result of the Mela, I cannot of course speak with confidence as yet. Time only can show how far my hopes in this direction have been realized. The hill people are fatally conservative, and it is my opinion that it will be years yet before they step out of the stereotyped circle of their own simple life. The enormous exertions of the district officers, and the liberal inducements offered by Government in the introduction of plough cultivation into the hills, and the lamentably unsatisfactory results which have attended this experiment, fully show that the barrier of bigoted conservatism set up by the hillman's nature is one which cannot be easily surmounted. Time and intercourse with the Bengalees, who are gradually, but surely, worming their way into every corner of cultivable land in the hills, can alone work the change.

"As a bait to attract the trans-frontier tribes, the Mela may, I think, be said to have hooked a big fish at the first throw; and the visit of the Shindoo chief on the first occasion exceeded the wildest flight of my most sanguine expectations.

"The special objects, I am glad to say, have all been more or less attained. The chief object, viz. the extension of the Bonjogi and Khumi villages into a long line along the frontier, with the Polcetye guard as a centre, bids fair to be carried out. The Deputy Commissioner, Mr. Power, personally signified to the headmen of these tribes the wishes of Government on this point, and I have promised myself to go out during the ensuing winter and point out the line to the chiefs, and also to help them in the selection of good sites for their new villages. They appeared pleased with this notion, and at once assented to the plan.

"The Khumi chiefs made a petition on the part of their tribe to become khas ryots of Government, stating the oppressions of the Bohmong and the exactions of his family upon them to be their reasons. They pressed the matter very hard, and I mentioned it to the Deputy Commissioner, who promised to consider it, as also the petitions of some of the Bohmong's own people to become khas ryots under Government for similar reasons. I may

be permitted, regarding this important question, to say that I am strongly in favour of forming a khas mehal in this sub-division; and I venture to think that if the chiefs, by their misgovernment and oppression, alienate the feudal respect and fidelity of their people, they do not deserve to retain such people: and, moreover, it is my firm opinion that applications to Government for protection against their chiefs, and an expressed willingness to pay the jhoom-tax direct to the Government officer, instead of through unpopular middlemen, should not be lightly treated. The starting of a khas mehal under the Government officer direct would, I believe, be the surest means of checking the malpractices of the Bohmong and his family, for they would then have no alternative between a just and unoppressive mode of government, and the gradual but certain secession of all their people. The Bohmong had raised the jhoom-tax from Rs. 6 to Rs. 8 in his own (the Reygreytha) clan, and from Rs. 4 to Rs. 6 in the other tribes, without the permission of Government, and, moreover, without even informing me of his intention. I reported this to the Deputy Commissioner, as also that the people had made a general complaint on the subject. The Deputy Commissioner ordered me to inform the Bohmong that no such enhancement of rents could be allowed, and that he must adhere to his former rates. The order was at once complied with regarding the current year, but the people had paid the increased tax in 1873-74 without a representation; receipts were then refused by the Bohmong for the old rate of tax, but the Deputy Commissioner insisted that receipts should be given for all payments of jhoom-tax, whether in full or in part. This order was likewise at once complied with, and it was evident to me that no little surprise was felt by the people at the magical effect of a few lines scribbled on a piece of paper by the Deputy Commissioner. Profuse were the *hrikos* (salutations) and thanks which testified the gratitude for the intervention, and nothing more opportune could have occurred to show them that the Government is in reality the paramount power.

"The bazar was a great success. Two rows of temporary sheds had been erected facing each other, with a broad street or way between them; but I had little hopes of their filling. Not only, however, did the sheds fill from end to end, but extensions had to be made to provide for the enterprising Bengali and Mugh shopmen, who crowded to the festival to try their luck. I have good hopes of persuading some of the merchants to remain for good."

9. It will be better to deal with the subjects alluded to in paragraph 25 of Mr. Gordon's letter in a separate report. That called for in your No. 8650t., dated 1st December 1874, gives an appropriate opportunity of discussing the question. It is sufficient here to state that the Bohmong's relations with his feudatories, though not in a satisfactory condition, have been placed on a much better footing by the action recently taken; and the knowledge acquired by the people of the orders of Government concerning the rate of tax they are bound to pay, as well as the resolution of Government officers to enforce obedience to these orders, is in my opinion not the least important result of the gathering.

10. As to the bazar, nothing permanent can be hoped for till the floating traffic system described in my No. 1059, dated 25th November last, is stopped, and the *beparees* obliged to sell from a shop on the bank at a fixed spot, instead of moving up and down the river and selling from their boats anywhere they find a purchaser. The subject is fully discussed in the report alluded to above, to which I await a reply. Simultaneously with abolishing the Bhashanya Bepar, a new scheme for provisioning Runa might be put in force, viz. substituting for the present system of supply through a Government *moojee* a contract with a shopkeeper to keep up a certain supply of food in return for some small compensation for wastage and incidental cost of storage.

11. Of the last subject, Mr. Gordon says:—"The bill, which unfortunately demands its share of attention, must speak for itself. I have, as you had desired me, included *everything*. You will perceive that there are several items embraced under the general heading *Luxuries* which cannot be said to have been essential to the accomplishment of the designs which gave rise to, and were the objects of, the Mela, but which at the same time may be said to have constituted the frame of the picture." The chief reasons for the extra expenditure are (1) many more people came than were expected; (2) owing to the Bonjogis not coming in proper time, the Mela lasted longer than was intended, the guests having to be fed meanwhile; (3) a sum of Rs. 85 was given at Mr. Hannay's request to the Shendoo party, they having come 10 or 12 days' journey from home, and lost the value of their labour at a time when they ought to be cutting their jhooms; and lastly Mr. Gordon, determining that the meeting should be a success, took care that there should be no appearance of stint, and holds himself responsible for the extra amount. In view, however, of the success which has attended his efforts, as also to the satisfactory results obtained, I would respectfully appeal on his behalf to the generosity of Government, and request sanction for all expenditure included in the bill. The amount has been drawn by abstract bill; but even then there is a saving in the Kookee Durbar Present Fund for 1874-75, so that no fresh grant is required.

ROAD CESS.

CALCUTTA, THE 6TH MAY 1875.

RESOLUTION.

READ—

A letter, No. 212A, dated 9th April 1875, from the Officiating Secretary to the Board of Revenue, submitting two statements of the demands, collections, and arrears of road cess for the year 1873-74.

THE statements submitted by the Board of Revenue give the totals of the demands, collections, and arrears of road cess on (1) lands and mines, and (2) on houses, for the cess year commencing 1st October 1873. This was the first year in which actual collections were made under Act X (B.C.) of 1871. The total demand according to statement (1) amounted to Rs. 6,87,812, of which Rs. 5,58,287 have been collected. The cess on houses under Part IV of the Act produced Rs. 34,173, out of a demand of Rs. 53,800.

The statements would have been more complete if they had shown the valuations effected for each district, and the rates at which the cess was levied. These should be given in the reports for future years.

2. It was to be expected that the scarcity which prevailed during the cess year 1873-74 throughout many of the districts of Bengal, would effect the financial results of this measure in a marked manner. The Act had been introduced into nineteen districts, but in all of them the collections were not fully made. In Monghyr, Bhagulpore, and Purneah, the collections were suspended in estates which were held to be distressed; in Burdwan, the collection was postponed till 1st October 1875; in Hooghly, one instalment of the cess was ordered to be collected and the remainder remitted: the house cess was entirely remitted. The report from this district has not yet been received, as fresh calculations were necessary for certain estates. Thus the collections for this district do not appear in the statements submitted by the Board.

3. In the districts included in the returns, the total percentage of collections on demand of the cess on lands is 81.16. It is highest in the Orissa and Dacca Divisions, and, on the whole, worst in the Presidency Division, in which stringent measures were not adopted to enforce payment. The Lieutenant-Governor trusts that the Commissioner and the Board will take due steps to ensure a proper percentage of collections in this division in ordinary years, and that the subject of the house cess, referred to in the last paragraph of the Board's letter, will be thoroughly investigated.

4. His Honor is glad to observe that the Commissioners express themselves generally well satisfied with the means afforded by the law for the recovery of the arrears and system of collections and of accounts. It remains to be seen how efficient the provisions of the law will be in practice to recover the large arrears of Rs. 1,29,737. He also notices, with much pleasure, the absence of any mention of dissatisfaction on the part of the ryots, and considers that this is a proof that they have accepted the measure; he trusts they will eventually appreciate its advantages.

5. Sir Richard Temple is fully aware that the circumstances of the year under report were exceptional, and were calculated to add difficulties to the first collection of the road cess. He is therefore the more gratified to see the extent of the success which has been attained in the districts mentioned in the statements submitted, and concurs with the Member in charge in deeming the results on the whole satisfactory. He desires to thank Mr. Schaleh for his able and careful superintendence of this new and important branch of the Revenue.

6. These proceedings will be reported to the Government of India.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,

Offg. Junior Secy. to the Govt. of Bengal.

No. 212A, dated Fort William, the 9th April 1875.

From—J. GREGGHEGAN, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Revenue Department.

I HAVE the honor to submit herewith two statements of demands, collections, and arrears of road cess for the year 1873-74—No. I, on lands and mines, and No. II, on houses.

2. *Statement No. I, on Lands and Mines.*—The scarcity which prevailed during the year under review throughout the greater portion of Bengal has, of course, had a marked effect on the collections. Out of the nineteen districts in which the road cess had been introduced, the demand for the road cess was entirely suspended in the district of Burdwan by order of His Honor the Lieutenant-Governor of Bengal, conveyed in letter No. 1739, dated 14th August 1874; while in the districts of Monghyr, Bhagulpore, and Purneah, the collections were, under orders of Government, No. 776, dated 31st March 1874, suspended within certain tracts. In the district of Hooghly it appears that after the preparation of all the registers and records required for collection purposes, and after collection had commenced, the orders of Government, No. 298, dated 5th February 1874, remitting a portion of the cess in certain parts of the district, were received. This necessitated separate and fresh calculations of cess for each of the estates accordingly as they were situated wholly or partially in the distressed tracts of the district. These calculations occupied much time, and were not completed until the middle of October as regards estates situated entirely within the district, and were till lately yet incomplete in regard to certain estates partly situated in Burdwan. The report from the Hooghly district has consequently not yet reached the Board, and nothing can be said here in regard to the collections in that district. A supplementary statement in regard to it will follow shortly. In the other districts shown in the statement, the remissions are inconsiderable, and are due to local causes: such as exemption from the operation of the Act subsequent to the valuation of the land, on the ground of the estates being found to be situated within municipal limits; alteration in the valuations on appeal; remissions in consequence of petty revenue-free estates and lakhiraj holdings entered in the road cess registers, and landowners' schedules not having been traced, and the like reasons.

3. Excluding the remissions mentioned in the preceding paragraph, the total demand for the year amounts to Rs. 6,87,812, while Rs. 5,58,287 have been collected, showing a total percentage of collections on demand of 81.16. The percentage of collection has varied considerably in the different districts. In Orissa, which, so far from suffering from the famine, was thereby benefited by the opening out of a favourable market for its export produce, the percentage was as high as 100 in Pooree, and was 95.78 in Cuttack; but only 55.04 in Balasore. In the Dacca division the percentage ranged from 97.11 in Fureedpore to 91.82 in Dacca. In the Rajshahye division, although it was determined after considerable hesitation not to enforce the collection on account of the pressure of scarcity in the food-supply, difficulty was from that cause to some extent experienced in the collection, and the percentage fell as low as 87.32 in Moorshedabad, and even 73.55 in Rajshahye. "It must be borne in mind," the Commissioner observes, "that zemindars have in very many instances not collected their rents from their ryots, and could hardly be expected with any degree of readiness to pay their road cess."

In Hazareebagh the percentage (80.81) is low, but since the preparation of the return out of a net balance of Rs. 4,274, Rs. 4,166 have been recovered, leaving only the small sum of Rs. 108 outstanding. The Presidency division shows on the whole worst in the matter of collection; the percentage being 84.64, 84.63, and 90.03 for the three districts of the 24-Pergunnahs, Nuddea, and Jessore, respectively. The Collector of Nuddea writes that "it was owing to the very unfavourable season that no special efforts were made to enforce payment." The Collector of the 24-Pergunnahs observes:—"As this was the first year that the cess has been collected, and as numerous calls have been made upon the landholders' class in consequence of scarcity and failure of crops, stringent measures were not adopted, as they otherwise would have been,

at the end of each quarter for the recovery of the balances. I was anxious to deal leniently with the proprietors of estates, and therefore deferred the issue of compulsory processes till the expiration of the last quarter of the year." It is anticipated that in an ordinary year the collection in this division will reach the proper percentage.

4. One of the chief obstacles experienced in the collection of the demands arose from the difficulty met in regard to estates the proprietors of which do not reside within the districts in which the estates are situated. As the cess is not recoverable by the sale of estates or tenures, as in the case of demands of Government revenue, much time is necessarily lost in the recovery of the cess by the attachment and sale of the personal property of the defaulters through the agency of the Collector of the district where the defaulters reside.

5. The Commissioners express themselves generally well satisfied with the means afforded by the law for the recovery of the arrears and system of collection and of accounts. The Commissioner of Bhagulpore observes that "though the system of collection has not had a fair trial owing to the occurrence of the famine during the very first year of its operation, yet the results arrived at are marvellously good. The collections were made more easily and rapidly than could be expected, and the system may be said to have worked very satisfactorily, especially as regards the revenue-paying estates, and I have nothing to suggest with a view to its improvement. In ordinary years the cess it is expected, will be paid with the utmost regularity."

6. The Member in charge trusts that, taking into consideration the peculiar circumstances of the year under report, the Government will deem the result of the collections during the first year that the Road Cess Act has been in force in the districts mentioned in the statement, on the whole satisfactory. It is hoped that when a thorough revision of the registers has been made in regard to the petty revenue-free estates and tenures found not to be in existence, and to the demands which have been modified on appeal and in connection with the lands found to have been wrongly assessed in consequence of being within the limits of municipalities, the collection will, in the coming year, be found to reach a much higher percentage.

7. *Statement No. II, Cess on Houses.*—As might be anticipated, the pressure of the scarcity has very seriously affected the collection of the cess on houses. In the Orissa division, which has been altogether free from any suffering from that cause, the collections are good. They show worst in the district of Rajshahye, while in the districts of Purneah, Bhagulpore, and Monghyr the demand was, under orders of Government, altogether remitted. In the 24-Pergunnahs the collection was most unsatisfactory. The Commissioner has now the subject under consideration in view to the better organization of the agency for collection. The Member in charge will thoroughly look into the whole subject. He is aware that great difficulty must invariably be experienced in collecting a cess of the nature of that on houses, but he trusts that a much better result may be obtained next year.

Mr. C. C. 873-74

The difference between the figures in columns 2 and 4 is Rs. 139-5-2. Column 2 contains the net amount realizable after deduction, while column 4 contains the total amount of the four instalments shown in the quarterly statements.

The difference of Rs. 312 between column 6 and the total of columns 7 and 8, arises from the unrecovered balance of the first two quarters having been transferred from Bhagulpore to this district.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 10th May 1875.

No	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
Western Districts.			
1	Burdwan, 10th* May 1875	50	Rainfall at Bood-hood 1.79, at Cutwa 3.97, at Culon 1.46, at Jehannabad 1.05, at Raneegunge .65. Cotton and <i>deol</i> oil-seed doing well. Ploughing begun. Cholera decreasing.
2	Bankoora, 8th	1.16	Weather cool and cloudy; a very good shower of rain fell on the 2nd instant. The state and prospects of the standing crops continue favorable.
3	Beerbhoom, 8th88	Weather cool. The ryots are beginning to prepare their land for seed.
Burdwan	4 Midnapore, 8th	4.16	Heavy rains. Storms occurred on five out of the seven days of the week. The prospects of cultivation have greatly improved. The fear now is that such excellent rain falling prematurely will be followed by a prolonged break later in the year.
	5 Hooghly, 8th	4.42	Weather showery. Rain at Huripal and Kristonogore, where it was most wanted. Prospects good,—so far that the rainfall is seasonable, and opportune for preparing ground and sowing. Cholera and smallpox have nearly disappeared since the rain, but in places cholera is still unabated.
	Howrah, 8th	1.34	Weather warm and cloudy; strong wind from the south. There was rain for two days during the week throughout the district. Reaping of the <i>boro</i> or spring rice continues. Young sugarcane much benefited by the late rains.
Central Districts.			
PRESIDENCY DIV.	6 24-Pergunnahs, 10th† May 1875	1.92	Weather hot with occasional rains. Pretty heavy showers have fallen. Cultivation and sowings progressing rapidly. Sickness decreasing.
	7 Naddea, 8th May 1875	1.89	Weather not very warm, but cloudy. There has been sufficient rain everywhere, and the prospects of rice and indigo are favorable.
	8 Jessore, 8th	3.29	There were some heavy showers at the beginning of the week. The spring rice has been reaped, and has yielded a good outturn. The rain has been very beneficial.
24 P. DIV.	9 Moorsshedabad, 8th May 1875	1.51	Storm of wind and rain on night of 2nd instant; weather much cooler subsequently; rainfall at Lalbagh 2.27, Rampore Haut 1.67, Jungypore .26 inches. Rain has fallen most opportunely, being of great benefit to most of the growing crops, and accelerating ploughing and sowing. Damage to <i>teei</i> oil-seed and <i>boro</i> rice crops from violence of storms reported from some parts. Indigo and mulberry progressing favorably. In the north of the district late sowings delayed from want of sufficient rain. Health good.
	10 Dungee, 7th May 1875	1.53	There has been rain, the Collector believes, all over the district. Great progress in ploughing since last week, and parts of the country are already green with <i>kawon</i> millet, <i>bhadai</i> , or early rice, and jute. Cholera on the increase both as regard to cases and deaths.
	11 Medinich, 5th May 1875	.39	Rain on the 2nd and 3rd instant; the rest of the week fair. The spring rice is ripe, and rather below; an average crop expected. Mulberry and indigo prospects are fair. The mango crop has almost entirely failed.
	12 Rainsahye, 8th	1.30	There have been moderate showers of rain all over the district, which have done good. The state of the crops is unchanged, and the prospects are good. The reaping of <i>boro</i> rice has commenced in the west of the district, and will soon be going on generally. Cholera has abated considerably during the week.
	13 Rungpore, 7th3	Weather cooled by rainfall. Crops much benefited by rain.
	14 Bogra, 8th94	Fair weather. Lands are being ploughed now for the cultivation of <i>amra</i> , or early rice; jute, mulberry, and other crops, promise well.
	15 Pubna, 8th	1.55	Rainy and cloudy weather. On the 1st instant a most violent hailstorm passed over thence Pubna and Dulye; the hailstones were of great size. The mangoes suffered considerably; the <i>boro</i> and jute rice very slightly. Rainfall sufficient. More fell in the district than at the Sudder station. Sowing of <i>amra</i> and <i>amra</i> proceeding rapidly. Cholera abating.

* Telegram of the 10th May, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 10th May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
Central Districts.—(Con'd)			
COOCH BEHAR DIV.	16 Darjeeling, 7th May 1875.	2.20	A good deal of rain and mist for this time of the year. Occasionally the sun shines out very warm. Sowing has commenced in the plains, and is progressing favorably. In the hills the young crops are doing well. Tea gardens are giving a large yield: a bumper crop anticipated.
	17 Jalnigoree, 8th May 1875.	3.81	There was a very heavy fall of rain, 3.40 inches, on the morning of the 8th instant. This is more than was required, and may do some damage to the young jute plants which so far had promised well. The rain is also bad for <i>bhadoi</i> , or early paddy, which is now in young plants, as it will promote the growth of grass and weed. Cholera is general over the district; it is worst in the Buxa sub-division, where in one part it has assumed severe epidemic type.
	Cooch Behar, 6th May 1875.	4.03	The weather was generally cloudy; some heavy showers of rain during the week. This is the season for sowing <i>bitri dhan</i> , or early rice and jute. The rain will do much good to both these crops. Cholera has been raging in some parts of the State.
Eastern Districts.			
DIV.	18 Dacca, 10th* May 1875.	.60	Rain general. Crops very favorable. All fear from want of rain now gone. Health improving. Rivers rising.
	19 Ferozepore, 8th40	Weather unsettled, but seasonable. Prospects of crops continue favorable. General health good.
	20 Backergunge, 6th May 1875.	2.85	Rain has fallen, and all is well. Cattle affected with disease in a few villages.
CHITTAGONG DIV.	21 Mymensingh, 7th May 1875.	3.33	There has been less rainfall in the greater part of the district. State and prospects of crops favorable.
	22 Chittagong, 6th May 1875.	1.16	Strong winds in the early part of the week; afterwards clear and settled. The late heavy rains have done some slight damage to chillies, but this will be more than compensated for by the benefit to the early rice and tea.
	23 Noakhali		Return not received.
	24 Tipperah, 7th May 1875.	2.30	A good deal of rain has fallen, and the weather has been cooler. The showers have been very beneficial to the crops in the ground, and have also enabled the cultivators to nearly complete their ploughing.
	25 Chittagong Hill Tracts, 4th May 1875.	3.29	Heavy showers of rain, with squalls on the 28th, 29th, and 30th April, and 1st and 2nd May. Weather in consequence has been cool and pleasant. The hill-men are busily engaged in sowing paddy, cotton, &c., &c., in their <i>joome</i> . Cholera has appeared in several parts of the district.
	Hill Tipperah, 6th May 1875.	5.07	Weather unsettled; occasional heavy showers of rain, with alternate periods of sunshine. Ploughing and preparing the soil for the sowing of the early rice crop is going on.
BEHAR			
DIV.	26 Patna, 10th* May 1875.	.33	Weather cool since rain. No crops on the ground. Cholera decreasing.
	27 Gya, 8th May 1875.	.21	Easterly wind. A slight storm, with rain and wind from north-west, on the 3rd instant; apparently general over the district. Highest reading of dry maximum thermometer during the week was 108 degrees. What few crops are in ground, as previously reported, are good. Cholera is spreading on the south and south-west of the district; not actually in epidemic form.
	28 Shahabad, 8th	1.28	Weather clear and closely hot, with easterly wind. Rain has fallen in the district. The rain has done much good where it has fallen. <i>Cheena</i> millet, sugarcane, and cotton, all will profit. <i>Mungoes</i> are very poor this year. Sporadic cholera reported in some villages of the Casseron and Buxar sub-divisions.
	29 Durbhanga, 8th11	Weather very cool for the season of the year, and pleasant; east winds prevailing. Rain in the interior has been much heavier than at the Sudder station, and has been most beneficial to agricultural operations. The prospects are quite satisfactory. Cholera still exists in some villages.
	30 Mozufferpore, 8th	1.45	Weather hot. Rain has fallen. The rain has been beneficial to <i>cheena</i> and <i>kawon</i> millets already sown. Cholera in an epidemic form prevails in many parts of the district.

* Telegrams of the 10th May, received on the same day, shows rainfall during the seven days immediately preceding.

District and date of return.		Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR—(Contd.)			
PAUNA DIVN.—(Contd.)	31 Sarun, 8th May 1875	43	Weather bright, clear, and seasonable; east wind prevailing. There was a slight fall of rain on the night of the 2nd instant, preceded by strong wind and dust-storms. The prospects of <i>cheena</i> millet, sugarcane, and indigo continue favorable. The <i>bhadoi</i> , or early rice, <i>moong</i> pulse, and <i>kamon</i> millet are being fast sown. The early sowings are doing well. The late rain has benefited the crops. General health good.
	32 Champaran, 7th May 1875	5	The east winds and cool weather have continued throughout the week, and heavy rain has fallen in the west of the district. Though there have been threatenings of rain every day, but little has fallen to the east.* The prospects of the crops are excellent. Caterpillars have appeared among the indigo, but the plant is generally far too well forward to have suffered seriously from them. There is a good deal of fever about.
PORE DIVN.	33 Mougher, 8th May 1875	271	Unusually cool. Heavy rain during the week favorable for <i>bhadoi</i> , or early crops.
	34 Bhazulpore, 10th* May 1875	85	Rain at Muddelpoora 1-20; Banka nil. Rain has done much good for the preparation of the land for the <i>bhadoi</i> crop. General health good. Scoopool return not received.
	35 Purneah, 8th May 1875	179	Since the rain, which commenced on Sunday, the weather has been very cool. The recent showers of rain have been of great service, and were much wanted.
	36 Sonthal Pergunnahs, 8th May 1875	60	Weather still extraordinary; cool and clear; not close. Not much rain anywhere, but showers are flying about, with frequent thunder and lightning. In the fortnight there have been only two days hot winds. Nothing on the ground. Ploughing beginning. General health improving.
ORISSA.			
ORISSA DIVISION	37 Cuttack, 1st May 1875	152	Weather sultry, with occasional violent storms of wind and rain. Ploughing for rice crop going on in most places. Cholera seems to have entirely subsided, and public health is good.
	38 Pooree, 6th " "	01	There has been good rain in the interior generally; the sky is still cloudy, and more rain expected. Tillage is proceeding. The <i>dalia</i> , or spring rice crop, is being reaped, with a good outturn. White <i>moong</i> pulse has been completely gathered, with an indifferent yield. Castor-seed is being harvested, with a fair outturn. The new sugarcane is being earthed up. Cotton is in flower. The mangoes are ripening, but the crop is very poor.
	39 Balasore, 7th " "	120	Weather stormy, with several heavy showers. In the north of the district rain somewhat excessive, and in the Bhuddruck sub-division insufficient. Ploughing become general; prospects of next rice crop satisfactory. Cholera still diminishing.
CHOTA NAGPORE.			
<i>South-West Frontier Agency.</i>			
	40 Hazareebagh, 7th May 1875	03	Slight thunder-storm, with very light rain, inappreciable in quantity, have cooled the temperature considerably. No alteration. Rain is wanted to allow the ground to be broken for future crops.
	41 Lohardugga, 8th May 1875	64	Weather cloudy, with easterly and southerly winds; sharp storms on the 6th from the north-east. The weather has been favorable for agricultural operations, but the <i>moona</i> flower has been greatly damaged by the east winds. Small-pox still prevalent, and a few sporadic cases of cholera reported from Palamow.
	42 Singbhoom, 7th May 1875	138	Seasonable weather. Heavy storm, with much rain, on the 3rd instant. No crops. District healthy.
	43 Maunbhoom, 8th May 1875	108	Rain has fallen, and the weather has been cool and pleasant. The sub-divisional officer reports want of more rain. Throughout the district generally the crops on the ground—of no great importance—are doing well. Owing to the late rain, there are signs of the land being prepared for cultivation.

* Telegram of the 10th May, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

CALCUTTA, STATISTICAL DEPT.,
The 11th May 1875.

R. KNIGHT,
Asst. Secy. to the Govt. of Bengal.

NOTE.

Barometric Pressure.—The pressures in column 2 of the above table for all stations below 500 feet, are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Dippé's tables, as given in Guyot's "Meteorological and Physical Tables." The temperatures at the sea-level are taken from column 8 of the above table.

Temperature.—The temperatures in column 3 are reduced from those in column 17 on the preceding page by adding 1° Fahr. for every 450 feet.

Wind Resultant.—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in any direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

Serenity.—This column gives the average proportion of unclouded sky; a cloudless sky being indicated by 10, and one completely overcast by 0.

The above, being all comparable, afford the data for constructing a meteorological chart for the month, which shall show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

CALCUTTA,

The 8th May 1875.

W. G. WILSON.

Offg. Meteorological Reporter to the Govt. of Bengal.

To 1874, owing to the exportation of famine rice and paddy having ceased.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

The extreme variation of temperature during the past seven days	...	20.5
The maximum temperature during the past seven days	...	93.0
The maximum temperature during the corresponding period of the past year	...	98.5
The mean humidity during the past seven days	...	0.74

PART I.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS.

No. 14120.S

GENERAL.—*The 27th April 1875.*—Mr. Anthony Patrick MacDonnell, M.A., Acting Magistrate and Collector of the district of Durbhanga, selected for special duty, is relieved of the charge of that district.

The 2nd May 1875.—Mr. Edwyn Samuel Moseley, Joint-Magistrate and Deputy Collector, Nuddea, is appointed to act, until further orders, as Magistrate and Collector of Durbhanga.

Mr. Charles Edward Buckland, M.A., acted as a Joint-Magistrate and Deputy Collector of the Second Grade from the 11th February last, the date on which Mr. J. C. Veasey joined his appointment as Assistant Settlement Officer in Chittagong, to the afternoon of the 16th April 1875, the date on which he took charge of the office of Junior Secretary to the Government of Bengal.

The 4th May 1875.—The following promotions are made in the Subordinate Executive Service:—

Moulvi Mohamed Ishaq, Deputy Magistrate and Deputy Collector, in charge of the Banka Division of the Bhagulpore District, is promoted to the Fourth Grade of the Subordinate Executive Service, *vice* Mr. R. Pereira, retired.

Baboo Sharoda Prosad Chatterjee, Personal Assistant to the Commissioner of Bhagulpore, is promoted to the Fifth Grade of the Subordinate Executive Service.

Baboo Okhoy Coomar Sen, Deputy Magistrate and Deputy Collector, Backergunge, is promoted to the Fifth Grade of the Subordinate Executive Service.

The following officers are confirmed in the Sixth Grade of the Subordinate Executive Service:—

Baboo Brojo Mohun Roy, Officiating Deputy Magistrate and Deputy Collector, Rungpore.

Baboo Okhoy Coomar Chatterjee, Officiating Deputy Magistrate and Deputy Collector, Bograh.

Mr. Cecil Ansell Wilkins, Assistant Magistrate and Collector, in charge of the Baraset Division of the 24-Pergunnahs, is posted to the district of Patna. Baboo Issur Chander Mittre, Deputy Magistrate and Deputy Collector, 24-Pergunnahs, is appointed to have charge of the Baraset division of that district.

The 6th May 1875.—Captain C. H. Garbett, Assistant Commissioner, reported his departure from India, on furlough, on the 22nd April 1875.

Mr. F. M. Halliday, c.s., reported his return from furlough on the 17th March 1875.

Mr. W. V. G. Tayler, c.s., reported his departure from India on furlough on the 23rd April 1875.

Mr. W. H. Page, Officiating Assistant Commissioner, Darjeeling, is allowed furlough for eighteen months, under Section 10(a) of the Civil Leave Code, together with subsidiary leave for a period not exceeding thirty days.

The 10th May 1875.—Mr. G. K. Webster, Acting Joint-Magistrate and Deputy Collector, 24 Pergunnahs, is vested with the powers of a Collector under Act X of 1870 for the purpose of acquiring lands at Hazrah, in Bhowanipore, required for the excavation of a public tank.

The orders of the 9th March last, granting leave for two months to Baboo Rajendro Nath Roy, Deputy Collector, on special duty, under Section 3, Supplement F of the Civil Leave Code, are cancelled.

The services of Mr. H. J. Frew are replaced at the disposal of the Government of India in the Financial Department.

The 11th May 1875.—Baboo Sant Proshad, Sub-Deputy Collector, on settlement duty in the Sonthal Pergunnahs, was on privilege leave from the 27th January to 28th February 1875, inclusive.

The orders of the 24th March 1875, granting Baboo Goloke Chunder Roy, Deputy Magistrate and Deputy Collector, Chittagong, leave for one month, under Section 21, Chapter VI of the Civil Leave Code, are cancelled.

Baboo Sree Nath Gupta is appointed to be a Sub-Deputy Collector of the Second Grade, and is posted to Bongong, in the district of Nuddea.

POLICE.—*The 11th May 1875.*—Consequent on the appointment of Mr. E. B. Baker to be a Deputy Inspector-General of Police, the following promotions in the Police are sanctioned:—

Major William Leycester Nathornal Knyvett, to the First Grade of District Superintendents of Police.

Major Thomas Buttanshaw, to the Second Grade of District Superintendents of Police.

Mr. Donald William Dundas, to the Third Grade of District Superintendents of Police.

Mr. John Mountstuart Elphinstone Gouldsbury, to the Fourth Grade of District Superintendents of Police.

Mr. Glosier Henry French, to the Fifth Grade of District Superintendents of Police.

Francis Graves, to the First Grade of Assistant Superintendents of Police.

Charles Emile Fabre-Tonnerre, to the Second Grade of Assistant Superintendents of Police.

ECCLESIASTICAL.—*The 10th May 1875.*—The Lord Bishop of Calcutta has granted to the Rev. A. O. Hardy, Garrison Chaplain of Fort William, leave for one month, under Section 12, Supplement E of the Civil Leave Code, with effect from the 4th May 1875.

The Rev. F. W. Taylor is appointed to act as Garrison Chaplain of Fort William during the absence, on leave, of the Rev. A. O. Hardy, or until further orders.

REGISTRATION.—*The 6th May 1875.*—Mr. J. A. Hopkins, who was, under orders of the 12th April 1875, appointed to act as Inspector-General of Registration, is also appointed, under Section 7, Act V of 1872, to act as Senior Marriage Registrar of Calcutta. He is also appointed, under Section 7, Act XV of 1865, to act as Registrar of Parsee Marriages beyond the local limits of the ordinary civil jurisdiction of the High Court.

Under the power vested in him by Section 7, Act XV of 1865, the Hon'ble the Chief Justice has been pleased to appoint Mr. John Arthur Hopkins, c.s., the Officiating Inspector-General of Registration, to be Registrar of Parsee Marriages under the said Act, within the local limits of the ordinary original civil jurisdiction of the High Court of Judicature at Fort William in Bengal, during the absence of Mr. H. Beverley, c.s., on deputation, or until further orders, and also to appoint Mr. Patrick Hurley, c.s., to act as the said Registrar of Parsee Marriages until he is relieved by Mr. J. A. Hopkins.

The 7th May 1875.—Moulvi Syed Mahomed Ali Khan, Special Sub-Registrar of Bhagulpore, having resumed charge of his duties on the 1st February 1875, the unexpired portion of the leave granted to him under orders of the 30th January 1875 is cancelled.

OPIMUM.—*The 6th May 1875.*—Mr. Neville Thorseby Ryves, Assistant Sub-Deputy Opium Agent, Monghyr, is appointed to act as a Sub-Deputy Opium Agent, Allypunge, during the absence, on leave, of Mr. A. G. Tytler, or until further orders.

MEDICAL.—*The 2nd May 1875.*—Surgeon-Major Samuel Bowen Partridge is appointed to be Consulting Surgeon to the Howrah General Hospital.

The 6th May 1875.—Assistant Surgeon Kasi Kinkur Mitter is allowed leave for two months, under Section 9, Supplement F of the Civil Leave Code, in extension of the leave granted to him in orders of the 19th September 1874, published in the *Calcutta Gazette* of the 23rd idem.

The following gentlemen are appointed to be members of the Committee for the management of the Charitable Dispensary at Soorsundh:—

Baboo Romanath Banerjee, Tehsildar, Raj Durbhanga.

„ Ram Lall Mohunt, of Barahi.

The 7th May 1875.—Dr. R. A. Barker, Civil Medical Officer, Beerbhoom, is allowed leave of absence for three months, under Section 21, Chapter VI of the Civil Leave Code.

Surgeon Lewis Richard Dawson, now attached to the Presidency General Hospital, is appointed to act as Civil Surgeon of Beerbhoom, during the absence, on leave, of Dr. R. A. Barker, or until further orders.

The 10th May 1875.—Assistant Surgeon Bollye Chunder Sein is appointed to have charge of the charitable dispensary at Patna, and to be Teacher of Medicine and Materia Medica in the Temple Medical School.

The 11th May 1875.—The following gentlemen are appointed to be members of the Committee for the management of the Charitable Dispensary at Maldah:—

Mr. J. F. Platts, District Superintendent of Police, *vice* Mr. J. Masters.

Baboo Bankim Chundra Chatterjee, Deputy Magistrate and Deputy Collector, *vice* Baboo Sitakant Mookerjee.

MUNICIPAL.—*The 11th May 1875.*—The following gentlemen are appointed to be Municipal Commissioners for the town of Mozufferpore:—

Baboo Wooma Churn Bose.

Moulvi Abdool Jubbar.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 3rd May 1875.—In modification of the notification dated the 21st May 1874, which was published in the *Calcutta Gazette* dated the 27th May 1874, the following revised rule for the port of Calcutta, having received the sanction of the Lieutenant-Governor of Bengal under clause (b) of Section 7, Act XII of 1875 (the Indian Ports' Act), is published for general information.

Rule 38.—With the exceptions hereinafter noted, no vessel of or exceeding 200 tons of burthen shall, without the special sanction of the Commissioners, move up or down the port through the ship opening of the Howrah Bridge, except such vessel is propelled or towed by steam against the tide, and then only at such a rate of speed, not exceeding 4 miles an hour over the ground, as is absolutely necessary to keep good steerage way.

Exceptions.—Tug and river-steamers, when not towing or propelling other vessels, may drop through the bridge opening under steam head to tide.

River flats may be dropped or warped at slack water through the ship opening or through the 60 feet openings.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 1st May 1875.—The Lieutenant-Governor of Bengal has been pleased to direct that all that portion of pergunnah Ghatseleh, of district Singbhoom, outlying in district Midnapore, bounded on the north by pergunnahs Jhatteebunnee and Mutkudpore, and on the east, south, and west by pergunnah Jambunnee, and comprising the villages named below, shall be transferred from the civil, criminal and fiscal jurisdiction of Singbhoom to that of Midnapore, with effect from the 5th May 1875:—

No. 416.—The resignation of Mr. W. H. Henderson, late a member of the Bengal Civil Service, announced in Home Department Notification No 42, dated the 16th January last, is to take effect from the 22nd, instead of the 21st ultimo.

No. 420.—An extension of six months' leave on medical certificate has been granted by Her Majesty's Secretary of State for India to Mr. H. G. Cooke of the Bengal Civil Service.

The following orders, issued by the Government of India, in the Financial Department, are republished for general information:—

No. 562.—*Simla, the 30th April 1875.—Notifications.—Leave and Allowances.*—The Governor-General in Council is pleased to sanction the insertion of the following rules under section 4 of the Acting Allowance Code:—

(2.) A substantive appointment may be made under this section for a time only in the place of a Military Officer in Civil employ whose appointment would be forfeited under Military furlough rules but for the operation of Rule II of the rules published with the General Order of the Government of India in the Military Department, No. 171, dated the 25th February 1874.

(3.) Full pay is not to be drawn under this section as a matter of course, or unless the Officer claiming it is by proper authority formally appointed to the office substantively for a time.

No. 523.—*The 30th April 1875.—Pensions and Gratuities.*—The Governor-General in Council directs that the following note be inserted under section 4 (b) of the Civil Pension Code:—

(NOTE.—An Engineer engaged under covenant in England, before the abolition of the Indian Navy, who elects the rules in this code and the leave rules in force for uncovenanted servants generally, does not forfeit the rights in other respects secured to him by his covenant.)

The following orders, issued by the Government of India, in the Military Department, are republished for general information:—

No. 42.—*Simla, the 23rd April 1875.*—The services of Surgeon L. R. Dawson, of the Medical Department, are placed at the disposal of the Government of Bengal.

No. 148.—*The 29th April 1875.*—The undermentioned Officers have reported their return from England:—

*	*	*	*	*	*	*	*
Lieutenant-Colonel W. R. Gordon, of the Bengal Staff Corps, District Superintendent of Police, 1st Grade, Bengal.—date of arrival at Bombay, 18th April 1875.							
*	*	*	*	*	*	*	*

No. 419.—The undermentioned Officers and Warrant Officer have reported their departure for Europe on the dates specified:—

*	*	*	*	*	*	*	*
Lieutenant-Colonel (Brevet-Colonel) J. R. Pughe, of the Bengal Staff Corps, G. G. O. No. 133 of 1875,—per <i>Kashghir</i> , 5th April 1875, from Bombay.

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 1st May 1875.—Under the provisions of Section 2 of Act V (B.C.) of 1873, the following plan for extending gas-lighting to certain portions of the town of Howrah is published for general information:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the grand trunk road which lies between Ramkrishnapore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road, and Ghosery Road. The total length of these roads is 2½ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 61 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from their general fund during the current official year.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 3rd May 1875.—The Lieutenant-Governor is pleased to direct the elimination, from the scale of provisions for emigrants, as laid down in Schedule B appended to the Emigration Rules under Act VII (B.C.) of 1873, of the red pumpkin (koomra) hitherto supplied daily to each statute adult emigrant under conveyance to the labour districts in quantities of 1½ chittacks, and the substitution therefor of a similar quantity of potatoes, which article of food will accordingly be raised to a daily allowance of 3 chittacks to the entire exclusion of pumpkin, a vegetable that has repeatedly been objected to as unwholesome for coolies on the voyage.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 3rd May 1875.—Under the powers vested in the Lieutenant-Governor by Section 2 of Act II (B.C.) of 1867 (an Act for the punishment of public gambling and the keeping of common gaming-houses), His Honor is pleased to authorize the extension of the provisions

of Section 11 of the said Act, from the 1st June next, to the under-mentioned villages, in the sub-division of Bongong, in the district of Nuddea :—

Mohespore, including Jalilpore and Hamidpore,—bounded on the north by river Bhoirub; south by the Hansadaha Guntali ferry fund road; east by the fields of villages Gourabaria and Govindpore; west by the fields of village Nasdagaram.

Gopalnagar, including Khamarkalna and Jalapara,—on the north by Bura Saili Banor; on the east by Thakurjhir Pukur; on the south by the fields of villages Ramchundra-pore and the Madla Banor; on the west by the fields of village Kansona.

Garapota, including Kundiore and Kamalpore,—on the west by Kundiore Banor; east by the fields of villages Sundarpore, Sengara, and Gainpore; north by the fields of village Dhulani; and on the south by the village Kantipara and the fields of village Chanda.

Bongong, including Bazar and Matiagunge,—on the east by the fields of Bongong; on the south by the fields of village Kalupore; on the west by the fields of villages Sundarpore and Chumpabaria; north by the fields of villages Joypore and Paikpara.

Chhagharia,—on the north by the Jessore road; on the east by river Labhanga; on the south by the fields of village Kaliani, and on the west by the fields of village Chhagharia.

DECLARATION.

The 5th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for disposal of municipal refuse of the town of Chittagong, in villages Moradpore, Pahartulli, and Madarbari, pergunnah Islamabad, zillah Chittagong, it is hereby declared that for the above purpose the following three pieces of land are required within the aforesaid town of Chittagong :—

1. A piece of land measuring, more or less, 8 beghas 13 cottahs 2 dhoors of standard measurement, in village Moradpore,—bounded on the north by Baromasia Surra; east, by burial-ground land; south, by Colonel Hill's and Nazir Ali's ryoti land; west, by Hamidulla Khan's old homestead.

2. A piece of land measuring, more or less, 10 beghas 3 cottahs 2 dhoors of standard measurement, in village Pahartulli,—bounded on the east by Tagir Pass; north, by Buttali Hills; south and west, by Ramjan Ali and Arban Ali's talooki land.

3. A piece of land measuring, more or less, 6 beghas 7 cottahs 12 dhoors of standard measurement in village Madar Bari, — bounded on the north by a tank belonging to Mohemod Roffee Suddagar and khila land; east, by homestead of Moulvie Karce Muiddin and Mirja Ali's ryoti lands; south, by homestead of Esuff Ali Sowdagur and a tank belonging to Kanti Ram; and west, by the Government road from Buttulli to Suddor Ghât.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 14th April 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for widening Bhorparah Ghât road, under the jurisdiction of the Municipality of Howrah, in the village of Howrah, pergunnah Boro, zillah Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 9 cottahs 8 chittacks 37½ superficial

feet of standard measurement, bounded on the north by lands belonging to Government and to Chowdry Zemindars, and by Bhorparah Ghât road; on the east by Bhorparah road and khall, and by Government land; on the south by Bhorparah Ghât road and by lands belonging to Government and to Chowdry Zemindars; and on the west by Bhorparah khall and by Chowdry Zemindars' land, is required within the aforesaid village of Howrah.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

DECLARATION.

The 20th April 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government for a public purpose, the expense being met from the donation of the Honorable Khajeh Abdool Gunny, c.s.i., viz. for the extension of the Dacca water-works site in the town of Dacca, it is hereby declared that for the above purpose a plot of land measuring, more or less, 2 cottahs 7 dhooers and 10 gundas, bounded on the north by the public road; on the west and south by the Government land already taken for the water-works; and east by the houses of Raja Baboo and Lukhi Kant Ghose, the temples of Nursingh Thakoor and their adjoining lands, and the building in the occupancy of Gopee Mohan Ghose, belonging to Sheik Rohim Jan, is required in the town of Dacca.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

Offg. Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 162.

The 6th May 1875.

UNDER Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Cuttack, Pooree, and Balasore, of works done and in progress during the past cess year 1873-74, together with the review thereon by the Commissioner of the Orissa Division, are published for general information.

G. F. E. S. NEILL, *Captain, M.S.C.*

Offg. Asst. Secy. to the Govt. of Bengal, P. W. D.

No. 492, dated Cuttack, the 2nd December 1874.

From—JOHN BEAMES, Esq., Collector of Cuttack,

To—The Commissioner of the Orissa Division.

I HAVE the honor to submit the annual report on local improvements in the Road Cess Department, called for by Government circular No. 51, dated 8th August.

The report is overdue, but I trust the delay will be excused in consideration of the numerous calls on my time during the last few weeks.

The annual accounts and explanations already submitted with my No. 485, dated 12th ultimo, will illustrate the following remarks, and show at a glance what has been the work of the year.

The extra establishment entertained for the preparation of statistical returns will not be a permanent charge on the funds, as the work was of an occasional nature, and will not require to be done again for some years.

Under the head of original works, I have to report the construction of several culverts on the Machgaon road, and the erection of a handsome and substantial iron girder bridge over the Gubri river, at Kendraparah, where the road to Chandbally crosses it. This is justly regarded by the Committee as a very important work, as it removes what has long been a serious obstacle to traffic on one of the principal arteries of the district.

The Chandbally road in the first 15 miles having become uneven and overlaid with sand-drift from the river Mahanuddy, the Committee, acting on the advice of the District Engineer, have commenced a reconstruction of the road, which will remove the inconvenience complained of. The reconstruction is of so thorough a nature as to amount to an original work.

Village roads have been constructed in several parts of the Cuttack, Salepore, Kendraparah, and Jajpore thanas. These works are very petty in their nature, and are confined to the lines of old village paths. Their utility is not to be measured by their extent, however, as often an expenditure of Rs. 100 has sufficed to restore communication where it had become totally impracticable. It is gratifying to be able to report that in some instances native gentlemen have come forward to undertake these works, and their execution has been found to be economical and satisfactory. Baboos Gopal Prasad Mitra, Gaur Charon Ghose, and Nabadip Chand Das, in the Sudder sub-division, and the members of the Road Cess Branch Committee at Jajpore, have done good service in this respect.

A nursery garden has also been established at Chauliaganj, on a piece of waste land, the property of Government. This garden is irrigated from the Taldunda canal; and a large supply of seeds was received from the Botanical Garden at Howrah. The seeds have come up well, and, together with several hundred seedlings of forest trees indigenous to the district, have been planted out in beds.

The garden now contains about 30,000 young plants. About two miles of avenues have been planted out along the Taldunda road, and plants are sold to other departments. This garden will, it is hoped, soon become self-supporting by the sale of surplus trees, and the roads throughout the district will be lined by avenues, which are much required at present.

Under the head of repairs there is nothing special to notice. Thirteen district roads have been kept in repair during the year, and are in fair order. In a district where there is so much water communication, more roads are hardly requisite.

The Chota Brahoni river at Pattamundie having silted up, much inconvenience was felt, as there is a great deal of boat traffic in that river. The Committee therefore expended a small sum on deepening the shoal, thus enabling boats to pass.

The Chandbally road will, it is feared, always remain a cause of anxiety. Its length, and its liability to be breached in many places, make it a heavy charge on the district funds. It would seem that a work of this magnitude, constituting as it does one of the chief trade and pilgrim routes of Orissa, would more appropriately be dealt with as a provincial work, and the Committee hope that the time is not far distant when the Government may see reason to relieve them of this heavy burden. It is not saying too much to assert that if the whole of the revenues of the Road Cess Committee were devoted to this road alone, they would hardly suffice to keep it in thorough efficiency.

I am glad, in conclusion, to be able to report that many of the members of the District and Branch Committees have heartily co-operated with me, and that the establishment under the Committees has worked excellently during the year.

Extract from estimate of expenditure of Cuttack District Road Fund for the cess year 1874-75, showing what works to be done in that year.

Explanatory Notes.

(a) The figures given in this column have been taken from the revised estimates passed by the Road Cess Committee on the 18th November 1873, and approved of by the Commissioner in his letter No. 385, dated 22nd idem.

(b) These two ferries have been transferred to provincial service from April 1874.

(c) The receipts on this head have exceeded the amount estimated in the budget, because the realizations on account of staging bungalow fees and refunds, &c., happened to be more than what was anticipated.

(D) The extra clerks were appointed to prepare the statistical returns,—*vide* Board's order communicated in Commissioner's letters Nos. 397, 52, and 98, dated 9th December 1873, 6th July 1874, and 29th September 1874, respectively. Supplementary allotment was made for them from the "Reserve," there being no special grants in the budget for it.

(DI) The clerks were appointed to register the road cess chalang in the Tawjih Department under Section 16 of the rules, and paid from the road cess funds, agreeably to Accountant General's order, the amount having been met from the "Reserve."

(E) Rs. 4,686 were provided for in the budget under the head of Miscellaneous, for adjustment of road cess charges incurred from provincial fund, but it has been transferred to these heads agreeably to Controller's No. 2889 of 9th March 1874.

(EI) Accountant-General's order for adjustment of certain items was received after the submission of the budget, which adjustment was made during the year, though not provided for in the budget: hence the excess of Rs. 372-10-6.

(F) Rs. 5,000 were first sanctioned, as per budget estimate, and Rs. 608 transferred from Reserve,—*vide* Commissioner's letter No. 412, dated 19th January 1874.

	Rs.	A.	P.

Deduct amount transferred for turfing Machgaon road.— <i>vide</i> Commissioner's No. 94, dated 21st September 1874 ...	500	0	0
Balance	8,712	0	0

(H) Rs. 6,450 were sanctioned, as per budget estimate, and Rs. 1,000 added to this sum as proposed in this office No. 332, dated 19th June last, and sanctioned by the Commissioner in his No. 40, dated 1st July last.

(I) Rs. 500 were sanctioned, as per Commissioner's letter quoted above, but the amount being insufficient, a further sum of Rs. 977-2-3 was expended out of the "Reserve," in anticipation of Commissioner's sanction applied for in this office No. 482, dated 12th instant.

(J) There was no allotment for this road in the budget. Rs. 800 were sanctioned by the Commissioner in his letter No. 40, dated 1st July 1874, and approved of by the Committee.

(K) Rs. 4,700 were sanctioned in the estimate for this road, from which Rs. 1,212 have since been transferred for reconstruction and improvement of the Chandbally road; approved of by the Commissioner in his letter No. 93, dated 21st September 1874.

(L) Rs. 3,700 were first sanctioned in the budget, and Rs. 1,268 were received by transfer from Rs. 3,536 placed in the "Reserve," as stated in paragraph 10 of this office letter No. 332, dated 19th June last, and approved of by the Commissioner in his letter No. 48, dated 1st July 1874.

(M) Rs. 1,300 were allotted, as per revised estimate, and Rs. 500 received by transfer,—*vide* Commissioner's letter No. 94, dated 21st September 1874, as stated in note G.

(MI) Explanation regarding the excess expenditure of Rs. 141-11-7 on this road has been called for from the District Engineer.

(N) Rs. 550 were allotted in the estimate, and Rs. 1,000 added to it for constructing bridges on this road, as stated in this office No. 332, dated 19th June, and sanctioned by the Commissioner in his letter No. 48, dated 1st July 1874.

(O) Rs. 100 were allotted in the estimate, and Rs. 700 again transferred to this road,—*vide* Commissioner's letter No. 48, dated 1st July last.

(P) The original allotment was Rs. 200, which, being insufficient for the work, was supplemented by an additional allotment of Rs. 90, transferred from "Reserve," as reported to the Commissioner in this office letter No. 356, dated 1st July 1874.

(Q) No allotment was made for this purpose, but according to the District Engineer's letter No. 1442, dated 10th December 1873, copy of which was forwarded to this office with Commissioner's memorandum No. 397, dated 17th idem, Rs. 721 was given out of the "Reserve," the work being urgent.

(R) An allotment of Rs. 7,193 was provided for in the budget in this head, and Rs. 3,536 added to it out of Rs. 8,325, provided for in the budget for Department Public Works establishment, as stated in this office No. 332, dated 19th June 1874, and approved of by

the Commissioner in his letter No. 48, dated 1st July last. Out of the total Rs. 10,729 above shown, Rs. 5,417-5-3 have been transferred to the following roads, &c.—

	Rs.	A.	P.
Constructing a bridge over the Gubri nullah	608	0	0
Juggutsingpore to Jeypore road	90	0	0
Extra establishment	1,306	14	6
Deepening shoal in the Chota Bramhoni	721	0	0
Chauliaganj garden	977	2	3
Kendraparah dāk bungalow establishment	40	0	0
Ditto ditto furniture	252	4	6
Tools	151	0	0
Cuttack to Taldunda road	1,278	0	0
Total	5,417	5	3

(S) This includes Rs. 30 on account of last year's pay not drawn during that year. Rs. 100 have been paid on account of this year's salary, and Rs. 20 remain to be paid.

(T) This adjustment was made agreeably to Accountant-General's order, which was received after the submission of the budget, and consequently no provision was made for it.

(U) There was no allotment in the budget for this bungalow, as it was made over to this department after the submission of the budget. The amount was therefore paid out of the "Reserve," as ordered by the Commissioner in his letter No. 433, dated 5th March 1874.

(V) The original allotment amounted to Rs. 1,080, which was supplemented by another of Rs. 789, as per statement submitted with this office No. 332, and approved of by the Commissioner in his No. 48, dated 1st July last.

(W) No provision was made in the budget for this purpose. Rs. 154 paid out of the "Reserve," in anticipation of Commissioner's sanction, applied for by this office No. 482, dated 12th instant.

The sum of Rs. 8,325, provided for in the budget estimate for Department Public Works establishment, not being required, was transferred to the following heads,--*vide* Commissioner's letter No. 48, dated 1st July 1874:--

	Rs.	A.	P.
Metalling Taldunda loop road	800	0	0
Constructing bridges on Jajpore and Bujharpore road	1,000	0	0
Bridges on Kendraparah loop road	700	0	0
Government garden at Chauliaganj	500	0	0
Village roads and bridges	1,000	0	0
Working establishment	789	0	0
Transferred to "Reserve"	3,536	0	0
Total	8,325	0	0

NOTE.—Certain original works were erroneously charged in the monthly and quarterly returns under the head of Repairs. This has been rectified in the annual accounts.

JOHN BRAMS, *Chairman*.

No. 6—PART II.

POOREE DISTRICT ROAD FUND.

J. ARMSTRONG, C.S., Collector.

ROAD CESS OFFICE, POOREE, the 30th October 1874.

No. 176, dated Pooree, the 30th October 1874.

From—J. S. ARMSTRONG, Esq., C.S., Collector of Pooree,
To—The Commissioner of the Orissa Division, Cuttack.

I HAVE the honor to submit the local improvement report for the cess year ending on 30th September 1874, and the annual return of the Road Cess Department for the same year.

2. The aggregate receipt of the year under the several heads amounted to Rs. 32,853-14-5, viz.—

	Rs.	A.	P.		Rs.	A.	P.
Under Controller of Public Works Accounts' No. 10020, of the 15th October 1873	5,000	0	0	Cess on land	19,566	7	6
Accountant-General's No. 10827T, of 6th December 1873	3,159	4	9	House cess	32	8	6
Accountant-General's No. 13598, of 31st January 1874	5,000	0	0	Government grants-in-aid as per margin..	13,159	4	9
				Advance refunded	95	9	9
Total	13,159	4	9	Total	32,853	14	5

3. The total expenditure amounted to Rs. 15,986-10-5 at the end of the year. The details of expenditure were as follows:—

	Rs.	A.	P.
Office establishment...	2,434	7	7
Contingencies ...	672	3	0
Original works ...	9,158	11	5
Repairs ...	3,031	4	5
Field establishment ...	120	0	0
Repairs and construction of village road.	570	0	0
Total ...	15,986	10	5

4. The establishment consisted entirely of clerks and servants employed for the purpose of road cess collection and preparing statistical tables, called for by Government order No. 2400 of 22nd August 1873.

5. The original works carried out during the year under report are as follows:—

- (1) Remodelling Khoordah and Pipli Road.
- (2) Constructing road from Balagan to Banpore.
- (3) Remodelling and repairing the Satyabadi bridge.

(a) *Remodelling the road from Khoordah to Pipli, 14 miles.*—This road was originally constructed out of the district road fund, and owing to its importance, it was subsequently made over to the Public Works Department. It was constructed somewhat roughly, and was partially bridged. When the Road Cess Act came into force, this was taken up as one of the local roads, and it was resolved to complete it as a bridged but unmetalled road, and accordingly an estimate for Rs. 9,854 was sanctioned for this work. Nine-tenths of the other work and turfing have been completed, and about half the number of culverts. The Executive Engineer reports that the overseer in charge of the works having been removed in March to the famine districts, and another having died in August last, the work has not made quite so much progress as it would otherwise have done. The flood of August last having also burst the Dayah river embankment, a considerable breach and damage were made to the first six miles of the road, but this has since been repaired. The Executive Engineer expects to finish the work of this road by the end of May next.

(b) *Construction and completion of the road from Balgar to Banpore, 3½ miles.*—This work was stopped for several months, owing to a desire to substitute culverts for the numerous causeways and irrigation openings it was found necessary to leave in the way; but as the expense of constructing bridges was greater than was expected, it was determined to finish the road as originally sanctioned, and accordingly the stone collected for metalling the sloped water channels has been spread, and the work has been completed.

(c) An old bridge crossing the local road leading to Satyabadi had partially given way, and very great inconvenience was in consequence felt by the passengers and numberless pilgrims who frequently pass by that road. It was therefore resolved by the Road Cess Committee to repair and make certain alterations in the old bridge, and the work was accordingly taken up.

The amount expended to the end of the year amounts to Rs. 1,314. It is nearly completed; there remain now the parapets and some revetment work to be done, which will be finished by the end of 1874.

6. The following roads have been completely repaired during the year under review. The amount incurred in repairing each of them is set forth against each item:—

	Rs.	A.	P.
1. Khoordah and Kantilo road	1,512	3	7
2. Baghmara and Balgar road	555	3	11
3. Balghara and Madhab road	595	0	8
4. Dehang bridge	288	7	3

7. Some lines of country have been surveyed with a view to ascertaining the best route to be adopted when it is required to frame estimate for new roads with funds which may hereafter be available for the same. The details of the surveys made are given in the appended list.

8. The sum expended in the village road works undertaken this year amounts to Rs. 570. Of this sum Rs. 70 were expended in repairing the under-mentioned roads at the cost noted against each, and Rs. 500 were paid to the Sub-Committee of Khoordah for repairing the following roads, viz.—

					Rs. A. P.
1.	Fakirpara village road, pergunnah Kothdes	50 0 0
2.	Part of Harekristapore village road, pergunnah Rahang	10 0 0
3.	Ditto Siso, pergunnah Oldhar	10 0 0
<i>Khoordah.</i>					
4.	Raising the village road of Makundprosad	20 0 0
5.	Ditto ditto of Jaghorsingh	50 0 0
6.	Ditto ditto of Hadi Sahi	10 0 0
7.	Ditto ditto of a portion of the road from thana to kutchery	10 0 0
8.	Ditto ditto of Khoordah Ghati to Bhaliabody	20 0 0
9.	Ditto ditto of Bhobanessur	25 0 0
10.	Village road of Chatabar	15 0 0
11.	Ditto of Chandka	20 0 0
12.	Ditto of Daratheng	20 0 0
13.	Ditto of Panchupally	20 0 0
14.	Ditto of Gar Haldia	10 0 0
15.	Ditto of Gobindapore	20 0 0
16.	Ditto of Parikhit	20 0 0
17.	Ditto of Dilikhala	10 0 0
18.	Ditto of Rantpara	15 0 0
19.	Ditto of Madhuban	20 0 0
20.	Ditto of Mundamupore	10 0 0
21.	Ditto of Gar Tapang	20 0 0
22.	Ditto of Balovadrupore	20 0 0
23.	Ditto of Banpore	50 0 0
24.	Ditto of Orada	30 0 0
25.	Ditto of Manikagoda	15 0 0
26.	Ditto of Palaisahi	15 0 0
27.	Ditto of Arakpah	15 0 0
28.	Ditto of Beerkool	20 0 0
Total				...	500 0 0

The Deputy Collector of Khoordah reports that the roads Nos. 4, 5, 6, 7, 8, 10, 11, 14, 15, 17, 18, 20, 21, 22, 24, 25, 26, and 27, have been completed; the rest will be taken up and completed on the commencement of the favorable weather.

9. The works proposed to be carried out during the ensuing year are as follows:—

Original Works.

	Rs. A. P.
Remodelling Khoordah and Pipli road	3,000 0 0
Khoordah and Kantillo road	8,000 0 0
Village roads	1,000 0 0

Repairs.

Khoordah to Kantillo road	1,350 0 0
Pipli to Khoordah road	331 0 0
Baghmari and Boigor road	1,125 0 0
Balugan and Banpore road	262 0 0
Balighai and Madhub road	900 0 0

11. The estimate for the above works was sanctioned by you under No. 54 of 24th July 1874.

The Deputy Collector has neglected his Sub-Committee, scarcely ever calling a meeting thereof.

Details of the Surveys made in the District of Pooree.

* The detail has been called for. The detail given as in Vice-Chairman's No. 100, of 12th March 1875.

No. 125A, dated Cuttack, the 17th December 1874.

From—T. E. RAVENSHAW, Esq., Commissioner of the Orissa Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the annual report on local improvements of the Orissa Division for the year 1873-74, as required by Government circular No. 51, dated 8th August 1874.

2. District reports and returns for the year 1873-74, in form prescribed in circular order No. 4952, of 24th September 1872, are also herewith submitted in original, for publication in the *Cuttack Gazette*, under Section 89 of the Road Cess Act.

3. The annual receipts and disbursements of the three districts of Cuttack, Pooree, and Balasore, for the year under report, are shown in the subjoined table.

Receipts.

Balance	18,140 14 2	16,324 3 0	3,986 15 1	

4. In the Cuttack district the Collector's report is complete, with the exception of the information required regarding works proposed to be done during 1874-75. This has been remedied in my office, and extract from the estimates for 1874-75, as passed and approved, is appended. The unexpended balance in hand is considerable, and will supplement the assets for 1874-75. I shall expect that the ensuing year's estimates will be worked up to.

5. District and Sub-Divisional Committees have given constant and careful attention to business, and have been judiciously presided over by magisterial officers. The assistance afforded by several zemindars in the construction of village roads is very encouraging.

6. In the Pooree district also, there is a very considerable unexpended balance. I trust this will not be allowed to recur. The Magistrate's report and statement are complete.

7. The Committee at head-quarters have met regularly, and have been precise and efficient in the conduct of business.

8. In Khoorda the Committee does not appear to have been sufficiently consulted by the sub-divisional officer, though the list of works in hand during the year appears to have been for the most part completed. It is important that Sub-Divisional Sub-Committees should be constantly consulted and led to take interest in local improvements.

9. The Balasore district report is exceedingly meagre, though the year's estimate has been better worked up ~~to~~ than in Cuttack or Pooree. The unexpended balance is Rs. 3,086-10-1.

10. No original works were undertaken, and the expenditure shown under that head was for acquisition of land. I have ascertained that repairs were efficiently carried out on 21 district roads, and Rs. 412-4-0 was expended on village roads.

11. I shall in future years hope to see a larger amount devoted to village roads, so that the people may see works for which they pay cess brought as much as possible to their doors.

12. The Balasore Committees have worked efficiently, and given attention to, and taken interest in, business brought before them.

Commissioner.

OPIUM NOTIFICATION.

No. 469B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1873-74, will be held at the Government Opium Sale-Room, No. 2, Bankshall Street, on Friday, the 4th June 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

					Chests.
Behar Opium	2,150
Benares „	1,600
Total					3,750

2. The general conditions of the sale now advertised will be the same as usual; they may be ascertained by reference to the Notification issued on the 16th November 1874, and published in the *Government and Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 9th and 19th June 1875 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Wednesday, the 9th June 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Saturday, the 19th June 1875.

4. In addition to the quantity above advertized for sale, the following quantities, more or less, of Benar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

DATES.	Behar, about Chests.	Benares, about Chests.	Total, about Chests.
On or about Wednesday, 7th July 1875	2,150	1,600	3,750
On or about Thursday, 5th August „	2,150	1,600	3,750
On or about Monday, 6th September „	2,150	1,600	3,750
On or about Friday, 1st October „	2,150	1,600	3,750
On or about Thursday, 4th November „	2,150	1,600	3,750
On or about Friday, 3rd December „	2,150	1,600	3,750

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary*

BOARD OF REVENUE, L. P. FORT WILLIAM, the 26th April 1875

NOTICE.

No. 501B.

With reference to paragraph 18 of the general notification published on the 16th November 1874, it is hereby notified that the Agents of the French Government applied for the reservation of 300 chests of opium from the quantity advertised for sale on the 5th April, but did not pay for them within the prescribed period, and that the Government will cause the opium so reserved to be sold at a sale held expressly for the purpose, of the date of which due notice will be given hereafter.

CALCUTTA CUSTOM HOUSE, the 8th May 1875.

J. D. MACLEAN, *Offg. Collector of Customs.*

NOTIFICATION.

BY ORDER OF GOVERNMENT.

WITH the object of facilitating the entry of steamers and other vessels at the Custom House, Calcutta, it is hereby notified to all whom it may concern that from and after the publication of this notice—

1. On announcement of the arrival of the vessel at Saugor, the documents necessary for entering a ship may be presented at the Custom House, so as to avoid delay after the ship is moored; and for the purpose of announcement of arrival at Saugor, the official Government Telegraph Gazette will be considered the requisite proof.

2. Agents of ships who present documents for the entry of ships under the permission given by the preceding section, will be considered as undertaking the responsibility of masters under Sections 47 and 49, Act VI of 1863, with regard to the manifest; all alterations made subsequent to the entry of the vessel being subject to the usual penalty.

3. The correctness of a manifest being of extreme importance, those whom it may concern are hereby informed that the penalties in case of want of accuracy or care in the preparation of a manifest will be strictly enforced.

Agents making an application under this notification, will be considered to have consented on behalf of the ship to the conditions above mentioned.

CUSTOM HOUSE, CALCUTTA, the 1st May 1875

J. D. MACLEAN, *Offg. Collr. of Customs.*

The Calcutta Gazette.

WEDNESDAY, MAY 12, 1875.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the Condition of Sale below, to the under-mentioned estate, situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 5th June 1875, corresponding with 23rd Jaisto 1282 B.S., and 16th Jaisto 1282 F.S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana.

The estate will be sold, subject, up to the expiry of the existing settlement in the year ending 31st March 1902 A.D., to the Government revenue against it, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th (fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the under-mentioned estates situate in the district of Backergunge, will be put up to sale at the Backergunge Collectorate, on Wednesday, the 1st of June 1875, corresponding with 19th Jaista 1282 B.S.

The purchasers will be subject to the following Conditions of Sale:—

1st.—The purchasers of these estates will be considered as the proprietors of these estates, and the entire proprietary right of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlements, and on the expiration of all future settlements. If on resettlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the year 1907 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force: and purchasers to be bound to respect the rights of resident cultivators, who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement, as in the case of original sale.

5th.—The purchasers will be bound to perform the duties of patwarries, as set forth in Section 33, Regulation XII of 1817.

"NOTICE is hereby given that under the sanction of the Judge of Shahabad, the rights and interests in the 4 annas share of the lunatic ward Baboo Kisho Pershad Singh, of Goonda, pergunnah Arrah, zillah Shahabad, in the undermentioned villages, will, subject to the conditions specified at foot, be sold by a public auction in the Shahabad Collectorate, on Monday, the 7th June 1875, corresponding with the 18th Jaith 1252 Fush, in satisfaction of debts due to Kapilmoon Singh and others.

2. The purchasers will be subject to the following conditions :—

(1) The purchasers of these villages will be considered as the proprietors thereof, and the entire proprietary right of the aforementioned lunatic ward in such villages will be transferred to them, subject only to payment of Government revenue. The villages will be sold (subject to Government revenue due from them to the date of sale) to the highest bidders above the upset price.

(2) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(3) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited), and the villages to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Number.	Names of villages to be sold.	REMARKS
1	Agursund, pergunnah Arrah.	The villages appertain to the estate Kesharpore, which bears No. 188 on the rent-roll of the district. The Government revenue of the lunatic ward's share in the estate, for which share separate accounts have been opened under Act XI of 1859, is Rs. 784-3-10.

MAPS OF THE SURVEY OF INDIA,

Published at the Office of the Surveyor-General of India, Calcutta, for the Quarter ending 31st March 1875.

Agents in Calcutta,—MESSRS. THACKER, SPINK & CO.

Local Agents :

Allahabad,—CURATOR OF GOVT. BOOKS.

Nagpore,—CURATOR OF GOVT. BOOKS.

Bombay,—MESSRS. THACKER, VINING & CO.

Lahore,—MR. W. BALL, BOOKSELLER AND STATIONER.

N.B.—Maps are not sold at the Office of the Surveyor-General of India, Calcutta, but applications for maps on payment should be made to Agents. This Department only issues maps, *free of charge*, on the Public Service. It is particularly requested that the nearest local Agent as above be first applied to for any map required on the Public Service before indenting on this Department. The cost of postage of parcels must be borne by applicants themselves, as also such incidental charges as may be incurred at their request for mounting and binding maps. The best maps are invariably supplied in lieu of those asked for, which may not be available, and lists of all newly-published maps are periodically notified in the *Gazettes of India* and of local Governments.

Tamer, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. *Price Rs. 24; packing and postage, Re. 1-12.*

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

WEDNESDAY, MAY 12, 1875.

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 10th March 1875, and having been assented to by His Excellency the Governor-General on the 24th April 1875, is hereby promulgated for general information:—

ACT No. III of 1875.

An Act to amend Bengal Act No. VI of 1864.

WHEREAS it is expedient to amend Bengal Act

Preamble.
No. VI of 1864 (to provide for the periodical inspection of Steam-Boilers and Prime-movers attached thereto in the Town and Suburbs of Calcutta); It is enacted as follows:—

1. The Lieutenant-Governor of Bengal, or any person authorized by him in that behalf, may revoke or suspend any certificate already granted, or to be granted under the said Act, on the ground that the Boiler or Prime-

mover in respect of which it has been granted is not in charge of a person competent to have charge of the same.

If the owner of such Boiler or Prime-mover, or the person so in charge as aforesaid, be dissatisfied with such revocation or suspension, he may apply to some person (not being the person who revoked or suspended the certificate) by general or special order duly authorized by the Lieutenant-Governor of Bengal in that behalf, who may, if he is so satisfied, grant a writing under his signature to the effect that the person so in charge as aforesaid is a person competent to have charge of a Boiler or Prime-mover; and the Lieutenant-Governor of Bengal, or the person who has revoked or suspended the certificate, shall accordingly grant a new certificate as far as possible in the form in the Schedule to the said Act annexed, or shall allow the former certificate to continue in force.

No additional fee shall be paid for a new certificate granted under this section.

2. This Act shall be construed as one with the said Bengal Act No. VI of 1864.

C. C. MACRAE,

*Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Department.*

A Bill to amend and consolidate the law relating to Municipalities.

WHEREAS it is expedient to consolidate and amend the law relating to Municipalities within the territories subject to the government of the Lieutenant-Governor of Bengal: It is enacted as follows:—

CHAPTER I.

PRELIMINARY.

1. This Act may be cited as the "Bengal Municipalities' Act, 1875."

Short title.

Except as provided in Chapter X of this Act—

(a) Every place to which the provisions of the District Municipal Improvement Act, 1864, have been extended under Section 4 of such Act shall, for the purposes of this Act, be deemed to be a first class municipality, and every place to which the provisions of the District Towns Act, 1838, have been extended under Section 2 of such Act shall, for the purposes of this Act, be deemed to be a second class municipality;

and for the purposes of such municipalities this Act shall, save as is provided in Chapter X, come into force on the day of , and such date shall, for such purposes, be deemed to be the commencement of this Act.

In every first class municipality as aforesaid it shall be deemed that a tax on the annual value of holdings under Chapter V of this Act, and in every second class municipality as aforesaid it shall be deemed that a tax upon persons under the said chapter, has been duly imposed; and such tax shall be levied accordingly until the Commissioners, with the sanction of the Lieutenant-Governor, shall otherwise direct;

and in every such municipality in which a tax on carriages and animals, or a fee upon the registration of carts, or tolls on ferries, may have been levied before the commencement of this Act, it shall be deemed that the said taxes, fees or tolls have been duly imposed under the provisions of Section 63 of this Act, and such taxes, fees, or tolls shall continue to be levied accordingly.

(b) This Act may be extended by the Lieutenant-Governor of Bengal, by notification published in the *Calcutta Gazette*, to any tract of country not being within the limits of the ordinary original jurisdiction of the High Court at Fort William in Bengal, from such date as may be specified therein, and it shall come into force in such tract of country on the date so specified, and such date shall, for the purposes of such tract of country, be deemed to be the commencement of this Act.

2. On the commencement of this Act the enactments specified in the fifth schedule to this Act shall be repealed to the extent mentioned in the third column thereof; and the enactments specified in the sixth schedule to this Act shall cease to be in force in every municipality under this Act to the extent mentioned in the third column thereof.

But this repeal shall not revive any office, authority, or thing abolished by any such enactment, or affect the validity of any thing done or suffered, or any right, title, obligation, or liability accrued before the commencement of this Act.

And all rules prescribed; assessments, valuations, measurements, divisions, and appointments made; powers conferred, and notifications published under any such enactment; and all other rules (if any) now in force and relating to the matters hereinafter dealt with, shall (so far as they are consistent with this Act) be deemed to have been respectively prescribed, made, conferred, and published hereunder.

And all references to any such enactment shall (so far as may be practicable) be deemed to be made to this Act.

And all proceedings now pending, which may have been commenced under any such enactment, shall be deemed to be commenced under this Act.

The Commissioners under this Act shall, in reference to all the matters aforesaid, be substituted for the late Commissioners, Committee, or Panchayet (as the case may be).

3. In this Act, unless there be something repugnant in the subject or context—

Interpretation.

"Carriage."

(1.) "Carriage" means any wheeled vehicle with springs.

"Cart."

(2.) "Cart" means any cart, hackery, or wheeled vehicle without springs.

"Chapter."

(3.) "Chapter" means Chapter of this Act.

(4.) "Holding" includes any parcel of land, house, tank, or other im-

"Holding."

moveable property, which, in the opinion of the Commissioners, should be separately valued, or in respect of which any person should be separately assessed.

(5.) "House" includes any hut, shop, warehouse, or building.

"House."

(6.) "Immoveable property" and "land" severally mean land, benefits to arise out of land, things attached to the earth, or permanently fastened to anything attached to the earth.

"Immoveable property" and "land."

(7.) "Moveable property" means property of every other description than immoveable property.

"Moveable property."

(8.) "Lieutenant-Governor" means the Lieutenant-Governor of Bengal for the time being or the person acting in that capacity.

"Lieutenant-Governor"

(9.) "Magistrate of the district" means the chief Magistrate in a district, exercising throughout the district all the power of a Magistrate.

"Magistrate of the district."

(10.) "Magistrate" means a Magistrate subordinate to the Magistrate of the district, or a Magistrate in charge of a division of the district in which division a Municipality is constituted.

"Magistrate"

(11.) "Municipality" means any tract of country to which this Act, or any part thereof, shall have been extended.

"Municipality"

(12.) "Municipal year" means a year beginning on the first day of April, or on such other date as may hereafter be fixed by the Lieutenant-Governor by notification in the *Calcutta Gazette*.

"Municipal year"

(13.) "Navigable channel" means any water-way, whether natural or artificial, through which a boat can pass.

"Navigable channel." "Offensive matter" means night-soil, sewage, and other contents of privies, drains, and cess-pools.

"Offensive matter." "Owner" includes—

(a) the person entitled for the time being to receive the rent of the land, or the person in charge of the thing, with respect to which the word is used;

(b) an agent for any such person;

(c) a trustee for any such person;

Provided that no such agent or trustee shall be liable to do any thing required by this Act to be done by the owner, nor shall he be subject to any fine for omitting to do such thing, unless he have sufficient funds in his hands, as such agent or trustee to do such thing.

(16.) "Place" in Sections 8 and 9 of this Act means any station, bazar, town, suburb, inhabited village, or hamlet, in which a majority of the adult male population is chiefly employed in pursuits other than agriculture.

(17.) "Road" means any road, street, square, court, alley, or passage, whether a thoroughfare or not, over which the public have a right of way.

(18.) "Rubbish" means all dirt, dung, broken brick, mortar, broken glass, kitchen, or stable refuse, or refuse of any kind whatsoever, and filth of any kind not included in the term "offensive matter."

"Schedule." (19.) "Schedule" means schedule annexed to this Act.

"Section." (20.) "Section" means a section of this Act.

(21.) "The Commissioners" means the persons for the time being appointed or elected to conduct the affairs of any Municipality under this Act, and shall include ex-officio Commissioners under this Act.

CHAPTER II.

OF THE CREATION OF MUNICIPALITIES.

4. From the date specified in any notification under section 1 (b), the tract of country in such notification mentioned shall be deemed to be created a Municipality for the purposes of this Act.

The notification shall—

(a) define the limits of the Municipality;

(b) declare whether the same shall, for the purposes of this Act, be a first or second class Municipality.

The Lieutenant-Governor may, by like notification, at any time, order that a municipality be transferred from one class to the other; and may vary the limits of any municipality or withdraw any tract of country from the operation of this Act or part thereof.

5. No tract of country which does not contain at least fifteen thousand inhabitants, and which does not contain the average number of not less than two thousand inhabitants to the square mile of the area of such tract, shall be declared to be a first class Municipality.

6. No tract of country which does not contain at least one thousand inhabitants, and which does not contain the average number of five hundred inhabitants to the square mile of the area of such tract, shall be declared to be a second class Municipality.

7. No tract of country shall be declared a municipality under this Act unless a majority of the adult population of such tract of country is chiefly employed in pursuits other than agricultural.

8. The Lieutenant-Governor may from time to time, by notification in the *Calcutta Gazette*, announce that there shall be united with any tract of country as aforesaid (for the purpose of forming a first or second class Municipality, as the case may be), any number of specified places, provided that no place shall be included within any such union, unless some part of such place be situated within the distance of half a mile from some other place included in such union.

9. Whenever the Lieutenant-Governor shall have declared two or more places to be united for the purpose of forming a first or a second class Municipality as aforesaid, all tracts of country lying within a supposed ring-fence drawn round the exterior limits of all such united places shall be deemed to be within the Municipality.

CHAPTER III.

OF THE MUNICIPAL AUTHORITIES.

PART I.—Of the Constitution of the Municipality.

10. THE Lieutenant-Governor shall from time to time appoint, in every first class Municipality, not less than eight, and in every second class Municipality not less than four, persons to be Commissioners for carrying out in such Municipality the purposes of this Act.

11. The Lieutenant-Governor may delegate to any officer the power of appointing Commissioners in any second class Municipality.

12. The Lieutenant-Governor may at any time direct that the whole or any number, not less than two-thirds, of the Commissioners to be appointed under the last preceding section shall be elected by the rate-payers, subject to such rules in regard to qualification and election as he may think fit.

In any such election every person shall be entitled to vote who has paid the tax on persons, or the tax on holdings, hereinafter mentioned, that has become payable by him:

Provided that if such election take place before the said taxes have been levied in any Municipality, it shall be made by the householders therein.

The Lieutenant-Governor may appoint any persons to be *ad interim* Vice-Chairman and Commissioners pending the election of Commissioners under this section.

13. No person shall be appointed or elected a Commissioner, or a Member of a Ward Committee, under this Act in any Municipality who does not either reside or hold land therein, or within five miles from some part of the limits thereof:

Provided that when the imposition of any tax has been determined on in any Municipality, no person shall be appointed or elected therein a Commissioner, or Member of a Ward Committee, who does not pay, or is not liable to, municipal taxes therein.

14. The Lieutenant-Governor may from time to time accept the resignation of any Commissioner or Member of a Ward Committee, appointed or elected under this Act, and may remove any such Commissioner or Member of a Ward Committee for corruption or continued neglect to attend the meetings of the Commissioners, or otherwise to discharge his duty as Commissioner, or Member of a Ward Committee.

15. The Lieutenant-Governor may at any time withdraw any direction given by him under section 12 for the election of Commissioners in any Municipality.

16. In addition to the Commissioners appointed or elected as hereinbefore provided, the Magistrate of the district and the Magistrate of the division shall be *ex-officio* Commissioners of every Municipality situated within their respective jurisdictions, and the Lieutenant-Governor may direct, by notification in the *Calcutta Gazette*, that the persons for the time being exercising the functions of the offices to be named in such notification shall be *ex-officio* Commissioners for any or every Municipality to which the official functions of the offices held by the persons so appointed may extend;

and the Lieutenant-Governor may appoint as a Commissioner of any Municipality any officer in the service of Government holding a salaried office (the salary of which is not less than one hundred rupees a month) in the district in which the Municipality is situate:

Provided that not more than one-third of the whole number of Commissioners shall be persons, holding in the Judicial, Police, or Revenue Departments of the Government service, salaried offices of which the functions are exercised within the district in which the Municipality is situated, unless such persons be elected Commissioners otherwise than by appointment by the Lieutenant-Governor, or by any officer to whom the power of appointing Commissioners has been delegated under section 11.

17. Except as herein-after provided, every Commissioner shall vacate his office at the end of three years.

18. When Commissioners are for the first time appointed or elected in any place, one-third of the whole number of which the body may consist on the first day of the municipal year next following the date of the appointment or election of such Commissioners, shall retire at the end of one year, and another third at the end of two

years, and the rest at the end of three years, to be computed from the first day of the year next following the date of the appointment or election of such Commissioners.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below it, which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second years respectively shall be decided by lot.

19. When any Commissioners have been elected under section 12, the rule of rotation in section 18 shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

20. In calculating the whole number of Commissioners for the purposes of section 18, all *ex-officio* Commissioners shall be excluded; and such *ex-officio* Commissioners shall remain Commissioners so long as they continue to hold the respective offices in virtue of which they are respectively Commissioners.

21. Any person who vacates his office under the provisions of Section 17, or who retires under the provisions of Section 18, may be at any time re-appointed or re-elected.

22. The Magistrate of the district, if the Municipality be at the sadder station, or the Magistrate in charge of a division of the district, if the Municipality be situated within such division, shall be *ex-officio* Chairman of the Commissioners of such Municipality.

The Magistrate of the district may, with the sanction of the Lieutenant-Governor, delegate to any Magistrate subordinate to him at a sadder station any of the powers vested by this Act in the Chairman of the Commissioners, and may withdraw such powers.

In the absence of the Magistrate of a division of the district, the Magistrate of the district may appoint any Magistrate subordinate to him to act as Chairman of the Commissioners within such division.

23. The Commissioners shall elect their own Vice-Chairman, subject to the approval of the Lieutenant-Governor; he shall hold office for one year from the date of his election, and shall be eligible for re-election at the end of each year.

Such Vice-Chairman may at any time be removed from the office of Vice-Chairman by a resolution of two-thirds of the Commissioners, in favor of which not less than two-thirds of the Commissioners shall have voted;

Provided that the Lieutenant-Governor may sanction the election permanently or for a term of years, of a salaried Vice-Chairman if proposed by the Commissioners.

24. The Commissioners shall, in the name of their Chairman, by the description of "The Chairman of the Municipal Commissioners of _____," be a body corporates,

and have perpetual succession, and a common seal, and in such name shall sue and be sued.

Such common seal shall have the name of the Municipality engraved thereon in legible characters in the English language, and also in the vernacular of the district.

PART II.—Of the Property and Contracts of the Commissioners.

25. All property, moveable and immoveable, of any kind whatsoever, derived under any of the enactments specified in the fifth or sixth schedule, or otherwise, and vested in, or held in trust for the late Commissioners, Committee, or Panchayet (being the Commissioners or Committee or Panchayet appointed under any of the said enactments), for the tract of country which has been declared to be included in a Municipality, shall become vested in the Commissioners of such Municipality and their successors.

26. All roads, bridges, embankments, and drains in any Municipality (not being private property, now existing, or which shall afterwards be made, and the pavements, stones, and other materials thereof, and also all erections, materials, implements, and other things provided therefor, shall vest in and belong to the Commissioners of such Municipality.

But the Lieutenant-Governor may from time to time, by notification, exclude any road, bridge, embankment, or drain from the operation of this Act, unless the cost of the original construction of the same shall have been paid from the Municipal Fund, and may cancel such notification wholly or in part.

27. The Commissioners may at a meeting agree with the person, in whom the property in any road is vested, to take over the property therein, and after such agreement may declare, by notice in writing put up in any part of such road, that the same has become a municipal road.

Thereupon such road shall vest in the Commissioners and shall thenceforth be repaired and kept up out of the Municipal Fund.

28. Every hospital, dispensary, school, rest-house, market, tank, and well, not being private property, or the property of a religious institution or society, and all medicines, furniture, and other articles appurtenant thereto, not being private property, which at and after the commencement of his Act shall be found within any Municipality, may, by order of the Lieutenant-Governor, be published, be vested in the Commissioners of such Municipality, and thereupon all endowments or funds belonging thereto shall be transferred to, and vested in, such Commissioners as trustees for the purposes to which such endowments and funds were lawfully applicable at the time of such transfer:

Provided that no such order shall be published till one month after notice of the intention to transfer such property shall have been published in the *Calcutta Gazette*, and within the Municipality in the vernacular language of the district.

29. If the Commissioners at a meeting shall, after publication of a notice in the last preceding section mentioned, object to the transfer to themselves of any hospital, dispensary, or school, on the ground that their funds cannot bear the charge, then such transfer shall not be made save under such conditions as the Commissioners at a meeting may agree to accept.

30. The Commissioners at a meeting may purchase or take on lease any land for the purposes of this Act, and may sell any land not required for such purposes.

31. When any land within the limits of any Municipality is required for the purposes of this Act, if the Commissioners cannot agree with the owner for the purchase thereof, the Lieutenant-Governor, on the recommendation of the Commissioners, may notify that such land is required under the provisions of the Land Acquisition Act, 1870; and, on payment by the Commissioners of the compensation awarded under such Act, the land shall vest in them for the purposes of this Act.

32. The Commissioners may enter into and perform any contract necessary for the purposes of this Act.

Every contract made on behalf of the Commissioners in respect of any sum exceeding twenty rupees, or in respect of any property exceeding twenty rupees in value, shall be in writing, and signed by at least two of the Commissioners, one of whom shall be the Chairman or Vice-Chairman, and shall be sealed with the common seal of the Commissioners.

Unless so executed, it shall not be binding on the Commissioners.

PART III.—Of the Mode of transacting the Business of the Municipality.

33. The Commissioners shall have an office, where they shall meet for the transaction of business at least once in every month, and as often as a meeting shall be called by the Chairman, or, in his absence, by the Vice-Chairman, and all questions which may come before them at any meeting shall be decided by a majority.

The Chairman, or, in his absence, the Vice-Chairman, shall call a meeting on a requisition signed by three of the Commissioners.

34. The Chairman, or, in his absence, the Vice-Chairman, shall preside at every such meeting, and, in the absence of both the Chairman and Vice-Chairman, the Commissioners shall choose some one of their number to preside.

In cases of equality of votes, the President shall have a casting vote.

35. No business shall be transacted at a meeting unless it has been called by the Chairman or Vice-Chairman, and unless, at least, in the case of a first class Municipality, five, and in the case of a second class Municipality, three, Commissioners be present.

36. Minutes of the proceedings of all meetings of the Commissioners shall be entered in a book to be kept for the purpose, and shall be signed by the President of the meeting, and such book shall be open to the inspection of the tax payers.

37. The Chairman shall, for the transaction of the business connected with, or for the purpose of making any order authorized by this Act, exercise all the powers vested by this Act in the Commissioners:

Provided that the Chairman shall not act in opposition to or in contravention of, any order of the Commissioners at a meeting, or exercise any power which is directed to be exercised by the Commissioners at a meeting.

38. The Chairman may, by a written order, delegate to the Vice-Chairman all or any of the duties or powers of a Chairman as defined in this Act, subject to such restrictions as may seem fit to him, and may at any time by a written order withdraw the same.

39. The Commissioners at a meeting shall from time to time decide what number of overseers, clerks, registrars, subordinate officers, servants, and collectors of taxes or tolls, may be necessary for the Municipality, and shall from time to time fix the salaries to be paid to such persons respectively out of the Municipal Fund, and the allowances to be granted to such persons during absence on leave.

Subject to such decision, the Chairman shall have power to appoint such persons as he may think fit, and from time to time to remove such persons and appoint others in their places:

Provided that no person shall be appointed to, or removed from, any office, the monthly salary of which exceeds fifty rupees without the sanction of the Commissioners at a meeting; and no salary amounting to more than one hundred rupees a month in a second class Municipality, or to more than one hundred and fifty rupees a month in a first class Municipality, shall be assigned to any clerk or other servant without the previous sanction of the Magistrate of the district.

40. The Commissioners shall take from every collector of municipal taxes or tolls, such security for the sums collected by him as they may think proper.

PART IV.—Of Ward Committees.

41. The Commissioners may at a meeting divide any Municipality into wards, and thereupon appoint, or cause to be elected, in the manner provided by Section 12, for each ward, not less than three qualified persons, whether such persons be or be not Commissioners for the time being, to be Members of the Ward Committee, and the said Commissioners at a meeting may define the limits of the ward for which any Ward Committee may be appointed or elected.

All questions regarding the removal, resignation, and filling up vacancies among the Members of Ward Committees shall be settled by the Commissioners at a meeting.

42. Each Ward Committee may, for each year if they see fit, elect their own Chairman from among their own number.

43. A Ward Committee, within the limits of their ward, as defined by the Commissioners at a meeting, shall exercise all the powers, and shall be bound to perform all such duties, of Commissioners as defined in this Act, as the Commissioners at a meeting shall have delegated to them.

All acts done, orders issued, and assessments made by Ward Committees, shall be subject to the control and revision of the Commissioners, who may at any time withdraw all or any of such powers and duties.

PART V.—Liability of Commissioners and Ward Committees

44. No Commissioner or Member of a Ward Committee shall be personally liable for any contract made, or expense incurred, by or on behalf of the Commissioners.

Every Commissioner or Member of a Ward Committee shall be personally liable for any wilful misapplication of money entrusted to the Commissioners to which he shall have been a party, and he shall be liable to be sued for the same.

45. No Commissioner or Member of a Ward Committee, or officer, or servant of the Commissioners or Committee, shall be interested, directly or indirectly, in any contract made with the Commissioners. And if any such person be so interested, he shall thereby become incapable of continuing in office or employment, and shall be liable to a fine not exceeding five hundred rupees:

Provided that no person shall, by reason of being a shareholder in, or a member of, any incorporated or registered company, be deemed interested in any contract entered into between such company and the Commissioners.

But no such shareholder or member shall act as a Commissioner or Member of a Ward Committee in a matter relating to any contract entered into between the Commissioners and such company.

46. No Commissioner or Member of a Ward Committee shall vote on any question which regards exclusively the assessment of himself or the valuation of his property, or his liability to any tax.

CHAPTER IV.

OF THE MUNICIPAL FUND AND ITS APPLICATION.

47. All sums received by the Commissioners, and all fines paid or levied under this Act, and all other sums which, under the sanction of Government, may be transferred to such Commissioners, shall constitute a fund which shall be called the Municipal Fund, and shall, together with all property of every nature or kind whatsoever, which may become vested in the Commissioners, be under their control, and shall be held by them in trust for the purposes of this Act.

The Municipal Fund shall be deemed to be the fund applicable to police purposes mentioned in sections 11 and 48 of Bengal Act No. II of 1866 (to provide for the better regulation of the Police within the Suburbs of the Town of Calcutta).

48. The Commissioners shall set apart and apply annually out of the Municipal Fund such sum as they are by this Act required to provide for the maintenance of the Municipal police force, and a sum sufficient for payment of their own establishment and the expenses of their office.

49. The Municipal Fund, after the sums mentioned have been set apart under the last preceding section, may, subject to such rules and restrictions as the Lieutenant-Governor may from time to time prescribe, be applied by the Commissioners to any of the following purposes within the Municipality in which such Municipal Fund is raised, that is to say—

- (1) The construction, repair, and maintenance of roads, wharves, embankments, channels, drains, bridges, and tanks;
- (2) The supply of water and lighting of roads;
- (3) Other works of public utility calculated to promote the health, comfort, or convenience of the inhabitants;

Provided that for every thousand inhabitants of any Municipality not more than two hundred rupees a year shall be expended on such objects, unless the Lieutenant-Governor shall, at the request of the Commissioners at a meeting, extend such limit for a special object;

- (4) The diffusion of education, and with this view the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid;
- (5) The establishment and maintenance of hospitals and dispensaries;
- (6) The promotion of vaccination;
- (7) And for carrying out the purposes of this Act.

Provided that no portion of the Municipal Fund shall be applied to the establishment and maintenance of schools, or hospitals, or dispensaries, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Commissioners, or of the Members of the Ward Committee respectively, at a meeting specially convened for considering the question of such application.

50. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality, or in any district or sub-division, where such expenses are incurred for any of the purposes described in clauses (1) and (2) of the last preceding section, and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done);

but no contribution shall be made under this section to any work except such as is calculated to benefit the inhabitants of the contributing Municipality.

51. The account books of the Municipality shall be open to the inspection of any tax-payer at the office of the Commissioners on a day to be fixed in each week.

An account showing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer, and a copy of such account shall be forwarded to the Magistrate of the district for submission to the Commissioner of the division.

52. The Commissioners, at a meeting three months before the close of the municipal year, shall prepare in detail estimates showing the probable receipts and expenditure during the ensuing Municipal year, and the objects in respect of which it is proposed to incur such expenditure.

53. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Magistrate and in the Municipal office or offices.

During fourteen days after the estimates shall have been so lodged in the said offices, of which due notice shall be published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

54. After the expiration of the said fourteen days, and after such revision as may appear requisite, the Chairman shall transmit the estimates to the Magistrate of the district with any remarks or objections thereupon which may have been recorded by himself or by the Commissioners at a meeting; and the Magistrate of the district shall forward them to the Commissioner of the division together with such remarks or objections, and his own opinion thereon.

55. The Commissioner of the division shall sanction any estimate forwarded under the last preceding section which may appear to him to be unobjectionable.

If he sees any objections to an estimate, he shall record and forward the same, together with the estimate, for reconsideration by the Commissioners.

A meeting shall be called specially for the purpose of such reconsideration; and the decision of the majority of the Commissioners attending at such meeting shall, subject to the provisions of section 56, be final.

56. The Commissioners at a meeting may at any time revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal; and such revised estimate shall be published and forwarded for sanction to the Commissioner of the division through the Magistrate of the district, as pro-

vided in section 54, and the Commissioner of the division may return such revised estimate for reconsideration by the Commissioners in manner provided by section 55.

57. The Commissioners shall, at such time and in such form as the Lieutenant-Governor shall direct, furnish an annual report of their proceedings and statements in detail of all the works executed by them, and of all sums received and expended by them.

Every such report shall be published in the *Calcutta Gazette*.

58. The municipal accounts shall be audited by such person and in such manner as the Lieutenant-Governor shall direct, and the expense of such audit shall be paid from the Municipal Fund.

59. The Lieutenant-Governor may direct that the cost of maintaining clerks or other establishments in the offices of the Magistrate of the district and of the Commissioner of the division, for the audit of accounts and the requisite correspondence connected with the purposes of this Act, shall be paid in rateable proportion from the funds of the several Municipalities which may be constituted under this Act in such district or division.

And the Commissioners of every Municipality shall pay to the Magistrate of the district the sum which they may be required to pay for the purposes of this section and the last preceding section.

60. All sums belonging to the Municipal Fund shall be paid into a Government treasury, or, with the sanction of the Commissioner of the division, into any bank or branch bank, in or near to the Municipality, and shall be credited to an account to be called the Account of the Municipality to which they belong:

Provided that the Commissioners may invest any moneys not required for immediate use either in the Government Savings' Bank or in Government securities, or in any other form of security which may be approved of by the Lieutenant-Governor.

61. All orders for payment of money from the Municipal Fund shall be signed by the Chairman, or by the Vice-Chairman and one of the Commissioners.

CHAPTER V.

OF MUNICIPAL TAXATION.

PART I.—Of the Power to impose Taxes and Tolls

62. The Commissioners of any Municipality at a meeting may from time to time with the sanction of the Lieutenant-Governor impose within the limits of such Municipality one or other, but not both, of the following taxes:—

(a) A tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality: provided that the total sum to be raised by such tax in any year shall not exceed the sum which would be produced by an average rate of two rupees and

four annas per annum for each holding, and that the amount assessed in respect of the occupation of any one holding shall not be more than eighty-four rupees per annum; or

(b) A tax on the annual value of all holdings situated within the Municipality: provided that such tax shall not exceed seven and a half per cent. on the annual value of such holdings, unless the said tax was levied at a higher rate before the commencement of this Act; and provided also that no tax shall be imposed on any holding of which the annual value is less than six rupees.

63. Subject to the provisions of the section next succeeding, the Commissioners of any Municipality at a meeting may, from time to time, with the sanction of the Lieutenant-Governor, impose within the limit of such Municipality all or any of the following taxes and tolls, in addition to either of the taxes mentioned in the last preceding section:—

(a) A tax on carriages, horses, and other animals.
(b) A fee on the registration of carts.
(c) Tolls on ferries and roads.

PART II.—Of the Tax on Persons.

64. When it has been determined that a tax on persons occupying holdings within the Municipality, according to their circumstances and property shall be imposed, the Commissioners shall, from time to time, prepare an assessment list, which shall be in the form in the first schedule

The Commissioners may omit from the list prepared under this section any person who may by them be deemed too poor to pay such tax.

65. The Commissioners may, at any time after the publication of the assessment list, assess any person who was without authority omitted therefrom, or whose liability to assessment has accrued thereafter.

Notice of such assessment shall be given to the person assessed, who may apply to the Commissioners to review the same

66. Any person mentioned in the assessment list, who shall at any time after the publication thereof have ceased to occupy any holding in respect of which he has been assessed, or whose means and property in respect of which he has been so assessed shall have been reduced, may apply to the Commissioners to revise his assessment

Such application may be made at any time, and shall be dealt with in the manner provided by section 81 in respect of an application for review.

67. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any fresh occupant of the property assessed, and shall give notice to the person whose name is so substituted.

Such person shall be liable to pay the amount in respect of such occupation from the first day of the quarter of the municipal year next after the date of the change of occupation.

The Commissioners may raise, or decrease, the assessment made on account of the occupation of the holding, as they may see fit, having reference to the circumstances and property within the municipality of the new occupant.

PART III.—Of the Tax on Holdings.

68. When it has been determined that a tax shall be imposed on the annual value of holdings, any such tax shall be paid by the owners of the holdings by quarterly instalments.

Houses used exclusively as places of public worship, or applied solely to charitable purposes, shall not be liable to such tax.

69. The gross annual rent at which any holding may be reasonably expected to be let, shall be deemed to be the annual value thereof, and such value shall accordingly be fixed by the Commissioners:

Provided that the annual value of any arable land shall be deemed to be one-half of the annual rent at which such land may be reasonably expected to be let.

70. If any house belongs to one owner, and the land on which it stands, and the adjacent land which is usually occupied therewith, belong to another, the Commissioners may value such house and land together at one consolidated rate.

The total amount of the valuation shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the tax so paid by him as is equal to the proportion which his rent bears to the annual value of the whole property.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the tax so deducted by the owner of the house, the Commissioners at a meeting shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

71. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of tax, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

72. The Commissioners, in order to prepare a valuation list, may, whenever they think fit, by notice, require the respective owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof, and they, or any

person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure, any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

73. When the valuation of the holdings has been completed, the Chairman shall prepare a valuation list in the form in the second schedule (of which the last column will remain blank).

74. The Commissioners may at any time after the publication of the said valuation list value any holding, which was without authority omitted therefrom, or which has become liable to valuation after the publication thereof.

Notice of the amount of the valuation shall be given to the person affected thereby, who may apply to the Commissioners to review the same.

75. The Commissioners may at any time substitute for any name mentioned in the said valuation list the name of any person to whom any holding mentioned therein shall have been transferred, and shall give notice thereof to the person whose name is so substituted.

Such person shall be liable to pay the amount payable on such holding from the first day of the quarter of the municipal year next after the date of the transfer.

76. When any house has been vacant for sixty or more consecutive days during any municipal year, the Commissioners shall remit one-half of so much of the tax of that year as may be proportionate to the number of days the said house has remained unoccupied; provided that the owner of such house, or his agent, has given to the Commissioners notice in writing of the vacancy thereof, and that the amount of tax to be remitted shall be calculated from the date of the delivery of such notice.

No notice of vacancy given under this section shall have effect beyond the end of the quarter in which it has been given, unless a similar notice of continued vacancy be given within the first fifteen days of the following quarter.

When such notice of vacancy has been given, the owner shall give immediate notice of any re-occupation.

PART IV.—Of general provisions relating to the taxes on persons and holdings.

77. The Commissioners at a meeting shall determine the rate at which the tax on persons and the tax on holdings shall be imposed; and at a meeting to be held not less than fifteen days before the expiration of each municipal year shall determine the rate at which such taxes shall be imposed for the ensuing year.

78. The assessment list and valuation list respectively, shall be signed by the Chairman and shall be published.

On the publication of the assessment list or valuation list respectively, the Chairman shall serve a notice in the vernacular of the district, on each person liable to assessment, or on the owner of each holding, containing an extract from such list of the entries affecting him.

79. Save as herein otherwise provided, every assessment and valuation, when published, shall be valid for three years and until the beginning of the municipal year next after the date on which a new assessment or valuation may be made.

80. Any person who is dissatisfied with the assessment, or with the valuation of any holding, or who disputes his occupation of any holding, or his liability to be assessed, may apply to the Commissioners to review the same.

81. Every application to review any order of assessment, any list, or other proceeding in respect of the amount of the assessment or demand, or of the liability of the person assessed or required to pay such amount, shall be heard and determined by not less than three Commissioners, one of whom shall be the Chairman or Vice-Chairman, who, after making such inquiries as they may deem necessary, may confirm or amend the same.

If such Commissioners confirm the same, they may order that the applicant shall pay such reasonable costs as may have been incurred in respect of his application.

The decision of such Commissioners or of a majority thereof, in such cases shall be final.

No such application shall be received after the expiration of two months from the time when publication under section 78 has been made unless good grounds be shown to the satisfaction of such Commissioners; and in no case shall such application be received after the expiration of ten days from the service under section 114 of the first bill or other demand for payment.

82. No objection shall be taken to any assessment, nor shall the liability of any person to be assessed be questioned, in any other manner or by any other authority than in this Act is provided.

PART V.—Of the Tax on Carriages and Animals.

83. When it has been determined that a tax on carriages and animals kept within the Municipality shall be imposed, the Commissioners at a meeting shall make and publish an order, stating at what rates, not exceeding the rates given in the third schedule, such tax shall be imposed, but such tax shall not be imposed on:—

- (a) animals belonging to officers doing regimental duty at the rate of one animal for each officer;
- (b) animals exempt from any municipal tax under section 25 of the Indian Volunteers Act, 1869;
- (c) carriages or animals belonging to Government, or to the Commissioners;
- (d) animals used by, or in, any cavalry regiment, or by the police;
- (e) carriages or animals kept for sale by any *bond fide* dealer in such carriages or animals, and not used for any other purpose.

Such order shall continue in force until rescinded, and the Commissioners at a meeting, not less than fifteen days from the expiry of any municipal year, may make, and in that case shall publish, an order, stating the rates of such tax for the ensuing year.

84. The owner of every carriage and animal mentioned in the third schedule shall, within a month after the publication of an order under the last preceding section and in like manner within the first month of each municipal half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages and animals liable to the tax for which he desires to take out a license.

Such owner shall at the same time pay to the Commissioners such sum as shall be payable by him for the current municipal half-year at the date of such publication for the carriages and animals specified in such statement, according to the rates stated in any order in force at the time made under section 83.

If any person becomes possessed, at any time after the commencement of the municipal half-year, of any carriage or animal mentioned in the third schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay the tax for the unexpired portion of the half-year calculated from such date.

85. On receiving the amount of the tax under this Part, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages and animals for the period in respect of which the amount is received.

Such license shall be for the current municipal half-year and no longer.

86. Whenever the owner of any carriage or animal is not resident within the limits of the Municipality wherein the same is kept, the person occupying the premises where it is for the time being kept shall take out a license under this Part.

87. The Commissioners at their discretion may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages and animals for hire, for a certain sum to be paid for the carriages and animals so kept by each person, in lieu of the rates stated in any order made by the Commissioners under section 83.

88. The Commissioners shall from time to time cause to be prepared and entered in distinct columns in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current municipal half-year, a license has been given under this Part, and of the carriages and animals in respect of which they have paid.

89. The Commissioners, or any person authorized by them in that behalf, may at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage or animal liable to taxation for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages and animals in respect of which such person is liable to be taxed.

PART VI.—Of the Registration of Carts.

90. The Commissioners at a meeting may make and publish an order that every cart, kept and used within, or let for hire within or without the municipality and used within it, shall be registered by the Commissioners with the name and residence of the owner, and shall bear the number of registration in such manner as the said Commissioners shall direct:

This section shall not apply to carts:—

- (a) which are the property of the Government, or of the Commissioners;
- (b) which are kept at more than two miles' distance from the Municipality, and are only temporarily and casually used within it.

91. The registration of carts, under the last proceeding section shall be made, and the numbers assigned, half-yearly upon such days as the Commissioners shall notify, and such fee as they shall fix, not exceeding one rupee, shall be paid for each registration.

Any person becoming possessed of any cart, which has not been registered for the then current municipal half-year, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of a proportional fee for the unexpired portion of the current half-year calculated from such date.

92. When the ownership of any registered cart is transferred within any half-year, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

93. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

If the vehicle seized be not claimed, and the fine be not paid within ten days, such vehicle, together with the animals seized with it (if any), may be sold by auction by order of the Commissioners, and the proceeds applied to the payment of the fine and to the costs and charges incurred on account of the seizure, detention, and sale;

And the surplus (if any), if not claimed by the owner or the person keeping such cart within a further period of twelve months, shall become vested in the Commissioners and be transferred to the Municipal Fund.

Provided that if at any time before the sale is concluded the person whose cart has been seized shall tender to the Commissioners, or the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

PART VII.—Of Tolls on Ferries

94. The Lieutenant-Governor may make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality; such ferry shall thenceforward be deemed to be a municipal ferry, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

95. The Commissioners may also, with the sanction of the Lieutenant-Governor, declare that any other ferry within or adjacent to the limits of the Municipality is a municipal ferry; and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made to any person for the loss which he may have sustained in consequence of such ferry being declared to be a municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section 4 of Bengal Act No. I of 1866 (*to amend certain provisions of Regulation VI of 1819*) or other law for the time being in force.

96. Every municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed in such ferry.

97. When it has been determined to impose tolls on municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the ferries, and, with the sanction of the Lieutenant-Governor, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

98. Any collector or lessee of tolls, or his assistant, may refuse to convey any person or goods across a municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

99. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any municipal ferry without the previous sanction

of the Commissioners if he plies within the limits of the Municipality,

or of the Magistrate of the district if without such limits,

or of the Magistrate of the district and the Commissioners if one of the two banks between which he plies is within, and the other bank is without, such limits.

PART VIII.—Of Tolls on Roads.

100. The Lieutenant-Governor may make over to the Commissioners any existing toll-bar within the limits of the Municipality; and the profits derivable from it shall thenceforward be carried to the credit of the Municipal Fund.

101. The Commissioners may also, under the authority of the Lieutenant-Governor, establish toll-bars upon any road or bridge within the limits of the Municipality for the purpose of levying tolls on vehicles and animals entering such limits; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

102. When it has been determined that tolls shall be levied on any road or bridge, the Commissioners at a meeting shall make and publish an order, with the sanction of the Lieutenant-Governor, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

103. Any Collector or lessee of tolls may refuse to allow any person to pass through any municipal toll-bar, until the proper toll has been paid.

104. In case of non-payment of any toll on demand, the person authorized to collect the same may seize any carriage or animal, or any part of its burden, on which toll is chargeable, of sufficient value to defray the toll.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell the property by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remains undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period shall be credited to the Municipal Fund.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable by him, the Commissioners shall forthwith release the property seized.

PART IX.—Of general provisions relating to tolls.

105. The Commissioners may grant a lease of any municipal ferry or toll-bar for any period not exceeding three years.

106. A table of tolls legibly written in English and in the vernacular of the district shall be hung up

in some conspicuous position at either end of every municipal ferry,

and in some conspicuous position near every municipal toll-bar,

so as to be easily read by all persons required to pay the toll.

107. The Commissioners, or the lessee of any municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animal kept by him, in lieu of the ordinary toll payable.

108. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops,

or of Military or Government stores, or the persons in charge of them,

or of military or police officers, or of any public or municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or any vehicle or animal employed by such persons for the transport of such property,

or of conservancy carts or other vehicles, or animals, belonging to the Commissioners, or of the persons in charge of them.

109. In all cases of resistance to the person authorized to collect tolls, police officers shall assist when required, and for that purpose shall have the same powers as they have in the exercise of their ordinary police duties.

PART X.—Of Tolls on Navigable Channels.

110. If the Lieutenant-Governor has declared that the provisions of the Canal Act, 1864, or other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, he may appoint the Commissioners to collect tolls as provided in section 8 of such Act, and the profits derivable therefrom shall be carried to the credit of the Municipal Fund.

In such case the Commissioners shall exercise all the powers vested by such Act in the Collector.

CHAPTER VI.

OF THE RECOVERY OF MUNICIPAL TAXES.

111. By notification to be affixed in their office, the Commissioners shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money.

Every person is required to pay the sum due by him during the first month of each quarter.

Such payment may be made at the office of the Commissioners or to any tax-collector appointed in that behalf.

The amount due by any person on account of the tax on persons, or the tax on holdings, shall be deemed to be the amount entered in the notice served upon him under section 78.

112. For all sums collected on account of any tax under this Act, a receipt stating the amount and the tax to which it is appropriated shall be given, signed by the tax-collector or by some other officer authorized by the Commissioners to grant such receipts.

113. Every instalment of the tax upon persons and of the tax on holdings described in section 62 shall be payable in advance on the first day of the quarter or other period in respect of which such instalment is payable.

114. At any time within six months and not less than one month after any sum has become due on account of any tax, the Chairman shall cause to be served upon the person liable to the payment thereof a bill for the said sum, which shall also contain a statement of the period and of the tax on account of which the charge is made.

Appended to such bill shall be a notice of demand in the form (A) in the fourth schedule.

Such notice of demand shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

115. If any person, after service upon him of such bill and notice, shall not, within ten days thereafter or from the date of any order of review thereafter made, pay the sum due, and a fee of two annas as costs of service, or show to the Commissioners sufficient cause for non-payment of the same, the amount of the arrear due, with costs on the scale in the form (B) in the fourth schedule may at any time within three months after the date of service of the said bill, or of the order of review made thereafter, be levied by distress and sale of any moveable property belonging to the defaulter which may be found within the Municipality, or of any moveable property, except ploughs, plough-cattle, or implements of trade or agriculture, which may be found within the holding in respect of the occupation of which such defaulter is liable to such tax.

If the same belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

116. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form (C) in the fourth schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or

Ward in which the property is situated, and by serving on the defaulter a notice in the form (D) in the fourth schedule:

Provided that if the property is of a perishable nature, it may be sold, with the consent of the defaulter, at any time after the expiry of twenty-four hours from the seizure.

117. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that it contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance.

Provided that he shall not enter or break open the door of any room appropriated for the *zanána* or residence of women, which by the usage of the country is considered private.

118. If the sum due be not paid with costs before the sale is concluded, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible; and the proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure; or if unclaimed for a period of twelve months, shall become vested in the Commissioners and transferred to the Municipal Fund.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form (E) in the fourth schedule; and the costs upon every such proceeding shall be such as are mentioned in the form (B) in the fourth schedule.

119. The Commissioners shall cause a regular account to be kept of all distresses levied and sales made for the recovery of taxes under this Act.

120. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

121. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any court of competent jurisdiction.

CHAPTER VII.

OF THE MUNICIPAL POLICE.

122. All police officers appointed or employed in any Municipality shall be appointed under the provisions of Act No. V of 1861 (*for the Regulation of Police*)

or of any other Act for the time being in force for the regulation of the police in the police district within which the said Municipality may be situated, and shall be deemed to be a portion of the police establishments under the Government of Bengal, and shall be subject to the provisions of any such Act, except as hereinafter provided.

123. No police officer, who forms part of the strength of the Municipal police for which the estimate mentioned in the next succeeding section may have been calculated, shall be liable to serve beyond the limits of the Municipality save in execution of duties imposed on him by his employment as a police officer of such Municipality.

124. From the commencement of this Act, every District Superintendent of police shall prepare, in such form as may be directed by the Lieutenant-Governor, an estimate of the income and expense of the police force in every Municipality within his district for the Municipal year next following the preparation of such estimate, and shall present the same to the Commissioners of such Municipality at least four months before the beginning of the Municipal year to which the estimate relates.

125. The police estimate shall show the number, constitution, and salaries of the police force to be maintained in any such Municipality, and shall state whether the whole or some and what part of such expense is to be borne by rates to be levied in the Municipality to which the same refers:

Provided that the expense so to be borne in any second class Municipality shall not exceed the average rate of one rupee and eight annas in the year on each holding, and that the expense so to be borne in any first class Municipality shall not exceed the average rate of two rupees and four annas on each holding within the local limits of such Municipality; except in the suburbs of Calcutta and in Howrah, in which the cost of the police force, including the contingent expenses thereof, to be borne by the Municipality shall not exceed the average rate of four hundred rupees for every thousand inhabitants of the Municipality as shown in the last census return.

126. After the receipt of the police estimate, the Commissioners shall cause the same to be translated into the language usually spoken in such Municipality, and shall cause the same or the translation thereof, to be laid before the Commissioners at their next meeting.

127. After such meeting, the Commissioners shall transmit the police estimate, together with any remarks or objections which the Commissioners at the meeting may desire to record, to the Magistrate of the district for transmission to the Commissioner of the division and by him to the Lieutenant-Governor.

128. The Lieutenant-Governor may consider the police estimate so transmitted to him, and approve, reject, or modify and approve as modified, the same or any part thereof.

129. So much of the police estimate as may thereby be directed to be borne by the taxes to be levied in any Municipality shall, for the purposes of this

Act, be the expense of the police to be borne by such Municipality for the year for which the police estimate shall have been presented.

The amount which may be finally settled shall be entered in the estimates of the Municipality as prepared under section 52.

130. At the close of each month, the District Superintendent of Police shall cause to be prepared and laid before the Commissioners a bill showing the actual expenses incurred during the month in the payment of the police force, and the contingent expenses thereof; and, so far as the same is in accordance with the police estimate, the Commissioners shall cause the amount or the share thereof which is payable by them under the last preceding section to be paid from the Municipal Fund.

131. Nothing in this Act shall deprive the Commissioner of Police for the town of Calcutta of any power or authority over the police in the Suburbs of Calcutta vested in him by Bengal Act No. II of 1866 (*for the better regulation of the police within the suburbs of the town of Calcutta*).

And the Inspector-General of Police is hereby precluded from exercising over the police within the said suburbs any of the powers and authorities vested in him by the said Act No. V of 1861.

132. The Deputy Commissioner of Police for the suburbs of Calcutta shall, for the purposes of this Act, be deemed to be the District Superintendent of the said suburbs.

CHAPTER VIII.

OF THE REGISTRATION OF BIRTHS AND DEATHS.

133. Every first class Municipality shall, and every second class Municipality may,

provide for the registration of births and deaths within the limits of their jurisdiction in accordance with the provisions of Bengal Act No. IV of 1873 (*for registering births and deaths*).

CHAPTER IX.

OF MUNICIPAL REGULATIONS.

134. No owner of any holding shall be deemed to be relieved from the discharge of the duties and liabilities described in this Chapter by the circumstance of his not residing within the Municipality unless he has let such holding to a resident occupier.

135. Whenever it is directed in this Chapter that any expenses incurred or fee chargeable by the Commissioners shall be paid by the owner of any land or by the occupier thereof, or by either of them, the same may be recovered under Chapter VI as an arrear of tax.

The notice of demand for such expenses or fee shall be made within one month from the date

on which the amount thereof shall have been ascertained.

PART I.—Of Offensive Matter, Rubbish, Privies, and Drains.

136. The Commissioners may provide all establishments, cuttle, carts, and implements required for the removal of offensive matter, and shall from time to time provide places convenient for the deposit thereof.

137. The Commissioners at a meeting shall from time to time appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

The Commissioners shall make and publish an order notifying the places and hours appointed under this and the last preceding section.

138. The Commissioners at a meeting may order that an establishment shall be maintained for the purpose of daily removing offensive matter from houses in their Municipality.

Any occupier in that case may apply to the Commissioners to effect such removal, and shall be chargeable with such fee as may be fixed by a bye-law duly published.

But no occupier shall be compelled to pay such fee if he does not wish to employ such establishment, and the Commissioners shall not be bound to maintain such an establishment.

139 All drains, privies, and cesspools shall be under the survey and control of the Commissioners, and shall be repaired and made efficient at the cost of the owners or occupiers of the holdings to which the same belong.

If any such owner or occupier neglect, during fifteen days after notice in writing, to repair and make the same efficient, the Commissioners shall cause such drain, privy, or cesspool to be made efficient, or, if necessary, shall remove the same, and the expenses thereby incurred shall be paid by the owner or occupier.

140. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains, and cesspools at any time between sunrise and sunset, after six hours' notice in writing to the owner or occupier of any premises in which such privies, drains, or cesspools are situated, and may, if necessary, cause the ground to be opened where they or he think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools, and the expenses thereby incurred shall be paid by the owner or occupier.

141. The Commissioners at a meeting shall from time to time appoint the hours and the manner in which rubbish shall be temporarily deposited until removed and carried away, and shall make and publish an order notifying the same.

142. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of either sex, and shall cause the same to be kept in proper order and to be daily cleansed.

In any Municipality in which such privies are not maintained, the expense of removing offensive matter shall not be recovered from the occupier under section 137, and he shall not be liable to any fine for not removing such offensive matter.

143. Whenever any land being private property or within any private enclosure, appears to the Commissioners by reason of thick or noxious vegetation or jungle, to afford facilities for the commission of a nuisance, or by want of drainage, to be in a state injurious to health or offensive to the neighbourhood, the Commissioners may require the owner or occupier of such land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to clear and remove such vegetation or drain such land.

and if he do not within one week after such notice begin to cut, clear, and remove such vegetation, or to drain such land, and do not complete such work with due diligence, the Commissioners or any persons authorized by them in that behalf may, after forty-eight hours' notice, enter on such land, and do all necessary acts for the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner or occupier.

144. All rubbish and offensive matter collected by the Commissioners from roads, houses, privies, sewers, cesspools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

145. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

PART II.—Of Bathing and Washing Places, Tanks and Excavations.

146. All streams, channels, water-courses, tanks, reservoirs, springs, and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

147. The Commissioners may set apart a sufficient number of convenient tanks, or parts of rivers, streams, or channels, not being private property, for the inhabitants to bathe in, and similarly set apart a sufficient number of the same for washing animals or clothes, or for any other purpose connected with the health, cleanliness, or comfort of the inhabitants.

The Commissioners shall make and publish an order notifying the same.

148. The Commissioners at a meeting may require the owner of any land, by notice addressed to him in writing, or if there be any doubt as to the ownership, by notification published on the spot, to cleanse any private tank or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood;

and, if such owner refuse or neglect to comply with such requisition within eight days from the service thereof, the Commissioners, or any persons authorized by them in that behalf, may enter on such land and do all such necessary acts for all or any of the purposes aforesaid as they shall think fit, and the expenses thereby incurred shall be paid by the owner.

149. The Commissioners may from time to time, as they think fit, drain off and cleanse or fill up, or otherwise abate, any stagnant pool, ditch, or tank, (the same not being private property) which shall appear to them to be useless or unnecessary, or likely to prove injurious to the health of the inhabitants.

150. The Commissioners may cause to be filled up any excavation which is likely in their opinion to be injurious to the health of the neighbourhood. If such excavation is made in any place within any private property without the consent of the Commissioners, the cost of refilling it may be recovered from the owner or occupier of the property.

PART III.—Of Obstructions and Encroachments on Roads.

151. The Commissioners may grant permission to any person to deposit any moveable property, on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, provided that such person undertakes to erect sufficient fences to protect the public from injury, danger, or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

152. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that notice of the intention to close such road or part of the same shall be published not less than three days previously by a notification affixed in some conspicuous position at the place where it is intended to close the same:

and that sufficient barriers or fences shall be erected for the security of life and property, and that such barriers or fences shall be sufficiently lighted from sunset to sunrise.

153. If any person builds any wall, or erects, or sets up any fence, rail, post, or other obstruction or encroachment, in or on any road or open drain, sewer, or aqueduct, along the side of any road, the magistrate may order that such obstruction or encroachment be removed within a specified time by the person who erected it; and if such person fails to comply with such

order, the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

154. The Commissioners may give notice in writing to, or the magistrate may order, the owner or occupier of any house to remove or alter any projection, encroachment, or obstruction, erected or placed against or in front of such house, if the same overhangs the road at a height of less than twelve feet above the level of the ground; or juts into, or in any way projects or encroaches upon, or is an obstruction to the safe and convenient passage along any road:

or obstructs or projects or encroaches into or upon any uncovered aqueduct, drain, or sewer in such road;

and such owner or occupier shall, within fourteen days after the service of such notice upon him, or within fourteen days of the receipt of such order, remove such projection, encroachment, or obstruction, or alter the same in such manner as shall have been directed by the Commissioners, and if he fail so to do, the Commissioners may remove or alter such projection, encroachment, or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

155. An order made by the Magistrate under either of the two last preceding sections shall be deemed to be an order made by him in the discharge of his judicial duty, and the Commissioners shall be deemed to be persons bound to execute lawful orders of a Magistrate within the meaning of Act No. XVIII of 1859 (*for the protection of Judicial Officers*).

156. The Commissioners may cause any projection, encroachment, or obstruction, which may, before the commencement of this Act, have been erected or placed against or in front of any house on any road within the limits of such Commissioners' municipality to be removed or altered as they shall think fit:

Provided that thirty days' previous notice of such intended removal or alteration be given to the owner or occupier of such house, and that the Commissioners shall make reasonable compensation to every person who suffers damage by such removal or alteration.

In determining the amount of compensation the value of the land shall not be included.

157. Whenever any house, part of which projects beyond the regular line of a road, or beyond the front of the house on either side thereof, shall be burnt down or otherwise destroyed, or shall be under repair, the Commissioners may require the same to be set back to, or beyond the line of a road, or the line of the adjoining house, and shall make reasonable compensation to the owner of such house for any damage he may thereby sustain.

158. The Commissioners may give notice to the owner or occupier of any land to trim or prune the hedges bordering on any road, and to cut and trim any trees overhanging any road and obstructing the same or causing damage thereto;

and if such notice is not complied with within eight days from the date of service thereof, the Commissioners may cause the said hedges or trees to be trimmed or reduced in the manner required;

and the expenses thereby incurred shall be paid by the owner or occupier.

PART IV.—Of General Conservancy and Improvement.

159. The Commissioners at a meeting may direct that within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which are about to be erected, or the roofs or walls of which are about to be wholly renewed in or near any road, shall not be made of grass, leaves, mats, or other inflammable materials.

160. If any well, tank, or other excavation, whether on public or private ground, be, for want of sufficient repairs or protection, dangerous, the Commissioners shall cause notice in writing to be given to the owner or occupier, requiring him forthwith to secure or protect such well;

and if he do not, within three days after such notice, begin to comply with the requisition, and do not carry on the work to the satisfaction of the Commissioners, they may cause the well, tank, or excavation, to be secured or protected so as to prevent danger therefrom;

and the expenses thereby incurred shall be paid by the owner or occupier.

161. If in any road, any house, wall, structure, or anything affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith give notice in writing to the owner or occupier thereof, requiring him to secure or to take down the same within a fixed time;

and in default the Commissioners, by an order passed at a meeting, shall cause such repairs to be made to such house, wall, or structure as they may consider necessary for the public safety; or may order such house, wall, structure, or thing affixed thereto to be removed; and the expenses thereby incurred shall be paid by the owner or occupier.

162. The materials of any thing which shall have been pulled down or removed under the provisions of the last preceding section, may be sold by the Commissioners, and the proceeds of such sale may be applied, so far as the same will extend, to the payment of the expenses incurred.

Any surplus of such sale proceeds shall, on demand, be restored to the owner of such house, wall, structure, or thing affixed thereto, and if unclaimed shall, after the lapse of one year, be carried to the credit of the Municipal Fund.

163. No person shall manufacture gunpowder, or shall, without a license under section 164, have in his possession, at any house at any time, a greater quantity of gunpowder than five seers.

164. The Commissioners may grant to any person a license to keep in deposit any quantity of gunpowder not exceeding twenty-five seers, on such conditions, and for such term, not exceeding one year, as shall be specified in the license.

165. The Commissioners by published order may appoint from time to time certain periods within which any dogs found straying in the roads or beyond the enclosures of the houses of the owners of such dogs may be destroyed.

166. On the complaint of three or more householders that a house in their immediate neighbourhood is used as a common brothel or lodging-house for prostitutes or disorderly persons of any description, to the annoyance of the respectable inhabitants of the vicinity, the Magistrate may summon the owner or occupier of the house to answer the complaint;

and, on being satisfied that the house is so used and is therefore a source of annoyance and offence to the neighbours, may order the owner or occupier to discontinue such use of it.

167. The Commissioners at a meeting may cause a name to be given to any road and to be affixed in such place as they may think fit, and may also cause a number to be affixed to every house; and in like manner may cause such names and numbers to be altered.

PART V.—Of certain Offensive or Dangerous Trades and of Burial and Burning-grounds.

168. Within such local limits as may be fixed by the Commissioners at a meeting, no land shall be used, without a license from the Commissioners, for any of the following

purposes, namely,

melting tallow;

boiling offal or blood;

as a soap house, oil boiling-house, dyeing-house, tannery, sheep pen, piggery, slaughter-house, brick-kiln, or lime-kiln;

as a manufactory of nitric acid, sulphuric acid, or sulphurate of mercury, or other manufactory from which offensive or unwholesome smells may arise;

as a yard or depot for trade in hay, straw, wood, coal, charcoal, golpatta, bamboos, thatching grass, or other inflammable material;

or as a store-house for kerosine, petroleum, naphtha, or any inflammable oil, spirit, or explosive substance.

This section shall not be applicable, until the expiration of two years from the commencement of this Act, to any land which may have been used for any such purpose before the commencement of this Act.

Such license shall not be withheld unless the Commissioners have reason to believe that the business which it is intended to establish or maintain would be offensive or dangerous to persons residing in the immediate neighbourhood.

169. The Commissioners may charge fees to be paid in accordance with a bye-law to be made as herein-after mentioned for every license which they may grant for the use of land for any of the purposes mentioned in the last preceding section.

170. No burial or burning-ground, whether public or private, shall be made or formed without the consent in writing of the Commissioners, or under the authority of the Lieutenant-Governor.

171. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance and is open and available to the inhabitants of the Municipality, the Commissioners with the sanction of the Lieutenant-Governor previously obtained, may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

Provided that the execution of the order for the closing of any such burning or burial ground shall be suspended, if ten or more tax-payers shall demand by a written requisition addressed to the Commissioners that the expediency of closing it be referred to the tax-payers;

and in such case the Commissioners shall fix the place and time for recording the votes of all the tax-payers within the Municipality, and shall record the votes of all such tax-payers who may present themselves for such purpose; and the ground shall not be closed unless a majority of the votes so taken be in favor of closing it.

If any building is attached and belongs to a burning-ground closed under this section, the Commissioners at a meeting may devote a portion of the Municipal Fund towards the construction of any new building which may be required in lieu thereof.

CHAPTER X.

OF MUNICIPAL MARKETS.

172. This Chapter shall not apply to any Municipality until it has been expressly extended thereto by the Lieutenant-Governor by notification in the *Calcutta Gazette*.

173. The Commissioners at a meeting may, with the sanction of the Lieutenant-Governor, provide land for the purpose of being used as municipal markets;

and may, with such sanction, charge rent, tolls, and fees for the right to expose goods for sale in such markets, and for the use of shops, stalls, and

All such rents, tolls, and fees may be recovered under Chapter VI as arrears of tax.

174. The Commissioners at a meeting may grant a license for the use of any land as a market for the sale of meat, fish, fruits, and vegetables within the Municipality.

175. Every license granted under this Chapter shall be granted without fee, and shall be in force until the end of the municipal year, and the Commissioners may grant such license year by year on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market.

176. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply, or proper width of paths and ways.

177. The owners or lessees of all land used as markets at the time of the extension of this Chapter to the Municipality shall be entitled to receive a license for the current municipal year without the certificate required by section 175, but in subsequent years the license shall not be renewed without such certificate.

178. Every license under this Chapter shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated,

- (a) the name of the owner of the land and market,
- (b) the name of the lessee thereof, if any,
- (c) the extent and boundary of the market,
- (d) and the description of articles sold therein.

179. Every transfer of interest in any such market shall be registered within two months after the date of transfer.

180. Any market which, or the transfer of which, shall not have been duly registered under the preceding sections shall be deemed to be land used as a market without a license.

181. Whoever, being the owner or occupier of any land, wilfully or negligently permits the same to be used as a market for the sale of meat, fish, fruit, or vegetables without a license under section 174, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding fifty rupees for each day during which the offence is continued after conviction for such offence.

182. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may appoint persons, or otherwise take order, to prevent such land being so used; and every person who shall sell or expose for sale meat, fish, fruit, or vegetables on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

CHAPTER XI.

OF BYE-LAWS, PENALTIES, AND PROSECUTIONS.

183. The Commissioners may from time to time at a meeting, at which at least two-thirds of the whole number of the Commissioners shall be present, make bye-laws, not inconsistent with the provisions of this Act, for—

- (a) the regulation and disposal of offensive matter and rubbish;
- (b) keeping holdings in such a state as not to be injurious to health or offensive to the neighbourhood;
- (c) the proper preservation of tanks, and water-courses, and public bathing-places;
- (d) the regulation and management of privies;
- (e) preventing nuisances by the sides of roads;
- (f) the regulation and conduct of public assemblies or processions;
- (g) the keeping of order in places of public resort;
- (h) preserving order and quiet in the neighbourhood of places of worship during the times of public worship;
- (i) the regulation or prohibition of fire-balloons, fireworks, fire-arms, or other missiles in the vicinity of public roads;
- (j) regulating and restricting the sounding of drums, tom-toms, horns, trumpets, or any metal instruments;
- (k) the regulation of traffic on roads and thoroughfares, and keeping the same free from obstruction;
- (l) the regulation and inspection of markets licensed under Chapter X;
- (m) regulating the fees to be paid for a license under section 168;
- (n) and generally for the purposes of this Act.

The Commissioners may from time to time, at a meeting as aforesaid, repeal, alter, or add to such bye-laws.

184 No bye-law and no repeal, alteration of, Confirmation of bye- or addition to any bye-law laws. shall have effect until the same has been confirmed by the Lieutenant-Governor, and until the expiration of one month after the same has been published in the manner directed in section 185.

185. Every bye-law, order, list, or other Publication of bye-laws. document directed by this Act to be published, shall be written in the vernacular of the district and deposited in the Municipal office, and a copy shall be put up in a conspicuous position at each police station or out-post in the Municipality, or in the Ward to which it relates.

And a public proclamation shall be read throughout such Municipality or Ward by beat of drum, notifying that such copy has been so put up, and that the original is open to inspection.

186. Whoever without Fine of three times the amount payable. lawful authority—

- (a) keeps any carriage or animal without the license required by section 84;
- (b) having compounded for the payment of a certain sum under section 87, refuses to pay such sum;
- (c) keeps a cart not duly registered as required by section 91;

shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, composition, or registration (as the case may be), exclusive of the amount so payable.

187. Whoever without Fine of twenty-five rupees. lawful authority—

- (a) disobeys an order of the Magistrate under section 166;
- (b) uses any place as mentioned in section 168 for the purposes therein mentioned;
- (c) refuses to leave a municipal ferry boat; or to remove his goods therefrom when required to do so under section 98;

shall be liable to a fine not exceeding twenty-five rupees for every such offence, and to a further fine not exceeding ten rupees for each day during which the offence is continued after he has been convicted of such offence.

188. Whoever without Fine of fifty rupees. lawful authority—

- (a) keeps a ferry-boat contrary to the provisions of section 99;
- (b) being a toll-keeper or lessee of a toll-bar, or gate, or ferry, neglects to hang up a table of tolls as required by section 106;
- (c) fails to remove any such obstruction, encroachment, or obstruction as is mentioned in section 154, or alter the same in the manner directed after a notice as mentioned in the said section within the period therein specified;
- (d) infringes any bye-law made under this Act;
- (e) being authorized under this Act to collect tolls demands or takes any higher tolls than the tolls authorized under this Act;
- (f) having driven any vehicle or animal (not exempted from toll) through a toll gate, refuses to pay the toll, or with intent to avoid payment thereof, fraudulently passes such toll-gate without paying the proper toll;
- (g) builds any wall, or erects or sets up any fence, rail, post, or other obstruction or encroachment in or on any road or open drain, sewer or aqueduct, along the side of any road;

shall be liable to a fine not exceeding fifty rupees for every such offence and to a further fine not exceeding twenty rupees for each day during which the offence is continued after he has been convicted of such offence.

189. Whoever without Fine of one hundred rupees. lawful authority—

- (a) contravenes the provisions of section 163;
- (b) buries or burns, or causes or suffers to be buried or burned, any corpse in any burning or burying-ground closed under the provisions of section 171;
- (c) fails to produce his license when required to do so by any person authorized by the Commissioners under section 198;

shall be liable to a fine not exceeding one hundred rupees for every such offence.

190. Whoever, being the owner of any house, fails to give notice of the re-occupation of such house within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of tax payable quarterly on such house.

Penalty for not giving notice of re-occupation of house.

191. Every offence under this Act shall be tried by any Magistrate having jurisdiction, and the Lieutenant-Governor may confer on any Commissioner the powers of a Magistrate of the 1st, 2nd, or 3rd class under section 42 of the Code of Criminal Procedure for the trial of such offences within the Municipality.

192. Fines under this Act may be levied under the provisions of section 307 of the Code of Criminal Procedure.

193. The Commissioners may direct any prosecution for any public nuisance, and may order proceedings to be taken for the recovery of any penalties under this Act and for the punishment of any persons offending against the same, and may order the expenses of such prosecution or other proceedings to be paid out of the Municipal Fund.

194. No prosecution for an offence under this Act, or any bye-law made in pursuance thereof, shall be instituted without the order or consent of the Commissioners, and no such prosecution shall be instituted except within three months next after the commission of such offence.

CHAPTER XII.

MISCELLANEOUS.

195. Every notice, bill, form, summons, or notice of demand under this Act may be served personally on or presented to the person to whom the same is addressed,

or be left at his usual place of abode, with some adult male member or servant of his family; or, if it cannot be so served or presented, may be put on some conspicuous part of his place of abode;

or of the land in respect of which the notice, bill, form, summons, or notice of demand is intended to be served.

196. Where any notice is required to be given to the owner or occupier of any land, such notice, addressed to the owner or occupier, as the case may require, may be served on the occupier of such land, or otherwise in the manner in the last preceding section mentioned.

Provided that when the owner and his place of abode are known to the Commissioners, they shall, if such place of abode be within the limits of their authority, cause every notice required to be given to the owner of any land to be served on such owner, or left with some adult male member or servant of his family;

and if the place of abode of the owner be not within such limits, they shall send every such notice by post addressed to his place of abode, and such service shall be deemed to be good service of the notice.

When the name of the owner or occupier is not known, it shall be sufficient to designate him as "the owner" or "the occupier" of the land in respect of which the notice is served.

197. No tax on property shall be invalid for defect of form, and it shall be enough in such tax, or any

assessment or valuation for the purpose of making such tax, if the property so assessed or valued is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

198. Every person to whom a license has been granted under this Act shall at all reasonable times while such license shall remain in force, if thereunto required by the Commissioners, or by any person authorized by them in that behalf, produce such license to the Commissioners or to the person so authorized.

199. Whenever, under this Act, any work is required by the Commissioners to be executed, or any alterations or improvements to be made in any holding, and such work, alterations, or improvements, are executed by the occupier, or by the Commissioners at his expense, the cost thereof may be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any court of competent jurisdiction, if the Commissioners shall certify that such cost ought to be borne by the owner.

If the occupier has a beneficial interest in such holding, he shall deduct or recover such sum only as will bear the same proportion to the entire cost of such work, alteration, or improvement, as the value of the owner's interest bears to the value of the holding.

If the rents issuing out of any such holding belong to more persons than one, who are entitled to the same either as being joint proprietors of such holding, or as having intermediate and other interests therein, the cost of any work, alteration, or improvement, as aforesaid, payable by the owner, shall be borne by such persons in proportion to their respective interests; and any one or more of such persons, who may have been compelled to pay more than a just proportion in the first instance, shall be entitled to recover from the others his excess payment.

200. No occupier of any holding shall be liable to pay more money, in respect of any expenses charged by this Act on the owner thereof than the amount of rent which is due from him at the time of the demand made, or which at any time thereafter shall have become due, unless he neglect or refuse, upon application made to him for that purpose by the Commissioners, truly to disclose the amount of his rent and the name and address of the person to whom such rent is payable.

Provided that nothing herein contained shall be taken to affect any special contract made between any such owner and occupier respecting the payment of any expenses as aforesaid.

201. If money be due to the Commissioners in respect of any holding, the owner of which is unknown or the ownership of which is disputed, on account of any tax, expenses, or charges, recoverable under this Act, the Commissioners may publish twice, at an interval of three months, a notification of sale of such holding, and after the expiry of not less than three months from the date of the last publication, unless the amount recoverable be paid, may sell such holding to the

highest bidder, who shall at the time of sale deposit the full amount of the purchase-money.

Any person may pay the amount due at any time before the completion of the sale, and may recover such amount by a suit in a court of competent jurisdiction from any person beneficially interested in such property.

After payment of the amount recoverable by the Commissioners, the surplus, if any, shall be paid on demand to any person who establishes his right to the satisfaction of the Commissioners or in a court of competent jurisdiction, or, if unclaimed for a period of one year, shall become vested in the Commissioners and be transferred to the Municipal Fund.

202. The Commissioners may make compensation out of the Municipal Fund to any person sustaining any damage by reason of the exercise of any of the powers conferred by this Act.

Power to make compensation out of the Municipal Fund.

203. No suit shall be brought against the Commissioners or any of their officers, or any person acting under their direction, for anything done under this Act, until the expiration of one month next after notice in writing has been delivered or left at the office of the Commissioners or at the place of abode of the person against whom such suit is threatened to be brought, stating the cause of suit and the name and place of abode of the intended plaintiff;

And unless such notice be proved, the Court shall find for the defendant.

Every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards.

If any such person to whom any such notice is given shall, before suit is brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover.

204. All the proceedings, other than judicial proceedings, of the Commissioners, or of the Magistrate of the district, except as herein specially provided, shall be subject to the control of the Commissioner of the division.

And all the proceedings of the Commissioner of the division shall be subject to the control of the Lieutenant-Governor.

205. If the Commissioners of any Municipality fail to maintain, within the limits thereof, any road which without such limits is maintained by a District Committee under the Road Cess Act, 1871, or to pay for the municipal police,

the Commissioner of the division in which such Municipality is situated may convene a committee consisting of

- the Magistrate of the district,
- the Magistrate of the division of the district,
- the Executive Engineer of the division,
- the Civil Surgeon of the district,
- and two members, one of whom shall be nominated by the Commissioner of the division, and the other by the Commissioners at a meeting,

and such Committee shall inquire into and report on the state of the Municipality.

The Lieutenant-Governor may, on the report of such Committee, call upon the Commissioners by a requisition in writing forwarded to the Chairman, and published in the *Calcutta Gazette*, to raise the necessary funds and carry out the purposes of this Act.

And if the Commissioners neglect, for the period of three months from the date of such publication, to comply with such requisition, the Lieutenant-Governor may direct the Magistrate of the district to raise the necessary funds under the provisions of this Act, and carry out in respect of roads and police the purposes thereof; and for such purposes the Magistrate of the district shall have all the powers and rights conferred on the Commissioners by this Act.

FIRST SCHEDULE.

(See section 64.)

BENGAL MUNICIPALITIES' ACT, 187 MUNICIPALITY OF

Assessment List.

Name of road.	No. hold.	Name of persons assessed.	Description of property and of profession, or business.	Amount of annual assessment.

Whereas the above assessment has been duly made pursuant to the Bengal Municipalities' Act, 187, the several persons whose names are included in the said assessment are hereby required to pay the quarterly instalments set opposite to their names with regularity at the office appointed by the Commissioners for the receipt of the same, or to the tax collector or other officer authorized to receive payment, the first payment to be made on the first day of () and every subsequent payment on or before the first day of (), the first day of (), and the first day of (), or in default thereof any arrear that may be due will be realized by distress and sale of the moveable property belonging to the defaulter, or which may be found on the holding in respect of which such defaulter is assessed, and by such other proceedings as are allowed by law.

Dated this day of
A. B.

Chairman of Commissioners.

SECOND SCHEDULE.

(See section 73.)

BENGAL MUNICIPALITIES' ACT, 187 MUNICIPALITY OF

Valuation List.

Name of road.	Number of holdings.	Amount of value of holding.	Name of owner.	Name of occupant other than owner.	Name of agent of owner (if any).	Amount payable by owners for the year 18

Whereas the above valuation has been duly made pursuant to the Bengal Municipalities' Act, 187, the several persons whose names are included above, are hereby required to pay the quarterly instalments set opposite to their names with regularity at the office appointed by Commissioners for the receipt of the same, or to the tax collector or other officer authorized to receive payment, the first payment to be made on the first day of () and every subsequent payment on or before the first day of (), the first day of (), and the first day of (), or in default thereof, any arrear that may be due will be realized by distress and sale of the moveable property belonging to the defaulter, or which may be found on the holding in respect of which the valuation is made and by such other proceedings as are allowed by law.

Dated this day of
A. B.

Chairman of Commissioners.

THIRD SCHEDULE.

.(See sections 83 and 84.)

TAX ON CARRIAGES AND ANIMALS.

	Per quarter.	A.
For every 4-wheeled carriage drawn by two horses	4	
For every 4-wheeled carriage drawn by one horse or a pair of ponies under thirteen hands	3 0	
For every 2-wheeled carriage	2 8	
For every horse	2 0	
For every pony under thirteen hands, or mule or donkey	0 12	
For every elephant	6 0	
For every camel	2 0	

Ponies under eleven hands, and children's carriages, the wheels of which do not exceed twenty-four inches in diameter, are exempted.

FOURTH SCHEDULE.

FORM A.—(See section 114.)

NOTICE OF DEMAND.

To of
Municipality of

Take notice that the sum of Rs. , being the amount due from you as shown in the accompanying bill, is hereby demanded from you, and that if you do not within ten days pay the same with two annas as the cost of this notice to an officer authorized to receive payment, or into the office of , the same with costs will be levied by distress and sale of your goods and chattels.

A. B.

Chairman of

Note.—If within the said ten days you apply to the Commissioners to review the assessment or valuation, the amount due by you, with such further cost (if any) as the Commissioners may direct, will be levied after ten days from the date of the order made thereon, unless previously paid. But if you have already paid a tax under this assessment or valuation, except under distraint, you will not be allowed to apply for review.

FORM B.—(See sections 115 and 118.)

TABLE OF FEES PAYABLE UPON DISTRAINTS UNDER THIS ACT.

Sume distrained for	Fee.
Rs. A	
Under 1 Rupee	0 4
1 and under 5 Rupees	0 8
5 " 10 "	1 0
10 " 15 "	1 8
15 " 20 "	2 0
20 " 25 "	2 8
25 " 30 "	3 0
30 " 35 "	3 8
35 " 40 "	4 0
40 " 45 "	4 8
45 " 50 "	5 0
50 " 60 "	6 0
60 " 80 "	
80 " 100 "	
Above 100 "	10 0

The above charge includes all expenses including the service of notice of demand, except when peons are kept in charge of property distrained, in which case three annas must be paid daily for each man.

FORM C.—(See section 116.)

DISTRESS WARRANT.

To (here insert the name of the officer charged with the execution of the warrant).

Whereas of
has not paid or shown sufficient cause for the non-payment of the sum of rupees due for taxes mentioned in the margin, although the said sum has been duly demanded in writing from the said , and ten days have elapsed since the service of the notice of demand: This is to command you to distrain the moveable property of the said to the amount of the said sum of rupees, and the further sum of rupees to defray the charges of taking, keeping, and selling such property; and if within ten days next after such distress the said sum of rupees shall not be paid, to sell the said property, and having paid and deducted out of the proceeds of the sale the said sum of rupees and the charges of taking, keeping, and selling such property, to return the surplus (if any) on demand to the person whom you shall have found in possession of the said property, and if no demand be made, to pay the same to the Commissioners. If distress cannot be made of sufficient property of the said you are to certify the same to us, together with this warrant.

A. B.

Chairman of

FORM D.—(See section 116.)

FORM OF INVENTORY AND NOTICE.

(State particulars of goods seized.)

Take notice that I have this day seized the property specified in the above inventory for the sum of rupees due for the taxes mentioned in the margin, and that unless you pay into the office of the Commissioners of the sum of rupees, within ten days from the day of the date of this notice, the property will be sold.

(Signature of the officer executing
the warrant of distress.)

Date

FORM E.—(See section 118.)
RETURN OF SALES.

District.	Name of attor.	Amount of sale.	Is or penalty.	Property seized.	Date of sale.	Property sold.	Amount realized.	Purchaser's name.	Balance.

FIFTH SCHEDULE.
(See section 2.)

PART I.—ACTS OF THE GOVERNOR-GENERAL
IN COUNCIL.

Number and year.	Subject.	Extent of repeal.
XXVI of 1850	Improvements in towns.	The whole Act, so far as it affects the Provinces under the control of the Lieutenant-Governor of Bengal.
XXI of 1857	Order and good government of the suburbs of Calcutta and the station of Howrah.	Sections 7, 18, 19, 27, 28, 29, 30, 31, 32, 33, 34, 36, 41, 42, 44, 48, 49, 50.
XII of 1858	For raising funds for making and repairing roads in the suburbs of Calcutta and Howrah.	The whole Act.

PART II.—ACTS OF THE LIEUTENANT-GOVERNOR
OF BENGAL IN COUNCIL.

Number and year.	Subject.	Extent of repeal.
III of 1864 *	District Municipal Improvement Act.	So much as has not been repealed.
VI of 1867	Regulation of police in towns and Municipalities.	The whole Act.
VII of 1867	Amending the District Municipal Improvement Act.	The whole Act.
II of 1868	Amending the District Municipal Improvement Act.	The whole Act.
VI of 1868	District Towns' Act.	The whole Act.
VII of 1870	Sanitary condition of Dacca.	The whole Act.
II of 1873	Amending District Municipal Improvement and District Towns' Acts.	The whole Act.
IV of 1873	Registration of Births and Deaths.	Section eleven.

SIXTH SCHEDULE.
(See section 2.)

Number and year.	Subject.	Extent of repeal.
Act XX of 1856	Police chowkedars in cities, &c., in the Presidency of Fort William in Bengal.	So much as has not been repealed.
Bengal Act IV of 1871.	Sanitation of Pooree and other towns in Orissa, and regulation of Lodging-houses therein.	Sections 24 to 34, both inclusive.

STATEMENT OF OBJECTS AND REASONS.

THE law relating to municipal matters in towns in Bengal is contained in thirteen Regulations and Acts. In the year 1872 a Bill was passed by this Council, of which one object was to consolidate the municipal law. The Bill, however, did not become law.

It has been thought desirable to carry out the project of consolidating the municipal law, and the present Bill has been framed for this purpose. The Bill of 1872 has been taken as the basis of that which is now laid before the Council; but the provisions which led to the assent of the Governor-General being withheld from the former have been omitted; municipal taxation is kept within existing limits; the chapters relating to registration and the prohibition of inoculation have been omitted, as the provisions already exist in other laws which can be applied to municipalities; and in many respects the arrangement of the present Bill differs from that of 1872.

CALCUTTA.

The 18th May 1875.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 17th May 1875.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
<i>Western Districts.</i>			
1	Burdwan, 17th* May 1875	1.14	Rain at Bood-Bood .76, Cutwa 2.40, Jehanabad .88. Sowing of paddy begun in low lands. Fever decreasing.
	Bankoora, 15th	1.35	There has been rain all over the district. <i>Boro</i> , or spring rice-crop, arriving maturity. The paddy-fields are being ploughed.
3	Beerbhoom, 15th	.24	Weather cool; rain fell on Tuesday. The fields are being ploughed for the early rice.
	Midnapore, 15th	.44	Wind-storms occur very frequently, sometimes accompanied by rain, sometimes not; the weather is more seasonable than during the two preceding weeks. Thus far the season would be considered good. Quite sufficient rain has fallen for the present; enough to damage some of the <i>boro</i> rice, which was ripening. A week's sunshine would now be looked upon as a boon. Prices, which have been rising since the middle of March, shew a slight tendency to decline.
5	Hooghly, 15th " "	.68	Weather hot, with occasional showers. <i>Aous</i> , or early rice, looking well. Weather very favorable for preparing lands, sowing, and for young crops. Sickness decreased.
	Howrah, 15th " "	.82	There was rain throughout the district during the week. Weather was warm and sky cloudy; strong wind, generally from the south. Reaping of the <i>boro</i> rice nearly completed. The recent rain has done good.
<i>Central Districts.</i>			
6	24-Pergunnahs, 17th† May 1875	1.42	Warm and close, with occasional clouds. Moderate showers of rain have fallen during the week. Sowings of early rice and jute progressing fairly. Cholera decreasing, but cases of fever reported from Baripore and Busserhat.
7	Nuddea, 15th May 1875	3.27	Weather damp and not very hot. The prospects of rice and indigo are very good. Food is still dear.
8	Jessore, 15th	.41	Somewhat variable weather; a little rain; wind mostly from the south. The spring rice has been gathered. The early rice, where sown, is doing well. Sowing of paddy, indigo, and other crops continues. Prospects generally good.
9	Moorshedabad, 15th May 1875	1.83	Hot, with occasional storms and heavy rain, cooling the atmosphere for a short time. Rainfall has greatly expedited preparation of ground for future operations; also beneficial to rearing of silk-worms and to sugarcane, which is in excellent condition. Indigo and mulberry good; <i>boro</i> rice harvest not completed; average outturn expected. Cholera present in one village in Gous. Small-pox present in Soojagunge.
10	Dinapore, 14th May 1875	2.44	Plenty of rain, and some thunderstorms, wind generally east or south-east. Progress most satisfactory; <i>bhudo</i> , or early rice, and jute looking very good. The district officer has received no report about <i>boro</i> paddy, but thinks that much must have been reaped before this. An unusual extent of land is under <i>boro</i> rice this year.
11	Maldah, 15th May 1875	Nil.	Weather fair in the morning, and cloudy in the afternoon. The late rainfall has done good, and the prospects of rice, indigo, and mulberry crops are, in general, favorable.
12	Rajahmhye, 15th "	1.76	There has been very beneficial rain all over the district during the week. The state of the crops is generally favorable, except that the mango crop has failed altogether. Cholera has almost disappeared, and the public health is good.
13	Rungpore, 14th " "	1.93	Stormy weather. Rice sprouting well.
14	Bogra, 15th	.89	Weather fair, with occasional clouds and rains. State and prospects of crops good. <i>Aous</i> , or early crop rice, being sown.
15	Pubna, 15th	1.78	Weather cloudy and rainy; south-easterly wind prevailing. State and prospects of crops good.

* Telegram of the 17th May, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 17th May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
<i>Central Districts.—(Contd.)</i>			
BAM DIV.	16 Darjeeling, 14th May 1875.	2.36	Rain fell during every day of the week. On Wednesday it came down heavily, and was accompanied with very high wind. Sowing is progressing favorably, both in the plains and in the hills. The young Indian-corn, <i>murwa</i> , and <i>kawoni</i> millets in the hills are looking very healthy.
	17 Jangiporee, 15th May 1875.	3.05	Cloudy and cool weather at the sudder station, but reported very hot in the interior. <i>Bhadai</i> rice promising well; <i>kawoni</i> millet good. Jute promises well, but late rain has promoted growth of weeds. Cholera is still prevalent.
	Booch Behar, 13th May 1875	4.56	The weather for some days of the week was cloudy and hot; there were also some heavy showers of rain. The rain has done much good to the crops. Cholera continues to rage in all parts of the Raj.
<i>Eastern Districts.</i>			
A	18 Dacca, 17th* May 1875	2.09	Rain almost every day. State and prospects of crops favorable.
	19 Ferozepore, 15th May 1875.	2.67	Weather extremely unsettled, but quite seasonable. The prospects of the crops are favorable everywhere. At Madaripore a violent storm occurred on Wednesday night, which did much injury to huts and thatched public buildings. General health good.
	20 Backergunge, 13th May 1875.	.49	Seasonable weather. In general all is well. Sporadic cases of cholera, and also cattle disease, still continue.
	21 Mymensingh, 14th May 1875.	2.62	Frequent showers, except in the west of the district, where the air continues dry. The <i>aus</i> rice is likely to suffer from weeds if the rainfall continues.
	22 Chittagong, 13th May 1875.	1.56	Weather cloudy. Heavy rain fell on the morning of the 13th instant. The crops continue to do well, and there is no change to report from last week.
	23 Noakholly, 13th May 1875.	2.58	Weather generally clear during the week. There was some heat and closeness, followed by a good fall of rain on the night of the 12th instant. Wind generally south and south-east, and occasionally blowing hard. In the lowland the early rice crop is progressing favorably, and in the highland sowing is going on. More rain now may injure the lowland crops. The khads are beginning to fill. <i>Khunda</i> boats are now going from Noakholly to Commillah.
	24 Tipperah, 14th May 1875	.66	Weather cloudy and oppressive; a few heavy showers of rain. The spring rice has been nearly all harvested in most parts; it has been a fair average crop. The autumn and winter rice have been sown under favorable circumstances.
GOI	25 Chittagong Hill Tracts, 11th May 1875.	1.62	Weather generally cloudy; some rain fell during the first part of the week. Sowing still going on in the <i>jooms</i> .
	Hill Tipperah, 12th May 1875.	.86	Weather unsettled, with occasional squalls. No crop in the ground. Sowing of early rice progressing.
BEHAR.			
A	26 Patna, 17th* May 1875	.74	Wind, hail, and rain-storm between 2 and 3 P.M. of the 16th instant. Much injury to mango crop. Cholera still prevalent throughout the district.
	27 Gya, 15th May 1875	Nil.	West winds prevalent during part of the week. East winds and very hot. Dry maximum thermometer rose to 109.5. Only crops in the ground are <i>cheena</i> millet and sugarcane. Cholera has increased in the Aurangabad sub-division and south of Gya sub-division. Measures taken.
	28 Shahabad, 15th May 1875	Nil.	Strong east wind, and moderately hot. The prospects of crops are good. No change since last report. Cholera still prevalent in parts of the sub-divisions, to the same extent as previously noticed.
	29 Durbhunga		Return not received.
	30 Mozaufferpore, 15th „ „	Nil.	Hot weather. The prospects of <i>cheena</i> and <i>kawoni</i> millets are excellent, and those of mango crop are very poor. Cholera continues in many parts of the district.
	31 Sarun, 15th May 1875.	Nil.	Weather hot and clear; east wind prevailing. The prospects of <i>cheena</i> millet, sugarcane, and indigo, continue favorable. Early <i>cheena</i> is being harvested. The <i>bhadai</i> rice and <i>kawoni</i> millet are being sown. The early sowings are doing well. General health good.
	32 Chunarparun, 14th May 1875.	.20	There has been little change in the weather since last report. East winds and slight showers still continue at Motiharee, but in many parts of the district the rainfall has been much heavier than at the Sudder station. The crops promise exceedingly well, and the weather is well suited for the preparation of the rice field for the coming crop.

* Telegrams of the 17th May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall [at Sudder] [Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR—(Contd.)			
33	Monghyr, 15th May 1875	Nil.	Weather unusually cool; east winds prevailing. The rain which fell last week has done much good. Prospects generally favorable.
34	Bhagulpore, 17th ^a May 1875.	·89	Rain fell throughout the district, which has benefited the land required for rice cultivation. <i>Marwa</i> millet and early rice sowing began in Soopool. General health good.
35	Furneah, 15th May 1875	1·08	Weather cool and cloudy, with east wind and showers. The early <i>boro</i> rice is fit to cut. The <i>bhadoi</i> , or early rice, is looking excellent. The <i>Patsa</i> (hemp) in the north looks very healthy.
36	Sonthal Pergunnahs, 15th May 1875.	·55	In Dumka, weather much hotter than last week; clouds, with rain, wind, and thunder, come up in the afternoon. In Godda, rain is wanted for ploughing; everywhere else ploughing is going on actively. Sugarcane-planting going on in Deoghur and Jamtara. Nothing else to report on.
ORISSA.			
37	Cuttack, 8th May 1875	1·44	Thunder-storms, accompanied with heavy rain, but of short duration, occur nearly every evening. Ploughing is going on well in consequence, but it may be checked if, as there is reason to fear too much rain falls at this season, which closely resembles that of 1871. Public health good. Cholera has disappeared.
Orissa Div	Pooree, 13th May 1875	1·59	There has been good rain in the interior generally. The sky is still cloudy, and more rain is expected. The air is hot. Tillage is proceeding rapidly. The <i>dalsa</i> , or spring, rice crop, is being reaped with a good outturn. Castor-seeds are being harvested with a fair outturn. The new sugarcane is being earthed up. Cotton is in flower and pod. The mangoes are ripening, but the crop is very poor.
	39 Balasore, 14th	1·27	Storms have been pretty frequent. The rain has been very useful. Ploughing is general, and sowing has commenced. The cholera in the north is still on the decline, but it has broken out sporadically elsewhere.
CHOTA NAGPORE.			
<i>South-West Frontier Agency.</i>			
40	Hazareebagh, 14th May 1875.	·18	Seasonable weather; slight rain has fallen. No alteration to report. A good fall of rain would be very beneficial.
41	Lohardugga, 15th May 1875.	·02	Wind still variable, and weather unsettled. No crops now on the ground. Small-pox still prevalent, and cases of cholera continue to be reported from Palamow.
42	Singbhoom, 14th May 1875.	1·58	Heavy storms, with rain, on Monday, Tuesday, and Wednesday, from which many trees have been uprooted, and much damage caused to mangoes and other fruits. No crops. District healthy.
	Naunbhoom, 15th May 1875.	2·06	Several severe storms of short duration in the early part. The weather is at present close, but seasonable. The small crops, such as sugarcane, cotton <i>kochora</i> , are reported good. The land is being in places prepared for rice, but not to the extent the district officer should have supposed from the recent showers. From Gobindpore the report is that heavy enough rain has not yet fallen.

^a Telegram of the 17th May, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

* Velocity of wind in miles per hour

CALCUTTA,
The 15th May 1875.W. G. WILLSON,
Offg. Meteorological Reporter to the Govt. of Bengal

**Results of the Meteorological Observations taken at the Surveyor-General's Office,
Calcutta, from 8th to 14th May 1875.**

Month.	Date.	Mean reduced barometer.	THERMOMETER.			Mean dry bulb.	Mean wet bulb.	Computed mean dew-point.	Mean degree of humidity.	WIND.			Rain.	Moon's phases.	GENERAL REMARKS.
			Highest reading.	Lowest reading.	Max. solar radiation.					Prevailing direction.	Max. pressure.	Daily velocity.			
May	8th	Inches. 29.033	92.2	78.0	141.0	84.4	78.7	74.7	0.74	S S E & S by E	30.3	57.7	Clear and cumuli. Sheet lightning on north from 7½ to 10 P.M.
	9th	29.009	92.8	75.0	143.0	84.2	79.2	75.7	70	S S E & S	31.0	125.5	0.00	...	Clear, cumuli and stratos. Strong wind from 7½ to 8½ P.M. Lightning on north-west at 10 P.M. Slight rain between 7 and 8 P.M.
	10th	29.013	94.0	76.5	142.8	84.3	78.7	74.8	74	E & S S W	...	100.7	Stratos and cumuli. Sheet lightning from 8 to 11 P.M.
	11th	29.017	91.4	77.0	144.5	85.4	79.3	75.0	72	S & S S W	2.7	115.3	Overcast, stratos, cumuli, and clear. Drizzled at 8½ P.M.
	12th	29.053	93.5	76.5	141.2	84.6	77.9	73.2	70	S & S W	14.0	175.0	0.03	...	Overcast and cumuli. High wind from 3½ to 8 P.M. Thunder and lightning between 7 and 8 P.M. Rain from 7½ to 8 P.M.
	13th	29.119	92.0	75.5	144.5	84.3	79.4	76.0	77	S E & S S W	...	174.1	Cirrocumuli, cumuli, and clear.
	14th	29.55	92.8	81.4	140.0	86.4	81.1	77.4	75	S & S S W	1.2	223.0	Chiefly cumuli. Brisk wind from 7½ A.M. to 2 P.M. Sheet lightning on west at 7½ P.M.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

The extreme variation of temperature during the past seven days	...	19.4
The maximum temperature during the past seven days	...	94.4
The maximum temperature during the corresponding period of the past year	...	98.8
The mean humidity during the past seven days	...	0.74
The mean humidity during the corresponding period of the past year	...	0.73
		Inches.
The total fall of rain from 8th to 14th	... { by lower rain gauge	0.72
	... { by anemometer gauge	0.61
Ditto ditto ditto, average of twenty-one previous years	...	1.09
Ditto ditto between the 1st January and the 14th May	...	7.66
Ditto ditto ditto, average of twenty-one previous years	...	7.60

PART I.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS.

No. 1458C.S.

GENERAL.—The 8th May 1875.—Mr. C. Marshall, Collector of Customs and Conservator of the Port of Chittagong, is allowed leave for three months, under Section 21, Chapter VI of the Civil Leave Code, with effect from the 1st June 1875, or any subsequent date on which he may avail himself of it.

Mr. W. Warden, Assistant Collector of Customs and Assistant Conservator of the Port of Chittagong, is appointed to act as Collector of Customs and Conservator of that Port during the absence, on leave, of Mr. C. Marshall, or until further orders.

Mr. Charles Theophilus Metcalfe is allowed leave for three months, under Section 21, Chapter VI of the Civil Leave Code, from the date of his being relieved of the office of Commissioner of the Patna Division.

Mr. Henry Granville Sharp, B.A., Acting Joint-Magistrate and Deputy Collector, Gya, is allowed leave for one month, under Section 21, Chapter VI of the Civil Leave Code.

The 11th May 1875.—Mr. George Abraham Greirson, Assistant Magistrate and Collector, Howrah, is allowed leave for fifteen days, to enable him to attend the High Proficiency Examination in Bengali, to be held in Calcutta in July next.

Baboo Juggut Chunder Shome, Sub-Deputy Collector, 24 Pergunnahs, is allowed leave for two months, under Section 21, Chapter VI of the Civil Leave Code.

Baboo Gopaul Chunder Banerjee is appointed to act as a Sub-Deputy Collector in the 24-Pergunnahs, during the absence, on leave, of Baboo Juggut Chunder Shome, or until further orders.

The orders of the 15th March last, appointing Mr. Robert Cornish to act as a Joint-Magistrate and Deputy Collector of the Second Grade in Nuddea, will have effect from the 6th April 1875.

Mr. Lucas Burnet Blacker King, Officiating Magistrate and Collector of Maldah, is appointed to act in the First Grade of Magistrates and Collectors.

Mr. John Foster Stevens reverted to his acting appointment as a Joint-Magistrate and Deputy Collector of the First Grade, with effect from the 1st instant, being the date following the day of his making over charge of the Pooree Magistracy.

The following officers are appointed to act in the First and Second Grades of Joint-Magistrates and Deputy Collectors respectively :—

In the First Grade.

Mr. James Pratt, M.A., Officiating Joint-Magistrate and Deputy Collector, Mymensingh, on leave.

Mr. Leonard Charles Abbott, Officiating Joint-Magistrate and Deputy Collector, Hajeeepore.

Mr. Francis William Badcock, Officiating Joint-Magistrate and Deputy Collector, on Settlement work, Bhagulpore.

In the Second Grade.

Mr. Henry Gillon, Assistant Magistrate and Collector, Jessore.

Mr. Romesh Chunder Dutt, Assistant Magistrate and Collector, Bongong.

Mr. Alfred Hinuber Haggard, Assistant Magistrate and Collector, Buxar.

The 12th May 1875.—The following notification is substituted for the one of the 26th April last, published in the *Calcutta Gazette* of the 28th idem :—

Baboo Gooroo Churn Doss, Deputy Magistrate and Deputy Collector, Moorshedabad, is allowed leave for six days, under Section 21, Chapter VI of the Civil Leave Code, with effect from the 6th instant.

The 13th May 1875.—Mr. J. Samuel Armstrong, Magistrate and Collector of Pooree, having resumed charge of his duties on the afternoon of the 30th April 1875, the unexpired portion of the leave granted to him under orders of the 16th March last is cancelled.

Baboo Rashbehary Bose, Deputy Magistrate and Deputy Collector, is vested with the powers of a Collector under Act X of 1870 for the purpose of acquiring land required for railway purposes at Howrah.

The 14th May 1875.—Baboo Denesh Prosad, Sub-Deputy Collector, Banka, is allowed leave for two months, under Section 21, Chapter VI of the Civil Leave Code.

The services of Captain C. O. W. Apperley are replaced at the disposal of the Government of India, Military Department, with effect from the 20th instant.

Moulvi Abdool Razak, Acting Sub-Deputy Collector, Barh, is allowed leave for one month, under Section 3, Supplement F of the Civil Leave Code.

Baboo Durga Mohun Ghose, Sub-Deputy Collector, Mymensingh, was on leave for sixteen days, from 1st to 16th March 1875, inclusive, under Section 13, Supplement F of the Civil Leave Code.

The 17th May 1875.—Mr. G. K. Webster, Acting Joint-Magistrate and Deputy Collector, 24-Pergunnahs, is vested with the powers of a Collector under Act X of 1870 for the purpose of acquiring lands in the district of the 24-Pergunnahs.

Mr. A. J. Elliott, c.s., reported his departure from India preparatory to retirement on the 10th May 1875.

Baboo Mohanund Gupto, Deputy Magistrate and Deputy Collector, Midnapore, is allowed leave for one month, under Section 21, Chapter VI of the Civil Leave Code.

The grain accounts of the Durbhanga district having been closed, the services of Mr. J. H. Eddulph, of the Accounts Department, are replaced at the disposal of the Government of India, Financial Department, with effect from the 15th May 1875.

The 18th May 1875.—Mr. H. J. H. Fasson, c.s., acted as Relief Officer of the Bindon Circle, in the Dinagepore district, from the 7th March to the 30th November 1874.

POLICE.—*The 6th May 1875.*—Mr. G. B. Havelock is appointed to act as an Assistant Superintendent of Police in the district of Nuddea.

The 18th May 1875.—Lieutenant-Colonel William Robert Gordon, District Superintendent of Police, is allowed subsidiary leave for a period not exceeding 30 days, to enable him to rejoin his appointment on his return from furlough.

EDUCATION.—*The 18th May 1875.*—Baboo Mohendro Nath Bhattacharjee is appointed to be a member of the District School Committee of Dinagepore.

MEDICAL.—*The 13th May 1875.*—The services of Assistant Surgeon Jodoo Nath Ghose, attached to the sub-division and Dispensary at Sathkira, are placed at the disposal of the Government of India in the Home Department.

Assistant Surgeon Nidhu Lall Holdar is appointed to the medical charge of the sub-division and charitable dispensary at Sathkira, in the 24-Pergunnahs district.

The following Assistant Surgeons are appointed to be Teachers to the Medical School about to be established at Dacca :—

Soorjee Narain Sing, to be Teacher of Materia Medica and Medical Jurisprudence.

Kassi Chunder Dutt, to be Teacher of Anatomy (including Physiology) and Surgery.

Preo Nath Bose, attached to the Dacca College, to be Teacher of Chemistry in addition to his own duties.

Assistant Surgeon Ram Chunder Gupta is appointed to have the medical charge of the sub-division and charitable dispensary at Behar.

The 14th May 1875.—Surgeon-Major Rajender Chundra, M.D., is allowed subsidiary leave for twenty days, in extension of the leave granted to him under orders of the 18th July 1874, to enable him to join his appointment on his return from furlough.

Assistant Surgeon Komul Kristo Raha, attached to the Dispensary at Doolye, in the Pubna district, is allowed leave without pay for three months, under Section 9, Supplement F. of the Civil Leave Code.

Assistant Surgeon Mahomed Wazeeruth Khan is appointed to have charge of the Doolye Dispensary as a temporary arrangement, during the absence, on leave, of Assistant Surgeon Komul Kristo Raha, or until further orders.

Baboo Gunga Nath Roy, Sub-Deputy Collector, is appointed to be a member of the Committee for the management of the Charitable Dispensary at Sasseeram.

The 18th May 1875.—Assistant Surgeon Ram Kali Goopta is appointed to have medical charge of the charitable dispensary at Patna, and to be Teacher of Materia Medica to the Temple Medical School, with retrospective effect from the 9th ultimo, in addition to his other duties.

Assistant Surgeon Mohomed Sudrool Huq is appointed to have medical charge of the charitable dispensary at Mymensingh.

Surgeon Gerald Bomford is appointed temporarily to do duty at the Presidency General Hospital.

ECONOMIC MUSEUM.—*The 18th May 1875.*—Baboo Nil Money Doss is appointed to be a member of the Tipperah Economic Museum Committee.

R. L. MANGLES.

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 18th May 1875.—It is hereby notified for general information that, with the sanction of the Government of India, the Lieutenant-Governor of Bengal has been pleased to direct that, from the 1st of June 1875, a new sub-division shall be opened in the district of Rungpore, comprising thanas Dimlah, Durwani, and Jaldhaka, with head-quarters at Bagdogra.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 14th May 1875.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to sanction the following rearrangement of the Moonsiffce jurisdictions in the district of Fureedpore, with effect from the 1st of July 1875 :—

Moonsiffces.	Thanas included in each Moonsiffce.	Sub-division.
1. Goalundo ...	Goalundo ... Belgachi ... Pangsa ...	Goalundo.
2. Fureedpore (Sudder)	Kotwali ... Bhoosna ...	
Bhanga ...	Awanpore ... Sudderpore ... Deorah ... Muxudpore ...	Fureedpore (Sudder)
4. Madaripore ...	Gopalgunge ... Kotalipara ... Madaripore (except Sibchur outpost).	Madaripore.
5. Moolfutgunge ...	Moolfutgunge ... Sibchur outpost ...	

2. The Muxudpore Moonsiffce is abolished, and its thanas—Muxudpore, Gopalgunge, and a part of Bhoosna—are attached to the Bhanga, Madaripore, and Sudder Moonsiffces respectively.

3. The Moolfutgunge Moonsiffce is constituted as an experimental measure.

4. By this re-arrangement there will be, as heretofore, five Moonsiffces, with six Moonsiffs, in the district of Fureedpore.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1875.—In modification of the notification dated the 21st May 1874, which was published in the *Calcutta Gazette* dated the 27th May 1874, the following revised rule for the port of Calcutta, having received the sanction of the Lieutenant-Governor of Bengal under clause (h), section 7, Act XII of 1875 (the Indian Ports' Act), is published for general information.

Rule 38.—With the exceptions hereinafter noted, no vessel of or exceeding 200 tons of burthen shall, without the special sanction of the Commissioners, move up or down the port through the ship opening of the Howrah Bridge, except such vessel is propelled or towed by steam against the tide, and then only at such a rate of speed, not exceeding 4 miles an hour over the ground, as is absolutely necessary to keep good steerage way.

Exceptions.—Tug and river-steamers, when not towing or propelling other vessels, may drop through the bridge opening under steam head to tide.

River flats may be dropped or warped at slack water through the ship opening or through the 60 feet openings.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 4th May 1875.—The Lieutenant-Governor of Bengal has been pleased to direct that all that portion of pergunnah Ghatseelah, of district Singbhoom, outlying in district Midnapore, bounded on the north by pergunnahs Jhatteebunnee and Mutkudpore, and on the east, south, and west by pergunnah Jambunnee, and comprising the villages named below, shall be transferred from the civil, criminal, and fiscal jurisdiction of Singbhoom to that of Midnapore, with effect from the 5th May 1875:—

Names of Villages.

1. Kanupore.	10. Tookda.	19. Parpahari.
2. Dandicka.	11. Khairbuni.	20. Sanahurapul
3. Panijiu.	12. Mangrajpore.	21. Nunia.
4. Simdi.	13. Bamida.	22. Dhunamari.
5. Kesarpore.	14. Banudda.	23. Beldangri.
6. Malkundi.	15. Chainpasaia.	24. Charchaka.
7. Kalidaspore.	16. Porihati.	25. Gidina.
8. Rangamatia.	17. Hainupore.	
9. Kadmasali.	18. Nachda.	

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 5th May 1875.—The two villages mentioned below are transferred from thana Pursa to thana Deegwara, in the district of Sarup, with effect from this date:—

Names of Villages.	Thakbust Number.	Pergunnah Name.
Seetulpoor-Chukhusun	... 556	Goa.
2. Bustec-Julal	... 553	Do.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1875.—In exercise of the power conferred by section 27 of the Court Fees' Act of 1870 (Act VII), the Lieutenant-Governor is pleased to modify the orders contained in the notification of the 1st July 1872, and to issue the following directions, to be observed throughout the territories of the Lieutenant Governorship of Bengal, for regulating the number of stamps to be used for denoting any fee chargeable under the above-mentioned Act:—

1. When the exact amount of any fee chargeable under the said Act can be denoted by a single stamp, such fee shall be denoted by a single stamp, unless the Collector of the district, or officer in charge of a Sudder or Sub-divisional Treasury, shall certify that such stamp is not in his stock: Provided that, when the fee chargeable does not exceed Rs. 75, the certificate above mentioned may also be given by a licensed vendor of Court Fees' stamps.

2. When the amount of the fee cannot be denoted by a single stamp, or when the Collector or other officer has certified as aforesaid, the next lower stamp shall be used, and the deficiency made up by one or more additional stamps of such value, that the fewest possible number of stamps will make up the necessary amount.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1875.—It is hereby notified, under section 161, Act VI of 1863, that from and after the 1st June 1875, no boat, which shall not have been duly licensed and registered, shall be allowed to ply as a cargo-boat for the landing and shipping of merchandise within the limits of the port of Pooree in the province of Orissa. It is also notified that, until further orders, no fee will be charged for such license and registration.

Application for license and registration should be made to the Collector of Customs,

H. J. REYNOLDS,

DECLARATION.

The 18th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the protection of the Railway Bridge and Embankment in the villages of Pantia and Bantia, pergunnah Koomputap, zillah Moorsshedabad, it is hereby declared that for the above purpose six pieces of land measuring, more or less, 10 beeghas 8 cottahs $4\frac{1}{2}$ chittacks of standard measurement, bounded as follows, are required within the aforesaid villages of Pantia and Bantia:—

In the Village of Bantia.

Plot No. 1.—Bounded on the north by the boundary line of village Jugdhary; on the south by the boundary line of village Pantia; on the west by the river Braminee; and on the east by the zemindary lands cultivated by Moriram Mundle, Troylucko Mundle, and Ram Ghose.

In the Village of Pantia.

Plot No. 2.—Bounded on the north and west by the river Braminee; on the north and east by the boundary line of village Bantia; on the west by the zemindary waste land; and on the south and east by the zemindary lands cultivated by Nilkunto Roy, Roghoo Nath Net, and Jogendro Narain Mullick.

In the Village of Pantia.—On the west side of the Railway.

Plot No. 3.—Bounded on the north by the village road; on the south by a bamboo bush and land belonging to Nilkunto Roy; on the east by the railway side-cutting land; and on the west by the land and house belonging to Ram Coomar Moochee.

Plot No. 4.—Bounded on the north by the land cultivated by Bungshee Net Chowkeedar; on the south by the land cultivated by Shiam Net; on the east by the railway side-cutting land; and on the west by the land cultivated by Jogendro Narain Mullick.

On the east side of the Railway.

Plot No. 5.—Bounded on the north by the land belonging to Kadar Nath Mitter; on the south by the land in the bed of the Pantia Nullah, cultivated by Jodoo Mundle and Kristo Net; on the east by the land cultivated by Ram Doyal Pandit; and on the west by the railway side-cutting land.

Plot No. 6.—Bounded on the north by the land in the bed of the Pantia Nullah, cultivated by Jodoo Mundle and Kristo Net; on the south and east by land belonging to Nilkunto Roy; and on the west by the railway side-cutting land.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 8th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for a Park's service land to be given as compensation for the loss of the service land acquired for the high level canal from Ootlooberah to Midnapore, in the village of Amalpandah, pergunnah Kharaji Mondleghat, zillah Howrah, it is hereby declared that for the above purpose two pieces of land, measuring, more or less, 7 beeghas 18 cottahs of standard measurement, are required within the aforesaid village of Amalpandah, pergunnah Kharaji Mondleghat.

One piece of land, containing 6 beeghas 13 cottahs, is bounded on the north by the land belonging to Government; south, by Raj Narayan Majhi's cultivated land, by Goopee Nath Thakur's debatter land, (cultivated by Siva Ram Majhi), and by Thakur Das Toong's cultivated land; east, by Lakhmi Narayan Majhi's debatter land and Bachu Mallick's cheragi land; and west, by Madhu Sudon Majhi's cultivated land.

Another piece of land, containing 1 beegha 5 cottahs, is bounded on the north by Government land; south, by Jaya Deb Majhi's cultivated land; east, by a bund used as a road; and west, by Sarup Mytie's cultivated land.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

The following Extraordinary, issued by the Government of India in the Financial Department, is republished for general information :—

NOTIFICATION.

ACCOUNTS.

No. 519.

Simla, the 13th May 1875.

HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR-GENERAL IN COUNCIL has resolved to borrow two crores and fifty lakhs of rupees for the public service in the manner following :—

2. Promissory Notes will be issued for the said amount, bearing interest at the rate of four per centum per annum. The form and conditions of these Notes will be those of the Notes of the Transfer Loan of 1st May 1865, of which loan they will form a part. No Note will be issued for less than five hundred rupees, or for any amount not being a multiple of one hundred rupees. The Notes will be payable to order, and interest thereon will be paid half-yearly, on the 1st May and 1st November in each year.

3. Notice is hereby given that tenders will be received by the Comptroller-General at Calcutta from this date to noon of Wednesday, the 16th June next, for the whole or part of the above-named sum of two crores and fifty lakhs of rupees.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller-General, Treasury Buildings, Calcutta, and enclosed in a sealed cover superscribed "Tender for Loan."

5. Tenders will be opened at the Office of the Comptroller-General in Calcutta at noon on Wednesday, the 16th June next.

6. The amounts of accepted tenders must be paid in five equal instalments, on the following dates—

- One-fifth on the 1st July 1875.
- One-fifth on the 2nd August 1875.
- One-fifth on the 1st September 1875.
- One-fifth on the 1st October 1875.
- One-fifth on the 1st November 1875.

Payment of any instalment except the first will be accepted before the due date, but not before the 1st July next. Interest upon the amount of each instalment paid before the 1st November next will be paid in advance, from the date when such instalment is received to the 31st October next.

7. Payment may be made to the account of the Government in one of the Presidency Banks of Bengal, Madras, or Bombay, or into any Government treasury or treasuries in India that may be named in the tenders.

8. Each tender must be accompanied by a receipt from one of the Presidency Banks of Bengal, Madras, or Bombay, or from an officer in charge of some Government treasury, or by a cheque on a banker in Calcutta, Madras, or Bombay, or by Government Promissory Notes duly endorsed to the Comptroller-General, for a sum of not less than one per centum on the amount for which tender is made. This deposit of one per centum will be considered as in part payment of the last instalment: it will be forfeited if the allotment is not fully taken up. A cash deposit may, after allotment, be exchanged for a Government Promissory Note.

9. Scrip receipts for instalments paid will be given by the Presidency Banks of Bengal, Madras, and Bombay, or by the officers in charge of the Government treasuries at which payment is made. These receipts will be exchanged for Promissory Notes as soon as possible.

10. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller-General, and declared before any tender is opened. The rate stated in a tender must not contain a fraction of an anna. If a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

11. Tenders at the declared minimum rate, and at rates above the declared minimum, will be accepted in the order of the rates tendered, beginning with the highest rates. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

12. The names of the persons whose tenders are accepted in whole or in part will be posted for general information at the Presidency Banks of Bengal, Madras, and Bombay.

By order of the Governor-General in Council,

R. B. CHAPMAN,
Secretary to the Govt. of India.

FORM OF TENDER.

I hereby tender for rupees _____ of the Loan advertised in the Notification published in the *Gazette of India* Extraordinary dated the 13th May 1875, and agree to pay for the same, subject to the conditions notified, at the rate of rupees _____ annas* for every hundred rupees allotted to me.

* Fraction of an anna not allowed.

I enclose a *deposit receipt*† for rupees _____, and engage, if my offer be accepted, to pay to the account of the Government at the Presidency Bank of‡

† Or cheque or Government Promissory Note.

‡ Here enter the name of Bank or treasury.

[or into the Government treasury at‡ as the case may be,] the first instalment on the 1st

July next, and the several later instalments on or before the dates fixed by the Notification, as follows:—

One-fifth on the 1st July 1875.
One-fifth on the 2nd August 1875.
One-fifth on the 1st September 1875.
One-fifth on the 1st October 1875.
One-fifth on the 1st November 1875.

Note.—A separate tender must be made at each rate tendered, and a separate deposit must accompany each tender. In order to avoid mistakes, it is desirable that the tender, or, at least, the name of the tenderer, and the amount and rate tendered, should be written in English.

The following order, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, is republished for general information:—

No. 237.—*Simla, the 7th May 1875.*—*Notifications.—Statistics.*—It is hereby notified for general information and guidance, that the spelling of the names of the more important places in Oudh has been fixed by the Chief Commissioner and approved by the Government of India, as shown in the list given below, and should be strictly adhered to in future:—

The following order, issued by the Government of India in the Marine Department, is republished for general information:—

No. 8.—Simla, the 4th May 1874.—Notification.—The following notice, received from the Acting Colonial Secretary at Hongkong, is published for general information:—

NOTICE.

HONGKONG.

Cape d'Aguilar Light.

Notice is hereby given that a light will be exhibited on *Cape d'Aguilar* on and after the 16th of April next.

The illuminating apparatus is fixed *Dioptric of the First Order*, showing a *white light* on the following bearings, which are *magnetic* and taken from *Southward*:—

- From S. $45^{\circ} \frac{1}{2}$ W. to N. $55^{\circ} \frac{1}{2}$ W. Between these bearings the light is obscured by the islets of the *Nine Pins*, and the islet just *South of Waglan*.
The light is then obscured by *Soan-kong Island*.
- From N. $21^{\circ} \frac{1}{2}$ W. to N. 42° W.
The light is then obscured by the *Lema Islands* and the *Islands to the southward of them*.
- From N. 33° E. to N. 69° E. Between these bearings the light is obscured to vessels to the *South-Westward of Ling Ting Island* and the *Islands of the Samouy Group*.
- The *Tathong Channel*, with the exception of a small portion obscured by *Shicko Head*.

The focal plane of the light is 200 feet above mean sea level, and in clear weather it should be seen at a distance of 23 nautical miles.

The tower is round, of stone, 30 feet high, with a total height from its base to the lantern vane of 57 feet.

The dwellings and boundary walls are painted white.

The Lighthouse is in latitude $22^{\circ} 12' 14''$ N. longitude $114^{\circ} 15' 44''$ E.

NOTIFICATION.

The 4th May 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-districts, having the head-quarters and local jurisdiction shown opposite their names. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the persons named below to be Sub-Registrars of the said sub-districts :—

DISTRICT.	Names of new sub-districts.	Head-Quarters.	Thannas included in jurisdiction.	Sub-Registrars appointed.
	{ Salkopa ... Kotchandapore	Salkopa ... Kotchandapore	Salkopa ... Kotchandapore	Munsif Hameduddin Mahammad, Bulson Kesub Lal Roy.

These changes will take effect on and from the 15th of May 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1875.—Under the powers vested in the Lieutenant-Governor by Section 2 of Act II (B.C.) of 1867 (an Act for the punishment of public gambling and the keeping of common gaming-houses), His Honor is pleased to authorize the extension of the provisions of Section II of the said Act, from the 1st June next, to the under-mentioned villages, in the sub-division of Bongong, in the district of Nuddea :—

Mohespore, including Jalipore and Hamidpore,—bounded on the north by river Bhoirub; south by the Hansadaha Guntali ferry fund road; east by the fields of villages Gourabaria and Govindpore; west by the fields of village Nasdagaram.

Gopalnagur, including Khamarkalna and Jaliapara,—on the north by Bura Sali Banor; on the east by Thakurjahir Pukur; on the south by the fields of villages Ramchundrapore and the Madla Banor; on the west by the fields of village Kausona.

Garapota, including Kundipore and Kamalpore,—on the west by Kundipore Banor; east by the fields of villages Sundarpore, Sengara, and Gainpore; north by the fields of village Dhulani; and on the south by the village Kantipara and the fields of village Chanda.

Bongong, including Bazar and Matiagunge,—on the east by the fields of Bongong; on the south by the fields of village Kalupore; on the west by the fields of villages Sundarpore and Chumpabaria; north by the fields of villages Joypore and Paikpara.

Chhagharia,—on the north by the Jessore road; on the east by river Labhanga; on the south by the fields of village Kaliani, and on the west by the fields of village Chhagharia.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 1st May 1875.—Under the provisions of Section 2 of Act V (B.C.) of 1873, the following plan for extending gas-lighting to certain portions of the town of Howrah is published for general information :—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the grand trunk road which lies between Ramkristopore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road, and Ghosery Road. The total length of these roads is 2½ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from their general fund during the current official year.

R. L. MANGLES,

Offg. Secy. to the Govt of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1875.—The Lieutenant-Governor is pleased to direct the elimination, from the scale of provisions for emigrants, as laid down in Schedule B appended to the Emigration Rules under Act VII (B.C.) of 1873, of the red pumpkin (koomra) hitherto supplied daily to each statute adult emigrant under conveyance to the labour districts in quantities of 1½ chittacks, and the substitution therefor of a similar quantity of potatoes, which article of food will accordingly be raised to a daily allowance of 3 chittacks to the entire exclusion of pumpkin, a vegetable that has repeatedly been objected to as unwholesome for coolies on the voyage.

DECLARATION.

The 3rd May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for burial grounds in the town of Chittagong, in villages Mooradpore and Butullee, pergunnah Islamabad, zillah Chittagong, it is hereby declared that for the above purpose the following two pieces of land are required within the aforesaid town of Chittagong :—

(1) A piece of land measuring, more or less, 9b 15c. 18d. of standard measurement, in village Mooradpore, bounded on the north by Hasun Ali and Yesir's homestead and Uzir Ali's shop; east by Raughur Road; south by Colonel's Hill and Buromusia Sura; west by Khiyrate Meah and Dabidin Mooktear's land and Buromusia Sura.

(2) A piece of land measuring, more or less, 8b. 14c. 10d. of standard measurement, in village Butullee, bounded on the north by the hills; east and west by nullahs; and south by homesteads of Korbani Khansama, Abdool Hamid, John Bux Jemadar, and Noorkhan.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,

Offg. Secy. to the Govt of Bengal.

[Second Publication.]

DECLARATION.

The 5th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for disposal of municipal refuse of the town of Chittagong, in villages Moradpore, Pahartulli, and Madarbari, pergunnah Islamabad, zillah Chittagong, it is hereby declared that for the above purpose the following three pieces of land are required within the aforesaid town of Chittagong :—

1. A piece of land measuring, more or less, 8 beeghas 13 cottahs 2 dhoors of standard measurement, in village Moradpore,—bounded on the north by Baromasia Surra; east, by burial-ground land; south, by Colonel Hill's and Nazir Ali's ryoti land; west, by Hamidulla Khan's old homestead.

2. A piece of land measuring, more or less, 10 beeghas 3 cottahs 2 dhoors of standard measurement, in village Pahartulli,—bounded on the east by Tagir Pass; north, by Buttali Hills; south and west, by Ramjan Ali and Arban Ali's talooki land.

3. A piece of land measuring, more or less, 6 beeghas 7 cottahs 12 dhoors of standard measurement in village Madar Bari, — bounded on the north by a tank belonging to Mahomed Rofee Sowdagur and khila land; east, by homestead of Moulvie Karee Muddin and Mirja Ali's ryoti lands; south, by homestead of Esuff Ali Sowdagur and a tank belonging to Kanti Ram; and west, by the Government road from Buttulli to Sudder Ghât.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

HIGH COURT,—Original Side.

The 17th May 1875.—It is ordered that the following rule be read and passed as a rule and order of the High Court of Judicature at Fort William in Bengal, to take effect from the first day of June 1875:—

When a case occupies more than one day, the plaintiff shall, every day after the first day, at the sitting of the Court, deliver, to the principal officer in attendance, a requisition to proceed with the case, with a court fee stamp affixed thereon of the value of rupees twenty [being the amount of the fee payable to the Court according to item 21 of the first of the schedules of court fees, which came into effect on the 9th of March 1874]. Such fee, if not paid by the plaintiff, may be paid by the defendant, or, if there be two or more defendants, by any one or more of them; but if not paid at all, the case may be struck out of the board, and treated as having been abandoned. If such fee be paid by the defendant, or any one or more of two or more defendants, the Court may make such order with respect thereto, on the final disposal of the suit, as to it shall seem fit.

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary.*

BOARD OF REVENUE, L. P., FORT WILLIAM, the 26th April 1875.

NOTICE.

No. 501B.

WITH reference to paragraph 18 of the general notification published on the 16th November 1874, it is hereby notified that the Agents of the French Government applied for the reservation of 300 chests of opium from the quantity advertised for sale on the 5th April, but did not pay for them within the prescribed period, and that the Government will cause the opium so reserved to be sold at a sale held expressly for the purpose, of the date of which due notice will be given hereafter.

By order of the Member in charge,

BOARD OF REVENUE, L. P., FORT WILLIAM, the 3rd May 1875. W. H. GRIMLEY, *Offg. Secy.*

NOTIFICATION.

BY ORDER OF GOVERNMENT.

WITH the object of facilitating the entry of steamers and other vessels at the Custom House, Calcutta, it is hereby notified to all whom it may concern that from and after the publication of this notice—

1. On announcement of the arrival of the vessel at Saugor, the documents necessary for entering a ship may be presented at the Custom House, so as to avoid delay after the ship is moored; and for the purpose of announcement of arrival at Saugor, the official Government Telegraph Gazette will be considered the requisite proof.

2. Agents of ships who present documents for the entry of ships under the permission given by the preceding section, will be considered as undertaking the responsibility of masters under Sections 47 and 49, Act VI of 1863, with regard to the manifest; all alterations made subsequent to the entry of the vessel being subject to the usual penalty.

3. The correctness of a manifest being of extreme importance, those whom it may concern are hereby informed that the penalties in case of want of accuracy or care in the preparation of a manifest will be strictly enforced.

Agents making an application under this notification, will be considered to have consented on behalf of the ship to the conditions above mentioned.

CUSTOM HOUSE, CALCUTTA, the 1st May 1875. J. D. MACLEAN, *Offg. Collr. of Customs.*

The Calcutta Gazette.

WEDNESDAY, MAY 19, 1875.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the Condition of Sale below, to the under-mentioned estate, situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 5th June 1875, corresponding with 23rd Jaisto 1282 B.S. and 16th Jaisto 1282 F.S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana.

The estate will be sold, subject, up to the expiry of the existing settlement in the year ending 31st March 1902 A.D., to the Government revenue against it, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th (fifteenth) day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the under-mentioned estates situate in the district of Backergunge, will be put up to sale at the Backergunge Collectorate, on Wednesday, the 1st of June 1875, corresponding with 19th Jaista 1282 B.S.

The purchasers will be subject to the following Conditions of Sale:—

1st.—The purchasers of these estates will be considered as the proprietors of these estates, and the entire proprietary right of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlements, and on the expiration of all future settlements. If on resettlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the year 1907 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force: and purchasers to be bound to respect the rights of resident cultivators, who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement, as in the case of original sale.

5th.—The purchasers will be bound to perform the duties of patwarries, as set forth in Section 33, Regulation XII of 1817.

E. J. BARTON, *Officiating Collector.*

NOTICE is hereby given that the proprietary rights of Government, as specified in the condition of sale below, in the undermentioned estates situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 24th July 1875, corresponding with 9th Srabon 1282 B. S. and 6th Srabon 1282 F. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary rights of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jummah at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on re-settlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the expiry of the existing settlement with year ending 31st March 1902 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings, and by the laws in force: the purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

NOTICE is hereby given that under the sanction of the Judge of Shahabad, the rights and interests in the 4 annas share of the lunatic ward Baboo Kisho Pershad Singh, of Goondu, pergunnah Arrah, zillah Shahabad, in the undermentioned villages, will, subject to the conditions specified at foot, be sold by a public auction in the Shahabad Collectorate, on Monday, the 7th June 1875, corresponding with the 18th Jaith 1252 Fush, in satisfaction of debts due to Kapilmoon Singh and others.

2. The purchasers will be subject to the following conditions:—

(1) The purchasers of these villages will be considered as the proprietors thereof, and the entire proprietary right of the aforementioned lunatic ward in such villages will be transferred to them, subject only to payment of Government revenue. The villages will be sold (subject to Government revenue due from them to the date of sale) to the highest bidders above the upset price.

(2) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(3) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited), and the villages to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

تحریری تاریخ ۲۶ اپریل سنہ ۱۸۷۵ ع

G. E. PORTER, *Offg. Collector.*

NOTICE is hereby given, under Section 6, Act XI of 1859, that the undermentioned estates in the district of Tipperah will be put up to public and unreserved sale at the Collector's office of that district, on the 15th day of June 1875, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue due on the 28th day of March 1875.

Permanently-settled Estate, to be sold for arrears of revenue.

No. 310.—Hali anna hissa of mouzah Chapirala, in the 10as, 13gds, 1c, 1kt. hissa of pergunnah Baradakhlat; Government revenue Rs. 1,693-12-0; road cess Rs. 17: is to be sold for arrears of revenue amounting to Rs. 16-6-0. The recorded proprietor of the half anna share is Bhuban Mohan Rakhit, and the jumma of it is Rs. 52-14-11, and road cess Rs. 0-8-6.

The entire estate is under partition, and the allotment of the above half anna share is being made, and it is therefore now advertised for sale.

TIPPERAH COLLECTORATE, the 20th April 1875.

N. S. ALEXANDER,
Collector.

NOTICE is hereby given, under Section VI, Act XI of 1859, that the under-mentioned estates in the district of Shahabad will be put up to public and unreserved sale at the Collector's office of that district, on the 7th day of June 1875, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue, due on the 29th day of March 1875.

Class I.—Permanently-settled Estates.

No. 388.—Mehal Chanchur, pergunnah Behia; sudder jumma of the entire estate Rs. 571-3-2; recorded proprietor Ajudhea Doobey and others. The share of Ajudhea Doobey, applicant, alone will be sold for arrears of revenue amounting to Rs. 67, with the exception of shares of non-applicants, with whom separate accounts have been opened under Section 10 Act XI of 1859.

Class II.—Temporarily-settled Estates.

No. 723.—Mehal Bnanpore, pergunnah Chousah; sudder jumma of the entire estate Rs. 2,896; recorded proprietor Lala Thakoor Pershad, Behari Tewari, and others. The entire estate will be sold for arrears of revenue amounting to Rs. 66-1-8.

No. 810.—Mehal Choondi, pergunnah Chousah; sudder jumma Rs. 1,565; recorded proprietors Maharaj Coomarr Singh, Mussamut Peari, and others. The entire estate will be sold for arrears of revenue amounting to Rs. 3,319-6-0.

No. 854.—Mehal Rutunpore, Ramdhumpore, Chukia Kurailah, pergunnah Chousa; sudder jumma Rs. 583; recorded proprietors Mahadeo Pershad and Rampershad. The entire estate will be sold for arrears of revenue amounting to Rs. 9-12-0.

Class I.—Permanently-settled Estates.

No. 1182.—Mehal Bhurari, pergunnah Chynpore; sudder jumma Rs. 1,500; recorded proprietor Mussamut Duleep Kooner. The entire estate will be sold for arrears of revenue amounting to Rs. 658.

No. 1738.—Mehal Hata, pergunnah Chynpore; sudder jumma of the entire estate Rs. 2,240-6-6; recorded proprietors Seegoolam Sing, Oodwunt Sing, and others. The share of Oodwunt Sing, applicant, alone will be sold for arrears of revenue, amounting to Rs. 7-14-0, excepting the shares of other proprietors, with whom separate account has been opened under Section 10, Act XI of 1859.

No. 2513.—Mehal Sohgee, pergunnah Sasseram; sudder jumma Rs. 677-5-4; recorded proprietors Dewan Ramjeawun Sing and Baboo Ramkoomar Sing. The entire estate will be sold for arrears of revenue amounting to Rs. 230-4-7.

Class II.—Temporarily-settled Estate.

No. 3679.—Mehal Surenja, pergunnah Chousa; sudder jumma Rs. 856-4-0; recorded proprietors Madho Roy, Isur Roy, and others. The entire estate will be sold for arrears of revenue amounting to Rs. 1,387-8-9.

SHAHABAD COLLECTORATE, the 19th April 1875.

PUBNA COLLECTORATE, the 17th April 1875.

F. REES, *Offg. Collector*.

NOTICE is hereby given, under Section 6, Act XI of 1859, that the undermentioned estates in the district of Nuddea will be put up to public and unreserved sale at the Collector's office of that district, on the 17th day of June 1875, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue, due on the 29th day of March 1875.

Class I.—Permanently-settled Estates.

No. 17.—Dehi Alpha, pergunnah Bagwan; recorded proprietors Shantiram Rai and others; sudder jumma of the entire estate, Rs. 8,670-5-3, and police, Rs. 96-3-7. The share of Shantiram Rai and others in the estate, bearing sudder jumma Rs. 4,046-2-2½, and police, Rs. 44-11-8, will be sold for recovery of Rs. 237-15-11, on account of arrears of Government revenue. The shares of Rama Soondery Burmania and others, the total sudder jumma of which is Rs. 4,624-3-0½, and police, Rs. 51-4-11, will be exempted from sale, as separate accounts have been opened, and a portion of the Government revenue due from them has been paid.

No. 117.—Dehi Chandi, pergunnah Fajour; recorded proprietors Mr. John Cockrane, Official Assignee, and others; sudder jumma of the entire estate, Rs. 10,246-2-8, and police, Rs. 129-2-4. The share of Mr. John Cockrane and others in the estate, bearing a sudder jumma of Rs. 4,422-6-10, and police, Rs. 55-12-2, will be sold for recovery of arrears, Rs. 239-15-10, on account of Government revenue. The share of the other proprietors, Soorendronath Paul Chowdhuri and others, the total sudder jumma of which is Rs. 5,823-11-10, and police, Rs. 73-6-2, will be exempted from sale, as they have opened a separate account, and the Government revenue due from them has been paid.

No. 399.—Pergunnah Ukra, pergunnah Ukra; recorded proprietors Brindaban Chandra Sirkar Chowdhuri and others; sudder jumma of the entire estate, Rs. 61,546-4-2, and police, Rs. 326-4-8. The share of Brindaban Chandra and Sish Chandra Sirkar Chowdhuri in the estate, bearing sudder jumma Rs. 7,697-10-4, and police, Rs. 40-12-7, on account of which separate account has been opened in No. 399-3, will be sold for recovery of Rs. 1,010-5-3, on account of arrears of Government revenue.

No. 423.—Dehi Peerpore, pergunnah Moonsibpore; recorded proprietors Moonshi Fuzzulall Korim and others; sudder jumma of the entire estate, Rs. 4,463-9-5, and police, Rs. 48-13-1. The share of Moonshi Fuzzulall Korim and others, bearing sudder jumma Rs. 3,032-9-5½, and police, Rs. 33-4-11½, will be sold for recovery of Rs. 128-4-3, due on account of Government revenue. The share of other proprietors, Doya Mohi Debia and others, sudder jumma Rs. 1,430-15-11½, and police, Rs. 15-11-13, will be exempted from sale, as they have separate accounts, and have paid the Government revenue due.

No. 433.—Kismut Rai Balli, pergunnah Bagwan; recorded proprietors Khudiram Rai and others; sudder jumma, Rs. 747-11-9, and police, Rs. 17-1-1. The share of Khudiram Rai and others, bearing sudder jumma Rs. 75-10-7½, and police, annas 15-5¼, will be sold for recovery of Rs. 14-11-3½, on account of Government revenue. The share of other proprietors, Dwarkanath Biswas and others, bearing sudder jumma Rs. 672-1-1½, and police, Rs. 16-1-7½, will be exempted from sale, as they have separate accounts, and have paid the Government revenue.

No. 438.—Taraf Ranaghat, taraf Ranaghat; recorded proprietors Issur Chandra Pal Chowdhuri and others; sudder jumma of the entire estate Rs. 1,359-14-3, and police, Rs. 15-10-3. The share of Issur Chandra Pal Chowdhuri and others in the estate, bearing a sudder jumma of Rs. 364-14-10, and police, Rs. 3-15-1, will be sold for recovery of Rs. 43-2-10, on account of arrears of Government revenue. The share of the other proprietors, Radhamoya Dey Chowdhuri and others, the sudder jumma of which is Rs. 994-15-5, and police, Rs. 11-11-2, will be exempted from sale, as they have opened separate accounts, and have paid the Government revenue.

No. 491.—Debi Shadipore, pergunnah Rajpore; recorded proprietors Madhub Gati Mitra Moostafi and others; sudder jumma of the entire estate, Rs. 18,263-14-9. The share belonging to Shibnarain Chetlangee (sole purchaser), bearing sudder jumma Rs. 168-2-0¼, will be sold for recovery of arrears, Rs. 89, on account of Government revenue. The share of other proprietors, Bhubanjaya Acharji and others, the total sudder jumma of which is Rs. 18,095-12-8¾, will be exempted from sale, as they have opened a separate account.

C. C. STEVENS, *Collector.*

Tanner, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. Price Rs. 24; packing and postage, Re. 1-12.

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 10th March 1875, and having been assented to by His Excellency the Governor-General on the 24th April 1875, is hereby promulgated for general information:—

Act No. III of 1875.

An Act to amend Bengal Act No. VI of 1861.

WHEREAS it is expedient to amend Bengal Act No. VI of 1861 *to provide for the periodical inspection of Steam-Boilers and Prime-movers attached thereto in the Town and Suburbs of Calcutta*; It is enacted as follows:—

1. The Lieutenant-Governor of Bengal, or any person authorized by him in that behalf, may revoke or suspend any certificate already granted, or to be granted under the said Act, on the ground that the Boiler or Prime-

mover in respect of which it has been granted is not in charge of a person competent to have charge of the same.

If the owner of such Boiler or Prime-mover or the person so in charge as aforesaid, be dissatisfied with such revocation or suspension, he may apply to some person (not being the person who revoked or suspended the certificate) by general or special order duly authorized by the Lieutenant-Governor of Bengal in that behalf, who may, if he is so satisfied, grant a writing under his signature to the effect that the person so in charge as aforesaid is a person competent to have charge of a Boiler or Prime-mover, and the Lieutenant-Governor of Bengal, or person who has revoked or suspended the certificate, shall accordingly grant a new certificate as far as possible in the form in the Schedule to the said Act annexed, or shall allow the former certificate to continue in force.

No additional fee shall be paid for a new certificate granted under this section.

2 This Act shall be construed as one with the said Bengal Act No. VI of 1861.

C. C. MACRAE,

Offg. Asst. Secy. to the Govt. of Bengal,

NOTIFICATION.

The 22nd May 1876.—The following general instructions are notified for the guidance of the authorities who correspond directly with Government during the time His Honor the Lieutenant-Governor is at Darjeeling

As a general rule, all communications are to be sent as usual to the Secretary's Office in Calcutta; communications which are urgent, and which can be made complete in themselves, so as not to require reference to papers in the Office, may be sent direct to the Secretary with the Lieutenant-Governor at Darjeeling.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 18th May 1875—It is hereby notified for general information that, with the sanction of the Government of India, the Lieutenant-Governor of Bengal has been pleased to direct that, from the 1st of June 1875, a new sub-division shall be opened in the district of Rungpore, comprising thanas Dimlah, Durwani, and Jaldhaka, with head-quarters at Bagdogra.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 14th May 1875.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to sanction the following rearrangement of the Moonsiffes jurisdictions in the district of Fureedpore, with effect from the 1st of July 1875 :—

Moonsiffes.	Thanas included in each Moonsiffes.	Sub-division.
1. Goalundo ...	Goalundo Belgáchi Pangsa	Goalundo.
2. Fureedpore (Sudder) ...	Kotwali Bhoosna	Fureedpore (Sudder).
3. Bhanga	Awanpore Sudderpore Deorah Muxudpore	
4. Madaripore ...	Gopalgunge Kotalipara Madaripore (except Sibchur outpost).	
5. Moolfutgunge ...	Moolfutgunge Sibchur outpost	Madaripore.

2. The Muxudpore Moonsiffes is abolished, and its thanas—Muxudpore, Gopalgunge, and a part of Bhoosna—are attached to the Bhanga, Madaripore, and Sudder Moonsiffes respectively.

3. The Moolfutgunge Moonsiffes is constituted as an experimental measure.

4. By this re-arrangement there will be, as heretofore, five Moonsiffes, with six Moonsiffs, in the district of Fureedpore.

H. J. REYNOLDS.
Offg. Secy. to the Govt. of Bengal.

OPIUM NOTIFICATION.

No. 469B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1875-74, will be held at the Government Opium Sale-Room, No. 2, Bankshall Street, on Friday, the 4th June 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

		Chests.
Behar Opium	...	2,150
Benares „	...	1,600
Total		3,750

2. The general conditions of the sale now advertised will be the same as usual; they may be ascertained by reference to the Notification issued on the 16th November 1874, and published in the *Government and Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 9th and 19th June 1875 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Wednesday, the 9th June 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Saturday, the 19th June 1875.

4. In addition to the quantity above advertized for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The Calcutta Gazette.

WEDNESDAY, MAY 26, 1875.

PART II.

Advertisements.

(N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.)

NOTICE is hereby given that the proprietary right of Government, as specified in the Condition of Sale below, to the under-mentioned estate, situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 5th June 1875, corresponding with 23rd Jaisto 1282 B.S. and 16th Jaisto 1282 F.S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana.

The estate will be sold, subject, up to the expiry of the existing settlement in the year ending 31st March 1902 A.D., to the Government revenue against it, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th (fifteenth) day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

E. W. WHINFIELD, Collector.

NOTICE is hereby given that under the sanction of the Judge of Shahabad, the rights and interests in the 4 annas share of the lunatic ward Baboo Kisho Pershad Singh, of Goondu, pergunnah Arrah, zillah Shahabad, in the undermentioned villages, will, subject to the conditions specified at foot, be sold by a public auction in the Shahabad Collectorate, on Monday, the 7th June 1875, corresponding with the 18th Jaith 1282 Fushl, in satisfaction of debts due to Kapilmoon Singh and others.

2. The purchasers will be subject to the following conditions:—

(1) The purchasers of these villages will be considered as the proprietors thereof, and the entire proprietary right of the aforementioned lunatic ward in such villages will be transferred to them, subject only to payment of Government revenue. The villages will be sold (subject to Government revenue due from them to the date of sale) to the highest bidders above the upset price.

(2) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(3) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited), and the villages to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Number.	Names of villages to be sold.	REMARKS.
1	Agursund, pergunnah Arrah	The villages appertain to the estate Khar-pore, which bears No. 184 on the rent-roll of the district. The Government revenue of the lunatic ward's share in the estate, for which share separate accounts have been opened under Act XI of 1869, is Rs. 751-3-10.
2	Bahera, ditto ditto.

PUBNA COLLECTORATE, the 17th May 1875.

F. REES, *Offg. Collector.*

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Furruckpore, will be put up to sale at the Furruckpore Collectorate on Saturday, the 26th June 1875, corresponding with 12th Ashar 1282 B. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of these estates will be considered as the proprietor of the estates, and the entire proprietary right of Government in such estates will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana. The estates will be sold subject, up to the expiry of the existing settlement in the year 1297 A.D., to the Government revenue against them, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Number of Government statement.	Number in the district.	Name of estates and pergunnahs.	Approximate area in acres.	GOVERNMENT REVENUE. Revenue assessed.	Upset price.	REMARKS.

Tanner, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Rs. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. *Price Rs. 24; packing and postage, Re. 1-12.*

••• The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

Notice.

CALCUTTA MUNICIPALITY.

NOTICE is hereby given that the valuation and measurement of the portion of the town noted in the margin have been completed, and that the books containing the said valuations and the rates assessed can be inspected on any day (Sundays and holidays excepted) at the office of the Justices between the hours of 11 A.M. and 4 P.M. free of charge.

North—by Simtollah Ghat Street and Nuntollah Ghat.
South—by Cotton Street and Meer-bohm Ghat.
East—by Chitpore Road.
West—by River Hooghly.

It is further notified that the Justices will, on the 17th June 1875, at noon, hear any appeals against the said valuations, measurements, and assessments, and any person desirous of appealing against the said valuations, measurements, and assessments, must do so by a written application, which must be left at the office of the Justices three clear days before the date fixed for hearing of said appeals. No appeals will be heard unless the amount of the rate has been deposited with the Justices, and unless such appeals be preferred by the person who, at the time the appeal is made, shall be recorded in the assessment register as the owner or occupier of the premises to which such appeal refers.

The Calcutta Gazette.

WEDNESDAY, MAY 26, 1875.

PART IV. Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[First Publication.]

The following report of the Select Committee on the Bill to provide for the survey and demarcation of land, with the amended Bill, is, by order of the President, published for general information:—

We, the Select Committee appointed to consider the Bill to provide for the survey of land and for the establishment and maintenance of boundary marks, have the honor to submit the following preliminary report:—

From Honorary Secretary, British Indian Association, dated 19th April 1875.

From Officiating Secretary to the Board of Revenue, Lower Provinces, dated 5th February 1875.

From Superintendent of Revenue Survey, Upper Circle, dated 14th April 1875.

From Settlement Officer, Midnapore, dated 19th April 1875.

Demi-official letter from Officiating Senior Superintendent of Survey, Midnapore, dated 21st March 1875.

From Commissioner of Bardhaman, dated 22nd April 1875.

From Collector of Midnapore, dated 25th April 1875.

From Officiating Collector of Hooghly, dated 6th May 1875.

From Officiating Senior Superintendent of Survey, dated 30th April 1875.

We have considered the papers noted in the margin which were laid before us.

We have struck out the definitions of the words "Lieutenant-Governor" and "Board" as unnecessary (Section 1).

We have defined the word "Survey" (Section 1).

We have made considerable changes in the form of the Bill.

We have recognized the appointment of a Superintendent and Assistant Superintendents of Survey (Section 4).

We have provided that, when the parties do not accept the Collector's offer of compensation for damage done to crops, fences, and trees, by entry upon lands for the purposes of the Act they may recover compensation in the Civil Court (Section 7).

In Part III we have provided that the Collector shall in all cases cause boundary marks to be put up by his own *chupras*, instead of requiring occupants to put them up.

We have simplified the procedure of Part IV for the apportionment of expenses on estates and tenures.

In Part V we have clearly defined the powers of the Collector in respect to determining disputed boundaries which have never been authoritatively laid down, and also in respect to relating boundaries which have been demarcated and mapped on previous occasions by Revenue Officers or other competent authority. We have omitted the reference to the powers exercised under Regulation VII of 1822.

We have provided for the imposition and levy of a daily fine in the case of persons delaying the proceedings by failing to comply with requisitions made under the Act (Section 37).

We have clearly defined the powers of control and the appellate jurisdiction of the different Revenue Officers (Sections 42 and 43).

We have provided that no suit shall be brought to set aside any order of a Collector in a boundary dispute, unless an appeal has been presented against the order to the Commissioner (Section 45).

We have omitted the proviso of Section 32 of the Bill as first published, to the effect that suits to set aside the orders of Commissioners and Collectors must be instituted within six months of the date of the orders. The effect of this omission is to allow twelve months as the period within which such suits must be instituted, as they will now come under the Indian Limitation Act, being suits to set aside "any act of an officer of Government in his official capacity, not herein otherwise expressly provided for," as defined in Schedule II (16) of that Act.

We have made other alterations in form and words.

The 18th May 1875.

AMENDED BILL.

A Bill to provide for the Survey and Demarcation of land.

WHEREAS it is expedient, with a view to the definition and identification of lands, the better security of landed property, and the prevention of encroachments and disputes, to provide for the survey of lands and for the establishment and maintenance of marks to distinguish the boundaries thereof; It is hereby enacted as follows:—

PART I.

PRELIMINARY.

1. This Act shall come into force at once.

Commencement.

2. In this Act—unless there be something repugnant in the subject or context—

Interpretation clauses.

“Collector” includes every Collector of a district, and every officer either generally or specially vested with the powers of a Collector for the purposes of this Act.

“Deputy Collector” includes any Deputy Collector to whom the Collector or Superintendent of Survey may delegate any of his functions under this Act.

Estate” includes—

any land which is entered on the revenue-roll as separately assessed with the public revenue;

any land acquired from the Government under one title, which is liable to pay land revenue at any future time;

any land which is entered on the Collector's Registers as a separate holding, free in perpetuity from liability to pay land revenue.

“Mouzah” includes every village, hamlet, tolah, and similar sub-division of an estate by whatever name such sub-division may be known.

“Occupant” includes every zemindar, tenure-holder, farmer, and other person entitled to receive rents in respect of land, and every ryot in occupation of land.

“Section” means a section of this Act.

“Survey” includes identification of boundaries and all other operations antecedent to, and connected with, survey.

“Tenure” includes all permanent interests in land, with the exception of estates as above defined, and with the exception of those of ryots having a right of occupancy only.

“Tenure-holder” means all or any of the holders of a tenure.

“Zemindar” means all or any of the holders of an estate.

PART II.

OF THE SURVEY.

3. The Lieutenant-Governor may, whenever

Lieutenant-Governor may order survey.

he shall deem fit, order that a survey shall be made of the lands situated in any

district, or in any part of a district, or in any specified tract of country; and that the boundaries of estates, tenures, mouzahs, or fields be demarcated on the lands so to be surveyed:

Provided that in any district, of which a survey may have been completed and approved by the

Government, it shall not be lawful for the Lieutenant-Governor to order a new survey of lands on the banks of rivers or on the sea-shore to be made for the purposes described in Act IX of 1847 (*an Act regarding the assessment of land gained from the sea or from rivers by alluvion or dereliction within the Provinces of Bengal, Behar, and Orissa*), until ten years shall have expired from the completion and approval of any such survey.

4. For the purpose of carrying out any survey directed to be made under the last preceding section, and all other purposes of this Act,

Lieutenant-Governor may appoint Superintendent of Survey.

the Lieutenant-Governor may appoint a Superintendent of Survey, who may exercise all or any of the powers of a Collector under this Act; and may appoint one or more Assistant Superintendents and Deputy Collectors, who shall exercise all the powers of a Collector in respect to such matters under this Act as may be delegated to such Assistant Superintendents or Deputy Collectors respectively by the Collector or Superintendent of Survey, and not otherwise:

Provided that, notwithstanding the appointment of a Superintendent of Survey for any tract of country, it shall be competent to the Board of Revenue to direct that the Collector shall perform any duties under the Act within the said tract.

5. In pursuance of any direction made under section three, the Collector and any persons acting under his authority, may enter upon such lands, and do all things necessary for effecting the survey and demarcation of the boundaries thereof.

Collector may enter upon land.

6. Before entering on such lands, the Collector shall cause to be published a proclamation addressed to the occupants of the lands which are about to be surveyed, and of the contiguous lands, and to all persons employed on, or connected with the management of, or otherwise interested in, such lands, calling upon them to attend, either personally or by agent, at such places and at such times as shall be stated in such notice during the demarcation and survey of the land for the purpose of pointing out the boundaries and of rendering such aid as may be necessary in setting up or repairing such boundary marks as may be required, and of affording such assistance and information as may be required for the purposes of this Act.

Such proclamation shall be published by posting a copy thereof at

the Court of the Judge and at the office of the Collector of every district within which any portion of the lands about to be surveyed may be situated; at

every sub-divisional office, police station, moon-siff's court, and sub-registrar's office within the jurisdiction of which any portion of the land about to be surveyed may be situated; at

one or more mál cutcherries on each estate; and at

such other place or places as to the Collector may seem fit.

The Collector may also, by a special notice, require any such person to attend at any places,

and at such times as shall be stated in such notice, for any of the purposes aforesaid.

7. The Collector may, by a special notice, require any occupant of land to clear any boundary or other line which it may be necessary to clear for the purposes of the survey, by cutting down and removing any trees, jungle, fences, or standing crops.

The Collector shall ascertain the nature and estimated value of such trees, jungle, fences, or standing crops, and shall offer adequate compensation to the owners thereof. If such offer be not accepted, such value may be recovered by civil suit.

PART III.

OF BOUNDARY MARKS.

8. The Collector may cause to be erected temporary boundary marks of such materials, and in such numbers and manner as he may direct, on any lands to be surveyed under this Act;

and may require any occupant of land to maintain and keep in repair such marks, or any boundary marks,

until any survey operations shall be concluded, and a final award given as to any disputed boundary, or

until permanent boundary marks may be erected in lieu thereof as hereinafter provided.

9. The Collector may at any time cause to be erected, on any land which is to be or which has been surveyed under this Act, permanent boundary marks of such materials, and in such number and manner, as he may determine to be sufficient to distinguish the limits of the estates, tenures, mouzahs, or fields for which the same are to be erected.

Every zemindar is bound to maintain and keep in repair such of the permanent boundary marks lawfully erected on his estate, or on the boundary between his estate and that of any other zemindar, as may be assigned to him by the Collector under the provisions of section nineteen, and to restore such marks if removed or destroyed; and in default the Collector may at any time require him to do so.

10. If any occupant or zemindar fails to maintain, keep in repair, or restore any boundary mark when required to do so under sections eight and nine, the Collector may maintain, keep in repair, or restore any such boundary mark, and the expenses thereby incurred shall be recovered as provided in section forty-one from the person failing to maintain, keep in repair, or restore any such boundary mark after being required to do so.

11. All expenses incurred by the Collector in erecting temporary or permanent boundary marks under this Act shall be apportioned among and levied from the zemindars of the estates and the holders of the tenures in respect of which such marks are erected, in manner hereinafter provided.

PART IV.

OF THE APPORTIONMENT AND RECOVERY OF EXPENSES.

12. Upon the completion of the erection of boundary marks on any tract of land of which the survey may have been ordered, or any convenient portion thereof, the Collector shall forthwith prepare a statement of all expenses incurred in respect of such boundary marks.

13. Such statement shall show the total number of marks of each description which have been erected on such tract, or portion of such tract, the aggregate cost of erecting all the marks of each description, the names of the estates and mouzahs within, or on the boundaries of which any marks have been erected, and the total number of marks of each description erected within or on the boundary of each estate.

14. Upon the completion of such statement, the Collector shall provisionally apportion the aggregate cost of erecting the marks among the estates specified, with reference to the number of boundary marks of each description which have been erected within or on the boundary of each estate.

15. So soon as the provisional apportionment shall have been made as required by the last preceding section, the Collector shall cause a notice to be served on the zemindar of every estate on which the expenses have been apportioned,

- (a) specifying the sum which has been apportioned as payable by his estate;
- (b) informing him that the said statement is open to inspection in the office of the Collector;
- (c) calling on him to appear in person, or by agent properly authorized, at the office of the Collector on a date to be specified in the notice (not being less than two months after the issue of the notice), on which date the Collector will proceed to consider any objections which may be made to the provisional apportionment of expenses, and to add to the share of the expenses apportioned in respect of the erection of boundary marks a proportionate share of the expenses incurred in the service of notices under this section;
- (d) warning him that if he does not appear on the date fixed in pursuance of the notice he will be deemed to have waived all objections to the share of the expenses apportioned to his estate;
- (e) informing him that under this Act he is entitled to recover a portion of the amount which shall be finally apportioned on his estate under section sixteen, from the tenure-holders on his estate; and that in order to enable the Collector to apportion the said amount among the tenure-holders, he may give in a list of all tenures as defined in this Act, held directly from him (including all lands held without payment of rent

which may under section twenty-two be deemed to be tenures forming part of his estate) of which any portion is situate within fifteen hundred feet of any boundary mark erected under this Act, with a specification of the number of boundary marks of each description which are erected within or on the boundary of each tenure; and

(f) warning him that if he fails to give in a list of tenures as aforesaid on or before the said date, he will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be held liable under section sixteen of this Act.

16. On the date fixed in such notice, the Collector shall proceed to consider all objections which may be made to the apportionment, and to make such final apportionment of the expenses as shall seem to him fit; in making such final apportionment, the costs of serving all notices under section fifteen shall be distributed rateably among the estates concerned, in proportion to the share of the expenses of erecting boundary marks which may be apportioned to each estate; and the amount so finally apportioned to each estate, together with the costs of serving notices rateably distributed as aforesaid, shall be due to the Collector from the zemindars of such estates.

17. Notwithstanding anything contained in the last preceding section, the Collector may postpone the making of the final apportionment if it shall appear to him that a notice under section fifteen has not been served on the zemindar of any estate which should be made liable for a portion of the expenses, or for any other sufficient reason.

18. Any zemindar failing to appear on the date fixed in the notice served on him under section fifteen, will be deemed to have waived all objections to the payment of the amount apportioned to his estate, and will not be entitled to advance any objections thereto on any subsequent date; and any zemindar failing to give in a list of tenures when called upon under section fifteen to give in such list, on or before such date will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be made liable under section sixteen.

19. So soon as the expenses shall have been finally apportioned under section sixteen among the estates concerned as hereinbefore provided, the Collector shall issue a notice in respect of every estate, specifying the amount finally apportioned to the estate, and requiring the zemindar to pay such amount to the Collector, together with the costs of serving such notice, within one month of the issue of the notice. If such amount be not paid to the Collector within such period, the same, with interest, may be levied as provided in section forty-one.

The notice issued under this section shall further specify the boundary marks which are

assigned to the zemindar for maintenance and repair as required by section nine.

20. If the zemindar of any estate shall give in a list of tenures, as referred to in section fifteen, with an application to the Collector to apportion between his estate and the tenures the amount for which his estate has been made liable as aforesaid, the Collector shall proceed to make a provisional apportionment of the amount between the zemindar and the tenure-holders, to serve notices on the said tenure-holders in the manner provided in section fifteen, and to make a final apportionment among the said zemindar and tenure-holders as provided in sections sixteen and seventeen; and the provisions of section eighteen shall be applicable to such tenure-holders.

21. In so apportioning the amount among the zemindar and the tenure-holders, the Collector shall first deduct such sum as he shall consider to be fairly payable by the zemindar in respect of lands not included in any tenure, and in respect of his interest in lands which are included in tenures; and in apportioning the remainder among the tenures, he shall take into consideration the numbers of pillars erected within or on the boundary of each tenure, the extent of each tenure, and the distance at which it is situated from the boundary marks; but no tenure shall be made liable for any portion of the sum so apportioned, unless some part of it be situated within fifteen hundred feet from some boundary mark.

22. All lands held without payment of rent, not being entered on the Collector's registers as a separate holding free in perpetuity from liability to pay land revenue and not forming part of such separate holding, shall, for the purposes of this Act, be deemed to be tenures forming part of the estates within the local boundaries of which they are included; and if they are not included within the local boundaries of any estate, then to be tenures forming part of such conterminous estate as the Collector, in whose district such conterminous estate is situated, shall by an order under his seal and signature declare.

23. So soon as the final apportionment among tenure-holders under section twenty shall be completed, the Collector shall cause to be issued a notice to the said tenure-holders, stating the amount due in respect of each of their tenures, with interest (if any) calculated at the annual rate of six per centum from the date on which the zemindar paid to the Collector the sum which was apportioned on his estate under section sixteen, and that the same is payable to the zemindar of the estate of which the tenure is a part, within one month of the date of the notice.

Every such sum shall be payable to the zemindar by the tenure-holders named in such notice respectively.

24. The provisions of sections fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, and twenty-three shall be

applicable, as far as possible, to every case in which any tenure-holder, who has been made liable for the payment of any share of expenses under this Act, may apply to the Collector to apportion the amount for which he has been made liable, between himself and the holders of subordinate tenures direct from himself;

provided always that no such apportionment shall be made in respect of ryots who have a right of occupancy only, and whose rent is not fixed in perpetuity.

25. Every zemindar or tenure-holder, to whom

Recovery of sums payable to zemindar.

any sum is payable under the preceding sections, may recover the same with interest as aforesaid in the manner provided by any law for the time being in force for the recovery of arrears of rent in respect of putnee or any other permanent tenures;

Provided that the right or interest of any person holding from such zemindar or tenure-holder shall not be affected by any sale held in pursuance of this section.

26. Interest shall be charged on the unpaid portion of the sums due to the Collector from the date of the same becoming due until payment thereof, at such rate, not exceeding six per cent. per annum, as the Lieutenant-Governor shall from time to time determine.

PART V.

BOUNDARY DISPUTES.

27. If it shall come to the notice of the Collector, in the course of a survey under this Act, that a dispute exists as to any boundary which should be surveyed, the Collector, after holding such enquiry as he may deem necessary, may determine such boundary as hereinafter provided.

Procedure in case of dispute as to any boundary.

28. If the said boundary

Powers of a Collector when boundary determined by Court or by Revenue Survey.

shall at any previous time have been determined by any Court of competent jurisdiction; or

shall have been laid down and shown on a map in the course of any previous Revenue Survey or Settlement, and no objection to the boundary as then laid down and mapped shall have been preferred before any authority competent to decide on such objection

the Collector shall relay the boundary as previously determined or laid down and shown on the map, and shall cause it to be secured by boundary marks.

Provided that the determination and relaying of a boundary by the Collector under this section shall not affect the possession of any land by any party.

Nothing in this section contained shall be understood to prohibit the Collector from deviating from a boundary as laid down in a previous map, and laying down a new boundary, if all the parties concerned agree to such new boundary, on the ground that the boundary as shown in the former map was incorrect, and if it appears to the Collector that there is no objection to the adoption of such new boundary.

The reason for every such deviation shall be recorded in the Collector's proceedings.

29. If the boundary in dispute shall not at any previous time have been determined by competent authority, nor have been laid down and shown on a map as aforesaid, the Collector shall determine the boundary according to actual possession, and cause it to be secured by boundary marks; and the order of the Collector under this section shall, until it be reversed or modified by competent authority, have the force of an order of the Civil Court declaring the parties to be in possession of the land in accordance with the boundary as determined by the Collector;

Powers of Collector when boundary not determined by Court or laid down by Revenue Survey.

and if, after holding the necessary enquiry, the Collector is unable to discover which party was in possession of the disputed land when he instituted the enquiry under this section, the Collector may take possession of the land in dispute, and retain possession thereof until some party shall have established his right to the said land.

30. When the Collector is called on to decide a dispute as to any boundary under the last preceding section, he may, with the consent of the parties concerned, refer the same to arbitration.

Power of Collector to take possession of land in dispute.

The procedure laid down in Chapter VI of Act VIII of 1859 (*the Code of Civil Procedure*), shall, so far as may be practicable, be applicable to disputes so referred to arbitration.

31. If it shall come to the notice of the Collector at any time or in any manner that a doubt or dispute exists in respect to any boundary

Power of Collector at any time when doubt or dispute exists as to any boundary.

(a) which has at any time been determined by a competent Court; or

(b) which has been laid down in the course of a previous Revenue Survey or Settlement, and shown in a map, and against which no objection has been preferred to any authority competent to decide upon such objection; or

(c) which has been laid down by a Survey under this Act,

the Collector may, if he think fit, proceed to relay the boundary as prescribed in section twenty-eight of this Act, subject to the proviso therein contained.

32. Whenever the Collector shall have determined a boundary which was in dispute, and the order shall have become final,

In certain cases Collector may require occupant of contiguous lands to erect marks.

and whenever a boundary which has been supplied by the survey officers, or has been determined under this Act, has been altered by a decree of the Civil Court,

and whenever it shall come to the notice of the Collector that any boundary has been determined by a competent Court or authority,

he may require any occupant of the contiguous lands to erect such marks as he may think fit in order to secure the boundary permanently, and the provisions of Parts III and IV shall, so far as may be practicable, be applicable to boundary marks which are required to be erected under this section, and to the apportionment of the cost thereof, which shall be refunded to the occupant who has the first expense of erection.

PART VI.

MISCELLANEOUS.

33. Whenever any estate or tenure is held jointly by two or more zemindars or tenure-holders, every such zemindar and tenure-holder shall be jointly and severally liable in respect of every liability imposed on zemindars or tenure-holders respectively by this Act;

And any shareholder in any estate or tenure who may have paid the amount finally apportioned to such estate or tenure, may recover from his co-sharers such sums as may be payable in respect of their shares as arrears of rent, or may take credit for such sums in any adjustment of accounts between himself and his co-sharers.

34. Every notice in and Service of notice. by this Act required to be served, may be served—

- (1) by delivering the same to the person to whom it is directed, or on failure of such service, by posting the same on some conspicuous part of the house in which the said person resides, or by delivering the said notice to any agent authorized to appear generally for the person to whom such notice is directed; or

such notice directed to the said person at his usual place of abode, or to the place where he may be known to reside; or

- (3) by posting a copy of the notice at any māl cutcherry of the estate or tenure of the person to whom the notice is directed; or if no such māl cutcherry be found, on some conspicuous place on the said estate or tenure to which such notice relates, and by delivering, in the case of estates paying their annual revenue by four instalments, another copy thereof to any agent who shall have paid an instalment of revenue next after the preparation of such notice. In all cases where two or more persons are holders of an estate or tenure, service of notice under this clause shall be deemed to be good and sufficient service on each and all of such persons.

35. No proceedings under this Act shall be affected by reason of any mistake in the name of any person thereby rendered liable to pay any sum of money, or in the description of any estate or tenure or land in respect of which he is rendered liable to pay, or by any other informality, provided the directions of this Act be in substance and effect complied with; and no proceedings under this Act shall be affected by reason of the omission to serve any notice on any zemindar whose name is not recorded on the Collector's registers as owner of the estate in respect of which the notice is required to be served.

36. For the purpose of any enquiry under this Act, the Collector shall, in addition to every power conferred specially by this Act, have power to summon and enforce the

attendance of witnesses and compel the production of documents by the same means (as far as may be), and in the same manner, as is provided in the case of a Court under the Code of Civil Procedure.

37. If any person shall fail to comply with a requisition contained in any special notice served under section six of this Act, or in any notice served for the purpose of any inquiry under Part V of this Act, within the time specified in such notice, the Collector may impose upon him such daily fine as he may think fit, not exceeding the daily fine of fifty rupees and such fine shall be payable daily until the requisition is complied with; and the Collector may proceed from time to time to levy any amount which has become due in respect of any such fine, notwithstanding that an appeal against the order imposing such fine may be pending:

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner.

38. Any person convicted before a Collector of wilfully erasing, removing, or damaging any boundary mark (not being a landmark fixed by the authority of a public servant within the meaning of section four hundred and thirty-four of the Indian Penal Code) which has been lawfully erected, may be ordered by the convicting officer to pay such sum, not exceeding twenty rupees, for each mark so erased, removed, or damaged, as the said officer may think fit in addition to such sum as may be necessary to defray the expense of restoring the boundary mark so erased, removed, or damaged, and of rewarding the informer through whom the conviction was obtained.

39. A fine under either of the two sections last preceding may be levied as far as possible in the manner provided in section three hundred and seven of the Code of Criminal procedure, but if no movable property belonging to the person from whom the fine is due is found in the district within which the order was passed, then such fine may be levied as if it were an arrear of revenue.

40. Whenever the person erasing, removing, or damaging any boundary mark cannot be discovered, or if found impracticable to recover from him the sum which he has been so ordered to pay, the boundary mark shall be restored or repaired by the Collector, and the expenses thereby incurred shall be paid by the occupants of such of the contiguous lands as to the Collector may seem fit.

41. Every amount which may become due to the Collector under the provisions of this Act in respect of any expenses incurred, or of any notices served, shall be deemed to be a demand under section 2 of Bengal Act VII of 1868 (*an Act to make further*

Joint zemindars to be subject to every liability imposed on single zemindars.

Daily fine for failure to comply with requisition in notice.

Penalty for removing boundary marks.

No proceedings under this Act to be affected by any mistake or misdescription.

When person removing boundary mark cannot be found, Collector may repair.

Power of Collector to enforce attendance of witnesses.

Every amount due deemed to be demand under Bengal Act VII of 1868.

provision for the recovery of arrears of Land Revenue and Public Demands recoverable as arrears of Land Revenue) and shall be leviable as such.

42. Except as hereinafter provided in section forty-three, no appeal shall lie, as of right, against any order passed under this Act by any officer; but except as otherwise specially provided in this Act, the proceedings and orders of Assistant Superintendents and of Deputy Collectors under this Act shall be subject to the supervision and control of the Superintendent of Survey or Collector; the proceedings and orders of the Superintendent of Survey, and of the Collector, to the supervision and control of the Commissioner of the Division; and the proceedings and orders of all officers to the supervision and control of the Board of Revenue.

43. An appeal shall lie to the Commissioner of the Division against every order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector,

Appeal to lie to the Commissioner against order of Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector.

- (a) deciding a boundary dispute,
- (b) imposing a fine under section thirty-seven; or

- (c) imposing a fine under section thirty-eight, if the appeal be presented within thirty days from the date of the passing of such order.

44. The Commissioner may pass such orders as he shall think fit in respect of the payment by any other party or parties of the costs incurred by any party in an appeal.

45. No suit shall be brought to set aside an order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector deciding a boundary dispute, unless an appeal shall have been first preferred to the Commissioner under section forty-three, or unless the person suing was at the time when such order was passed a minor, or insane, or an idiot.

46. The provisions of Part IV of this Act shall apply to all sums expended by the Government since the first day of November one thousand eight hundred and seventy-four in erecting boundary marks.

Recovery of sums expended by Government since 1st November 1874.

F. CLARKE.

ESTABLISHMENTS IN GOVERNMENT SCHOOLS.

Minute by the Lieutenant-Governor of Bengal, dated 1st May 1875.

THE Director of Public Instruction, Mr. Atkinson (now about to take leave), and the officer about to assume charge of the Directorship, Mr. Sutcliffe, have both asked me to consider the existing rules regarding Government schools on the following points:—

- (1.) The position of the District Committees.
- (2.) The powers, as regards the fixing of salaries and establishments, which are at present reserved to Government.
- (3.) The allotting to Masters a portion of the surplus income in certain classes of schools.
- (4.) The powers respecting the appointment of persons to fill offices in the several grades of schools.

2. I proceed to state my views on each of the above points. As regards the "District Committees," that is the Committee for each district or zillah established by my predecessor (for the general management and control of the Government schools in the district), by Resolution dated 30th September 1872, I wish to maintain their position fully, inasmuch as their operation tends to cause the natives to take an interest in educational matters. It is the business of the Commissioner and the Collector to do all in their power to induce the Native members to attend regularly at the meetings of this Committee, and to bear an active share in the work. I hope that the Commissioner and the Collector will always make it a point of attending occasionally themselves: so that they may be satisfied that there is reality and vitality in the proceedings of the Committee. But the Commissioner and the Collector

need not attend invariably; it may be well to let the Native members sometimes sit alone, without the presence of the Collector, so that they may gradually become accustomed to move without guidance and of their own motion. I desire that the Committee should meet at least once a month, and that a minute book be carefully kept up in which the names of the members present and the several proceedings are recorded; indeed, I trust that this is generally done already. The orders of September 1872 contemplate that the Collector should name some member of the Committee to preside over the meetings in the absence of himself (the Collector) and of the Commissioner. If the Collector would endeavour to select a really earnest and capable native gentleman for this position, that would be well. The Committee will select its own Secretary, and if they choose the Head-master of the zillah school for such secretaryship, there can be no objection. But I must request that the Deputy Inspector of the district, who will ordinarily be a member of the Committee, may *not* be chosen for such secretaryship, as he is required to be constantly on the move, inspecting schools in the interior of the district.

3. The second point relates to the powers respecting the determination of salaries and the making of appointments in the Government schools which are at present reserved to Government. The existing rule may be thus summed up. The schools under the control of the District Committees are departmentally described as "schools receiving net grants." By a "net grant" is meant a certain contribution by Government allotted in a "lump" sum, which, together with the fees or other private resources, constitutes the income of the school. It is according to this income that the salaries and establishment of the school are regulated. This plan resembles the principle of grants-in-aid, the difference being that the amount of the "grant-in-aid" is regulated according to the amount of the private resources, whereas the net grant is not. The schools receiving net grants include the "zillah schools," and the Government vernacular schools, comprising the Hardinge schools, model schools, &c. But in this category there are *not* included the "aided" or grant-in-aid schools, the salaries and establishment of which are settled by the private managers of these institutions with the concurrence and sanction of the educational authorities; nor the normal schools, the establishments of which are sanctioned throughout by Government, nor the collegiate schools, nor the "primary" schools including the old circle schools, the Bhudey schools, and the patshakas aided by Sir George Campbell's orders, which latter are for the present entirely under the Magistrate and Collector.

4. Now, in the schools receiving net grants, all salaries up to Rs. 50 a month each, and the number of such appointments, are settled by the District Committees, and everything above that has to be referred to Government. It is found, however, that this causes many references to Government with which the Director of Public Instruction is fully competent to deal, and with which the Government indeed can only deal, for obtaining his recommendation. From the limit of Rs. 50, then, as above stated, I agree that all such matters, up to Rs. 150, be dealt with by the Director of Public Instruction, subject always to the interposition of Government, should it see fit to interpose. This ruling will strengthen the position of the Director as departmental head, and follows the analogous practice in the "aided" schools, which these "net grant" schools have been shown in some degree to resemble. And as regards the matters below Rs. 50 a month, which remain with the District Committee, I desire that it be understood that they must obtain the concurrence of the "Circle Inspector," who may be regarded as their professional adviser. It is to be remembered that the Circle Inspector has the duty of supervising Government education in a circle of districts, and holds an office next in importance to that of the Director of Public Instruction.

5. In collegiate schools which are adjuncts of colleges, and in branch schools connected directly with the colleges, which are not under District Committees at all, the Director of Public Instruction can fix all establishments from the bottom up to appointments of Rs. 150.

6. In the exercise of the powers above described, the Director of Public Instruction and the District Committees must understand that there is the financial limitation, and the condition that for whatever they sanction there

shall be the funds forthcoming from the aggregate of the "net grants" and the private resources.

7. The next point—the allotting to Schoolmasters a portion of the surplus income in certain classes of schools—is really a corollary to the preceding point. In schools "receiving net grants" within the money limits above described, and with the condition of funds being available, the Director of Public Instruction and the District Committee may certainly allot any surplus income, from fees or otherwise, to the Schoolmasters. The effect of this upon the Masters must be beneficial, as it makes them feel that their income depends on their efficiency and on the attractiveness of their teaching. This is in accordance with the well understood principle of "paying by results." I would also, with the same limitations and conditions, extend this power to the Director of Public Instruction as regards the collegiate schools and branch schools directly connected with colleges.

8. The fourth point relates to the powers of appointing persons to fill offices in the several classes of Government schools. The existing rule may be thus summed up.

9. All Masters in these schools receiving Rs. 200 salary and upwards are appointed by Government on the nomination of the Director of Public Instruction, and gazetted. This rule will be fully maintained. For all other masterships with salaries below Rs. 200, the "Circle Inspectors" nominate the persons for the consideration of the District Committees, who make the appointments according to existing rule.

10. Although the concession of this power to District Committees has many advantages, it has one particular disadvantage, which has been represented to me by natives as well as by educational authorities, and which is this. The appointments are apt to become too much localized; in one part of the country a comparatively inferior man obtains a good appointment because no better man happens to be available on the spot. In another part of the country a superior man fails to obtain a good appointment because there happens to be a good or better man on the spot, and because his qualifications are not known elsewhere. Now, in the present condition of affairs, it is desirable that the better sorts of appointments should be bestowed on something like an uniform principle throughout the country; that a certain degree of qualification should obtain about the same sort of appointments everywhere; that the holding of a certain appointment should indicate everywhere the possession of about the same degree of qualification. On the other hand, it is desirable that some considerable degree of patronage should be left in the hands of the District Committees, in order to maintain their position, which carries so much responsibility with it, and to keep alive the interest of the inhabitants in their local schools.

11. After bearing in mind the balance of the above considerations, and after carefully consulting the Director of Public Instruction, I propose that for offices with salaries from Rs. 100 to Rs. 200, the appointments should be made by the Director of Public Instruction from a general list of native gentlemen possessing certain qualifications. For offices with salaries below Rs. 100, I would leave the appointments with the District Committees, as at present, on the nomination of the Circle Inspector as far as Rs. 50 (that is, the Inspector will nominate and the District Committee appoint to all masterships with salaries of Rs. 50 and less than Rs. 100); and for masterships below Rs. 50, the Committee will appoint absolutely, that is, without any nomination of the Circle Inspector, though of course the Committee can, if they choose, consult the Circle Inspector, who will always afford them the best advice he can.

12. As regards the collegiate schools and the branch schools connected directly with colleges, the Director of Public Instruction will make all appointments to offices with salaries below Rs. 200 per mensem.

RICHARD TEMPLE.

SCHOLARSHIPS FOR VERNACULAR EDUCATION AND ENCOURAGEMENT OF ELEMENTARY PRACTICAL SCIENCE.

and is madhese, as follows—

and anglo-vernacular schools. My predecessor made some modifications in this standard with a view to leading the native mind in the direction of practical science; that is, those parts of science the knowledge of which may be the means of earning a livelihood. Entirely concurring in this view, I think that the time has come when we may with advantage take some moderate steps further in the same direction. I entirely share the belief that even elementary instruction in natural and physical science is one of the best means possible of raising the mind of the poorer classes from the depth of superstition, and of leading it forth from darkness to light.

2. Having caused the subject to be examined by our educational officers, I would sanction the following standard for the vernacular scholarships, the instruction being in the vernacular, Bengalee, throughout:—

<i>Vernacular Scholarships.</i>						Marks.
Subject.						
I.	Bengalee Language	75
II.	History and Geography	150
III.	Arithmetic	100
IV.	Geometry and Mensuration	75
V.	Natural Philosophy and Physical Science	100
Total						500

3. In the standard for the "Minor Scholarships" in subject I, a corresponding degree of English is substituted for Bengalee, with the same number of marks. In subjects II, III, IV, and V, the examination will be in the vernacular, the same as in the standard for the vernacular scholarships; thus—

<i>Minor Scholarships.</i>						Marks.
Subject.						
BENGALLEE	I.	English	75
	II.	History and Geography	150
	III.	Arithmetic	100
	IV.	Geometry and Mensuration	75
	V.	Natural Philosophy and Physical Science	100
Total						500

Inasmuch as the degree of attention that will be bestowed by the scholars upon any subject must depend on the number of marks assigned to it in proportion to the total number, I have set down for "Natural Philosophy and Physical Science" 100 marks out of 500; believing that we ought to assign the proportion of one-fifth to these subjects, and that we cannot at present assign more with due regard to the other subjects.

4. Another point on which the efficacy of the standard largely depends is the style of text-book prescribed for each subject. In the first subject, "Bengalee language," composition forms part of the examination. The character of the examination here must rest entirely with the examiners, but we may have every confidence that they will enforce sufficient strictness. The masters who teach Bengalee in these schools will be expected to know enough Sanskrit to enable them to explain the etymology of the important words in Bengalee. (See paragraph 4 of my Minute of the 26th January 1875.) In the next subject, "History and Geography," the text-books are—C. B. Clarke's History of the World and Lethbridge's History and Geography of Bengal. These authors are eminent members of our educational department. The books were written in English, and have been translated into Bengalee. In the subject of "Geography," the text-book is to be "Physical Geography,"

by Rajendra Lal Mitra and Radhika Prasanna Mukhurjée. And the examination is to include Map-drawing. In Arithmetic there are to be two papers, the second of which is to comprise the higher parts of the subject. In Geometry and Mensuration, the qualifications of the scholar will be tested by actual drawing. So far, then, I should regard the text-books and tests as satisfactory for subjects I, II, III, and IV.

5. But for subject V, Natural Philosophy and Physical Science, I consider that the tests and text-books should receive further consideration. I would select the following branches:—

1. Chemistry.
2. Botany.
3. Elements of Natural Philosophy and Physical Science.

The scholar might choose two out of these three subjects; but he must take up at least two. As regards the Elements of Natural Philosophy and of Physical Science, we have very fair text-books by Bhudev Mukhurjee and Akhya Kumar Datta respecting Natural Philosophy, and by Mohendra Nath Bhatta-charjee respecting Physical Science. As regards Chemistry and Botany, we have text-books by Jodu Nath Mukhurjee and Kanheya Lal Dey, both very competent authors. But I believe that these books are too rudimentary in their character; and I desire that the preparation of somewhat more advanced books be immediately considered. Doubtless either the above-named authors or other native authors will be found ready to undertake this task. Further, if the examination is to be sufficiently strict and the instruction adequate, the masters must have themselves undergone some practical training in both Chemistry and Botany; that is to say, they must be instructed in Chemistry by means of experiments in a laboratory, and in Botany by the scientific dissection and microscopic examination of living plants. The training of the masters by these means is quite practicable. On visiting the normal school at Calcutta in company with Mr. Atkinson and Mr. Woodrow, I found the masters undergoing instruction in Chemistry and Botany by these very means. I do not know exactly how far the same mode of instruction prevails in the other normal schools of the same class in Bengal, or whether the other normal schools possess laboratories and chemical apparatus. But what is done for the middle class school-masters in Calcutta, can be done for the same class at other places. Some additional expense may have to be incurred in the other normal schools for laboratories and apparatus, but that can be afforded.

6. These scholarships will, under present orders, be held in what are termed the "higher" and zillah schools, which teach up to the examination for entrance to the Calcutta University. A portion of them, however, may hereafter be declared tenable in any institutions we may be able to establish for technical instruction of a superior kind. The science subject in the standard above explained will be a fitting preparation for such institutions.

7. By these means, that is, by these standards for the Vernacular and Minor Scholarships, I should hope that some competent knowledge of natural and physical science, especially Chemistry and Botany, may be diffused, in the vernacular of Bengal, by our middle class schools. It is always to be remembered that the instruction in the school will be guided by the scholarship standard; that this standard affects not only the few who win scholarships, but also the many who do not; not only the few who, having won scholarships, proceed to higher schools, but also the many who never go beyond the middle class schools. The winners of these scholarships will be generally boys between 14 and 15 years of age; but among the other boys there will be many who are somewhat older. Having regard, then, to the industry and intelligence of the Bengalee youths, I believe that they will often stand the tests above described, and that the best of the middle class schools will work up to the standard.

8. The standard of these scholarships affects, then, the middle class schools, which have now about 77,000 scholars in all,—a total which is important numerically, and still more important in respect to the *calibre* of the scholars.

But outside this number there are the scholars of the lower vernacular schools, the number of which is very much greater, and comprises upwards of 340,000 scholars. And I have to review scholarship arrangements relating to them, inasmuch as the scholarship standards will dominate the course of their instruction.

9. These might, if they chose, compete for the middle class scholarships, but they would have no chance of success. And the middle class standard, especially if slightly raised, as I should wish in respect to practical science, will be too high for them. On the other hand, if that standard be really attainable by the middle class schools, then it could not with propriety be lowered in order to suit the lower vernacular schools. Hence it follows that a somewhat lower standard is needed for the lower vernacular schools; and their large aggregate number renders it just and necessary that some scholarship arrangements should be devised for their benefit.

10. But this great division of lower vernacular schools comprises two sub-divisions, namely—firstly, the old lower vernacular, comprising about 100,000 scholars, and secondly, the new primary or lowest (set on foot by my predecessor), and now comprising about 240,000 scholars.

The rapid accession of numbers, in the second category especially, and the general development of vernacular education, must cause our scholarship arrangements to expand.

11. For the second category or primary schools, I have recently, on the recommendation of the Director of Public Instruction, sanctioned an easy scholarship standard for reading, writing, and arithmetic, and one elementary book, to be selected by the Director. This standard is meant for boys between nine and eleven years of age—say ten years on the average. Though suitable for these lowest schools, it is too low for the lower vernacular schools of the first category. These latter are superior to the primary schools, and would carry off all the primary scholarships if allowed to compete for them. Moreover, their best scholars are able to reach considerably beyond the primary standard, as above described.

12. Hence it appears to me to follow that an intermediate scholarship standard ought to be devised between the middle class standard and the primary standard, as above described; and I shall be obliged if the Director of Public Instruction will take this into early consideration. It would be in the vernacular, and might be arranged according to five subjects, nearly corresponding with those of the middle class standard, but with slightly different proportions of marks. But for each subject the tests would be easier, and the text-books simpler or shorter. Thus—

Lower Vernacular Scholarship.

Subject.	Marks
I. Bengalee language	100
II. History and Geography of Bengal only	100
III. Arithmetic	150
IV. Geometry, 1st book Euclid only	50
V. Elements of Natural Philosophy and Physical Science	100
Total	500

For subject V there might be four elementary books prescribed, namely, Bhudev Mukhurjee's work on Natural Philosophy, Muhendral Lal's on Physical Science, Judoo Nath's on Botany, and Kunheya Lal Dey's on Chemistry, and it would suffice that the scholar should select one out of these books. These details might, however, be further considered by the Director.

This standard would be suitable for boys of twelve years of age; that is, intermediate between the primary scholarships for boys of ten, and the middle class scholarships for boys of fourteen.

13. The question would then arise as to whether a lower *Anglo*-vernacular scholarship standard should be devised or not. Following the analogy of the middle class standard, it might be possible to devise a standard to include English. The English could hardly be substituted for Bengalee, but the geometry subject might be omitted, and the standard might be arranged thus:—

Lower Anglo-Vernacular Scholarship.

	Marks.
I. Bengalee language	75
II. English (Primer, &c.)	75
III. History and Geography of Bengal	100
IV. Arithmetic	150
V. Natural Philosophy and Physical Science	100
Total	500

14. The including of English in this standard, however, involves a difficult question. If this were done, Bengalee boys of the humbler classes might begin learning English at ten years of age. There is very possibly a desire for learning English even among the humbler classes. On the one hand it may be said that if a boy is to learn English, the earlier in age he begins the better: that if an English boy begins Latin at ten, a Bengalee boy may begin English at that age. I gather that some authorities believe that the English language is likely to spread rapidly among the people of Bengal. On the other hand, it may be urged that a Bengalee boy ought to acquire some little proficiency in his own language, and in other learning, before he begins English. And it is to be remembered that the lower the school, the more difficult does it become to obtain competent instruction in English. On the whole, if the mass of the natives be found really to desire some elementary English instruction, I hardly see that we can well avoid giving them the chance. And if the allowing of a lower Anglo-vernacular standard, as above described, were to be largely recommended, I should be prepared to consider the matter. Meanwhile I desire that the Director of Public Instruction will be good enough to collate the opinions of his officers, both European and Native, upon the subject.

15. But if a new set of lower vernacular scholarships be added to the existing scheme, it will be necessary to reconsider the value of the several classes of scholarships. The vernacular and minor or Anglo-vernacular scholarships, as above described, are each worth Rs. 4 per mensem for four years, and Rs. 5 per mensem for two years respectively. This I would maintain. The primary scholarships are each worth Rs. 3 per mensem for two years. These might, I think, be reduced to Rs. 2 each, if a lower vernacular standard be added, for which I would propose Rs. 3 for two years. Two rupees per mensem will suffice to sustain a young boy of the poorer classes. It is essential that the lower vernacular scholarship (if established) should be more valuable than the primary, so as to induce the boys to prefer the task of the lower vernacular standard, which is much harder than that of the primary.

The scale, then, would be thus—

			Monthly value.	Period for which tenable.	
				Rs.	Years.
MIDDLE	(Minor or Anglo-vernacular	5	2
	(Vernacular	4	4
LOWER	(Vernacular	3	2
	(Anglo-Vernacular	3	2
PRIMARY	Vernacular	2	2

16. The lower vernacular or Anglo-vernacular scholarships would be tenable in the middle class schools. The primary scholarships would be tenable in the lower vernacular schools, or in the middle class schools, at the option of the holder. It is an object to encourage boys to proceed straight to the better kind of school.

17. It would then be necessary to revise the allotment of the number of scholarships to each of the three categories, middle, lower vernacular, and primary. In the year 1873-74, about 316 scholarships were actually won in the middle class and 386 in the primary; or 702 in all. The total number of scholarships available was larger, amounting to nearly 900. There would be no difficulty in distributing the total between the three categories as above stated—say 300 to each. The Director of Public Instruction would, however, be best able to decide the details of this distribution.

RICHARD TEMPLE.

No. 1499.

Copy forwarded to the Director of Public Instruction for information and guidance, and with the request that he will be good enough to submit his report on paragraphs 12, 14, 15, and 17 of the minute.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,

Offg. Secy. to the Government of Bengal.

ABKAREE SYSTEM IN BENGAL.

No. 56B., dated Fort William, the 28th January 1875.

From—W. H. GRIMLEY, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Revenue Department.

I AM directed to submit herewith a minute recorded by the Member in charge, with reference to Government order No. 2192 of the 28th October last, on the abkaree administration of Bengal.

2. The petitions received with the Government order are returned herewith.

MINUTE.

THE letter from the Government of Bengal, No. 2192 of the 28th October last, desires me to report on the abkaree administration of Bengal in connection with certain petitions presented to both the Supreme and Local Governments on that subject.

2. It will be convenient first to enumerate the statements, allegations, and charges contained in those petitions. They are as follows:—

1st.—That drinking has of late years greatly increased, more particularly among the upper classes.

2nd.—That the revenue authorities have promoted the spread of intemperance by multiplying liquor shops and by giving praise and promotion to officers who have been led to increase the excise revenue.

3rd.—That the adoption of the habit of drinking has been facilitated by the importation of low-priced spirits, and, as regards Calcutta, by the extension of time in the evening during which shops may be kept open.

4th.—That the consumption of opium and of ganja has also increased of late years.

5th.—That the increased habit of drinking has been a prolific source of crime and immorality.

6th.—That in Calcutta facilities are afforded for drinking at night by a practice prevalent in certain dispensaries of supplying liquor under the guise of medicine.

7th.—That retail shops generally possess back doors, through which liquor is clandestinely sold at prohibited hours.

3. The remedies proposed are:—

1st.—To impose a higher rate of duty.

2nd.—To raise the license fee of shops.

3rd.—To open no new shop in any locality except on the application of two-thirds of the rate-payers of the locality (some of the petitioners would substitute residents for rate-payers).

4th.—To close any existing shop if two-thirds of the rate-payers of the locality petition for such closing (according to some of the petitioners, for rate-payers *read* residents).

5th.—To transfer from Collectors to Municipalities the power of granting licenses.

6th.—To reduce the number of shops generally throughout the country.

7th.—To prohibit any drinking on the premises.

8th.—To provide that no liquor shop should have either door or window except in front on the road side.

9th.—To insist on all liquor shops being closed at sunset.

10th.—To close all liquor shops in the vicinity of educational institutions or places of public worship.

11th.—To discontinue the practice of praising revenue officers in charge of the Excise Department under whose administration the revenue has increased.

12th.—To regulate the sale of liquor from dispensaries.

13th.—Similarly from hotels and other places of public entertainment.

14th.—To refuse renewal of licenses to shopkeepers convicted of offences under the abkaree laws.

15th.—To employ a special staff of officers to act as excise police.

4. The petitions are signed by representatives of the best educated and most influential natives in and near Calcutta, also by some European gentlemen whose opinions are entitled to great weight. They represent a widespread belief that a great social evil is in the increase, that it is within the power of Government to check its development, and that Government has failed in this duty.

5. I entirely agree with the petitioners in their statement as to the increase of the habit of drinking during late years, especially in towns and among the higher classes. I differ with them as to the extent to which Government action can check this tendency. I deny that Government has ever willfully preferred considerations of revenue to the welfare of the people; but I must admit that ignorance of the subject in former times has introduced and fostered systems directly conducive to the multiplication of liquor shops, and therefore to the promotion of drinking. There is also no doubt that mistaken zeal on the part of the local officers has often led to the same results.

6. On the first point I have asked for the opinions of local officers. The answers shew a great diversity of opinion. The increase of the habit of drinking is admitted by some officers; denied by others. The denials, however, refer more to the agricultural classes, and generally apply only to the last six or eight years. So limited, there is undoubtedly truth in these denials as regards some districts. I believe the facts to be this:—All over Bengal there is more drinking now than there was twenty years ago, and there was more twenty years ago than forty years ago. But in some districts there has been no increase in the villages during the last six or eight years (in Backergunge, Ferozepore, Patna, Tirhoot, Maldah, and Bogra it is positively stated that there has been a decrease); while the increase in towns and among the higher classes has been general. There is also no doubt that intemperance among the higher classes radiates from Calcutta as from a central focus. All testimony shows that the habit is most prevalent in the districts nearest the metropolis. It is very sad to see how prevalent is the opinion that intemperance naturally follows upon the receipt of English education. Three of the Commissioners express themselves thus:—

Orissa.—"Local native opinion very frequently connects the increased partiality for liquor with spread of English education; and as soon as caste prejudice succumbs to knowledge, or a smattering of knowledge, there is believed to be an opening afforded for more free use of intoxicating liquor than rigid observance of caste rules would have warranted."

Bhagulpore.—"Among the higher classes of people there are two sorts of persons who are liable to acquire habits of intemperance:—

(1)—Persons of the old school, who are viciously inclined or feeble-minded, and at the same time rich.

(2)—Young men speaking English with deficient education.

"Of the first class we have very few persons indeed, and I have nothing particular to say regarding them.

"It is with the men belonging to the second class that a disposition towards intemperance has, in some places, become a growing evil."

Dacca.—"The taste for strong liquor must, in most of these cases, I think, be regarded as a natural instinct, which is repressed and kept down by the stringency of caste rules or moral culture; and that consequently if drunkenness, or the habit of drinking, has increased of late years amongst certain sections of the people, it is because the restraints of caste and the dictates of the *Shastras* and the *Koran* have lost something of their hold over the feelings and consciences of their votaries. In short, if our administration is in any way responsible for such deterioration in the character of the people for sobriety, I should fear that, the result would have to be debited to the indirect agency of the school-master, rather than the abkari darogah."

7. The following are quotations from Magistrates' reports:—

Mouglhyr.—"An intelligent shopkeeper (vender of brandy) at Jamalpore tells me that native gentlemen who can talk English appear to acquire a taste for brandy with the language."

Meershedabad.—"As education and civilisation of the European type increase, it may, I think, be expected that intemperance will increase; but the evil will probably wear itself out in time."

8. An English medical officer of many years' experience in the mofussil writes:—"But it is not the occasional and formal indulgence in intoxication that has caused the present outcry, but the much more democratising habit of private drinking indulged in by nearly nine-tenths of the Bengalis instructed at our English colleges and schools."

"It is sad to think that this has been the effect of education, but it is too true to be overlooked. No Hindu can become acquainted with European science without disbelieving his own religion. Without any religious convictions and without moral training, he leaves the college a slave to his own passions, and blindly follows the example of the rich and influential around him.

"Having no fixed ideas to guide him, he yields to his own inclinations, and adopts habits which are foreign to his race; caste observances are broken through, and all that a Hindu regards as obligatory is neglected and often ridiculed.

"Social intercourse is more unrestrained than formerly, but friends never meet now-a-days without spirits being consumed.

"The quantity of intoxicating liquor drunk on holidays is incredible. In the course of practice I have met patients who have astonished me by describing their powers of drinking. One, a Mahomedan moonshee, asserted that he had finished a bottle of brandy and three bottles of beer at an evening sitting; another, a Kayasth wakil, that he had swallowed a bottle of brandy almost at a draught.

"Among Mahomedans, again, both Sunnis and Shiaks, and not excluding the Ferazis, intemperance is much more common than formerly. Even the moonshee and hafiz indulge freely, and among the degenerate representatives of the old families intoxication is regarded as a very venial offence."

9. Another medical officer, a native, says,—"The vice has now crept among the half-educated men of respectable families, who have taken to European liquors, and the cause of this increase is more of a moral and social nature than political and economical. Bengalis educated in English now go away from their homes in the service either of Government or

Railway Companies, and in their unsettled position cannot always have their families with them; consequently after the day's work, having no family to go to, congregate together and seek pleasure from the glass."

10. "In Behar, and hence in Monghyr," a native medical officer* states, "the higher classes are comparatively abstemious in their habits; the reason is that education has not yet made so much progress among them as to relax their religious prejudices."

11. The excise of liquor has in Bengal been conducted under three general systems—the farming, the daily or monthly tax, also called the outstill, and the sudder distillery. The general distinguishing features of the three systems are as follows:—

Farming.—Under this system the excise revenue, sometimes of a district, sometimes of part of a district, was farmed out on tenders invited and selected. The farmer worked outstills by his own servants, or under-farmed the right as regarded each outstill. Generally the second was the mode adopted.

Daily Tax or Outstill.—The Collector decides where shops for the retail sale of country liquor are required. He then puts up to auction for the ensuing year the right to set up a still at the place indicated, and to open a shop in connection with such still. The bidder of the highest amount of daily or monthly tax gets the right.

Sudder Distillery.—Certain central distillery buildings are erected by Government, and at these any number of distillers the building can accommodate are allowed to set up stills. The liquor distilled is tested by a hydrometer before leaving the distillery, and pays duty according to its strength. The duty varies from a maximum of three rupees per gallon, London proof, to a minimum of one rupee per gallon, London proof, according to the average means of the consuming classes in the district. In the Patna and Monghyr distilleries the duty has been levied lately on the raw material (mowah) from which the liquor is distilled, not on the liquor. The liquor is sold by the distiller to shopkeepers, who pay a license fee for leave to keep open a retail shop.

12. The daily tax was the system first in force. In 1790 certain rules were passed, afterwards re-enacted, with modifications, in Regulation XXXIV of 1793. All persons were prohibited from manufacturing or vending spirituous liquors and intoxicating drugs without licenses from the Collectors. The manufacture and sale of liquors were confined to towns and villages to be selected by the Collectors, and divided into classes according to their size and population. A daily tax at rates varying with reference to the importance of the localities was imposed on each still (and the sale of all drugs was subjected to a tax to be fixed annually by the Board of Revenue with the sanction of Government). Further, a tax was ordered to be levied on unfermented tari at the rate of 25 per cent. on the amount of rent payable by the passees,—i.e., the persons whose trade is to collect and sell the juice to the proprietors of tar trees. Persons convicted of illicit manufacture or vend of any excisable articles were made liable to pay a fine or suffer imprisonment in default.

13. In 1813 the farming system and the sudder distillery system were both partially introduced.

14. In 1824 the farming system was greatly extended. The annual excise revenue having declined from 19 lakhs in 1829-30 to less than 15 lakhs in 1837-38, the falling off was ascribed to the defective and inefficient system of raising the excise revenue which had hitherto

prevailed. To remedy this the Government, in 1840, as a partial experiment, entrusted the superintendence of this branch of public revenue, in the 18th or Calcutta division, to a separate officer designated Commissioner of Abkaree, the districts marginally* named being comprised within his jurisdiction. In 1844 another Commissioner of Abkaree was appointed, and the districts marginally† specified were placed under him, the jurisdiction of the first being then further made to include the districts noted in the margin‡. In 1848 five other districts§ were added to the second Commissioner-ship.

15. These two Commissioners had under them Abkaree Superintendents and other subordinates; and the excise revenue of the 27 districts thus managed was raised generally by the daily tax or outstill system, opium and country rum being, however, subject to fixed duty, and farming was wholly proscribed.

16. In 1847-48 the direct system of management was introduced in the three Orissa districts (Cuttack, Pooree, and Balasore) under the Revenue Commissioner's own supervision, and farming was abolished.

17. The system administered by the Abkaree Commissioners was the daily tax system.

18. In 1852 and 1853 the two Abkaree Commissionerships were abolished, and their duties transferred to Revenue Commissioners in their respective divisions.

19. It will be observed that the Behar districts were never included in either of the Abkaree Commissionerships. The farming system continued in them for a long time. It

gradually gave way to the daily tax system, but the last vestige of it did not disappear till 1863.*

20. Under the farming system, which was in force during the larger portion of the first half of this century, every encouragement was given to drinking. The farmer had but one object, private gain, and the more shops he opened and the greater the consumption of liquor, the better was this object attained.

21. When later the management of the excise fell into the hands of Abkaree Commissioners, sufficient care was not taken to limit the number of outstills and shops by the requirements of the people. As long as the excise was a separate department, the officers of this department were actuated by that departmental zeal which is so often productive of both good and bad results. The financial test was the real test of merit.

22. The same defects of management constantly occurred when the outstill system was under the direct supervision of the regular revenue authorities. It is only of very late years that the principles which should regulate the excise have been at all understood or appreciated. The abkaree was, to Collectors, the most distasteful part of their duties, and, as a rule, was made over to uncovenanted Deputy Collectors, who, so long as the revenue did not fall off, were allowed pretty much their own way. There was no regularly organized or sufficient check over the multiplication of shops, and the result was too often the simultaneous increase of facilities for drinking and of the excise revenue.

23. In 1859 the Government determined to extend the sudder distillery system as the best mode of maintaining a proper equilibrium between the real demand for liquor and the means for its supply. The theory of this system is perfect. Every ounce of liquor consumed pays duty before it is offered to the public. The rise or fall of the demand is as correct in its indication as are the changes in a barometer, and according to such should the duty be regulated. The rate of duty becomes the best and the proper check against undue facilities for drinking. It logically follows that no necessity exists for imposing any limit on the number of shops. The rate of duty provides the necessary check.

24. Under this system and this theory the number of shops increased greatly in towns, though it diminished somewhat in the interior. The difference is explained by the facility or the difficulty to the retail shopkeeper of obtaining liquor from the sudder distillery. As the Board reported to Government in June 1871—"Up to 1867 licenses were freely given to all applicants who were not suspected characters. Complete freedom of trade was the theory and the rule." The first check imposed was the consulting of Magistrates and Superintendents of Police in granting licenses for shops. This dates from 1867.

25. The sudder distillery system is the one in force now in most parts of Bengal. It has not fulfilled the hopes of those who insisted on its extension throughout the presidency. Perfect in theory, it has two weak points in practice—the facilities it affords for fraud, and the temptations and comparative immunity it holds out to illicit distillation. The men who enter into the ranks of the excise staff are not of the best class, and no means have yet been devised to successfully prevent combination between them and the distillers and shopkeepers. It is so easy and so simple to let out of the distillery 50 gallons of spirit, taking duty on only 40, and entering only 40 in the books, the profit on the odd 10 being divided between the distillery darogah and the shopkeeper, or to enter the whole 50 in the register, but at a strength much below the real strength, levying the duty on the registered strength, and dividing the profit on the strength which has escaped taxation.

26. For the detection of illicit distillation, the revenue authorities have almost entirely to trust to the police, and experience has proved that the police are of very little use as abkaree detectives. Nor is this to be wondered at. Illicit distillation is carried on inside the house, and the sale of the liquor in most cases proves nothing, as the distiller is the shopkeeper licensed

* A statement of the number of gallons cleared out from each public distillery during March 1868, the duty paid, and the number of shops supplied by the distillery (marked D). A glance at these figures shows that in March 1868, after the sudder distillery system had been some years in force, many shops were, as regards the distillery returns, carried on at an undoubted loss, that is to say, that the amount of duty-paying liquor sold by them would not have given a profit to cover the license fees and other expenses. Thus, in Cuttack there were 3 such shops, in Balasore 6, Backergunge 18, Dacca 6, Ferozshah 28 (whole number in the district), Mymensingh 13, Sylhet 13, Noakhally 27, Chumparun 19, Tirohot 11, Moorshedabad 31, Pubna 27, Rangpore 19, Singbhoom 5, Purneah 11, Jessore 13, Nuddea 7, 24-Pergunnahs 22 (the whole number in the district), Bankoura 2, Burdwan 21, Hooghly 10, Midnapore 18."

by Government. As Commissioner of Bhagulpore, I had a statement prepared of all licensed shopkeepers in the division, showing what amount of liquor each one had taken during a specified time from the distillery. In 1868, shortly after I joined the Board, I had similar statements prepared for all Bengal. The result, as reported to the Government in 1870, is given in the marginal extract.

27. Now what is proved by the fact that an abkaree shopkeeper is carrying on his business without profit, according to the distillery books, is that he is making an illicit profit, either by

getting liquor out of the distillery free of duty, or by selling under cover of his license liquor distilled surreptitiously on his own premises.

28. The extent to which these practices are carried on will, of course, depend on the watchfulness of the local authorities, on the pressure put upon the police, and on attention to the subject by the Revenue Board and Commissioners. But it is only a question of degree. When Board, Commissioner, and Collector have done all they can do, there will still remain a great deal of liquor going into consumption which pays no duty, and over the manufacture and sale of which no control can be exercised.

29. It is on this point that the Sudder Distillery system contrasts unfavorably with the monthly tax or outstill system. Under this latter system, illicit distillation was almost

impossible. The man who paid a monthly fee for the right to distil was the best preventive the Government could get. Within the radius supplied by him no illicit still could be opened unknown to him; and as the knowledge was certain, and denouncement equally so, it followed that the attempt was not made.

30. All the petitions presented to Government display a remarkable ignorance on this point. The whole argument is based on the supposition that it is the duty-paying liquor, and that only, against which precautions have to be taken.

31. The matter is not so easy as petitioners think. Government and the Board have honestly for some years been doing their best to counteract the effects of former ignorance, of bad systems, and of a growing taste for liquor. It is not true of the present time that abkaree officers are praised and receive promotion for increasing the revenue by increasing the facilities for drinking. The only petition which backs up a general statement to this effect relies upon a quotation of 1852-53, and even that quotation does not prove the position. What abkaree officers are praised for, and brought to the notice of Government for, is when their efforts increase the revenue without multiplying shops or even simultaneously with a decreased number; and this is right, for the increase of revenue under such circumstances is a certain proof of a careful and efficient discharge of duties, resulting in a check on illicit distillation and on removal from the distillery of liquor paying no duty.

32. Petitioners are apparently persuaded that Government has but to raise the duty, to place obstructions in the way of people who want liquor, to forbid sales at night, &c., and sobriety and morality must follow. They are unaware to what extent illicit distillation and fraudulent practices are fostered by every movement in a repressive direction, and how careful those who administer this branch of administration have to be not to fall into Scylla when avoiding Charybdis.

33. Not only do difficulties placed in the way of licit sales give an impetus to illicit ones, but they tend to substitute, for a comparatively harmless stimulant, stimulants of a noxious kind, such as ganja and opium. Of this I have seen many proofs. It may be urged against this last objection that it could be met by raising a prohibitory duty on those two drugs; but this argument would also be a mistake for the result would be an immense stimulus given to the smuggling of opium from the cultivators, and would lead to the substitution of wild ganja for the cultivated plant of Rajshahye.

34. Again, none of these remedies are applicable to the evil which the petitioners more especially call attention to—the increase of drinking among the upper classes. These classes do not resort to the open spirit shop, nor indeed is it the native spirit which they consume. Undoubtedly, as I have already stated, the educated classes do drink much more than they used to drink, but they drink in the privacy of their own homes and in their own rooms, and the liquor is the imported spirit from England. Against this evil no action of the Government is of much avail. The check of enhanced duty—a check I have more than once recommended—is the only one possible, but it is a feeble one, which will not produce any marked effect; for it is clear that, with regard to the large number of Europeans in the country, the duty on imported spirits cannot be made sufficiently high to be prohibitory. The only real checks are to be found in a sound practical education and in a healthy public opinion, which the signers of these petitions are the persons most capable of forming.

35. While I entirely go with petitioners in their regret that sobriety is not a characteristic of the Bengali to the same extent as formerly, I cannot but think they have painted in exaggerated colors the evils of increased consumption of liquor. One petition, Baboo Keshub Chunder Sen's, thus describes them:—"Crime and immorality are also, in a large measure, attributable to this cause. The instances of petty crimes and heinous offences committed under the influence of drink are of frequent occurrence, as may be proved by the criminal records of the country." * * * "It is indeed harrowing and painful to contemplate the extent to which sensuality, profligacy, and brutal revels on the one hand, and irreligion, blasphemy, and practical atheism on the other, are making ravages among all classes of the native community in consequence of the spread of drunkenness, and undermining the religious and moral life of the nation." * * * "In short the use of intoxicating liquor has done more than anything else to degrade the physical, moral, and social condition of my countrymen, and has proved a stupendous obstacle in the path of reformation. Patriots and philanthropists of all classes, who are engaged in diverse ways in ameliorating the condition of the people, always complain that this great evil seriously counteracts and frustrates their efforts."

36. This kind of sensational writing only misleads. In one of the reports I have received on this subject, written by a clever native medical officer, I am informed that "Young Bengal signifies an incarnation of brandy and immorality." My own observation and the hard test of figures do not bear out these statements. Excluding imported spirits and liquors, the consumption of licit drink in Bengal is equal to the revenue value of just over 7 pie per head yearly,* *i.e.*, 3½ farthings, or about Rs. 25,80,604 in the gross. Including them, the consumption is just 10 pie per head yearly, or about Rs. 38,16,847 in the gross. But these latter figures include the consumption of the European community, who certainly are the chief consumers of imported wines and spirits.

37. There is no real comparison between this state of things and the extent to which drinking has become a national curse in England. The capital there employed in the liquor trade was calculated two or three years ago by Professor Levi at £114,000,000, or one-third

* These figures include the duty on country spirits, country rum, and the license fees of tari, patchwai, and outatills. In the three last hotels, the distinction between duty and the shop licence cannot be drawn.

more than the whole capital employed in the cotton trade, and the revenue derived by the consumption of drink is, in round numbers, about £1 or Rs. 10 per head of the population. But there are other differences. The country spirit in Bengal is generally a weak spirit, so that drunkenness is an exceptional effect, and the tendency of the people is not towards crimes of violence. Drink develops this tendency where it exists, but it does not create it; and as regards dispositions to other offences, these are but slightly acted upon by drink. The criminal records of the country do not, as far as my experience goes, substantiate the statements in the petitions.

38. Mr. Lyall, the able Magistrate of Dacca, thus writes last month:—"I have very seldom, I may say almost never, been able to trace any connection between drunkenness and crime in this country." The evidence of the most experienced and shrewdest police officer in Bengal was to the same effect. In 1872 Mr. Wauchope wrote to the Government as follows:—

"I can adduce no facts to show that the existence of liquor shops has any bearing on crime in their neighbourhood. The police section in which the largest number of cases is reported is Colootollah, where there are only seven liquor shops; while there are thirty-one in Burra Bazar, where there is less crime. Jora Bagan, where nearly every dacoit who commits robberies in the mofussil lives, has only twenty-three shops of all sorts; while Burra Bazar has forty-nine. There are many dacoits and burglars in Burtola, which has only nine liquor and other shops.

"With regard to the criminal classes, dacoits all drink, but not to excess. Before committing a dacoity they perform worship to Kalee, in which Brahmins, though they do not drink as a rule, dip the tip of their fingers into the liquor, and touch their foreheads with it. I had charge at one time of a good many dacoit approvers, and found that, though they consumed a considerable quantity of liquor, they were seldom actually drunk, and did not destroy their constitution with churrus and muddut. On the other hand, there can be no doubt that common burglars and petty thieves are in a constant state of half stupefaction from the use of intoxicating drugs, by which their health is completely destroyed.

"It is generally said that crime is the result of drink, and very probably it is so with regard to offences attended with violence to the person, which are of comparatively rare occurrence in Calcutta; but I cannot discover the connection between drink and offences requiring skill. The most celebrated dacoit I ever knew, who gave me an account of more than a hundred dacoities, in most of which he had been the leader, never tasted liquor; and a New York burglar, perhaps the most expert in his profession who ever visited India, was described to me by the Captain of the ship in which he came to this country as the most sober man who had ever sailed with him.

"In England it is said that drinking promotes intemperance, intemperance undermines morality, immorality is the immediate cause of crime; also that intemperance is supported by extravagance, which leads to poverty, and poverty to crime.

"These theories may apply to England, but not to Bengal; for here intemperance is generally the result, and not the cause, of immorality; and living is so cheap that poverty is not starvation, as it is often in England, so as to lead to crime. Dacoits and thieves do not rob because they are poor or starving, but because they can earn their daily bread easier by crime than by labour. Neither has it been shown that men who take to crime from starvation during famine, &c., in this country are addicted to liquor.

"Whether there are liquor shops or not, there will be immorality and crime; and so long as liquor shops are properly supervised by the police, so as to prevent the meeting of bad characters and the concoction of robberies, &c., I do not think that they cause much difference one way or the other in crime."

39. The last year for which I have been able to get comparative figures for all India is 1872-73.

The following statement gives the results bearing on the subject under report:—

Presidency.	Population.	Abkaree revenue.	Amount per head.	REMARKS.
		Rs.	Rs. A. P.	
Oudh	11,198,095	6,44,430	0 0 11	
Central Provinces	7,985,411	10,24,100	0 2 0	
British Burmah	2,463,484	11,23,440	0 7 0	
Bengal	66,866,869	69,66,530	0 1 8	
North-Western Provinces	30,014,921	30,30,900	0 1 1	
Punjab	17,611,498	8,76,330	0 0 9	
Madras	96,539,136	61,68,440	0 3 8	
Bombay	12,407,579	41,87,470	0 5 4	
Total	176,076,983	2,30,21,940		

40. It will be seen that Bengal contrasts favorably with British Burmah, Bombay, Madras, and Central Provinces.

41. During the last few years the subject of excise has received a good deal of attention in Bengal. My object since I have had this department under me has been to obtain for Government as much as can be got of the profit which arises from the sale of drink, while

reducing the temptations which lead astray the weak, the ignorant, and those who have a natural inclination for stimulants. In this view the number of liquor shops where the sudder distillery system is in force has been regulated and reduced; a strong repression has been placed on the tendency to license an unnecessary number of outstills in districts, or parts of districts, in which the monthly tax system prevails. No outstill, as a rule, is allowed within four miles of another, and sometimes the minimum distance is greater, and increased duties have been levied on opium and on ganja. The number of shops and outstills which it is proposed to license during the following year in a district is now reported to the Board; and not only is supervision from head-quarters thus rendered more direct, but the attention of Collectors and Commissioners is forcibly drawn to the subject.

42. Two years ago, on my recommendation, Sir G. Campbell introduced two Acts into the Bengal Council, which allowed of shops being put up to auction in places under the sudder distillery system. This plan was borrowed from the North-Western Provinces. Formerly, monthly fees ranging from one to twenty rupees per shop were levied. Now 32 shops in Calcutta pay a monthly license fee of over Rs. 200, and 28 shops a fee of between Rs. 100 and 200. The auction system enables Government to obtain a share of the larger profit made at the shop where the sales are greatest. The result of this new plan of granting licences has been to reduce in Calcutta the number of retail shops as follows:—

	1872-73.	1873-74.	1874-75.
Retail liquor shops	280	188	193
Ganja retail shops	133	114	103
Opium ditto	212	126	112

The revenue, on the other hand, has increased from Re. 1,95,019 in 1872-73 to Rs. 3,55,874 in 1873-74. The present year's revenue is of course not yet known.

43. The same system was introduced in the districts shown in the following statement, which also gives the result on the number of licenses issued:—

DISTRICTS.	1871-72.	1873-74.
Burdwan	148	148
Hankoora	100	44
Midnapore	132	147
		The increase is owing to the establishment of outstills in 1873-74.
Honghly	321	151
24-Pergunnahs	135	157
		The increase is owing to the exhibition of rum licenses separately from country spirit in 1873-74.
Dacca	159	152
Fureedpore	70	53
Backergunge	89	66
Mymensingh	119	103
Sylhet	59	45
Cachar	247	155
Patna	515	328
Gya	424	239
Shahabad	399	285
Tirhoot	313	243
Sarun	362	284
Chumparun	260	172
Monghyr	461	315
Bhagulpore	310	211
Purneah	252	189

44. These figures show the number of licenses issued. The number of shops would be much smaller, especially in the 1873-74 column, for a fresh license is issued every time the old license is given up, and under the auction system, licenses fall in much oftener than under the uniform fee system, one shop sometimes being licensed two or three times over during the year.

45. Although the abkaree revenue of some districts fell off in the last quarter of the last financial year, 1873-74, it is owing partly to this auction mode of licensing and partly to the introduction of the outstill system in tracts of country quite unsuited to the sudder distillery system, that, notwithstanding the scarcity in Behar and high prices of food generally, the collections of excise revenue for the last year in the whole presidency are higher instead of lower than those of the previous year.

46. The increase of duty in late years on ganja and opium has been as follows:—

PERIOD.	GANJA.		
	Flat.	Round.	Char.
1853-54 to 1858-59	Rs. 1 per seer on all sorts.		
1859-60 to 1863-64	Rs. 2 ditto ditto.		
1864-65 to 1871-72	Rs. 2 per seer.	Rs. 3 per seer	Rs. 4 per seer.
1872-73 to date	Rs. 2-8 ditto	Ditto	Ditto.
PERIOD.	Opium.		
1851-52	Rs. 10, 11, 12, 13, 14, 15, and 16 per seer in the several districts.		
1864-65	" 16, 18, 20, and 22 per seer in the several districts.		

1871-72	A. 16, 18, 20, and 22 per seer in the several districts.
1872-73	A. 16, 18, 20, 22, 23, 24, and 25 per seer in the several districts.
1873-74	A.—These rates are leviable in the producing districts.

47. The consumption in maunds during the last seven years has been as follows:—

YEAR.	Ganja. Mds.	Opium. Mds.
1867-68	9,247	3,829
1868-69	9,172	3,665
1869-70	9,400	3,451
1870-71	10,433	3,462
1871-72	10,750	3,643
1872-73	9,335	3,674
1873-74	8,862	3,607

48. The revenue during the same period obtained from these two articles has been —

YEAR.	Ganja. Rs.	Opium. Rs.
1867-68	9,73,176	21,26,933
1868-69	9,08,010	20,81,117
1869-70	9,08,128	20,29,207
1870-71	11,06,818	20,35,913
1871-72	11,40,329	20,82,864
1872-73	11,89,706	21,99,180
1873-74	11,76,884	23,29,827

49. The results may be thus briefly stated. Ganja, diminished consumption, and an increased revenue of Rs. 2,03,708. Opium, consumption stationary, and an increased revenue of Rs. 2,02,894.

50. Both articles are probably susceptible of still higher rates of duty. As regards ganja, it is under consideration whether it would not be preferable to make the wholesale purchaser pay the duty when he buys the article in Rajshahye, freeing him from all restrictions afterwards. At present, the wholesale purchaser merely pays the cultivator for the plant; he then carries it to his own district and gola, where it is placed under the joint custody of himself and an abkaree darogah, and the duty is paid by the retail seller on each lot as he buys it from the goladar.

51. I now come to the remedies proposed by the petitioners to check the increase of drunkenness.

52. Nos. 1 and 2 have been and are attended to.

53. Nos. 3 and 4 are exactly the same checks as proposed in the Permissive Bill which the temperance party have tried to introduce in England. They are not, in my opinion, practicable. There would be great difficulty in obtaining the opinions of residents or rate-payers, and it is questionable how far it would be right to set up such a tyranny of majorities. The fact that 600 men in a village prefer to drink water is no sufficient reason for debarring the remaining 200 from obtaining some other drink, if they wish it. At the same time I quite admit that the establishment of a liquor shop in a quiet and respectable locality may be a nuisance to the residents which would form a fair ground of complaint, and from which, like from any other nuisance, they would have a claim to be freed. This is a question of police administration rather than of excise; and as the police can prevent the opening of any shop or the renewal of any license, the evil, where it exists, has already a remedy. I may add that I have myself forbidden the opening of a shop where I found there was a strong feeling against it among the residents.

54. An objection of the same kind exists against the adoption of remedy No. 5. Municipalities in India are not representative. This rule would often be the establishment of the tyranny, not of the majority, but of a small minority.

55. I am not myself in favour of an alteration of the present system for granting licenses, but if a change were made, I would rather see it in the direction of Local Licensing Boards. The idea was mooted as regards England by Mr. Arthur Arnold in the April number of the *Fortnightly Review*, 1872. Such a Board might consist of Collector, Superintendent of Police, and four or five influential men in the district, especially natives.

56. No. 6 has been carried out, and is the subject of constant care.

57. No. 7 would be to force a man who wanted a glass of liquor to buy a bottle, and would deprive a traveller or workman of the refreshment he required.

58. No. 8 would turn every liquor shop into a sort of Black Hole, where, in the hot weather, the unfortunate abkar and his customers would run the risk of death from heat apoplexy.

59. There seems no good reason for adopting No. 9. Government has no right to insist upon every man getting through his drink before sunset any more than through his food. As a matter of police, liquor shops should be shut when quiet and respectable people want to go to sleep, and that is now the rule.

60. No. 10 I agree with, as far as it can be carried out with due regard to the wants of the inhabitants of such quarters.

61. No. 11 is directed against an evil which does not exist.

62. No. 12 touches a real evil which I have long been aware of; but I wish the petitioners, while pointing it out, had given their views as to the best mode of meeting it. The only remedy I can suggest is the passing of a law similar to one which, in 1867, was pressed

upon the attention of the Legislature of Massachusetts in the United States. Whether this proposed Act was ever enacted or not in Massachusetts, I have no means of knowing. It is copied in the Appendix to this Minute.

63. No. 13 I do not understand.

64. No. 14 is attended to as far as is necessary. Each case must be decided on its merits. A universal rule like that suggested would often be productive of injustice and hardship.

65. I am not in favour of No. 15. It is true the police do not help the Excise Department much, but a special abkaree staff would consist of men generally of a lower class than the men in the police, and would probably be of very little more use. They would be bribed to blindness even more easily than the Police, and would not repay by their additional service their cost to the State.

66. The fact is that in excise, as in most matters of administration, there is no short and royal road to what is best. Everything must depend on care and on thoughtful adaptation of varying means to ever-changing evils and dangers.

67. The alterations in the existing laws which I would recommend are few. They are embodied in the Appendix to this Minute, and have already been urged (most of them) upon the consideration of Government.

68. My own idea of the best form of excise generally for Bengal is the sudder distillery system in towns and the outstill system in the interior, with strict precautions against the tendency of the latter to multiply outstills in the interior, and against the tendency of the former to increase shops in towns. I would raise the duty on imported spirits, and keep on raising it gradually, but by small increases, on ganja and opium.

69. It is, however, mere foolishness to expect that a certain proportion of the people of this country will not continue to use stimulants, or that the excise revenue will not increase. As the upper classes adopt more and more European habits, we must expect to see them take the bad with the good, and probably, at first, even more of the bad than of the good; while as the position of the lower classes improves, as agricultural produce yields a better price to the cultivator, and yearly the number increases of men, women, and children, who earn a livelihood such as they never dreamt of, in mills and factories, there will be a larger consumption of everything the mass of the people care for. They will wear more clothes, they will eat more food, and they will drink more liquor. Any attempt to enforce sobriety in a country where illicit distillation is so easy and so difficult of detection would be a failure. All we can do is to limit ourselves to supplying the demand, and not to create it; to open no new shops except on proof that they are required to meet an existing want, and to act on an honest recognition of the truth that the excise revenue is a very small matter in comparison with the comfort and well-being of the people.

70. I believe that generally throughout the country revenue officers more or less are actuated now by these motives, and it is on this principle that the Board attempt to conduct the abkaree administration.

A. MONEY.

The 25th January 1875.

APPENDIX No. I.

An Act to authorize Druggists and Apothecaries to sell Spirituous Liquors.

BE it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:—

Section 1.—Druggists and Apothecaries may sell alcohol, spirits and wines for medicinal purposes only, *provided* that they shall keep a book in which they shall enter the date and quantity of every sale, the name and residence of the purchaser, and, if exported, the place to which exported and the name of the consignee; which book shall at all times be open to the inspection of the Mayor and Aldermen and selectmen, or of any State constable.

If a Druggist or Apothecary, or any Clerk or Agent of a Druggist or Apothecary, is convicted of an illegal sale, he shall be subject to the penalties prescribed in section thirty of chapter eighty-six of the General Statutes.

Section 2.—Section twenty-six of chapter eighty-six of the General Statutes is hereby repealed.

Section 3.—This Act shall take effect upon its passage.

No. II.

Proposed Alterations and Amendments of the Excise Laws, Act XI of 1849. Act XXI of 1856, Act XXIII of 1860, Act IV of 1866 (B.C.)

1. To introduce a provision into Act XI of 1849, requiring wholesale dealers in spirituous wines and liquors in Calcutta to take out licenses, and so to place them in the same position as similar wholesale dealers in the mofussil.

Board to Government, No. 120B., dated 16th March 1872.

2. To amend section 20 of Act XI of 1849 in such a manner as to allow of search being made at night under certain conditions as would guarantee against abuse, as, for instance, that a police officer, not under the grade of a sub-inspector, should accompany the

Board to Government, No. 860B., dated 29th December 1874.

searching party.

3. To provide a penalty for the illicit manufacture in Calcutta of any spirituous or fermented liquor or intoxicating drug, and also to provide for search, by abkaree officers, of premises in which illicit manufacture may be reasonably suspected to be taking place.

Board to Government, No. 120B., dated 16th March 1872.

4. To substitute the following for the opening words of section 40, Act IV of 1866, (B.C.)—"Any person committing a breach of any of the conditions upon which a license is granted under the terms of Section 36 or Section 39 of this Act shall be summarily convicted," &c., &c.

The necessity for this alteration is stated in the Advocate-General's opinion, which accompanies the Board's letter No. 773B., dated 23rd November 1874, to the Secretary to the Government of Bengal.

5. To amend Sections 33 and 50 of Act XXI of 1856, so as to enable the Board of Revenue to exercise a more effectual supervision over the cultivation, preparation, and storage of intoxicating drugs by subjecting the cultivators to more restrictive rules than formerly, a penalty being imposed for any breach of such rules, and by forbidding the storage or possession of such drugs, except under a license; the special object of the proposed amendment being to discourage the private growth of ganja in certain districts, and to check smuggling and surreptitious sales in the Rajshahye division.

No. 606B., dated 27th November 1871.
No. 16H., dated 8th January 1872.
No. 120B., dated 16th March 1872.

6. To make the rules in Act XXI of 1856, which relate to Pachwyee, applicable to any fermented liquor other than those referred to in the Act, with the special object of regulating the manufacture of a fermented liquor called "Sharbat-bahar," and said to be made from molasses, and of a wine made from the fruit of the jamun tree.

No. 120B., dated 16th March 1872.
No. 204B., dated 13th May 1872.

7. To extend the provisions, of the several criminal laws relating to the enforced realization of fines imposed on offenders to breaches of the excise laws.

No. 120B., dated 16th March 1872.

8. To give the Magistrate a discretion to order an offender to be confined in either the civil or the common jail, and with rigorous or simple imprisonment, as from the circumstances of the case may seem best.

No. 120B., dated 16th March 1872.
No. 61B., dated 21st February 1872.

9. To import into Act XI of 1849 a similar provision to that contained in Section 59 of Act XXI of 1856, as regards the exercise by the Police of powers of seizure, search, and arrest. It is not proposed to confer such powers indiscriminately upon all Police Officers, but only upon certain officers who may be specially selected by the Commissioner of Police. Should this proposal be adopted, it will be necessary also to amend Section 20 of Act XI of 1849, by the addition of the words "Magistrate of Police" after the word "Collector;" and Section 22 would also require to be altered so as to allow of the person arrested being conveyed to the Magistrate, instead of to the Collector, in cases of arrests by the Police, a report in such cases being immediately made to the Collector showing the action taken.

Minute by the Lieutenant-Governor of Bengal, dated 18th February 1875.

For some time past the memorials marginally noted, regarding the operation of the excise system of Bengal, have been under the consideration of the Government. The subject was referred to Mr. Alonzo Money, C.B., who, as Member of the Board of Revenue for the provinces under the Government of Bengal has the general charge

From the Rev. J. D. Don and 26 others.

Ditto Bengal Temperance Society.
Ditto Rajah Rom-nath Encere and 51 others.
Ditto Rajah Kaikishen Banadker and others.
Ditto Baboo Keshub Chunder Sen.

and supervision of the Excise Department, relating to liquors, spirits, and drugs; who possesses great experience of the whole department; and who may be regarded as the first local authority on the subject. He has now reviewed the case with much care and thought, collated the most noteworthy opinions bearing thereon, and expressed his own conclusions in a lucid and interesting manner. After much discussion with various authorities, I have to declare my general concurrence in Mr. Money's valuable report, for which indeed the Government is much indebted. Nevertheless, I deem it right to state briefly my own opinion on the main points at issue.

2. The memorialists, chiefly native gentlemen of position and education, partly also European gentlemen whose benevolence entitles them to respectful attention, appear to believe that the consumption of liquors, spirits, and drugs, is increasing to a harmful extent among the people of these provinces, and that repressive action is not sufficiently exerted by Government upon this dangerous tendency.

3. On the one hand, it is matter for regret that so many estimable persons should feel themselves obliged to entertain such apprehensions; on the other hand, it is matter for satisfaction that so many of the leaders of native society, and so many European gentlemen, whose good disposition must give them influence with the natives, are manifesting a lively interest in these questions. Whatever may be the action of Government, there can be no doubt that the moral force of opinion will be effective and beneficial; and the memorials now under consideration supply an earnest that this force will be duly brought into play. If, therefore, I am unable to follow the memorialists in all their statements, and have to differ with some portions of their opinions, I should still desire to evince every respect towards their views.

4. They may be sure that the Government entirely agrees with them in thinking that any general excess in the consumption of liquors, spirits, or drugs, is really a national evil;

that, so far from encouraging its existence or its growth for the sake of the revenue, the Government already does, and will willingly do, everything in its power to impose a check, or to exercise repression upon any excess; and that the efforts of Government in this direction are only limited by considerations of the practicability or otherwise of attaining actual success in such repression. Whether or not in former periods, separated by many years from the present time, the excise laws, or the administration of them, may have indirectly led to expansion of the consumption, it has been shown that no such effect has been produced during recent years, and that on the contrary every endeavour is made to prevent any such effect arising. The result of the fiscal regulations of Government now is to render liquors, spirits, and drugs dearer than they would otherwise be; to place some artificial restrictions on the production and sale of these articles; and *pro tanto* to impose a check on consumption. It is impossible to doubt that but for these fiscal regulations the consumption would be greater than it is; and that if the present system of taxation upon these articles, and the consequent interference on the part of the State, were to be abandoned, there would be an increase in the consumption. If it be an object morally, as I quite admit it to be, to do all we properly can to prevent the consumption exceeding reasonable limits, then that object is in some degree effected by the fiscal interference, without which indeed even this degree would not be attained. In making its arrangements, the Government is not influenced by the desire of fiscal advantage nor by the fear of fiscal loss. If any measure or proceeding of this nature could be demonstrated to be capable of checking excessive consumption, the Government would not be deterred from introducing it by the prospect of diminution in the revenue. If such measure or proceeding should promise an enhancement of revenue, the Government would refrain from adopting it if there were reason to fear that an excessive increase of consumption would be a concomitant result.

5. But it must not be forgotten that, in making its arrangements, the Government is never free from the question as to how far it is possible to check the consumption. It is not possible to stop the consumption altogether, nor even to attempt to check it in any very great degree without introducing a fresh class of evils. Nothing would be easier, in the first instance, than to do all that is recommended in the memorials, to shut up public distilleries, to close shops, to withhold licenses for production and vend, to pass prohibitory regulations. But all this would utterly fail to stop or even check manufacture. One main result would be that the manufacture, which is now licensed and controlled, would continue, though illicit, and would be without any really practical control. While, on the other hand, new evils, namely, inquisitorial proceedings on the part of Government officials, and persistent evasion on the part of the people—both circumstances directly conducing to demoralization—would be introduced.

6. It is to be remembered that the materials from which liquors and spirits are manufactured, namely, molasses, rice, and the flowers and juice of certain trees are articles produced in the greatest abundance in the country, are most easily obtained, and yield liquor or spirits by the cheapest and simplest processes within reach of the poorest persons. If, therefore, any section or sections of a vast population desire (as they certainly do desire) to make liquor or spirits, it is not in the power of the most highly organized Government to altogether prevent them, without at least resorting to measures more injurious even than excessive consumption.

7. The problem, therefore, is how to impose adequate restrictions without offering a clear premium on smuggling and other illicit practices; how to frame the fiscal laws and rules in such manner that there shall not arise any undue temptation to infringe them. The practical solution of this problem has long occupied, and will continue to occupy, the attention of the ablest fiscal officers in Bengal. I did not venture to say that a perfect solution has been yet arrived at; but without repeating the description given by Mr. Money of the several methods now in force, I will say that much progress has been made, and that if any ways can be seen for further progress, they will be followed.

8. Similar remarks may be made regarding the drugs opium and ganja. The opium though not universally produced, is yet grown over a very extensive area. If there were to be anything like prohibition of the local consumption (and the memorialists seem to desire something like prohibition), the temptation to illicit practices would be so great that they would spring up to a degree beyond our power of prevention. Already these practices do exist, even in the absence of any special inducement, and frequently give rise to some anxiety. From this we can imagine what they would become if such inducement were virtually afforded by prohibition of local consumption. The production of the particular sorts of ganja now in use is, no doubt, much more limited. It has been considerably restricted of late years. Whether any further restriction will be practicable, is a question under consideration.

9. I have dwelt somewhat on the foregoing considerations, because it seems doubtful whether they have been sufficiently present to the minds of the memorialists.

10. Next, I observe that there is some difference of opinion on the question as to whether the consumption of spirits and drugs has increased of late years absolutely or relatively. It appears that the question is answered affirmatively or negatively, according as a longer or a shorter period is taken for the purpose of comparison. On the whole, I believe that there has been no material increase whatever within the last five years, and that there is no tendency whatever towards excessive increase among the population as a whole.

11. I have said no 'excessive increase,' because it cannot be affirmed that there will be no increase either absolutely or relatively. It is an obvious fact that the population is growing in numbers: it is almost certain that they will not diminish their average rate of consumption per head: it is, on the contrary, probable that they will slightly augment the rate, as their

resources and prosperity increase. We may suppose that some of the agricultural and labouring classes will, while erecting better cottages, using better household utensils, wearing better clothes, and eating a better ration, slightly add to their consumption of liquor. If they do, they will not be acting differently from other nations; nor could such a consequence be deemed unreasonable.

12. But I cannot discover, either from the evidence in the possession of Government, or from the inquiries I have been able to make while travelling about the country, that excessive consumption of drugs or spirits is prevalent among the people as a whole. The best calculation that I can obtain seems to shew that the people of these provinces do not drink more than a wine-glassful of spirits per head in a year. It is difficult to imagine how, as a people, they could drink a smaller quantity unless they abstained altogether. Any supposition that they are becoming at all addicted to intemperance would be unjust to them. Taken in the mass, they must be regarded as a sober, quiet, and abstemious people. Neither has it been shewn that crime is in any part of these provinces attributable to intemperance. A similar calculation as regards opium shews that the consumption does not exceed one ounce per annum for fourteen persons, which may be considered an extremely low average rate.

13. It is probable that a great part of the people never see spirits at all. Among the lower classes, the only class who enhance their consumption are the labourers who are congregated upon large works and industries belonging either to the State or to individuals or to corporations. With these particular classes there is not as yet any reason to apprehend excess, especially when the severity of their toil is borne in mind.

14. But I fear that to this generally favorable description there is one notable exception to be made, and that relates to several sections of the educated classes among the natives at the Presidency town (Calcutta) and at other large centres of national life. With these sections (which I trust are limited sections), intemperance appears to be on the increase. This fact is derived not at all from foreign or hostile evidence, but from the testimony of the best informed among the natives themselves. Such a circumstance cannot but cause sorrow or concern to the Government, inasmuch as these are the very classes who are bound to us by many ties of common subjects of study, a common vehicle of thought and expression, and common examples of knowledge for imitation. Some measures in detail have been proposed for counteracting this most sad and unfortunate tendency; but I cannot hope that any such will prove efficacious unless the moral sense of these classes themselves shall restrain them from intemperance, unless the weight of public opinion shall help to enforce the necessary abstinence. I know that among the best educated sections of the native community many classes are still proof against this miserable temptation. Having regard to the intellectual industry which distinguishes the whole of these sections of the people, to the desire to excel in mental pursuits, and to win their way in life which animates them all, I cannot but hope that those who have yielded, or are inclined to yield to this temptation, will eschew their dreadful error before it is too late, and will return to the principles of that sobriety which is honorably characteristic of their nation generally.

15. I apprehend that it is the contemplation of this intemperance among a limited section of the people under their immediate observation which has induced the memorialists to generalize (as I think) too much, and to fear that the extent of the evil is much wider than it really is.

16. I append to this Minute copies of the instructions given to the Board of Revenue on the receipt of Mr. Money's report, and a draft of the Bill which he has prepared for submission to the Legislature in accordance with his several suggestions which have been approved by the Government of Bengal.

RICHARD TEMPLE.

No. 438, dated Calcutta, the 22nd February 1875.

From—H. J. REYNOLDS, Esq., Officiating Secretary to the Govt. of Bengal,

To—The Secretary to the Board of Revenue, Miscellaneous Revenue Department.

I AM directed to acknowledge the receipt of your letter No. 56B. of the 28th January, submitting a Minute by the Member in charge (Mr. Alonzo Money, c.b.), upon the abkaree administration of Bengal, with special reference to certain memorials and petitions presented to the Supreme and Local Governments upon the subject.

2. The Lieutenant-Governor has read the Minute with much interest. It gives a clear and complete review of the existing system of administration, and while it points out that the evils of which complaint has been made are partly exaggerated and partly such as cannot be checked by Government interference, it does not hesitate to admit that the vice of intemperance has increased in large towns and among the upper classes of native society; and it suggests measures, both executive and legislative, for restraining, as far as possible, the tendency to excess in the consumption of intoxicating liquors. The Lieutenant-Governor deems it right to say that in his opinion the Minute furnishes a complete answer to the charge which has been brought against Government, of encouraging the growth of intemperance by praising and promoting those Revenue Officers who increase the facilities for drinking in the districts under their charge. Whatever may have been the case in former times, it is clearly shown that of late years it has been the object of Government and of the Board to limit the traffic while increasing the revenue. I am directed to convey the thanks of the Lieutenant-Governor to Mr. Money for his lucid and able paper on the abkaree administration.

3. The views of the Lieutenant-Governor upon the general question of the reality and magnitude of the evils complained of, and of the policy which should be adopted by Government to counteract them, have been embodied in a separate Minute, which will be submitted for the consideration of the Governor-General in Council as an expression of His Honor's opinion upon the matters in issue. A copy of this Minute is forwarded herewith. A Bill (the draft of which Mr. Money has been good enough to prepare at the Lieutenant-Governor's request) will also be introduced, with the assent of the Supreme Government, into the Bengal Legislative Council, for the propose of supplying some defects which experience has brought to light in the law as it at present exists.

4. With regard to the measures which the several memorialists desire to see introduced, and which are enumerated in the 3rd paragraph of Mr. Money's Minute, I am directed to communicate the following instructions and remarks.

5. The imposition of higher rates of duty and license fees is already receiving due attention. The duties on both ganja and opium have been considerably increased, as is shown by the figures given in paragraph 46 of the Minute. A fee has lately been levied upon licenses for selling opium. The fees for the sale of both country spirits and imported liquors have been largely increased by the introduction of the auction system. The policy which has dictated the introduction of these measures is still being steadily pursued. The Lieutenant-Governor in his recent Resolution on the Excise Report for 1873-74, has expressed his willingness to assent to the imposition of a higher duty on ganja, and he has lately recommended to the Government of India an increase of the duty upon imported brandy. In paragraph 68 of the Minute the Member in charge has stated that it will be his wish to keep on gradually raising the duties on both ganja and opium.

6. The Lieutenant-Governor agrees with the Member in charge in thinking that it would be impracticable to introduce into Bengal any measure which should make the existence of a shop in a given locality dependent upon the votes of a certain proportion of the residents or rate-payers. The question has for some years been much discussed in England, and those who advocate such interference have failed to show it to be either beneficial or justifiable. And independently of this consideration, the Lieutenant-Governor feels that it would be extremely difficult to obtain a real expression of the opinion of residents or rate-payers on the subject. The same objections apply to the proposal to transfer the power of granting licenses from Collectors to Municipalities. The power must, His Honor thinks, for the present at least, remain with the Revenue authorities; and he feels confident that those authorities will exercise a judicious discretion in the matter.

7. The limitation of the number of shops generally throughout the country is already the subject of continual and watchful care. The imposition of higher rates of license fees is in itself calculated to diminish the number of shops, and it is now the practice to fix at the beginning of each year a maximum number of shops for each district, which is not under any circumstances to be exceeded. In districts in which the monthly tax system prevails, no outstall is allowed within four miles of another. It is clear that restrictions of this kind cannot be carried beyond certain limits. A demand exists which will be met by the opening of illicit sources of supply if the establishment of licensed shops is prohibited. In determining the number of shops as in the regulation of the amount of duty and license fees, it must be our object to do nothing which will stimulate the demand, and to contract the supply in such a manner as to check consumption without affording an irresistible temptation to evasion or violation of the law. The Lieutenant-Governor observes with satisfaction that the returns of the past year show a considerable decrease in the number of shops in the majority of districts, and especially in Calcutta, and he trusts to the vigilance of the Member in charge to maintain these necessary restrictions.

8. The Lieutenant-Governor is not prepared to enforce a rule prohibiting all consumption of liquor on the shopkeeper's premises, nor to provide that no shop shall have either door or window except in front on the road side. The former of these proposals would not, he thinks, promote the cause of temperance, for the effect of it would be that the man who wanted a glass of liquor would be compelled to buy a bottle. In some of the memorials which have been presented to Government, it has been urged that backdoors and windows afford facilities for smuggling out liquor at prohibited hours. This, however, is a matter of police administration rather than of excise, as the existing rule would be sufficient if it were properly enforced. And though the suggestion of the memorialists, if it were adopted, would make the enforcement of the rule more easy, it would do so at the cost of an amount of public inconvenience altogether disproportionate to the benefit derived from it, and it would bear with equal harshness upon those shopkeepers who now observe the law, and upon those who now violate it. It is not asserted that these irregular practices are universal, it is not probable that they are even general; but the regulation which the memorialists desire to enforce would apply to all shopkeepers alike, and the Lieutenant-Governor is therefore unable to assent to it.

9. With regard to the other remedies proposed by the memorialists, and noticed in the 3rd paragraph of the Minute, I am directed to express the concurrence of the Lieutenant-Governor in the remarks of the Member in charge. There appear satisfactory reasons against the promulgation of a rule requiring all shops to be closed at sunset, and the Lieutenant-Governor is of opinion that the employment of a special staff of excise police would serve no useful end which could not equally be attained by the employment of the existing police force. It is however important, His Honor thinks, that the police should be encouraged to co-operate to the utmost in the enforcement of the excise laws and regulations, and any

police officer who shows marked activity and success in this department of his duties, should be noticed for promotion and reward.

10. The Lieutenant-Governor has taken note of the remark of the Member in charge that the sale at dispensaries of alcoholic liquor under the guise of medicine is an evil which requires to be checked by stringent regulations. Sir Richard Temple fears that there is good ground for the complaints made regarding the existence of this abuse, and that the facilities for obtaining intoxicating drinks in this manner serve to throw temptations in the way of many who would be restrained by a feeling of self-respect from resorting to shops which are avowedly open for the sale of liquors. The repression of this traffic is a matter of considerable difficulty; but the most effectual means appears to be the enactment of a provision for keeping a register of all such sales, in which the names and addresses of the purchasers shall be entered. Sections providing for this have accordingly been introduced in the draft Bill submitted to the Government of India.

11. In conclusion, I am to say that the Lieutenant-Governor desires that the earnest and unremitting vigilance of the Member in charge and of all revenue officers of Government may be exercised in the supervision of this department of the administration. The Minute which the Member in charge has submitted indicates, in His Honor's opinion, the true principles upon which our policy in this matter should be founded, and it is only necessary to maintain a careful attention to these principles in all the details of excise management.

No. 469, dated Simla, the 29th April 1875.

From—R. B. CHAPMAN, Esq., Secretary to the Government of India, Financial Department.

To—The Secretary to the Government of Bengal.

Is continuation of the letter* addressed to you in the Legislative Department, by which

* No. 253, dated 18th April 1875.

the sanction of His Excellency the Governor-General was given for the introduction into the Bengal Legislative Council of a Bill to amend the law relating to the Excise Department in Bengal, I am directed by the Governor-General in Council to communicate the following observations upon the important matters to which your letter No. 439, dated 22nd February 1875, refers.

2. His Excellency in Council has read with attention the memorials and other papers submitted with your letter, and cordially recognizes the public spirit of those gentlemen who have addressed the Government on the excise administration of Bengal. The desire manifested for the discouragement of intemperance by every legitimate means has the cordial sympathy of the Governor-General in Council. The danger, however, of attempting, by measures of undue stringency, to suppress the use of stimulants is clearly brought out by Mr. Money in his able minute. They would without doubt lead to an increase of smuggling and illicit distillation, and thus to the greater evil of an unregulated traffic in drugs and spirits, which under the present system is at any rate subject to some measure of control. At the same time nothing should be done to place temptations in the way of the people that can possibly be avoided. The number of liquor shops should therefore be reduced to the utmost degree compatible with the reasonable requirements of the neighborhood, and no new shops should anywhere be opened without strong evidence that on the above understanding they are really needed. These are the general principles which the Government of India desire everywhere to inculcate.

3. His Honor the Lieutenant-Governor may rest assured of receiving the support of the Government of India in any measure that he may adopt for limiting the consumption of ganja; and indeed if the use of the drug could be altogether suppressed without the fear of leading to its contraband use, such a course would be justified by its deleterious effects.

4. In conclusion, I am to request that, with the permission of the Lieutenant-Governor, you will convey the thanks of the Government of India to Mr. Alonzo Money, C.B., for the very complete and excellent minute which he has submitted on the subject, in the arguments and conclusions of which His Excellency in Council desires to express general concurrence.

5. The correspondence will be published in the Supplement to the *Gazette of India*.

INCREASED SCALE OF PERMANENT ADVANCES.

RESOLUTION.

FINANCIAL DEPARTMENT.—FINANCE.

Calcutta, the 22nd May 1875.

READ—

Letters Nos. 5STM and 9STM, dated respectively, the 19th and 28th April 1875, from the Accountant-General, recommending an increased scale of permanent advances for Government officers.

It has been represented that much inconvenience is at present felt by

	1st Class District.	2nd Class District
	Rs.	Rs.
To Collectors	50	25
„ Magistrates... ..	100	50
Officers in charge of Jails	100	50
And under subsequent orders—		
To Judges	30	...
„ Commissioners	50	...
District Superintendents of Police	100	50
Revenue Surveyors	200
Sub-divisional Officers	30
Deputy Inspector-General of Police	100
Special Registrars	50

Government officers, consequent upon the small amount of permanent advance allowed them on the scale noted on the margin, which was sanctioned by the Government of India in their Financial Department Resolution No. 4082, dated 21st December 1864.

2. As the Government of Bengal has been declared competent to sanction any necessary increase to the existing scale, without reference to the Supreme Government, the Lieutenant-Governor, with a view to obviate the inconvenience arising from the insufficiency of the present provision, is pleased to direct that these advances shall in future be regulated for the undermentioned officers throughout these provinces by the scale specified below :—

	Rs.	
For Collectors	100	without distinction of districts, but at the discretion of the Accountant-General.
„ Magistrates	200	ditto ditto.
„ Jails, Central and District	200	ditto ditto.
„ Judges	100	ditto ditto.
„ Commissioners	200	ditto ditto.
„ District School Committee	100	ditto ditto.
„ District Superintendents of Police within the maximum of Rs. 200, as set forth in Police Circular J, dated 1st September 1874.		

3. His Honor also vests Magistrates with authority to raise, where necessary, the permanent advance of their sub-divisional officers to a maximum of Rs. 150, on the understanding that the Magistrate will be responsible for the advance, and that all contingencies, including those of lock-ups and sub-registry offices at the sub-divisional head-quarters, shall be met out of this sum. No separate advance will be made on account of these latter items. In consideration of the special requirements of the sub-divisional stations of Rancegunge, Rajmehal, and Goalundo, the Lieutenant-Governor authorizes the maximum of advance at these stations being raised from Rs. 150 to Rs. 250.

4. In the Registration Department the Lieutenant-Governor desires that the three sets of advances now held by District Registrars on account of (a) contingencies, (b) service postage, and (c) refund of registration fees, shall be discontinued, and that in place of them a consolidated amount, not exceeding Rs. 200 for each District Registrar, shall be given to meet the contingent expenses of both the sudder and rural registration offices. In cases of the dismissal or death of rural Sub-Registrars, the District Registrar will be held responsible for the amount of the advances made by him.

ORDERED that a copy of this Resolution be forwarded to all Commissioners, Collector, Magistrates, Judges, the Inspector-General of Jails, the Inspector-General of Police, the Inspector-General of Registration, the Director of Public Instruction, and the Board of Revenue for information.

That a copy be also forwarded to the Accountant-General, and to the Revenue, General, Judicial, Political, General (Section B) Departments of this office for information.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 24th May 1875.

District and date of return.		Rainfall at Sadler Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
Western Districts.			
1	Burdwan, 24th* May 1875	1.87	Rain at Cutwa .62, Culna .36, Jehanabad 1.02, Bood-Bood .97, Raneeungee 1.62 inches. Cultivation progressing and sickness decreasing.
2	Bankoora, 22nd	2.66	Weather generally cloudy. Rain fell during the first part of the week. <i>Aous</i> , or the early rice crop, is being sown; other crops doing well.
3	Beerbhoom, 22nd61	Weather cool; rain fell on Monday and Friday. The fields are under cultivation for the early rice.
4	Midnapore, 22nd	1.26	Heavy rain fell on two occasions; windstorms more frequent. The low lands still have water standing on them, and sowing cannot take place till it drains off; hence over the east of the district the general desire is for 10 days' absence of rain. In the jungle tracts and west generally, sowings have been completed, and prospects are very good. The prospects of indigo and <i>aous</i> rice are generally good.
5	Hoozhly, 22nd47	Weather hot, with occasional slight showers; average rainfall of the district 1.13 inches. State and prospects of the crops are very good at present, but rain wanted.
	Howrah, 22nd	1.54	There was rain for three days during the week throughout the district. Weather warm and cloudy. Reaping of the <i>bora</i> , or spring rice, completed. Sowing of the jute has commenced in some parts. The rain has done good.
Central Districts.			
6	24th Barrage, 24th† May 1875	.47	Weather very hot, and occasionally cloudy. Cultivation of <i>aous</i> , or early rice, and jute fast progressing. Cholera decreasing everywhere, but fever increasing at Barrage.
7	Nuddon, 22nd May 1875	.14	Occasional slight showers of rain. The prospects of rice and indigo continue to be good.
8	Jessore, 22nd32	Weather generally, but not uniformly, clear; wind mostly from south. Sowing continues. Prospects good, but rain is wanted in some places.
9	Masch-ednood, 22nd May 1875	.50	Hot and oppressive weather, with occasional rainfall. Ploughing operations, interrupted by rainfall, being actively carried on. Mulberry and sugarcane in capital condition. Early rice plants in lowlands healthy. Sowings on high lands progressing. Price of common rice a shade lower. General health good, though small-pox continues in Sonjungee, and still cases of cholera in Gous.
10	Dumapore, 21st May 1875	1.95	Several severe storms from west, with thunder and lightning, and much rain. No damage, but rather benefit to crops. The <i>bora</i> rice, which is being reaped, is reported good. Jute and <i>khata</i> , or early rice, doing well, except for weeds growing on account of excessive rain. Cholera still continuing, but deaths fewer in number. Great damage done to buildings.
11	Mandab, 22nd May 1875	1.14	Weather for the most part cloudy. A severe storm passed over the station on the afternoon of the 16th instant, causing much damage to houses and trees. The <i>bora</i> rice is being harvested, and a good crop is expected. The <i>khata</i> is being sown, and tillage for the <i>aman</i> rice has commenced. The prospects of indigo are fair. Mangroes are bad.
12	Resubhaye, 22nd	1	Frequent storms with good deal of rain in all quarters in the early part of the week. There was a violent storm in most parts of the district on the 16th instant, causing some destruction of huts and trees, but without damage to crops. The growing crops of <i>aous</i> , or early, and <i>aman</i> , or late, rice, <i>teel</i> , oil-seed, and jute are thriving. Much of the <i>bora</i> rice, especially in the <i>Bhurind</i> tract, has been reaped with good results. There has been a general disappearance of cholera and small-pox.
13	Rungpore, 21st	5.34	A severe storm on the evening of the 16th instant, and storms during nights of 17th, 18th, and 19th idem. Weather cool. Crops in good condition.
14	Ragta	Return not received.
15	Pubna, 22nd85	Weather reasonable; some rain has fallen; south-easterly wind prevailing. State and prospects of the crops good.

* Telegram of the 24th May, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 24th May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
Central Districts.— (Con'd)			
COCH BEHAR	16 Darjeeling, 21st May 1875.	1.68	Frequent showers of rain during the week. On Thursday, the 20th, it fell heavily. Planting is now going on famously in the plains. The recent rain has been very favorable. The young crops in the hills are progressing satisfactorily.
	17 Julpigoree, 22nd May 1875.	.86	Except the last two days, when it has been bright and rather hot, the weather has been remarkably cool and pleasant. All growing crops—rice, jute, &c.—are doing well. Cholera still prevalent, but it seems latterly to have been of less fatal character than at first.
	Cooch Behar, 20th May 1875.	1.90	The district was visited with high wind and rain on Sunday evening. The weather during the week was sometimes hot and sometimes cold and cloudy, according as there was wind and rain or not, during the remaining days of the week. The prospects of the early rice and jute crops continue favorable. Cholera still prevalent, but in some parts it is reported to have partly disappeared.
Eastern Districts			
A LUTTI	18 Dacca, 24th* May 1875.	.65	Weather very hot in the beginning of the week. Some rain has fallen. Crops very good, and look most flourishing everywhere.
	19 Farcedpore, 22nd May 1875.	1.16	Weather unsettled, but quite seasonable. Crops everywhere getting on well. General health of the district good.
	20 Backergunge, 20th May 1875.	.74	Weather seasonable. All is well, save a little cattle-disease here and there.
JONG	21 Mymensingh, 21st May 1875.	6.16	Heavy showers and storms. The rain has been too heavy for the new jute crop. <i>Aous</i> rice not reported to be injured at present.
	22 Chittagong, 20th May 1875.	.51	Very hot, and comparatively close weather. Crops favorably reported on. Cholera still hangs about the north of the district.
	23 Noakhali, 20th May 1875.	1.22	Monday and Tuesday fair, the rest of the week more or less cloudy. Light fall of rain on Thursday and Friday. Wind generally south and south-east. Hail on the 16th instant. In the lowland the early rice crop is progressing favorably, and in the highland sowing is going on.
PATNA DIV.	24 Tipperah, 21st May 1875.	.64	Some sharp storms, with a little rain; weather more still and oppressive and threatening more rain. The rain has been good for the autumn and winter rice crops; the latter is still being sown. The spring rice crop has yielded a good outturn.
	25 Chittagong Hill Tracts, 18th May 1875.	.92	A heavy gale on the night of the 17th instant. Excessively hot during the last part of the week. Sowing still going on in the <i>joams</i> . Young paddy doing well.
	Hill Tipperah, 19th May 1875.	4.56	Weather still unsettled. The days are usually fair, but the nights seldom pass without a squall of wind and rain. Weather favorable for ploughing and sowing, which is all that is being done in the fields at present.
BEHAR.			
PATNA DIV.	26 Patna, 24th* May 1875.	.41	Weather sultry towards evening; some rain has fallen. No crops on the ground, except <i>cheena</i> millet and <i>mauns</i> . Sporadic cases of cholera throughout the district, except in the interior of Behar sub-division, where it is said to have assumed an epidemic form. Measures taken.
	27 Gya, 22nd May 1875.	.46	East wind prevalent, weather still warm. Dry maximum thermometer rose to 110.5 degrees. <i>Cheena</i> millet and sugarcane only are on the ground. Cholera has abated a little in Aurangabad and south of Gya.
	28 Sherabad, 22nd May 1875.	.11	Weather generally cloudy and stormy in the evening; slight rain fell on Sunday, and on the evening of the 21st instant, accompanied with strong gale. A storm occurred at Bhubbobah, which blew down some trees.
PATNA DIV.	29 Durbhanga, 22nd „ „	.68	Weather cloudy; east wind prevalent. State and prospects of crops quite satisfactory.
	30 Mozufferpore, 22nd „ „	.94	Weather hot, with east winds. Some rain has fallen. Prospects of crops are good. The late rain has been beneficial to indigo. Cholera still continues.
	31 Sarun, 22nd May 1875.	.71	Weather hot, with occasional storms, cooling the atmosphere for a short time. East wind prevailing. Rain on the 16th instant, preceded by strong wind and dust-storms. The prospects of <i>cheena</i> millet, sugarcane, and indigo continue favorable. <i>Cheena</i> is being harvested. Fields are being prepared for the <i>khadar</i> crops. The rain has been very useful. General health good.
PATNA DIV.	32 Chutpara, 21st May 1875.	1.27	The weather continues much the same as that of last week. The rainfall at the sudder station is greater, but it has been partial. However, at one time or another every part of the district has received an ample supply of rain. The crops are all promising. The indigo, <i>cheena</i> , early rice, and sugarcane crops have greatly benefited by the rain.

* Telegrams of the 25th May, received on the same day, shows rainfall during the seven days immediately preceding.

SUPPLEMENT TO THE CALCUTTA GAZETTE, MAY 26, 1875.

Weekly Report of Rainfall compiled at the Meteorological Reporter's Office.

* Velocity of wind in miles per hour.

W. G. WILLSON,

CALCUTTA,
The 22nd May 1875.

Offg. Meteorological Reporter to the Govt. of Bengal.

Mean Pressures and Temperatures of the preceding Table reduced to Sea-level, with Anemometric Result and Observations of Sky Serenity.

		WIND.													
STATIONS.															

NOTE.

Barometric Pressure.—The pressures in column 2 of the above table for all stations below 500 feet, are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Deppé's tables, as given in Guyot's "Meteorological and Physical Tables." The temperatures at the sea-level are taken from column 3 of the above table.

Temperature.—The temperatures in column 3 are reduced from those in column 17 on the preceding page by adding 1° Fahr. for every 450 feet.

Wind Resultant.—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

Serenity.—This column gives the average proportion of unclouded sky; a cloudless sky being indicated by 10, and one completely overcast by 0.

The above, being all comparable, afford the data for constructing a meteorological chart for the month, which shall show the isobaric and isothermal lines, and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

CALCUTTA.

W. G. WILSON,

The 22nd May 1875.

Offg. Meteorological Reporter to the Govt. of Bengal.

Results of the Meteorological Observations taken at the Surveyor-General's Office, Calcutta, from 15th to 21st May 1875.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS.

No. 1512C.S.

GENERAL.—*The 17th May 1875.*—Baboo Poorna Chunder Ghose, Deputy Magistrate and Deputy Collector, Maldah, is appointed to act, until further orders, as Personal Assistant to the Commissioner of the Cooch Behar Division.

The 20th May 1875.—Moulvie Dilwar Hossein Ahmed, Deputy Magistrate and Deputy Collector on special duty in Chumparun, is allowed leave for three months under Section 21, Chapter VI of the Civil Leave Code, from the date from which he can be conveniently spared.

Mr. A. W. Paul, c.s., is appointed to act as an Assistant Commissioner of the Second Grade with effect from the date on which Major E. Y. Walcott returned from privilege leave.

The 23rd May 1875.—Moulvie Attur Hossein, Acting Sub-Deputy Collector, First Grade, Bettiah, Chumparun, is confirmed in that appointment, *vice* Mr. G. Baptiste appointed to be a Deputy Magistrate and Deputy Collector.

Baboo Jogendro Nath Sen, Acting Sub-Deputy Collector, Second Grade, Setamarhee, Moulafferpore, is confirmed in that appointment.

The 24th May 1875.—Moulvie Syed Mohamed Israil, Acting deputy, Magistrate and Deputy Collector, Mymensingh, is allowed leave for two months and ten days under Section 21, Chapter VI of the Civil Leave Code, with effect from the 17th July next, or from any date within a month from that date.

The 25th May 1875.—Mr. A. W. Scanlan is appointed to act as a Deputy Magistrate and Deputy Collector in Maldah during the absence on duty of Baboo Poorna Chunder Ghose, or until further orders.

Mr. John Nugent, Assistant Magistrate and Collector in charge of the Goulundo Division of the Furcedpore district, on leave, is posted temporarily to the sudder station of Shahabad.

The 27th May 1875.—Mr. Henry Cobbe Sutherland, M.A., C.S., having been appointed on the 25th January 1875 to act as District and Sessions Judge of Backergunge, the unexpired portion of the leave granted to him under orders of the 2nd December 1874 is cancelled with effect from that date.

Baboo Ram Narain Banerjee, B.L., is appointed to act as Sub-Deputy Collector, Banka, during the absence on leave of Baboo Danesh Prosad, or until further orders.

Baboo Kali Churn Ghose, Deputy Magistrate and Deputy Collector, 24-Pergunnahs, is vested with the powers of a Collector under Act X of 1870 for the acquisition of lands in the town of Calcutta and in the district of 24-Pergunnahs for public purposes.

The 29th May 1875.—The services of Quarter-Master Charles Lenton, 62nd Regiment, employed on special famine duty in the Transport Department, are replaced at the disposal of the Government of India, in the Military Department, with effect from the 10th May 1875.

The 30th May 1875.—Under Orders of the 27th February 1875, Moulvie Syed Mahamed Sobhan Hyder, Sub-Deputy Collector, Palamow, was on privilege leave from the 9th April to 10th May 1875.

The 31st May 1875.—Mr. William O'Reilly, Deputy Magistrate and Deputy Collector in charge of the Seetamarhee Division, of the Mozufferpore District, is allowed leave for six months, under Section 5, Supplement F of the Civil Leave Code, with effect from the date on which he may be relieved by Mr. E. M. Money.

Mr. Ernest Montagu Money, Assistant Magistrate and Collector, is appointed on his return from furlough to have charge of the Seetamarhee Division of the Mozufferpore District, during the absence on leave of Mr. W. O'Reilly, or until further orders.

Mr. Money, having returned from leave on the 30th instant, the unexpired portion of the nine months' furlough granted to him by the Secretary of State is cancelled.

Mr. Edward Maxwell Reily, Deputy Magistrate and Deputy Collector, Mymensingh, having reported his return to duty on the 21st March 1875, the unexpired portion of the leave granted to him in orders of the 22nd December 1874, published in the *Calcutta Gazette* of the 23rd idem, is cancelled.

Moulvie Abdool Kadir, Deputy Magistrate and Deputy Collector, is posted to the sudder station of Cuttack.

ECCLIASTICAL.—*The 28th May 1875.*—The Rev. Edmund Jermyn is appointed to act as Second Chaplain of St. Paul's Cathedral and as Chaplain of the Presidency Jail with effect from the 3rd May 1875.

REGISTRATION.—*The 19th May 1875.*—Kazee Mahmud Mozhar is appointed to be Sub-Registrar of Ranggunj in the district of Purneah, *vice* Munshi Harusat Ulla.

EDUCATION.—*The 21st May 1875.*—Mr. C. Wood, Quinologist, at Rungbee, is appointed to act as Professor of Chemistry and Chemical Examiner, Medical College, during the absence on leave of Surgeon-Major Francis Nottidge Macnamara, or until further orders.

The 27th May 1875.—The following gentlemen are appointed to be Members of the District School Committee of Midnapore:—

- Mr. L. R. Tottenham, District and Sessions Judge.
- „ H. S. Beadon, Senior Superintendent of Survey, Midnapore Division.
- „ A. D. Larymore, Superintendent, Central Jail.
- „ D. Norton, Assistant Magistrate.
- The Rev. R. L. Hazlin.
- Baboo Koylash Chunder Ghose, Deputy Magistrate and Deputy Collector.
- „ Jogut Chunder Gangooly.
- „ Krishna Dass Dey, M.A., B.L.
- „ Debendro Nath Ghose, M.A., B.L.
- „ Kartick Chunder Mitra, M.A., B.L.

The 1st June 1875.—The following gentlemen are appointed to be members of the District School Committee of Nuddea:—

- Lieutenant-Colonel W. R. Gordon, *vice* Major G. M. Bowie.
- Mr. R. Cornish, B.A.
- „ F. B. Taylor.

MEDICAL.—*The 27th May 1875.*—Dr. J. H. G. Hills, Manager, Turkowlia Indigo Concern, is appointed to be a Member of the Committee for the management of the Charitable Dispensary at Burhurwa.

The 28th May 1875.—Third Grade Assistant Surgeon Akbar Khan, a Supernumerary at the Presidency, is appointed to have charge of the Doolye Dispensary as a temporary arrangement during the absence on leave of Assistant Surgeon Komul Kristo Raha, or until further orders. This cancels the orders of the 14th May 1875, appointing Third Grade Assistant Surgeon Mohamed Wozcer Ali Khan to the charge of the Doolye Dispensary.

The 30th May 1875.—With reference to this Government Notification, dated the 19th June 1874, published in the *Calcutta Gazette* of the 24th idem, Surgeon-Major R. C. Chundra is appointed to conduct the medical examination of candidates for employment in the public service, *vice* Surgeon A. Crombie.

The 31st May 1875.—Surgeon W. A. Duke, Her Majesty's 62nd Regiment, is appointed to have temporary charge of the Lock-hospital at Dum-Dum.

OPIMUM—*The 26th May 1875.*—Mr. Henry Matthews, Assistant Sub-Deputy Opium Agent, is appointed to act, until further orders, as Sub-Deputy Opium Agent of Bettiah, *vice* Mr. J. C. Shaw, deceased, with effect from the date on which he might have received charge of the sub-division.

Mr. James A. Flyter, Assistant Sub-Deputy Opium Agent, is appointed to act as Sub-Deputy Opium Agent of Mozufferpore, during the absence, on leave, of Mr. R. Drake or until further orders.

FORESTS.—*The 21st May 1875.*—Mr. A. L. Home, Deputy Conservator of Forests in charge of the Julpigoree Forest Division, is appointed to have charge of the Soonderbun Forest Division.

Mr. E. Puchs, Assistant Conservator of Forests, attached to the Darjeeling Forest Division, is appointed to have charge of the Julpigoree Forest Division.

PORT TRUST.—*The 1st June 1875.*—Mr. J. B. Knight is appointed to be a Commissioner for making Improvements in the Port of Calcutta, under Act V (B.C.) of 1870.

MUNICIPALITY.—*The 26th May 1875.*—The following gentlemen are appointed to be Municipal Commissioners for the town of Purneah :—

Mr. J. J. Livesay, Joint-Magistrate and Deputy Collector, *vice* Baboo Sooruj Mull, retired.

Baboo Nukhed Lall, *vice* Baboo Tara Chand, retired.

Moulvie Mirzza Mohamed Hadi is reappointed under the provisions of Section 2, Act II (B.C.) of 1873, to be a Municipal Commissioner for the town of Purneah.

The 30th May 1875.—Mr. G. K. Webster, Acting Joint Magistrate and Deputy Collector, 24-Pergunnahs, is appointed to be Chairman of the South Suburban Town Municipality, and is authorized, under Section 85 of Act VII of 1871 (the Indian Emigration Act), to perform the duties and exercise the powers of the Magistrate of the District under that Act.

NOTIFICATION.

The 18th May 1875.—It is hereby notified for general information that the Lieutenant-Governor of Bengal is pleased, under Sections 16 and 18 of Act VI of 1871, to establish a Moonsif's Court at Sectamurhee, in the civil district of Tirhoot and the executive district of Durbhanga, and to declare that the jurisdiction of the Moonsifce shall be coterminous with that of the Sectamurhee sub-division.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 22nd May 1875.—The following general instructions are notified for the guidance of the authorities who correspond directly with Government during the time His Honor the Lieutenant-Governor is at Darjeeling.

As a general rule, all communications are to be sent as usual to the Secretary's Office in Calcutta; communications which are urgent, and which can be made complete in themselves, so as not to require reference to papers in the Office, may be sent direct to the Secretary with the Lieutenant-Governor at Darjeeling.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 18th May 1875.—It is hereby notified for general information that, with the sanction of the Government of India, the Lieutenant-Governor of Bengal has been pleased to direct that, from the 1st of June 1875, a new sub-division shall be opened in the district of Rungpore, comprising thanas Dimlah, Durwani, and Jaldhaka, with head-quarters at Bagdogra.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 14th May 1875.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to sanction the following rearrangement of the Moonsiffce jurisdictions in the district of Fureedpore, with effect from the 1st of July 1875 :—

Moonsiffces.	Thanas included in each Moonsiffce.	Sub-division.
1. Goalundo ...	Goalundo ... Belgáchi ... Paungsa ...	} Goalundo.
2. Fureedpore (Sudder) ...	Bhoosna ...	
3. Bhanga	Awanpore ... Sudderpore ... Deorah ... Muxudpore ...	} Fureedpore (Sudder).
4. Madaripore ...	Gopalgunge ... Kotalipara ... Madaripore (except Sibehur outpost).	
5. Moolfutgunge ...	Moolfutgunge ... Sibehur outpost ...	} Madaripore.

2. The Muxudpore Moonsiffce is abolished, and its thanas—Muxudpore, Gopalgunge, and a part of Bhoosna—are attached to the Bhanga, Madaripore, and Sudder Moonsiffces respectively.

3. The Moolfutgunge Moonsiffce is constituted as an experimental measure.

4. By this re-arrangement there will be, as heretofore, five Moonsiffces, with six Moonsiffs, in the district of Fureedpore.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATIONS.

The 25th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Pewradanga, pergunnah Mamjoanah, zillah Nuddea, it is hereby declared that for the above purpose two pieces of land measuring, more or less, respectively, 5 beeghas 3 cottahs and 14 chittacks, and 5 cottahs 8 chittacks of standard measurement, as per boundaries specified below, are required in the aforesaid village of Pewradanga :—

Piece No. 1.—Bounded on the north, south, and west by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, Brojendrow Gopall Roy, Mothoorindrow Gopall Roy, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, and Woomanauth Mookerjee, and on the east by lands belonging to the said Brojendrow Gopall Roy and Mothoorindrow Gopall Roy, and also by lands belonging to the Eastern Bengal Railway Company.

Piece No. 2.—Bounded on the north by lands belonging to Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; on the south by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, Woomanauth Mookerjee, and the said Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; and on the west by lands belonging to the Eastern Bengal Railway Company.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Deolapore, pergunnah Chackla Mutteari, zillah Nuddea, it is hereby declared that for the above purpose two pieces of land measuring, more or less, respectively, 3 beeghas 4 cottahs 13 chittacks, and 8 beeghas 3 cottahs

3 chittacks of standard measurement, as per boundaries specified below, are required in the aforesaid village of Deolapore:—

Piece No. 1.—Bounded on the north by lands belonging to Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; on the south and west by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, the said Brojendrow Gopall Roy, the said Mothoorindrow Gopall Roy, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, and Woomanauth Mookerjee; and on the east by lands belonging to the Eastern Bengal Railway Company.

Piece No. 2.—Bounded on the north by lands belonging to Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; on the south by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, the said Brojendrow Gopall Roy, the said Mothoorindrow Gopall Roy, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, and Woomanauth Mookerjee; on the east by lands belonging to the said Brojendrow Gopall Roy and the said Mothoorindrow Gopall Roy; and on the west by lands belonging to the Eastern Bengal Railway Company.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Poorunderpore or Dipchunderpore, pergunnah Mamjoaneah, zillah Nuddea, it is hereby declared that for the above purpose two pieces of land measuring, more or less, respectively, 8 beeghas 1 cottah 13 chittacks, and 2 beeghas 3 cottahs 4 chittacks of standard measurement, as per boundaries specified below, are required in the aforesaid village of Poorunderpore or Dipchunderpore:—

Piece No. 1.—Bounded on the north, south, and west by lands belonging to Ranni Bhoobenshwori, and on the east by lands belonging to the Eastern Bengal Railway Company.

Piece No. 2.—Bounded on the north and east by lands belonging to Brindabun Chunder Sirker Chowdry and Sreesh Chunder Sirker Chowdry; on the south by lands belonging to Ranni Bhoobenshwori; and on the west by lands belonging to the Eastern Bengal Railway Company.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Kristopore, pergunnah Chackla Mutteari, zillah Nuddea, it is hereby declared that for the above purpose a piece of land measuring, more or less, 5 beeghas 18 cottahs and 9 chittacks of standard measurement, bounded on the north, south, and east by lands belonging to Brindabun Chunder Sirker Chowdry and Sreesh Chunder Sirker Chowdry, and on the west by lands belonging to Ranni Bhoobenshwori, is required in the aforesaid village of Kristopore.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

DECLARATION.

The 18th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the protection of the Railway Bridge and Embankment in the villages of Pantia and Bantia, pergunnah Koomputap, zillah Moorsshedabad, it is hereby declared that for the above purpose six pieces of land measuring, more or less, 10 beeghas 8 cottahs 4½ chittacks of standard measurement, bounded as follows, are required within the aforesaid villages of Pantia and Bantia:—

In the Village of Bantia.

Plot No. 1.—Bounded on the north by the boundary line of village Jugdhary; on the south by the boundary line of village Pantia; on the west by the river Bramince; and on the east by the zemindary lands cultivated by Moriram Mundle, Troylucko Mundle, and Ram Ghose.

In the Village of Pantia.

Plot No. 2.—Bounded on the north and west by the river Bramince; on the north and east by the boundary line of village Pantia; on the west by the zemindary waste land; and on the south and east by the zemindary lands cultivated by Nilkunto Roy, Roghoo Nath Net, and Jogendro Narain Mullick.

In the Village of Pantia.—On the west side of the Railway.

Plot No. 3.—Bounded on the north by the village road; on the south by a bamboo bush and land belonging to Nilkunto Roy; on the east by the railway side-cutting land; and on the west by the land and house belonging to Ram Coomar Moochee.

Plot No. 4.—Bounded on the north by the land cultivated by Bungshee Net Chowkeedar; on the south by the land cultivated by Sham Net; on the east by the railway side-cutting land; and on the west by the land cultivated by Jogendro Narain Mullick.

On the east side of the Railway.

Plot No. 5.—Bounded on the north by the land belonging to Kadar Nath Mitter; on the south by the land in the bed of the Pantia Nullah, cultivated by Jodoo Mundle and Kristo Net; on the east by the land cultivated by Ram Doyal Pundit; and on the west by the railway side-cutting land.

Plot No. 6.—Bounded on the north by the land in the bed of the Pantia Nullah, cultivated by Jodoo Mundle and Kristo Net; on the south and east by land belonging to Nilkunto Roy; and on the west by the railway side-cutting land.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

H. J. REYNOLDS.

Offg. Secy. to the Govt. of Bengal.

The following orders, issued by the Government of India in the Home Department, are republished for general information:—

No. 843.—Simla, the 20th May 1875.—Notification.—Public.—With reference to Home Department Notification No. 1513 dated the 29th May 1874, Surgeon-Major R. C. Chandra is appointed to conduct the medical examination of candidates for employment in the public service in Calcutta, *vice* Surgeon A. Crombie.

No. 294.—The 18th May 1875.—Medical.—Surgeon K. McLeod, M.D., officiated as Marine Surgeon, Calcutta, from the afternoon of the 10th January to the forenoon of the 9th February 1875, during the absence of Dr. Moir, Civil Surgeon of the 24-Pergunnahs, on deputation.

No. 179.—The 18th May 1875.—Ecclesiastical.—The Reverend Edmund Jermyn, a Junior Chaplain on the Bengal Establishment, reported his arrival at Calcutta on the 2nd instant.

Mr. Jermyn's services are placed at the disposal of the Government of Bengal.

The following orders, issued by the Government of India in the Foreign Department, are republished for general information:—

No. 1502P.—Simla, the 21st May 1875.—Notifications.—Political.—In recognition of the public spirit and munificence which have been displayed on many occasions by Khajeh Abdool Gunny, C.S.I., of Dacca, and as a mark of the esteem of Government, His Excellency the Viceroy and Governor-General has been pleased to confer upon him the title of "Nawab" as a personal distinction.

Upon his son Khajeh Alsanoollah, who has made himself equally conspicuous in a career of public beneficence, His Excellency the Viceroy and Governor-General has been pleased to confer the title of "Khan Bahadoor" as a personal distinction.

No. 1503P.—In recognition of his liberality during the Orissa famine of 1866, and of his several acts of public and private charity in the district of Balasore, His Excellency the Viceroy and Governor-General has been pleased to confer upon Baboo Shamanando De, of Balasore, the title of "Rai Bahadoor" as a personal distinction.

No. 1504P.—In recognition of his consistent efforts in matters of public progress and improvement, His Excellency the Viceroy and Governor-General has been pleased to confer upon Koomar Narandra Krishna, of Sobha Bazar, Calcutta, the title of "Raja" as a personal distinction.

The following orders, issued by the Government of India in the Financial Department, are republished for general information:—

No. 895.—Simla, the 18th May 1875.—Leave and Allowances.—In supersession of the orders of the Government of India in the Financial Department, No. 590, dated 26th January 1874, No. 3999, dated 26th June 1874, No. 4009, dated 26th June 1874, and No. 4132, dated 30th June 1874, the Governor-General in Council directs the addition of the following rule, under section 44 of the Civil Pension Code, clause c, under this section, being cancelled:—

When, with the consent of the heads of both the offices concerned, or under the orders of competent authority, a ministerial officer is transferred from service in one office to service in another office, the period occupied in the change of office is not a break in the continuity of service within the meaning of this section.

Also of the following rule under Chapter VIII of Civil Leave Code:—

9. When, with the consent of the heads of both the offices concerned, or under the orders of competent authority, a ministerial officer is transferred from service in one office to service in another office, on grounds of public convenience only, and not at his own request, for his own advantage, or in consequence of any fault on his part, the rules in this chapter apply to his case.

The word "gazetted" is also to be struck out from the heading of Chapter VIII of the Civil Leave Code.

No. 931.—The 19th May 1875—The Governor-General in Council directs that rule 1 under section 35 of the Acting Allowance Code be cancelled.

No. 952.—The 20th May 1875.—Separate Revenue—Stamps.—In exercise of the powers conferred by section 16 of the General Stamp Act, 1869, the Governor-General in Council is pleased to remit the duties chargeable under the said Act, or tenders for any portion of the loan advertised in the *Gazette of India*, Extraordinary, of the 13th May 1875.

The following order, issued by the Government of India in the Military Department, is republished for general information:—

No. 525 of 1875—The undermentioned officers have reported their return from England:—

*	*	*	*
Captain T. H. Lewin, of the Bengal Staff Corps, Deputy Commissioner, Cooch Behar, Bengal,—date of arrival at Bombay, 24th March 1875.			
*	*	*	*

NOTIFICATION.

The 21st May 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-districts, having the head-quarters and local jurisdiction shown opposite their names. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the persons named below to be Sub-Registrars of the said sub-districts:—

DISTRICT.	Names of new sub-districts.	Head-quarters	Thana included in jurisdiction.	Sub-Registrars appointed.
Hooghly	Balágor	Balágor	Balágor	Baboo Dnsaratn Banerjee.
Noakhully	Hatiya	Harni	Hatiya	Moulvi Abdullah.
Monghyr	Sikandrah	Sikandrah	Sikandrah	Nawab Waliyat Hussain Khan

These changes will take effect on and from the 1st of June 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 16th May 1875.—The Lieutenant-Governor is pleased, in supersession of the Notification published at page 1647 of the *Calcutta Gazette* of the 4th November 1874, to direct the substitution of the following for Rule 96 of the Rules regulating labour transport under Act VII (B.C.) of 1873, published in the *Calcutta Gazette* of 21st January 1874, and of the following Schedule showing the scale of clothing to be provided for emigrants, for Schedule A, Parts A and (a) appended to those rules:—

Rule 96.—The space measured off for emigrants shall be fitted, along the sides of the vessel, with (a) a boarding three feet high, rising from the planksheer of the vessel, and (b) thick and sound canvas curtains, hanging from roof to deck, with ventilating space under the eaves, and fastening closely to the deck below. But from the month of October to March, both inclusive, the three-feet boarding shall completely enclose the emigrants' deck space, and, besides the side curtains, there shall be similar curtains hung, one at each end of the deck, so as to convert the entire space allotted to emigrants into a thoroughly sheltered compartment, with ventilating spaces near the roof for the exit of heated and unwholesome air. This large compartment shall, moreover, be sub-divided into three smaller compartments by a couple of intermediate curtains, stretched right across the deck space from one side of the vessel to the other; but, instead of extending almost up to the roof, as the curtains at the sides and ends must do, raised to a height of six feet only, measuring from the deck upwards, the space above being left clear and open for the purposes of free ventilation.

SCHEDULE A.

Scale of Clothing for Emigrants.

A.—Scale of clothing, &c., for emigrants under conveyance to the labour districts between 1st April and 30th September, both dates inclusive:—

<i>For each Man or Boy.</i>		<i>For each Woman or Girl.</i>

[Fourth Publication.]

NOTIFICATION.

The 1st May 1875.—Under the provisions of Section 2 of Act V (B.C.) of 1873, the following plan for extending gas lighting to certain portions of the town of Howrah is published for general information:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the grand trunk road which lies between Ramkristopore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road and Ghosery Road. The total length of these roads is $2\frac{3}{4}$ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept the sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from their general fund during the current official year.

[Second Publication.]

DECLARATION.

The 20th May 1875.—It is hereby notified that under the provisions of Section 3, Regulation VI of 1819, the Lieutenant-Governor has been pleased to sanction the establishment of a public ferry on the line of road between Annour and Panapore, where it crosses the Mahi Nuddi, in the village of Bisamberpore, pergunnah Makair, in the district of Sarun.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 2th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for a road to a latrine situated in Ross Road, under the jurisdiction of the Municipality of Howrah, in the town of Howrah, pergunnah Boro, zillah Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 12 chittacks, bounded on the north by Ross Road; on the south by the Municipal Commissioners' land; on the east by the house of Gopal Poramanick; and on the west by the house of Sreedhur Banerjee, is required within the aforesaid town of Howrah.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

DECLARATION.

The 3rd May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for burial grounds in the town of Chittagong, in villages Mooradpore and Butullee, pergunnah Islamabad, zillah Chittagong, it is hereby declared that for the above purpose the following two pieces of land are required within the aforesaid town of Chittagong:—

(1) A piece of land measuring, more or less, 96 15c. 18d. of standard measurement, in village Mooradpore, bounded on the north by Hasun Ali and Yesir's homestead and Uzir Ali's shop; east by Raughur Road; south by Colonel's Hill and Buromusia Sura; west by Khayrat Meah and Dabidin Mooktear's land and Buromusia Sura.

(2) A piece of land measuring, more or less, 83. 14c. 10d. of standard measurement, in village Butullee, bounded on the north by the hills; east and west by nullahs; and south by homesteads of Korhani Khansama, Abdool Hamud, John Bux Jemadar, and Noorkhan.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

(Sd.) J. C. VEASEY, *Offg. Magr. and Chairman, District Road Committee.*

CHITTAGONG MAGISTRACY, the 16th November 1874.

No. 235 L.F., dated Noakholly, the 30th October 1874.

From—L. B. B. KING, Esq., Offg. Magistrate of Noakholly,
To—The Commissioner of the Chittagong Division.

UNDER paragraph 3 of Government Circular No. 50 dated the 23rd July last, I have the honor to submit a report on works of local improvement in this district, for the year ending the 30th September last.

2. The following were the works carried out in the first half of that year:—

Construction of a masonry bridge at Mendigona near the town, and of seven temporary bridges on the Luksham road, between Begumgunge and Buttra; removal of the remains of an old bridge at Banchanugger, and construction of a temporary one in its place; repairing the Dheom Chur Bridge, and raising the approaches to that, and to the Chaprassy Khal Bridge; raising the approaches to eight bridges on the Luckipore road; placing bamboo spurs to prevent injury to the Chaprassy Khal Bridge by encroachment of the river.

Reconstruction of part of the Luckipore road washed away at Pearapore; repairs on the Chittagong road between the boundary of the municipality and the Chaprassy Khal Bridge on the Begumgunge road; from Mendigona to Pegumgunge on the Dewangunge road; from Sundarpore to Dewangunge; and on the Ramgunge road from Dullal bazar to Ramgunge.

3. The following works were under execution or completed in the second half of the year:—

Construction of the Shahibghatta wooden bridge, expected to be shortly finished. Reconstruction of a wooden bridge at Sonagazi Chaprassy haut on the Chittagong road, not yet completed.

Partial repair to the metalled roads in the station. This work will, it is hoped, be properly completed this cold weather.

Repair of the road from near the station to Raipore. Of this the last eight miles has been imperfectly done, and the last mile washed away; the Executive Engineer's attention has been requested to the proper execution of the work. Earth-works on the Luksham road between Buttra and Nowtoki are in progress, and the greater part completed.

Construction of bamboo spurs to prevent encroachment of the river at Mendigona has been commenced, but the work has been hitherto impeded by the depth of the water from heavy rain and high tides.

Repairs have been done to the old Luckipore road between Pegumgunge and Luckipore. Where the land is low, the early rains prevented the road being raised as required, but the surface repairs have been completed.

The road from the Chaprassy Khal to Companygunge has been put in repair. The Luksham road from Begumgunge to Buttra has been repaired and turfed, and the jungle cleared away. A section of the Luckipore road near Bhowanigunge has been raised.

It was originally intended to complete the widening and straightening of the Dewangunge road, but nothing of this has been done. Greater part of the allotment was afterwards assigned to repairs and improvements on the road, which have been commenced and partly carried out.

A beginning has been made in planting trees on the side of the district main roads.

4. The following are the works proposed to be carried out during the cess year 1874-75 :—

Construction of six timber top bridges of one span with masonry abutments and wings between Begungunge and Buzra.

Widening and straightening the Dewangunge-road from Moonshee haut to Ramdy, and from Joogodia to Gopeegunge, and the Bend in Pasgasia, eight miles.

Completing the railings and plastering of the seven timber top bridges of the Begungunge road, and two bridges on Dewangunge road.

Raising earth-work in the approaches of the above bridges.

Deepening a canal at Attiatollee.

Planting trees on the edges of the main roads.

Fixing spurs in the bends of the khal to prevent encroachment on roads.

Thorough repairs to the four important and main roads of the district :—1st, Chittagong road, 2nd, Dewangunge road, 3rd, Luckipore road, 4th, Begungunge and Luksham road up to Buttra, 100 miles.

Thorough repairs to three petty and traffic roads of the district near sudder station—Taktakhally, Churriakhally, and Goolakhally, 17 miles.

Thorough repairs to the Ramgunge road, 12 miles.

Thorough repairs to the first portion of old Luckipore road from Madam's Ghât *via* Chengatolli, Chundergunge to Begungunge, 24 miles, and second portion from Begungunge *via* Kolandy to Fazil Ghât, 16 miles.

Thorough repairs and reconstruction of the old pukka and timber top bridges on the district roads, 35 bridges.

Repairing fences of the trees planted on the main roads of the district.

Thorough repairs to the kutchra and metalled roads and bridges of the sudder station, 16 miles.

Reconstruction of the temporary bridges on the Luksham road.

Reconstruction of the temporary bridges on the police station and district dak roads, Ramgunge, Old Luckipore, and Banani and Goolakhally roads.

Excavation of a canal and construction of an embankment, to prevent encroachment on the road, and to shorten and straighten the passage of the Noakholly khal at Shahebghatta.

		<u>5,844 12 8</u>
		9,840 10 10
Deduct payments in January 1874 ...	20 0 0	
“ “ in February “ ...	20 2 0	
		<u>40 2 0</u>
Correct balance on the last day of February 1874	9,800 8 10
Balance as per District Road Account	9,896 14 11
Difference	<u>96 6 1</u>

The difference arises from the sum of Rs. 96-6-1, incurred on account of the travelling expenses of Mr. L. B. B. King, and of ministerial officers in June 1872, not having been charged to the Fund by the Magistrate of your district.

No 1262, dated Comillah, the 21st November 1874.

From—THOMAS SMITH, Esq., Executive Engineer, Noakhally and Tipperah Districts,
To—The Chairman, Tipperah District Road Cess Committee.

With reference to your letter No. 332R. of 11th instant, I have the honor herewith to submit what has been termed in paragraph 3 of Bengal Government Circular No. 59 of 23rd July 1873, the regular report for the cess year ending 30th September 1874. The works carried out during the year consist of—

I.—ORIGINAL WORKS.

A bungalow for the Tipperah District Road Cess Committee and District Engineer's office at Comillah.

II.—REPAIRS.

1. Maintenance of the Brahmunberiah road from Comillah to Arrybarry.
2. Ditto Noakhally road from Comillah to Lakshan, 17 miles.
3. Ditto Companygunge road from Daoodkandi road at Moynamutty to Companygunge, 15 miles.
4. Repairs to the Kalibazar road.
5. Ditto to Khandatoh road.
6. Ditto Arrybarry road.

2. The progress of the works so mentioned above, with the present state of each, may be briefly stated as follows:—

ORIGINAL WORKS.

Office bungalow.—The bungalow has been completed and occupied by the Road Cess and District Engineer's offices. There has been executed 5,793 cubic feet excavation, 2,041 cubic feet masonry, 4,116 superficial feet sand-plaster, 168·3 cubic feet wood-work, 1,586 superficial feet terrace-flooring, 2,898 superficial feet thatching, 1,683 superficial feet mat-walling, and 392 superficial feet mat-flooring.

II.—REPAIRS.

1. *Maintenance of the Brahmunberiah road.*—This work has been completed, and there have been executed on it 8 miles petty repairs, 5 miles surface repairs, 1½ miles surface repairs, including leveling and turfing, 45,990 cubic feet earth-work, 14 cubic feet wood-work, and 1,000 superficial feet cobbling.
2. *Maintenance of the Noakhally road.*—This work has been completed, and there have been executed on it 15½ miles surface repairs, 14 cubic feet masonry, 380 superficial feet monkey-plaster, and 5,519 cubic feet earth-work.
3. *Repairs to the Companygunge road.*—The work has been completed, and there has been executed on it 1½ miles surface repairs, 1,710 cubic feet earth-work, and two bridges repaired.
4. *Repairs to the Kalibazar road.*—The work has been completed, and there has been executed on it 600 chains surface repairs, 4½ miles jungle-cutting, and 1,093 cubic feet earth-work.
5. *Repairs to the Khandatoh road.*—The work has been completed, and there have been executed on it 37,775 cubic feet earth-work, 12 jungle wood posts fixed, &c., ½ mile jungle-cutting, 11,786 superficial feet turfing, and repairing the planked bridge.
6. *Repairs to the Arrybarry road.*—The work has been completed, and there have been executed on it 11,721 cubic feet earth-work, 1,990 superficial feet turfing, 272 superficial feet leveling, and bamboos, canes, &c., &c., for turjahs to protect the road from encroachment.

3. Besides the works enumerated, there has been executed under the head of minor works, viz:—

- (1). Constructing temporary bamboo bridges.
- (2). Surveying Chhandpore khal, &c., &c., for preparing the estimates for 1874-75.

4. The expenditure in detail with vouchers on the several works has been shown in the monthly accounts and schedules submitted from this office month by month.

5. The following is a list of works proposed to be undertaken during the year 1874-75 :-

I.—ORIGINAL WORK.

1.—*Roads and Bridges.*

Brahmunberiah road—

	Rs.	A.	P.
Earth-works from Arrybarry to Titas, 6½ miles ...	12,301	0	0
Earth-works from Titas to Brahmunberiah, 9½ miles ...	4,883	0	0
Constructing an inspection bungalow at Dharkar near Titas ...	269	0	0
Constructing bridges from Noyanpore to Arrybarry ...	7,918	0	0
Constructing inspection bungalow at Brahmunberiah ...	620	4	0
		25,991	4 0

Laksham road—

Earth-works from Laksham to Perolla, 9 miles ...	9,201	0	0
Cleaning and levelling from ditto to ditto ...	132	0	0
Constructing bridges on ditto ...	9,299	0	0
Constructing inspection bungalow ...	269	0	0
		19,201	0 0

Marking out and cleaning the road from Hajee-gunge to Baidshar ...	990	0	0
Constructing temporary bamboo bridges ...	84	0	0
Surveying, jungle-cutting, &c., the proposed road from Napit Bazar to Megrah ...	280	0	0
Construction of village roads by branch committees ...	12,000	0	0

2.—*Rivers and Canals.*

Deepening the Gakurno canal from Portallah ...	3,985	0	0
Deepening Chandpore khad from Dakatea to Megna ...	4,098	0	0
Excavating the Gokurno canal ...	1,681	0	0
		12,164	0 0
		1,710	4 0

II.—REPAIRS.

Brahmunberiah road ...	1,431	0	0
Inspection bungalow on ditto ...	118	0	0
Companygunge road ...	1,371	0	0
Laksham road ...	1,420	0	0
Bibeebazar road ...	241	0	0
Arrybarry road ...	321	0	0
Munyuangle road ...	67	0	0
Kalibazar road ...	217	0	0
Ditto ditto ...	2,690	0	0
Chatosha road ...	1,117	0	0
		8,996	0 0

III.—TOOLS AND PLANTS.

Tools and plants required for the execution of the Tipperah district works ...	369	6	0
--	-----	---	---

Grand Total ... 81,975 10 0

6. The undermentioned works are under Rs. 1,000 each, and proposed to be undertaken during the cess year 1874-75.

Original Works.

	Rs.	A.	P.
Constructing an inspection bungalow at Dharka, near Titas	269	0	0
Ditto at Brahmunberiah	620	4	0
Ditto on the Laksham road	269	0	0
Clearing and levelling from Laksham to Berolla	432	0	0
Marking out and clearing the road from Hazigunge to Boxar	990	0	0
Constructing temporary bamboo bridges	54	0	0
Surveying and jungle-cutting the proposed road from Napit Bazar to Mogra	280	0	0
Total	2,944	4	0

Repairs.

Repairs to the Noyanpore inspection bungalow	118	0	0
Ditto Bebeerbazar road	241	0	0
Ditto to the Arrybarry road	321	0	0
Ditto Munyzungle road	67	0	0
Ditto Kallibazar road	217	0	0
	964	0	0

Tools and Plants.

Tools and plants required for execution of district works	369	6	0
Grand Total	4,277	10	0

7. There were only few patch works done during the last cess year to keep the roads in passable order, and therefore no remark is necessary on the nature of works done, &c., &c.

No. 349R., dated Comillah, the 28th November 1874.

From—N. S. ALEXANDER, Esq., Chairman of the District Road Cess Committee,
Tipperah,

To—The Commissioner of the Chittagong Division.

Is continuation of this office No. 343R. of the 24th instant, and under section 88 of Act X (B.C.) of 1871, I have the honor to submit herewith the annual account of receipts and expenditure of the District Road Fund for the cess year 1873-74 for submission to Government

Balance at credit of Public Works Department	1,037 9 10	1,037 9 10	

No. 1R., dated Rangamattee, the 2nd November 1874.

From—A. W. B. Power, Esq., Officiating Deputy Commissioner,

To—The Commissioner of the Chittagong Division.

I HAVE the honor to forward, agreeably to instructions contained in Bengal Government Circular, Public Works Department, No. 51 of the 15th August last, the annual accounts of the District Road Fund for the year 1873-74, commencing from 1st October 1873 and ending with 30th September 1874. The income and expenditure for that period stand as follows:—

	Rs.	A.	P.
Balance in hand on the 1st October 1873	7,797	10	2
Grant-in-aid received from the Provincial Reserve Fund, as per Bengal Government memorandum dated the 9th July 1873	20,000	0	0
Amount credited by the Treasury officer in the pass book by a mistake of the Accountant-General, for which see the 2nd and 3rd Quarterly Returns for 1873-74	5,503	15	1
Total income	33,301	9	3
Expenditure from 1st October 1873 to 30th September 1874	14,132	10	6
Cash in hand of the Treasury officer, as per pass book	3,791	15	9
Ditto in hands of the Deputy Commissioner	929	11	9
Advances outstanding	14,117	0	9

2. The following works have been executed during the year under review:—

- A.—About 4½ miles of road, at a cost of Rs. 1,059-11-2, from the mouth of the Myoun where the Tipperah settlement commences, towards Sirithay Tlang, the proposed head-quarters of the Frontier Police Force, have been constructed, large trees cut down, and stumps and roots of trees removed; cuttings on the earth from 1 to 2 feet made, in order to prevent, as far as practicable, the undergrowth of trees.
- B.—The sides of steep hills on the road in and near Rangamattee, extending over a mile, have been cut, and the road levelled and improved at a cost of Rs. 320-10, so as to make it in future fit for wheeled cars.
- C.—A part of a hill called the Manickherry Mado, on the way towards Chittagong and within 5 miles of Rangamattee, has been cut through, at a cost of Rs. 2,841-10-9, in order to make it practicable for wheeled carts. The cutting through that hill includes the removal of upwards of 584,000 cubic feet of sandstones, and more than 200 large trees have been uprooted.
- D.—The channel at Uttanchuttra rapids has been enlarged and deepened, and a part of the rocks removed; the road from Sirithay Tlang to Demagiree, above 7 miles in length, has also been widened, undergrowth of trees cleared, and a gentle slope cut in places which were formerly precipitous. The expenditure on this account has amounted to Rs. 1,125-11. The path from Demagiree to Sirithay Tlang involves an ascent of 1,500 or 1,800 feet.
- E.—The jungle on the road from Ruma to Randerbun, about 26 miles in length, has been cut and removed at a cost of Rs. 1,055, rendering it practicable for persons to go overland from one place to the other.
- F.—The road from Feskicherra to Burkul, measuring about 23 miles, has been improved by cutting the rocky hill sides, wheeling the road, and making 24 temporary bridges, at a cost of Rs. 902-6.
- G.—A masonry well, about 50 feet deep and 23 feet in circumference, has been sunk, at a cost of Rs. 758-8-5, in the bazar on the side of the head-quarters' road at Rangamattee. Several outbreaks of cholera, attributed to the want of pure water, occurred during the year under review.

H.—A sum of Rs. 111-2 has been spent in leveling the top of a hill for erecting a circum-lazer box for the Commissioner of Chittagong, vide correspondence noted on the margin.

- I.—A village road six miles long, from Rangamattee to Moischerry, leading to the largest plot of land taken by Government for peach cultivation, is in course of construction, vide Bengal Government Circular, Public Works Department, No. 32 of 27th September 1873. A sum of Rs. 250 has been advanced on this account; but as the work has not yet been fully executed, it does not appear in the annual returns, but the amount is entered under the head of advances outstanding.

This office letters Nos. 163A and 229A, of 27th September and 10th November 1874, respectively.

J.—The undergrowth of trees on the road from Rangamattée towards Chittagong, measuring about twenty-one miles, has been cleared, and 67 temporary bridges made for the rainy season, the cost of which has amounted to Rs. 620-7-8. The expenditure of Rs. 60-10, for repairing the head-quarter road, needs no comment.

K.—The sums of Rs. 990 paid for establishment, Rs. 270-11-3 spent for tools, and Rs. 75-7-9 paid for landing charges of tools, steamer freight, and other petty expenses, require no explanation.

3. Before reporting on the subject of the works to be executed during the year 1874-75, I beg to state for your information that road-making entails a heavy expenditure in this district. All the roads have to be cut through thick jungle, and in many places through high and steep sides of hills, where the growth of trees and under-shrubs is so rank and luxuriant that cutting and clearing even three or four times annually fails to keep the jungle down. For

1. The road from Rangamattée to Barkul, constructed in 1871-72.

2. The road from Kassalong up the Myoni Valley towards Gungaram, ditto in 1867-68 and 1868-69.

3. The road from mouth of Sualong to Kanda Tong, ditto in 1868-69.

4. The road from Rangamattée to Kanda Tong, in 1868-69 and 1871-72.

5. The road from Banderban to Furwah, ditto in 1870-71 and 1871-72.

6. The road from Furwah to Kanda Tong, ditto in 1869-70.

These roads were all made either in connection with the expedition or to open communications with frontier posts established to check Lushai raids.

instance, there are few or no traces of the roads marginally named made in previous years. If there are any, they are scarcely recognizable, and none of the roads are now passable. The two principal roads, 1st from Rangamattée towards Chittagong, 2nd from Chunderghona towards Banderban, which are looked after, and the undergrowth of trees cut and removed as soon as the necessity arises, become very often impassable. A reference to the annual report for 1870-71 will show that in order to prevent the growth of under-shrubs on the road from Rangamattée towards

Chittagong, cuttings, extending in some places to 15 feet in depth, were made and *dingy* grass planted; yet these means have proved ineffectual to prevent the growth of jungle. As Major Graham, formerly Deputy Commissioner of this district, put it—"One can almost hear the jungle growing." Heavy expenditure is consequently necessary to construct and keep open the roads of this district, and in my opinion much of the backwardness of the district is a direct result of imperfect communications.

4. The following works are proposed to be executed during the year 1874-75:—

A.—Constructing the road from Rangamattée towards Chittagong; cutting 240,000 cubic feet of earth from the hill near Rangamattée so as to make the road practicable for wheeled carts. Cost, Rs. 720.

B.—Raising three miles of road, by cutting 540,000 cubic feet of earth, and putting the same on the road, for Rs. 1,620 from Rangamattée towards Chittagong, where the land is low and marshy and nearly impassable during the rains.

C.—Cutting 500,000 cubic feet of earth from Manickcherry Mo-in so as to make the road passable for wheeled carts. Cost, Rs. 1,500.

D.—Constructing four bridges of first class wood for Rs. 3,200.

E.—Improving and widening the head-quarter road at a cost of Rs. 600.

F.—Constructing the road from Rangamattée towards Sirchay Tang, the proposed head-quarter of the Frontier Force; total length 60 miles, out of which 20 miles of the above road will be made by cutting steep sides of hills, clearing jungle, uprooting stumps and roots of trees, and digging out weeds and sunn grass. Cost Rs. 10,000, at Rs. 500 a mile. This is the strategical road connecting Rangamattée with the frontier through Myoni.

G.—Constructing the road from Ruma, the head-quarter of Sargoo sub-division towards Rangamattée; total length 60 miles, out of which 12 miles of road will be constructed (for Rs. 6,000, at Rs. 500 a mile, in the manner stated *supra*). Owing to changes about to be introduced in the arrangements between Rangamattée and Ruma, it will be advisable to devote some of the money estimated for this road to the construction of roads from Ruma to the Matamrae Circle and from Banderban to the Kaptai Circle.

H.—It is proposed to enlarge the channel of Ootam Chuttra at a cost of Rs. 2,000, by cutting, blasting, and removing the rocks from the bed of the river, so as to make it passable for large boats, and thereby save Government a large amount of money in boat hire.

I.—Constructing a road from Wagga Cherra tea plantation to Chunderghona for Rs. 1,000, one-half of which amount will be paid by the owner of the plantation. The distance is only four miles as the crow flies, but the country is broken and precipitous.

J.—The construction of four village roads has been proposed in the budget estimate for 1874-75 (submitted with this office letter No. 1513 of the 31 September 1874), extending over 38 miles, total length, at a cost of Rs. 1,140, which will give free access to the head-quarters of Rangamattée and Sargoo sub-divisions from large villages and from places where plough cultivation is carried on to a great extent, and where at present there are no roads exist.

- K.—An estimate has been made to whitewash the revetment erected in 1872-73 on the side of Rangamattee head-quarter road, cost to be Rs. 250, and to deepen the well from 50 to 60 feet, mentioned in paragraph 2G. *supra*, and to whitewash the same for Rs. 500.
- L.—Repairing three miles of road from Chandergonah towards Rangamattee for Rs. 100; twenty miles of road from Rangamattee towards Chittagong for Rs. 400; removing the débris and boulders from the hill sides on the above road for Rs. 400; and repairing 2½ miles of road from Ruma, the head-quarter of Sungoo sub-division, towards Rangamattee for Rs. 480. These require no special explanation. They represent the periodical jungle-cutting required to keep the roads open.
- M.—For establishment Rs. 2,100; for new tools Rs. 2,000, *vide* Commissioner's letter No. 812 of 11th October 1873; and for repairs of tools and unforeseen contingencies Rs. 490 have been proposed in the estimate, and call for no remark.

A. W. B. POWER, Dy. Commr.,
Vice-Chairman.

No. 422G.M., dated Chittagong, the 30th December 1874.

From—R. L. MANGLES, Esq., Offg. Commissioner of the Chittagong Division,
To—The Secretary to the Government of Bengal, Public Works Department.

With reference to Government Circular No. 50 of the 23rd July 1873, and No. 51 of

Chittagong, Noakholly, Tipperah, and
Hill Tracts of Chittagong.

the 8th August last, I have the honor to submit the following report on the works of local improvement carried out in the Chittagong Division during the cess year 1873-74, and to forward herewith copies of the reports and the accounts of the District Road Fund for that year, which have been received from the districts (noted in the margin) of this division.

2. The Magistrate of the Chittagong district has furnished no report, but has simply forwarded the report submitted to him by the Executive Engineer. The reports submitted also by the Magistrates of the remaining districts are not so complete as they should be, and no information has been furnished by any of them as regards the working of the district Committees and other matters of importance. As my report is already overdue, I shall not delay its submission any longer, but will submit, when received, the further information and explanations called for from district officers on the points noticed hereafter.

3. The receipts of the year from tolls and cesses, &c., throughout the division amounted to Rs. 20,187-12-5, which, with the balance of Rs. 18,794-7-0, outstanding on the 1st October 1873, the miscellaneous receipts, amounting to Rs. 15,917-12-5, and the grant-in-aid from provincial funds of Rs. 74,850, made up a total sum of Rs. 1,29,749-11-10, available for works of local improvement in this division for the cess year under review.

4. The total expenditure of the year amounted to Rs. 79,340-9-1. Of this sum, Rs. 8,701-1-10 were spent in collection of the revenue and on miscellaneous accounts; Rs. 41,470-15 were laid out in original works; Rs. 15,938-15-1 in repairs; and a sum of Rs. 4,194-15-11 was refunded. The balance at the close of the year thus amounted to Rs. 59,440-15-9.

5. There is a discrepancy observable between the balance brought forward in the present accounts of the Noakholly district and that shown in those for the cess year 1872-73. The difference, viz., Rs. 2,646-13-4, represents the receipts from one per cent. road cess, and was afterwards added to the balance in October 1873, under instructions conveyed in the Accountant-General's Circular No. 288, dated 20th August 1873. Again, as regards these accounts, it is necessary to notice that Rs. 96 6-1 have been debited to the District Road Fund during the year on account of the travelling allowance of certain officers, as per accompanying copy of the Accountant-General's memorandum No. 2181P, dated 8th June 1874.

6. The balance, Rs. 630-11, at credit of deposits, which has been brought forward in the present accounts of Tipperah, was the amount held as deposits from the several ferry farmers as security for regular payment of their kists. This amount was spent in 1872-73, because, as has been explained, the sum at credit for that year was very small and insufficient to meet the expenditure of that year. The above sum has now been adjusted, and has consequently been deducted from the receipts of the cess year 1873-74.

7. I now proceed to notice certain details in regard to the works executed, expenditure incurred, &c., &c., in each district.

8. *Chittagong*.—The amount available for expenditure in the Chittagong district was Rs. 48,340-9-9. Of this amount, Rs. 27,236-11-11 were expended as follows:—

	Rs.	A.	P.
Establishment	150 2 0
Original works	20,791 5 2
Repairs	5,769 11 1
Miscellaneous	225 12 8

The balance remaining in hand thus amounted to Rs. 21,103-9-10.

9. All the works carried out in this district were executed under the superintendence of the officers of the Public Works Department, with the exception of the repairs to a few roads, which were carried out under the superintendence of tea planters; as, for instance, the repairs to the Fennooa road and the road from Ramoo to Cox's Bazar, which were executed under the supervision of Mr. Macalpine of Fennooa, and Mr. Windram of Ramoo, respectively.

10. The original estimate under the head of establishment amounted to Rs. 3,842. The details of proposed expenditure have been already furnished in the estimates submitted with this office letter No. 729, dated 19th December 1873, and need not here be referred to. But the amount expended under this head during the past year was on account of part salary of a local fund clerk and on account of a few small contingent charges only. Why the requirements originally deemed necessary under this head and provided for in the estimate have not been carried out, has not been explained. A reference has now been made to the Magistrate on the subject.

11. Of the sum of Rs. 26,465 estimated for on account of original works, Rs. 20,791-5-2 only were spent. Whether this diminution of expenditure has been owing to the works having been carried out at cheaper rates than originally estimated for, or whether it was owing to some of the works having been only partially carried out, has not been stated. A detailed explanation on the subject has been called for, and the Magistrate has been requested at the same time to state how each item of work has been carried out—whether in an efficient and satisfactory manner, or otherwise.

12. Of the total amount of Rs. 8,470 estimated for repairs, only Rs. 5,769-11-1 were spent. Of works originally estimated for, the following were not apparently carried out, viz. :—

Mectaserra feeder. | • Towing paths. | Rangoonia road.

Why these works were omitted, and why, even excluding these, the charges have been below the estimates, has not been explained in any way. A full report, as above indicated, in regard to original works, has now been called for from the Magistrate.

13. The dry details as regards the extent of original works and repairs executed have been given by the Executive Engineer in his report herewith sent, and need not be here detailed again. The further report called for from the Magistrate, as above indicated, will be forwarded when received.

14. The large balance at the close of the year of Rs. 31,010-3-11 is partly owing to the fact that receipts exceeded the estimates by Rs. 9,086-12-9, and partly owing to the actual expenditure falling short of the estimated expenditure by about Rs. 15,865 11-5.

15. Pending further information and explanation from the Magistrate, I cannot think that the results are satisfactory. Roads and means of communications generally of all kinds throughout the district are few and of a very inferior description; and it appears to me that no time should have been lost by the Magistrate in remedying matters, as far as possible, by expending all available funds in carrying out the improvements which are so greatly needed.

16. It appears from the Executive Engineer's report that he proposes to carry out the following works during the current year:—

- (1.)—The widening of the Arracan road from the 33rd to 40th mile, and the putting up of two bridges with masonry abutments and two culverts at the 39th and 31st miles, respectively.
- (2.)—Surface repairs to the Arracan road from the 1st to 33rd mile.
- (3.)—Widening and straightening the Rangurh road from 12th to 15th mile.
- (4.)—Necessary repairs of the above road and the bridges from the 1st to 26th mile.
- (5.)—The extension of the Hill Tract road for one mile, and repairs to the portion of the road already constructed.
- (6.)—The extension of the Haisabahr road for $\frac{1}{2}$ mile up to the village of Halishahar, and the protection of a part of the road from the encroachments of the river Kornofoolce.
- (7.)—Strengthening the Boal Khalee sluice gate by means of angle irons.
- (8.)—Clearance of a portion of the Boal Khalee canal.
- (9.)—Deepening of the middle part of Bash Khalee canal, where silt accumulates by the meeting of opposite currents.

17. As information has now been received, vide Government order No. 7018, dated 12th instant, of the probable grants-in-aid which will be made for the current year, the Magistrate has been requested to submit the necessary detailed proposals and estimates for future works without further delay. I shall then, in consideration of the statements and reasons furnished, pass my remarks on the several future works proposed.

18. The amount available for expenditure in the Tipperah district was Rs. 14,658-6-2. Of this amount Rs. 10,214-9-3 were expended as follows, leaving a balance of Rs. 4,443-12-11:

	Rs.	A.	P.
Establishment and contingent charges	6,398	8	10
Original works	1,827	4	0
Repairs	1,735	11	0
Miscellaneous	253	1	0

19. It will be seen that by far the largest of the sums above given was expended in the payment of the cost of establishment and of contingent charges connected therewith. This expenditure was of an extraordinary character, and was necessary for the preparation of road cess registers and the valuation papers under the Road Cess Act, and exceeded the estimates by Rs. 216 only.

20. The estimates for original works and repairs were drawn up on the understanding that an additional grant of Rs. 20,652, applied for by this office letter No. 255, dated 18th September 1873, would be sanctioned; but as this application was not granted, little could be done with the small balance available after payment of establishment and cost of constructing and furnishing a bungalow for the Road Cess Committee.

21. The money available appears, however, to have been judiciously spent in repairing some of the existing roads, though, looking to the comparatively large balance at the close of the year, more might have been done in this particular. The details have been fully given by the Executive Engineer, under whose superintendence all the works were carried out. The Magistrate, however, has failed to report on the manner in which the works were executed, and will be now requested to do so.

22. The preliminary proceedings and road cess valuations having been now completed in this district; the tax will be at once levied from the commencement of the current cess year. The amount available for future expenditure will be Rs. 1,01,423-6-11 per annum. Estimates and proposals for the smaller works to be carried out during the current year,

amounting to Rs. 52,849-2, have been already approved by me; and proposals and estimates for extending the Brahmunberiah and Luksham roads—the two most important and urgent requirements of the district—at a cost of Rs. 25,991-4 and Rs. 19,201, respectively, have been submitted by me for the approval of Government through the Superintending Engineer.

23. As has been frequently represented by the Magistrate, the existing staff at the disposal of the Public Works Department is altogether inadequate for superintending the extensive operations now about to be commenced in this district. The question as regards the agency to be employed in future under the Road Cess Committee is still pending before the Government. Meanwhile the Superintending Engineer has been requested by me to move the Government to appoint some additional overseers to assist the Executive Engineer, so that none of the present valuable time for undertaking the works may be lost.

24. In the district of Noakholly the amount available for expenditure was Rs. 21,983-7-10. Of this amount, Rs. 18,628-7-10 were expended, leaving a balance of Rs. 2,455. The expenditure under the several heads was as follows:—

				Rs.	A.	P.
Establishment	267	7	0
Original works	10,567	7	8
Repairs	7,752	7	2
Miscellaneous	11	2	0

25. As in the Chittagong district, the amount spent in establishment, viz., Rs. 267-7, represents merely the part salary of the local fund clerk. Under the head of original works, the chief expenditure was on account of payments for land taken for the Dewaungunge and Chapprassee hat roads, leaving a balance of Rs. 939-9-1 only for other petty works.

26. From the details given by the Magistrate and the Executive Engineer it would seem that extensive repairs had been carried out on all the existing roads. As regards the repair of the road from the Noakholly station to Roipore, the Magistrate notices that the repairs were in parts imperfectly carried out; but as he has failed to furnish any information in regard to the manner in which other repairs and works were carried out, he has now been requested to do so.

27. The works proposed to be carried out during the current year have been mentioned by the Magistrate and need not be again noted by me. As the probable grant for the year is now known, the Magistrate will be requested to submit at once a more detailed report on the subject, together with the necessary estimates. The most urgent and important work in the district appears to me to be the completion of the Laksham and Comilla road, and as much as possible of the available funds should be, I think, allotted for the prosecution of this work.

28. The amount available for expenditure in the Chittagong Hill Tracts was Rs. 25,503-15-1. Of this amount, Rs. 14,132-10 were expended as follows, leaving a balance of Rs. 11,371-5-1:—

				Rs.	A.	P.
Establishment	990	0	0
Contingent charges	22	6	0
Original works	8,281	14	0
Repairs	681	4	8
Miscellaneous, including refunds	4,151	1	2

29. The amount originally estimated for establishment aggregated Rs. 1,380, of which, however, Rs. 990 only have been actually expended in the payment of the special allowance made to Mr. Rozairo, Inspector, under whose superintendence all the works in the Hill Tracts are carried out, and of the salaries of the two local fund clerks.

30. The amount estimated for original works was Rs. 17,038-16-1, of which only Rs. 8,284-14-2 have been actually expended during the year. It is not clear from the report submitted by the Deputy Commissioner why the cost of the work actually carried out falls short of that entered in the original estimates which were submitted to Government by this office No. 729, dated 19th December 1873, and which contained details of the works which were proposed to be executed in the Hill Tracts. An explanation on this subject has now been called for.

31. The chief expenditure under the heading of original works was that incurred in constructing a road fit for the passage of carts over a hill situated on the road from Chittagong to the head-quarters of the district, and in the removal of the rocks at the rapids which have to be crossed in passing from the head-quarters to Demagiree, an important station on the frontier.

32. The amount estimated for repairs was Rs. 2,800, whilst only Rs. 681-8 have been expended. An explanation regarding this also has been called for, as well as regarding the manner in which the several works in detail have been carried out under the superintendence of Mr. Rozairo.

33. A pernicious system of making large advances for works has obtained in this district, and it appears that, of the advances made during the year, no less than Rs. 1,117-0-9 were not worked out, and remained outstanding at the close of the year. The Deputy

Commissioner has already been directed not to make any fresh advances without my special sanction, and to realize or work off all outstanding balances of every description. As he has failed to offer any explanations in regard to the sum above noticed, he will now be required to submit a detailed report on the subject.

31. Details and estimates of the works to be carried out during the current year have been already submitted. The most important of these works, and which should be pushed on as rapidly as possible, are as follows:—

1. Construction of the road from Chittagong to Rangamattee, the present head-quarters of the district.
- 2* Construction of the road from the head-quarters of the Hill Tracts towards Sirthay.
3. Construction of the road from the head-quarters of the Sungoo sub-division towards the head-quarters of the sudder sub-division of the Hill Tracts.
4. Enlarging the channel at Ootan Chuttra, between Rangamattee and Demagiree.

No. 127G.M., dated Chittagong, the 1st March 1875.

From—R. L. MANGLES, Esq., Offg. Commissioner of the Chittagong Division,
To—The Secretary to the Government of Bengal, Public Works Department.

In continuation of my letter No. 422G.M., dated the 30th December 1874, on the subject of the administration of the district road funds in the Chittagong Division during the cess year 1873-74, I have the honor to submit the following supplementary report as promised therein.

2. *Chittagong*.—In the district of Chittagong five meetings of the Road Committee were held to carry on general business.

3. The late Magistrate and Chairman reports that the members took scarcely any interest or active part in the proceedings; that they were of little or no assistance; that no original action was taken by them; and that they merely approved of what was suggested to them by the Chairman. Mr. Kirkwood, however, the present Magistrate, differs from the opinion expressed by Mr. Veasey on the subject, and states that, so far as his experience goes, he has had occasion to form a much more favorable opinion of the committee.

4. As regards the unexpended balance mentioned in paragraph 10 of my report above referred to, the Magistrate explains that the savings shown under the head of establishment are attributable to the fact that "no charge was made to the district works on account of provincial establishment of the Public Works Department, as was anticipated when the budget estimate for district works was submitted, except the pay of a local fund clerk and a few small contingent charges," and that this procedure was enjoined by the orders of Government, received subsequent to the preparation of the budget estimate.

5. Regarding the unexpended balance referred to in paragraph 11 of my previous report, the Magistrate of Chittagong states that the total amount estimated for original works was not fully expended, owing to the very early setting in of the rains during the year 1874, which prevented the completion of many works sanctioned for the year.

6. The present Magistrate of Chittagong, having only recently taken charge of the district, expresses his inability to give his opinion as to the manner in which each work was carried out during the year under report; nor is his predecessor, it is stated, in possession of any information on the subject.

7. Adverting to paragraph 12 of my report, the Magistrate states that no repairs were effected to the Mectasura road, owing to the early setting in of the rains, as above mentioned; that the repairs of Boakhhally towing paths could not be taken into hand, as the estimate for deepening the Boakhhally canal was not sanctioned during the year, the spare earth of which was to have been used in repairing these towing paths; and that no repairs could be made to the Rangoma road, as there was no Government land adjacent to it from which the requisite earth could be taken. But it is stated that the owners of the adjoining lands have now consented to earth being taken up for repairs of this road without any compensation.

8. *Tipperah*.—During the cess year 1873-74 eight meetings of the District Road Committee were held in the Tipperah district, and the number of members who attended was, it is reported, good, being generally about half the total number.

9. With reference to paragraph 21 of my report, the Magistrate reports that the works performed in the district consisted of petty repairs, which were done, as has already been reported, under the immediate supervision of the Executive Engineer. On the Laksham road the work consisted of the repairs of sundry masonry bridges and the filling up of places where the road had been worn away during the previous rains. The repairs done to the other two roads, viz., Companygunge and Brahmunberiah roads, are also stated to have been of a similar nature. The Magistrate reports, after personal inspection, that the repairs to the above mentioned roads have been properly executed.

10. The only original work undertaken during the year in the Tipperah district was the erection of the Road Cess Committee Bungalow, which, it is reported by the Magistrate, has also been completed in a satisfactory manner.

11. *Noakhally*.—During the cess year 1873-74 only two meetings of the District Road Committee were held in the Noakhally district, and the number of members who attended, it is reported, was hardly sufficient to form a quorum. As the members took little or no

interest in matters of local improvement, the Chairman states that he intends to effect a thorough reformation in the constitution of the committee.

12. The Chairman was unable to state in detail how each item of work was carried out in the district. He states, however, that he has inspected most of the roads upon which repairs have been carried out; that they have been properly done; that the expenditure appears to have been worked up to, and that the same remarks apply to the original works completed.

13. *Hill Tracts*.—The Deputy Commissioner of the Hill Tracts reports that the works entered in the original estimates could not be carried out to the full extent, owing to the advances having been made from the Road Fund under special circumstances to the following distressed hill people:—

1st.—Van Whooya, Syloo chief.

2nd.—Myoni Tipras.

3rd.—Chuckmas and other hill men.

The Deputy Commissioner further explains that the works mentioned in paragraphs 31 and 32 of my previous report could not be executed to the full extent of the original estimate for the following reasons. Van Whooya, the Syloo chief, was allowed time to repay the loan under the orders of Government; the Myoni Tipras could not work off their advances, owing to an outbreak of cholera; and the Chuckmas and others received their advances so late as June and July last.

14. The following statement, submitted by the Deputy Commissioner, shows the amount actually recovered in cash and the estimated amount worked off by labour from 1st October 1874 to 31st January 1875:—

Number.	Particulars.	Amount.		Total.
		Rs.	A. P.	
1.	From Van Whooya—By cash from sale of rubber	350	0 0	
2.	From Myoni Tipras—Cash	1,334	2 8	
3.	From Chuckmas and others—Cash	2,971	0 0	
				4,655 2 8
4.	From Myoni Tipras—Estimated recovery in labour	3,500	0 0	
5.	From Chuckmas and others	1,500	0 0	
				4,800 0 0
	Total			9,465 2 8

15. I have lately visited the Hill Tracts. As far as I have seen, it appears to me that the roads of this district have not been well or advisedly laid out; and I have requested the Deputy Commissioner not to undertake the construction of any new roads, or to commence any extension or costly repairs to any of the existing roads until the line of the proposed or existing road has been properly surveyed and reported on by a scientific officer.

Annual Report of District Works in the Chittagong District for the last road cess year ending 30th September 1874.

1. *Arracan Road*.—This road has been widened to 16 feet on the top from the south bank of Hungur Nullah, *i.e.*, 30th mile to Sirdar's Diggy, and from the Nullah Goleeah Khal to the east of the Boulia Nullah, and turfed from 30th to 33rd mile.

The masonry work of bridge No. 11, one hundred feet span on the 30th mile, has been completed, and wood-works are being conveyed to site of work. It is expected the bridge will be completed in a month or two. It is proposed that the road will be widened in 1874-75 from the 33rd to 40th mile, and two bridges will be constructed with masonry abutments and wood-work, and two culverts on the 20th and 31st miles, respectively. It has also received surface repairs from mile-post No. 1 to mile-post No. 27, and is now in good order; seven wooden bridges have been repaired. The construction and repairs of 223 bamboo bridges in the Arracan, Gurjoneeah Hill Tract, Juldee, Bashkhalce, and Parkee roads have been completed. Surface repair to the road from 1st to 3rd mile will be made, and old wooden bridges will be repaired and coal-tarred during the current cess year.

2. *Ranghur Road*.—The widening and straightening of this road have been carried out from 10 $\frac{1}{2}$ to 12 miles, being in length a mile and half, having a width of 16 feet at top; and turfing has been done to the same. Two new wooden bridges, with masonry abutments and wing walls, have been completed on the 10th mile. Surface repairs have been done to the road between 31 $\frac{1}{2}$ to 26th mile, being 22 $\frac{1}{2}$ miles; and 14 wooden bridges have been repaired. It is proposed to widen and straighten the road from 12th to 15th mile during the current year. Necessary repairs to the road and bridges will also be made from 1st to 26th mile.

3. *Hill Tract Road*.—This road has received surface repair from the junction of the Ranghur road to Futticka, being 2 $\frac{1}{2}$ miles. The road will be extended in this year from Futticka to Goleerah, a distance of one mile.

The wooden bridges will be coal-tarred, and the old road will be repaired in the current year.

4. *Moishkhallee Strand Road*.—The road has been constructed from the junction of the Madarbarree road to Gohaldenga, being $\frac{3}{4}$ mile in length, and 16 feet at the top, and two wooden bridges, with masonry abutments and wing walls, have been built to the same: the road and bridges are now in good condition. The road will be extended during this year up to Abdool Maloom's road at Halleeshohur, being $\frac{1}{2}$ mile. It is proposed to put stones on the side of the old road near Gohaldenga, in order to prevent the road being washed away by the river Kurnafoolee, where it is too close to the river.

Surface repairs of the following minor roads have been completed, and two bamboo bridges have been put in on the Mahajun's hant road:—

5. *Bakoleeah, Khalaorghat, Nascerabad, Halleeshohur, Moishkhallee towing path, Tipperah Pass, Robertjunge, Mahajun hant, Sakeerapole, Dhulghat, Khurroona, Chandpore, Poroykerah, and Ananourah roads.*

6. *Boulkhallee Sluice gate*.—Angle irons have lately been received from Calcutta for strengthening the gate, which will be fixed after the rains, when the flooring also shall have to be raised a little.

7. *Boulkhallee Canal*.—This canal will be cleared out about a mile and half in next January.

8. *Banskhallee Canal*.—This canal has been deepened, and silt excavated for about two miles: a portion in the middle, about 100 running feet, which could not be completed in consequence of rains setting in last year, will be deepened during the next working season.

The minor roads, and the bridges thereon, will receive necessary repairs in this year, and two wooden bridges on the towing path on the banks of the Boulkhallee Nulla repaired.

(Sd.) DENONATH SEN,
Offg. Executive Engineer, Chittagong District.

ESTABLISHMENT.

The 28th May 1875.

No. 206.—*Notification*.—Mr. T. H. Wickes, Executive Engineer, Second Grade, resumed charge of the Nuddea Rivers Division on the 14th May 1875, before noon.

No. 207.—The undermentioned Officers, attached to the Purneah Special Division, whose services were placed at the disposal of the Additional Chief Engineer for Special Works by the Irrigation Department, were replaced at the disposal of that Department from the dates specified opposite to their names.

Names.	Grade.	Date of leaving.
Mr. P. B. Roberts	Assistant Engineer, 1st Grade	17th May 1875, afternoon.
" E. A. Parsick	2nd	"

No. 208.—*Leave of Absence*.—Mr. C. S. Bickers, Assistant Engineer, Second Grade, attached to the North Bhagulpore Special Division, is allowed privilege leave for three months, under Section 12, supplement F of the Civil Leave Code.

No. 209.—*Notification*.—Mr. J. A. Campbell, Assistant Engineer, Second Grade, joined the 24-Pergunnahs District on the 6th May 1875, before noon.

No. 210.—*Leave of Absence*.—Baboo Kedarnath Paul, Overseer, First Grade, attached to the Rajshahye Division, is allowed privilege leave for three months, under Section 12, supplement F, of the Civil Leave Code.

No. 211.—*Notification*.—Serjeant A. Freeman, Supervisor, Second Grade, joined the Fourth Calcutta Division on the 10th May 1875, before noon.

No. 212.—Baboo Haran Chunder Bose, Overseer, First Grade, attached to the North Bhagulpore Special Division, rejoined the Bhagulpore District on the 13th May 1875, afternoon.

No. 213.—*Leave of Absence*.—Mr. H. J. R. deSalis, Assistant Controller, First Grade, Central Office of Accounts, Bengal, is allowed privilege leave for one month, under Section 12, supplement F of the Civil Leave Code.

The following officers who were temporarily transferred from the Panjab Irrigation Branch for Famine Relief Works, in Bengal, are now permanently transferred to Bengal in the Irrigation Branch:—

Mr. F. Simon, Executive Engineer, third grade.

„ J. P. Scotland, Assistant Engineer, second grade.

No. 207.—Leave.—Baboo Bhagirath Doss, Overseer, first grade, Western Soane Survey Division, is granted privilege leave for one month, under Section 12, Supplement F of the Civil Leave Code, with effect from 7th May 1875.

No. 208.—Transfer.—Mr. T. R. Buxton, Temporary Supervisor, second grade, from the Balasore survey to the Byturnee Division.

No. 209.—Notifications.—Colonel F. T. Haig, R.E., Chief Engineer and Joint-Secretary to the Government of Bengal, in the Public Works Department, Irrigation Branch, having reported his arrival at Bombay on the 26th on his return from the furlough granted him in the orders marginally noted, is allowed subsidiary leave from that date to the 28th instant.

Notification No. 205, dated 29th May 1875.

No. 210.—Colonel F. T. Haig, R.E., Chief Engineer and Joint-Secretary to the Government of Bengal, in the Public Works Department, Irrigation Branch, took over charge of the duties of his office from Colonel H. W. Gulliver, R.E., Officiating Chief Engineer and Joint-Secretary, on the forenoon of the 29th instant.

Notification No. 207, dated the 22nd June 1875.

No. 211.—Posting.—With reference to the orders marginally noted, Mr. R. B. Claudius, Overseer, first grade, retransferred from the General Branch, is posted to the Orissa Circle.

No. 212.—Leave.—Sergeant R. Edwards, Overseer, first grade, Arrah Division, is granted privilege leave for one month and twenty-five days, under Section 12, Supplement F of the Civil Leave Code, with effect from 1st June 1875.

No. 213.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the public expense for a public purpose, viz., for a distributary channel called the Buxar distributary, to leave Buxar Branch Canal at mile 6, passing through or near, in Pergunnah Dinwari Moons Sakula, Suara, Raghumathpur, Ghatara, Chikana, Bhatauli Kherja, Chikara, Chikra, Indus Chikra, Baragauw, Baidpur, Baid Sagar, Ramon Dinwari, Man, Chikara, Kanda Dinwari, Chikara, Raura, Dhangra, Nauhar, Baidhar, Baran, Narayanpur, Kichla, Narayanpur, Kalyanpur, Dawat, Bahmani, Simri (in Pergunnah Chikara), Moons Ram Sagar, Anupur, Kawa Nagar, Atal, Bhadar, Dubauli, Athar, Pandepur, Kachanyaon, Dakhara, Chikara, Manjara, Kawa, Kawa, Nikhara, Dhangra, Mahara, Kharauli, Bhajur, all in the district of Shahabad, it is hereby declared that for the above purpose a strip of land, measuring 25 miles in length and varying from 50 feet to 350 feet in width, and containing 419 acres of land, more or less, is required within the aforesaid villages in the district of Shahabad.

The plans of the said distributary may be seen in the Office of the Executive Engineer, Buxar Division, at Buxar during office hours on any day (holidays excepted) authorized holidays excepted.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

No. 214.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a distributary (called Balhara distributary) in connection with the main western canal in its 17th mile, and passing through or near Moons Kotara, Arora, Paliya, Patjar, Gokhuipur, Chikara, Moons, Baidhar, Tenda, Sakara, Panpur, Poda, Raura, Pura, Jagdipur, Nadi, Kathra, Chandrapur, Baidhar, Gopara, Kaurara, Baidhar, Misrauli, Khara, Sat, Sat, Baidhar, and Baidhar, all in Pergunnah Sasaram, zillah Shahabad, it is hereby declared that for the above purpose a piece of land, about 77,320 feet in length and from about 80 to 180 feet in width, and measuring about 250 acres of land, more or less, is required as demarcated by the Public Works Department, Irrigation Branch officers, in or near the aforesaid villages in the district of Shahabad.

The plans of the said distributary may be seen in the Office of the Executive Engineer, Dehri Division, at Dehri on Sone, on any day (holidays excepted) during office hours.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

No. 215.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a distributary called Kauramali in connection with the main western canal in its 21st mile, and passing through or near Moons Kotara, Dhangra, Syaula, Kaurara, Raura Jain, Chikara, Kichla, Samantia, Baidhar, Moons, Kaurara, Baidhar, Jagra, Tekara, Panreri, Baidhar, and Kauramali, all in Pergunnah Sasaram, zillah Shahabad, it is hereby declared that for the above purpose a piece of land, about 56,800 feet in length and from about 60 to 260 feet in width, and measuring about 175 acres and 312 poles, more or less, is required as demarcated by the Public Works Department, Irrigation Branch officers, in or near the aforesaid villages in the district of Shahabad.

The plans of the said distributary may be seen in the Office of the Executive Engineer, Dehri Division, at Dehri on Sone, on any day (holidays excepted) during office hours.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

No. 216.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense, viz., for a distributary (called Baranu) in connection with the main western canal in its 15th mile, and passing through or near Mouzas Akási, Jhalkhoria, Besaini, Rakasia, Kharári, Baránu, Bishampurá, Karup, Kusmi, and Bád, all in pergunnah Sasseram, zillah Shahabad, it is hereby declared that for the above purpose a piece of land, about 34,080 feet in length and from 60 to 190 feet in width, and measuring about 107 acres one rood 30·84 poles, more or less, is required, as demarcated by the Public Works Department, Irrigation Branch officers, in or near the aforesaid villages in the district of Shahabad.

The plans of the said distributary may be seen in the Office of the Executive Engineer, Dehri Division, on any day (holidays excepted) during office hours.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

F. T. HAIG, Col., R.E.,
Jt.-Secy. to the Govt. of Bengal,
in the P. W. D., Irrigation Branch.

[Second Publication.]

NOTIFICATION.

It is hereby notified, under the provisions of section 3, Act XI of 1859, that from the 1st April 1876 until further notice, the following changes will be made in the dates fixed as the latest days for the payment, in the Lower Provinces, of arrears of revenue and demands which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue :—

	Estates paying an annual revenue not exceeding Rs. 10.		Estates paying an annual revenue exceeding Rs. 10, but not exceeding Rs. 50.	
	Present date.	Proposed date.	Present date.	Proposed date.
In districts where the Bengali or Amli era prevails, except the division of Orissa and the district of Chittagong ...	28th June ...	28th March ...	{ 28th June ... 12th January ...	{ 12th January ... 28th March ...
In districts where the Fasli era prevails	7th June ...	28th March ...	{ 7th June ... 12th January ...	{ 12th January ... 28th March ...

The fixed latest days for payment for all classes of estates in all districts will then be those shewn in the following table :—

	Estates paying an annual revenue not exceeding Rs. 10.	Estates paying an annual revenue exceeding Rs. 10, but not exceeding Rs. 50.	Estates paying an annual revenue exceeding Rs. 50, but not exceeding Rs. 100.	Estates paying an annual revenue exceeding Rs. 100.
In districts where the Bengali or Amli era prevails, except the division of Orissa and the district of Chittagong ...	28th March ...	{ 12th January ... 28th March ...	{ 28th June ... 12th January ... 28th March ...	{ 28th June ... 28th September ... 12th January ... 28th March ...
In districts where the Fasli era prevails	28th March ...	{ 12th January ... 28th March ...	{ 7th June ... 12th January ... 28th March ...	{ 7th June ... 28th September ... 12th January ... 28th March ...
In the division of Orissa ...	{ 28th April ... 8th November ...	28th April ... 8th November ...	28th April ... 8th November ...	28th April ... 8th November ...
In the district of Chittagong	25th May ...	{ 25th May ... 25th February ...	{ 25th May ... 28th December ... 25th February ...	{ 25th May ... 25th September ... 28th December ... 25th February ...

When the latest day of payment falls on a Sunday or holiday, being a day on which the Collector's office is authorized to be closed, the first open day after such Sunday or holiday is to be taken as the latest day.

BOARD OF REVENUE, L. P.,
 FORT WILLIAM,
 The 7th May 1875.

J. GEOGHEGAN,
Officiating Secretary,
Board of Revenue, L.P.

HIGH COURT NOTICES.

Circular Order and Memo. by the High Court of Judicature at Fort William in Bengal.

Circular Order No. 3.

Dated Calcutta, the 8th May 1875.

MORE than a year having now elapsed since the promulgation of the rules made under the Court Fees' Act, and the Court being desirous of judging how the rules have worked, and in what respects they need improvement or expansion, all District Judges and Judicial Commissioners under the Court's authority are requested to submit,

HIGH COURT.
ENGLISH DEPARTMENT.
Civil.

within the first week in July next, a careful report on the subject.

2. The Court desire to be informed as to the operation of the rules—

1st.—With reference to the interests of suitors.

2nd.—As to official convenience.

3rd.—From the financial point of view.

3. Under the first of these heads, it should be shown whether any injurious effect has been produced, or complaint occasioned, by alterations in the amount of fees as compared with the practice superseded by the rules; whether a resort to process of any particular kind has been promoted or discouraged by the fees imposed, with especial reference to the charges, some of them new, imposed on processes requisite in execution of decree.

4. Under the second head, it should be stated how far the rules have worked smoothly, regarded merely as a code of office regulations; whether they have presented any real difficulties to fairly intelligent officers; whether they have been found to admit of easy check and control by superior authority; whether the fees are considered as bearing a due proportion to the importance or difficulty of the services to which they severally apply; and whether they have in any instance a tendency to throw excessive labour on officers who are not paid out of the fee fund, or with reference to it.

5. As bearing upon this inquiry, the Court refer to the very general complaint that improper advantage is taken of the uniform fee of Rs. 2 or Re. 1 on every summons, without reference to the number of persons named therein, and that witnesses in unreasonable numbers are cited either recklessly or with a view to some grievance being founded on the failure of such witnesses to appear at the trial.

6. Upon the third head of inquiry, the Court desire to be informed, as fully as possible, of the income derived from the fees and the expenditure to be set against them. While on the one hand the Court have not considered that these fees ought to be, in any important sense, a source of revenue, on the other, it is clear that the Government ought to be protected against loss, not only on the whole, but also in any given direction.

7. It is material to know whether the salaries and remunerations fixed for the peons and the superior officers employed in the service or execution of process, have been found adequate in both the higher and the lower grades for the purpose of attracting and retaining in the service men duly qualified for the duties which they are called on to perform, and whether the circumstances of particular districts demand an increase, or permit a reduction in the salaries appointed, which, as they stand, are applicable to all districts.

8. The Court desire particularly to be informed how far it has been practicable to appoint no process server who cannot read and write, how many old officers of this kind, *i.e.* unable to read and write, have been retained, and for what reason. And opinions are invited as to a suggestion which has been made that, on the establishment of every superior Court, there should be a limited number of peons of a superior class, and bearing a different name for the performance of the more responsible duties devolving on these men, such as the attachment of property and arrest of judgment-debtors in large suits, and the like.

9. The Court expect that District Judges will treat the subject with the care which its importance demands, and will render valuable assistance in preparing revised rules for acceptance by the Government.

10. It will be convenient if, in making their reports, the District Judges follow strictly the order here indicated.

Circular Memo. No. 8.

Dated Calcutta, the 28th April 1875.

All District Judges and Judicial Commissioners are requested to report, for the information of the Court, how the rules laid down in Circular Order No. 21, dated 18th August 1873, have worked, both as regards the obtaining of better sales, and in the way of preventing abuses, in respect more particularly of the smaller holdings sold in execution; and whether, in such cases, complaint has been made.

HIGH COURT.
ENGLISH DEPARTMENT.
Civil.

By order of the High Court,

W. M. SOUTAR, Registrar.

Sheriff's Office, the 12th May 1875.

NOTICE is hereby given that the Fifth Criminal Sessions of the year 1875, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the seventh day of June next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Session be then and there to prosecute.

DEGUMBER MITTER, *Sheriff.*

সরিক আফিস সন ১৮৭৫ সাল ১২ মে।

TREASURY NOTICES.

UNCOVENANTED Deputy Collector Baboo Anand Mohun Mozoomdar has been placed in charge of the Jessore treasury from the 7th instant, and authorized to draw bills on other treasuries.

W. J. HERSCHEL, *Offg. Commissioner.*

COMMISSIONER'S OFFICE, PRESIDENCY DIVISION, CALCUTTA, the 18th May 1875.

UNCOVENANTED Deputy Collector Baboo Taraprasad Chatterjee has been placed in temporary charge of the Moorshedabad treasury from the 6th instant, and authorized to draw bills on other treasuries.

W. J. HERSCHEL, *Commissioner.*

COMMISSIONER'S OFFICE, PRESIDENCY DIVISION, CALCUTTA, the 12th May 1875.

EDUCATIONAL NOTICES.

1. THE Calcutta Medical College Session of 1875-76 will commence on the 15th June next.

2. Students who may be desirous of commencing their studies are requested to apply to the Principal of the Medical College between the hours of 10 A.M. and 4 P.M. on or before the 15th June next, when the ten (10) vacant free presentations will be awarded. These are given to candidates upon their relative position in the University First Arts, B.A. and B.L. Examination, preference being given to those who have passed the highest examination.

3. The possession of the "First Arts" certificate of the Calcutta University will entitle students to enter the Medical College.

4. The course of instruction given in the Calcutta Medical College is framed to meet the requirements of the Calcutta University for obtaining its degrees in medicine and surgery.

5. The candidates who may fail in obtaining free presentations may be admitted as students on payment of an entrance fee of Rs. 15, and a further sum of Rs. 5 monthly during the period of their stay at the college, provided they enter into a guarantee to follow out the college curriculum to a close, and to graduate at the Calcutta University. Candidates who do not intend to graduate in Calcutta, or who wish to attend only a few courses of lectures, may be admitted as casual students on payment of a fee of Rs. 40 for each course of lectures, or Rs. 60 for six months' attendance upon any single branch of hospital practice. The cost of educating a casual student to compete at the examination of the Royal College of Surgeons of England amounts to Rs. 810.

6. The certificates of lectures and hospital attendance of the college are recognized by the University of London, the Royal College of Surgeons of England, and the Worshipful Society of Apothecaries of London.

NORMAN CREVERS, M.D., *Principal Medical College.*

CALCUTTA, MEDICAL COLLEGE OFFICE, the 20th May 1875.

It is hereby notified that the 11 junior scholarships allowed to this division will be distributed as follows:—

The boys who get the highest number of marks among the Monghyr and Bhagulpore candidates					1
Monghyr	3
Bhagulpore	4
Purneah	1
Sonthal Pergunnahs	2

The grade of scholarships will be determined by the number of marks which the successful candidates obtain in the examination.

By order,

SHARODA PROSHAD CHATTERJEE, *Personal Assistant to the Commissioner.*

BHAGULPORE, the 31st May 1875.

UNDER paragraph 8 of the Junior Scholarship Rules, it is hereby notified that the 18 Junior Scholarships allotted to the Patna division, for the year 1875-76, have been distributed among the several districts comprising it as follows:—

Patna	7
Gya	2
Shahabad	3
Mozufferpore	2
Durbhanga	0
Saran	3
Chumparun	1
Total					18

The grade of these Scholarships will be determined by the number of marks which the successful candidates get at the Entrance Examination, to be held in December 1875.

DURGA GATI BONERJEA, *Personal Asst. to Commr., for Commr.*

OPIUM NOTIFICATION.

No. 469B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1873-74, will be held at the Government Opium Sale-Room, No. 2, Bankshall Street, on Friday, the 4th June 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

					Chests.
Behar Opium	2,150
Benares	1,600
Total					3,750

2. The general conditions of the sale now advertised will be the same as usual; they may be ascertained by reference to the Notification issued on the 16th November 1874, and published in the *Government and Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 9th and 19th June 1875 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Wednesday, the 9th June 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Saturday, the 19th June 1875.

4. In addition to the quantity above advertized for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about

the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

DATES.	Behar, about Chests.	Benares, about Chests.	Total, about Chests.

BOARD OF REVENUE, L. P., FORT WILLIAM, the 1st June 1875

The Calcutta Gazette.

WEDNESDAY, JUNE 2, 1875.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the Condition of Sale below, to the under-mentioned estate, situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 5th June 1875, corresponding with 23rd Jaisto 1282 B.S., and 16th Jaisto 1282 F.S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana.

The estate will be sold, subject, up to the expiry of the existing settlement in the year ending 31st March 1902 A.D., to the Government revenue against it, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th (fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Tanner, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. Price Rs. 24; packing and postage, Re. 1-12.

••• The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

WEDNESDAY, JUNE 2, 1875.

PART IV. Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

The following report of the Select Committee on the Bill to provide for the survey and demarcation of land, with the amended Bill, is, by order of the President, published for general information:—

WE, the Select Committee appointed to consider the Bill to provide for the survey of land and for the establishment and maintenance of boundary marks, have the honor to submit the following preliminary report:—

From Honorary Secretary, British Indian Association, dated 19th April 1875.

From Officiating Secretary to the Board of Revenue, Lower Provinces, dated 5th February 1875.

From Superintendent of Revenue Survey, Upper Circle, dated 14th April 1875.

From Settlement Officer, Midnapore, dated 19th April 1875.

Demi-official letter from Officiating Senior Superintendent of Survey, Midnapore, dated 24th March 1875.

From Commissioner of Burdwan, dated 22nd April 1875.

From Collector of Midnapore, dated 28th April 1875.

From Officiating Collector of Hooghly, dated 6th May 1875.

From Officiating Senior Superintendent of Survey, dated 30th April 1875.

We have considered the papers noted in the margin which were laid before us.

We have struck out the definitions of the words "Lieutenant-Governor" and "Board" as unnecessary (Section 1).

We have defined the word "Survey" (Section 1).

We have made considerable changes in the form of the Bill.

We have recognized the appointment of a Superintendent and Assistant Superintendents of Survey (Section 4).

We have provided that, when the parties do not accept the Collector's offer of compensation for damage done to crops, fences, and trees, by entry upon lands for the purposes of the Act, they may recover compensation in the Civil Court (Section 7).

In Part III we have provided that the Collector shall in all cases cause boundary marks to be put up by his own *employés*, instead of requiring occupants to put them up.

We have simplified the procedure of Part IV for the apportionment of expenses on estates and tenures.

In Part V we have clearly defined the powers of the Collector in respect to determining disputed boundaries which have never been authoritatively laid down, and also in respect to relaying boundaries which have been demarcated and mapped on previous occasions by Revenue Officers or other competent authority. We have omitted the reference to the powers exercised under Regulation VII of 1822.

We have provided for the imposition and levy of a daily fine in the case of persons delaying the proceedings by failing to comply with requisitions made under the Act (Section 37).

We have clearly defined the powers of control and the appellate jurisdiction of the different Revenue Officers (Sections 42 and 43).

We have provided that no suit shall be brought to set aside any order of a Collector in a boundary dispute, unless an appeal has been presented against the order to the Commissioner (Section 45).

We have omitted the proviso of Section 32 of the Bill as first published, to the effect that suits to set aside the orders of Commissioners and Collectors must be instituted within six months of the date of the orders. The effect of this omission is to allow twelve months as the period within which such suits must be instituted, as they will now come under the Indian Limitation Act, being suits to set aside "any act of an officer of Government in his official capacity, not herein otherwise expressly provided for," as defined in Schedule II (16) of that Act.

We have made other alterations in form and words.

H. L. DAMPIER,
V. H. SCHALCH,
KRISTODAS PAL.

The 18th May 1875.

AMENDED BILL.

A Bill to provide for the Survey and Demarcation of land.

WHEREAS it is expedient, with a view to the definition and identification of lands, the better security of landed property, and the prevention of encroachments and disputes, to provide for the survey of lands and for the establishment and maintenance of marks to distinguish the boundaries thereof; It is hereby enacted as follows:—

PART I.

PRELIMINARY.

1. This Act shall come into force at once.

2. In this Act—unless there be something repugnant in the subject or context—

“Collector” includes every Collector of a district, and every officer either generally or specially vested with the powers of a Collector for the purposes of this Act.

“Deputy Collector” includes any Deputy Collector to whom the Collector or Superintendent of Survey may delegate any of his functions under this Act.

“Estate” includes—

any land which is entered on the revenue-roll as separately assessed with the public revenue;

any land acquired from the Government under one title, which is liable to pay land revenue at any future time;

any land which is entered on the Collector's Registers as a separate holding, free in perpetuity from liability to pay land revenue.

“Mouzah” includes every village, hamlet, tolah, and similar sub-division of an estate by whatever name such sub-division may be known.

“Occupant” includes every zemindar, tenure-holder, farmer, and other person entitled to receive rents in respect of land, and every ryot in occupation of land.

“Section” means a section of this Act.

“Survey” includes identification of boundaries and all other operations antecedent to, and connected with, survey.

“Tenure” includes all permanent interests in land, with the exception of estates as above defined, and with the exception of those of ryots having a right of occupancy only.

“Tenure-holder” means all or any of the holders of a tenure.

“Zemindar” means all or any of the holders of an estate.

PART II.

OF THE SURVEY.

3. The Lieutenant-Governor may, whenever he shall deem fit, order that a survey shall be made of the lands situated in any district, or in any part of a district, or in any specified tract of country; and that the boundaries of estates, tenures, mouzahs, or fields be demarcated on the lands so to be surveyed:

Provided that in any district, of which a survey may have been completed and approved by the

Government, it shall not be lawful for the Lieutenant-Governor to order a new survey of lands on the banks of rivers or on the sea-shore to be made for the purposes described in Act IX of 1847 (*an Act regarding the assessment of land gained from the sea or from rivers by alluvion or dereliction within the Provinces of Bengal, Behar, and Orissa*), until ten years shall have expired from the completion and approval of any such survey.

4. For the purpose of carrying out any survey directed to be made under the last preceding section, and all other purposes of this Act,

Lieutenant-Governor may appoint Superintendent of Survey

the Lieutenant-Governor may appoint a Superintendent of Survey, who may exercise all or any of the powers of a Collector under this Act; and may appoint one or more Assistant Superintendents and Deputy Collectors, who shall exercise all the powers of a Collector in respect to such matters under this Act as may be delegated to such Assistant Superintendents or Deputy Collectors respectively by the Collector or Superintendent of Survey, and not otherwise:

Provided that, notwithstanding the appointment of a Superintendent of Survey for any tract of country, it shall be competent to the Board of Revenue to direct that the Collector shall perform any duties under the Act within the said tract.

5. In pursuance of any direction made under section three, the Collector and any persons acting under his authority, may enter upon such lands, and do all things necessary for effecting the survey and demarcation of the boundaries thereof.

6. Before entering on such lands, the Collector shall cause to be published a proclamation addressed to the occupants of the lands

which are about to be surveyed, and of the contiguous lands, and to all persons employed on, or connected with the management of, or otherwise interested in, such lands, calling upon them to attend, either personally or by agent, at such places and at such times as shall be stated in such notice during the demarcation and survey of the land for the purpose of pointing out the boundaries and of rendering such aid as may be necessary in setting up or repairing such boundary marks as may be required, and of affording such assistance and information as may be required for the purposes of this Act.

Such proclamation shall be published by posting a copy thereof at

the Court of the Judge and at the office of the Collector of every district within which any portion of the lands about to be surveyed may be situated; at

every sub-divisional office, police station, moon-siff's court, and sub-registrar's office within the jurisdiction of which any portion of the land about to be surveyed may be situated; at one or more mal cutcherries on each estate, and at such other place or places as to the Collector may seem fit.

The Collector may also, by a special notice, require any such person to attend at any places,

and at such times as shall be stated in such notice, for any of the purposes aforesaid.

7. The Collector may, by a special notice, require any occupant of land to clear any boundary or other line which it may be necessary to clear for the purposes of the survey, by cutting down and removing any trees, jungle, fences, or standing crops.

The Collector shall ascertain the nature and estimated value of such trees, jungle, fences, or standing crops, and shall offer adequate compensation to the owners thereof. If such offer be not accepted, such value may be recovered by civil suit.

• PART III.

OF BOUNDARY MARKS.

8. The Collector may cause to be erected temporary boundary marks of such materials, and in such numbers and manner as he may direct, on any lands to be surveyed under this Act;

and may require any occupant of land to maintain and keep in repair such marks, or any boundary marks,

until any survey operations shall be concluded, and a final award given as to any disputed boundary, or

until permanent boundary marks may be erected in lieu thereof as hereinafter provided.

9. The Collector may at any time cause to be erected, on any land which is to be or which has been surveyed under this Act, permanent boundary marks of such materials, and in such number and manner, as he may determine to be sufficient to distinguish the limits of the estates, tenures, mouzabs, or fields for which the same are to be erected.

Every zemindar is bound to maintain and keep in repair such of the permanent boundary marks lawfully erected on his estate, or on the boundary between his estate and that of any other zemindar, as may be assigned to him by the Collector under the provisions of section nineteen, and to restore such marks if removed or destroyed; and in default the Collector may at any time require him to do so.

10. If any occupant or zemindar fails to maintain, keep in repair, or restore any boundary mark when required to do so under sections eight and nine, the Collector may maintain, keep in repair, or restore any such boundary mark, and the expenses thereby incurred shall be recovered as provided in section forty-one from the person failing to maintain, keep in repair, or restore any such boundary mark after being required to do so.

11. All expenses incurred by the Collector in erecting temporary or permanent boundary marks under this Act shall be apportioned among and levied from the zemindars of the estates and the holders of the tenures in respect of which such marks are erected, in manner hereinafter provided.

PART IV.

OF THE APPORTIONMENT AND RECOVERY OF EXPENSES.

12. Upon the completion of the erection of boundary marks on any tract of land of which the survey may have been ordered, or on any convenient portion thereof, the Collector shall forthwith prepare a statement of all expenses incurred in respect of such boundary marks.

13. Such statement shall show the total number of marks of each description which have been erected on such tract, or portion of such tract, the aggregate cost of erecting all the marks of each description, the names of the estates and mouzabs within, or on the boundaries of which any marks have been erected, and the total number of marks of each description erected within or on the boundary of each estate.

14. Upon the completion of such statement, the Collector shall provisionally apportion the aggregate cost of erecting the marks among the estates specified, with reference to the number of boundary marks of each description which have been erected within or on the boundary of each estate.

15. So soon as the provisional apportionment shall have been made as required by the last preceding section, the Collector shall cause a notice to be served on the zemindar of every estate on which the expenses have been apportioned,

- (a) specifying the sum which has been apportioned as payable by his estate;
- (b) informing him that the said statement is open to inspection in the office of the Collector;
- (c) calling on him to appear in person, or by agent properly authorized, at the office of the Collector on a date to be specified in the notice (not being less than two months after the issue of the notice), on which date the Collector will proceed to consider any objections which may be made to the provisional apportionment of expenses, and to add to the share of the expenses apportioned in respect of the erection of boundary marks a proportionate share of the expenses incurred in the service of notices under this section;
- (d) warning him that if he does not appear on the date fixed in pursuance of the notice he will be deemed to have waived all objections to the share of the expenses apportioned to his estate;
- (e) informing him that under this Act he is entitled to recover a portion of the amount which shall be finally apportioned on his estate under section sixteen, from the tenure-holders on his estate; and that in order to enable the Collector to apportion the said amount among the tenure-holders, he may give in a list of all tenures as defined in this Act, held directly from him (including all lands held without payment of rent

which may under section twenty-two be deemed to be tenures forming part of his estate) of which any portion is situate within fifteen hundred feet of any boundary mark erected under this Act, with a specification of the number of boundary marks of each description which are erected within or on the boundary of each tenure; and

(f) warning him that if he fails to give in a list of tenures as aforesaid on or before the said date, he will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be held liable under section sixteen of this Act.

16. On the date fixed in such notice, the Collector shall proceed to consider all objections which may be made to the apportionment, and to make such final apportionment of the expenses as shall seem to him fit; in making such final apportionment, the costs of serving all notices under section fifteen shall be distributed rateably among the estates concerned, in proportion to the share of the expenses of erecting boundary marks which may be apportioned to each estate; and the amount so finally apportioned to each estate, together with the costs of serving notices rateably distributed as aforesaid, shall be due to the Collector from the zemindars of such estates.

17. Notwithstanding anything contained in the last preceding section, the Collector may postpone the making of the final apportionment if it shall appear to him that a notice under section fifteen has not been served on the zemindar of any estate which should be made liable for a portion of the expenses, or for any other sufficient reason.

18. Any zemindar failing to appear on the date fixed in the notice served on him under section fifteen, will be deemed to have waived all objections to the payment of the amount apportioned to his estate, and will not be entitled to advance any objections thereto on any subsequent date; and any zemindar failing to give in a list of tenures (when called upon under section fifteen to give in such list), on or before such date will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be made liable under section sixteen.

19. So soon as the expenses shall have been finally apportioned under section sixteen among the estates concerned as aforesaid, the Collector shall issue a notice in respect of every estate, specifying the amount finally apportioned to the estate, and requiring the zemindar to pay such amount to the Collector, together with the costs of serving such notice, within one month of the issue of the notice. If such amount be not paid to the Collector within such period, the same, with interest, may be levied as provided in section forty-one.

The notice issued under this section shall further specify the boundary marks which are

assigned to the zemindar for maintenance and repair as required by section nine.

20. If the zemindar of any estate shall give in a list of tenures, as referred to in section fifteen, with an application to the Collector to apportion between his estate and the tenures the amount for which his estate has been made liable as aforesaid, the Collector shall proceed to make a provisional apportionment of the amount between the zemindar and the tenure-holders, to serve notices on the said tenure-holders in the manner provided in section fifteen, and to make a final apportionment among the said zemindar and tenure-holders as provided in sections sixteen and seventeen; and the provisions of section eighteen shall be applicable to such tenure-holders.

21. In so apportioning the amount among the zemindar and the tenure-holders, the Collector shall first deduct such sum as he shall consider to be fairly payable by the zemindar in respect of lands not included in any tenure, and in respect of his interest in lands which are included in tenures; and in apportioning the remainder among the tenures, he shall take into consideration the numbers of pillars erected within or on the boundary of each tenure, the extent of each tenure, and the distance at which it is situated from the boundary marks; but no tenure shall be made liable for any portion of the sum so apportioned, unless some part of it be situated within fifteen hundred feet from some boundary mark.

22. All lands held without payment of rent, not being entered on the Collector's registers as a separate holding free in perpetuity from liability to pay land revenue and not forming part of such separate holding, shall, for the purposes of this Act, be deemed to be tenures forming part of the estates within the local boundaries of which they are included; and if they are not included within the local boundaries of any estate, then to be tenures forming part of such conterminous estate as the Collector, in whose district such conterminous estate is situated, shall by an order under his seal and signature declare.

23. So soon as the final apportionment among tenure-holders under section twenty shall be completed, the Collector shall cause to be issued a notice to the said tenure-holders, stating the amount due in respect of each of their tenures, with interest (if any) calculated at the annual rate of six per centum from the date on which the zemindar paid to the Collector the sum which was apportioned on his estate under section sixteen, and that the same is payable to the zemindar of the estate of which the tenure is a part, within one month of the date of the notice.

Every such sum shall be payable to the zemindar by the tenure-holders named in such notice respectively.

24. The provisions of sections fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, and twenty-three shall be

applicable, as far as possible, to every case in which any tenure-holder, who has been made liable for the payment of any share of expenses under this Act, may apply to the Collector to apportion the amount for which he has been made liable, between himself and the holders of subordinate tenures direct from himself;

provided always that no such apportionment shall be made in respect of ryots who have a right of occupancy only, and whose rent is not fixed in perpetuity.

25. Every zemindar or tenure-holder, to whom any sum is payable under the preceding sections, may recover the same with interest as aforesaid in the manner provided by any law for the time being in force for the recovery of arrears of rent in respect of putnee or any other permanent tenures;

Provided that the right or interest of any person holding from such zemindar or tenure-holder shall not be affected by any sale held in pursuance of this section.

26. Interest shall be charged on the unpaid portion of the sums due to the Collector from the date of the same becoming due until payment thereof, at such rate, not exceeding six per cent. per annum, as the Lieutenant-Governor shall from time to time determine.

PART V.

BOUNDARY DISPUTES.

27. If it shall come to the notice of the Collector, in the course of a survey under this Act, that a dispute exists as to any boundary which should be surveyed, the Collector, after holding such enquiry as he may deem necessary, may determine such boundary as hereinafter provided.

28. If the said boundary shall at any previous time have been determined by any Court of competent jurisdiction; or

shall have been laid down and shown on a map in the course of any previous Revenue Survey or Settlement, and no objection to the boundary as then laid down and mapped shall have been preferred before any authority competent to decide on such objection

the Collector shall relay the boundary as previously determined or laid down and shown on the map, and shall cause it to be secured by boundary marks.

Provided that the determination and relaying of a boundary by the Collector under this section shall not affect the possession of any land by any party.

Nothing in this section contained shall be understood to prohibit the Collector from deviating from a boundary as laid down in a previous map, and laying down a new boundary, if all the parties concerned agree to such new boundary, on the ground that the boundary as shown in the former map was incorrect, and if it appears to the Collector that there is no objection to the adoption of such new boundary.

The reason for every such deviation shall be recorded in the Collector's proceedings.

29. If the boundary in dispute shall not at any previous time have been determined by competent authority, nor have been laid down and shown on a map as aforesaid, the Collector shall determine the boundary according to actual possession, and cause it to be secured by boundary marks; and the order of the Collector under this section shall, until it be reversed or modified by competent authority, have the force of an order of the Civil Court declaring the parties to be in possession of the land in accordance with the boundary as determined by the Collector;

and if, after holding the necessary enquiry, the Collector is unable to discover which party was in possession of the disputed land when he instituted the enquiry under this section, the Collector may take possession of the land in dispute, and retain possession thereof until some party shall have established his right to the said land.

30. When the Collector is called on to decide a dispute as to any boundary under the last preceding section, he may, with the consent of the parties concerned, refer the same to arbitration.

The procedure laid down in Chapter VI of Act VIII of 1859 (*the Code of Civil Procedure*), shall, so far as may be practicable, be applicable to disputes so referred to arbitration.

31. If it shall come to the notice of the Collector at any time or in any manner that a doubt or dispute exists in respect to any boundary

(a) which has at any time been determined by a competent Court; or

(b) which has been laid down in the course of a previous Revenue Survey or Settlement, and shown in a map, and against which no objection has been preferred to any authority competent to decide upon such objection; or

(c) which has been laid down by a Survey under this Act,

the Collector may, if he think fit, proceed to relay the boundary as prescribed in section twenty-eight of this Act, subject to the proviso therein contained.

32. Whenever the Collector shall have determined a boundary which was in dispute, and the order shall have become final,

and whenever a boundary which has been supplied by the survey officers, or has been determined under this Act, has been altered by a decree of the Civil Court,

and whenever it shall come to the notice of the Collector that any boundary has been determined by a competent Court or authority,

he may require any occupant of the contentious lands to erect such marks as he may think fit in order to secure the boundary permanently, and the provisions of Parts III and IV shall, so far as may be practicable, be applicable to boundary marks which are required to be erected under this section, and to the apportionment of the cost thereof, which shall be refunded to the occupant who has the first expense of erection.

PART VI.

MISCELLANEOUS.

33. Whenever any estate or tenure is held jointly by two or more

Joint zemindars to be subject to every liability imposed on single zemindars.

zemindars or tenure-holders, every such zemindar and

tenure-holders shall be jointly

and severally liable in respect of every liability imposed on zemindars or tenure-holders respectively by this Act;

And any shareholder in any estate or tenure who may have paid the amount finally apportioned to such estate or tenure, may recover from his co-sharers such sums as may be payable in respect of their shares as arrears of rent, or may take credit for such sums in any adjustment of accounts between himself and his co-sharers.

Service of notice

34. Every notice in and by this Act required to be

served, may be served—

(1) by delivering the same to the person to whom it is directed, or on failure of such service, by posting the same on some conspicuous part of the house in which the said person resides, or by delivering the said notice to any agent authorized to appear generally or the person to whom such notice is directed; or

(2) by sending a registered letter containing such notice directed to the said person at his usual place of abode, or to the place where he may be known to reside; or

(3) by posting a copy of the notice at any māl cutcherry of the estate or tenure of the person to whom the notice is directed; or if no such māl cutcherry be found, on some conspicuous place on the said estate or tenure to which such notice relates, and by delivering, in the case of estates paying their annual revenue by four instalments, another copy thereof to any agent who shall have paid an instalment of revenue next after the preparation of such notice. In all cases where two or more persons are holders of an estate or tenure, service of notice under this clause shall be deemed to be good and sufficient service on each and all of such persons.

35. No proceedings under this Act shall be

No proceedings under this Act to be affected by any mistake or misdescription.

affected by reason of any mistake in the name of any person thereby rendered

liable to pay any sum of money, or in the description of any estate or tenure or land in respect of which he is rendered liable to pay, or by any other informality, provided the directions of this Act be in substance and effect complied with; and no proceedings under this Act shall be affected by reason of the omission to serve any notice on any zemindar whose name is not recorded on the Collector's registers as owner of the estate in respect of which the notice is required to be served.

36. For the purpose of any enquiry under this Act, the Collector shall,

Power of Collector to enforce attendance of witnesses.

in addition to every power conferred specially by this

Act, have power to summon and enforce the

attendance of witnesses and compel the production of documents by the same means (as far as may be), and in the same manner, as is provided in the case of a Court under the Code of Civil Procedure.

37. If any person shall fail to comply with a requisition contained in any

Daily fine for failure to comply with requisition in notice.

special notice served under section six of this Act, or in any notice served for the

purpose of any inquiry under Part V of this Act, within the time specified in such notice, the Collector may impose upon him such daily fine as he may think fit, not exceeding the daily fine of fifty rupees and such fine shall be payable daily until the requisition is complied with; and the Collector may proceed from time to time to levy any amount which has become due in respect of any such fine, notwithstanding that an appeal against the order imposing such fine may be pending:

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner.

38. Any person convicted before a Collector of

Penalty for removing or damaging any boundary mark.

wilfully erasing, removing, or damaging any boundary mark (not being a landmark

fixed by the authority of a public servant within the meaning of section four hundred and thirty-four of the Indian Penal Code) which has been lawfully erected, may be ordered by the convicting officer to pay such sum, not exceeding twenty rupees, for each mark so erased, removed, or damaged, as the said officer may think fit in addition to such sum as may be necessary to defray the expense of restoring the boundary mark so erased, removed, or damaged, and of rewarding the informer through whom the conviction was obtained.

39. A fine under either of the two sections last preceding may be levied

Levy of fine.

as far as possible in the manner provided in section

three hundred and sixty of the Code of Criminal procedure, but if no movable property belonging to the person from whom the fine is due is found in the district within which the order was passed, then such fine may be levied as if it were an arrear of revenue.

40. Whenever the person erasing, removing, or

When person removing boundary mark cannot be discovered, or if found, Collector may repair.

damaging any boundary mark cannot be discovered, or if

found, Collector may repair, for any other reason it is found impracticable to recover from him the sum which he has been so ordered to pay, the boundary mark shall be restored or repaired by the Collector, and the expenses thereby incurred shall be paid by the occupants of such of the conterminous lands as to the Collector may seem fit.

41. Every amount which may become due to

Every amount due deemed to be a demand under Bengal Act VII of 1868.

the Collector under the provisions of this Act in respect of any expenses incurred, or of any notices served, shall

be deemed to be a demand under section 2 of Bengal Act VII of 1868 (an Act to make further

provision for the recovery of arrears of Land Revenue and Public Demands recoverable as arrears of Land Revenue) and shall be leviable as such.

42. Except as hereinafter provided in section forty-three, no appeal shall lie, as of right, against any order passed under this Act by any officer; but except as otherwise specially provided in this Act, the proceedings and orders of Assistant Superintendents and of Deputy Collectors under this Act shall be subject to the supervision and control of the Superintendent of Survey or Collector; the proceedings and orders of the Superintendent of Survey, and of the Collector, to the supervision and control of the Commissioner of the Division; and the proceedings and orders of all officers to the supervision and control of the Board of Revenue.

43. An appeal shall lie to the Commissioner of the Division against every order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector,

Appeal to lie to the Commissioner against order of Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector.

- (a) deciding a boundary dispute,
- (b) imposing a fine under section thirty-seven; or

- (c) imposing a fine under section thirty-eight, if the appeal be presented within thirty days from the date of the passing of such order.

44. The Commissioner may pass such orders as he shall think fit in respect of the payment by any other party or parties of the costs incurred by any party in an appeal.

45. No suit shall be brought to set aside an order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector deciding a boundary dispute, unless an appeal shall have been first preferred to the Commissioner under section forty-three, or unless the person suing was at the time when such order was passed a minor, or insane, or an idiot.

46. The provisions of Part IV of this Act shall apply to all sums expended by the Government since the first day of November one thousand eight hundred and seventy-four in erecting boundary marks.

No suit to be brought unless appeal first preferred to the Commissioner.

Recovery of sums expended by Government since 1st November 1874.

F. CLARKE,

*Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Department.*

Proceedings of the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations.

Saturday, the 29th May 1875.

Present:

The Hon'ble V. H. SCHALCH, *presiding*.
 The Hon'ble G. C. PAUL, *Acting Advocate-General*,
 The Hon'ble H. L. DAMPIER,
 The Hon'ble STUART HOGG,
 The Hon'ble H. J. REYNOLDS,
 The Hon'ble BABOO JUGGADANUND MOOKERJEE, RAJ BAHADOOR.
 The Hon'ble T. W. BROOKES,
 The Hon'ble BABOO KRISTODAS PAUL,
 and
 The Hon'ble NAWAB SYUD ASHGHAH ALI DILER JUNG, C.S.I.

ABKAREE REVENUE.

THE HON'BLE MR. DAMPIER said, it might be in the recollection of those members then in Council, that in 1873 Mr. Beaufort introduced two Bills for

the amendment of the Excise Law. Both Bills were referred to a Select Committee, and on both the Select Committee had reported; the one was passed by the Council, and the consideration of the other was postponed in accordance with the following recommendation of the Select Committee:—

“The other Bill proposes to amend the Excise Law of Calcutta and of the mofussil in various particulars. It appears to us that such amendments, with certain modifications which we have made in the Bill, might be introduced with advantage; but these are not matters of pressing importance, and our attention has been drawn to various other matters relating to the law and the system of excise now in force, the consideration of which would involve much time and research. We think, therefore, that the further consideration of this Bill should be postponed until sufficient materials for a complete revision of the law have been collected, and we recommend that it be not passed until the whole law has been reviewed.”

Hon'ble members were aware that a review of the system of administration of Abkaree in Bengal had taken place accordingly. Mr. Money's exhaustive Minute, and the correspondence which had passed on it between the Governments of India and Bengal, left no room for doubt as to what was the declared policy of the Government in its Abkaree administration. The papers had been recently published in the Gazette. The outcome of that discussion had been that certain amendments were considered necessary in the law,—generally in the direction of strengthening the hands of the executive in preventive and restrictive measures.

Mr. Money prepared a draft Bill which was printed amongst the documents in the Gazette, and which, it would be seen, contained most of the amendments which the Select Committee of this Council had before them and dealt with. But certain other amendments had also been suggested, which Mr. DAMPIER proposed to lay before the Select Committee for their consideration. Two only of these were so important as to deserve a few words in this place. It would have been noticed in the correspondence that there was an impression that chemists and druggists, under color of their business, sold liquors, not for medicinal purposes, but for ordinary consumption. He had prepared certain clauses, which he would lay before the Select Committee, for the purpose of placing such sales under restriction. The plan was to compel chemists and druggists to register such sales, making the registers open to inspection. The idea was taken, as Mr. Money said in his Minute, from a draft laid before the legislature of Massachusetts.

The second novelty which had been suggested was that contained in a letter from Mr. McEwen, a Judge of the Small Cause Court at Calcutta, addressed to the Government. This had already attracted some public attention. The principle of the measure which he suggested was that no debt for liquor supplied should be recoverable in court, unless the quantity supplied on the occasion amounted at least to the specified minimum value, exception being made in favour of residents in hotels. The result of this measure would be that no sale by the glass on credit would be made except to approved and trusted customers. Mr. McEwen told the Government, in his letter, that cases for the recovery of such small debts were very frequent in the Small Cause Court, and chiefly against Europeans. The provisions he suggested were taken from the English Statute which was known as the “Tippling Act.” Mr. DAMPIER had considered the question a good deal, and he must say that, however good the provision might be for the circumstances of England, doubts seemed to gather more and more thickly round the question whether any such provision would be suited to the circumstances of this country. He should ask the President to allow Mr. McEwen's letter to be published in the Gazette, and the matter would come before the Select Committee for their consideration.

The Select Committee which reported on this Bill consisted of Mr. Beaufort, Mr. Schaleh, Mr. Wyman, Rajah Jotendro Mohan Tagore, and Moulay Abdool Lateef, out of whom (Mr. Schaleh) only remained in the Council. It was necessary, therefore, to reconstitute the Select Committee. He found that the Select Committee had reported; therefore his motion would be that the Bill be recommended for consideration, and that the Select Committee consist of the following

members—the Hon'ble Mr. Schalch, the Hon'ble Mr. Hogg, the Hon'ble Baboo Doorga Churn Law, the Hon'ble Baboo Kristo Das Pal, and the mover, Mr. Dampier, who was now in charge of the Bill.

The motion was agreed to.

CALCUTTA MUNICIPALITY.

The Hon'ble Mr. HOGG moved that the time prescribed for the presentation of the report of the Select Committee on the Bill to consolidate and amend the law relating to the municipal affairs of Calcutta be extended for two months, which would extend the time from the 3rd May to the 3rd of July.

The motion was agreed to.

SETTLEMENT OF DISPUTES REGARDING RENT.

The Hon'ble Mr. DAMPIER moved that the time prescribed for the presentation of the report of the Select Committee on the Bill to provide for enquiry into disputes regarding the rent payable by ryots in certain estates, and to prevent agrarian disturbances, be extended for two months. One month was allowed to the Committee, and the first thing the Committee did was to invite, by letter, the opinion of such officers as were likely from their experience to be able to give valuable advice. The Bill had also been published, and hon'ble members were aware that it was a subject which was exciting very much attention. It would not be of any use for the Select Committee to begin to consider the Bill until the opinion of the public bodies who might be expected to address the Council, and the reports of the chief officers of the Government, were received. One or two reports had just come in, which were drawn up in a way which showed that officers were taking very great interest in the matter. It would take at least two months before the Committee could present their report to the Council.

The motion was agreed to.

MOFUSSIL MUNICIPALITIES.

The Hon'ble Mr. DAMPIER moved that the time prescribed for the presentation of the report of the Select Committee on the Bill to amend and consolidate the law relating to municipalities be extended for three months. No special time had been named in this case, and therefore, according to practice, one month was assumed to be the time. The month was well over, and there was no prospect of the Select Committee being able to touch the Bill, at any rate for two or three weeks.

Perhaps the Council would allow him to take the opportunity of mentioning what was going on in the working of the Select Committees. The Committee on the Survey Bill had reported, and the members would have seen the report published in the Gazette. The publication of the report might elicit some further remarks for the consideration of the Council. The Irrigation and Canal Navigation Bill, the Select Committee would have been in a position to report upon in a day or two, but they thought it right to postpone their report, as Colonel Haig, the Secretary in the Irrigation Department, was returning to his post in a few days, and it would be better to have the advantage of any suggestions he might wish to make to the Select Committee than to receive them after the report of the Select Committee had been presented to the Council. As soon as Colonel Haig came back, the Committee would report, and the President would be asked to allow the report and the Bill, as amended by the Select Committee, to be published in the Gazette. Thus these two Bills (the Survey Bill and the Irrigation Bill) would have been about a month before the public by the first week of July, when he hoped the Council would take them up and deal with them. Mr. DAMPIER knew that Mr. Hogg's Committee had also made good progress with the Calcutta Municipal Bill. Of the Agrarian Disputes Bill he had said that the Committee must wait until they got a certain number of reports which they expected before they could properly deal with it. That was the next Bill he should like to take up in Select Committee. Meanwhile, he should ask the Committee to take up this Abkaree Bill, on which he

had spoken that day. After that was the Mofussil Municipal Bill; that, he hoped, they should be able to take up in about a month.

He had made these remarks, not only for the information of the Council but he hoped that the public bodies and the officers of Government who were going to favour the Committees with any suggestions would note the programme and endeavour to send in communications in the order he had mentioned, so as to facilitate matters for the Select Committee. He thought the Bills he had mentioned would find occupation for hon'ble members of Select Committees, at the rate of three or four meetings a week, for the next two or three months. Then there would be the Bill for the Partition of Estates, the Registration Bill, and several other Bills which formed part of the year's programme; and as there seemed to be a growing opinion that the holidays were too long, perhaps some hon'ble members would like to employ their leisure time in the holidays in pushing on these Bills. However, there was time enough to arrange what should be the plan of operation after the Municipal Bill should have been dealt with.

The motion was agreed to.

The Council was adjourned to a day of which notice would be given.

AMALGAMATION OF THE SUBORDINATE EXECUTIVE SERVICES IN THE REGULATION AND NON-REGULATION PROVINCES.

RESOLUTION.

GENERAL DEPARTMENT.—SECTION B.

Calcutta the 31st May 1875.

READ—

General Department B. Proceedings for December 1874, Nos. 1-2, and for April 1875 No. 1, regarding a proposal for amalgamating the subordinate executive services in the regulation and non-regulation provinces under this Government.

Read also—

Letter to the Government of India in the Home Department, No. 470V.S., dated the 11th March 1875, requesting sanction to a modified proposal for amalgamating the subordinate executive services.

Also—

Letter from the Government of India in the Home Department, No. 423, dated 30th April 1875, giving cover to a resolution, dated the 20th idem, from the Government of India in the Financial Department, sanctioning the above proposal.

HITHERTO there have been two distinct branches of the subordinate executive service under this Government. In the regulation districts the officers have been called deputy magistrates and collectors, and in the non-regulation districts extra assistant commissioners; and appointments to, and promotions in, these two branches have been hitherto separately made.

2. As the constitution of Assam into a separate administration, and the transfer of the civil extra assistant commissioners to the class of moonsifs, to which they formerly belonged, has greatly reduced the number of extra assistant commissioners employed in the non-regulation provinces under this Government, and as practically the duties required of this service are identical with what the regular subordinate executive service has to discharge in the regulation districts, it was deemed expedient to amalgamate the existing extra assistant commissioners with the deputy magistrates and deputy collectors of the regulation provinces of Bengal. The Government of India was accordingly asked to accord their sanction to the measure, and it was at the same time pointed out that, if the principle was approved, the scheme might be carried out with some improvement and advantage to the subordinate executive service generally, by abolishing some of the lower paid appointments, and by creating some new appointments of higher salary; and this, too, without causing additional expense to Government.

3. The Government of India have now sanctioned the amalgamation of the two branches of the subordinate executive service in Bengal, as well as the creation of three new appointments in the first grade of deputy magistrates and deputy collectors on Rs. 800 per mensem.

4. Instead of 182 deputy magistrates and deputy collectors and 24 extra assistant commissioners, or 206 officers in all, as at present, there will in future be 201 deputy magistrates and deputy collectors.

5. As vacancies occur, one appointment of Rs. 700 in the present 2nd grade and six appointments of Rs. 250 in the 7th grade of extra assistant commissioners, as well as as one appointment of Rs. 200 in the present 6th grade of deputy magistrates and deputy collectors, will be absorbed; and from the savings thus effected the three new appointments of deputy magistrates and deputy collectors of the 1st grade will be created.

6. The amalgamated list when these changes are effected will stand as shewn below :—

	Deputy Magistrates and Deputy Collectors.	Extra Assistant Commissioners.	Total.
1st grade on Rs. 800	3	1	4
2nd " " 700	10	0	10
3rd " " 600	17	1	18
4th " " 500	27	3	30
5th " " 400	40	5	45
6th " " 300	45	7	52
7th " " 200	42	0	42
	184	17	201

7. The amalgamation of the two services will be carried out at once, with effect from the 1st of June 1875, and in the following manner:—

- (a).—Mr. C. W. Wilmot, Extra Assistant Commissioner of the 1st grade, on Rs. 800 per month, will, for the present, be the only officer in the new 1st grade of deputy magistrates and deputy collectors. Three further appointments will be made to this grade from time to time as funds become available from the abolition of the eight appointments already referred to.
- (b).—There being no officer at present in the 2nd grade of extra assistant commissioners on a salary of Rs. 700 a month, this appointment will be now abolished, and the 2nd grade of deputy magistrates and deputy collectors will comprise the deputy magistrates and deputy collectors of the present 1st grade, arranged in their present order.
- (c).—The new 3rd, 4th, 5th, and 6th grades of deputy magistrates and deputy collectors will consist of the extra assistant commissioners of the abovenamed grades and of the deputy magistrates and deputy collectors who are at present in the 2nd, 3rd, 4th, and 5th grades. Each officer from among the present extra assistant commissioners will be placed with reference to his present salary in the corresponding grade of deputy magistrates and deputy collectors, and his position in the grade will be fixed with reference to the date of his appointment to the grade of salary.
- (d).—The 7th grade of deputy magistrates and collectors will consist of the extra assistant commissioners of the 7th grade, who now draw Rs. 250 per mensem, and the deputy magistrates and deputy collectors of the present 6th grade, who draw Rs. 200 per mensem only, and the relative positions of these officers in this grade will be fixed in accordance with the dates of their appointment and of passing the departmental examinations. This grade will, for the present, consist of 43 deputy magistrates and six extra assistant commissioners, or 49 officers in all, *i.e.* seven officers in excess of the number now sanctioned. As vacancies occur, the six appointments of extra assistant commissioners and one of deputy magistrates and deputy collectors will be absorbed, as explained in paragraph 5 of this resolution. The six extra assistant commissioners will draw, until promoted to a higher grade, Rs. 200 as pay and Rs. 50 as personal allowance.

8. In the same manner the acting extra assistant commissioners, now five in number, will be classed with the acting deputy magistrates and collectors. But from the 1st of June next the acting extra assistant commissioners will be entitled to draw Rs. 200 only per mensem, instead of Rs. 250 as at present.

ORDER.—Ordered that a copy of this resolution be forwarded to all commissioners for information and communication to the officers concerned, and to the Accountant-General for information and guidance.

Ordered, also, that a copy of this be forwarded to the Board of Revenue for information.

Further, ordered that a copy of this resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

R. L. MANGLES,

Offg. Secy. to the Government of Bengal.

ABKAREE SYSTEM IN BENGAL.

GOVERNMENT OF BENGAL.—LEGISLATIVE DEPARTMENT.

THE following further papers relating to the question of Abkaree administration are, by order of the President, published for general information:—

From—R. S. T. MAC EWEN, Esq., Judge, Calcutta Court of Small Causes, to the Secretary to the Government of Bengal, Revenue Department,—dated Calcutta, the 15th May 1875.

IN 1873 I addressed a letter to the Secretary to the Legislative Council, a copy of which, for easy reference, I have the honor to annex, suggesting the introduction of a section into the Abkaree Bill, then before the Council, prohibiting the recovery in Court of small debts for liquor sold and consumed on the premises. The Bill was not then proceeded with, but as it is likely shortly to come again before the Council, in a more comprehensive form, I take the liberty of renewing the suggestion previously made, for the consideration of His Honor the Lieutenant-Governor.

2. The object of the English law is very clear. The first provision effectually prevents credit being given for small quantities of liquor consumed on the premises: for no man can drink, at one time, up to the value of £1, unless he drinks the most expensive wines. The second provision is obviously meant as a check to prevent any abuse of the first, as, otherwise, a man might send as often as he liked to the tavern for small quantities, and consume the same in his own house.

3. The "Tippling" Act, as its name implies, was intended to prevent tippling by certain legitimate means. It is for the benefit of that large class of persons who can only afford to buy small quantities of liquor at one time; and the law says that if the shop-keeper can't get cash, he runs the risk of not being paid at all. The intention is to discourage dram-drinking and drunkenness. It may not be generally known, but the fact is that a very large and demoralizing business is done in Calcutta by the sale on credit of small quantities of liquor consumed on the premises. The "scores" so run up are sued for, and although the limitation is now only one year, decrees for considerable sums are obtained. I will give one instance of the working of the present system. On *one* day within the last month, I had before me seven suits by the same plaintiff, the keeper of one tavern only. They were for the following sums:—

					Rs.	A.	P.
Suit No. 1	111	4	0
Ditto 2	28	6	0
Ditto 3	21	4	0
Ditto 4	14	0	0
Ditto 5	12	13	0
Ditto 6	7	10	0
Ditto 7	10	0	0
Total					205	5	0

The defendants were all Europeans, and the bills were chiefly, if not entirely, for liquor sold in small quantities over the counter, ranging from four annas to two rupees' worth at one time. I don't think there were any sales over Rs. 2. In England these bills could not be sued upon, or the men touched. Here they may be sent to jail and lose their employment.

4. I believe that this matter is also closely connected with the vagrancy difficulty, and that the facilities for obtaining drink on the one hand, and for enabling tavern-keepers to recover their money on the other, make vagrants of many men who might otherwise be able to retain their employment and earn their livelihood.

5. Upon the same principle, and for similar reasons, it may be a question whether the sellers of opium and other intoxicating drugs ought to be allowed to recover in Court any debt at all for such drugs, unless supplied for purely medicinal purposes. At present Chinese opium-sellers and others are able to recover in Court their outstandings for opium sold and consumed in their shops. This affords encouragement to the most pernicious trade in the world. The provision in the English law, to which I have referred, has been found to work most beneficially in England and Scotland. The Government of India desire to discourage intemperance by every legitimate means, and I would submit, for the consideration of His Honor the Lieutenant-Governor, whether, for the reasons set forth, a similar provision should not be introduced into the law in this country.

From—R. S. T. MAC EWEN, Esq., Judge, Calcutta Court of Small Causes, to L. A. GOODEVE, Esq., Offg. Asst. Secy. to the Bengal Legislative Council.

WITH reference to the Bill now before the Bengal Legislative Council to amend the law relating to the Abkaree Revenue, I would respectfully suggest, for the consideration of the Honorable the Members of the Council, whether the introduction of a section, like section 12 of the 24 Geo. II, Cap. 40, known as the Tippling Act, would not be a beneficial provision.

2. That enactment, modified by the 25 and 26 Viet., Cap. 38, provides that no suit or action shall be maintained in any court of law or equity for the price of any spirituous liquors of less value than twenty shilings sold at one time, or if delivered at the residence of the purchaser for a quantity not less at any one time than a reputed quart.

3. There is no such provision in any of the excise laws applicable to Calcutta. A considerable amount of credit is given for liquor consumed on the premises where it is sold in small quantities. Parties are sued in this Court on these liquor bills, and decrees are passed against them. It would be better for the parties themselves, and for society, if no credit was allowed, as in England, for liquor consumed in taverns. If a tavern-keeper cannot sue for the money, he will not readily give credit, and many a man, who would otherwise run into debt for liquor, will be prevented from doing so. There is reason to believe that signatures are sometimes obtained to bills and vouchers, which are afterwards sued upon, when the writers are not perfectly sober. In the event of a section like that referred to being inserted, an exception would probably be made in favor of hotels when the parties *resided on the premises*.

F. CLARKE,

Offg. Asst. Secy. to the Govt. of Bengal,

Legislative Department.

CURRICULUM OF PRIMARY SCHOOLS.

Minute by the Lieutenant-Governor of Bengal, dated 27th April 1875.

IN continuation of my Minute of the 12th January last, regarding primary education, certain proposals have been made by the Director of Public Instruction for defining and slightly raising the standard of the examination whereat the scholars of these primary schools compete for scholarships, and I desire to record the following observations.

It is urged by some authorities that a general raising of the curriculum for these schools would not be expedient at present; that the effect would be to make the schools more expensive than at present, and to place them beyond the reach of the humblest classes. The present curriculum—reading (without any, even the simplest, book), rude writing, and rudimentary arithmetic,—is the lowest possible.* But it is argued that even this is a gain to numerous classes; that tens of thousands of rural children are growing up without even this much of schooling; and that whatever steps may be taken to improve the primary education, still there should be kept up a most rudimentary class of schools, in which even the lowest possible curriculum (as above described) is allowed. Even though all the scholars now learning by this lowest standard were to be advanced to somewhat higher standards (as I hope indeed they may be), still the lowest standard should continue to be allowed for the sake of scholars poorer and humbler still. I acknowledge the justice of this view. The analogy of a constantly widening circle seems to be applicable. That which is now the outer circumference, represented by the lowest standard, will soon be occupied by a better standard, and then the lowest standard will be pushed out to an additional circumference, embracing more thousands of humble scholars. That circumference, again, will hereafter yield to a better standard, and once more the lowest standard will be moved outwards to a new circumference, and to more thousands of scholars; and so on, till we get nearer and nearer to our ultimate object, namely, the education of nearly all the poorest classes. The aim of primary education is to win the humblest and poorest classes to some sort of learning; I therefore quite agree that, under any circumstances, the present lowest standard should be maintained for a large number of schools.

Notwithstanding all this, however, I believe that the time has come when we should endeavour to enforce an improved curriculum in some at least of the primary schools. With this view obviously the first step is to raise the standard for the scholarship, for which the examination is now held upon the lowest standard, as above described. Instead of this the Director of Public Instruction proposes :—

1. Writing the vernacular of the district, and reading it in printed books as well as in manuscript.
2. Arithmetic up to the first four rules, simple and compound according to the European method, and the rules of Subhanker (mankasa, masmahina, and jumabundee).
3. Bazar and zemindaree accounts, and simple mensuration.

This is a very moderate proposal. The scholarships are to be competed for by the best among the many thousands of primary scholars, and these at least may be expected to advance beyond the lowest standard. The assistance, too, which is given by way of scholarships, is over and above the regular grant (£10,000 per annum) for primary education. However much this grant may be devoted to the lowest standard, we certainly may reserve the special

* The standard laid down in Sir George Campbell's time was as follows :—

1. Reading and writing the vernacular of the district
2. Arithmetic, written and mental.
3. Bazar and zemindaree accounts, and simple mensuration.

aid of scholarships for that which may be called the better element among this large mass of scholars. I believe that the most effective means of drawing the upper section of these schools upwards to a point somewhat higher, is to gradually elevate the scholarship standard. Every boy among these many thousands who feels himself a little better than the mass, hopes to win a scholarship, whereby he may be able to afford to learn in the middle class vernacular schools. Every village schoolmaster will have the ambition that some of his scholars may be able to enter the competition. I have said above that the Director's proposal is very moderate. It may suffice for the next year. After that I hope to find it possible to raise the standard a little higher, and so higher and higher by degrees from time to time.

Besides this, however, I would begin to make an effort to elevate somewhat a portion of the Primary Schools by prescribing for them the Director's scholarship standard, as above explained. Though at present the majority of the schools may not be able to reach beyond the lowest standard, still some of them must be able to do so; especially now that the village teachers are gradually being brought under a course of normal instruction. After consulting the Director, I propose to prescribe that in each district one-third of the grant for primary education (that is the district share of the £10,000 above mentioned) must be set apart for those schools which teach up to the scholarship standard; and I would issue instructions accordingly. The time may soon arrive when we shall be able to prescribe this standard for the lowest class: in that case we can raise the scholarship standard proportionally.

RICHARD TEMPLE.

SCHOOLS FOR SURVEYING AND LOWER TECHNICAL SCHOOLS.

Minute by the Lieutenant-Governor of Bengal, dated 6th May 1875.

I HAVE seen an official letter by the Director of Public Instruction recommending the establishment of special surveying schools at Dacca, Patna, and Cuttack, at which the instruction is to be afforded in the vernacular.

2. I have also perused an interesting memorandum by a Native gentleman, Pratapa Chundra Ghosh, regarding technical education in the indigenous industries and manufactures of Bengal, wherein the instruction will, of course, be by the vernacular.

3. In a separate Minute (dated the 3rd May 1875) I have stated my views and wishes regarding vernacular scholarships, the standard of which really dominates the vernacular education in its general features. Into the standards for these scholarships, I have infused as much of the scientific element as would be compatible with that degree of general culture which is essential as the ground-work even of special and technical education. To the standards as now fixed for the vernacular and minor scholarships, the lower vernacular scholarship, and the primary scholarship, respectively, we must adhere.

4. But I would offer every facility to the holders of such scholarships for entering any special or technical institution which may be established. For instance, the winners of the vernacular and minor scholarships might hold them in a survey school, or any superior technical school of that description. The winners, also, of lower vernacular scholarships, or primary scholarships, might hold them in any lower technical institution or industrial school—such as those proposed by Pratapa Chundra Ghosh and others—which we may succeed in establishing.

5. As regards schools for surveying, I have always been in favor of them. It will be in the Director's recollection that their establishment was prominently considered in a conference which I held in March last with the educational officers, and I shall be very glad to have the Director's detailed proposals for the formation of such schools. It is to be remembered that we already have survey *classes* ordered at several places; but in these the students make surveying only a part of their studies. The schools of surveying, as now proposed, would be for the purpose of teaching surveying, there being a great demand for surveyors; and there would be work out of doors and in the field. The students would be persons who desire to follow surveying as a profession. I hope that such schools, if established, will be as well attended as they deserve to be.

6. If the local authorities in any part of Bengal can establish lower technical or industrial schools, such as those recorded by Pratapa Chundra Ghosh and others, I shall be happy to help.

RICHARD TEMPLE.

EDUCATION OF POOR EUROPEANS AND EAST INDIANS IN THE INTERIOR OF THE PROVINCES UNDER THE GOVERNMENT OF BENGAL.

Minute by the Lieutenant-Governor of Bengal, dated 18th May 1875.

IN continuation of my Minute of the 25th February, on the educational means available for the poorest classes of Europeans and East Indians in Calcutta, I am now in a position to state my views on the same subject, with reference to the provinces under the Government of Bengal, replies having been received to the circular which was issued in November last to all Divisional Commissioners, asking them to report on the whole question. I have further obtained an interesting and instructive memorandum from the Venerable Archdeacon Baly of Calcutta, the tenor of which has my general concurrence, and which will be found appended to this Minute.

2. The returns furnished are not quite uniform, and in some instances are incomplete; but on the whole they are sufficient for the present purpose, and have enabled me to form an opinion of the best means to supply the existing want. For instance, it is not apparent whether the district officers have in every case drawn the line at the same level in the social scale, but the fact remains that, out of a total number of 3,458 children of these classes, whose existence is reported, 1,397 are said to be receiving education of some sort, while a proportion of the remainder are below school-going age. I cannot accept these numbers as exhaustive, but they may be taken to indicate approximately the proportion of children at school and uneducated respectively.

3. The majority of the Commissioners and district officers agree in considering that the existing means of education for these classes are not so deficient as might at first sight appear, that is, there are generally schools of some sort to be found, they say, in the country, if the parents would or could only avail themselves of the instruction offered. I regret to find it so frequently stated in these papers that a want of carefulness on the part of parents is a cause of the absence of the children from school. This shortsightedness has been the subject of previous remark; and we can only hope that, as the classes concerned know their own interests better, the fault may diminish.

4. There may be in some parts of the country special difficulties to be encountered by parents which are not met with in Calcutta. But the number of outlying factories or isolated sub-divisions which are not fairly near some suitable school cannot be large. It would not be possible to set one up in places where the number of possible pupils is very small. While desirous of affording all reasonable conveniences and opportunities to parents, I think that no parent is to be excused if he declines to have his child educated on the mere ground that it will entail absence from home.

5. As for the poverty of these classes, their state of indebtedness, and so forth, it is the special object of Government, in taking up the question, to help those who cannot help themselves, and to tide them over their misfortunes. It should, therefore, be the first consideration of the officer, or private person in charge of a school, to fix the fee for attendance so low that it may be afforded by the very poorest, if possible, of these classes. Some fee, however, it is absolutely necessary to charge, or we shall find the schools empty, for the reason that these people object to receive a gratuitous education. Such fees might be arranged on a sliding scale according to the means of the parents.

6. I am prepared, then, to assist schools which are in existence, or which may be established, for the education of poor Europeans and East Indians, by allowing to them grants-in-aid under the last rules of July 1873, that is to say, pecuniary grants, which may amount to the full sums expended from private sources (therein including expenditure from school fees and from municipal contributions). For details, the published rules may be consulted.

7. Or, if the parties or authorities interested should prefer it, I would confer the Government assistance in the shape of payment by results, that is, by a certain allowance for each pupil who passed a prescribed standard before a Government Inspector, or by allowances to the masters in the shape of a grant

for every pupil who passes, and a capitation fee for each pupil in excess of a fixed number. I recognise the expediency of giving to the masters a pecuniary interest in the progress of their pupils.

8. I would also allow a limited number of scholarships to be competed for in the schools for the poor scholars, and to be tenable in the higher schools.

9. Further, the Director of Public Instruction will be instructed to consider the establishment of a Normal School, for the training of European and East Indian masters for the elementary schools for the classes to which this Minute refers. Passed masters from this institution would be duly certificated.

10. All schools thus aided would, of course, be open to inspection by Government officers, who would be required to see and report that the money thus allotted is duly spent on the object for which it is intended. I would not wish any minute interference to be exercised with the school master or his staff, nor any interference at all with the religious instruction provided.

11. It would not be advisable to enforce any stereotyped form of school on the country, or to tie the hands of district officers. I believe that local wants and feelings will be best satisfied by considering each case, each application for a grant-in-aid, on its own merits. In one district it may be well to place funds at the disposal of the Educational Committee for the support, at the larger stations, of the children unable to pay for their tuition; in another district there may be facilities for industrial training; at some large stations there may be a school in existence where the Government grant-in-aid can be best spent in procuring the services of certificated and experienced teachers; in another it may be possible to engraft on the zillah school a special course of instruction with European and East Indian masters.* For very young children it will probably be preferable to have dames' schools preparatory to larger institutions. These would be equally deserving of State support. It might also be advantageous to have two schools in a place: one elementary, for the younger, the other more advanced, for the elder children. I wish merely to indicate the different possible ways in which district officers, private persons, or public bodies, may find it convenient to take advantage of the Government assistance hereby offered.

I am not as yet prepared to say that Government servants should be compelled to send their children to school. On the other hand, I would urge Government officials by all legitimate means to encourage their subordinates to do so.

12. It has been suggested that boarding-houses should be established for the accommodation of children coming from a distance, and that pecuniary aid should be given to parents sending their children to an institution as boarders. To this I can see no theoretical objection: either the school master, or somebody appointed to the duty, must be responsible for the good order of the boarding-house.

13. Suggestions are also forthcoming for the creation of scholarships and endowments. I have already, in preceding paragraph 8, expressed my willingness to give my best consideration in each case to any proposals on these points when incorporated in schemes for schools; but, as at present advised, I am unable to say more than that I am willing to afford all the assistance allowed by the grant-in-aid rules.

14. With regard to schools in the hills, there is no doubt that they must be more expensive than similar schools in the plains. Darjeeling, alone of the hill stations, is under Bengal, and will soon be more accessible on the completion of the railway. I think it specially desirable that there should be at Darjeeling one or two more schools, whose aim should be to attract poorer classes than those now sent to St. Paul's School. I believe that, with care and economy, these might be established, and would merit Government aid.

15. The East Indian Railway Company now contribute a monthly grant to the schools at Howrah, Rampore Haut, Ranceegunge, Assensole, Sahibgunge, Jumalpoore, Dinapore, and Buxar: all of which are stations within the Bengal

* If any schools for girls should be established under the principles set forth in this Minute, it would be very desirable that at least one Indian vernacular language should be taught, in case any of the female pupils should desire to become mistresses in native vernacular schools, for which kind of employment demand is likely to arise.

Provinces. They have closed the schools at Burdwan and Nowadi. I shall be glad to hear of that at Burdwan at least being re-opened. There are also a number of children at Goalundo on the Eastern Bengal Railway, for whose welfare the Company are interested. I shall be glad to accord Government grants under the rules to these railway schools to the same extent as to other institutions.

16. In such stations as Dum-Dum and Barrackpore, where there are military schools, I would hope that the military authorities would grant permission to their being thrown open to children of poor Europeans and East Indians, on payment of a fee, with the sanction of the Commanding Officer. If the local authorities can devise a proper scheme, I shall have much satisfaction in recommending it to the Military Department.

17. But above all, my great desire is, that we do not aim too high: that we do not seek to inaugurate a system of schools beyond the reach of the classes we desire to attract, either by teaching too elaborate a course, or by levying too heavy a fee.

18. Among the various schools indicated above, not the least important is the description of school which may be called industrial. We are now endeavouring to establish schools of this description for natives; we should be glad, if opportunity should offer, or if demand should arise, to do the same for Europeans and East Indians. Already an excellent beginning has been made, with limited numbers, at Dehree, the head of the Sone Canal Works; a similar institution could certainly be established at Cuttack (head of Mahanuddy Canal Works), and perhaps also at the Kidderpore Dockyard, near Calcutta. If there should be hope of obtaining enough pupils, a separate institution of the kind could be set up within the City of Calcutta, in connexion with the Public Works Department. The fitness of mechanical pursuits for Europeans and East Indians is too obvious to need description.

19. The measures which may be undertaken in pursuance of the assistance herein promised may be regarded as to some extent experimental. Still I have great hopes that if worked with care they may not be infructuous. A beginning may be made with the more important centres, such as Jumalpoore, Patna, Cuttack, Berhampore, Burdwan, and others. I would commend this matter earnestly to the immediate and careful consideration of the Commissioners and district officers in whose jurisdictions these places are situated, and I would ask them to submit detailed plans for new schools for poor Europeans and East Indians, or for the improvement of existing institutions, to which I should be able to afford pecuniary aid, and I shall be happy to entertain favourably, if possible, any schemes emanating from private individuals or from public bodies.

20. I would ask the Director of Public Instruction to place himself in communication with the Divisional Commissioners and with the Agents of the two Railway Companies (to whom a copy of this Minute should be sent), and I trust soon to receive a number of feasible schemes worthy of the support of Government.

RICHARD TEMPLE.

SUGGESTIONS FOR SUPPLYING THE EDUCATIONAL REQUIREMENTS OF EAST INDIANS AND EUROPEANS OF THE WORKING CLASS IN INDIA.

MEMORANDUM SUPPLIED TO THE LIEUTENANT-GOVERNOR OF BENGAL BY THE
VENERABLE ARCHDEACON BALY, OF CALCUTTA.

I.—*The establishment, wherever necessary, of good elementary schools at a low charge, on the plan of the English national schools, for the lower class of the East Indian population in large towns.*

In many of the larger towns of the Presidency these already exist. * * *

* * * * *

The obstacles in the way of a more general education of this class would be removed by the formation, wherever necessary, whether in the various quarters of Calcutta or at the larger Mofussil stations, of good parochial schools on the principle of English national schools; *i.e.*—

(1) Maintained by voluntary contributions, school fees, and grant-in-aid.

(2) Under the superintendence of a local school committee.

(3) Annually inspected by the Government Inspector of Schools:—

II.—*For the higher classes of the East Indian community "high schools," with accommodation for boarders at the principal towns and stations of the Presidency.*

* * * * *

Mode of establishment.—Voluntary contributions, and Government aid for school buildings.

Permanent maintenance.—School fees and grant-in-aid. The latter to be so proportioned as to enable the school to receive day-scholars at a monthly fee of Rs. 5 or 6, and boarders at Rs. 20 per mensem extra.

III.—*For children of pure or nearly pure European parentage under the age of nine or ten years, good elementary schools (in which reading and writing the elements of arithmetic and geography are taught) are needed principally in stations inhabited by railway employés.*

Such are already in existence at the larger railway stations, supported by school fees and a grant-in-aid from the Railway Company, to which the station belongs. It is not therefore so much the establishment of new, as the improvement of existing schools of this class that is required; for in those visited and examined by me, neither the discipline nor instruction was satisfactory, and the teachers had not been trained.

If the income of these schools were increased by a grant-in-aid from Government, the benefit resulting would be two-fold: (1) a better class of teachers would be engaged; (2) and the education would be kept at a higher mark when subject to Government inspection. This class of schools should be regarded as strictly preparatory for children too young to leave home; and the pupils at the age of nine or ten years, having received a sound elementary education fairly on a level with their years, should pass from them to a hill boarding school. For when it is considered that the greater part of them are of pure or of nearly pure English descent, and will pass their life, and form the European working class, in India, it is of the highest importance that during the time of adolescence they should be placed in climatic conditions most favorable to their healthy and vigorous development both in mind and body, rather than, by exposure during the years of growth to the heat of the plains, they should deteriorate both in bodily vigour and mental energy, and thus become not only less able to maintain themselves on the level of an independent and useful class, but the parents also of a generation still more enfeebled. Their transfer therefore at as early an age as possible from these elementary schools in the plains to schools of a higher class in the hills should be encouraged by every possible inducement, especially that of cheapness.

IV.—*For this reason hill boarding schools are an essential part of any complete system of education for Europeans in India, affording, at a cost corresponding with their means, an education suited to the condition of life present and prospective of their children.*

My estimate of the cost *to the parent* of sending a child to such a boarding school—in order to bring it within the means of the greater portion of English operatives, and of the lower middle class of Eurasians—is, that it should not exceed Rs. 15 per mensem, or £18 per annum.

But the *total* cost of board and education for one pupil would not be less than £30 per annum; and even this would presuppose that all the school buildings were completed and free of debt. If, therefore, these schools are to be placed within the reach of all, an annual excess of £12 of the total cost of education over the parent's payment must be met.

If this were undertaken by Government, it would necessitate a grant-in-aid from Government of Rs. 10 per mensem for each pupil, if the school has no income either from endowment or annual subscriptions and donations.

It is probable, however, that to a limited extent a fund may be formed in connection with schools of this kind, from which "foundation scholarships" may be paid, lessening the cost of education to a limited number of pupils; and it may be hoped that the Railway Companies will contribute to the formation of such a fund, as these schools are especially designed for, and will be largely used by, the children of their employes. Whatever increment may arise from this source will lessen the amount of the grant-in-aid required. Still, to make these schools generally available, a larger grant-in-aid will be necessary than is now received.

The diocesan school at Nainee Tal is the only school exactly of this class in the Presidency. The cost to the parent of board and education in this school, together with travelling expenses, is little (if any) less than £30 per annum, and this is found too expensive for a large number of parents who would otherwise gladly send their children there. What the actual cost of each pupil's board and education is I am not able to state, but from the last report I infer that it must be above £30, as the school payments, plus the grant-in-aid of about Rs. 2-8 per mensem, or £3 per annum, enabled the school to make both ends meet, leaving a small balance over.

The establishment of one or two more institutions of the kind on the lower scale of charge in other parts of the Presidency is much to be desired, and would meet, for several years to come, the wants of this class of children adequately. If there is only one, it should be in the south rather than in the north of the Presidency; and when the difficulty of access to Darjeeling is removed by the construction of a railroad, a good and inexpensive school, of the same character as that in Nainee Tal, established there, would, I have no doubt, be largely used, not only by the mofussil stations between Calcutta and Benares, but also by very many of the European residents in Calcutta and Howrah, who will prefer to the local schools a good school in a hill climate when brought within a convenient and easily accessible distance to their own homes.

V.—*Besides hill schools of this class, there should also be, for the wealthier section of Europeans, other hill schools imparting an education of a higher standard.*

And such are already in existence at Simla, Mussoori, and Darjeeling; nor do I think that at present their number need be increased. So far as I have been enabled to judge, they supply as yet all the legitimate demand for a higher education; and I should recommend that they should be regarded and dealt with as schools specially designed for the wealthier portion of the Anglo-Indian society, rather than that they should be generally thrown open, by a more liberal measure of Government aid, to children of a poorer class.

At the same time that the more clever and industrious among them may not be wholly excluded by poverty from obtaining the higher education, I should suggest that the principle of awarding on competition "scholarship" or "sustentation allowance," which has been adopted for Native education, should be extended to European.

I consider that it would be a highly beneficial measure if, in addition to the grant-in-aid allowed by Government to schools in classes I and IV, a limited number of "scholarships" were attached to them as prizes, to be awarded after examination to the most promising pupils, by aid of which children in schools of class I could be promoted to the higher education of class II, and in schools of class IV to the higher education of class V.

VI.—There is still one class of children whose case is not exactly met by any of the schools mentioned above.

Destitute orphans of non-military parents. I know of no establishment in the whole Presidency where such can be received without either a preliminary donation of two or three hundred rupees or a fixed monthly payment, both of which, in the majority of cases, are simply impossible, and only a few out of the many orphans in this country can be received by existing orphanages for this reason. I do not see how the case of destitute European non-military orphans can be satisfactorily dealt with otherwise than by the establishment of an orphanage where they can be maintained and educated free of charge, as the orphans of soldiers are in the Lawrence Military Asylums; and this I think should be in every respect a public institution, at the cost and under the entire control of Government.

To ensure the success and efficiency of these various classes of schools, the following principles of administration should, I think, be aimed at:—

- (1) That the teachers in schools of classes I and III should be trained and certificated, and for this a normal training school would be required.
- (2) That the head-masters in classes II and IV should have been educated in England; and if they have no university degree, nor certificate from an English training school, should produce testimonials of experience in teaching.
- (3) That the head-masters of school V should be graduates of an English university.
- (4) That all schools should be annually inspected by the Government Inspector of Schools.
- (5) That in schools I and III the grant-in-aid should be given, as in English elementary schools, for every child passing given standards.
- (6) That in schools II, IV, V, the amount of the grant-in-aid should be graduated according to the class held by the pupil, and approved by the Inspector at the annual inspection.
- (7) That in schools I and III, as in English schools of a corresponding class, the teacher's salary should consist of a fixed monthly pay, plus an annual bonus derived from a percentage on the school fees, and the amount of the Government grant, in order that he may have a direct pecuniary interest in the number of scholars and the quality of their education.
- (8) That in schools II, IV, V, the principal and first assistant masters should receive, in addition to their fixed salaries, each a capitation allowance for every pupil above a given number.

REPORT ON THE STATE OF THE SALT MARKET FOR THE
FOURTH QUARTER OF 1874-75.

No. 376B., dated Fort William, the 19th May 1875.

From—W. H. GRIMLEY, Esq., Offr. Secretary to the Board of Revenue, L.P.,
To—The Secretary to the Government of Bengal, Revenue Department.

I AM directed by the Member in charge to submit the following
report on the state of the salt market for the fourth
quarter of 1874-75, comprising the months of
January, February, and March last.

Hon'ble H. L. DAMPIER.

2. The quantity of salt consumed (i.e., the quantity of total clearances
of salt of all descriptions) in the quarter under report amounted to maunds
19,60,343, against maunds 20,66,607-25 in the previous quarter and
maunds 17,48,068 in the corresponding quarter of the previous year; and the
total amount of duty levied was Rs. 63,20,001-4, against Rs. 66,45,702-5-10
and Rs. 56,81,221 in the previous and corresponding quarters respectively.

3. The quantity of excise salt sold in Cuttack, Balasore, Pooree, and the
24-Pergunnahs during the present quarter from the stock of the different
seasons, and the quantity which remained in store at the close of the quarter,
are shown in the following Table I :—

I.

	CUTTACK.				BALASORE.				POOREE.				24-PERGUNNAHS.		
	Manufactures of				Manufactures of				Manufactures of				Manufactures of		
	1870-71.	1871-72.	1874-75.	1869-70.	1870-71.	1871-72.	1872-73.	1873-74.	1874-75.	1872-73.	1873-74.	1874-75.	1873-74.	1874-75.

Manufactured or added during the quarter	12,297 20	99,193 15	1,545	15,662 10
Total	12,964 35	573	12,297 20	406 0	178 20	2,925 30	7 4,733 7 11	1,17,340 3 14	99,210 5	574 30	2,18,790 14	1,545	10,101	15,662 10
DUPLICATE—															
Sales during the quarter	4,510 0	14	178 20	125 0 0	1,050 0 0	36,045 0 0	40,586 0	5,000
Wastage	347 0 0
Total	4,510 0	14	178 20	125 0 0	1,197 0 0	36,045 0 0	40,586 0	5,000
Balance at close of the quarter	8,454 35	559	12,297 20	406 0	2,800 30	7 3,536 7 11	81,295 3 14	99,210 5	574 30	1,78,204 14	1,545	5,191	15,662 10

It will be seen from the above that the total clearances, or sales of excise
salt during the quarter under review, amounted to maunds 87,330, against
maunds 1,09,496-25 in the previous quarter and maunds 1,06,956 in the corre-
sponding quarter of the previous year.

4. The subjoined Table II shows, comparatively, the total importations
into the port of Calcutta, and the total clearances of sea-imported salt during
the quarter under notice, and the corresponding quarter of the previous
two years :—

II.

7. Table V shows the despatches of salt from Calcutta by water and the three railways, passing the several salt pass stations into the interior of the country, both east and west of the river Hooghly, during the quarter under review and the corresponding quarter of the previous two years:—

V.

PERIOD.	Fid Ballikhal. Sankhal. Khal.	Fid Kidder- pore.	Fid Balha- ghatta.	By the East Indian Railway.	By the East- ern Bengal Railway.	By the Cal- cutta and S. E. Railway.
	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.
Quarter of 1872-73	3,39,859	1,31,754	1,12,032	70,954	8,57,644	3,84,312	2,521	3,529
Ditto 1873-74	2,34,457	1,28,983	97,494	72,532	8,33,718	3,94,300	547
Ditto 1874-75	2,59,916	1,15,700	94,195	1,98,280	8,94,778	3,93,118	8,710

The quantity of salt despatched by the East Indian Railway to stations beyond Buxar in the quarter under review amounted to 4,276 maunds, as noted in the margin, against maunds 7,775 in the previous quarter, and maunds 6,911 in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt for the port of Calcutta, according to published market reports, were as follow:—

	Tons.
January	11,255
February	33,614
March	18,301
Total	63,170

1,200 tons were shipped during the quarter under report for the port of Chittagong.

9. The market price per 100 maunds of Liverpool and other descriptions of salt at the close of each fortnight during the quarter, as compared with those obtaining during the same period last year, are shown in the following Table VI:—

VI.

DESCRIPTION OF SALT.	Prices on 15th January		Prices on 31st January		Prices on 14th February		Prices on 28th February		Prices on 15th March		Prices on 31st March

Total	73,304	1,71,000	84,193	96,494

No transactions in sea-imported salt have been reported for the quarter from any of the Orissa Ports.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 29th May 1875.

No.	District and date of return.	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops at date
BENGAL.			
<i>Western Districts.</i>			
BURDWA	1 Burdwan, 31st* May 1875	1.92	Rainfall at RaneeGUNGE 2.88, at Culna 2.24, at Jehanabad 3.72, at Cutwa 1.89, and Bood-Bood 1.30. The heavy rain has facilitated cultivation; the present prospects of the crops are promising; cotton and teel oil-seed are doing well.
	2 Bankoura, 29th	1.72	Weather generally cloudy. Rain fell all over the district. <i>Boro</i> or spring rice is being reaped, and the outturn is estimated at 12 annas. <i>Aous, telka,</i> and <i>chali</i> rice are being sown. The rain has done some harm to sugarcane and cotton.
	3 Beerbhoom, 29th66	Seasonable weather. Some rain has fallen. Ploughing is going on in all parts.
	4 Midnapore, 29th	1.71	Rainfalls in partial and heavy showers, but all parts of the district seem to get their share. State and prospects of crops fair; the sowings in the low lands are still somewhat obstructed by the water standing on them. Indigo prospects very good thus far.
	5 Hooghly, 29th63	Weather hot; several storms in evenings, especially on the 24th May. State and prospects of the crops are very good.
	Howrah, 29th	2.23	Weather warm and cloudy. There was rain throughout the district during the week. Ploughing for the early and late rice crops continuing under favorable circumstances. Sowing of jute nearly completed. Rain is doing much good.
<i>Central Districts.</i>			
PRESIDENCY DIV.	6 24-Pargannas, 31st† May 1875	1.68	Weather very hot and close, with occasional slight showers. Early rice and jute sowings well advanced. Rainfall during the week has been considerable. A few cases of cholera continue to be reported. Fever does not appear at Barrackpore.
	7 Naddea, 29th May 1875	.08	Weather hot, with occasional dust storms, but little rain. Prospects of the early and late rice and indigo crops are very good. Consery rice is still dearer in some parts of the district it is selling for Rs. 2-8 to 2-12 per mowd.
	8 Jessore, 29th51	Weather mostly clear and bright, with some slight showers of rain. Sowing continues and prospects good.
	9 Moorshedabad, 29th May 1875	.17	Weather hot and oppressive; a little rain has fallen. Soil generally in good condition for ploughing, and prospects favorable, but rain is wanted. Mow crop, sugarcane, and indigo progressing. Price stationary. Cholera has disappeared from Gous; small pox still at Sodegarnore.
	10 Dinapore, 28th May 1875	.82	A good deal of rain. The crops have benefited.
RAJSHAH DIV.	11 Malda, 29th May 1875	.09	Weather very hot, with occasional strong winds and some rain. The spring rice has faced differently in different parts, but, on the whole, the crop is a fair one. Indigo prospects are fair. East wind is unfavorable for silk-worms. The very poor mungo crop has been further damaged by the late storm.
	12 Raichany, 29th24	There has again been general rain during the week. The prospects of the crops continue good, and the weather is most favorable for them. No cholera or small pox cases reported, and the public health is good.
	13 Runpore, 28th	1.32	Stormy weather. Condition of the crops good.
	14 Bogra, 29th19	Weather fair. There has been considerable rainfall during the previous week. Crops promise well.
	15 Pubna, 29th67	Weather cloudy and warm, threatening rain, south-easterly wind prevailing; some rain has fallen. State and prospects of crops good.
COCH BEH.	16 Daroeling, 28th May 1875	1.12	Alternate rain and sunshine; all very favorable for the crops. In the plains the young paddy is getting on nicely. <i>Kangrae</i> millet is in the ear. In the hills Indian corn, wheat, barley, and buckwheat; also the millets <i>marua</i> and <i>kangrae</i> are progressing very favorably.
	17 Jangiporee, 29th May 1875	2.93	A day or two of unusually hot weather in the early part of the week was followed by sharp storms and heavy showers and much more pleasant weather. For the crops nothing could be better, and they look well all round. Cholera continues, but more recoveries are now heard of than formerly.
	Cooch Behar, 27th May 1875	1.02	The weather was very hot. There was a shower of rain on Tuesday afternoon. The prospects of early rice and jute continue favorable. Cholera is still prevalent in different parts of the Raj.

* Telegram of the 31st May, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 31st May, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
<i>Eastern Districts.</i>			
18	Dacca, 31st* May 1875	·12	Weather very hot. Rains holding off. Crops very good. Rivers rather lower.
19	Furcedpore, 29th May 1875.	·84	Weather unsettled, but seasonable; rain has fallen at Furcedpore, Goulundo, and Madareepore. Wind during the last two days generally north-easterly. The prospects of the crops continue favorable everywhere, excepting towards the north-west, where rice and indigo are said to be in want of rain. General health good.
20	Backergunge, 27th May 1875.	1·12	Rain has fallen. All is well.
21	Mymensingh, 28th May 1875.	·11	Weather generally fine, but extremely hot and close. Early rice promises favorably. The prospects of jute improved with the cessation of rain.
22	Chittagong, 27th May 1875	3·39	Rain has fallen and weather cooler than last week. No change in the prospects of crops since last week; the rain has been general.
23	Nacktholy, 27th May 1875.	1·21	The weather during the week was close and constantly cloudy. Light rain on the 22nd, 24th, 25th, and 26th May. Wind generally south. In the low land the early rice is progressing favorably, and in the high land sowing is still going on.
24	Tipperah, 28th May 1875	2·43	Weather warm and close, with occasional heavy showers of rain. Wind variable. The late rain has been good for the rice of all sorts; the ploughing and sowing of the winter rice has been nearly completed.
25	Chittagong Hill Tracts, 25th May 1875.	·27	One or two slight showers of rain since last week; more rain required for the young rice. Sowing still going on in the <i>joama</i> .
	Hill Tipperah, 26th May 1875.	1·81	Slight showers of rain at the beginning and close of the week. The appearance of the sky is now in favor of more rain falling soon. Sowing of early rice continues, and in some places has germinated. The sowing of the late rice has commenced, but more rain is wanted for the purpose.
BEHAR.			
26	Patna, 31st* May 1875	·52	Rain on the 25th May at about half past 4 P.M., preceded by dust-storms. Lands are being prepared for paddy sowings; <i>murrah</i> and <i>mahas</i> (millets) already sown in some places. Sugarcane grown up well. Cotton is in pods. Cholera still prevalent and bad in one village in the interior of Behar sub-division.
27	Gya 29th " "	·55	Weather hot, with easterly winds; slight rain general over the district, with high wind. Highest reading of dry maximum thermometer was 105·5. <i>Cheena</i> millet and sugarcane promising; <i>murrah</i> millet being transplanted. Cholera bad in Aurangabad sub-division; medical aid sent and measures taken.
28	Shatabad 29th " "	·59	Weather cloudy, with strong easterly wind, and very unsettled for the time of year. The rain which fell during the week has done good for the preparation of fields for sowing early rice. <i>Cheena</i> millet being harvested in many places. The mangoes have been greatly injured by frequent gales.
29	Durbhanga, 29th " "	1·74	Frequent storms of wind and rain. Temperature extremely variable. The sowing of paddy has commenced. Prospects of indigo crop good.
30	Mozufferpore, 29th " "	·24	Weather generally stormy; east wind prevailing. The prospects of the <i>cheena</i> millet and indigo continue favorable. Ground is ploughed and prepared. Cholera still continues.
31	Saran, 29th " "	·77	Weather hot and clear during the day, but cloudy and stormy in the evenings, cooling the atmosphere for a time; east wind prevailing. There was a general fall of rain, with hailstorms, on the 25th May, preceded by strong wind and dust-storms. The prospect of indigo is excellent. <i>Cheena</i> millet, sugarcane, and early rice doing well; <i>shama</i> grass seed, <i>karrack</i> , <i>koda</i> , &c., pellets are being sown. The late rain has done much good to the crops, and has enabled the fields to be prepared for the <i>ghadoi</i> sowings. Mangoes have been much injured by the hailstorms. General health good.
32	Chumpanan, 28th May 1875.	1·5	The weather has continued to be similar to that mentioned in former report. The prospects of the crops are at present most excellent.
33	Monghyr, 29th May 1875	Nil.	East winds prevailing. The prospects of crops are very good.
34	Bhagulpore, 1st† June 1875.	·59	Considerable rainfall throughout the district. Prospects of crops everywhere good. <i>Bhadoi</i> crops above ground in the north of the district. General health good.
35	Purneah, 29th May 1875	·61	Storms nearly every day; the rain is too much for the time of year and is hindering the weeding operations. <i>Moong</i> pulse, and in the south the <i>boro</i> dhan, are being reaped.
36	Sahadpur, 29th May 1875.	2·45	Weather cloudy, rainy, and stormy, with intervals of hot sunshiny. Thunder and lightning constant about the district, becoming very dangerous. Ploughing going on everywhere. Rain wanted since 1st day. No crop to report on.

* Temp. on the 31st May received on the same day, shows rainfall during the season day immediately preceding.

† Temperature on the 1st June received on the same day, shows rainfall during the season day immediately preceding.

No.	District and date of return.	Rainfall at Sudda Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
ORISSA.			
ORISSA DIVISION	37 Cuttack, 22nd May 1875	64	Weather sultry, with occasional storms. Ploughing is going on in all directions, and sowing has begun for the early rice-crop. A little cholera has again appeared, but in a sporadic way. Public health otherwise good.
	38 Pooree, 25th " "	2.68	There was a moderate shower of rain on the 25th May; the weather at present is very hot and close, and the sky occasionally overcast. Tillage and sowing are going on well. The harvest of the <i>dahua</i> or spring rice crop has been almost completed with a good outturn. New sugarcane is being manured. Cotton in pods. Mangoes are ripe, but the crop is poor. Jack fruits are also ripe, and the crop is fair.
	39 Baisore, 28th " "	11	Rainfall in the north of the district slight, in the south more plentiful. Sowings for rice crop in progress throughout the district. Prospects of crops good. No change in general health.
CHOTA NAGPORE			
	South-West Frontier Agency.		
40 Hazaribagh, 28th May 1875.	66	Seasonable weather. Frequent thunderstorms have cooled the atmosphere very pleasantly. Ploughing general over the district preparatory to sowing the <i>chadai</i> or early crops. No crops on the ground.	
41 Lohardugga, 29th May 1875	44	Weather variable; occasional storms of wind and rain. Ploughing going on. <i>Dhan</i> and <i>goundh</i> are being sown in some places. General health fair, but cases of cholera and small pox are still reported.	
42 Singhbhum, 28th May 1875	76	Seasonable weather. State and prospects of crops favorable. District healthy.	
43 Manbhum, 29th May 1875	54	Weather showery and cool with occasional storms. The <i>chab</i> or <i>bora dhan</i> (a small crop chiefly used by the poorer class) is ripening. Sugarcane cultivation has benefited by the late rain. The sowings for the great crop have been generally	

Published for general information.

* Velocity of wind in miles per hour.

CALCUTTA,

W. G. WILSON,

The 29th May 1875.

Offg. Meteorological Reporter to the Govt. of Bengal.

**Abstract of the Results of the Hourly Meteorological Observations taken at the
Surveyor-General's Office, Calcutta, in the month of April 1875.**

LATITUDE 22° 33' 1" North. Longitude 88° 20' 34" East. Height of the cistern of the
standard barometer above the sea level, 18·11 feet.

MONTHLY RESULTS.			Inches.
Mean height of the barometer for the month	29·705
Max. height of the barometer, occurred at 9 A.M. on the 4th	29·912
Min. height of the barometer, occurred at 4 P.M. on the 25th	29·488
<i>Extreme range</i> of the barometer during the month	0·424
Mean of the daily max. pressures	29·776
Ditto ditto min. ditto	29·633
<i>Mean daily range</i> of the barometer during the month	0·143
Mean dry bulb thermometer for the month	85·4
Max. temperature, occurred at 3 & 4 P.M. on the 17th	102·5
Min. temperature, occurred at 6 A.M. on the 23rd	73·3
<i>Extreme range</i> of the temperature during the month	29·2
Mean of the daily max. temperature	95·6
Ditto ditto min. ditto	78·1
<i>Mean daily range</i> of the temperature during the month	17·5
Mean wet bulb thermometer for the month	78·5
Mean dry bulb thermometer above mean wet bulb thermometer	6·9
Computed mean dew-point for the month	73·7
Mean dry bulb thermometer above computed mean dew-point	11·7
			Inches.
Mean elastic force of vapour for the month	0·819
			Troy grains.
Mean weight of vapour for the month	8·74
Additional weight of vapour required for complete saturation	3·94
Mean degree of humidity for the month, complete saturation being unity	0·69
			°
Mean max. solar radiation thermometer for the month	140·0
			Inches.
Rained 10 days,—max. fall of rain during 24 hours	2·53
Total amount of rain during the month	4·18
Total amount of rain indicated by the gauge* attached to the anemometer during	3·06
the month	
Prevailing direction of the wind	S

* Height, 70 feet 10 inches above ground.

GOPKENDATH SEN,
In charge of the Observatory.

The 27th May 1875.

PART I.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

AND GENERAL DEPARTMENTS.

No. 1546C.S.

GENERAL.—*The 27th May 1875.*—The services of Mr. G. C. M. Smith, Deputy Magistrate and Deputy Collector, in charge of the Soopoole Division of the Bhagulpore District, are placed at the disposal of the Public Works Department, Irrigation Branch, of this Government, for the purpose of acquiring land for that department in the Patna, Shahabad, and Gya Districts. Mr. Smith is vested with the powers of a Collector under Act X of 1870 in those districts.

Mr. Frank Hunter Barrow, Acting Joint-Magistrate and Deputy Collector, is appointed to have charge of the Soopoole Division of the Bhagulpore District.

Lieutenant Leopold James Henry Grey, Assistant Commissioner, Lohardugga, is appointed to act in the Second Grade of Assistant Commissioners.

The 31st May 1875.—The Collector of the 24-Pergunnahs is appointed to be *ex officio* Collector of Calcutta.

The 2nd June 1875.—Baboo Ram Bromha Chatterjea, Sub-Deputy Collector, Contai, having resumed charge of his duties on the 5th April 1875, the unexpired portion of the leave granted to him in orders of the 18th March 1875 is cancelled.

The 4th June 1875.—Mr. John Delabare Gael, Assistant Magistrate and Collector, 24-Pergunnahs, is appointed to act temporarily as Cantonment Magistrate of Dum-Dum.

The 5th June 1875.—Baboo Poorna Chunder Roy, Sub-Deputy Magistrate and Sub-Deputy Collector, is posted to Baraset.

Baboo Girindro Nath Chatterjee, Sub-Deputy Magistrate and Sub-Deputy Collector, is posted to Diamond Harbour.

The following notification is substituted for the one dated the 13th May 1875, published in the *Calcutta Gazette* of the 19th idem :—

Baboo Rash Behary Bose, Deputy Magistrate and Deputy Collector, is vested with the powers of a Collector under Act X of 1870 for the acquisition of land required for public purposes in the district of Howrah.

POLICE.—*The 27th May 1875.*—Mr. Henry Bayley, Officiating Assistant Superintendent of Police, Patna, is posted to Gya.

Mr. Charles Emile Fabre-Tonnerre, Assistant Superintendent of Police, on special duty in the Patna Division, is posted to Sarun.

Mr. Walter Fell Smith, Assistant Superintendent of Police, is posted to Patna from the date on which he may be relieved of his acting appointment as District Superintendent of Shahabad.

The 2nd June 1875.—Mr. Victor William Bertelson, Assistant Superintendent of Police, Northern Bengal (State) Railway, is allowed leave for two months and 29 days, under Section 21, Chapter VI of the Civil Leave Code.

The 8th June 1875.—Mr. John Masters, District Superintendent of Police, Jessore, is allowed leave on medical certificate for twenty months, under Section 3, Supplement F, of the Civil Leave Code, together with subsidiary leave for a period not exceeding 30 days.

REGISTRATION.—*The 3rd June 1875.*—Baboo Janaki Gir Gosain is appointed to be Sub-Registrar of the new sub-district of Royganj, in Dinagepore, with effect from the 15th June 1875.

EDUCATION.—*The 31st May 1875.*—Baboo Karas Chandra Sen, Deputy Inspector of Schools, Dacca, is transferred to Backergunge.

Baboo Saroda Prosad Roy, Deputy Inspector of Schools, Burrisal, is appointed to act as Additional Deputy Inspector of Schools, Dacca.

The 4th June 1875.—Baboo Koylash Chunder Ghose, Personal Assistant to the Commissioner of the Orissa Division, was in charge of the office of Joint Inspector of Schools Orissa Circle, in addition to his own duties, from the 12th January to 6th March 1875.

The 5th June 1875.—Baboo Budha Nath Chowdry is appointed to be a member of the District School Committee of Dinagepore.

CUSTOMS.—*The 3rd June 1875.*—The Lieutenant Governor has been pleased to vest Mr. C. P. Macaulay, Acting Deputy Collector of Customs, Calcutta, with the powers to adjudge any confiscation, penalty, or increased rates of duty within the limits prescribed by Section 219, Act VI of 1863 for Deputy Collectors.

MEDICAL.—*The 31st May 1875.*—Mr. Vincent Blair Stork, who was transferred to the service of the Rajah of Hill Tipperah under orders of the 2nd May 1872, is permitted to return to the service of Government, and is appointed to be Medical Officer of Tipperah, *vice* Surgeon G. Hutcheson, resigned.

The 1st June 1875.—The orders of the 26th April 1875, appointing Dr. W. E. Battersby to act as Civil Surgeon of Pubna, are cancelled at his own request. The services of Dr. Battersby are replaced at the disposal of the Government of India in the Military Department.

Assistant Surgeon Poorna Chunder Sing, a Supernumerary at the Presidency, is appointed to have charge of the Charitable Dispensary at Burrisal, *vice* Assistant Surgeon Sree Nath Mookerjee.

Assistant Surgeon Sree Nath Mookerjee, attached to the Burrisal Dispensary, is appointed to have charge of the Emambarah Hospital at Hooghly during the absence, on deputation, of Assistant Surgeon Ashootosh Gupta, or until further orders.

Assistant Surgeon Ashootosh Gupta, attached to the Emambarah Hospital at Hooghly, is appointed as an inspecting Medical Officer in the Burdwan District, *vice* surgeon Gopal Chunder Roy, M.D.

The 8th June 1875.—The following Surgeons are appointed temporarily to do duty in the Presidency General Hospital :—

Surgeon Charles Joseph MacCartie.

„ Henry Alfred Chatham Gray.

ECONOMIC MUSEUM.—*The 2nd June 1875.*—The following gentlemen are appointed to be members of the Local Economic Museum Committee in the district of Shahabad :—

Mr. H. C. Levinge.

Dr. J. H. Thornton.

Mr. C. W. Hope.

Mr. M. Tore.

„ J. Myne.

NOTIFICATION.

The 22nd May 1875.—The following general instructions are notified for the guidance of the authorities who correspond directly with Government during the time His Honor the Lieutenant-Governor is at Darjeeling.

As a general rule, all communications are to be sent as usual to the Secretary's Office in Calcutta; communications which are urgent, and which can be made complete in themselves, so as not to require reference to papers in the Office, may be sent direct to the Secretary with the Lieutenant-Governor at Darjeeling.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

DECLARATION.

The 5th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for roads and building purposes at Chandbali, in the village of Panchpara, pergunnah Kaimah, zillah Balasore, it is hereby declared that for the above purpose a piece of land measuring, more or less, 51 acres by computation, bounded on the north by Taluk Chundunpore, belonging to Fadoo Kishtomohun Bose; on the east, by the same; on the west, by the same, and also by the Government land at Chandbali; and on the south, by the Government land at Chandbali, and by the Boitoroni River, is required within the aforesaid village of Panchpara.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

DECLARATIONS.

The 25th May 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Pewradanga, pergunnah Mamjoanah, zillah Nuddea, it is hereby declared that for the above purpose two pieces of land measuring, more or less, respectively, 5 beeghas 3 cottahs and 14 chittacks, and 5 cottahs 8 chittacks of standard measurement, as per boundaries specified below, are required in the aforesaid village of Pewradanga:—

Piece No. 1.—Bounded on the north, south, and west by lands belonging to Brindaban Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, Brojendrow Gopall Roy, Mothoo-

rindrow Gopall Roy, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, and Woomanauth Mookerjee, and on the east by lands belonging to the said Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; and also by lands belonging to the Eastern Bengal Railway Company.

Piece No. 2.—Bounded on the north by lands belonging to Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; on the south by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, Woomanauth Mookerjee, and the said Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; and on the west by lands belonging to the Eastern Bengal Railway Company.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the Eastern Bengal Railway Company, in the village of Deolalpoore, pergunnah Chackla Mutteari, zillah Nuddea, it is hereby declared that for the above purpose two pieces of land measuring, more or less, respectively, 3 beeghas 4 cottahs 13 chittacks, and 8 beeghas 3 cottahs 3 chittacks of standard measurement, as per boundaries specified below, are required in the aforesaid village of Deolalpoore:—

Piece No. 1.—Bounded on the north by lands belonging to Brojendrow Gopall Roy and Mothoorindrow Gopall Roy; on the south and west by lands belonging to Brindabun Chunder Sirker Chowdry, Sreesh Chunder Sirker Chowdry, the said Brojendrow Gopall Roy, the said Mothoorindrow Gopall Roy, Annodaprosad Mookerjee, Sarodaprosad Mookerjee, and Woomanauth Mookerjee; and on the east by lands belonging to the Eastern Bengal Railway Company.

NOTIFICATION.

The 4th June 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-district, having the head-quarters and local jurisdiction shown opposite the name. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the person named below to be Sub-Registrar of the said sub-district:—

District.	Name of new sub-district.	Head-Quarters.	Thana included in jurisdiction.	Sub-Registrar appointed.
Burdwan	Rayna	Rayna	Rayna	Baboo Sareda Prosad Chaudhuri.

This change will take effect on and from the 1st July 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 5th June 1875.—The Lieutenant-Governor is pleased to authorize the President of the Commission for the Inspection of Steam-boilers, acting on the report of the Inspector appointed under Act VI (B.C.) of 1861, to revoke or suspend any certificate already granted, or to be granted, under the said Act, on the ground that the boiler or prime-mover in respect of which it has been granted is not in charge of a person competent to have charge of the same.

His Honor is also pleased generally to appoint the Chief Engineer of the Government Dockyard as the person to whom the owner of such boiler or prime-mover, or the person so in charge as aforesaid, may apply if dissatisfied with such revocation or suspension, and to authorize him, if he is so satisfied, to grant a writing under his signature to the effect that the person so in charge as aforesaid is a person competent to have charge of a boiler or prime-mover.

These orders are passed under the authority vested in the Lieutenant-Governor under Section 1, Act III (B.C.) of 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 17th May 1875.—Under the powers vested in the Lieutenant-Governor by Section 2 of Act II (B.C.) of 1867 (an Act for the punishment of public gambling and the keeping of common gaming-houses), His Honor is pleased to authorize the extension of the provisions of Section 11 of the said Act within the following limits, being those of the Jhalda Union, in the district of Maunbhoom:—

On the north bounded by Kopilla Hill; on the west by Daurak Hill; on the south by Sham River; and on the east by Shorisha River.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 17th May 1875.—Under the provisions of Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor is pleased to direct that in modification of the notification published in the *Calcutta Gazette* of the 19th February last, the jurisdiction of the Kurigram Rural Sub-Registry Office, in the district of Rungpore, shall be conterminous with that of the sub-division of the same name formed on the 1st instant, and notified in the *Calcutta Gazette* of the 28th April last.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 31st May 1875.—It is hereby notified that the Lieutenant-Governor has been pleased to sanction the transfer of the head-quarters of the Sub-Registry Office at Dehipore, in the district of 24-Pergunnahs, from that place to Hansuri, and the appointment of Baboo Grish Chunder Bose to be sub-registrar in the place of Moulvi Berhanuddin Mahomed, removed.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 31st May 1875.—It is hereby notified that the Lieutenant-Governor has been pleased, under the provisions of Act VIII of 1859, to exempt the following gentlemen, being sons of His Highness the Nawab Nazim, in the district of Moorshedabad, from personal attendance in the Civil Courts:—

1. Keivan Kudr Ahamed Ali Mirza, otherwise called Miran Sahab.
2. Asman Kudr Assud Ali Mirza, otherwise called Sooba Sahab.
3. Soruija Kudr Mahomed Tuki Mirza, otherwise called Syud Sahab.
4. Fulluck Kudr Nesir Ali Mirza, otherwise called Chotu Sahab.
5. Khoorshed Kudr Eskunder Ali Mirza, otherwise called Sultan Sahab.
6. Daood Kudr Khakun Mirza, otherwise called Bhoodhun Sahab.
7. Khoosree Kudr Bairum Mirza, otherwise called Bairum Sahab.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 27th May 1875.—Under the provisions of Section 5 of the Indian Registration Act No. VIII of 1871, the Lieutenant-Governor has been pleased to sanction the formation of a new sub-district in the district of Midnapore, with head-quarters at Egra, comprising the thanas of Egra and Pataspore, at present included under the sub-district of Dantoon. The latter sub-district will henceforth be restricted to the thanas Dantoon, Gopibullabpore, and Narayunghur, thana Roghunathpore being reattached to the sub-district of Contai.

His Honor is also pleased, under Section 7 of the Act, to appoint Baboo Tarachand Mojomdar to be sub-registrar within the new sub-district of Egra.

This notification will take effect from the 1st June 1875.

R. L. MANGLES,

Moakholly	Hatiya	Harni	Hatiya	Moulvi Abdullah.
Monghyr	Sikandrah	Sikandrah	Sikandrah	Nawab Waliyat Hossain Khan.

These changes will take effect on and from the 1st of June 1875.

R. L. MANGLER,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 16th May 1875.—The Lieutenant-Governor is pleased, in supersession of the Notification published at page 1647 of the *Calcutta Gazette* of the 4th November 1874, to direct the substitution of the following for Rule 96 of the Rules regulating labour transport under Act VII (B.C.) of 1873, published in the *Calcutta Gazette* of 21st January 1874, and of the following Schedule showing the scale of clothing to be provided for emigrants, for Schedule A, Parts A and (a) appended to those rules :—

Rule 96.—The space measured off for emigrants shall be fitted, along the sides of the vessel, with (a) a boarding three feet high, rising from the planksheer of the vessel, and (b) thick and sound canvas curtains, hanging from roof to deck, with ventilating space under the eaves, and fastening closely to the deck below. But from the month of October to March, both inclusive, the three-feet boarding shall completely enclose the emigrants' deck space, and, besides the side curtains, there shall be similar curtains hung, one at each end of the deck, so as to convert the entire space allotted to emigrants into a thoroughly sheltered compartment, with ventilating spaces near the roof for the exit of heated and unwholesome air. This large compartment shall, moreover, be sub-divided into three smaller compartments by a couple of intermediate curtains, stretched right across the deck space from one side of the vessel to the other; but, instead of extending almost up to the roof, as the curtains at the sides and ends must do, raised to a height of six feet only, measuring from the deck upwards, the space above being left clear and open for the purposes of free ventilation.

SCHEDULE A.

Scale of Clothing for Emigrants.

A.—Scale of clothing, &c., for emigrants under conveyance to the labour districts between 1st April and 30th September, both dates inclusive :—

<i>For each Man or Boy.</i>		<i>For each Woman or Girl.</i>

Offg. Secy. to the Govt. of Bengal.

[Fifth Publication.]

NOTIFICATION.

The 1st May 1875.—Under the provisions of Section 2 of Act V (B.C.) of 1873, the following plan for extending gas-lighting to certain portions of the town of Howrah is published for general information:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the grand trunk road which lies between Ramkristopore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road and Ghosery Road. The total length of these roads is 2½ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept the sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from their general fund during the current official year.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

G. M. BOWIE, Major,
Offg. Inspector-General of Jails, L.P.

NOTIFICATION.

UNDER Section 14, Act XI of 1865, and subject to the order of Government, it is hereby notified that the Judge of the Courts of Small Causes of Dacca and Moonsheegunge will sit at the Moonsheegunge Court for this month only on the following dates:—

From 14th to 19th June, both days inclusive.

From 28th to 30th June, both days inclusive.

POROSH NATH BANERJEE, *Offg. Judge.*

DACCA SMALL CAUSE COURT, the 5th June 1875.

NOTIFICATION.

UNDER Section 14, Act XI of 1865, notice is hereby given that, subject to the orders of Government, the Judge of the Court of Small Causes at Narail will sit again in that Court on the dates mentioned below:—

Friday, the 18th June 1875.

Saturday, the 19th June 1875.

Monday, the 21st June 1875.

JOHN WESTON, *Judge.*

NARAIL COURT OF SMALL CAUSES, the 5th June 1875.

TREASURY NOTICE.

UNCOVENANTED Deputy Collector Bahoo Anand Mohun Mozoomdar has been placed in charge of the Jessore treasury from the 7th instant, and authorized to draw bills on other treasuries.

W. J. HERSCHEL, *Offg. Commissioner.*

COMM'R'S OFFICE, PRESIDENCY DIVISION, CALCUTTA, the 18th May 1875.

EDUCATIONAL NOTICE.

1. THE Calcutta Medical College Session of 1875-76 will commence on the 15th June next.

2. Students who may be desirous of commencing their studies are requested to apply to the Principal of the Medical College between the hours of 10 A.M. and 4 P.M., on or before the 15th June next, when the ten (10) vacant free presentations will be awarded. These are given to candidates upon their relative position in the University First Arts, B.A. and B.L. Examination, preference being given to those who have passed the highest examination.

3. The possession of the "First Arts" certificate of the Calcutta University will entitle students to enter the Medical College.

4. The course of instruction given in the Calcutta Medical College is framed to meet the requirements of the Calcutta University for obtaining its degrees in medicine and surgery.

5. The candidates who may fail in obtaining free presentations may be admitted as students on payment of an entrance fee of Rs. 15, and a further sum of Rs. 5 monthly during the period of their stay at the college, provided they enter into a guarantee to follow out the college curriculum to a close, and to graduate at the Calcutta University. Candidates who do not intend to graduate in Calcutta, or who wish to attend only a few courses of lectures, may be admitted as casual students on payment of a fee of Rs. 40 for each course of lectures, or Rs. 60 for six months' attendance upon any single branch of hospital practice. The cost of educating a casual student to compete at the examination of the Royal College of Surgeons of England amounts to Rs. 810.

6. The certificates of lectures and hospital attendance of the college are recognized by the University of London, the Royal College of Surgeons of England, and the Worshipful Society of Apothecaries of London.

NORMAN CHEVERE, M.D., *Principal Medical College.*

J. D. MACLEAN, *Offg. Collector of Customs*

OPIUM NOTIFICATION.

No. 617B.

NOTICE is hereby given that the Seventh Sale of Opium, the Provision of 1873-74, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 7th July 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

				Chests.
Behar	Opium	2,150
Benares	"	1,600
Total ...				3,750

2. The general conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 16th November 1874 and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 12th and 22nd July 1875 respectively; that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Monday, the 12th July 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Thursday, the 22nd July 1875.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so:—

DATES.		Behar, about Chests.	Benares, about Chests.	Total, about Chests.

On or about Monday, 6th September	"	2,150	1,600	3,750
On or about Friday, 1st October	"	2,150	1,600	3,750
On or about Thursday, 4th November	"	2,150	1,600	3,750
On or about Friday, 3rd December	"	2,150	1,600	3,750
Total		10,750	8,000	18,750

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary.*

BOARD OF REVENUE, L. P., FORT WILLIAM, the 1st June 1875.

NOTICE.

No. 501B.

WITH reference to paragraph 18 of the general notification published on the 16th November 1874, it is hereby notified that the Agents of the French Government applied for the reservation of 300 chests of opium from the quantity advertised for sale on the 5th April, but did not pay for them within the prescribed period, and that the Government will cause the opium so reserved to be sold at a sale held expressly for the purpose, of the date of which due notice will be given hereafter.

By order of the Member in charge,

BOARD OF REVENUE, L. P., FORT WILLIAM, the 3rd May 1875. W. H. GRIMLEY, *Offg. Secy.*

The Calcutta Gazette.

WEDNESDAY, JUNE 9, 1875.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary rights of Government, as specified in the condition of sale below, in the undermentioned estates situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 24th July 1875, corresponding with 9th Srabon 1282 B. S. and 6th Srabon 1282 F. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary rights of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jummah at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on re-settlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the expiry of the existing settlement with year ending 31st March 1902 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings, and by the laws in force: the purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

E. W. WHINFIELD, *Collector.*

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Fureedpore, will be put up to sale at the Fureedpore Collectorate on Saturday, the 26th June 1875, corresponding with 13th Ashar 1292 B. S. *

The purchasers will be subject to the following conditions of sale :—

1st.—The purchaser of these estates will be considered as the proprietor of the estates, and the entire proprietary right of Government in such estates will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana. The estates will be sold subject, up to the expiry of the existing settlement in the year 1907 A.D., to the Government revenue against them, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

44.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

PURNA COLLECTORATE, the 17th May 1875.

F. B. JAY, *Offg. Collector.*

NOTICE is hereby given, under Section 6, Act XI of 1859, that the undermentioned estates in the district of Naiden will be put up to public and unreserved sale at the Collector's office of that district, on the 17th day of June 1875, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue, due on the 29th day of March 1875.

Class I.—Permanently settled Estates.

No. 1.—Debi Alpha, pergunnah Bagwan; recorded proprietors Shantiram Rai and others; sudder jumma of the entire estate, Rs. 8,679-5-3, and police, Rs. 96-3-7. The share of Shantiram Rai and others in the estate, bearing sudder jumma Rs. 4,016-2-2, and police,

Rs. 44-14-8, will be sold for recovery of Rs. 237-15-11, on account of arrears of Government revenue. The shares of Rama Soondery Burmania and others, the total sudder jumma of which is Rs. 4,624-3-0½, and police, Rs. 51-4-11, will be exempted from sale, as separate accounts have been opened, and a portion of the Government revenue due from them has been paid.

No. 117.—Dohi Chandi, pergunnah Pajmour; recorded proprietors Mr. John Cockrane, Official Assignee, and others; sudder jumma of the entire estate, Rs. 10,246-2-8, and police, Rs. 129-2-4. The share of Mr. John Cockrane and others in the estate, bearing a sudder jumma of Rs. 4,422-6-10, and police, Rs. 55-12-2, will be sold for recovery of arrears, Rs. 239-15-10, on account of Government revenue. The share of the other proprietors, Soorendronath Paul Chowdhuri and others, the total sudder jumma of which is Rs. 5,823-11-10, and police, Rs. 73-6-2, will be exempted from sale, as they have opened a separate account, and the Government revenue due from them has been paid.

No. 399.—Pergunnah Ukra, pergunnah Ukra; recorded proprietors Brindabun Chandra Sirkar Chowdhuri and others; sudder jumma of the entire estate, Rs. 61,546-4-2, and police, Rs. 326-4-8. The share of Brindabun Chandra and Srish Chandra Sirkar Chowdhuri in the estate, bearing sudder jumma Rs. 7,697-10-4, and police, Rs. 40-12-7, on account of which separate account has been opened in No. 399-3, will be sold for recovery of Rs. 1,010-5-3, on account of arrears of Government revenue.

No. 423.—Dehi Peerpore, pergunnah Moonsibpore; recorded proprietors Moonshi Fuzzulall Korim and others; sudder jumma of the entire estate, Rs. 4,463-9-5, and police, Rs. 48-13-1. The share of Moonshi Fuzzulall Korim and others, bearing sudder jumma Rs. 3,032-9-5½, and police, Rs. 33-1-11½, will be sold for recovery of Rs. 128-4-3, due on account of Government revenue. The share of other proprietors, Doya Mohi Debia and others, sudder jumma Rs. 1,430-15-11½, and police, Rs. 15-11-1½, will be exempted from sale, as they have separate accounts, and have paid the Government revenue due.

No. 433.—Kismut Rai Balli, pergunnah Bagwan; recorded proprietors Khudiram Rai and others; sudder jumma, Rs. 747-11-9, and police, Rs. 17-1-1. The share of Khudiram Rai and others, bearing sudder jumma Rs. 75-10-7½, and police, annas 15-5½, will be sold for recovery of Rs. 14-11-3½, on account of Government revenue. The share of other proprietors, Dwarkanath Biswas and others, bearing sudder jumma Rs. 672-1-1½, and police, Rs. 16-1-7½, will be exempted from sale, as they have separate accounts, and have paid the Government revenue.

No. 438.—Taraf Ranaghat, taraf Ranaghat; recorded proprietors Issur Chandra Pal Chowdhuri and others; sudder jumma of the entire estate Rs. 1,359-14-3, and police, Rs. 15-10-3. The share of Issur Chandra Pal Chowdhuri and others in the estate, bearing a sudder jumma of Rs. 364-14-10, and police, Rs. 3-15-1, will be sold for recovery of Rs. 43-2-10, on account of arrears of Government revenue. The share of the other proprietors, Radnamoya Dey Chowdhuri and others, the sudder jumma of which is Rs. 994-15-5, and police, Rs. 11-11-2, will be exempted from sale, as they have opened separate accounts, and have paid the Government revenue.

No. 491.—Debi Shadipore, pergunnah Rajpore; recorded proprietors Madhub Gati Mitra Moostafi and others; sudder jumma of the entire estate, Rs. 18,263-14-9. The share belonging to Shibnairain Chetlancee (sole purchaser), bearing sudder jumma Rs. 168-2-0½, will be sold for recovery of arrears, Rs. 89, on account of Government revenue. The share of other proprietors, Bhubanjaya Acharji and others, the total sudder jumma of which is Rs. 18,095-12-8½, will be exempted from sale, as they have opened a separate account.

C. C. STEVENS, *Collector*.

NUDDEA COLLECTOR'S OFFICE, the 12th May 1875.

Notice.

THE quit-rent of the undermentioned leases in the district of Darjeeling being in arrears, notice is hereby given that if the amount due from the location be not paid within two months from this date, the leases remaining unpaid will be resumed by Government under Supplementary Rule No. 1, for grant of locations at Darjeeling.

Tanner, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. *Price Rs. 24; packing and postage, Re. 1-12.*

••• The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

The Calcutta Gazette.

WEDNESDAY, JUNE 9, 1875.

PART IV. Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Third Publication.

The following report of the Select Committee on the Bill to provide for the survey and demarcation of land, with the amended Bill, is, by order of the President, published for general information:—

We, the Select Committee appointed to consider the Bill to provide for the survey of land and for the establishment and maintenance of boundary marks, have the honor to submit the following preliminary report:—

From Honorary Secretary, British Indian Association, dated 19th April 1875.

From Officiating Secretary to the Board of Revenue, Lower Provinces, dated 5th February 1875.

From Superintendent of Revenue Survey, Upper Circle, dated 11th April 1875.

From Settlement Officer, Midnapore, dated 19th April 1875.

Deputed letter from Officiating Senior Superintendent of Survey, Midnapore, dated 21st March 1875.

From Commissioner of Burdwan, dated 22nd April 1875.

From Collector of Midnapore, dated 28th April 1875.

From Officiating Collector of Hooghly, dated 6th May 1875.

From Officiating Senior Superintendent of Survey, dated 19th April 1875.

We have considered the papers noted in the margin which were laid before us.

We have struck out the definitions of the words "Lieutenant-Governor" and "Board" as unnecessary (Section 1).

We have defined the word "Survey" (Section 1).

We have made considerable changes in the form of the Bill.

We have recognized the appointment of a Superintendent and Assistant Superintendents of Survey (Section 4).

We have provided that, when the parties do not accept the Collector's offer of compensation for damage done to crops, fences, and trees, by entry upon lands for the purposes of the Act, they may recover compensation in the Civil Court (Section 7).

In Part III we have provided that the Collector shall in all cases cause boundary marks to be put up by his own *employees*, instead of requiring occupants to put them up.

We have simplified the procedure of Part IV for the apportionment of expenses on estates and tenures.

In Part V we have clearly defined the powers of the Collector in respect to determining disputed boundaries which have never been authoritatively laid down, and also in respect to relaying boundaries which have been demarcated and mapped on previous occasions by Revenue Officers or other competent authority. We have omitted the reference to the powers exercised under Regulation VII of 1822.

We have provided for the imposition and levy of a daily fine in the case of persons delaying the proceedings by failing to comply with requisitions made under the Act (Section 37).

We have clearly defined the powers of control and the appellate jurisdiction of the different Revenue Officers (Sections 42 and 43).

We have provided that no suit shall be brought to set aside any order of a Collector in a boundary dispute, unless an appeal has been presented ~~gaining the order to the Commissioner~~ (Section 45).

We have omitted the proviso of Section 42 of the Bill ~~as published~~, to the effect that suits to set aside the orders of Commissioners and Collectors ~~must be~~ instituted within six months of the date of the orders. The effect of this omission ~~is to~~ allow twelve months as the period within which such suits must be instituted, ~~as they all now come under the Indian Limitation Act, being suits to set aside "any act of an officer of Government in his official capacity, not herein otherwise expressly provided for," as defined in Schedule ii (16) of that Act.~~

We have made other alterations in form and words.

AMENDED BILL.

A Bill to provide for the Survey and Demarcation of land.

WHEREAS it is expedient, with a view to the definition and identification of lands, the better security of lauded property, and the prevention of encroachments and disputes, to provide for the survey of lands and for the establishment and maintenance of marks to distinguish the boundaries thereof; It is hereby enacted as follows:—

PART I.

PRELIMINARY.

1. This Act shall come into force at once.

2. In this Act—unless there be something repugnant in the subject or context—

“Collector” includes every Collector of a district, and every officer either generally or specially vested with the powers of a Collector for the purposes of this Act.

“Deputy Collector” includes any Deputy Collector to whom the Collector or Superintendent of Survey may delegate any of his functions under this Act.

“Estate” includes—

any land which is entered on the revenue-roll as separately assessed with the public revenue;

any land acquired from the Government under one title, which is liable to pay land revenue at any future time;

any land which is entered on the Collector's Registers as a separate holding, free in perpetuity from liability to pay land revenue.

“Mouzah” includes every village, hamlet, tolah, and similar sub-division of an estate by whatever name such sub-division may be known.

“Occupant” includes every zemindar, tenure-holder, farmer, and other person entitled to receive rents in respect of land, and every ryot in occupation of land.

“Section” means a section of this Act.

“Survey” includes identification of boundaries and all other operations antecedent to, and connected with, survey.

“Tenure” includes all permanent interests in land, with the exception of estates as above defined, and with the exception of those of ryots having a right of occupancy only.

“Tenure-holder” means all or any of the holders of a tenure.

“Zemindar” means all or any of the holders of an estate.

PART II.

OF THE SURVEY.

3. The Lieutenant-Governor may, whenever he shall deem fit, order that a survey shall be made of the lands situated in any district, or in any part of a district, or in any specified tract of country; and that the boundaries of estates, tenures, mouzahs, or fields be demarcated on the lands so to be surveyed:

Provided that in any district, of which a survey may have been completed and approved by the

Government, it shall not be lawful for the Lieutenant-Governor to order a new survey of lands on the banks of rivers or on the sea-shore to be made for the purposes described in Act IX of 1847 (*an Act regarding the assessment of land gained from the sea or from rivers by alluvion or dereliction within the Provinces of Bengal, Behar, and Orissa*), until ten years shall have expired from the completion and approval of any such survey.

4. For the purpose of carrying out any survey directed to be made under the last preceding section, and all other purposes of this Act,

Lieutenant-Governor may appoint Superintendent of Survey.

the Lieutenant-Governor may appoint a Superintendent of Survey, who may exercise all or any of the powers of a Collector under this Act;

and may appoint one or more Assistant Superintendents and Deputy Collectors, who shall exercise all the powers of a Collector in respect to such matters under this Act as may be delegated to such Assistant Superintendents or Deputy Collectors respectively by the Collector or Superintendent of Survey, and not otherwise:

Provided that, notwithstanding the appointment of a Superintendent of Survey for any tract of country, it shall be competent to the Board of Revenue to direct that the Collector shall perform any duties under the Act within the said tract.

5. In pursuance of any direction made under section three, the Collector and any persons acting under his authority, may enter upon such lands, and do all things necessary for effecting the survey and demarcation of the boundaries thereof.

6. Before entering on such lands, the Collector shall cause to be published a proclamation addressed to the occupants of the lands which are about to be surveyed, and of the contiguous lands, and to all persons employed on or connected with the management of, or otherwise interested in, such lands, calling upon them to attend, either personally or by agent, at such places and at such times as shall be stated in such notice during the demarcation and survey of the land for the purpose of pointing out the boundaries and of rendering such aid as may be necessary in setting up or repairing such boundary marks as may be required, and of affording such assistance and information as may be required for the purposes of this Act.

Such proclamation shall be published by posting a copy thereof at

the Court of the Judge and at the office of the Collector of every district within which any portion of the lands about to be surveyed may be situated; at

every sub-divisional office, police station, moon-siff's court, and sub-registrar's office within the jurisdiction of which any portion of the land about to be surveyed may be situated; at

one or more nial cutcherries on each estate; and at

such other place or places as to the Collector may seem fit.

The Collector may also, by a special notice, require any such person to attend at any places,

and at such times as shall be stated in such notice, for any of the purposes aforesaid.

7. The Collector may, by a special notice, require any occupant of land to clear any boundary or other line which it may be necessary to clear for the purposes of the survey, by cutting down and removing any trees, jungle, fences, or standing crops.

The Collector shall ascertain the nature and estimated value of such trees, jungle, fences or standing crops, and shall offer adequate compensation to the owners thereof. If such offer be not accepted, such value may be recovered by civil suit.

PART III.

OF BOUNDARY MARKS.

8. The Collector may cause to be erected temporary boundary marks of such materials, and in such numbers and manner as he may direct, on any lands to be surveyed under this Act;

and may require any occupant of land to maintain and keep in repair such marks, or any boundary marks,

until any survey operations shall be concluded, and a final award given as to any disputed boundary, or

until permanent boundary marks may be erected in lieu thereof as hereinafter provided.

9. The Collector may at any time cause to be erected, on any land which is to be or which has been surveyed under this Act, permanent boundary marks of such materials, and in such number and manner, as he may determine to be sufficient to distinguish the limits of the estates, tenures, mouzahs, or fields for which the same are to be erected.

Every zemindar is bound to maintain and keep in repair such of the permanent boundary marks lawfully erected on his estate, or on the boundary between his estate and that of any other zemindar, as may be assigned to him by the Collector under the provisions of section nineteen, and to restore such marks if removed or destroyed; and in default the Collector may at any time require him to do so.

10. If any occupant or zemindar fails to maintain, keep in repair, or restore any boundary mark when required to do so under sections eight and nine, the Collector may maintain, keep in repair, or restore any such boundary mark, and the expenses thereby incurred shall be recovered as provided in section forty-one from the person failing to maintain, keep in repair, or restore any such boundary mark after being required to do so.

11. All expenses incurred by the Collector in erecting temporary or permanent boundary marks under this Act shall be apportioned among and levied from the zemindars of the estates and the holders of the tenures in respect of which such marks are erected, in manner hereinafter provided.

PART IV.

OF THE APPORTIONMENT AND RECOVERY OF EXPENSES.

12. Upon the completion of the erection of boundary marks on any tract of land of which the survey may have been ordered, or on any convenient portion thereof, the Collector shall forthwith prepare a statement of all expenses incurred in respect of such boundary marks.

13. Such statement shall show the total number of marks of each description which have been erected on such tract, or portion of such tract, the aggregate cost of erecting all the marks of each description, the names of the estates and mouzahs within, or on the boundaries of which any marks have been erected, and the total number of marks of each description erected within or on the boundary of each estate.

14. Upon the completion of such statement, the Collector shall provisionally apportion the aggregate cost of erecting the marks among the estates specified, with reference to the number of boundary marks of each description which have been erected within or on the boundary of each estate.

15. So soon as the provisional apportionment shall have been made as required by the last preceding section, the Collector shall cause a notice to be served on the zemindar of every estate on which the expenses have been apportioned,

(a) specifying the sum which has been apportioned as payable by his estate;

(b) informing him that the said statement is open to inspection in the office of the Collector;

(c) calling on him to appear in person, or by agent properly authorized, at the office of the Collector on a date to be specified in the notice (not being less than two months after the issue of the notice), on which date the Collector will proceed to consider any objections which may be made to the provisional apportionment of expenses, and to add to the share of the expenses apportioned in respect of the erection of boundary marks a proportionate share of the expenses incurred in the service of notices under this section;

(d) warning him that if he does not appear on the date fixed in pursuance of the notice he will be deemed to have waived all objections to the share of the expenses apportioned to his estate;

(e) informing him that under this Act he is entitled to recover a portion of the amount which shall be finally apportioned on his estate under section sixteen, from the tenure-holders on his estate; and that in order to enable the Collector to apportion the said amount among the tenure-holders, he may give in a list of all tenures as defined in this Act, held directly from him (including all lands held without payment of rent

which may under section twenty-two be deemed to be tenures forming part of his estate) of which any portion is situate within fifteen hundred feet of any boundary mark erected under this Act, with a specification of the number of boundary marks of each description which are erected within or on the boundary of each tenure; and (f) warning him that if he fails to give in a list of tenures as aforesaid on or before the said date, he will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be held liable under section sixteen of this Act.

16. On the date fixed in such notice, the Collector shall proceed to consider all objections which may be made to the apportionment, and to make such final apportionment of the expenses as shall seem to him fit; in making such final apportionment, the costs of serving all notices under section fifteen shall be distributed rateably among the estates concerned, in proportion to the share of the expenses of erecting boundary marks which may be apportioned to each estate; and the amount so finally apportioned to each estate, together with the costs of serving notices rateably distributed as aforesaid, shall be due to the Collector from the zemindars of such estates.

17. Notwithstanding anything contained in the last preceding section, the Collector may postpone the making of the final apportionment if it shall appear to him that a notice under section fifteen has not been served on the zemindar of any estate which should be made liable for a portion of the expenses, or for any other sufficient reason.

18. Any zemindar failing to appear on the date fixed in the notice served on him under section fifteen, will be deemed to have waived all objections to the payment of the amount apportioned to his estate, and will not be entitled to advance any objections thereto on any subsequent date; and any zemindar failing to give in a list of tenures (when called upon under section fifteen to give in such list), on or before such date will be deemed to have given up all claim to recover from the tenure-holders any part of the amount for which he may be made liable under section sixteen.

19. So soon as the expenses shall have been finally apportioned under section sixteen among the estates concerned as hereinbefore provided, the Collector shall issue a notice in respect of every estate, specifying the amount finally apportioned to the estate, and requiring the zemindar to pay such amount to the Collector, together with the costs of serving such notice, within one month of the issue of the notice. If such amount be not paid to the Collector within such period, the same, with interest, may be levied as provided in section forty-one.

The notice issued under this section shall further specify the boundary marks which are

assigned to the zemindar for maintenance and repair as required by section nine.

20. If the zemindar of any estate shall give in a list of tenures, as referred to in section fifteen, with an application to the Collector to apportion between his estate and the tenures the amount for which his estate has been made liable as aforesaid, the Collector shall proceed to make a provisional apportionment of the amount between the zemindar and the tenure-holders, to serve notices on the said tenure-holders in the manner provided in section fifteen, and to make a final apportionment among the said zemindar and tenure-holders as provided in sections sixteen and seventeen; and the provisions of section eighteen shall be applicable to such tenure-holders.

21. In so apportioning the amount among the zemindar and the tenure-holders, the Collector shall first deduct such sum as he shall consider to be fairly payable by the zemindar in respect of lands not included in any tenure; and in respect of his interest in lands which are included in tenures; and in apportioning the remainder among the tenures, he shall take into consideration the numbers of pillars erected within or on the boundary of each tenure, the extent of each tenure, and the distance at which it is situated from the boundary marks; but no tenure shall be made liable for any portion of the sum so apportioned, unless some part of it be situated within fifteen hundred feet from some boundary mark.

22. All lands held without payment of rent, not being entered on the Collector's registers as a separate holding free in perpetuity from liability to pay land revenue and not forming part of such separate holding, shall, for the purposes of this Act, be deemed to be tenures forming part of the estates within the local boundaries of which they are included; and if they are not included within the local boundaries of any estate, then to be tenures forming part of such contiguous estate as the Collector, in whose district such contiguous estate is situated, shall by an order under his seal and signature declare.

23. So soon as the final apportionment among tenure-holders under section twenty shall be completed, the Collector shall cause to be issued a notice to the said tenure-holders, stating the amount due in respect of each of their tenures, with interest (if any) calculated at the annual rate of six per centum from the date on which the zemindar paid to the Collector the sum which was apportioned on his estate under section sixteen, and that the same is payable to the zemindar of the estate of which the tenure is a part, within one month of the date of the notice.

Every such sum shall be payable to the zemindar by the tenure-holders named in such notice respectively.

24. The provisions of sections fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, and twenty-three shall be

applicable, as far as possible, to every case in which any tenure-holder, who has been made liable for the payment of any share of expenses under this Act, may apply to the Collector to apportion the amount for which he has been made liable, between himself and the holders of subordinate tenures direct from himself;

provided always that no such apportionment shall be made in respect of ryots who have a right of occupancy only, and whose rent is not fixed in perpetuity.

25. Every zemindar or tenure-holder, to whom any sum is payable under the preceding sections, may recover the same with interest as aforesaid in the manner provided by any law for the time being in force for the recovery of arrears of rent in respect of putnee or any other permanent tenures;

Provided that the right or interest of any person holding from such zemindar or tenure-holder shall not be affected by any sale held in pursuance of this section.

26. Interest shall be charged on the unpaid portion of the sums due to the Collector from the date of the same becoming due until payment thereof, at such rate, not exceeding six per cent. per annum, as the Lieutenant Governor shall from time to time determine.

PART V.

BOUNDARY DISPUTES.

27. If it shall come to the notice of the Collector, in the course of a survey under this Act, that a dispute exists as to any boundary which should be surveyed, the Collector, after holding such enquiry as he may deem necessary, may determine such boundary as hereinafter provided.

28. If the said boundary shall at any previous time have been determined by any Court of competent jurisdiction; or

shall have been laid down and shown on a map in the course of any previous Revenue Survey or Settlement, and no objection to the boundary as then laid down and mapped shall have been preferred before any authority competent to decide on such objection

the Collector shall relay the boundary as previously determined or laid down and shown on the map, and shall cause it to be secured by boundary marks.

Provided that the determination and relaying of a boundary by the Collector under this section shall not affect the possession of any land by any party.

Nothing in this section contained shall be understood to prohibit the Collector from deviating from a boundary as laid down in a previous map, and laying down a new boundary, if all the parties concerned agree to such new boundary, on the ground that the boundary as shown in the former map was incorrect, and if it appears to the Collector that there is no objection to the adoption of such new boundary.

The reason for every such deviation shall be recorded in the Collector's proceedings.

29. If the boundary in dispute shall not at any previous time have been determined by competent authority, nor have been laid down and shown on a map as aforesaid, the Collector shall determine the boundary according to actual possession, and cause it to be secured by boundary marks; and the order of the Collector under this section shall, until it be reversed or modified by competent authority, have the force of an order of the Civil Court declaring the parties to be in possession of the land in accordance with the boundary as determined by the Collector;

and if, after holding the necessary enquiry, the Collector is unable to discover which party was in possession of the disputed land when he instituted the enquiry under this section, the Collector may take possession of the land in dispute, and retain possession thereof until some party shall have established his right to the said land.

30. When the Collector is called on to decide a dispute as to any boundary under the last preceding section, he may, with the consent of the parties concerned, refer the same to arbitration.

The procedure laid down in Chapter VI of Act VIII of 1859 (*the Code of Civil Procedure*), shall, so far as may be practicable, be applicable to disputes so referred to arbitration.

31. If it shall come to the notice of the Collector at any time or in any manner that a doubt or dispute exists in respect to any boundary

(a) which has at any time been determined by a competent Court; or

(b) which has been laid down in the course of a previous Revenue Survey or Settlement, and shown in a map, and against which no objection has been preferred to any authority competent to decide upon such objection; or

(c) which has been laid down by a Survey under this Act,

the Collector may, if he think fit, proceed to relay the boundary as prescribed in section twenty-eight of this Act, subject to the proviso therein contained.

32. Whenever the Collector shall have determined a boundary which was in dispute, and the order shall have become final,

and whenever a boundary which has been supplied by the survey officers, or has been determined under this Act, has been altered by a decree of the Civil Court,

and whenever it shall come to the notice of the Collector that any boundary has been determined by a competent Court or authority,

he may require any occupant of the contiguous lands to erect such marks as he may think fit in order to secure the boundary permanently, and the provisions of Parts III and IV shall, so far as may be practicable, be applicable to boundary marks which are required to be erected under this section and to the apportionment of the cost thereof, which shall be refunded to the occupant who has the first expense of erection.

PART VI.

MISCELLANEOUS.

33. Whenever any estate or tenure is held

Joint zemindars to be subject to every liability imposed on single zemindars.

jointly by two or more zemindars or tenure-holders, every such zemindar and tenure-holder shall be jointly

and severally liable in respect of every liability imposed on zemindars or tenure-holders respectively by this Act;

And any shareholder in any estate or tenure who may have paid the amount finally apportioned to such estate or tenure, may recover from his co-sharers such sums as may be payable in respect of their shares as arrears of rent, or may take credit for such sums in any adjustment of accounts between himself and his co-sharers.

34. Every notice in and

Service of notice.

by this Act required to be

served, may be served—

(1) by delivering the same to the person to whom it is directed, or on failure of such service, by posting the same on some conspicuous part of the house in which the said person resides, or by delivering the said notice to any agent authorized to appear generally for the person to whom such notice is directed; or

by sending a registered letter containing such notice directed to the said person at his usual place of abode, or to the place where he may be known to reside; or

by posting a copy of the notice at any māl cutcherry of the estate or tenure of the person to whom the notice is directed; or if no such māl cutcherry be found, on some conspicuous place on the said estate or tenure to which such notice relates, and by delivering, in the case of estates paying their annual revenue by four instalments, another copy thereof to any agent who shall have paid an instalment of revenue next after the preparation of such notice. In all cases where two or more persons are holders of an estate or tenure, service of notice under this clause shall be deemed to be good and sufficient service on each and all of such persons.

35. No proceedings under this Act shall be

No proceedings under this Act to be affected by any mistake or misdescription.

affected by reason of any mistake in the name of any person thereby rendered

liable to pay any sum of money, or in the description of any estate or tenure or land in respect of which he is rendered liable to pay, or by any other informality, provided the directions of this Act be in substance and effect complied with; and no proceedings under this Act shall be affected by reason of the omission to serve any notice on any zemindar whose name is not recorded on the Collector's registers as owner of the estate in respect of which the notice is required to be served.

36. For the purpose of any enquiry under

this Act, the Collector shall, in addition to every power conferred specially by this

Power of Collector to enforce attendance of witnesses.

Act, have power to summon and enforce the

attendance of witnesses and compel the production of documents by the same means (as far as may be), and in the same manner, as is provided in the case of a Court under the Code of Civil Procedure.

37. If any person shall fail to comply with a

requisition contained in any special notice served under section six of this Act, or in any notice served for the

Daily fine for failure to comply with requisition in notice.

purpose of any inquiry under Part V of this Act, within the time specified in such notice, the Collector may impose upon him such daily fine as he may think fit, not exceeding the daily fine of fifty rupees and such fine shall be payable daily until the requisition is complied with; and the Collector may proceed from time to time to levy any amount which has become due in respect of any such fine, notwithstanding that an appeal against the order imposing such fine may be pending:

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner.

38. Any person convicted before a Collector of

Penalty for removing boundary marks. wilfully erasing, removing, or damaging any boundary mark (not being a landmark

fixed by the authority of a public servant within the meaning of section four hundred and thirty-four of the Indian Penal Code) which has been lawfully erected, may be ordered by the convicting officer to pay such sum, not exceeding twenty rupees, for each mark so erased, removed, or damaged, as the said officer may think fit in addition to such sum as may be necessary to defray the expense of restoring the boundary mark so erased, removed, or damaged, and of rewarding the informer through whom the conviction was obtained.

39. A fine under either of the two sections

last preceding may be levied as far as possible in the manner provided in section three hundred and seven of the Code of Criminal Procedure, but if no moveable property belonging to the person from whom the fine is due is found in the district within which the order was passed, then such fine may be levied as if it were an arrear of revenue.

40. Whenever the person erasing, removing, or

When person removing boundary mark cannot be found, Collector may repair. damaging any boundary mark cannot be discovered, or if for any other reason it is found impracticable to recover from him the sum which he has been so ordered to pay, the boundary mark shall be restored or repaired by the Collector, and the expenses thereby incurred shall be paid by the occupants of such of the contemnious lands as to the Collector may seem fit.

41. Every amount which may become due to

Every amount due deemed to be a demand under Bengal Act VII of 1868. the Collector under the provisions of this Act in respect of any expenses incurred, or of any notices served, shall be deemed to be a demand under section 2 of Bengal Act VII of 1868 (an Act to make further

provision for the recovery of arrears of Land Revenue and Public Demands (recoverable as arrears of Land Revenue) and shall be payable as such.

42. Except as hereinafter provided in section forty-three, no appeal shall lie, as of right, against any order passed under this Act by any officer; but except as otherwise specially provided in this Act, the proceedings and orders of Assistant Superintendents and of Deputy Collectors under this Act shall be subject to the supervision and control of the Superintendent of Survey or Collector; the proceedings and orders of the Superintendent of Survey, and of the Collector, to the supervision and control of the Commissioner of the Division; and the proceedings and orders of all officers to the supervision and control of the Board of Revenue.

43. An appeal shall lie to the Commissioner of the Division against every order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector.

Appeal to lie to the Commissioner against order of Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector.

- (a) deciding a boundary dispute,
- b) imposing a fine under section thirty-seven; or

- (c) imposing a fine under section thirty-eight, if the appeal be presented within thirty days from the date of the passing of such order.

44. The Commissioner may pass such orders as he shall think fit in respect of the payment by any other party or parties of the costs incurred by any party in an appeal.

45. No suit shall be brought to set aside an order of a Superintendent of Survey, Collector, Assistant Superintendent, or Deputy Collector deciding a boundary dispute, unless an appeal shall have been first preferred to the Commissioner under section forty-three, or unless the person suing was at the time when such order was passed a minor, or insane, or an idiot.

46. The provisions of Part IV of this Act shall apply to all sums expended by the Government since the first day of November one thousand eight hundred and seventy-four in erecting boundary marks.

No suit to be brought unless appeal first preferred to the Commissioner.

Recovery of sums expended by Government since 1st November 1874.

F. CLARKE,

*Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Department.*

CYCLONE OF 15th AND 16th OCTOBER 1874.

RESOLUTION.

FINANCIAL DEPARTMENT.—INDUSTRY AND SCIENCE.

Calcutta, the 31st May 1875.

READ—

Report of the Midnapore and Burdwan Cyclone of the 15th and 16th October 1874, by W. G. Willson, Esq., Officiating Meteorological Reporter to the Government of Bengal.

THERE is no evidence, it seems, of the existence of the cyclone before the night of the 13th October, and Mr. Willson surmises that it had its origin in 16° to 17° north, between the parallels 89° 30' and 90° 30' east. It appears that from noon of the 12th October, strong squally north-easterly winds set in about 17° north, extending by noon of the next day 140 miles north, while wet squally gales from west-south-west were blowing at the same time a degree or two to the south. Were these observations absolutely verified, they would afford some confirmation to the theory that these storms in the Bay of Bengal are generated, like the hurricanes in the Indian Ocean, in the belt lying between

two parallel atmospheric currents flowing in opposite directions, implying the existence of comparatively high atmospheric pressures to the south and north of the belt. It is shewn that these disturbances existed in the present case; the pressure to the southward in the neighbourhood of Port Blair, and to the northward over Bengal, being above the mean immediately before the storm, and to the southward very abnormally so.

Very little information, unfortunately, was to be obtained by Mr. Willson concerning the progress of the cyclone up the Bay, four or five ships only having been in its neighbourhood until it arrived near the Sandheads; and of these few, three were Arab craft, whose logs are principally taken up with the story of their prayers, the phantom ships they saw, and the "devils on their main-masts." Information, more or less valuable, however, was obtained from the logs of the *Ireshope*, the *Patrie*, the *Udston*, the S.S. *Scotia* and *Sirius*.

The data submitted by the Marine authorities from the pilot vessels, the floating-light ships on the various stations, the *Mistley Hall* in the Roads, the American schooner *Susan E. Vorhes* in Diamond Harbour, and the land observations recorded at False Point, Saugor Island, and by Mr. Taylor at Contai, furnished Mr. Willson with abundant material for tracing the course of the cyclone when it reached the coast, to the examination and discussion of which he devotes the third section of the report; and the Master-Attendant will be good enough to direct the careful attention of his establishment to this important record.

The centre of the storm passed the mouth of the Hooghly just before low tide, and it was happily only over a portion of the Contai sub-division that the effects of the cyclone were aggravated by the inundation of the storm-wave from the sea. The *Evening Star* was wrecked in Saugor Roads under distressing circumstances, only 13 lascars being saved out of 44 persons on board, including the pilot Mr. Chitty, the master, and five European passengers. The *Grand Duchess* was wrecked in the Eastern Channel, and all on board were lost, including Mr. Branch Pilot Bond, who was in charge, and Mr. Fox, of the same service. The Lieutenant Governor regrets very deeply to have to record these casualties, and would express his sympathy with the bereaved relatives of the brave men who thus lost their lives.

Upon the occurrence of the storm, a circular was addressed to the District Officers of the Presidency, Orissa, Burdwan, Rajshahye, and Chota Nagpore Divisions, desiring them to report any particulars of the cyclone, or meteorological observations connected therewith, that might have been recorded in their neighbourhood, or have reached their offices; and they were particularly desired to note, if possible, the force and direction of the wind, the course of the storm's progress, and the barometric readings before, during, and after its passage, with any other phenomena attending it that might have been observed. The valuable records that were at once submitted from almost every district which the cyclone traversed, were made over to Mr. Willson, and that officer's report shews what important uses the information thus communicated has served.

Two of the Government meteorological observatories were in the path of the centre of the storm. From one of these observatories (Berhampore) a valuable account was received; but Dr. French, the Civil Surgeon, was unfortunately absent from the other (Burdwan) on duty when the storm occurred, and was consequently unable to contribute more than a series of aneroid readings from that station. The only parts of Orissa which suffered from the cyclone were the two northernmost stations of the Balasore district, Baliapal and Jellasore, where its ravages were very disastrous. The storm raged from noon to midnight of the 15th. From Baliapal to Bhograi the country presented a scene of desolation, almost every house being destroyed, and hardly a tree standing erect. Half the cattle are estimated to have been destroyed by the storm, and 200 lives lost. Its chief violence, however, was

spent upon Midnapore, where the intensity of the storm is reported to have far exceeded that of the cyclone of 1864. The loss of life in the town itself was very lamentable, which amounted in the whole district to 3,049. The labours of years in the way of arboriculture were destroyed in a single night, and 17,500 cattle are reported to have perished. The Hooghly district escaped with the exception of a small part only, but five deaths are unfortunately recorded.

Twenty-nine deaths are reported from Burdwan, twenty-seven in the Moorshedabad district, nine in Hooghly, seven in Nuddea, and four in Rajshahye. In Midnapore, the hurricane was attended by the extraordinary rainfall of 10·27 inches. At Moorshedabad the almost incredible fall of 16·3 inches was measured on the 16th; at Burdwan, 7·43 inches during the storm; at Berhampore, 5·93; and as far north as Rungpore, 6·97.

The Burdwan district suffered severely, and upwards of 21,000 houses were destroyed. Near the Kanoo station the down passenger-train was brought to a dead stand by the violence of the wind, and finally blown over upon the up-line. In the Moorshedabad district the storm was at its highest between 8 A.M. and 4 P.M. of the 16th. The cyclone seems to have traversed the whole length of the district and, crossing the Ganges, passed into Rajshahye, where it finally spent itself.

A very melancholy loss of life thus attended the cyclone: 3,392 persons are reported to have been killed thereby on land, while all the district officers express their fear that this number falls far short of the actual deaths.

In the concluding section of his report (V), Mr. Willson notices the two theories that prevail concerning the origin of these storms, their prognostics, their form, and probable mode of formation. The form of the cyclone, Mr. Willson says, is a question which is engaging considerable attention amongst meteorologists, and that part of the section which deals with this subject, with some remarks on weather indications and the behaviour of the barometer at the Sandheads and the north of the Bay immediately before their occurrence will, the Lieutenant-Governor thinks, be of special value to mariners. Mr. Willson's views concerning the formation of these terrible storms are supported by great authorities, and will doubtless be read with much interest in the scientific world.

"Given," says Mr. Willson, "the existence beforehand of two nearly opposite colliding wind-currents, and hence by necessity an ascending current in the belt between them, the production of a cyclone can be accounted for on dynamical principles." The Lieutenant-Governor observes that Mr. Blanford, who is one of the highest authorities on Indian meteorology, does not think this theory of the formation of these storms applicable to the cyclones of the Bay, but believes a local atmospheric depression to be their primary cause, and that it is only when the winds have commenced to circulate round this area that the north-easterly current sets to the northward; and Mr. Blanford attributes the depression to a high local temperature possibly produced by hot marine currents from the south. His Honor simply notices the two theories as affecting a question of great public interest. Either of them, according to Mr. Willson, would account for the origin of these storms; but it is said to be an important fact in connection with the evidence in favour of the theory of opposite currents that before a cyclone, and during its approach, north-easterly winds prevail to the north of the storm over many degrees of longitude, and that there seems to be no marked tendency of the winds to a circular path until the cyclone is close at hand.

Mr. Willson directs attention to the uncertainty, at this season of the year, of the weather indications at Calcutta and Saugor Island as to the approach of these storms; and the observations by which he illustrates this uncertainty in the last section of the Report will, the Lieutenant-Governor has no doubt, be carefully noted by the Marine authorities.

There appears to be an important distinction between the storms which visit the Bay at the end of the south-west monsoon and those which sometimes attend its commencement. The former are usually generated, it seems, in the eastern part of the Bay, a little north of the Andamans, while the latter appear to take their rise in the northern part of the Bay, the barometer falling steadily and considerably for days before their occurrence. On the other hand, the barometer gives little indication of the approach of a cyclone in October until it is close at hand. Thus the cyclone of October last was remarkable for the lateness of the warning given by the barometer, although its vortex was of comparatively large diameter, and the barometric depression in the centre of its path as great probably as any on record. Mr. Willson's remarks on the management of the pilot brigs in the storm shew that their commanders seem to have been unable to judge accurately the distance of the storm, being misled by the slowness of the barometer to indicate that they were actually within the radius of the hurricane, when they attempted, too late, to get out of its path.

This report will be circulated to all those officers for their careful study and for record.

The alarm and injury caused by the storm in the Midnapore district were so great, that an appeal was made by the District Famine Relief Committee to the Central Committee in Calcutta for a grant of two lakhs of rupees for relief of the sufferers. A sum of one lakh of rupees was at once sent to them, and a promise of another lakh held out, if further help were required; a telegram having been sent to London, and permission obtained from the Lord Mayor to divert this munificent contribution to the relief of the people, who were already in extremity from the dearth of the previous twelve months. It was found, however, that the further sum was not required.

The Lieutenant-Governor's thanks are due to Mr. Willson for this very interesting report, which is the second memoir of the kind for which the Bengal Government is indebted to him, the cyclone of June 1872 having occurred while Mr. Willson was officiating as Meteorological Reporter to this Government. The thanks of the Lieutenant-Governor are also due to the Commissioner of Burdwan, to Mr. Harrison, the Collector of Midnapore, and the other district officers who responded so promptly, and with so much care, to the call made upon them for such data as they were able to furnish for the preparation of this report, for the early submission of which, considering the complexity of the task, and the great obscurity in which all meteorological researches are still involved, the Lieutenant-Governor desires especially to thank Mr. Willson.

By order of the Lieutenant-Governor of Bengal.

AGRICULTURAL EXHIBITION AT FUREEDPORE.

No. 269, dated Dacca, the 28th May 1875.

Memo. by—F. B. PEACOCK, Esq., Officiating Commissioner of the Dacca Division.

SUBMITTED in original to the Government of Bengal, Statistical Department. The exhibition, notwithstanding the scarcity and distress of the year before, appears to have been at least as successful as usual, and to continue to merit the support of Government, which I hope may be again given.

Dated Fureedpore, the 20th May 1875.

From—BABOOS BHUBAN MOHUN RAHA and JADUB CHANDRA GOSWAMI, B.A., Joint-Secretaries to the Fureedpore Agricultural Exhibition Committee,
To—The Magistrate of Fureedpore.

We have the honor, by direction of the Agricultural Exhibition and Mêla Committee, Fureedpore, to submit the following report on the agricultural exhibition and mêla held at Fureedpore in the first week of January 1875. We beg to apologize for the delay that has occurred in the submission of the report, which is owing to the accounts not being adjusted earlier.

2. The drought and scarcity of last year materially affected the people. It was, therefore, at first doubtful whether the exhibition and mêla could be held at all, but subsequently it was found that both landlords and their tenants were willing to have it, and the contributions made were in every way encouraging. The exhibition was held in consequence, and, considering the state of the district at the time, it was a success. One thing we are led to conclude is the firm footing which this institution has gained in the district.

3. The 12th annual exhibition and mêla commenced on the 1st January 1875, and continued for 9 days. Owing to the comparatively earlier date on which the mêla was opened this year, shop-keepers from distant parts of the country could not come in such large numbers as in the year before, and the distress, too, told upon the customers; there was therefore less buying and selling than in the last two or three years, but the competition of the exhibitors was as keen as ever, and many of the articles exhibited were of as good a quality as in former years. Perhaps the sickness, which prevailed in the beginning of the cold weather likewise made the people unable to attend.

4. There was a visible decrease in the varieties of aous paddy, but on the whole the display of paddy was creditable. Exhibitors came from the extreme south of the district, including the sub-division of Madaripore, but not in such numbers as were desirable. The Committee had proposed last year to grant special prizes to these men, and made provision for it this year. Thanas Gopalgunge, Kotalipara and Madaripore are the best rice-producing parts of the district, and a keen competition with the cultivators of those parts would be every way beneficial to those of the north. The Committee believe that in course of a few years the men from the far south will appreciate the good effects of the mêla and resort to it in great numbers. The mêla was allowed this year to continue two days longer than usual, owing to some of the shop-keepers coming late. This continuance benefited both sellers and purchasers.

5. The sanitary arrangements were very successful.

6. The police was vigilant and prompt in the discharge of its duties. There were one or two cases of petty larceny, and the offenders were immediately brought to justice.

7. The amusements were of the same character as in previous years. A well-known jatra from Calcutta was engaged, and performed for four nights. The Fureedpore Amateur Dramatic Company also successfully entertained their audience, consisting both of the English and Native communities.

8. The following is a brief narrative of the proceedings of the exhibition and mêla:—

9. *1st January.*—The exhibition was opened at noon this day. The President of the Committee, Mr. W. S. Wells, delivered a short and thoughtful speech on the occasion. He alluded to the prevailing scarcity and distress, pointed out the advantages of improvement in agricultural pursuits, and the way to improve. The durbar hall, a spacious mat bungalow erected for the purpose, was crowded to overflowing, and the ladies and the gentlemen present evinced a warm interest for the institution. To the mass the Magistrate is the Government, and the interest manifested by him for the encouragement of agriculture, and consequently of themselves, has had the effect of making them thankful and loyal.

10. The show of this day consisted of flowers and English vegetables. The flowers were of the most ordinary kinds to be found in the gardens, but some of the *dolies* of vegetables were really magnificent. Excellent specimens of cabbages, cauliflowers and peas were exhibited. Some of the best English vegetables were exhibited by native baboos, and it was gratifying to see that great interest was taken by them in the matter.

11. In the afternoon of this day there were sports, such as pole-climbing, ghurrah race, &c. The gathering this day was comparatively smaller, and as the native jatra, which was to have taken place this day, had not arrived, there was nothing for amusement during the night.

12. *2nd January*.—This was the day for the show of native vegetables and fruits. The *dalies* were superior to those of the previous year.

13. The show of potatoes was good. The cultivation of potatoes is almost unknown in this district. This culinary vegetable was a few years ago very rare even in the sudder station. Of late the town traders have commenced to import them, and the rapid and profitable market which they obtain shows how valuable the cultivation of potatoes would be to the people. Potatoes flourish in a loose and sandy or semi-sandy soil, a soil which is deposited in silted-up river basins. Fureedpore abounds in these, and with a little skill and labour, it is presumed this district will produce potatoes enough for its own consumption, if not for exportation also. The Committee were glad to see that a few of the native gentry in the town had commenced to cultivate them.

14. The competition for prizes in mankochoo and plantain was well contested, and some very excellent specimens of both articles were shown. The round briajals were of a very superior description, and the lawoo, for which the first prize was awarded, was of a very large size, being about six feet in length, the like of which has not been seen before in this district. The Committee has learnt with satisfaction that these two most useful vegetables were reared by two native gentlemen in the town. The show of turmeric, too, was an improvement upon that of last year.

15. In the evening there were sports, such as high jump, broad jump, foot race, &c. During the night the Calcutta jatra gave their first performance, and the audience appeared to have been very well amused.

16. *3rd January, Sunday*.—This day was set aside to classifying the different sorts of paddy which were being brought in for exhibition. There was no amusement or show, but the whole day was taken up in the work stated above.

17. *4th January, Monday*.—This was the day for the show of paddy, both aous and amun, and although there was a falling off in the number of exhibitors of each sort of dhan, the show, as far as the best specimens are concerned, was as splendid as the shows of previous years. There were altogether 54 and 34 sorts of amun and aous respectively, against 68 and 38 of last year. This difference the Committee attribute to the scarcity and distress which prevailed during the year. The best sorts of amun dhan were modhu malini and sagor khora, and the best aous was binnaful.

18. The Committee thinks that these descriptions of rice are equal to the best table rice imported from the northern districts. The care and trouble, however, of rearing these sorts of rice are so great and the district is so low, that the Committee do not expect that their cultivation will ever be carried on on an extensive scale.

19. The amusements for the evening were wrestling and single sticks.

20. In the night there was the Calcutta jatra, which the people appeared to like very much.

21. *5th January*.—This was the day for the show of rubbee crops, such as barley, wheat, grains, different sorts of kalai, teel, mustard, linseed, tobacco, sugarcane, &c. Mug, maskalai, and teel were exhibited by a large number of competitors, and the show, both as regards quality and quantity, was an improvement upon that of last year. The show of mustard was poor, and so was that of barley. The tobacco leaves carrying the first prize were of a tolerably large size. The cultivation of this article, however, is not thought of much by the people of this district.

22. In the evening there was a race of about 25 country ponies. The start was about a mile, lying over unbroken, hard, half-cultivated land.

23. During the night the amateur dramatists performed the farces "Ekaikibala Sobhyata" and "Odhav Sanku" in good style.

24. *6th January, Wednesday*.—On this day ghee, butter, sugar, arrowroot, collection of millets, cotton, safflower, &c., were exhibited. The show of ghee, though not encouraging as regards the number of competitors, was as good as usual as regards quality. The show of butter was a great improvement upon that of last year. The district is celebrated for the manufacture of goor and sugar, but the show of cane sugar was very poor; that of date goor and date sugar was good. The best patali goor, or goor in cakes, were of almost milk-white color, which is not to be seen in any other district. Arrowroot has not yet been taken up as an article of cultivation in the villages, but the specimens exhibited by the station gardeners were of a superior kind.

25. The two classes of jute, mastha and kotha, shown were not good. This is accounted for by the fact that the article is grown in the south of the district, whence, as stated elsewhere in this report, very few people had come to see the méla.

26. The games for the evening were sack race and cricket match, the latter being competed for by the English and Vernacular schools. In the night there was the usual jatra.

27. *7th January, Thursday*.—This was the day for the exhibition of live stock and articles of husbandry. The show was poorer than that of previous years as regards cows and bullocks, but as regards that of poultry, was better. The implements of husbandry were of the ordinary description. In the evening the amateurs performed a piece named "Ekaikibala Banglah Sahab." The performance was very creditable.

28. In the afternoon of Friday the ploughing match came on. The competition was keen, and seven prizes were awarded among competitors.

29. On Saturday, the 10th, prizes to the amount of Rs. 677-15-9 were distributed amongst the successful competitors, with which the proceedings of the exhibition ended; but the mēla was continued till Sunday, when, after sunset, the usual fireworks took place. On Saturday night there was another performance of "Ekaikibala Bangali Sahab" by the amateurs.

Before concluding their report, the Committee beg to bring to your notice that the beneficial effects of the exhibition and mēla are year by year becoming more manifest. Though there has not been any visible improvement in the character of some of the principal articles of produce, the attention of both cultivators and proprietors have been greatly excited, and they seem to have taken to the cultivation of several articles of produce which they had hitherto been averse to. The annual intercourse of the proprietors and their tenants on the mēla ground serves also to promote amicable feelings between them, and the interest felt by Government, as has already been noticed, is duly appreciated. The moral effects of the mēla are of as great importance as its material effects. The promotion of a friendly feeling between the ryots and their landlords has now become a matter of paramount importance. Their contact with people better clad, better fed, and, withal, better educated, however short the duration may be, have, the Committee hope, gradually been teaching them to improve their own condition. With increased and improved roads and canals, the people would find better opportunities and means of selling their produce with advantage. The mēla shows them the great demand for their produce, both raw and manufactured; here they find a ready market, and they will here learn to value their produce properly; they will learn also to respect themselves. The ultimate consequence will be the spread of intelligence and the increase of trade within the district.

31. In conclusion, we beg leave to request that you will be good enough to recommend to the Government to sanction for the next year its usual donation of Rs. 250 for the exhibition and mēla.

No. 162, dated the 20th May 1875.

Memo. by—F. WYER, Esq., Magistrate and Collector of Furruckpore.

FORWARDED in original to the Commissioner of Dacca. The Joint-Secretaries deserve praise for the trouble they have taken. I think the Government grant might be renewed.

Account of receipts and disbursements of the Furruckpore Agricultural Exhibition and Mēla of 1875.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 5th June 1875.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
<i>Western Districts.</i>			
BORDWAN DIVN.	1 Burdwan, 7th* June 1875	1.11	Weather very hot. Rainfall at Jehanabad 39, and at Cutwa 60. Sowing of <i>aus</i> paddy nearly completed; <i>teel</i> oil-seed being cut. Sugarcane and paddy crops doing well.
	2 Bankoora, 5th " "	.41	Weather very hot; a little rain has fallen. <i>Boro dhan</i> , or spring rice, almost all reaped. Cotton being plucked. Rain wanted for the <i>aus</i> and <i>hymantees</i> early and late rice seedlings.
	3 Beerbhoom, 5th " "	.22	Weather hot; slight rain. The ground is being broken up in all directions. Early rice and sugarcane are looking well.
	4 Midnapore, 5th " "	Nil.	Weather very hot and sultry. The weather, though very unpleasant, is precisely what was needed for the sowings; these are now progressing well everywhere, and if a week's more dry weather is followed by the rains, they will be so far excellent.
	5 Hooghly, 5th " "	.75	Extremely hot weather, with occasional storms; average rainfall of district 91 inch. State and prospects of crops very good.
	Howrah, 5th " "	.23	Weather hot; sky cloudy; a little rain has fallen. Ploughing for the late rice continues. Sowing of the <i>aus dhan</i> has commenced. Sowing of jute completed.
<i>Central Districts.</i>			
PRESIDENCY DIVN.	6 24-Pergunnahs, 7th† June 1875.	.50	Weather intensely hot and close. <i>Aous</i> , or early rice, and jute sowings completed. Rain wanted for their general growth, but crops are good. Cholera and fever decreasing.
	7 Nuddea, 5th June 1875	1.67	Weather generally very hot and close. There has been heavy rain on the morning of the 5th instant, which seems very like the beginning of the rains. As a rule, crops of all kinds are getting on very well, but complaints of want of sufficient rain in Meherpore and Choudangah reaching the District Officers. Prices are generally high; common rice in most places sells at from Rs. 2.4 to Rs. 2.11 per maund.
	8 Jessore, 5th " "	1.39	For the most part of the week the weather was bright and clear and very hot. Sowing continues. Rain is wanted in some places, but the prospects generally remain good.
RAJSHAHY DIVN.	9 Moorshedabad, 5th June 1875.	Nil.	Weather very hot and oppressive; a slight shower at head-quarters, and deficient rain at sub-divisions. Rice and other crops are suffering in parts from deficiency of rain. Sowing of <i>bhadai</i> , or early rice, nearly completed, and that of <i>kyanto</i> , or late rice, progressing; Ground being weeded and harrowed. Cholera still in Gaus station circle. Small-pox appears to have died out for the present.
	10 Dinagpore, 4th June 1875.	1.51	One or two heavy showers, with intervals of great heat. The crops are doing well, <i>bhadai</i> , or early rice, and jute are much benefited by the rain. The <i>bora</i> , or, spring rice, has turned out a fair average crop; in Gungarampore rather above the average. The acreage under this has been much less than last year, when it was much greater than usual.
	11 Maldah, 5th June 1875.	.42	Weather very hot, with little breeze. The rainfall has done good, but more is wanted. A fair spring rice crop has been reaped, and the sowing of autumn rice is progressing. Indigo plants doing well. Some loss in silk-worms. Mangoes scarce.
	12 Rajshahye, 5th " "	.38	There has been no rain during the week, except a little at head-quarters, and the heat has been extreme. The general cessation of storms with rain is bad for the crops. Moisture is much wanted to help the young plants through the present parching heat. Jute and indigo are growing well. No sickness reported.
	13 Rungpore, 4th " "	2.15	Weather hot and steamy. Rain on four days of the week. Prospects of crops favorable.
	14 Bogra, 5th " "	1.34	Weather very hot. Some rain has fallen. State and prospects of crops good. In some places lands are being prepared for the late rice crops.
	15 Pubna, 5th " "	1.16	There was a storm at head-quarters on the 1st instant; weather very hot, but threatening rain. State and prospects of crops good, but more rain is now wanted. A few cases of sporadic cholera are still reported.

* Telegram of the 7th June, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 7th June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
<i>Central Districts.—(Contd.)</i>			
COCH BEHAR DIV.	16 Darjeeling	Return not received.
	17 Jai-pigoree, 5th May 1875.	58	During the last day or two the weather has been very close and hot. Rice crop promising well. Jute is not all round as good as it should be; early heavy rains having done damage. Cholera is still generally prevalent, but there are more recoveries than there were at first.
	Cooch Behar, 3rd June 1875.	1 91	Weather cloudy and hot; there were some showers of rain during the week, heaviest at nights. There has been no change in the prospects of the crops since last week. Cholera decreasing gradually.
<i>Eastern Districts.</i>			
Dacca Div.	18 Dacca, 7th* June 1875	5 53	Heavy rain all Saturday and Sunday; rains set in. Crops favourable. Rivers rising.
	19 Furreedpore, 5th June 1875.	2 04	Weather continues unsettled; has been very hot for the past three days. Rain has fallen. The crops are generally in a promising condition, though rain is still wanted in the Madareepore sub-division. General health of the district good.
	20 Backergunge, 3rd June 1875.	Nil.	There is no cause for serious complaint. The heat is very great, but the weather is such as is usual at this time of the year. The great food staples however are abundant. A kind of disease has attacked the fish in the river, which has become so serious that the people are ceasing to use this article of food at present. Worms are found in the intestines of the fish, and a kind of eruptions, like small-pox, is visible upon their skins. The Collector could not know how far this disorder has spread, but he is making enquiries.
CHITTAGONG DIV.	21 Mymensingh, 4th June 1875.	4 09	Weather extremely hot, with occasional showers; the weather is very favorable for the early rice crop.
	22 Chittagong, 3rd June 1875.	36	Weather very hot; a few showers at night. No change in the prospects of crops.
	23 Noakhally, 3rd June 1875.	9	Weather tolerably fair; often cloudy and very close. A good shower of rain fell on the night of the 28th May; wind generally south and south-east. The early rice crops are progressing favourably. In high lands sowing is still going on. There has been an unusual deficiency of rain during the latter part of May, which has delayed the opening of the inland water routes.
	24 Tipperah, 4th June 1875.	25	Very hot and oppressive; one or two slight showers of rain. All rice crops are getting on well, except in one thana, viz. Barkampta, where the <i>amua</i> , or late rice is said to have been in some places damaged by insects.
	25 Chittagong Hill Tracts, 1st June 1875.	1 52	Weather excessively hot during the last six days; a shower of rain on the morning of the 1st June has lowered the temperature. Sowing still going on in <i>jooma</i> . The fall of rain has done much good to the young rice. Cholera is prevalent in different parts of the district.
BEHAR	Hill Tipperah, 2nd June 1875	4 24	The Weather has been sultry and oppressive; there have been occasional storms, accompanied by high wind, but bringing little rain. Sowings of early rice springing up, and sowings of late rice progressing. More rain wanted.
PATNA DIV.	26 Patna, 7th* June 1875	1 77	Weather hot and close, notwithstanding tremendous storm and heavy rain on the night of the 5th instant. <i>Maree</i> millet and <i>makay</i> Indian-corn flourishing. Paddy commenced to be sown in some places. Cholera still continues throughout the district; bad in the town of Barin sub-division; measures taken.
	27 Gaya, 5th " "	Nil.	Excessively hot weather, with west winds. Highest reading of dry maximum thermometer during the week was 112 degrees. The few kinds of millet and sugarcane doing well. Cholera still in Aurangabad sub-division, and prevalent in Nowadah sub-division; rest of the district healthy.
	28 Shahabad, 5th " "	Nil.	Weather slightly cloudy; excessive heat and east wind prevailing. Land being ploughed for crops. <i>Chenna</i> millet gathered. Sugarcane promising. Health improving.
	29 Darbhanga, 5th " "	72	Weather intensely hot, with some rain. Prospects of all crops continue to be favorable. Indigo nearly ready for cutting in some places.
	30 Mozufferpore, 5th " "	Nil.	Weather hot. The prospects of <i>chenna</i> millet and indigo continue favorable. Cholera still continues.
	31 Saran, 5th " "	Nil.	Weather generally fine, but extremely hot and close; east wind prevailing. The prospect of indigo is excellent. <i>Chenna</i> millet is being harvested; sugarcane and early rice doing well. <i>Ske-an</i> grass seed, <i>kamara</i> , <i>kodo</i> , &c., millets are being sown; fields are being prepared for the <i>bha-loi</i> sowings. General health good.
	32 Chumparan, 4th June 1875.	1 13	The weather during the last few days has been very hot and close, and threatenings of rain have a most entirely disappeared. The crops are exceedingly promising.

* Telegrams of the 7th June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR—(Contd.)			
BHAUGPORE DIVN.	33 Mopghyr, 5th June 1875	Nil.	Weather set fair. Prospects of crops fair. Rain is wanted.
	34 Bhagulpore, 7th* June 1875.	·03	Rainfall at Muddehpooora ·10. The prospects of the crops have been satisfactory up to the present, but rain is now wanted everywhere, especially for the <i>bhadosi</i> crop in Muddehpooora. General health good.
	35 Purneah, 5th June 1875	Nil.	Weather very hot, with east wind. The dry weather this week in the north has been favourable. In the south there has been less rain; more is wanted.
	36 Sonthal Pergunnahs, 5th June 1875.	·03	Rain has come in Godda; 1·53 reported. The first half of the week was oppressively hot; it has got cooler now. Clouds appear to be gathering. Rains will probably begin early. Ploughing going on everywhere. <i>Jauera</i> sowing will begin immediately.
ORISSA.			
ORISSA DIVISION.	37 Cuttack, 29th May 1875	·58	Weather somewhat less sultry than last week; storms occasionally occur, and the weather is cloudy and unsettled; a little rainfall. Ploughing and sowing are in full progress. A little cholera and cattle-disease in places. Public health on the whole good.
	38 Pooree, 3rd June 1875	·04	There was slight rainfall in the interior on the 31st May and 1st June. At present the weather is occasionally cloudy and unusually hot. Tillage and sowing have commenced, but require more rain. The harvesting of the <i>dahra</i> or spring rice crop is very nearly completed and the outturn is good. Sugarcane is being matured; cotton is beginning to be gathered. Mangoes are nearly over. Jack fruits are ripening.
	39 Balasore, 4th " "	·47	The prevailing extreme heat and closeness are diversified by thunderstorms and heavy though partial rain. Ploughing and sowing are in full progress. Some of the early rice is four inches high. Cholera has nearly ceased.
CHOTA NAGPORE.			
South-West Frontier Agency.			
40	Hazareebagh, 4th June 1875.	·10	Weather reasonable, but very warm. State and prospects of crops satisfactory; the earlier sowings promising well.
41	Ichardugga, 5th June 1875.	2·10	Weather hot; sharp storm on the evening of the 29th May; rain has fallen. Ploughing continues. <i>Dhan</i> and <i>goondli</i> millet being sown. Cases of cholera and small-pox are still reported.
42	Singhbhoon, 4th June 1875.	·02	Weather reasonable, but more rain is wanted. Prospects of crops favourable. District healthy.
43	Manbhoom, 5th June 1875.	·29	Weather hot and steamy; slight rain. <i>Challi dhan</i> , cotton, and sugarcane doing well. Paddy being sown.

* Telegram of the 7th June, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

	31st	608	96.0	83.0	142.5	88.1	82.0	78.3	73	S S W & S	0.8	148.1	Cirrocumuli and cirri. Sheet lightning on east at 8 and 9 p.m.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon

		°
The extreme variation of temperature during the past ten days		23.0
The maximum temperature during the past ten days		96.0
The maximum temperature during the corresponding period of the past year		98.0
The mean humidity during the past ten days		0.72
The mean humidity during the corresponding period of the past year		0.73
		Inches.
The total fall of rain from 22nd to 31st		...
... { by lower rain gauge		2.50
... { by anemometer gauge		2.03
Ditto	ditto ditto, average of twenty-one previous years	2.16
Ditto	ditto between the 1st January and the 31st May	10.69
Ditto	ditto ditto, average of twenty-one previous years	10.72

GOVERNMENT SEN,
In charge of the Observatory.

The 4th June 1875.

The Calcutta Gazette.

WEDNESDAY, JUNE 16, 1875.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[First Publication.]

The following preliminary report of the Select Committee on the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, with the amended Bill, is, by order of the President, published for general information :—

WE, the Select Committee appointed to consider the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, have the honor to submit the following preliminary report, in order that it may be published in the *Calcutta Gazette* with the Bill as now amended, for the purpose of eliciting further remarks and suggestions before we present the Bill to the Council with our final report.

From Commissioner of Burdwan, dated 23rd March 1875, and enclosures.

From Collector of Cuttack, dated 13th March 1875, and enclosures.

From Collector of Midnapore, dated 2nd April 1875.

From Collector of Cuttack, dated 19th April 1875.

From Commissioner of Burdwan, dated 28th April 1875.

From Collector of Midnapore, dated 28th April 1875.

From Officiating Collector of Hooghly, dated 28th April 1875.

Note by the Commissioner of Orissa, dated 30th April 1875.

From Honorary Secretary, British Indian Association, dated 17th May 1875.

From Commissioner of Patna, dated 29th May 1875, and enclosures.

We have considered the papers noted in the margin which were laid before us.

We have had the advantage of Colonel Haig's personal attendance and advice at our last meeting.

We have substituted the term "village-channel" for "water-course" in the interpretation clause and throughout the Bill, the latter term being already used in a different sense in the Embankment Act.

We have included in the definition of canals—

1st.—Drainage works as defined in clause (iii) of Section 3; and

2nd.—Lands on the banks of canals which have been acquired by Government, or which are used for purposes connected with canals.

We have omitted the definitions of the words "Vessel," "Commissioner," "Superintending Canal Officer," "Divisional Canal Officer," "Sub-Divisional Canal Officer," and "District," as being unnecessary for the purposes of the Bill.

In Part II of the Bill we have adopted the sections of Act VIII of 1873 (the Northern India Canal and Drainage Act), relating to compensation for damage done by the application of natural streams and collections of water to public purposes.

We have divided Part III of the Bill as originally referred to us into two parts, as the first few sections relate to the construction and maintenance of canals and their distributaries by the Government, whereas the remaining sections relate to private channels.

We have made changes in the form of the sections which constitute Part III of the Bill as amended.

In Section 20 we have made it incumbent on the Government, when constructing canal works, to provide suitable waterways for the drainage of the adjacent country, as well as means by which the traffic shall cross the canals.

The sections relating to private channels have been entirely re-cast, principally on the suggestions of Mr. H. L. Harrison, Collector of Midnapore, who represented that a more precise definition of the rights and obligations of the owners of private channels was desirable. The irrigation scheme being new to the people of the Bengal districts, we have drafted these sections in more detail than might otherwise have been necessary, so that this part of the Bill, read by itself, may convey to the reader a complete exposition of the whole system as regards private channels.

In Section 43 we have provided that sums due to the Government in respect of the acquisition of land for the construction of private channels, and of the construction and maintenance of such channels, and sums due to private persons in respect of the transfer of the ownership of channels, of rent for the use of channels for the passage of water, &c., shall be recoverable by the Canal Officer as a demand under the provisions of Bengal Act VII of 1868.

In Part IV we have provided (Section 44) that no water shall be supplied by the Canal Officer except on a written application; and that no rates shall be recoverable on account of water supplied with the consent of the Canal Officer otherwise than on such application; and we have provided that the mutual contract in respect of the supply of water shall be contained in simple forms of application and permission.

In Part VI we have altered the form of the sections relating to the recovery of water-rates, and have provided that such rates may be recovered either as rent payable on a pottah for the land, or as a demand under the provisions of Bengal Act VII of 1868. We have omitted the provisions authorizing the Collector to charge the zemindar with the collection of the water-rate, as we consider that the imposition of this obligation might cause irritation. The Bill provides for the employment of the agency of the zemindar for collection where he may be willing to act as a farmer of the water-rate.

We have omitted the provisions relating to canal navigation, which were contained in Part VI of the Bill as originally referred to us, because canal navigation in Bengal is already provided for by Act V of 1864 of this Council, and we see no sufficient reason for bringing irrigation canals under exceptional regulations as regards navigation.

Under Part VII of the Bill as amended, we have brought together the different provisions relating to jurisdiction; and we have provided that every order passed by a Canal Officer under Part IV, Part V, or Part VI of the Act, shall be appealable to the Collector, and that all proceedings of the Collector shall be subject to the supervision and control of the Commissioner of the division and of the Board of Revenue.

In Part IX, Section 53, we have provided that no rules shall be made under the provisions of the section, until a draft of the same shall have been published for one month in the *Calcutta Gazette*.

We have changed the title to "a Bill to provide for irrigation in the provinces subject to the Lieutenant-Governor of Bengal," and the short title to "The Bengal Irrigation Act, 1875."

We have reserved certain points connected with the Bill for further consideration before we present our final report.

H. L. DAMPIER.

V. H. SCHALCH.

KRISTODAS PAL.

The 14th June 1875.

A Bill to provide for Irrigation in the Provinces subject to the Lieutenant-Governor of Bengal.

WHEREAS it is necessary to make provision for the construction, maintenance, and regulation of canals, for the supply of water therefrom, and for the levy of water-rates for water so supplied, in the provinces subject to the Lieutenant-Governor of Bengal: It is hereby enacted:—

PART I.

PRELIMINARY.

1. THIS Act may be called "The Bengal Irrigation Act, 1875."

It shall extend to any portion of the territories for the time being under the government of the Lieutenant-Governor of Bengal to which it may be declared applicable by notification in the *Calcutta Gazette*.

It shall come into force on the date on which such notification may be issued.

2. The enactments specified in Schedule A hereto annexed are repealed to the extent mentioned in the third column of the said schedule.

3. In this Act—unless there be something repugnant in the subject or context—

Interpretation clause.

(i) "Canal" includes—

(a) all canals, channels, and reservoirs constructed, maintained, or controlled by Government for the supply or storage of water;

(b) all works, embankments, structures, supply and escape-channels connected with such canals, channels, or reservoirs;

(c) all village-channels as defined in clause (ii) of this section;

(d) all drainage works as defined in clause (iii) of this section.

(e) any part of a river, stream, lake, natural collection of water, or natural drainage-channel, to which the Lieutenant-Governor has applied the provisions of Part II of this Act.

(f) All lands on the banks of any canal as defined in articles a, b, c, d, and e of this clause which have been acquired by the Government, or which are used for purposes connected with canals.

(ii) "Village-channel" means any channel which is supplied with water from a canal, but which is not maintained at the cost of Government, and all subsidiary works belonging to any such channel;

(iii) "Drainage-work" means any work made or improved for the purposes of the drainage of the country by the Government under the Bengal Embankment Act, 1873, or other similar law for the time being in force; or any work for drainage purposes falling under the definition of a public watercourse under that Act; or any sluice.

(iv) "Collector" means the head Revenue Officer of a district, and includes any officer appointed to exercise all or any of the powers of a Collector under this Act;

(v) "Canal Officer" means an officer appointed under this Act to exercise control or jurisdiction over a canal or any part thereof;

"Section."

(vi) "Section" means a section of this Act.

(vii) "Owner" includes every person having a joint interest in the ownership of the thing specified; and all rights and obligations which attach to an owner under the provisions of this Act shall attach jointly and severally to every person having such joint interest in the ownership.

4. Nothing contained in the Bengal Embankment Act, 1873, shall apply to any canal as defined in this Act.

5. The Lieutenant-Governor may from time to time declare, by notification in the *Calcutta Gazette*, the officers by whom, and the local limits within which, all or any of the powers or duties herein-after conferred or imposed shall be exercised or performed.

PART II.

OF THE APPLICATION OF WATER FOR PUBLIC PURPOSES.

6. Whenever it appears expedient to the Lieutenant-Governor that the water of any river or stream flowing in a natural channel, or of any lake or other natural collection of still water, should be applied or used by the Government for the purpose of any existing or projected canal;

the Lieutenant-Governor may, by notification in the official Gazette, declare that the said water will be so applied or used after a day to be named in the said notification, not being earlier than three months from the date thereof.

7. At any time after the day so named, any Canal Officer, acting under the orders of the Lieutenant-Governor in this behalf, may enter on any land and remove any obstructions, and may close any channels, and do any other thing necessary for such application or use of the said water.

8. As soon as is practicable after the issue of such notification, the Collector shall cause public notice to be given at convenient places, stating that the Government intends to apply or use the said water as aforesaid, and that claims for compensation in respect of the matters mentioned in section nine may be made before him.

9. No compensation shall be awarded for any damage caused by—

(a) stoppage or diminution of percolation or floods;

(b) deterioration of climate or soil;

(c) stoppage of navigation, or of the means of drifting timber or watering cattle.

But compensation may be awarded in respect of any of the following matters:—

(d) Stoppage or diminution of supply of water through any natural channel to any defined artificial channel, whether above or under ground, in use at the date of the said notification;

- (e) Stoppage or diminution of supply of water to any work erected for purposes of profit on any channel, whether natural or artificial, in use at the date of the said notification :
- (f) Stoppage or diminution of supply of water through any natural channel which has been used for purposes of irrigation within the five years next before the date of the said notification :
- (g) Damage done in respect of any right to a village-channel or the use of any water to which any person is entitled under the Indian Limitation Act, 1871, Part IV :
- (h) Any other substantial damage, not falling under any of the above clauses (a), (b), or (c), and caused by the exercise of the powers conferred by this Act, which is capable of being ascertained and estimated at the time of awarding such compensation.

In determining the amount of such compensation, regard shall be had to the diminution in the market-value, at the time of awarding compensation, of the property in respect of which compensation is claimed ; and where such market-value is not ascertainable, the amount shall be reckoned at twelve times the amount of the diminution of the annual net profits of such property, caused by the exercise of the powers conferred by this Act.

No right to any such supply of water as is referred to in clauses (d), (e), or (f) of this section, in respect of a work or channel not in use at the date of the notification, shall be acquired as against the Government, except by grant or under the Indian Limitation Act, 1871, Part IV.

10. No claim for compensation for any such stoppage, diminution or damage shall be made after the expiration of one year from such stoppage, diminution or damage, unless the Collector is satisfied that the claimant had sufficient cause for not making the claim within such period.

11. The Collector shall proceed to enquire into any such claim, and to determine the amount of compensation, if any, which should be given to the claimant, and sections nine to twelve (inclusive), fourteen and fifteen, eighteen to twenty-three (inclusive), twenty-six to forty (inclusive), fifty-one, fifty-seven, fifty-eight and fifty-nine of the Land Acquisition Act, 1870, shall apply to such enquiries.

Provided that, instead of the last clause of the said section twenty-six, the following shall be read : "The provisions of this section and of section nine of the Bengal Irrigation Act, 1875, shall be read to every assessor in a language which he understands, before he gives his opinion as to the amount of compensation to be awarded."

12. Every tenant holding under an unexpired lease, or having a right of occupancy, who is in occupation of any land at the time when any stoppage or diminution of water-supply, in respect of which compensation is allowed under section nine, takes place, may claim an abatement of the rent previously payable by him for the said land, on the ground that the interruption reduces the value of the holding.

13. If a water-supply increasing the value of such holding is afterwards restored to the said land, the rent of the tenant may be enhanced, in respect of the increased value of such land due to the restored water-supply, to an amount not exceeding that at which it stood immediately before the abatement.

Such enhancement shall be on account only of the restored water supply, and shall not affect the liability of the tenant to enhancement of rent on any other grounds.

14. All sums of money payable for compensation under this Part shall become due three months after the claim for such compensation is made in respect of the stoppage, diminution or damage complained of, and simple interest at the rate of six per cent. per annum shall be allowed on any such sum remaining unpaid after the said three months, except where the non-payment of such sum is caused by the wilful neglect or refusal of the claimant to receive the same.

PART III.

OF THE MAINTENANCE OF CANALS.

15. Whenever it shall be necessary to make any enquiry or examination in connection with a projected canal or with the maintenance of an existing canal, any Canal Officer or other person acting under the general or special orders of a Canal Officer, may enter upon any lands adjacent to a canal, and may exercise all powers and do all things in respect of such lands as he might exercise and do if the Government had issued a notification under the provisions of section four of the Land Acquisition Act, 1870, to the effect that land in that locality is likely to be needed for a public purpose.

16. Such Canal Officer or other person may also enter upon any land, building, or watercourse on account of which any water-rate is chargeable, for the purpose of inspecting or regulating the use of the water supplied, or of measuring the lands irrigated thereby or chargeable with a water-rate, and of doing all things necessary for the proper regulation and management of such canal.

17. In case of any accident being apprehended or happening to a canal, any Canal Officer or any person acting under his general or special orders in this behalf, may enter upon any lands adjacent to such canal, and may execute all works which may be necessary for the purpose of preventing such accident, or repairing any damage done.

18. When such Canal Officer or person proposes, under the provisions of either of the two sections last preceding, to enter into any building or enclosed court or garden attached to a dwelling-house not supplied with water flowing from any canal, he shall previously give to the occupier of such building, court, or garden such reasonable notice as the urgency of the case may allow.

19. In every case of entry upon any land or building under section seven,

Compensation for damage to land.

section fifteen, section sixteen, or section seventeen,

the Canal Officer or person making the entry shall ascertain and record the nature of any crop, tree, building, or other property, to which damage has been done, and the extent of the damage done to any such property, and shall tender compensation to the proprietors or occupiers for all damage done to the same by the entry or by any works executed. If such tender is not accepted, the Canal Officer shall refer the matter to the Collector, who shall thereupon give notice in writing to the persons interested in such land and to the Canal Officer, requiring them to attend before him, on a date to be fixed in the notification, for the purpose of settling the amount of compensation.

On the date so specified, the Collector shall proceed to determine the amount of compensation and to pay the same to the persons entitled to it.

In case the Collector and the persons interested differ as to the sufficiency of the compensation, the Collector shall refer such difference for the final order of the Civil Court.

20. Suitable means of crossing canals constructed or maintained at the

Government to provide means of crossing canals.

cost of Government shall be provided at such places as the

Lieutenant-Governor thinks necessary for the reasonable convenience of the inhabitants of the adjacent lands; and suitable bridges, culverts, or other works shall be constructed to prevent the drainage of the adjacent lands being obstructed by any canal.

On receiving a statement in writing, signed by not less than five of the owners of such lands, to the effect that suitable crossings or means of drainage have not been provided on any canal, the Collector shall cause inquiry to be made into the circumstances of the case, and if the statement is established, shall report his opinion thereon for the consideration of the Lieutenant-Governor, and the Lieutenant-Governor shall cause such measures in reference thereto to be taken as he thinks proper.

PART IV.

OF VILLAGE-CHANNELS.

21. "Person" in this part includes any

Definition of person.

number of persons acting jointly.

22. The Canal Officer shall keep a register

Register of village-channels to be kept up.

of all village-channels connected with a canal, whether already existing or constructed

under this Act, and of the owners of such channels.

A village-channel made as an extension of, or a branch to, an existing village-channel shall be registered as a separate village-channel; and, for greater convenience in determining the rights and liabilities of all persons under this Act, so much of the length of any village-channel as lies within the limits of any one village or mouzah shall ordinarily be entered on the register as a separate village-channel. Every section of a village-channel so separately borne on the register shall be deemed to be a separate village channel in respect to all rights and liabilities imposed by this Act.

Provided always that whenever it shall seem fit to the Canal Officer for any special reason to enter upon his register as one village-channel a section of a village-channel which includes portions lying within two or more villages or mouzahs, the Canal Officer may, with the consent of the collector obtained in writing, register such section as one village-channel, and all rights and liabilities in respect of the channel so registered shall attach jointly and severally to all the owners of such channel.

23. Any person may acquire the property in

Any person may acquire an existing village-channel by agreement.

an existing village-channel for the purpose of improving or maintaining it—

(a) By taking over, with the consent of a Canal Officer, any village-channel belonging to Government;

(b) By transfer of a village-channel from the owner thereof by private agreement.

24. Any person may, with the permission of a Canal Officer, construct a new village-channel

Any person may construct a new village-channel by agreement.

by private arrangement with the owners or occupiers

of the land affected.

25. Any person desiring the construction of

Any person may construct a village-channel by applying to Canal Officer.

a new village-channel, but being unable or unwilling to construct it by private agreement, may apply in writing

to a Canal Officer stating—

(a) that he desires the said Canal Officer, in his behalf and at his cost, to do all things necessary for constructing such channel;

(b) that he is ready to defray all costs necessary for acquiring the land and constructing the channel.

If the Canal Officer considers the construction of such village-channel expedient, he may call upon the applicant to deposit any part of the expense such Officer may consider necessary,

and upon such deposit being made, shall cause inquiry to be made into the most suitable alignment for the said village-channel,

and shall mark out the land which, in his opinion, it will be necessary to occupy for the construction thereof,

and shall forthwith publish a notification in every village through which the village-channel is proposed to be taken, that so much of such land as is situated within such village has been so marked out.

and shall send a copy of such notice to the Collector of every district in which any part of such land is situate.

Such notification shall also call upon any person who wishes to be admitted a joint owner of such village-channel to state his claim within thirty days of the publication of such notification. If any claimant appears and his claim is admitted, he shall be liable to pay his share in the construction of the village-channel and in the cost of acquiring the land, and shall be an owner of the village-channel when constructed.

26. On receipt of copy of such notification, the Collector shall proceed to acquire the land required under the provisions of the

Collector to acquire land.

Land Acquisition Act, 1870, as if a declaration had been issued by the Government for the acquisition of the land under the provisions of section six of that Act, and as if the Government had thereupon directed the Collector to take order for the acquisition of the land under section seven of the said Act.

27. On being put in possession of the land, the Canal Officer shall construct the required village-channel; and on its completion shall give to the applicant notice thereof and of any balance payable by him on account of the cost of acquiring the land and construction of the work. On such notice being given, such balance shall be due from the applicant to the Canal Officer. On receipt of payment in full of all such expenses, the canal officer shall make over possession of such channel to such applicant.

28. Whenever a Canal Officer considers that the transfer of a village-channel from the owner is necessary for the proper management of the irrigation from such village-channel, he may cause a notice to be served on the registered owner to appear on a certain day, not less than fifteen days after service of notice, and to prefer any objection to such transfer. After hearing such objection the Canal Officer may, with the consent of the Collector previously obtained, order that such village-channel shall be transferred to such person as he may think fit, and that such person be registered as owner of the said village-channel;

Provided that no person shall be registered as the owner of a village-channel under this section, unless he has expressed in writing his willingness to be so registered, and until he has paid to the Canal Officer such sum as may be fixed by the Canal Officer under section thirty.

29. Any person wishing to become the joint owner of an existing village-channel may petition the Canal Officer to that effect, and on receipt of such petition the Canal Officer may, if he think fit, issue a notice as in the last section provided upon the registered owner, and after hearing any objection which the registered owner may prefer against the admission of such applicant to be a joint owner, may direct that the applicant shall be registered as such joint owner.

30. When deciding the question of transfer or of admission to joint ownership under either of the two sections last preceding, the Canal Officer shall also determine what amount shall be paid—

(a) As the costs of the proceedings;

(b) As compensation to the previous owners;

and the amount so determined shall be due by the transferee or the person admitted to registry as a joint owner, as the case may be; and on payment of such amount, the village-channel shall be transferred or the applicant shall be registered as a joint owner thereof, as the case may be.

31. Instead of awarding payment of compensation under the section last preceding, the Canal Officer may fix an amount of rent to be paid annually to the previous owners by the

persons to whom the village-channel is transferred.

32. Every person

(a) acquiring a village-channel as provided in section twenty-three; or

(b) constructing a village-channel as provided in section twenty-four; or

(c) receiving possession of a village-channel as provided in section twenty-seven; or

(d) acquiring a village-channel by transfer, or being admitted to registration as joint-owner in a village-channel, as provided in section thirty.

shall be deemed to be owner of such village-channel.

33. Every owner of a village-channel shall be bound—

(a) To construct and maintain all works

necessary for the passage across such village-channel of village-channels existing previous to its construction, and of the drainage intercepted by it, or for affording proper communications across it for the convenience of the occupants of neighbouring lands;

(b) To maintain such village-channel in a fit state of repair for the conveyance of water;

(c) To allow the use of it to others on such terms as may be declared equitable by the Canal Officer as hereinafter prescribed;

and shall be entitled—

(d) To have a supply of water by such village-channel at such rates and on such terms as are prescribed under the rules made by the Lieutenant-Governor;

(e) To receive such rent for the use of the village-channel by other persons as the Canal Officer may award him.

34. If the owner of a village-channel fail to fulfil the obligations described above, the Canal Officer may either—

(a) Require him by notice to execute the necessary repairs within fifteen days, and in the event of failure, perform them on his behalf; and all expenses incurred by the execution of such repairs shall be a sum due by such owner to the Government;

(b) Strike such village-channel off the register, and thereby disqualify it to be any longer a medium for the conveyance of canal water.

35. Any owner may resign his interest in a village-channel

Any owner of a village-channel may, with the consent of the Canal Officer, transfer his interest to any other person, provided that liabilities of the person so transferring shall not cease till such transfer is registered.

If any owner of a village-channel dies, his heir or representative may apply for registration in his stead. If no such application for registry be made within fifteen days, the remaining registered owners of the village-channel, if any, shall be deemed to be owners of the entire interest in the village-channel, until some other person shall

have established his claim to be registered as owner in place of the deceased. If the deceased shall have been the sole registered owner, the Canal Officer shall be deemed to be the representative of the deceased, and shall exercise all rights and be bound by all liabilities which attached to the deceased in respect of his ownership of the village-channel until some person shall have established his right to be registered as owner in place of the deceased, and the Canal Officer shall account to such person for all sums received and expended in the exercise of the rights and discharge of the liabilities which attached to the deceased.

When any person applies for registration under the last two clauses, the Canal Officer shall serve notice on the other registered owners to prefer any objection to the transfer or succession within fifteen days, and if no such objection shall be made, or if the objections made be deemed invalid, shall order such transfer or succession to be registered.

36. All joint owners of a village-channel shall be held to have an equal interest in it, unless, and with the permission of the Canal Officer, they register specific unequal interests.

37. Any person not an owner of a village-channel, desiring to have a supply of water through such village-channel, may make a private arrangement with the owners for the conveyance of water, or may apply to the Canal Officer for authority to use such village-channel.

38. On receipt of an application, as mentioned in the section last preceding, the Canal Officer shall serve notice on the owners to show cause why such permission should not be granted, and if no objection be raised, or if raised, be found invalid, shall authorize the conveyance of such supply on such conditions as may appear equitable.

39. Such Canal Officer shall also fix a sum as rent to be paid for the use of such village-channel to be paid to the owner. Such rent may be in the form of a percentage on the water-rate of the person using the village-channel, or otherwise, as may be fixed by the Canal Officer.

40. The owner of a village-channel which receives its water through another village-channel may either be declared a joint owner of such other village-channel or may be required to pay rent for the use of the same to the owner thereof, as provided in the two sections last preceding.

41. All rent payable under either of the two sections last preceding shall be deemed to be due in the same instalments and at the same periods as the water-rate is due; or in such other instalments and at such other dates as the Canal Officer may direct.

42. No land acquired under this Part for a village-channel shall be used for

any other purpose without the consent of the Canal Officer previously obtained.

43. Every sum declared to be due under this Part shall be recoverable by the Canal Officer on behalf of the Government or of the person entitled to receive the same, and shall be held to be a demand under the provisions of section one, Act VII (B C), 1868 (*an Act to make further provision for the recovery of arrears of land revenue and public demands recoverable as arrears of revenue*).

PART V.

OF THE SUPPLY OF WATER.

44. Every person desiring that water shall be supplied to his land from a Canal, shall present a written application to that effect to the Canal Officer, in the form given in Schedule B. hereto annexed, or in a similar form, binding himself by the rules made by the Lieutenant-Governor under the powers vested in him by this Act; and no person shall be liable to pay any rate or duty whatever on account of water supplied to his land with the permission of the Canal Officer, otherwise than on such application.

45. If the application mentioned in the section last preceding be granted by the Canal Officer, the Canal Officer shall cause his permission to be recorded in the form given in Schedule C hereto annexed, or in some similar form, binding himself by the rules made by the Lieutenant-Governor as aforesaid.

46. All rules made by the Lieutenant-Governor under section sixty-six of this Act shall be consistent with the following conditions:—

(a) The Canal Officer may not stop the supply of water to any water-course, or to any person, except in the following cases:—

- (i) whenever and so long as it is necessary to stop such supply for the purpose of executing any work ordered by competent authority, and with the previous sanction of the Lieutenant-Governor;
- (ii) whenever and so long as any village-channel is not maintained in such proper customary repair as to prevent the wasteful escape of water therefrom;
- (iii) whenever and so long as it is necessary to do so in relation to supply the legitimate demands of other persons entitled to water

within periods fixed from time to time by the Canal Officer.

(c) No claim shall be made against the Government for compensation in respect of loss caused by the failure or stoppage of the water in a canal, by reason of any cause beyond the control of the Government, or of any repairs, alterations, or additions to the canal, or of any measures taken for regulating the proper use of water therein, or for maintaining the established course of irrigation which the Canal Officer considers necessary; but the person suffering such loss shall be entitled to sue

remission of the ordinary charges payable for the use of the water as is authorized by the Lieutenant-Governor:

(c) If the supply of water to any land irrigated from a canal be interrupted otherwise than in the manner described in the last preceding clause, the occupier or owner of such land may present a petition for compensation to the Collector for any loss arising from such interruption, and the Collector shall award to the petitioner reasonable compensation for such loss:

(d) When the water of a canal is supplied for the irrigation of a single crop, the permission to use such water shall be held to continue only until that crop comes to maturity, and to apply only to that crop; but if it be supplied for irrigating two or more crops to be raised on the same land within the year, such permission shall be held to continue for one year from the commencement of the irrigation, and to apply to such crops only as are matured within that year:

(e) No person entitled to use the water of any canal, or any work, building, or land appertaining to any canal shall sell or sub-let or otherwise transfer his right to such use without the permission of the Canal Officer, but all contracts made between Government and the owner or occupier of any immovable property, as to the supply of canal-water to such property, shall be transferable therewith, and shall be presumed to have been so transferred whenever a transfer of such property takes place.

PART VI.

OF WATER-RATES.

47. The rates to be charged for canal-water supplied for purposes of irrigation shall be determined by the rules made by the Lieutenant-Governor, and all persons accepting the water shall pay for it accordingly.

48. If water supplied through a village-channel be used in an unauthorized manner, and if the person by whose act or neglect such use has occurred cannot be identified,

the person on whose land such water has flowed, if such land has derived benefit therefrom,

or if such person cannot be identified, or if such land has not derived benefit therefrom, all the persons chargeable in respect of the water supplied through such village-channel in respect of the crop then on the ground, shall be liable, or jointly liable, as the case may be, to the charges made for such use.

49. If water supplied through a village-channel be suffered to run to waste, and if, after enquiry by the Canal Officer, the person through whose act or neglect such water was suffered to run to waste cannot be discovered, all the persons chargeable in respect of the water supplied through such village-channel for the crop then on the ground shall be jointly

liable for the charges made in respect of the water so wasted.

50. All charges for the unauthorized use or for waste of water shall be deemed to be water-rate due on the crop, and may be recovered in addition to any penalties incurred on account of such use or waste.

Recovery of Charges.

51. The Canal Officer or the Collector may enter into an agreement with any person for the collection and payment to the Government by such person of any sum payable under this Act by a third party.

52. Any sum lawfully payable under this Part, either to the Government or to any person who has entered into an agreement to collect dues for the Government, shall be deemed to be rent payable on a pottah or engagement in respect of the land irrigated and recoverable as such by the person to whom it is payable.

Provided that the claim (if any) for rent in respect of such land shall have priority over any claim for a rent of water-rate so far as regards recovery of rent by the exercise of the power of distraint.

53. If any person distrains half or more than half of any crop on account of which water-rate is due, such person shall be bound, on requisition by the Canal Officer, to furnish him with an account showing how the produce thus distrained has been appropriated in payment of such rent, and the Canal Officer shall be entitled to challenge such account before the Collector, who, if he finds that the value of the crop distrained was in excess of the amount of rent which had been due for a period not longer than a year, together with the costs of the distraint, may require the distrainer to pay the water-rate due on such crop.

54. Every arrear of water-rate which is due to the Government, and every sum due to Government by any person on account of collections of water-rate under the provisions of section fifty-one, shall also be deemed to be a demand within the meaning of Bengal Act No. VII of 1868 (*to make further provision for the recovery of arrears of Land Revenue and Public Demands recoverable as arrears of Land Revenue*), and may be recovered as provided in that Act.

55. Notwithstanding anything in the previous sections contained, it shall be lawful for any person who may have entered into an agreement for the collection and payment of water-rates as provided in section fifty-one, to give to the Collector of the district in which such person resides a notice in writing in the form in Schedule (B) annexed to the said Act VII of 1868, showing from whom water-rate is due, the names of persons, and the amount due from each; and if the Collector have reason to believe that such sum is due he may make under his hand a certificate of the sum due in a form similar to that in Schedule (A) to the

said Act annexed, and shall cause the same to be filed in his office, and every certificate so made shall be deemed to be a certificate made in pursuance of section nineteen of the said Act.

Sections 51 to 55 do not apply to fines.

56. Nothing in sections fifty-one to fifty-five (inclusive) applies to fines.

PART VII.

OF JURISDICTION.

57. Except where herein otherwise provided, all claims against Government in respect of anything done under this Act may be tried by the Civil Courts, but no such Court shall in any case pass an order as to the supply of canal-water to any crop which is on the ground at the time.

58. Whenever a dispute arises between two or more persons in regard to their mutual rights or liabilities in respect of the use, construction, or maintenance of a village-channel, any such person interested may apply in writing to the Canal Officer stating the matter in dispute. Such officer shall thereupon give notice to the other persons interested that, on a day to be named in such notice, he will proceed to enquire into the said matter, and, after such enquiry, he may pass his order thereon, or may transfer the matter to the Collector, who shall thereupon enquire into and pass his order on the said matter.

Such order shall be final as to the use or distribution of water for any crop sown or growing at the time when such order is made, and shall thereafter remain in force until set aside by the decree of a Civil Court.

59. Whenever any dispute arises among joint owners of a village-channel as to their shares of expense or as to the amounts severally contributed, or as to failure on the part of any owner to contribute his share, the matter may be decided after inquiry, as provided in the section last preceding, by the Canal Officer or Collector as aforesaid, and the order passed by such Canal Officer or Collector shall remain in force until set aside by the decree of a Civil Court, and may be executed as if it were a decree of the Civil Court.

60. All suits arising out of the exercise of the power of distraint for recovery of water-rates, or out of any acts done under color of the exercise of the said power of distraint,

Jurisdiction as to suits arising out of powers of distraint.

or by persons in receipt of the water-rates against any agents employed by them in the collection of such water-rates, or the sureties of such agents for money received or for accounts kept by such agents in the course of such employment, or for papers in their possession, shall be cognizable by the same Court or authority as would have jurisdiction, if such water-rates were rent due for the land irrigated.

61. Every order passed by a Canal Officer under Part IV, Part V, or Part VI of this Act, shall be appealable to the Collector, provided that the

appeal be presented within one month of the date on which the Canal Officer made the order appealed against; and all proceedings and orders of the Collector under this Act shall be subject to the supervision and control of the Commissioner of the Division and of the Board of Revenue.

62. Any officer empowered under this Act to conduct any inquiry may exercise all such powers connected with the summoning and examining of witnesses, as are conferred on Civil Courts by the Code of Civil Procedure; and every such inquiry shall be deemed a judicial proceeding.

Power to summon and examine witnesses.

PART VIII.

OF OFFENCES AND PENALTIES.

63. Whoever, without proper authority and voluntarily, does any of the acts following, that is

to say,—
(a) being responsible for the maintenance of a village-channel or using a village-channel neglects to take proper precautions for the prevention of waste of the water thereof, or interferes with the authorised distribution of the water therefrom, or uses such water in an unauthorised manner;

(b) passes, or causes animals or vehicles to pass, on or across any of the works, banks or channels of a canal contrary to rules made under this Act, after he has been desired to desist therefrom;

(c) violates any rule made under this Act, for breach whereof a penalty may be incurred, shall be liable, on conviction before a Magistrate, to a fine not exceeding fifty rupees.

64. Nothing herein contained shall prevent any person from being prosecuted under any other law for any offence punishable under this Act: Provided that no person shall be punished twice for the same offence.

65. Whenever any person is fined for an offence under this Act, the Magistrate may direct that the whole or any part such fine may be paid by way of compensation to the person injured by such offence.

Saving of prosecution under other laws.

Compensation to person

PART IX.

OF SUBSIDIARY RULES.

66. The Lieutenant-Governor may, from time to time, make rules to regulate the following matters:—

(a) the proceedings of any officer who, under any provision of this Act, is required or empowered to take action in any matter;

(b) the cases in which, the officers to whom, and the conditions subject to which, orders and decisions given under any provision of this Act, and not expressly provided for as regards appeal, shall be appealable;

(c) the persons by whom, the time, place or manner at or in which, anything for the doing of which provision is made in this Act, shall be done;

(d) the amount of any charge made under this Act;

Power to make, alter, and cancel rules.

RESOLUTION ON THE SUBJECT OF GRADING THE DEPUTY AND SUB-INSPECTORS OF SCHOOLS IN BENGAL.

RESOLUTION.

GENERAL DEPARTMENT.—EDUCATION—No. 1853.

Calcutta, the 14th June 1875.

READ—

The orders by the Government of Bengal in the General (Education) Department, No. 73, dated the 7th January 1873, forwarding to all Commissioners a distribution list of the Deputy Inspectors and Sub-Inspectors of Schools attached to each district.

A letter from the Director of Public Instruction, No. 2769, dated the 3rd June 1874, proposing a scheme for grading Deputy Inspectors and Sub-Inspectors of Schools in Bengal, and increasing the present number of such officers.

A Minute by the Lieutenant-Governor of Bengal, dated the 4th May 1875, on the appointment of Deputy Inspectors and Sub-Inspectors of Schools.

By the orders of the 7th January 1873, it was contemplated that the duty of inspecting the Government schools and aided schools in the territories administered by the Lieutenant-Governor of Bengal should be performed by a staff of 38 Deputy Inspectors, 3 additional Deputy Inspectors (who were subsequently to be replaced by Sub-Inspectors), and 65 Sub-Inspectors, or 106 inspecting officers in all. An establishment of this strength was manifestly

insufficient for the due inspection even of the schools then existing; but the funds at the disposal of Government did not at the time allow of a larger outlay for this purpose. Since then, however, the number of schools coming under inspection has been very largely increased by the operation of the orders of September 1872, under which numerous primary schools in every district of the Lower Provinces have been subsidized by Government, and have consequently come under the supervision of the Department of Education. Some additions to the inspecting establishment have been made from time to time to supply the urgent wants of districts in which a large number of schools are supported or aided by Government, and the Director's letter of the 3rd June 1874 shows that on that date the total number of Deputy Inspectors and Sub-Inspectors had been raised to 177. But since there are now about 10,000 schools and patshalas under inspection in the Lower Provinces, it has become necessary to add considerably to this number, as an inspecting officer cannot be expected efficiently to supervise more than about 50 schools.

2. The Lieutenant-Governor has had under his careful consideration the number of inspecting officers whom it may now be possible to appoint, the grades in which they can most conveniently be arranged, and the salaries which ought to be allotted to the several grades. It may be thought that Sub-Inspectors, whose principal duty will be the inspection of primary schools, need not be very highly educated or very well-paid officers. But the Lieutenant-Governor bears in mind that it is necessary that even the lowest grade of Sub-Inspectors should hold a position which will ensure their advice being treated with respect by the schoolmasters and managing committees with whom their duties will bring them into contact. It is also to be observed that liberal grants of public money are disbursed upon the recommendations of these officers, and that in some cases the officers themselves are charged with the direct payment of Government funds, as in many districts the grants-in-aid to village schoolmasters are paid them by the Sub-Inspector. For these reasons it is essential that the appointments should be filled by men of respectability, education and integrity, and that adequate salaries should be assigned for the performance of these important and responsible duties.

3. At present some Sub-Inspectors draw salaries of only Rs. 25 and Rs. 20 per month. This pay, even when supplemented by travelling allowances, appears to the Lieutenant-Governor to be insufficient to secure the services of duly qualified men. His Honor considers that no Sub-Inspector should draw less than Rs. 30 in addition to travelling allowances, and it may be hoped that it will not be necessary for any one who shows himself qualified for his post to remain long in receipt of a lower salary than Rs. 50. For a young man on his first entrance into the department, a salary of Rs. 30, with travelling allowances which will amount to about as much more, should be sufficient, but it will be arranged that about two-thirds of the Sub-Inspectors shall draw salaries of Rs. 50 and upwards.

4. The maximum salary of a Deputy Inspector of Schools should, the Lieutenant-Governor thinks, be fixed at Rs. 200. It has been represented to Sir Richard Temple that some head masters of schools are in receipt of higher pay than this, and that the salaries of the teaching and the inspecting branches of the service should be placed, as far as possible, on a level. But it would not be His Honor's wish to recognize any absolute line of distinction between these two branches of the Department of Education. An efficient Deputy Inspector of Schools should, in the Lieutenant-Governor's opinion, be qualified to fill the appointment of head master in a normal or zillah school, and such a post might very properly be bestowed on an officer who had done good service, but whose health might no longer be equal to sustaining the fatigue and exposure involved in the duty of inspection.

5. The Lieutenant-Governor is conscious that any orders which may be passed for fixing the strength of the inspecting establishment can be only provisional and temporary. The number of schools under inspection is steadily increasing, and will probably increase for some time to come, and this increase must be met by additions to the staff of officers engaged upon this duty. But

for the present, and with regard to the funds which the Government of Bengal is able to devote to this department of the educational administration, the Lieutenant-Governor has determined that the establishment shall be fixed at the following strength :—

							Rs.
10	Deputy Inspectors of the 1st grade on	200
15	" " " 2nd "	150
20	" " " 3rd "	100
25	Sub-Inspectors " 1st "	75
75	" " " 2nd "	50
55	" " " 3rd "	30

This will give a total force of 45 Deputy Inspectors and 155 Sub-Inspectors, or 200 officers in all ; and in the present state of the provincial funds, a larger establishment than this cannot be maintained without an undue reduction of the salaries allotted to the different grades.

6. Deputy Inspectors will further be entitled to draw travelling allowance at 4 annas a mile, and Sub-Inspectors at 3 annas a mile. It is estimated that these allowances will amount to about Rs. 50 in the case of a Deputy Inspector, and to about Rs. 35 in the case of a Sub-Inspector. But the allowances for peons and contingencies, which are at present drawn by Deputy Inspectors, will henceforth be discontinued.

7. The present cost of the inspecting establishment, consisting of 177 officers, is stated in the Director's letter of the 3rd June 1874 to be Rs. 2,30,100. The cost of the establishment now sanctioned will be as follows :—

				Rs.
Salaries of Deputy Inspectors	75,000
Travelling allowances of Deputy Inspectors	27,000
Salaries of Sub-Inspectors	87,300
Travelling allowances of Sub-Inspectors	65,100
Total	2,51,400

8. One Deputy Inspector, and no more, will be posted to each of the districts under the Government of Bengal and to the town of Calcutta. Sub-Inspectors will be allotted by the Director of Public Instruction to the several divisions, in consultation with the Commissioners and Inspectors of Schools, and in accordance with the educational requirements of each district. Ordinarily there will be a Sub-Inspector at the head-quarters of each district and in each sub-division, and it is contemplated that the area assigned to a Sub-Inspector shall lie, as far as possible, within the limits of a single sub-division. But many sub-divisions, in which schools are numerous, will require the services of several Sub-Inspectors, and in some cases it may be desirable to assign more than a single sub-division to one Sub-Inspector. Where there are two or more Sub-Inspectors in one sub-division, it may be convenient sometimes to divide the area among them, and sometimes to assign to each of them the duty of inspecting a different class of schools throughout the whole sub-division. These are matters upon which no fixed rule can be laid down, and which must be regulated by the circumstances of each locality, and by the qualifications of the several officers who may be employed. The Commissioners therefore will have a full discretion, in concurrence with the Director of Public Instruction, to determine the duties to be assigned to the Sub-Inspectors, and the areas within which their functions shall be exercised. But it would be the wish of the Lieutenant-Governor that Sub-Inspectors of the 3rd grade should ordinarily be posted to the sudder sub-divisions of districts, where their work will come immediately under the eye of the Deputy Inspector and of the District Magistrate.

9. The appointment and promotion of Deputy Inspectors and Sub-Inspectors will be regulated by the orders embodied in the Minute of the 4th May 1875. Leave of absence to these officers will be granted, as at present, under the rules issued by the Director of Public Instruction on the 10th February 1873, with the sanction of Government.

10. The Lieutenant-Governor trusts that, under the working of the present scheme, it may be possible to carry out a more complete and efficient system of inspection than has hitherto been attained. And he desires to impress upon all officers of Government the duty of co-operating, so far as they may be able to do so, in this useful and important work. It is understood that district and sub-divisional officers, in the course of their periodical tours, take every opportunity of inspecting different classes of schools. But the Assistant or Deputy Collector, who is sent into the interior of the district on settlement duty: the Police Inspector, who has to visit his thanas, or to conduct an enquiry in some distant village: the Excise Darogah, the Sub-Registrar of Assurances: in short, all officers whose duties may give them the opportunity of doing so, should not fail to visit and examine the neighbouring schools, and especially those primary schools the efficiency of which can only be maintained by frequent and vigilant supervision.

ORDER.—Ordered that copies of this Resolution be forwarded to the Director of Public Instruction, to all Commissioners of Divisions, District Officers and Inspectors of Schools, for information and guidance. The Director is requested to report, at his early convenience, the arrangements which he may make, in communication with Commissioners of Divisions, for allotting Sub-Inspectors of Schools to the several districts.

Ordered also that a copy be sent to the Accountant-General and to the Financial Department of this office for information.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

REVIEW OF REVENUE SURVEY OPERATIONS.

RESOLUTION.

REVENUE DEPARTMENT.—SURVEY.

Darjeeling, the 12th June 1875.

READ—

A letter No. 292A., dated 11th May 1875, from the Board of Revenue, submitting the report on the revenue survey operations in the Lower Provinces during the year ending with the 30th September 1874.

THE previous year's report showed the work done by three professional survey parties, but during the year under review the new administration of Assam was formed, under which two of the parties were engaged. There only remained, therefore, under the Government of Bengal, one full survey party, employed in the district of Midnapore in charge of Major Seonce. Work was not commenced till the 15th December, which appears to be somewhat late in the season. The Lieutenant-Governor presumes that this delay in beginning operations is attributable to the nature of the country, but some explanation should have been offered.

2. Of the tract taken up, containing 1,122 square miles, nearly 912 have been fully completed. Of the remaining 180 square miles, only the village boundaries have been surveyed. The area accomplished is greater than the two previous seasons (749 and 882 square miles), but is still considered to be small. The large number of villages (2,293) in the tract greatly increased the amount and cost of work both in field and office. The cost amounted to Rs. 63,241, which gives an average of Rs. 67-2-3 per square mile and Rs. 27-9-3 per village circuit.

3. It is satisfactory to observe that the thakbust or village boundary maps furnished by the demarcation party were found very accurate to scale, either of sixteen or thirty-two inches to the mile. The Lieutenant-Governor concurs with the opinion expressed that it is impossible to have too many points of reference, and is glad to see that many conspicuous objects have been connected with the theodolite work. No permanent boundary marks were erected, but 74 prism-shaped stones were placed at trijunction points of villages.

4. The area remaining for survey in Midnapore is estimated at 2,885 square miles; and four pergunnahs of the Balasore district, calculated to contain 141 square miles, which were transferred from Midnapore subsequent to the first survey, have also to be surveyed. Including overlaps on the boundary, there are 3,202 square miles, which, it is estimated, will take three years to complete.

5. The Ganges Dearah Survey was sanctioned in the year under review. The party deputed to this work are to survey the villages on the banks of the Ganges from Kooشتها to Dukhin Shabazpore at the mouth of the river. The object is to re-lay the boundaries on the tracts of country which have been subjected to the action of the river since the last survey, and thereby render possible proceedings under Act IX of 1847 (regarding assessment of lands gained by alluvium or dereliction). The preliminary arrangements are to be effected by the revenue officers, who are erecting boundary marks about three miles on each side of the river. The professional survey party will take this line as their base, and lay down the village boundaries between it and the Ganges in accordance with the former survey. New lands found to have formed will be surveyed, and subsequently assessed and settled by the revenue authorities. In future, boundary marks are to be erected at the cost of zemindars. These subjects have been already noticed at greater length in the last Administration report.

6. The Lieutenant-Governor awaits the report which has been called for regarding the work done by the party on special duty in Darjeeling.

7. Mr. E. Jones, c.s., the Senior Superintendent of Survey, held charge of the non-professional survey party for nearly the whole year. About 480 square miles were demarcated, containing 1,222 villages—apparently a smaller outturn

of work than in the previous year; but one of the deputy collectors was engaged for a considerable time in completing unfinished work, viz. the measurement of 8,536 mehalwar plots, and in local enquiries. The statements appended to the Board's report exhibit a satisfactory quantity of work accomplished.

8. The difficulties experienced by Mr. Price, noticed in the report for 1872-73, in inducing the zemindars and landholders in his district to assist the survey work, are again illustrated by the refusal of the proprietor of one of the jungle mehals to allow the demarcation to proceed. Owing to the lateness of the season, the field parties had to be withdrawn. His Honor will be glad to have it noticed in the next report whether this opposition was overcome. The question of a demarcation by mouzahs, or by pergunnahs, for the jungle mehals has formed the subject of a separate communication.

9. It was remarked in the Government resolution of last year that the work done in connection with the preparation of registers of the Hooghly district was again unsatisfactory, and that the money spent on the work seemed to be wasted. The expenditure in the Hooghly Survey Office has increased from Rs. 10,215 to Rs. 13,404. The confusion in the registers appears to have arisen from the numerous omissions made both in the Hooghly and Burdwan measurements, the boundaries of which districts are much interlaced. Measures have been proposed for the correction of the defects in that survey. Advantage should be taken of this experience, to prevent the recurrence of similar confusion in the Midnapore work.

10. The Lieutenant-Governor accepts the explanations given to account for the apparently enormous increase of the cost per square mile of the non-professional survey work in Midnapore. The increase of expense in the Hooghly registry work is not explained, and should be carefully watched.

11. Sir Richard Temple observes with satisfaction that the Officiating Superintendent of Revenue Surveys has reported favorably of his subordinates, and that Mr. Schaleh has recorded a similar opinion with regard to the proceedings of the officers of the non-professional survey party.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,

Offg. Junior Secy. to the Govt. of Bengal.

REMOVAL OF RESTRICTIONS ON THE FREE TRANSIT AND SALE OF SALT IN THE TRIBUTARY MEHALS OF ORISSA.

No. 70, dated Camp Pooree, the 22nd May 1875.

From—T. E. RAVENSHAW, Esq., Superintendent, Tributary Mehals,
To—The Secretary to the Govt. of Bengal, Revenue Department.

REFERRING to your No. 272 of 3rd February 1875, I have the honor to report that I have succeeded in inducing all the Rajahs of the Cuttack Tributary Mehals to abandon all monopoly of salt, and all restriction on the passage of licit salt through, or for sale in, their territories, and they have agreed to allow all traders free access without reservation.

2. Each Rajah has been separately addressed, and all have agreed to abandon the practices referred to in my letter No. 333 of 2nd January 1875. The results are very satisfactory and creditable to all the Rajahs. I therefore propose, with permission of Government, to issue a notice in the enclosed form.

Notice to Salt Traders and all whom it may concern.

NOTICE is hereby given that the Rajahs of Orissa Tributary Mehals have agreed to abandon all restriction on the free passage and sale of either Ganjam or Orissa licit salt in their territories. Any trader is now at liberty to take licit salt anywhere without restriction through any of the Tributary Estates, and to sell licit salt freely, when and where he pleases, without payment of any dues to the Rajahs, and without restriction as to price.

T. E. RAVENSHAW,
Commissioner.

No. 1361, dated Calcutta, the 3rd June 1875.

From—H. J. REYNOLDS, Esq., Offg. Secretary to the Govt. of Bengal,
To—The Superintendent of the Tributary Mehals of Cuttack.

I AM directed to acknowledge the receipt of your letter No. 70, dated 22nd May, and in reply to say that the Lieutenant-Governor learns with much pleasure that you have succeeded in inducing the Rajahs of the Cuttack Tributary Mehals to abandon the practice under which they have hitherto exercised monopolies of the sale of salt in their respective territories, and to agree to all traders being allowed henceforward free access without reservation.

2. His Honor approves of your proposal to issue a notice in the form enclosed in your letter, for the information of salt traders and others concerned.

No. 1361, dated Calcutta, the 3rd June 1875.

From—H. J. REYNOLDS, Esq., Offg. Secretary to the Government of Bengal,
To—The Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce.

IN continuation of my letter No. 1033, dated 26th April, I am directed to report, for the information of His Excellency the Governor-General in Council, that the Superintendent of the Tributary Mehals of Cuttack has succeeded in inducing all the Rajahs of those Mehals to abandon all monopoly of salt, and all restriction on the passage of licit salt through, or for sale in, their territories, and to agree to all traders being allowed free access without interference of any kind.

2. The Lieutenant-Governor considers this result of Mr. Ravenshaw's personal influence and persuasion to be very satisfactory, and creditable both to Mr. Ravenshaw and to all the Rajahs concerned.

RESOLUTION ON THE REPORT OF THE CALCUTTA COURT OF SMALL CAUSES FOR THE YEAR 1874-75.

RESOLUTION.

JUDICIAL.

Calcutta, the 14th June 1875.

READ—

Letter No. 6, dated 7th April 1875, from the Judges of the Calcutta Court of Small Causes, being their Annual Report on the business of the Court for 1874-75.

Read again—

Their Report for the previous year, and the Government Resolution thereon.

THE Lieutenant-Governor remarks with pleasure the punctuality with which, on the present occasion, the Annual Administration Report of the Court of Small Causes in Calcutta has been submitted. Its brevity would seem to indicate that, in the year under review, few matters of general public importance came under the consideration of the Judges. Sir Richard Temple would, however, have been glad had they reviewed more minutely the figured statements submitted by them, and had they brought into prominent relief those results which would seem to point to anything defective in the working of the Court, or to amendments which might be made with advantage in the existing Small Cause Court Acts. These have now been in force for a lengthened period, and have fairly met, His Honor believes, the objects with which they were passed. Much might, however, be done to adapt them to the modern form which the Statute Book has now assumed, and, without admitting the necessity for all the amendments which have at various times been proposed, the Lieutenant-Governor thinks that the time has now arrived when advantage might be taken of the experience which has been gained of the working of the several provisions of the existing Acts to recast them entirely, with such alterations as may, on mature deliberation, appear to be advisable. In a late communication the Government of India have held out some hope of this task being undertaken by the Legislative Council.

2. By Act I of 1875, the law relating to distresses for rent, as administered in the Presidency Small Cause Courts, has been consolidated and amended. The power of seizing and selling tiled huts, which the Judges in their report for 1873-74 pointed out that they had ceased to exercise, has not been expressly restored to them, and the number of cases in which recourse has been had to the law continue to decline slightly, the total number of distresses issued having been 335 against 386 in the previous year. The total amount of rent involved in these cases was Rs. 22,266 as against Rs. 26,228.

3. There was, on the other hand, looking to the number of suits instituted, a slight increase in the general business of the Court, as compared with the two previous years. The value of the property in dispute has, however, fallen off somewhat, as shewn by the following figures:—

	No. of cases instituted	Rs.
1873-74	34,583	5,75,119
1874-75	31,983	5,11,535

From the information afforded by the tabular statements, the Lieutenant-Governor is not able to draw any inferences as to the character of the prevailing litigation. According to the classification adopted in the returns, the ratio borne by the different classes of cases to the whole would seem to be nearly constant. In suits for goods sold and delivered, and in actions on bills of exchange and promissory notes, some increase is observable. While there has been a considerable decrease in cases of ejectment and for money paid, there has been an increase in the number of suits for the recovery of small tenements,—a class of cases which it is not altogether certain that the legislature intended that the Court should have jurisdiction to try.

Classed according to the value of the claim made, the number of suits instituted during the past two years was as follows:—

	1873-74.	1874-75.
Under Rs. 50	28,584	29,063
" " 100	5,492	5,411
" " 1,000	480	473
Above " 1,000	27	36

These figures would seem to shew that advantage is taken by the public, but to a very limited extent, of the increased jurisdiction accorded to the Court by Act XXVI of 1864. As a mark of confidence in the Judges, however, it is satisfactory to find that there has been an increase in the number of cases exceeding Rs. 1,000 in value, which can be entertained by them only by consent of the parties. How far advantage has been taken of the provisions of the law allowing a reference to the High Court in cases of doubt or difficulty is not stated. In future the number of cases thus referred should be stated in the returns.

5. Of 35,117 cases set down for hearing and disposed of during the year, 12,219 were compromised, 13,582 were non-suited, struck off, or decided *ex parte*, and 9,316 were tried out. Including 7,333 *ex parte* cases, decrees were given in favour of the plaintiff in 12,705 cases in whole, and in 2,622 cases in part. Of cases decided on trial, the decision was in favour of the defendant in 1,322 cases only.

6. As regards process after judgment, it appears that 9,269 writs of execution and 50 attachments were issued by the Court. In 3,025 cases the process was executed against the person of the debtor, and in 2,533 cases against his property. Compared with the previous year, a slight decrease is observable in the resort had to the former process. A decrease is also observable in the number of cases in which copies of judgments and certificates issued for execution out of the jurisdiction of the Court, the number having been 402 against 486 in the previous year.

7. In reviewing the report for 1873-74, the Lieutenant-Governor drew attention to the necessity for caution in the issue of bench warrants for the arrest of defendants before judgment. He observes that there has been an increase of 50 per cent. in the number issued during the year under review, but he trusts that care was taken in each case to ascertain that the issue of such process was fully justifiable. He would again beg the attention of the Judges to this point. In 1,417 cases the issue of second summons was allowed. Considering the amount of business before the Court this number does not appear excessive.

8. The Lieutenant-Governor regrets to observe that the present report, like that for 1873-74, is defective in not shewing, in a complete manner, how the work of the Court was distributed among the several Judges. He requests that this omission may be supplied on future occasions.

9. The number of days on which the Court was closed was 105, against 99 in the previous year. The increase is in part due to the interval necessary for the removal of the Court from the old to the new buildings. Sir Richard Temple has recently sanctioned a redistribution of the authorized holidays of the Court with a view to meet the wishes of the Mahomedan community, whereby, in future, seven days will be deducted from the 30 days allowed for the Doorga Poojah vacation, in return for the eight Mahomedan holidays on which the Court will now be closed.

10. Another question which has engaged the attention of Government during the year was the exclusion of unauthorized law agents from the Court. The necessity of excluding a numerous class of law brokers had long pressed itself on the attention of the Court, and decisive steps were taken, on removing to the new buildings, to effect the end desired. Complaints were, however, made to the Lieutenant-Governor of the inconvenience caused by the absence of some agency, inferior to vakeels, for conducting the business of suitors, and the Judges of the Court, who were addressed on the subject, have accordingly intimated their willingness to admit, as "an approved agent," any mookhtear authorized to act in the High Court or any Court subordinate to it.

11. The financial result of the year has been that, against a net amount credited to Government in the cash account of Rs. 2,04,575, there was a total expenditure of Rs. 1,71,254, leaving a balance of Rs. 33,321 to be credited to the general revenues. In future years there will be a further annual saving of nearly Rs. 15,000, representing the rent paid for the old Court house. In the aggregate amount paid into, and paid out of Court on account of decrees, there has been a slight diminution, the figure having been Rs. 6,74,158, against Rs. 6,78,884 in the previous year.

12. On the whole, the Lieutenant-Governor agrees with the Judges in thinking that the report for the year is satisfactory.

ORDERED that a copy of the above Resolution be forwarded to the Judges of the Calcutta Court of Small Causes for their information.

By order of the Lieutenant-Governor of Bengal,

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

WORKING OF THE CANTONMENT LOCK HOSPITALS DURING THE YEAR 1874.

RESOLUTION.

MEDICAL DEPARTMENT

Calcutta, the 14th May 1875.

READ—

The Reports by the Commissioners of the Patna, Presidency, Cooch Behar, and Central Nagpore Divisions on the working of the Cantonment Lock Hospitals in their respective divisions for the year 1874.

Read again—

Their Reports for the previous year, with the Government Resolution thereon.

Dinapore.—The report from this cantonment for 1873 was not very satisfactory, it being open to doubt whether the rules were enforced with sufficient strictness. During 1874 there appears to have been some improvement in this respect, the average number of persons on the register having been 95.75, against 79.8 in 1873. It is satisfactory to learn that a more suitable class of persons have been brought on the register. Still, however, much remains to be done in this direction, and there can be but little doubt, looking to the large number of cases of disease which occurred among the soldiery, viz. 202, with an average strength of 1,000 men only, that there are many persons who ought to be brought on the register, whom the rules, as at present administered, do not touch. It would seem, moreover, that the limits, which have been brought under the operation of the rules, are too small, and that the soldiers have facilities for wandering beyond these limits. The Magistrate should report, after communication with the military authorities, whether it will be advisable to introduce any special measures with a view of diminishing the existing evils, and if an extension of the limits within which the operation of the rules is at present confined is deemed desirable, proposals to that effect should be submitted. The immediate attention of the Commissioner will be separately directed to this point. The Lieutenant-Governor agrees with the Magistrate in thinking that sufficient reason has not been shewn for the removal of the hospital from its present site. Steps should, however, be taken to carry out the improvements in the examination ward, which the medical officer reports can be effected at little expense.

Barraclupore.—In 1873 the average number of persons on the register in this cantonment was 76.36. In 1874 it declined to 69.5. At the same time the number of cases of disease among the troops increased to 82, with an average strength of 499 men, against 15 cases in the previous year, when the average strength was 596 men. These results are unfavorable. There is no doubt much difficulty presented by the fact that the soldiers are free to ramble

over a large area of unprotected country; still there is reason to fear that the Cantonment Magistrate, who is now absent on leave, can hardly have exercised sufficient strictness in enforcing the rules within the limits prescribed for their operation. The Lieutenant-Governor will refrain from judging absolutely of this, as that officer is not present to offer explanation, but will now be content with saying that the matter is one which calls for the strictest attention on the part of his successor. As regards Serampore and the tracts west of the Hooghly, there is much in what is said of the hardship of forcing registered persons to cross the river at all seasons for the purpose of examination; still it is not satisfactory to find that the rules have been allowed to remain a dead letter in that town. The proposal to appropriate a part of the charitable dispensary at Serampore for the purposes of a lock hospital does not commend itself to the Lieutenant-Governor, as being open to grave objection. But he will be prepared to entertain a proposition for the establishment of a separate hospital in a secluded part of the town, if, after a consideration of the question, the Commissioner of Bardwan recommends that this should be done. The Commissioner, with reference to the unsatisfactory results of the past year, questions the efficiency of the present means under Act XXII of 1864, and suggests the advisability of extending the "far more effective provisions" of Act XIV of 1868 to the whole tract of country covered by the Barrackpore and Dum-Dum sub-divisions, the north suburban town, and the town of Serampore. The tract of country referred to is large, and probably the expense of controlling so great an area would present some difficulties. The question, however, of extending the provisions of Act XIV of 1868 to the cantonments of Barrackpore and Dum-Dum, and their environs, in order to afford better protection to the soldiery than exists at present, has already engaged the attention of the Lieutenant-Governor, and a separate communication has been made to the Commissioner on the subject.

Dum-Dum.—The working of the rules within this cantonment has been satisfactory. With a slightly increased number of persons on the register, the admissions to hospital have diminished in number. This may in part be attributed to the increased regularity with which the periodical examinations have been attended. Increased vigilance on the part of the medical officer has resulted in an apparent increase in the number of one form of disease detected at these examinations. The same class of disease has slightly decreased among the troops, while the diminution in the number of cases of a less serious type has been very marked. Including cases of all kinds, the ratio to strength per thousand of admissions to hospital among the troops was only 101, against 120 in the previous year: that is, with an average strength of 641 men, there were 65 cases of disease, and it is stated that in no less than 42 cases out of the above, the disease was contracted in other places.

Hazareebagh.—The withdrawal of the 22nd Regiment from this station was followed by a rapid decline in the number of persons borne on the register, the number remaining at the close of the year being 29 only, against 59 at its commencement. In the wish to avoid mischief to the troops, the Civil Surgeon would seem to have exceeded what was necessary in the matter of enforcing detention in hospital. Making every allowance for this, however, the amount of disease detected at the periodical examination was lamentably high. Among the troops, the ratio to strength of admissions to hospital was 157 per thousand while the 22nd Regiment remained, and 18 per thousand subsequently. All this disease, it is said, could not have been contracted from registered persons. Complaint is made that it may have originated in places beyond the limits fixed for the operation of the rules, but the Lieutenant-Governor is by no means satisfied that these are properly enforced within the area in and to be protected. The Commissioner must draw the serious attention of the Deputy Commissioner to the matter, and must insist on his carrying out the segregation of the registered persons residing within the bazaar, as already ordered by Government.

Dagobellia.—The question of the administration of the lock hospital in this cantonment has formed the subject of a separate correspondence with the

Government of India. It appears that the rules were not properly enforced, and that but little supervision was exercised by the Deputy Commissioner, whose explanation in the matter is awaited. The average number of persons on the register was 11·4 only. The attendance at the periodical examinations was fair, and in 23 cases only was disease detected. The report submitted is defective, as no particulars have been given regarding the health of the troops. It is, however, understood that a good deal of disease prevailed amongst them owing to the laxity with which the rules were enforced. The hospital has now been made over to the control of the military authorities, and the civil officers have been instructed to render them every assistance in the matter of carrying out and enforcing the rules. The Lieutenant-Governor must beg the local authorities to understand that they will be held responsible for doing all in their power for the mitigation of the evil at this station.

By order of the Lieutenant-Governor of Bengal,

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

DISTRICT ROAD FUND.

No. 260.

The 14th June 1875.

Notification.—The following Extract from the Proceedings of the Lieutenant-Governor of Bengal, relative to the accounts of the receipts and expenditure of the District Road Fund for the first quarter of the cess year 1874-75, is published for general information :—

• No. 2839.

Extract from the Proceedings of the Hon'ble the Lieutenant-Governor of Bengal in the Public Works Department (Local—Accounts), under date the 3rd June 1875.

Read memorandum from the Controller of Public Works Accounts in Bengal, No 7075, of 21st May 1875, submitting an abstract of the receipts and expenditure of the several District Road Committees for the quarter ending 31st December 1874.

RESOLUTION.—The Lieutenant-Governor directs that the accounts of the receipts and expenditure of the District Road Fund for the first quarter of the current cess year (1874-75), as submitted by the Controller of Public Works Accounts in Bengal, be published in the *Calcutta Gazette*, and circulated to the officers concerned.

ORDER.—Ordered that a copy of this Resolution, together with a copy of the abstract of receipts and expenditure, be published in the Supplement to the *Calcutta Gazette*.

Ordered also, that a copy of this Resolution, as well as of the abstract referred to, be forwarded to the Secretary to the Government of Bengal in the Financial Department for information. Also, that copies of each be forwarded to all Commissioners of Divisions, to all Superintending Engineers of Circles in Bengal, to the Accountant-General of Bengal, and to the Controller of Public Works Accounts in Bengal, for information.

By order of the Lieutenant-Governor of Bengal,

G. T. E. S. NEILL, *Captain, M. S. C.*
Offg. Asst. Secy. to the Govt. of Bengal
in the P. W. Dept.

ROAD FUND.

District Road Committees of the 1st Quarter of the Cess Year 1874-75.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 12th June 1875.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
<i>Western Districts.</i>			
BUREDWAN DIVN.	1 Burdwan, 14th* June 1875	4.17	Rainfall at Culna .51, Cutwa 2.20, Bood-Bood .31, Ranee-gunge .76, Jehanabad 2.04 inches. Sowing of <i>aman</i> , or late rice, progressing. Prospects of crops favorable.
	2 Bankeora, 12th June 1875.	.97	Weather very hot. Rain fell on the 5th, 11th, and 12th instant, and it was raining at the time of report. The crops have suffered a little for want of rain. It is, however, hoped that the rain that has fallen will improve their condition.
	3 Beerbhoom, 12th .. "	3.44	Weather, overcast and cool. Monsoon broke on the night of the 11th instant, and it has been raining continuously since 2 A.M. up to the time of forwarding this report. Ploughing is going on in all directions. Early rice and sugarcane doing well.
	4 Midnapore, 12th .. "	.05	Sky generally cloudy, but rain only fell on one day. It was, however, raining hard at the time of despatching this report. Rain is now needed, otherwise the crops which were sown rather early will suffer from want of it.
	5 Hooghly, 12th .. "	2.61	The rains began about the 5th instant. Average rainfall of the district 2.08. Weather cooler. State of crops good all round. Present prospects are very good. Health good.
	Howrah, 12th .. "	.67	Weather close and rainy. Ploughing for the late rice crop and sowing of the early rice continue. Jute and sugarcane progressing favorably.
<i>Central Districts.</i>			
PRESIDENCY DIVN.	6 24-Pergunnahs, 14th† June 1875.	1.90	Weather hot and cloudy, with rain at intervals. The rain has done much good to the crops. Prospects of early rice and jute are favorable. Fever decreasing at Barripore, but increasing in sub-division Bussurhat. Three cases of small-pox reported from Sutekhira.
	7 Nuddea, 12th June 1875	7.37	Weather damp, and not very hot. The crops, both rice and indigo, are promising. Till the last few days, rain had been rather scanty, but latterly there has been enough. The price of rice has slightly fallen.
	8 Jessore, 12th .. "	3.95	Several showers during the week, terminating in a heavy downpour on the night of the 11th instant. State and prospects of the crops are excellent.
	9 Moorshedabad, 12th June 1875.	3.76	Weather in the commencement of the week was hot and oppressive. Heavy rains on Friday and Sunday. General rainfall on the 11th instant, which is sufficient to remove all apprehension on account of the young rice crops. <i>Aous</i> crops progressing favorably. Ploughing actively conducted. Mulberry, sugarcane, and indigo in good condition. Mango crop indifferent. Small-pox still in Soojagunge. General health good.
RAJSHAHY DIVN.	10 Dinagepore, 11th June 1875.	1.96	Occasional showers. Heat in the intervals very great. 1.44 inches of rain between sunset and sunrise of the 10th instant, and was raining hard at the time of report. Much weed in crops. Crops thrive. Jute very good. <i>Bhadai</i> or early rice middling, not so good as in richer land.
	11 Maldah, 12th June 1875	3.44	The rainy season commenced on the 8th instant, and the weather has been cloudy since then. Prospects of the autumn rice crop are generally good; but for it, and for the sowing of the winter rice, rain is still wanted in some parts.
	12 Rajshahye, 12th .. "	2.30	On the 9th and 10th all parts of the district had good rain. The rain has been most beneficial to the crops, which are all doing well. There is every appearance of the setting in of the rainy season, and the Ganges is rising a good deal. There is no sickness.
	13 Rungpore, 11th .. "	3.72	Rain has fallen on six days out of seven, and has been general all over the district. Crops getting on well.
	14 Bogra, 12th .. "	3.75	Rains set in. The downfall of rain has done the rice good. Jute is, however, a little backward. Prospects on the whole promising.
	15 Pubna, 12th .. "	.86	Weather cool and cloudy; more rain has fallen in the interior than at head-quarters. 6.22 inches of rain fell at Serajgunge. The young paddy, both early and late, is looking very well. General health good.

* Telegram of the 14th June, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 14th June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
<i>Central Districts.—</i>			
<i>(Con'd)</i>			
COOCH BEHAR DIV.	16 Darjeeling, 11th June 1875.	7.48	Several heavy falls of rain. Reasonable weather for this time of the year. State and prospects of the crops throughout the district are very good. Tea returns excellent.
	17 Julpigoree, 12th June 1875.	6.97	There has been heavy rain, which promises well for the crops in general. Cholera is reported as severe in the Buxa sub-division, especially in the neighbourhood of Falncotta. No bad accounts from the Sudder sub-division.
	Cooch Behar, 10th June 1875.	3.58	The weather was cloudy and hot; there were some showers of rain. The prospects of the crops continue favorable. Cholera disappearing gradually.
<i>Eastern Districts.</i>			
DACCA DIV.	18 Dacca, 14th* June 1875	10.16	No sunshine, and steady rain. Crops very good. The crops were strong enough to stand the heavy rainfall.
	19 Fureedpore, 12th June 1875.	7.01	Weather cloudy and rainy throughout the week, and continuous rain during the past two days. The rain appears to be general all over the district, and the crops appear to be promising. The health of the district is good on the whole.
	20 Backergunge, 10th June 1875.	1.61	The rains have to all appearance begun. The <i>aus</i> , or early rice, and other crops at present in the ground are flourishing. Food supply sufficient. Health of the people is generally satisfactory. The disease among the cattle abating. The disorder among the fish still continues.
CHITTAGONG DIV.	21 Mymensingh, 11th June 1875.	6.14	The rains have been general; and on the 6th instant the fall at Tengail was 6½ inches. State and prospects of the crops are favorable.
	22 Chittagong, 10th June 1875	3.59	Very wet weather. The rains have regularly set in. The state of the crops and the progress of cultivation are good.
	23 Noakhally, 10th June 1875.	12.74	Weather hot and close from the 3rd to the 5th, and generally cloudy. On the night of the 5th a storm set in, with heavy continuous rain. The rainfall on the 6th was 10.17 inches. There has not been so large a rainfall here in one day during the last six years. The early rice crops are progressing well. The sowing in the high lands is reported to be completed.
	24 Tipperah, 11th June 1875	4.11	The rainy season appears to have set in; the rain has been persistent and heavy for the last two or three days. The rice crops are in excellent condition. The last of the <i>aman</i> crops is being sown.
	25 Chittagong Hill Tracts, 8th June 1875.	2.33	Occasional falls of rain during the week have lowered the temperature. Sowing still going on in the <i>jooms</i> . The falls of rain during the week have improved the prospects of the crops.
	Hill Tipperah, 9th June 1875.	3.11	Heavy rain on Sunday, the 6th instant, which ushered in the regular rains. Since then more rain than sunshine. The young early rice seedlings were suffering from the want of rain towards the close of last week, but this timely rain will now save everything. The condition of the <i>jooms</i> in the hills is satisfactory.
BEHAR.			
PATNA DIV.	26 Patna, 14th* June 1875	4.1	Weather hot and close, with occasional rain. Millets and sugarcane doing well. Sowing of paddy in progress. Cholera prevalent throughout the district; bad still in three villages of the Behar sub-division.
	27 Gya, 12th " "	1.2	Weather cooler during the week, owing to cloudy and rainy days. The rains may be said to have set in. Highest reading of dry maximum thermometer 109.5 degrees. The crops that are in the ground are good. Rice sowing commenced. Cholera spread in Aurungabad, Nowadah, and part of Jehanabad. Bad in parts.
	28 Shahabad, 12th " "	0.7	Weather cloudy and oppressive. Rains are apparently going to set in at once. Cultivation commenced in several places. In Bhubooa early rice and <i>murica</i> millet sown in some villages. A few cases of cholera and small-pox still remain.
	29 Durbhunga, 12th " "	1.42	Heavy rain commenced, falling since the 11th instant. The rainy season appears to have set in. The prospects of all crops, including indigo, are good.
	30 Mozufferpore, 12th " "	1.20	Weather hot. The rainy season appears to be setting in. The prospects of <i>cheena</i> millet and indigo continue favourable. Cholera still continues.
	31 Sarun, 12th " "	1.10	Weather extremely hot and close; east wind prevailing; cloudy, cool, and threatening since the 11th instant. There has been no rain during the week, except a little at head-quarters. <i>Cheena</i> millet has been harvested and has yielded fairly. The prospects of indigo are excellent; sugarcane doing well. The <i>bhadoi</i> sowings are in progress, the early sowings are coming up well, here and there, in low lands. <i>Aghanee</i> paddy is being sown; the ground is being broken up in all directions. State and prospects of crops have been very favorable up to the present time. General health good.
	32 Champaran, 11th June 1875.	1.17	There has been little or no rain during the past week, and the crops show signs of wanting it. The weather has been cloudy during the past few days, and rain threatening, but it still keeps off. Rain is wanted for the crops, but little or no damage has been as yet done by the drought.

* Telegrams of the 14th June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	* Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR—(Contd.)			
BHAGULPORE DIVN.	33 Monghyr, 12th June 1875	2.20	The rains have apparently set in. <i>Bhadoi</i> prospects good.
	34 Bhagulpore, 14th* June 1875.	.88	Some rain has fallen at the head-quarters, and there is prospect of more. Rain much needed throughout the district, especially in Mudehpore, where the <i>bhadoi</i> crop is being burnt up, no rain having fallen this month. Prospects in other parts of the district are still good. Health good.
	35 Purneah, 12th June 1875	.84	The rains appear to have set in; on the evening of the 11th instant there was a good fall of rain. Indigo manufacture has generally commenced. The crops generally are promising exceedingly well.
	36 Sonthal Pergunnahs, 12th June 1875.	3.91	Clouds were seen to be piling up on the 9th and 10th instant. Heavy rain began on the 11th, and has discontinued. The sky is covered with thick clouds. The rivers are filling, and the low lands are under water. The rain was expected in Deoghur, and has fallen heavily in Godda. Sugarcane good in Deoghur. Sowing began in Rajmehal. <i>Bhadoi</i> rice all sown.
ORISSA.			
ORISSA DIVISION.	37 Cuttack, 5th June 1875	.62	Weather very close and steamy, with cloudy sky and rain from time to time. Ploughing nearly over. Sowing going on briskly. Early rice crop appearing above ground. Cholera still hanging about, chiefly in Kendrapara and around it.
	38 Pooree, 10th June 1875	1.45	There have been good showers of rain of late; weather is cloudy, and more rain is expected and required. Tillage and sowing are going on, but require more rain. The harvesting of the <i>dalwa</i> , or spring rice crop, has been completed with a good outturn. Sugarcane is being manured. Cotton is being gathered.
	39 Balasore, 11th „ „	1.36	The temperature is much lower. Rainfall at Bhadruck 1.82 inches. Moderate, though constant, rains have set in, and the weather is extremely favorable to the newly sown crops. The remaining sowings are being pushed on. Cholera in the north has ceased.
CHOTA NAGPORE.			
	South-West Frontier Agency.		
	40 Hazareebagh, 11th June 1875.	1.76	Seasonable weather. Monsoon commenced on the 9th instant, with heavy rain. Ploughing general all over the district. <i>Marwah</i> and <i>goondli</i> millets, &c., all promising well. The young paddy also coming up freely.
	41 Lohardugga, 12th June 1875.	2.49	Sharp storm on the 9th instant; since cloudy, and the rains appear now to have set in. Ploughing continues. Paddy and <i>goondli</i> millet have germinated well in some parts. Cholera and small-pox are still reported.
	42 Singbhoom, 11th June 1875.	2.39	Seasonable weather. Sowing progressing. District healthy.
	43 Maunbhoom, 12th June 1875.	1.78	Heavy showers towards close of week. From the appearance of the weather it is evident that the rains had fairly commenced. Cotton and sugarcane promising; little rice sown as yet; but if it rains now, sowing will be general in a few days more.

* Telegram of the 14th June, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

* Velocity of wind in miles per hour.

CALCUTTA.

W. G. WILLSON,

The 12th June 1875.

Offg. Meteorological Reporter to the Govt. of Bengal.

**Results of the Meteorological Observations taken at the Surveyor-General's Office,
Calcutta, from 1st to 7th June 1875.**

Month.	Date.	Mean reduced barometer.	THERMOMETER.			Mean dry bulb.	Mean wet bulb.	Computed mean dew-point.	Mean degree of humidity.	WIND.			Rain.	Moon's phases.	GENERAL REMARKS.
			Highest reading.	Lowest reading.	Max. solar radiation.					Prevailing direction.	Max. pressure.	Daily velocity.			
		Inches.	°	°	°	°	°	°			lb	Miles.	In.		
June	1st	29.560	97.7	79.0	142.0	87.4	81.7	78.3	0.75	S S W & S S E	10.2	217.3	0.09	...	Cirri, cumuli, and overcast. High wind from 6½ to 6¾ P.M. Thunder and lightning from 6½ to 8 P.M. Slight rain at 6½, 7 and 8 P.M.
	2nd	525	96.6	79.9	139.2	88.4	82.6	79.1	.75	S by W S	Cirri and clear.
	3rd	454	98.0	83.7	147.2	89.1	81.8	78.0	.73	S & S S E	Clear, cirri, cirrocumuli and strati.
	4th	470	98.7	83.3	142.7	90.1	82.4	77.8	.68	S E & S	Cirri and strati.
	5th	453	98.5	80.0	128.8	84.1	81.2	79.2	.86	Variable	0.16	...	Chiefly overcast. Thunder from 1 to 3 A.M. Lightning at 9 P.M. Light rain after intervals.
	6th	504	92.6	80.0	141.0	84.6	79.6	76.1	.76	S S W & variable	2.0	124.2	0.03	...	Overcast and cumuli. Sheet lightning from 6½ to 10 P.M. Light rain at midnight, 1 A.M. and 7 P.M.
	7th	580	95.0	80.2	146.0	87.3	81.9	78.7	.76	E S E, S S W & S	1.2	100.8	Cumuli and overcast. Sheet lightning on west from 8 to 11 P.M. Drizzled between 10 and 11 P.M.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

The extreme variation of temperature during the past seven days	...	19.7
The maximum temperature during the past seven days	...	98.7
The maximum temperature during the corresponding period of the past year	...	97.0
The mean humidity during the past seven days	...	0.76
The mean humidity during the corresponding period of the past year	...	0.79
		Inches.
The total fall of rain from 1st to 7th	... { by lower rain gauge	0.28
	... { by anemometer gauge	0.18
Ditto ditto ditto, average of twenty-one previous years	...	2.38
Ditto ditto between the 1st January and the 7th June	...	10.97
Ditto ditto ditto, average of twenty-one previous years	...	13.10

GOPEENATH SEN,

In charge of the Observatory.

The 11th June 1875.

PUBLIC WORKS DEPARTMENT,—BENGAL.

GENERAL ESTABLISHMENT.—No. 261.—The 14th June 1875.

Statement showing heights over mean sea-level and low water on Rivers Ganges, Bhagirathee, and Brahmapootra during the month of May 1875.

Date.	Miles.	RIVER GANGES										RIVER BHAGIRATHEE.				BRAHMAPOOTRA.

PART I.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS.

No. 1569C.S.

GENERAL.—*The 11th May 1875.*—Mr. Herbert Mosley, Officiating Magistrate and Collector of Patna, is appointed to act in the Second Grade of Magistrates and Collectors.

The 9th June 1875.—Mr. Alexander Smith, Magistrate and Collector, Jessore, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the afternoon of the 1st August 1875.

Mr. Frederick William Voysey Peterson is appointed to act as Magistrate and Collector of Jessore during the absence, on leave, of Mr. A. Smith, or until further orders.

Mr. W. Wavell, Magistrate and Collector of Moorshedabad, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the date on which he may be relieved by Mr. Verner.

Mr. W. H. Verner, Joint-Magistrate and Deputy Collector, 24-Pergunnahs, on leave, is appointed to act as Magistrate and Collector of Moorshedabad during the absence, on leave, of Mr. W. Wavell, or until further orders.

The 10th June 1875.—The following Sub-divisional Officers in Gya are vested with the powers of a Collector under Act X (B.C.) of 1871 :—

Mr. Edward Stewart, Sub-divisional Officer, Jehanabad.

Henry Blunt Beames, Sub-divisional Officer, Nowadah.

Baboo Chunder Seeker Banerjee, Sub-divisional Officer, Aurungabad.

Mr. Charles Dickenson Field, M.A. and LL.D., District and Sessions Judge of Moorshedabad, is allowed leave for one month, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the date on which he may be relieved of his duties by Mr. W. F. Meres.

Mr. William Fitzpatrick Mercs is appointed to act as District and Sessions Judge of Moorshedabad during the absence, on leave, of Mr. C. D. Field, or until further orders.

Mr. Anthony John Richards Bainbridge, District and Sessions Judge of Burdwan, is allowed leave for two months and twenty-seven days, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the 3rd July 1875, or such date as he may avail himself of it.

Sir William James Herschel, Bart., is appointed to act as District and Sessions Judge of Burdwan during the absence, on leave, of Mr. A. J. R. Bainbridge, or until further orders.

Mr. Robert Fulton Rampini, Joint-Magistrate and Deputy Collector, Dacca, is appointed to be Assistant and Joint Sessions Judge of the three districts of Darjeeling, Julpigoree, and Cooch Behar, and is vested with the powers of a District Judge, under Section 10, Act VI of 1871.

The 12th June 1875.—Mr. W. H. Page, c.s., reported his departure from India on leave on medical certificate on the 18th May 1875.

The 14th June 1875.—Baboo Protap Narain Sing, Deputy Magistrate and Deputy Collector of Jehanabad, in Burdwan, is vested with the powers of a Collector under Act X of 1870 for the purpose of acquiring land required for a new line of road from Oochalun to Jehanabad.

The 15th June 1875.—Mr. W. Napier Campbell, Officiating Assistant Commissioner, Hazareebagh, is allowed leave on medical certificate for a period of eighteen months, under Section 3, Supplement F, of the Civil Leave Code, together with subsidiary leave for a period not exceeding 30 days.

Mr. E. Stewart, Deputy Magistrate and Deputy Collector, in charge of the Jehanabad Division of the Gya District, is vested with the powers of a Collector under Act X of 1870 for the acquisition of land required for public purposes in Jehanabad.

POLICE.—*The 7th June 1875.*—Major Hardress Edmond Waller, District Superintendent of Police, Monghyr, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the 10th July 1875.

Mr. Charles Jennins, Officiating District Superintendent of Police, Rungpore, is appointed to act as District Superintendent of Police, Monghyr, during the absence, on leave, of Major H. E. Waller, or until further orders.

Mr. Charles Armstrong Fisher, Assistant Superintendent of Police, Jessore, is appointed to act as District Superintendent of Police, Rungpore, during the absence, on duty, of Mr. C. Jennins, or until further orders.

The 10th June 1875.—Captain Alfred Reginald Wilkinson, Personal Assistant to the Inspector-General of Police, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the 25th July 1875, or any subsequent date on which he may avail himself of it.

REGISTRATION.—*The 6th June 1875.*—Baboo Rajkrishna Banerjea, Rural Sub-Registrar of Khurdah, in the 24-Pergunnahs, is appointed to be Special Sub-Registrar at Kishnaghur, in Nuddea.

Baboo Shib Krishna Banerjea is appointed to be Rural Sub-Registrar of Khurdah in the 24-Pergunnahs, *vice* Baboo Rajkrishna Banerjea.

The 15th June 1875.—Pundit Debi Persad, Special Sub-Registrar of Chupra, was on privilege leave from 5th May to 5th June 1875.

Moulvi Budruddin acted as Special Sub-Registrar of Chupra during the absence, on leave, of Pundit Debi Persad.

FORESTS.—*The 9th June 1875.*—Mr. A. L. Home, Deputy Conservator of Forests, in charge of the Soonderbun Division, is promoted from the Third to the Second Grade of Deputy Conservators of Forests, with effect from the 1st April 1875.

OPIMUM.—*The 6th June 1875.*—Mr. Peter John Luard, Assistant Sub-Deputy Opium Agent, Futtehgurh, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the 15th instant.

The 9th June 1875.—Mr. J. S. R. Innes, Officiating Assistant Sub-Deputy Opium Agent, is transferred from the Sudder Factory at Ghazipore to the Gorukpore Division.

MEDICAL.—*The 6th June 1875.*—Assistant Surgeon Jogendro Nath Ghose, House Surgeon to the Second Surgeon's Ward, Medical College Hospital, is appointed to be Demonstrator of Anatomy in the Scaldah Campbell Medical School, *vice* Assistant Surgeon Kristo Lal Dutt, appointed Assistant Secretary to the Central Committee of Management for the Economic Museum, Calcutta.

DECLARATION.

The 15th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the protection of the Railway Bridge and Embankment in the villages of Dooreea, Bahadoorpore, and Dadpore, pergunnah Nowanuggur, zillah Moorshedabad, it is hereby declared that for the above purpose seven pieces of land measuring, more or less, 43 beeghas 5 cottahs and 3 chittacks of standard measurement (bounded as follows) are required within the aforesaid villages:—

In the Village of Dooreea.

Plot No. 1.—Bounded on the north-west by zemindary land cultivated by Unnaddy Mundle, Chand Sheike, Sheike Meahjan, Hiroo Sheike, and by uncultivated land belonging to Doorgaprosad Ghose; on the south-east by land cultivated by Chand Sheike, Mahatab Mundle, Edoo Sheike, Ronce Sheike, Sham Kotal, Meahjan Sheike, and Hiroo Sheike, and by land belonging to Doorgaprosad Ghose; on the east by the Chota Pugla Bridge; on the south by zemindary lands cultivated by Sreemonto Mal, Nobceothosen Sheike, Meahjan Sheike, Ashoddee Mundle, Beekul Mundle, and Abdool Mullick; and on the north by the lands cultivated by Sreemonto Mal, Vadoo Mundle, Meahjan Sheike, Ashoddy Mundle, Toshodok Kazy, and Hiroo Sheike, and some uncultivated zemindary land.

Plot No. 2.—Bounded on the north by the Chota Pugla Nulla; on the south by Doorgaprosad Ghose's land; on the east by side-cutting land; and on the west by Chand Mundle's land.

Plot No. 3.—First piece.—Bounded on the north by land cultivated by Shoojun Lalla; on the south by Mohamud Hoscin's land; on the east by cart road; and on the west by side-cutting land.

2nd piece.—Bounded on the north by Chand Mundle's land; on the south by Gajoo Mullick's land; on the east by cart road; and on the west by side-cutting land.

3rd piece.—Bounded on the north by Nobceot Sheik's land; on the south by Chand Sheik's land; on the east by side-cutting land; and on the west by Beekul Mundle's and Voga Mal's land.

In the Village of Bahadoorpore.

Plot No. 4.—Bounded on the north by the Pugla Diversion; on the south by Taleh Sheik's mango tope and lands cultivated by Meahjan Sheike, Rajib Mal, Tara Mal, Laloo

Kotal, Olce Shahana, Shohobut Sheike, and some uncultivated zemindary land; on the west by Meahjan and Shohobut Sheik's land; and on the east by the boundary line of village Dadpore.

In the Village of Dadpore.

Plot No. 5.—Bounded on the north by the Pugla Diversion; on the south by Ram Dass Sein's zemindary land; on the west by the boundary line of village Bahadoorpore; and on the east by the Pugla Bridge.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 8th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for roads and building purposes at Chandbali, in the village of Panchpara, pergunnah Kaimah, zillah Balasore, it is hereby declared that for the above purpose a piece of land measuring, more or less, 51 acres by computation, bounded on the north by Taluk Chundunpore, belonging to Baboo Kishtomohun Bose; on the east, by the same; on the west, by the same, and also by the Government land at Chandbali; and on the south, by the Government land at Chandbali, and by the Boitoroni River, is required within the aforesaid village of Panchpara.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

The following order, issued by the Government of India in the Military Department, is republished for general information:—

No. 580.—*Simla, the 4th June 1875.*—With the approval of Her Majesty's Government, the Right Hon'ble the Governor-General in Council is pleased to direct the publication of the following rules for the examination of Surgeons of the Indian Medical Service previous to their promotion to the rank of Surgeon-Major under the provisions of clause 2 of the Royal Warrant of the 10th May 1873, published in G. G. O. No. 673, of the 1st July 1873,

This order is applicable to the three Presidencies:—

Rules for the Examination of Surgeons previous to promotion to the rank of Surgeon-Major.

This examination is intended as a test for promotion, and may be taken at any time after the Surgeon has served nine or more years.

When Surgeons have served the requisite time, they will be examined in the following manner:—

A series of printed questions prepared by an Examining Board, consisting of the Principal of the Medical College and any two or more of the Professors he may associate with himself for the purpose, will be sealed and sent by the Surgeon-General to the principal Medical Officers of stations where Surgeons may be eligible for examination. It will be the duty of the principal Medical Officer of the station to deliver these sealed questions to the Surgeons, and to see that they are answered without the assistance of books, notes, or communication with any other person. The answers are to be signed and delivered, sealed, to the principal Medical Officer, who is to send them, unopened, to the Surgeon-General, together with a declaration from the Surgeon himself, or certificate from a superior Medical Officer, if there is one, that he has availed himself of every opportunity of practising surgical operations on the dead body.*

* The Surgeon may see this certificate before it is sent to the Surgeon-General.

The Surgeon is also required to transmit, together with his answers to the Surgeon-General, a medico-topographical account of the station where he may happen to be at the time, or of some other station where he may have been resident sufficiently long to enable him to collect the necessary information for such a report. Failing this, he will send a medico-statistical report of his charge for a period of at least twelve months.

If the Examining Board is satisfied with the replies to the questions, and the Surgeon-General is satisfied with the certificates and with the medico-topographical or statistical report, the Surgeon will be held qualified for promotion.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 1570C.S.

The 6th June 1875—Mr. Richard Herbert Greaves, Officiating Joint-Magistrate and Deputy Collector, in charge of the Kendrapara Division of the Cuttack District, is vested with the powers to try summarily the offences mentioned in Section 222 of the Criminal Procedure Code.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 1st June 1875.—It is hereby notified, under Section 3 of Act XX of 1856, that the provisions of the said Act will have effect from the 1st July 1875 in the Tangail Union, composed of mouzahs Tangail, Akurtakur, Shabalia, Betka with Bowalia, Bazitpore, Ashakpore, Kagmari, Shantosh, Sakrail, Alowa, Belta, Basha, and Khanpore, within police-station Tangail, sub-division Attia, in the district of Mymensing.

Under Section 4 of the above Act, it is also notified that the boundaries of the said Union will be as follows:—

On the north by the river Lohjung, for a part of its course, and the southern margin of the crop-growing fields of Shabalia, Dhul, and Deola.

On the east by the Burai river and the western margin, and the crop-growing fields of Daru Shatia, Nandir Betka, Ashakpore, and Garail.

On the south by the boundaries of villages Kajipore, Char Kajipore, Barotia, and Bhurbarhia.

On the west by the village boundaries of Kabilapara, Gadargati, and Bamafair.

Under Section 10 of the above Act, it is further notified that the tax to be levied in the said Union shall be an assessment according to the circumstances and property to be protected of the persons liable to the same.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 2nd June 1875.—Whereas a plan was submitted under Section 2 of Act V (B.C.) of 1873 for extending gas-lighting to certain portions of the town of Howrah, as published in the Government Notification dated 1st May 1875, and whereas no objections have been raised to, or any alterations suggested in, such plan within one month after a translation of it in the vernacular had been published in the town aforesaid, the Lieutenant-Governor is pleased to accord his sanction to the said plan, which is described below :—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the Grand Trunk road which lies between Ramkistopore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road and Ghosery Road. The total length of these roads is $2\frac{1}{2}$ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from the general fund during the current official year.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 7th June 1875.—It is hereby notified that under the provisions of Section 68 of Act VI (B.C.) of 1870 (the Village Chowkedaree Act), the Lieutenant-Governor is pleased to authorize the extension of that Act to the districts of Patna, Shahabad, Durbhungah, and Sarun. The Act shall have effect in the whole of these districts from the 1st of July 1875.

The Lieutenant-Governor is also pleased to extend the said Act to the Sudder subdivision of Mozufferpore from the 1st of July 1875, and to the entire district of Mozufferpore from the 1st of April 1876.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 8th June 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-districts, having the head-quarters and local jurisdictions shown opposite their names. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the persons named below to be Sub-Registrars of the said sub-districts :—

District.	Name of new sub-districts.	Head-quarters.	Thanas included in jurisdiction.	Sub-Registrars appointed.
24-Pergunnahs...	Busseerhat ...	Busseerhat ...	Busseerhat, Harwa, and Hasnabad ...	Baboo Sridhur Roy.
Dinagapore ...	Raygunj ...	Raygunj ...	Hemtabad and Kaliyaganj ...	Janoki Gir Gosain.
Rungpore ...	Foranbāri ...	Foranbāri ...	Foranbāri ...	Bipin Mohan Sehā-navi

These changes will take effect on and from the 15th June 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 12th June 1875.—It is hereby notified that under Section 3, Regulation VI of 1819, the Lieutenant-Governor has been pleased to declare public the ferry over the Shatbaria River, between the villages of Shirepore on the east bank and Tangabari on the west bank, within thana Kutwali, in the district of Backergunge.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 14th June 1875.—The following Rules for the election of Municipal Commissioners for the Town of Burdwan, sanctioned by the Lieutenant-Governor of Bengal on 2nd June 1875, under Section 1 of Bengal Act II of 1873, are hereby published for general information. They will come into effect from the 1st January 1876 :—

There shall be eighteen Municipal Commissioners, of whom twelve shall be elected by the rate-payers, and six shall be appointed by the Lieutenant-Governor.

2. Any man of full age, who is a resident within municipal limits, or within three miles thereof, who is himself a rate-payer, who can read and write, and who has never been convicted of a non-bailable offence, may be proposed for election.

3. The municipal jurisdiction of Burdwan shall be divided into four quarters or wards, which shall each return three members, viz :—

Ward A.

Rancegunge, Nuskurdighee, Bajaprotappore, Shadhinpore, Doobraj, Rusickpore, Bahirsorbomongola, Baboorbag, Keshubgunge, Bhobanectakoor, Mutapokoor, Boyratolah, Nareekelbagan, Mohajunttoolee, Paikinarapara, Gooroodasir Pahar, Boheelapara, Radhanuggur, Pratappore, Burhatta, Kallybazar, Hafeezoolarber, Toilmarooc, Peelkhanah, Nawabdustkiam, Teecapara, Borobazar, Mungolapara, Narce, Mooruthmohulla, Peeritpara, Shambazar, Peerbaharam, Poorutunchuck, Mungletoolee, Shahachetun, Ghorashabid, Aheerparah, Dhobaparah, Hajeedangah, Komulnuggur, and Khararpahar.

Ward B.

Borehaut, Chelloputty, Kajeerhaut, Godah, Teerkarhat, Kajeerher, Lacoordee, Paharpore, Karrapotta, Bhoobunessur, Rajgunge, Kotalhaut, Dhograsohid, Nootungunge Chuck, and Dungaparah.

Ward C.

Ichlabazar, Sealdangah, Kanienutshal, Gopalnuggur, Boro and Chota Nilpore, Aishhatta Beecherhaut, Meerchopah, Nootungram Juguthur, Mearher, Buldungah, Dhamrye, Sankarcepokur, Parburhatta, Golahat, Bhatchala, Bungpore, Aheermohal, Khojanorber, and Niskinbazar.

Ward D.

Tarini Mohulla, Alungunge, Allygunge, Kustoghorah, Rugoonathpore, Mohunbag, Tejgunge, Bulamhaut, Fokeerpore, Idilpore, Mateebag, Rampore, Meerjapore, Khurgesseer, Shadewool, and Kanchunuggur.

4. Notices of vacancies on the Committee will be issued each year in January. Any two rate-payers may nominate a candidate, and may inform the Magistrate of his candidature on any date not later than the last day of February. The Magistrate shall ascertain if the candidate accepts the nomination and is qualified under the rules; and if so, he shall notify such candidature at the cutcherry and at one or more police-stations in the town, as he may see fit. Such notification shall state the name, residence, and qualification of the candidate.

5. If any rate-payer object to the eligibility of any candidate, he may on some date, not later than the 6th March, notify such objection in writing to the Magistrate, who shall hear and finally decide any question of eligibility. On the 10th March the final list of candidates shall be notified at the cutcherry and in at least one conspicuous place in each quarter.

6. The Municipal Commissioners shall appoint a Sub-Committee of three of their number to assist the Magistrate in carrying out the following rules regarding election.

The Magistrate shall decide on what day, not later than the 25th March, the election shall be held, and he shall notify such decision at the cutcherry and in at least one place in each quarter.

7. As soon as possible after the publication of these rules, the Magistrate shall prepare a list of all the persons who paid any rate on houses or lands in each ward during the year ending on the 31st December next preceding. A copy of the list shall be exposed to view at the Magistrate's and at the Municipal Office; and a copy of so much of the list as relates to each quarter shall be affixed at some police-station or other accessible public place in each quarter of the town. All persons mentioned in the list who have paid the rates due from them up to the 31st December preceding shall be entitled to a vote in the election of Municipal Commissioners for the wards.

8. No rate-payer shall have a vote for more than one person or in more than one ward.

9. Votes shall be recorded by such polling clerks as may be appointed by the Chairman of the Commissioners. There shall be at least one polling clerk for each polling place, who shall stay at the polling place for such hours as the Magistrate may fix on the day of the poll. Each rate-payer who desires to record his vote shall attend at the polling place, and shall state his name and residence. The polling clerk shall verify from the list of voters of the quarter whether the intending voter is entitled to a vote for that quarter; and if he is so entitled, he shall record his vote against the rate-payer's name in the list of electors for the ward. The Election Sub-Committee of the Commissioners shall, acting under the Magistrate's instructions, make such arrangements as they see fit for identifying voters in cases of doubt; and in any case of doubt as to the validity of a vote, or as to the identity of a voter, the decision of the Sub-Committee and the Magistrate shall be final.

10. At sunset of the day of the poll, the poll shall be closed and the registers of the polling clerks shall be scrutinised by the Magistrate and the Election Sub-Committee, whose decision upon any doubtful point shall be final. The candidates who may stand highest on the poll of their quarter shall be declared to be duly elected.

11. The result of the poll shall be notified throughout the municipality, and shall be reported to Government for publication in the *Gazette*. The candidates declared to be duly elected shall hold office from the 1st April next succeeding the day of their election.

12. All costs incurred in carrying out the arrangements for the election shall be paid from Municipal Funds.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 5th June 1875.—It is hereby notified that the Lieutenant-Governor has been pleased to sanction the removal of the Sub-Registry Office at Gaila, in the district of Backergunge, from that place to Gaurnadi. The change will have effect from the 1st of July next.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 4th June 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-district, having the head-quarters and local jurisdiction shown opposite the name. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the person named below to be Sub-Registrar of the said sub-district:—

DISTRICT.	Name of new sub-district.	Head-Quarters.	Thana included in jurisdiction	Sub-Registrar appointed.
Burdwan	Rayna	Rayna	Rayna	Bahadur Saroda Prosad Chaudhuri.

This change will take effect on and from the 1st July 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 5th June 1875.—The Lieutenant-Governor is pleased to authorize the President of the Commission for the Inspection of Steam-boilers, acting on the report of the Inspector appointed under Act VI (B.C.) of 1864, to revoke or suspend any certificate already granted, or to be granted, under the said Act, on the ground that the boiler or prime-mover in respect of which it has been granted is not in charge of a person competent to have charge of the same.

His Honor is also pleased generally to appoint the Chief Engineer of the Government Dockyard as the person to whom the owner of such boiler or prime-mover, or the person so in charge as aforesaid, may apply if dissatisfied with such revocation or suspension, and to

authorize him, if he is so satisfied, to grant a writing under his signature to the effect that the person so in charge as aforesaid is a person competent to have charge of a boiler or prime-mover.

These orders are passed under the authority vested in the Lieutenant-Governor under Section 1, Act III (B.C.) of 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 17th May 1875.—Under the powers vested in the Lieutenant-Governor by Section 2 of Act II (B.C.) of 1867 (an Act for the punishment of public gambling and the keeping of common gaming-houses), His Honor is pleased to authorize the extension of the provisions of Section 11 of the said Act within the following limits, being those of the Jhalda Union, in the district of Maunbhoom:—

On the north bounded by Kopilla Hill; on the west by Daurak Hill; on the south by Sham River; and on the east by Shorisha River.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 17th May 1875.—Under the provisions of Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor is pleased to direct that in modification of the notification published in the *Calcutta Gazette* of the 10th February last, the jurisdiction of the Kurigram Rural Sub-Registry Office, in the district of Rungpore, shall be conterminous with that of the sub-division of the same name formed on the 1st instant, and notified in the *Calcutta Gazette* of the 28th April last.

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 31st May 1875.—It is hereby notified that the Lieutenant-Governor has been pleased to sanction the transfer of the head-quarters of the Sub-Registry Office at Debipore, in the district of 24-Pergunnahs, from that place to Hansuri, and the appointment of Baboo Grish Chunder Bose to be sub-registrar in the place of Moulvi Berhanuddin Mahomed, removed.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 31st May 1875.—It is hereby notified that the Lieutenant-Governor has been pleased, under the provisions of Act VIII of 1859, to exempt the following gentlemen, being sons of His Highness the Nawab Nazim, in the district of Moorshedabad, from personal attendance in the Civil Courts:—

1. Keivan Kudr Ahamed Ali Mirza, otherwise called Miran Saheb.
2. Asman Kudr Assud Ali Mirza, otherwise called Sooba Saheb.
3. Sornija Kudr Mahomed Tuki Mirza, otherwise called Syud Saheb.
4. Fulluck Kudr Nesir Ali Mirza, otherwise called Chotu Saheb.
5. Khoorshed Kudr Eskunder Ali Mirza, otherwise called Sultan Saheb.
6. Daood Kudr Khakun Mirza, otherwise called Bhoodhun Saheb.
7. Khoosree Kudr Bairum Mirza, otherwise called Bairum Saheb.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 27th May 1875.—Under the provisions of Section 5 of the Indian Registration Act No. VIII of 1871, the Lieutenant-Governor has been pleased to sanction the formation of a new sub-district in the district of Midnapore, with head-quarters at Egra, comprising the thanas of Egra and Pataspore, at present included under the sub-district of Dantoon. The latter sub-district will henceforth be restricted to the thanas Dantoon, Gopibullubpore, and Narayunghur, thana Roghunathpore being reattached to the sub-district of Contai.

His Honor is also pleased, under Section 7 of the Act, to appoint Baboo Tarachand Mojoomdar to be sub-registrar within the new sub-district of Egra.

This notification will take effect from the 1st June 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 21st May 1875.—The following new Members have been elected as Municipal Commissioners for the Serampore Municipality, under the provisions of Act II (B.C.) of 1873.

Ward No. 1—Serampore, Chattra, and Bullbupore.

- 1 Baboo Dwarka Nath Banerjee.
- 2 „ Radhakissur Gossain.
- 3 „ Brindabun Chundra Roy.

Ward No. 2—Mohesh, Rishera, and Jehunagor.

- 1 Baboo Shibo Doss Banerjee.

Ward No. 3—Konuagor and Aliaugor.

- 1 Baboo Jodugopal Chatterjee.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 21st May 1875.—Whereas, an application was made to Government by the residents of Sahebgunge in the district of the Sonthal Pergunnahs, praying for the extension of Act XXVI of 1850 (entitled an Act to enable improvements to be made in towns), into the said town of Sahebgunge, and whereas, it appears, from a report received from the Commissioner of Bhagulpore, that no objections have been preferred against the application within the time fixed in the Government Notification of the 15th March 1875, which was issued in accordance with the provisions of Section 3, Act XXVI of 1850, and was duly proclaimed within the said town, the Lieutenant-Governor is pleased to authorize, under the provisions of Section 4 of Act XXVI of 1850, and the powers vested in him by the Sonthal Regulation, the extension of the Act in question to the town of Sahebgunge, for the purpose of making better provision for constructing, repairing, cleaning, lighting, and watching the public streets, roads, and tanks, and for the prevention of nuisance, as also for improving the said town of Sahebgunge generally.

The Lieutenant-Governor is also pleased to sanction the appointment of the gentlemen named below to be the Municipal Commissioners for the town of Sahebgunge.

1. The Rajmehal Sub-divisional Officer for the time being.
2. Mr. J. Hudson, District Traffic Superintendent, East India Railway.
3. „ A Bull Contractor.
4. „ R. M. Young, Locomotive Foreman, East India Railway.
5. Baboo Gopee Nath Ghose, Merchant.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

The unexpired portion of his leave is cancelled.

F. T. HAIG, Col., R.E.,
Jt.-Secy. to the Govt. of Bengal,
in the P. W. D., Irrigation Branch.

HIGH COURT NOTICES.

Circular Order by the High Court of Judicature at Fort William in Bengal.

Circular Order No. 4.

Dated Calcutta, the 20th May 1875.

MUCH inconvenience being caused by the unpunctual and irregular submission of Civil and Criminal Statements by Judicial Officers, the Court are pleased to intimate, for the guidance of Judicial Commissioners, Judges, and Magistrates, that the several Returns and State-

ments should be invariably despatched on or before the dates noted in respect of each:—

1. Monthly Statements on the 15th of the month following.
2. Quarterly Statements on the 20th of the month following the expiration of the quarter.
3. Annual Statements on the 15th February of the year following that to which they relate.

2. As regards the Administration Reports, the attention of District and Sessions Judges is drawn to the late Sudder Court's Circular Order No. 107, dated 25th November 1850, which has never been superseded, and which fixes the 1st February as the latest date for submission of the Annual Reports; that time the Court are now pleased to extend to the 15th February, by which date the Reports must be invariably despatched.

3. Subordinate Courts of all kinds should be strictly required to submit their Returns in time to enable their superiors to comply with this order.

4. Circular Order No. 26, dated 11th September 1867, paragraph 1, is superseded as regards the date of submission of Quarterly Statements.

Circular Order No. 5.

Dated Calcutta, the 22nd May 1875.

It having been brought to the notice of the High Court that, in suits against Government, or against an officer of Government in his official capacity, as well as in suits relating to wards of Court, plaints are frequently drawn up with an inaccurate designation of the defendant, and an entire disregard of the requirements of the law as to

the manner in which he should be described, the attention of all Civil Courts subject to the control of the High Court is drawn to the subject.

2. In all suits against the Government, or one of its officers in his official capacity, the requirements of the Code of Civil Procedure (Act VIII of 1859), Section 26, Clause 6, should be carefully observed, and no other officer named, or description inserted, than what is there prescribed. And in the case of suits against a ward of Court, the defendant should be described in the manner set forth in Act IV (B.C.) of 1870, Section 69.

3. When the plaint contains a description of the defendant not in conformity with the law, the duty of the Court in which it is presented will be invariably to return it for amendment.

By order of the High Court,

W. M. SOUTTAR, Registrar.

The Calcutta Gazette.

WEDNESDAY, JUNE 16, 1875.

PART II.

Advertisements.

(N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.)

NOTICE is hereby given that the proprietary rights of Government, as specified in the condition of sale below, in the undermentioned estates situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 24th July 1875, corresponding with 9th Srabon 1282 B. S. and 6th Srabon 1282 P. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary rights of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on re-settlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the expiry of the existing settlement with year ending 31st March 1902 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings, and by the laws in force: the purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

ECCLESIASTICAL.

THE Reverend Andrew Nathaniel Wadham Spens, Officiating Senior Chaplain of St. Paul's Cathedral, Calcutta, has been appointed, during the absence on furlough of the Reverend Brownlow Thomas Atlay, by the Lord Bishop of Calcutta, to act as Commissary in Calcutta during the absence of the Bishop and the Archdeacon on visitation.

CALCUTTA, the 15th June 1875.

CHAS. SANDERSON, *Registrar and Secretary.*

TREASURY NOTICES.

CAPTAIN W. HOPKINSON, Assistant Commissioner, has been placed in charge of the Lohardugga Treasury, and authorized to draw bills on other treasuries.

W. LEF. ROBINSON, *Commr. of Chota Nagpore.*

CHOTA NAGPORE, the 5th June 1875.

MR. D. NORTON, Assistant Collector, was placed in charge of the Midnapore Treasury from the 15th to 30th May 1875, and authorized to draw bills on other treasuries.

BURDWAN, the 10th June 1875.

C. T. BUCKLAND, *Commissioner of Burdwan.*

EDUCATIONAL NOTICES.

BABOO DWARKA PROSHAD, Deputy Inspector of Schools, Purneah, was granted privilege leave of absence for one month from the 1st instant.

By order,

BHAGULPORE, the 7th June 1875.

S. P. CHATTERJEE, *Personal Asst. to Commr.*

It is hereby notified, under paragraph 8 of the Junior Scholarship Rules, that six Junior Scholarships of the 2nd Grade and twelve of the 3rd Grade, allotted to the Burdwan Division, have been distributed as follows:—

Hooghly and Howrah	... 6
Burdwan	... 5
Midnapore	... 3
Bankoora	... 2
Beerbhoom	... 2
Total	... 18

The grade of scholarships will be determined by the marks obtained by the successful candidates in the divisional list.

It is also notified, in accordance with paragraph 10 of the rules, that not less than one-half of the scholarships will be awarded to such students as have qualified in Drawing, Surveying, and Physical Geography. The examination in these subjects will be held in the zillah schools of Bankoora, Beerbhoom, Midnapore, and in the Hooghly Normal School, before the first week of October next, on dates which will be notified hereafter. For further information candidates may apply to the Inspector of Schools, Western Circle, Chinsurah.

C. T. BUCKLAND, *Commissioner.*

OPIUM NOTIFICATION.

No. 617B.

NOTICE is hereby given that the Seventh Sale of Opium, the Provision of 1873-74, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 7th July 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

					Chests.
Behar	Opium	2,150
Benares	„	1,600
Total ...					3,750

2. The general conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 16th November 1874 and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 12th and 22nd July 1875 respectively; that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Monday, the 12th July 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Thursday, the 22nd July 1875.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so:—

DATES.		Behar, about Chests.	Benares, about Chests.	Total, about Chests.
On or about Thursday, 5th August 1875	...	2,150	1,600	3,750
On or about Monday, 6th September	„	2,150	1,600	3,750
On or about Friday, 1st October	„	2,150	1,600	3,750
On or about Thursday, 4th November	„	2,150	1,600	3,750
On or about Friday, 3rd December	„	2,150	1,600	3,750
Total	...	10,750	8,000	18,750

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary*.

BOARD OF REVENUE, L. P., FORT WILLIAM, the 1st June 1875.

NOTICE.

No. 501B.

WITH reference to paragraph 18 of the general notification published on the 16th November 1874, it is hereby notified that the Agents of the French Government applied for the reservation of 300 chests of opium from the quantity advertised for sale on the 5th April, but did not pay for them within the prescribed period, and that the Government will cause the opium so reserved to be sold at a sale held expressly for the purpose, of the date of which due notice will be given hereafter.

By order of the Member in charge,

BOARD OF REVENUE, L.P., FORT WILLIAM, the 3rd May 1875. W. H. GRIMLEY, *Offg. Secy.*

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary.*

BOARD OF REVENUE, L. P., FORT WILLIAM, the 8th June 1875.

NOTICE is hereby given that the proprietary right of Government, as specified in the condition of sale below, to the under-mentioned estate, situate in the district of Monghyr, will be put up to sale at the Monghyr Collectorate, on the 23rd September 1875, corresponding with 13th Assin 1283 F.S.

The purchasers of this estate will be subject to the following conditions of sale:—

(1.) The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If, on resettlement, he should refuse to engage, he will be entitled to malikana. The estate will be sold, subject, up to the expiry of the existing settlement, in the year ending 31st March 1902 A.D., to the Government revenue against it, to the highest bidder above the upset price.

(2.) The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators, who have signed the schedule of assessment prepared by the revenue authorities.

(3.) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(4.) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after the issue of advertisement, as in the case of original sale.

LAND SALE NOTICES.

NOTICE is hereby given, under Section 6, Act XI of 1859, that the undermentioned estates in the district of Nuddea will be put up to public and unreserved sale at the Collector's office of that district, on the 17th day of June 1875, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue, due on the 29th day of March 1875.

Class I.—Permanently-settled Estates.

No. 17.—Dehi Alpha, pergunnah Bagwan; recorded proprietors Shantiram Rai and others; sudder jumma of the entire estate, Rs. 8,670-5-3, and police, Rs. 96-3-7. The share of Shantiram Rai and others in the estate, bearing sudder jumma Rs. 4,046-2-2½, and police, Rs. 44-14-8, will be sold for recovery of Rs. 237-15-11, on account of arrears of Government revenue. The shares of Rama Soondery Burmania and others, the total sudder jumma of which is Rs. 4,624-3-0½, and police, Rs. 51-4-11, will be exempted from sale, as separate accounts have been opened, and a portion of the Government revenue due from them has been paid.

No. 117.—Dehi Chandi, pergunnah Pajpore; recorded proprietors Mr. John Cockrane, Official Assignee, and others; sudder jumma of the entire estate, Rs. 10,246-2-8, and police, Rs. 129-2-4. The share of Mr. John Cockrane and others in the estate, bearing a sudder jumma of Rs. 4,422-6-10, and police, Rs. 55-12-2, will be sold for recovery of arrears, Rs. 239-15-10, on account of Government revenue. The share of the other proprietors, Soorendronath Paul Chowdhuri and others, the total sudder jumma of which is Rs. 5,823-11-10, and police, Rs. 73-6-2, will be exempted from sale, as they have opened a separate account, and the Government revenue due from them has been paid.

No. 399.—Pergunnah Ukra, pergunnah Ukra; recorded proprietors Brindaban Chandra Sirkar Chowdhuri and others; sudder jumma of the entire estate, Rs. 61,546-4-2, and police, Rs. 326-4-8. The share of Brindaban Chandra and Srish Chandra Sirkar Chowdhuri in the estate, bearing sudder jumma Rs. 7,697-10-4, and police, Rs. 40-12-7, on account of which separate account has been opened in No. 399-3, will be sold for recovery of Rs. 1,010-5-3, on account of arrears of Government revenue.

No. 423.—Dehi Peerpore, pergunnah Moonsibpore; recorded proprietors Moonshi Fuzzulall Korim and others; sudder jumma of the entire estate, Rs. 4,463-9-5, and police, Rs. 48-13-1. The share of Moonshi Fuzzulall Korim and others, bearing sudder jumma Rs. 3,032-9-5½, and police, Rs. 33-1-11½, will be sold for recovery of Rs. 128-4-3, due on account of Government revenue. The share of other proprietors, Doya Mohi Debia and others, sudder jumma Rs. 1,430-15-11½, and police, Rs. 15-11-1½, will be exempted from sale, as they have separate accounts, and have paid the Government revenue due.

No. 433.—Kismut Rai Balli, pergunnah Bagwan; recorded proprietors Khudiram Rai and others; sudder jumma, Rs. 747-11-9, and police, Rs. 17-1-1. The share of Khudiram Rai and others, bearing sudder jumma Rs. 75-10-7½, and police, annas 15-5¼, will be sold for recovery of Rs. 14-11-3½, on account of Government revenue. The share of other proprietors, Dwarkanath Biswas and others, bearing sudder jumma Rs. 672-1-1½, and police, Rs. 16-1-7¼, will be exempted from sale, as they have separate accounts, and have paid the Government revenue.

No. 438.—Taraf Ranaghat, taraf Ranaghat; recorded proprietors Issur Chandra Pal Chowdhuri and others; sudder jumma of the entire estate Rs. 1,559-14-3, and police, Rs. 15-10-3. The share of Issur Chandra Pal Chowdhuri and others in the estate, bearing a sudder jumma of Rs. 364-14-10, and police, Rs. 3-15-1, will be sold for recovery of Rs. 43-2-10, on account of arrears of Government revenue. The share of the other proprietors, Raduanmoya Dey Chowdhuri and others, the sudder jumma of which is Rs. 994-15-5, and police, Rs. 11-11-2, will be exempted from sale, as they have opened separate accounts, and have paid the Government revenue.

No. 491.—Debi Shadipore, pergunnah Rajpore; recorded proprietors Madhub Gati Mitra Moostafi and others; sudder jumma of the entire estate, Rs. 18,263-14-9. The share belonging to Shibnarain Chetangee (sole purchaser), bearing sudder jumma Rs. 168-2-0¼, will be sold for recovery of arrears, Rs. 89, on account of Government revenue. The share of other proprietors, Bhubanjaya Acharji and others, the total sudder jumma of which is Rs. 18,095-12-8¾, will be exempted from sale, as they have opened a separate account.

G. C. STEVENS, Collector.

Tanner, Deputy Assistant Commissary, Bengal Ordinance Department, and rated in the Office of the Examiner of Ordinance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. Price Rs. 24; packing and postage, Re. 1-12.

••• The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

NOTICE.

THE Lieutenant-Governor will leave Darjeeling on the 1st proximo *en route* for Cooch Behar, Dhooobree, Gowhatty, Dacca, and Calcutta, at which latter place he will arrive probably about July the 22nd. In connection with the above, it is requested that all letters and papers for His Honor, the Junior and Private Secretaries, except those from the portion of the Secretariat remaining at Darjeeling, may be addressed, on and after the 28th instant, to the care of the Post-Master, Calcutta.

F. P. STAPLES, *Surgeon-Major,*
Officiating Private Secretary.

DARJEELING, the 20th June 1875.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS.

No. 1587C.S.

GENERAL.—*The 11th June 1875.*—Mr. Joseph Posford, Officiating Joint-Magistrate and Deputy Collector, in charge of the Madaripore Division of the Puredpore district, is appointed to have charge of the Goalundo Division of that district.

Mr. Alexander John Fraser, Deputy Magistrate and Deputy Collector, Backergunge, is appointed to have charge of the Madaripore Division of the Puredpore district.

The 12th June 1875.—Mr. Andrew George Wilson, Assistant Commissioner, Hazareebagh, is appointed to have temporary charge of the Pachumba Division of that district, until relieved by Baboo Deno Nath Mookerjee, Deputy Magistrate and Deputy Collector.

Lieutenant J. Rivett-Carnac, Officiating Assistant Commissioner, Lohardugga, is transferred temporarily to the Sudder Station of Hazareebagh.

Baboo Deno Nath Mookerjee, Personal Assistant to the Commissioner of Cooch Behar, on leave, is appointed to be a Deputy Magistrate and Deputy Collector in Hazareebagh, and to have charge of the Pachumba Division of that district.

Mr. Robert Home Renny, Deputy Magistrate and Deputy Collector, in charge of the Buxa Division of the Julpigoree district, is allowed leave for three months, under Section 21, Chapter VI, of the Civil Leave Code.

Mr. Aratoon Catchick Mackertich, Deputy Magistrate and Deputy Collector, in charge of the Goalundo Division of the Furreedpore district, is transferred to Julpigoree.

Mr. Thomas Edward Coxhead, Officiating Joint-Magistrate and Deputy Collector, Dinagepore, is transferred to Rungpore.

The 15th June 1875.—The services of Captain A. L. Playfair, late Superintendent of the Hazareebagh Jails, are replaced at the disposal of the Government of India in the Military Department.

The 16th June 1875.—Mr. Ernest Montagu Money, Assistant Magistrate and Collector, having reported his return from furlough on the 30th May 1875, is allowed subsidiary leave for a period not exceeding thirty days, to enable him to join his appointment at Sectamurhee.

Major Edward Yeamans Walcott, Assistant Commissioner, Manbhoom, having resumed charge of his duties on the 6th May 1875, the unexpired portion of the leave granted to him in orders of the 13th April 1875 is cancelled.

The 17th June 1875.—Mr. Henry Murray Tobin, Assistant Magistrate and Collector, RaneeGUNGE, is vested with the powers of a Collector under Act X of 1870 for the purpose of acquiring land required by the East Indian Railway Company for bungalow sites at Assensole, in the district of Burdwan.

The 19th June 1875.—Moonshee Shama Churn Canoongoe, of Arrah, is appointed temporarily to be a Sub-Deputy Collector of the Second Grade in Sarun for Emigration work. This cancels the appointment of Moonshee Toolshee Pershad, who was appointed to this post under orders of the 19th May 1875.

The 22nd June 1875.—Mr. Anthony John Richards Bainbridge, District and Sessions Judge of Burdwan, is permitted to avail himself of the privilege leave granted to him in orders of the 10th instant, from the 2nd July 1875, or from any subsequent date on which he may avail himself of it, instead of from the 3rd July 1875, as previously notified.

Mr. George Stevenson, Assistant Magistrate and Collector, in charge of the Bhudruck Division of the Balasore district, is allowed leave for 20 days, to enable him to appear at the High Proficiency Examination in Oorya to be held in Calcutta in July 1875, with effect from the 28th instant.

ECCLESIASTICAL.—*The 19th June 1875.*—The services of the Rev. C. E. Wheeler, Chaplain of Bankipore, are placed at the disposal of the Government of India in the Home Department.

The services of the Rev. W. Brock, Chaplain of Barrackpore, are placed temporarily at the disposal of the Government of India in the Home Department.

The Rev. D. B. Morris, Chaplain of Howrah, is appointed to act as Chaplain of Barrackpore during the absence, on deputation, of the Rev. W. Brock, or until further orders.

The Rev. J. W. Coc, Principal of Bishop's College, is appointed to act as Chaplain of Howrah during the absence, on deputation, of the Rev. D. B. Morris, or until further orders.

REGISTRATION.—*The 22nd June 1875.*—Captain W. Hopkinson, Assistant Commissioner, Lohardugga, is appointed to be also Sub-Registrar of Ranchee, *vice* Lieutenant L. J. H. Grey.

EDUCATION.—*The 12th June 1875.*—Baboo Brojo Mohon Roy, Deputy Magistrate and Deputy Collector, Rungpore, is appointed to be a member of the District School Committee in that district, *vice* Baboo Kristo Coomar Sen, transferred.

The 19th June 1875.—Captain W. Hopkinson, Assistant Commissioner, Lohardugga, is appointed to be a member of the District School Committee at that place.

OPIMUM.—*The 22nd June 1875.*—Mr. H. F. Drummond, Assistant Sub-Deputy Opium Agent, Moughyr, is allowed leave for one month, under Section 21, Chapter VI, of the Civil Leave Code, with effect from the 25th June 1875.

MEDICAL.—*The 17th June 1875.*—Assistant Surgeon Dhurmo Das Bose, House Surgeon to the First Surgeon's Ward in the Medical College Hospital, is appointed to do duty as a Supernumerary Assistant Surgeon in that hospital, with effect from the date on which he may be relieved of his present duties.

Assistant Surgeon Rajendro Chunder Mitter, attached to the Lalgola Charitable Dispensary, is appointed to be House Surgeon to the First Surgeon's Ward in the Medical College Hospital, *vice* Assistant Surgeon Dhurmo Das Bose.

Baboo Brojendra Nath Sen is appointed to have medical charge of the Lalgola Charitable Dispensary, *vice* Assistant Surgeon Rajendro Chunder Mitter.

Assistant Surgeon Dhurmo Das Bose, Supernumerary Assistant Surgeon at the Presidency, is allowed leave for two years without pay, under Section 9, Supplement F, of the Civil Leave Code, with effect from the 20th June 1875.

The 18th June 1875.—The following gentlemen are appointed to be members for the management of the Charitable Dispensary at Hooghly :—

Surgeon-Major R. F. Thompson, Civil Surgeon, Hooghly.

Baboo Peary Mohun Mookerjee, Zemindar.

„ Satcowry Ghose, Head Master, Dwarbasiny School.

„ Kedar Nath Chatterjee.

The 19th June 1875.—The orders of the 31st May 1875, published in the *Calcutta Gazette* of the 2nd instant, appointing Surgeon W. A. Duke to have temporary charge of the Lock Hospital at Dum-Dum, will have effect from the 18th November 1874.

The services of Assistant Surgeon Omesh Chunder Mitter, a Supernumerary at the Presidency, are placed at the disposal of the Government of India in the Public Works Department.

The 22nd June 1875.—The orders of the 15th May 1875, published in the *Calcutta Gazette* of the 26th idem, granting one month's privilege leave to Surgeon William Day Stewart, Officiating Civil Surgeon of Cuttack, are cancelled at his own request.

This also cancels the application of Surgeon J. Ridings, 41st Madras Native Infantry, to act as Civil Surgeon of Cuttack during Dr. Stewart's absence on leave.

Surgeon W. H. Jameson, M.D., in medical charge, C. 11th Royal Artillery, is appointed to the charge of the Lock Hospital at Dinapore, during the absence, on leave, of Surgeon A. B. Seaman, Second N. L. I., or until further orders.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

SUBORDINATE CIVIL SERVICE EXAMINATION, 1875.

*Calcutta, the 22nd June 1875.***RESOLUTION.****READ—**

Letter No. 71, dated 1st May 1875, from the Superintendent of Subordinate Civil Service Examinations, reporting the result of the examination held in February and March last at Hooghly, Patna, Cuttack, and Sylhet.

Read again—

His report on the result of the examination held in 1874 and the orders of Government thereon.

Read also—

Resolution of this Government, in the General Department (Section B.), dated 10th March last, intimating to certain Acting Deputy Magistrates and Deputy Collectors that their retention in the public service depends entirely on their passing the examination to which they are respectively liable.

IN passing orders on the report of the result of the Native Civil Service Examination held in 1874, Sir Richard Temple directed that in future the standard of proficiency to be exacted at the next examination should be considerably raised, and it was subsequently arranged, in communication with Mr. Grimley, that candidates for the examination would be required to obtain two-thirds of the marks in each paper and subject to entitle them to be passed by the higher standard, and one-half marks in each paper and subject to be passed by the lower standard. The effect of this arrangement has been to reduce greatly the number of candidates who presented themselves for examination as well as the proportion among them, as compared with previous results, who succeeded in passing at the recent examination.

2. The examination was held in February and March last at Hooghly, Patna, Cuttack, and Sylhet. Of 92 candidates who obtained permission to appear, 78 only went through the examination, and of these two only have fully passed by the higher and five by the lower standard. On the special recommendation, however, of the Superintendent of the examination, the Lieutenant-Governor is pleased to declare that two other gentlemen, who already hold appointments in the Native Civil Service, viz. Moonshee Waziuddin Ahmud and Moonshee Dumreelal have passed by the higher grade, with this condition, however, in the case of the latter officer, that he shall pass in law within a year at the departmental examination to be held for Assistant Collectors and others.

3. Similarly, on the recommendation of the Superintendent of the examination, the Lieutenant-Governor is pleased to allow twelve other candidates, who are named in the list appended to this Resolution, to be passed conditionally on their passing a year hence in the subjects in which they have failed, but in the meantime their certificates will be withheld from them. On the recommendation of the Commissioner of Patna, His Honor is also pleased to allow Baboo Ramlal, junior canoeo of Chupra, who has passed by the lower standard in the vernacular and in practical surveying only, to retain his appointment on condition of his passing in the remaining subjects within one year.

4. Of two candidates who appeared at the special examination for admission to the Opium Department, one only, Mr. Gennoe, has passed. Similarly of those who appeared at the examination for Police appointments, Mr. Shireore only has passed completely. Mr. Graham, however, who already holds an appointment as Acting Assistant Superintendent, has gained passing marks in law, and is, on the recommendation of the Superintendent of the examination, declared to have passed subject to his passing in the vernacular at the departmental examination within a year.

5. Of seven gentlemen holding appointments in the Opium Department who appeared for examination in the special subjects in which they have to pass under the rules of their department, Messrs. Wintle, Ryves, and Mathews have now completely passed. Mr. Blair will still be subject to examination in surveying and Mr. Cumberland in Hindustani.

6. Adding to the balance brought forward from last year the sum of Rs. 2,562 realized in fees, the amount available to meet the expenses of the late examination is Rs. 3,414. Against this the Lieutenant-Governor is pleased to sanction an expenditure of Rs. 3,002, the details of which are shown in the statement appended to this Resolution. There will then remain a small balance to meet any claims which may be made for refunds, &c.

7. The total number of candidates who have passed at the Native Civil Service Examinations since their institution is as follows :—

	For the higher grade.	For the lower grade.	Total.
1872	19	1	19
1873	104	53	157
1874	76	125	201
1875	5	15	20
Total	204	193	397

Of these, four are known to be dead and three have been transferred to Assam. Of the rest, 197 hold appointments, either substantive or acting, in the subordinate executive service. Of the remainder, some have refused appointments offered them and others hold situations in the Educational Department or in local offices, the pay of which is superior to that which they would draw in the subordinate executive service. How many exactly are so situated the papers before Government do not show. As a general result, however, it may be stated that about 80 passed candidates are awaiting higher grade and 120 lower grade appointments. Of those who have already been provided for, the appointments of 13 are of a temporary character only and have been sanctioned for some special purpose, on the attainment of which they will cease. In fairness, then, to the large number of candidates who are still unprovided with appointments, it is necessary that the conditions on which unpassed men have been allowed to hold appointments, and on which promotion has in some instances been granted, should be strictly enforced.

8. In the Resolution of 10th March last, a warning has already been conveyed to certain Acting Deputy Magistrates and Collectors that their retention in the public service depends entirely on their passing the examinations to which they are respectively liable, and a similar warning is now conveyed to officers in the inferior grades similarly situated. The Lieutenant-Governor observes that while some of these attended the examination, but failed, a considerable number never appeared at the examination at all. He therefore requests that Commissioners will, at an early date, report specially on the case of each officer serving under them who either attended the late examination and failed to pass, or who omitted to attend, stating at the same time what their recommendations may be with regard to them. The reports on passed candidates who may, according to rule, have been appointed on probation because they had not before served Government should now also be submitted. In some instances an extension of the period of probation has been permitted subject to further report at the end of six months. These reports are now due and should be submitted.

9. In view of the large number of passed candidates who have yet to be provided with appointments, the providing for whom is under the Lieutenant-Governor's special consideration, though he cannot make any promise, he has decided that it will not be necessary to hold another general examination until further notice. A special examination will, however, be held next year for such men as have been passed conditionally on the present occasion, and also for those who now are in Government employment conditionally on passing the examination.

10. The thanks of Government are due to Mr. Grimley and to the other gentlemen who were associated with him in conducting the examination.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

List of successful Candidates at the Subordinate Civil Service Examination of 1875 :—

HIGHER GRADE.

1. Bhubonshewar Dutt.
2. Sheikh Abdoollah.
3. Wajiuddin Ahmed.

Rules for the grant of ordinary leases of arable land in the Western Dooars.

1. The lands that will be generally available under these rules lie within that tract of country in the Western Dooars which extends in an easterly direction from the east bank of the river Teesta to the west bank of the river Sankos.

What land will ordinarily be available.

2. The following lands will not ordinarily be available under these rules:—

(a)—Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(b)—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sāl, khair, chelownee, sisoo, &c.) in compact blocks or patches.

(c)—Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as would, in the opinion of the local Government, render it impolitic or unadvisable to grant such lands to any other person or persons.

(d)—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare. Provided that such road or thoroughfare shall have been constructed or shall be kept in repair, from public funds, and that it be borne on the list of the district roads of the district within which the land above mentioned lies.

(e)—Lands which the local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

3. Every person desirous of obtaining a grant of land under these rules shall, present an application on stamped paper of the value of eight annas to the tehsildar of the tehsil in which the land lies.

How and to whom application is to be made.

4. The application shall specify—

(a)—The name, father's name, and address of the applicant.

(b)—The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.

(c)—A statement of the particulars, if any, which may appear to the applicant to bring the land applied for, or any part of it, within the exceptions mentioned in Rule 2. The application shall also state whether the land, or any part of it, is or has ever been cultivated in any manner.

5. Every lot applied for shall be compact and capable of being enclosed in a ring fence, and if any part of the land touches on a public road or navigable river, the length of such road or river frontage shall not exceed one-half the breadth of the lot applied for.

6. No application shall be received in respect of an area greater than 200 acres or less than 10 acres, and not more than this quantity of land shall be granted under these rules to any one lessee. But the Deputy Commissioner may grant larger areas under instructions from the Commissioner.

7. The tehsildar shall require the applicant to pay in a sum of three annas an acre on the area applied for to cover cost of survey and inquiry. No further sum shall be required, and no refund will be made.

8. The tehsildar shall then, in person or by an ameen, inspect the land and ascertain whether it is khas land and available under the above rules; and if it appear to be so, the ameen shall proceed to lay down the boundary and make a survey as follows.

9. The ameen shall fix the boundary, in accordance with the rules 5 and 6, as indicated by the applicant, and shall then clear it from end to end, and afterwards survey it with compass and chain, placing mounds of earth or stone not less than waist-high at every angle and at every point, where more than two lots or patches of waste or other properties meet. One mound shall be not less than six feet high, and shall be marked on the map as the base mark; two bearings of which, or bearing and distance of which from good points of reference, shall be recorded on the map.

10. The ameen shall prepare a map, which shall show—

(a)—All natural features of the country lying within or on the boundaries fixed—such as khals, or the edge of forest, and also public pathways.

(b)—Such features of the country lying outside the boundary as may serve to identify the land, and connect it with the revenue survey, or with any other map made of other lands in the neighbourhood.

11. The map shall be on the scale of 16 inches to the mile. If possible, the field-book shall be copied on the back of it. If not, a copy of the field-book shall be attached to or accompany the map. In submitting his report, the ameen shall state whether he had a clear line for his compass from end to end of the boundary, and whether the mounds are erected as ordered.

12. The tehsildar shall then report the case to the Deputy Commissioner or Sub-divisional Officer according to the tehsil in which the land lies, stating whether he is satisfied that the ameen's work has been properly done, and giving any further information which may be required.

13. The Deputy Commissioner or Sub-divisional Officer aforesaid, shall consider the report and finally pass orders granting or refusing a lease.

14. The order on the case, and on any objection decided on by the Deputy Commissioner or Sub-divisional Officer, shall be appealable to the Commissioner within one month.

15. On receipt of an order to grant a lease, the tehsildar shall deliver to the applicant a preliminary lease in the form annexed signed by the Deputy Commissioner or Sub-divisional Officer as aforesaid, together with a copy of the map, and shall place him in possession by planting a bamboo or in any other way locally acknowledged, and shall report delivery and registration of the tenant in a separate register of preliminary lease-holders.

16. The Deputy Commissioner may, in special cases of leases of 200 acres or less, and in all cases of leases of greater area, alter the terms of the lease so as to allow a lessee to manage his land by an authorized agent. In such case the agent must reside on or near to the land, and be provided with full legal power to act on behalf of the principal in all matters arising out of the land.

Draft form of Preliminary Lease of Arable Land in the Western Doours.

1. A preliminary lease for five entire years of land in _____, granted by the _____ of _____ to _____ of _____.

The lands covered by this lease are situated within the boundaries shown by the red lines in map No. _____, dated _____, and attached to this lease, and may be described as being bounded as follows:—

North
East

South
West

Their area is more or less _____, Talook _____

acres, and they are situated in Pergunnah _____, in the tehsil of _____

in the Western Doours.

2. The rights conveyed by this lease are heritable, but not otherwise transferable. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided for hereinafter.

The rent to be paid shall be as follows:—

Year of entry (*i.e.* from actual date of entry to 31st March following) Nil.

1st full year (from 1st April following date of entry) ... Nil.

2nd year ... 3 annas per acre

3rd „ ... 6 „ „

4th „ ... 9 „ „

5th „ ... 12 „ „

The rent shall be paid to the tehsildar of _____ in the _____ following instalments:—

3. The lessee shall reside himself on or near the lands covered by the lease. He shall keep all boundary lines or marks in good order and repair and clear of jungle, and shall within one year from the date of this preliminary lease, make such continuous boundary mark as he shall be required to do by a written order. If he fail to do so, the Deputy Commissioner or Sub-divisional Officer may cause the boundary to be made and recover the cost thereof as an arrear of rent, or he may call on the lessee to make it within a specified time on pain of forfeiture of the lease.

4. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

5. All rights to minerals or quarries of all kinds are reserved to Government.

6. No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream, is given by this lease. A public right of way over twenty yards on either bank of every stream, available at any time of the year for local boat traffic, is reserved.

7. All sisoo, sâl, and chelownee-trees, of a girth of over three feet at a distance of three feet from the ground, and all such khair-trees as may be fit to cut, are to be paid for by the lessee at the rates at which they may be valued by the Forest Department. All other trees may be disposed of by the lessee. The four kinds of trees above specified shall be counted and paid for previous to possession being given.

8. The Deputy Commissioner may at any time enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the expenses of any such inspection or measurement demanded by the lessee shall be paid by him as rent due. If after such inspection by any officer deputed for the purpose it shall appear that one-half of the total area held under the lease is occupied by homesteads or is cultivated or left fallow according to good husbandry, or otherwise fairly turned to account for agricultural purposes, the lessee shall be entitled to renewal of this lease for such further period as shall coincide with the termination of the settlement period then current, and thereafter to renewal for the period of each fresh settlement of the talook, subject always to the following conditions:—

- (a)—The rent to be paid shall be fixed by the Deputy Commissioner on the order of Government on each occasion of renewal.
- (b)—The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferee to the Deputy Commissioner at the time of transfer, together with a fee of four annas per acre of the area leased.
- (c)—In all other respects the conditions of the renewed lease shall be the same as those of the preliminary lease.

9. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

10. If, before the expiration of this preliminary lease, no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements may have been made by the Deputy Commissioner.

11. The lessee may sublet any part of the land covered by this lease on such terms as he pleases, provided that he gives the same promise of renewal of the tenure to his sub-tenant on condition of bringing his land into cultivation as is given to himself by this lease. The rent to be paid on renewal shall be determined on the application of either party by the Deputy Commissioner, who has the power to fix equitable rates of rent as he has, under Sections 76 to 79 of Act X of 1859, to fix terms of pottah.

12. No sub-tenant under the lessee shall sublet any part of his land on pain of forfeiture of his tenure; but this rule and the last shall not be held to prevent the employment of adhiars, projahs, or other laborers supplied with seed and paid by giving them half the crop. The Government reserve power to make rules to be observed by the lessee and his tenants for the purpose of carrying out the provisions of this and the last preceding clause; and the lessee agrees to abide by such rules when published for general observance and to hold the land subject to such rules.

NOTIFICATION.

The 19th June 1875.—The Lieutenant-Governor notifies, on the recommendation of the Commissioner of Chittagong and the Conservator of Forests, Bengal, that the tract of country in the Chittagong Hill Tracts, within the boundaries described hereafter, has been set aside as a reserved forest tract under the provisions and conditions of Act VII of 1865, and has been placed in charge of the Conservator of Forests, Bengal.

The cutting of timber or collecting other forest produce, or otherwise interfering with the forests within the boundaries hereinafter described, without the permission of the Conservator of Forests, Bengal, or his assistants, are prohibited, and any infringement of this prohibition will be dealt with according to Sections 5 to 15 of the Act above quoted, and the rules passed in conformity therewith for Government forests within the Lieutenant-Governorship of Bengal.

Boundaries.

The area drained by the Martamori river, bounded as follows:—

East.—The watershed between the Martamori river on one side and the Twine Choung and Sungoo river on the other side.

South and west.—The watershed between the Martamori river on one side and Arakan and the area drained by the Bagkhali river on the other side.

North.—A demarcated line running from Alai Khwadong east and west to the eastern and western boundaries.

Estimated area 142,720 acres = 223 square miles.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 7th June 1875.—In supersession of the notification dated the 18th May last, it is hereby notified for general information that the Lieutenant-Governor of Bengal is pleased, under Sections 16 and 18 of Act VI of 1871, to establish a Moonsif's Court at Seetamurhee, in the civil district of Tirhoot and the executive district of Mozufferpore, and to declare that the jurisdiction of the Moonsif shall be coterminous with that of the Seetamurhee sub-division.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

DECLARATION.

The 15th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for brick-making for the East Indian Railway in mouzah Kishenpore Sadikpore, pergunnah Gyaspore, zillah Patna, it is hereby declared that for the above purpose a piece of land measuring, more or less, 33 beeghas 4 cottahs 5 chittacks of standard measurement, bounded on the north by mouzah Loharrah, belonging to Simboo Sing, Gourree Sunker, and Sib Sahae; on the south by the Railway Company's land and by mouzah Doomree; on the

cast by the Railway side-cutting (sold by public auction) purchased by Ojah Sing, Gunnowrey Sing, Rasahie Sing, and Beekoo Sing, and by mouzah Kishenpore Sadikpore; and on the west by mouzah Kishenpore Sadikpore and mouzah Loharrah, the former belonging to Bahadoor Sing, Mohesh Sing, Kuminon Khan, and Tara Sing, and the latter belonging to Simboo Sing, Gouree Sunker and Sib Sahae, is required within the aforesaid mouzah Kishenpore Sadikpore.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 15th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the protection of the Railway Bridge and Embankment in the villages of Dooreea, Bahadoorpore, and Dadpore, pergunnah Nowanuggur, zillah Moorshedabad, it is hereby declared that for the above purpose seven pieces of land measuring, more or less, 43 beeghas 5 cottahs and 3 chittacks of standard measurement (bounded as follows) are required within the aforesaid villages:—

In the Village of Dooreea.

Plot No. 1.—Bounded on the north-west by zemindary land cultivated by Unnaddy Mundle, Chand Sheike, Sheike Meahjan, Hiroo Sheike, and by uncultivated land belonging to Doorgaprosad Ghose; on the south-east by land cultivated by Chand Sheike, Mahatab Mundle, Edoo Sheike, Romce Sheike, Sham Kotal, Meahjan Sheike, and Hiroo Sheike, and by land belonging to Doorgaprosad Ghose; on the east by the Chota Pugla Bridge; on the south by zemindary lands cultivated by Sreemonto Mal, Nobecothosen Sheike, Meahjan Sheike, Ashoddee Mundle, Beekul Mundle, and Abdool Mullick; and on the north by the lands cultivated by Sreemonto Mal, Vadoo Mundle, Meahjan Sheike, Ashoddy Mundle, Toshodok Kazy, and Hiroo Sheike, and some uncultivated zemindary land.

Plot No. 2.—Bounded on the north by the Chota Pugla Nulla; on the south by Doorgaprosad Ghose's land; on the east by side-cutting land; and on the west by Chand Mundle's land.

Plot No. 3.—First piece.—Bounded on the north by land cultivated by Shoojun Lalla on the south by Mohamud Hosein's land; on the east by cart road; and on the west by side-cutting land.

2nd piece.—Bounded on the north by Chand Mundle's land; on the south by Gajoo Mullick's land; on the east by cart road; and on the west by side-cutting land.

3rd piece.—Bounded on the north by Nobecot Sheik's land; on the south by and Sheik's land; on the east by side-cutting land; and on the west by Beekul Mundle's and Voga Mal's land.

In the Village of Bahadoorpore.

Plot No. 4.—Bounded on the north by the Pugla Diversion; on the south by Taleb Sheik's mangrove and lands cultivated by Meahjan Sheike, Rajib Mal, Tara Mal, Laloo Kotal, Olee Shahana, Shohobut Sheike, and some uncultivated zemindary land; on the west by Meahjan and Shohobut Sheik's land; and on the east by the boundary line of village Dadpore.

In the Village of Dadpore.

Plot No. 5.—Bounded on the north by the Pugla Diversion; on the south by Ram Dass Sein's zemindary land; on the west by the boundary line of village Bahadoorpore; and on the east by the Pugla Bridge.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

SEPARATE REVENUE—POST OFFICE.

No. 1462.—*The 11th June 1875.*—Notice is hereby given that on and after the 1st July 1875 parcels posted in India for transmission to the United Kingdom by the Overland Parcel Post will be chargeable at the rate of 8 annas per lb (10 tolas), fractions of a lb being charged as a whole lb in lieu of the present rate of 3 annas per 10 tolas. Full prepayment will, as heretofore, be compulsory. From the same date revised arrangements for the transmission of parcels from the United Kingdom will come into force, the main feature of the new arrangement being the reduction of the rate of charge between London and the place of destination in India from 1s. 4d. to 1s. per lb.

Notice is also given that on and after the same date (1st July 1875) parcels prepaid at the same rate (8 annas per lb) will be received for transmission to any place in Germany, or to any place in the following countries served through Germany, viz. Denmark, Sweden, Norway, Switzerland, France, the Netherlands, and Belgium. In the case of parcels addressed to Germany, the above-mentioned prepayment will carry them to destination without any additional charge; and in the case of those addressed to the other countries mentioned, there will be charged on delivery an additional local rate representing the cost of transit beyond the German frontier. Simultaneously with the commencement of the transmission of parcels from India, parcels will be received for transmission to India by the Post Offices of Germany and the several countries served through Germany as enumerated above.

The following detailed rules respecting the exchange of parcels with the United Kingdom and the foreign countries mentioned will from the 1st July be substituted for the regulations given at pages 57 to 59 of the Postal Guide :—

Overland Parcel Post.

(1).—Parcels are received at any Post Office in India under the conditions and rates of charge mentioned below for transmission to the following countries, viz :—

COUNTRY.	Rate of charge per lb or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Annas.	
United Kingdom ...	8	The prepayment carries the parcel as far as London, any additional charge which may become due on an account of British custom duty or carriage beyond London being realised from the addressee. The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post; all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and inquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122, Leadenhall Street, London, E. C. The British Post Office, however, has consented to exhibit in every Post Office of the United Kingdom a notice containing information on the subject of the Indian Parcel Post.
Germany ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. See also Rule 9, respecting compensation for damage or loss.
Denmark ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9, respecting compensation for damage or loss.
Sweden ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. <i>From Rule 3, it will be seen that there must be also a second or duplicate declaration of contents and value. See also Rule 9, respecting compensation for damage or loss.</i>
Norway ...		
Switzerland ...		
France ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. <i>From Rule 3, it will be seen that there must be also a second or duplicate declaration of contents and value, and that the second or duplicate declaration should, if possible, be written in the French language. See also Rule 9, respecting compensation for damage or loss.</i>
The Netherlands (Holland) ...		
Belgium ...		

(2).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended.

N.B.—The public are specially warned against the use of flimsy covers for articles transmitted by the parcel post. Heavy articles are sometimes sent with only paper covering insecurely tied with string; friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax cloth, sewn at the edges, is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The United Kingdom	{ Only one declaration as above described is required.
Germany	
Denmark	{ A second or duplicate declaration is also required.
Sweden	
Norway	{ A second or duplicate declaration is also required, and the sender is requested to write the second or duplicate declaration, if possible, in the French Language. Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.
Switzerland	
France	{
The Netherlands (Holland)	
Belgium	{

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels :—

Specimen form of Declaration.

Address of Parcel.

THOMAS B. SMITH,

114, Piccadilly,

LONDON.

CONTENTS—

					Value.		
					£	s.	d.
1	Piece Puttoo Cloth	2	0	0
1	Rampore Chudder	2	10	0
Total					4	10	0

I declare the above to be a true statement of the contents and value.

(Sd.) A. R. ROBINSON,

Amritsar.

(4).—The parcel so addressed and the separate paper or papers above referred to should then be enclosed in a *substantial outer cover*. This outer cover should be superscribed and addressed as follows :—

Overland Parcel Post.

To

The Post Master, Bombay.

(5).—The parcel so made up must be *fully prepaid by means of postage stamps at the rate of 8 annas per lb (40 tolahs) or fraction of a lb*, care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50lb (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(7).—On arrival at Bombay, the Post Master will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium or any liquid or any substance or material of a dangerous, damaging, or offensive kind.

(9).—In the case of parcels for or from Germany and *any* foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *vis major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupee for each lb weight or fraction thereof in respect of parcels forwarded from India, and 3 marks for each 500 grammes or fraction thereof in respect of parcels from Germany. Should the sender desire it, the compensation will be paid to the addressee instead of to himself.

The following orders, issued by the Government of India, in the Military Department, are republished for general information :—

No. 585.—*Simla, the 7th June 1875.*—Surgeon-General J. C. Brown, C.B., of the Indian Medical Service, *Honorary Surgeon to Her Majesty*, is allowed leave of absence for six months from such date as he may avail himself of it to visit the hills on medical certificate under the Regulations of 1854.

NOTIFICATION.

The 21st June 1875.—Under Section 82 of Act VI (B.C.) of 1868 (the District Towns' Act), Clauses 1, 2, 10, 11, and 14, of Schedule K, annexed to the Act, are hereby extended to the town of Busseerhaut in the district of the 24-Pergunnahs, in addition to Clauses 7, 8, 9, 12, and 13, which have been already extended to that town under Government Notification of the 8th October 1873.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 22nd June 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-district, having the head-quarters and local jurisdiction shown opposite its name. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the person named below to be Sub-Registrar of the said sub-district :—

DISTRICT.	Name of new sub-district.	Head-quarters.	Thana included in jurisdiction.	Sub-Registrar appointed.
Bardwan	... Aosgram	... Aosgram	... Aosgram	Guru Das Barman.

This change will take effect on and from the 1st of July 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 1st June 1875.—It is hereby notified, under Section 3 of Act XX of 1856, that the provisions of the said Act will have effect from the 1st July 1875 in the Tangail Union, composed of mouzahs Tangail, Akurtakur, Shabalia, Betka with Bowalia, Bazitpore, Ashakpore, Kagmari, Shantosh, Sakrail, Alowa, Belta, Basha, and Khanpore, within police-station Tangail, sub-division Attia, in the district of Mymensing.

Under Section 4 of the above Act, it is also notified that the boundaries of the said Union will be as follows :—

On the north by the river Lohjung, for a part of its course, and the southern margin of the crop-growing fields of Shabalia, Dhul, and Deola.

On the east by the Burai river and the western margin, and the crop-growing fields of Daru Shatia, Nandir Betka, Ashakpore, and Garail.

On the south by the boundaries of villages Kajipore, Char Kajipore, Barotia, and Bharbharia.

On the west by the village boundaries of Kabilapara, Gadargati, and Bamafair.

Under Section 10 of the above Act, it is further notified that the tax to be levied in the said Union shall be an assessment according to the circumstances and property to be protected of the persons liable to the same.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 7th June 1875.—It is hereby notified that under the provisions of Section 68 of Act VI (B.C.) of 1870 (the Village Chowkeedaree Act), the Lieutenant-Governor is pleased to authorize the extension of that Act to the districts of Patna, Shahabad, Durbhunga, and Sarun. The Act shall have effect in the whole of these districts from the 1st of July 1875.

The Lieutenant-Governor is also pleased to extend the said Act to the Sudder sub-division of Mozufferpore from the 1st of July 1875, and to the entire district of Mozufferpore from the 1st of April 1876.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 2nd June 1875.—Whereas a plan was submitted under Section 2 of Act V (B.C.) of 1873 for extending gas-lighting to certain portions of the town of Howrah, as published in the Government Notification dated 1st May 1875, and whereas no objections have been raised to, or any alterations suggested in, such plan within one month after a translation of it in the vernacular had been published in the town aforesaid, the Lieutenant-Governor is pleased to accord his sanction to the said plan, which is described below:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the Grand Trunk road which lies between Rankistopore Ghaut Road and Bishop's College Road, Seebpore Ghaut Road and Ghoswery Road. The total length of these roads is $2\frac{3}{4}$ miles, and the number of lamps proposed to be erected in them is 75

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,365, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from the general fund during the current official year.

NOTIFICATION.

The 12th June 1875.—It is hereby notified that under Section 3, Regulation VI of 1819, the Lieutenant-Governor has been pleased to declare public the ferry over the Shatharia River, between the villages of Shirepore on the east bank and Tangabari on the west bank, within thana Kutwali, in the district of Backergunge.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 14th June 1875.—The following Rules for the election of Municipal Commissioners for the Town of Burdwan, sanctioned by the Lieutenant-Governor of Bengal on 2nd June 1875, under Section 1 of Bengal Act II of 1873, are hereby published for general information. They will come into effect from the 1st January 1876:—

There shall be eighteen Municipal Commissioners, of whom twelve shall be elected by the rate-payers, and six shall be appointed by the Lieutenant-Governor.

Number of Elective Commissioners.

2. Any man of full age, who is a resident within municipal limits, or within three miles thereof, who is himself a rate-payer, who can read and write, and who has never been convicted of a non-bailable offence, may be proposed for election.

Qualifications of candidates.

3. The municipal jurisdiction of Burdwan shall be divided into four quarters or wards, which shall each return three members, viz :—

Ward A.

Ranergunge, Nuskurdighee, Bajiprotappore, Shadhinpore, Doobraj, Rusickpore, Bahirserchomongola, Baboorbag, Keshubgunge, Bhobanectakoor, Mutapokoor, Boyratolah, Nareekelbagan, Mohajuntoolee, Paikmarapara, Gooroodasir Pahar, Boheclapara, Radhanuggur, Pratappore, Burhatta, Kallybazar, Hafeezoolarber, Toilmarooe, Peelkhanah, Nawabdnstikiam, Teccapara, Borobazar, Mungolapara, Naree, Mooruthmohulla, Peeritpara, Shambazar, Peerbaharam, Pooratunchuck, Mungletoolee, Shahachetun, Ghorashabid, Aheerparah, Dhobaparah, Hajcedangah, Komulnuggur, and Khararpahar.

Ward B.

Borehaut, Chelloputty, Kajeerhaut, Godah, Teerkarhat, Kajeerher, Lacoordee, Paharpore, Karrapotta, Bhoobunessur, Rajgunge, Kotalhaut, Dhograsohid, Nootungunge Chuck, and Dungaparah.

Ward C.

Ichlabazar, Scaldangah, Kanienutshal, Gopalnuggur, Boro and Chota Nilpore, Aishhatta Beecherhaut, Meerehopah, Nootungram Juguthar, Mearber, Buldungah, Dhamrye, Sankareepokur, Parburhatta, Golahat, Blatchala, Bungpore, Aheermohal, Khojanorber, and Niskinbazar.

Ward D.

Tarini Mohulla, Alungunge, Allygunge, Kustoghorah, Rugoonathpore, Mohunbag, Tejgunge, Bulamhaut, Fokeerpore, Idilpore, Mateebag, Rampore, Meerjapore, Khurgesseer Shadewool, and Kanchunuggur.

4. Notices of vacancies on the Committee will be issued each year in January. Any two rate-payers may nominate a candidate, and may inform the Magistrate of his candidature on any date not later than the last day of February. The Magistrate shall ascertain if the candidate accepts the nomination and is qualified under the rules; and if so, he shall notify such candidature at the cutcherry and at one or more police-stations in the town, as he may see fit. Such notification shall state the name, residence, and qualification of the candidate.

5. If any rate-payer object to the eligibility of any candidate, he may on some date, not later than the 6th March, notify such objection in writing to the Magistrate, who shall hear and finally decide any question of eligibility. On the 10th March the final list of candidates shall be notified at the cutcherry and in at least one conspicuous place in each quarter.

6. The Municipal Commissioners shall appoint a Sub-Committee of three of their number to assist the Magistrate in carrying out the following rules regarding election.

The Magistrate shall decide on what day, not later than the 25th March, the election shall be held, and he shall notify such decision at the cutcherry and in at least one place in each quarter.

7. As soon as possible after the publication of these rules, the Magistrate shall prepare a list of all the persons who paid any rate on houses or lands in each ward during the year ending on the 31st December next preceding. A copy of the list shall be exposed to view at the Magistrate's and at the Municipal Office; and a copy of so much of the list as relates to each quarter shall be affixed at some police-station or other accessible public place in each quarter of the town. All persons mentioned in the list who have paid the rates due from them up to the 31st December preceding shall be entitled to a vote in the election of Municipal Commissioners for the wards.

8. No rate-payer shall have a vote for more than one person or in more than one ward.

9. Votes shall be recorded by such polling clerks as may be appointed by the Chairman of the Commissioners. There shall be at least one polling clerk for each polling place, who shall stay at the polling place for such hours as the Magistrate may fix on the day of the poll. Each rate-payer who desires to record his vote shall attend at the polling place, and shall state his name and residence. The polling clerk shall verify from the list of voters of the quarter whether the intending voter is entitled to a vote for that quarter; and if he is so entitled, he shall record his vote against the rate-payer's name in the list of electors for the ward. The Election Sub-Committee of the Commissioners shall, acting under the Magistrate's instructions, make such arrangements as they see fit for identifying voters in cases of doubt; and in any case of doubt as to the validity of a vote, or as to the identity of a voter, the decision of the Sub-Committee and the Magistrate shall be final.

10. At sunset of the day of the poll, the poll shall be closed and the registers of the polling clerks shall be scrutinised by the Magistrate and the Election Sub-Committee, whose decision upon any doubtful point shall be final. The candidates who may stand highest on the poll of their quarter shall be declared to be duly elected.

11. The result of the poll shall be notified throughout the municipality, and shall be reported to Government for publication in the *Gazette*. The candidates declared to be duly elected shall hold office from the 1st April next succeeding the day of their election.

Cost of municipal elections.

12. All costs incurred in carrying out the arrangements for the election shall be paid from Municipal Funds.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 5th June 1875.—It is hereby notified that the Lieutenant-Governor has been pleased to sanction the removal of the Sub-Registry Office at Gaia, in the district of Backergunge, from that place to Gaurnadi. The change will have effect from the 1st of July next.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 4th June 1875.—Under section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-district, having the head-quarters and local jurisdiction shown opposite the name. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the person named below to be Sub-Registrar of the said sub-district:—

DISTRICT.	Name of new sub-district.	Head-Quarters.	Thana included in jurisdiction.	Sub-Registrar appointed.
Burdwan	Rayna	Rayna	Rayna	Baboo Saroda Prosad Chaudhuri.

This change will take effect on and from the 1st July 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 5th June 1875.—The Lieutenant-Governor is pleased to authorize the President of the Commission for the Inspection of Steam-boilers, acting on the report of the Inspector appointed under Act VI (B.C.) of 1864, to revoke or suspend any certificate already granted, or to be granted, under the said Act, on the ground that the boiler or prime-mover in respect of which it has been granted is not in charge of a person competent to have charge of the same.

His Honor is also pleased generally to appoint the Chief Engineer of the Government Dockyard as the person to whom the owner of such boiler or prime-mover, or the person so in charge as aforesaid, may apply if dissatisfied with such revocation or suspension, and to authorize him, if he is so satisfied, to grant a writing under his signature to the effect that the person so in charge as aforesaid is a person competent to have charge of a boiler or prime-mover.

These orders are passed under the authority vested in the Lieutenant-Governor under Section 1, Act III (B.C.) of 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal

PUBLIC WORKS DEPARTMENT, -BENGAL.

CIVIL BUILDINGS.

The 19th June 1875.

No. 262.—*Declaration under Section 6 of Act X of 1870 of the Government of India.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of a dead-house in the village of Sewan, pergunnah Bara, zillah Sarun, it is hereby declared

that for the above purpose a piece of land measuring, more or less, 3,600 superficial feet, equivalent to 2½ cottahs of standard measurement, bounded on the north, south, and west by the field of one Khoonjamea, and on the east by the mango tope of one Aluk Towaree, is required within the aforesaid village of Sewan.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

By order of the Lieutenant-Governor of Bengal,
G. F. E. S. NEILL, *Captain, M.S.C.,*
Offg. Asst. Secretary to the Govt. of Bengal, P. W. D.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 263.

The 19th June 1875.

UNDER Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Burdwan, Bankoora, Beerbhoom, Midnapore, and Hooghly with Howrah, of works done and in progress during the past cess year 1873-74, together with the review thereon by the Commissioner of the Burdwan Division, are published for general information.

G. F. E. S. NEILL, *Captain, M.S.C.,*
Offg. Asst. Secy. to the Govt. of Bengal, P. W. D.

No. 626, dated Burdwan, the 23rd January 1875.

From—A. WEEKES, Esq., Vice-Chairman, District Road Committee, Burdwan,
To—The Commissioner of the Burdwan Division.

IS continuation of this Office No. 601, dated 29th ultimo, and with reference to your Circular No. 183, dated 19th idem, I have the honor to submit the following report on works carried out from the District Road Fund during the past cess year 1873-74, as desired by the Chairman, in camp.

2. The non-official members of the Committee took very little interest in the discharge of their duties. There have been five meetings of the Commissioners during the year under report, at which no more than what was required to form a quorum attended.

3. No cess under Act X of 1871 has been levied in the district, owing to the scarcity. The road cess collections on account of estates borne on the rent roll of this district, but situated within the jurisdictions of other districts, have been shown in detail in No. 6, part II, of the annual accounts already submitted.

4. The actual receipts and expenditure of the year have greatly exceeded the sanctioned budget estimates in consequence of relief works. The details of receipts and disbursements have been given in the annual accounts. The relief operations were undertaken and carried out satisfactorily throughout the district through the energy and supervision of Mr. Nightingale, the Executive Engineer of this district, and the sub-divisional officers of Cutwa, Rancegunge, Bood-bood, and Culna.

5. The relief works were paid for partly in cash and partly in Government grain. The amounts spent in wages in cash up to 30th September 1874 have been shown in the annual accounts, and those spent in wages and grains will be adjusted during the current year, as per Controller of Public Works Accounts' No. 13601, dated 30th October 1874.

6. Out of the total amount of expenditure, Rs. 30,123-14-8 and Rs. 1,77,887-1-6, on original works and repairs respectively, Rs. 16,554-1-7 and Rs. 1,15,108-4-6 were spent by the Department Public Works, and the remainder, Rs. 13,569-13-1 and Rs. 12,778-13, by the sub-divisional officers and others.

The following works were executed during the year by the Public Works Department and others :—

UNDER THE EXECUTIVE ENGINEER, BURDWAN.

Original Works.—Works sanctioned in 1872-73, but not completed until 1873-74. *Construction of culverts on the road from Goushkarrah railway station to the bazar. Expenditure Rs. 162-12.*—This work was sanctioned on the 25th July 1873 to cost Rs. 172, but the work was not completed until June 1874, owing to a dispute about the ownership of the land over which this road runs.

Repairing and metalling the road from Goushkarrah railway station to the bazar. Expenditure Rs. 2,332-3.—This work was also sanctioned in July 1873, and for the reason above stated was not completed till July 1874.

Collecting, spreading, and consolidating metal, and raising earthen sides of the Culna road. Expenditure Rs. 5,034-5.—The estimate, amounting to Rs. 5,475, was sanctioned in June 1873, and the work completed in October 1873.

Constructing culverts on the Burdwan to Cutwa road. Expenditure Rs. 863-13-9.—An estimate, amounting to Rs. 960, was sanctioned in June 1873; but owing to no bricks having been available, the work had to be postponed until the cold season, and was completed in March 1874.

Metalling the road from Burdwan to Sudderghat. Expenditure Rs. 3,145-8-6.—The estimate, amounting to Rs. 3,276, was sanctioned in August 1873, and the work was completed in December 1873.

• *Constructing six culverts on the Burdwan to Jehanabad road. Expenditure Rs. 1,044.*—The estimate was sanctioned in May 1873, and the work was partly done in June and July; but owing to there not being sufficient quantity of bricks the work had to be postponed until the cold season, and the culverts were completed in February 1874.

Constructing out-offices for the inspection bungalow at Sonamukky, i.e. erecting a cook-room, stables, and house for the chaukeedar, and providing skylight for the centre room of the bungalow. Expenditure Rs. 373-0-9.—Two estimates—one for Rs. 254, and one for Rs. 119—were sanctioned for the purpose in June and December 1873 respectively. The works had to be postponed for want of bricks, and were completed in August 1874.

WORKS SANCTIONED IN 1873.

Constructing an unmetalled road from Boinchee railway station to village Buddipore. Expenditure Rs. 4,539-5-4.—The zemindars of Buddipore subscribed Rs. 5,000 for the above road. Rs. 5,055 were advanced to the Public Works Department during February 1874. The whole of the earth-work has been completed, and the masonry of the bridge over the Jumna nullah has been built up to level of top of foundations. Several culverts also have been constructed.

Constructing the road from Rajband railway station to village Gopalpore. Expenditure Rs. 1,198-4.—This work was sanctioned for Rs. 1,246 on the 20th May 1874, and commenced in June 1874. Earth-work, 584,270 cubic feet, has been executed and the work completed.

Constructing culverts on the road from Gooshkarrah to Nittanundapore. Expenditure Rs. 192-2.—The work was sanctioned on the 23rd February 1874 for Rs. 200. Two irrigation culverts were commenced and completed during June 1874.

Collecting metal for the Cutwa road. Expenditure Rs. 5,034-5.—Estimates for collecting and spreading metal and raising earthen sides of the above road have been completed.

REPAIRS SANCTIONED IN 1872-73, BUT COMPLETED IN 1873-74.

Repairing the road from Banderkonda to Sonamukky, being part of Burdwan to Midnapore road. Expenditure Rs. 594-12-6.—An estimate for Rs. 1,497 was sanctioned in June 1873. Metal was collected on the 22nd, 25th, and 26th miles, and spreading and consolidating, with repairs to earthen sides and slopes, were all finished in January 1874.

Spreading metal on the road from Panaghar to Colliapore. Expenditure Rs. 371-1-3.—An estimate for Rs. 1,068 was sanctioned in May 1873. Spreading and consolidating metal from 1st to 3rd, and from 5th to 15th mile, with earthen sides to the 1st, 5th to 7th, and 9th to 12th miles, were all completed in January 1874.

* *Turfing the earthen sides of the above road, Rs. 140-5-3 spent.*

Repairing the road from Panaghar to Ethnabazar, Rs. 320-10 spent.—An estimate for Rs. 854 was sanctioned in May 1873. Spreading and consolidating metal from 7th to 14th mile. Petty repairs to metalling from 1st to 6th mile, and making up earthen sides of new coating from 7th to 13th mile, were all completed in October 1873.

Turfing the earthen sides of the above road, Rs. 91-14-3.—An estimate for Rs. 371 was sanctioned in June 1873. Turfing to slopes from 1st to 13th mile of the road was completed in October 1873.

Petty repairs to Sittanundapore Freder road, Rs. 21-15-9.—An estimate for Rs. 100 was sanctioned in May 1873. Petty repairs to metalling earthen sides and slopes, cutting and clearing side drains, were all completed in December 1873.

Spreading metal on the Kanoo Junction Freder road. Rs. 141-4-6.—An estimate for Rs. 224 was sanctioned in May 1873. Spreading and consolidating metal, and making up earthen sides and turfing to slopes, were finished in October 1874.

Repairing Memar and Jamalpore road. Expenditure Rs. 657-11-3.—An estimate for Rs. 5,649 was sanctioned in July 1873, and a supplementary estimate for Rs. 100 was sanctioned in September 1873. Collecting, spreading, and consolidating metal from 1st to 3rd mile, and raising up earthen sides, including dressing, together with turfing to slopes, were all completed in October 1873.

Repairing Singurou Bridge on the Doolrajpore road, Rs. 124-14-3.—An estimate for Rs. 133 was sanctioned in June 1873. Sāl-wood work, changing beams, coal-tarring, and petty mason's works, were all completed in October 1873.

* An estimate for Rs. 313 was sanctioned in June 1873. Turfing to slopes from 1st to 15th miles of the road was completed in October 1873.

Repairing Burdwan to Cutwa road, Rs. 8,918-8 spent.—The first 8 miles of this road were metalled. Earth-work, including dressing from 4th to 35th mile, with petty repairs to the 9th to 15th mile, was completed during March 1874.

Repairing inspection bungalow at Panceghur, Rs. 156-6-3 spent.—An estimate for Rs. 165 was sanctioned in June 1873. White-washing, sand-rubbing, varnishing, renewing, &c., grass-coating, including repairs to roof, Bolten doors, smiths', carpenters' and masons' work, were all completed in March 1874.

Repairing the road from Burdwan to Culna, Rs. 7,043-9-6.—An estimate for Rs. 7,063 was sanctioned on the 21st November 1873 for earth-work from 4th to 35th mile, and repairing the bridges, and the works were completed during June 1874.

Repairing the Burdwan to Bankoora road from Sonamooky to Kosoolpore, Rs. 3,375-2-3.—An estimate for Rs. 2,872 was sanctioned in December 1873 for earth-work, including ramming and dressing from 27th to 40th mile, with petty repairs to earthen sides and clearing jungle in 29th, 30th, 32nd, and 33rd, and three-quarters of 31st mile, and the work was completed in June 1874.

Repairing Saktighur Feeder road, Rs. 15-4.—An estimate for Rs. 16 for repairing the earthen sides and slopes, including dressing, was sanctioned, and the work completed during December 1873.

Collecting metal on the road from Bankoora to Burdwan between the 22nd and 40th miles, viz. the portion which lies within the Sonamooky Thana, Rs. 6,872-9.—An estimate for Rs. 6,393 was sanctioned in December 1873, and the work was completed in June 1874.

Raising the road from Assensole to Domobani, Rs. 6,561-7-9.—Earth-work, including ramming and dressing from 1st to 6th mile, and the work was completed in June 1874.

Repairs to Burrakur feeder road, Rs. 649-7-6.—An estimate for Rs. 605 was sanctioned in December 1873. This road was partially done when His Honor the Lieutenant-Governor passed through Burrakur in September 1873, but was completed in June 1874. 15,386 cubic feet of stone ballast, &c., have been collected, and petty repairs to metalling, and repairs to earthen sides and that to bridges Nos. 1 and 2, have been done.

Repairing the road at Bood-ood cost Rs. 220.—An estimate was sanctioned in January 1874 for Rs. 220. Earth-work, including turfing from Grand Trunk Road to Moonsiff's cutcherry and Baboo Hitloll Misser's tank from cutcherry to lock-up, and thence to Grand Trunk Road; collecting, spreading, and consolidating metal with pucca masonry in 2 feet culverts, were all completed during July 1874.

Repairing the road from Searsole to Domobani and thence to Chooroolia.—An estimate was sanctioned for Rs. 4,223 in February 1874. Earth-work, including ramming and dressing from 1st to 13th mile, was completed in June 1874. The full amount was spent in cash, besides Rs. 1,288 in grain.

Raising the road from Mancoor to Dignugger cost Rs. 4,697-7.—An estimate for Rs. 4,698 was sanctioned in February 1874. Earth-work, including dressing from 1st to 9th mile, was completed in June 1874.

Raising the road from Burdwan to Soory cost Rs. 17,544-10-9.—Two estimates—one for Rs. 13,597, and one for Rs. 3,948—were sanctioned in February and May 1874, respectively, for earth-work, including dressing from 1st to 24th and from 25th to 26th mile. The work was completed in July 1874.

Repairing the Badshai road from Kurjona to 13th mile, i.e. up to Adjai river, cost Rs. 8,295-2.—An estimate for Rs. 8,308 was sanctioned in February 1874. Earth-work, including dressing from 1st to 13th mile, was completed in June 1874.

Repairing the old Benares road cost Rs. 6,575-12-9 in cash and Rs. 385 in grain.

Raising the road from Bood-ood to Sonamooky cost Rs. 4,573-15-6 in cash and Rs. 768 in grain. An estimate for Rs. 5,574 was sanctioned in March 1874. Earth-work, including dressing from 1st to 11th mile, was completed in July 1874. Rs. 1,000 have been spent by the Deputy Magistrate of Bood-ood on this road.

Raising the road from Cutwa to Soory. Expenditure Rs. 4,476.—An estimate for Rs. 4,477 was sanctioned in April 1874. Earth-work, including dressing from 1st to 14th mile, was completed in July 1874.

Raising the road from Sowata to Shilla, crossing the Grand Trunk road at Munickhagar, cost Rs. 3,300-2-6.—An estimate for Rs. 6,758 was sanctioned in April 1874. Earth-work, including dressing in 12 miles, was completed in July 1874. Rs. 196-13-9 has been paid in grain, besides payment in cash.

Raising the road from Dignugger to Gulsie, on the Grand Trunk road, cost Rs. 2,711-4-6.—An estimate for Rs. 4,585 was sanctioned in April 1874. Earth-work, including dressing from 1st to 8th mile, was completed in July 1874. Rs. 1,000 out of the sanctioned amount were paid by the Deputy Magistrate of Bood-ood. Rs. 540 worth of grain were paid by the Public Works Department.

Raising the road from Undal to Ookrah cost Rs. 3,712-8-3 in cash and Rs. 1,595-7-9 in grain. An estimate for Rs. 3,507 was sanctioned in May 1874. Earth-work, including dressing from 1st to 7th mile, was completed in August 1874.

Raising the road from Kanoo Junction to Sahelgunge via Kamarpara cost Rs. 7,553-10-9.—An estimate for Rs. 7,563 was sanctioned in May 1874. Earth-work, including dressing from 1st to 19th mile, was completed in July 1874.

Raising the road from Doorgapore to Kooldohu cost Rs. 3,000-0-6.—An estimate for Rs. 4,384 was sanctioned in May 1874. Earth-work, including dressing from 1st to 6th mile, together with cutting and clearing out jungle in the 1st mile, was all completed in August 1874. Rs. 1,383-15-6 worth grain were paid for laborers.

Raising the road from Sittarampore to Shamdihi.—An estimate for Rs. 3,037 was sanctioned in May 1874. Earth-work, including dressing from 1st to 5th mile, was completed in September 1874.

Rs. 1,845-6 have been paid in cash and Rs. 1,191-10 in grain.

Repairing the Oochalan inspection bungalow cost Rs. 128-7-6.—An estimate for Rs. 192 was sanctioned in May 1874. The work is complete.

Repairing the inspection bungalow on the Cutwa road cost Rs. 642-10.—Repairs to the inspection bungalows at Kurjona, Shusundighee, Sreekhund, and Cutwa, with out-offices, were all completed in July 1874.

Repairing Gooshikera inspection bungalow cost Rs. 208-2-9.—An estimate for Rs. 209 was sanctioned in May 1874. Renewing 6" grass coating, white-washing, wood-work, half terrace flooring, varnishing, and petty masons', carpenters', and smiths' works, were all completed in June 1874.

Raising the road from Burdwan to Jehanabad cost Rs. 1,050-10-9.—An estimate for Rs. 3,582 was sanctioned in June 1874. 466,969 cubic feet of earth-work was done up to July 1874. The work was afterwards stopped.

Raising the road from Mungleote to Sreekhund cost Rs. 11,270-14-6.—An estimate for Rs. 11,771 was sanctioned in June 1874. Earth work, including dressing from 1st to 12th mile, was completed in July. This work was commenced by the Deputy Magistrate of Cutwa, but was afterwards made over to Public Works Department.

Raising the road from Mancoor to Shyambazar via Bhatcoonda, with a branch to Chooria to meet the Bosdah to Bhedia road.—An estimate for Rs. 11,931 was sanctioned in June. Earth-work, including dressing from 1st to 17th mile, was completed in September 1874. Rs. 6,126-6-3 in cash, Rs. 5,805 in grain, were spent on this road.

Repairing the road from Raneegunge to Grand Trunk Road, Rs. 1,881.—An estimate for collecting and consolidating metal on this road was sanctioned in July 1874 for Rs. 1,881. The full amount has been spent and the work completed.

Bobisole road.—An estimate for repairing the road from Koerbazar to Bobisole was sanctioned for Rs. 472. Rs. 462-14-6 have been spent to complete this road.

Khundoghose to Indus road cost Rs. 2,504-4-6.—An estimate for Rs. 4,525 was sanctioned in June 1874. The repairs were not completed in consequence of a dispute regarding the direction of the road.

Repairing the road from Grand Trunk Road to new Assensole Station.—Out of the estimated amount of Rs. 1,003, Rs. 887 in cash and Rs. 116 in grain have been spent for completing this road.

Bosedah to Bhedia road.—An estimate for Rs. 10,391 was sanctioned for raising the road from Bosedah on Panagher to Ellambazar Road to Bhedia, being a part of the road from Undal to Bhedia. Rs. 10,391 in cash and Rs. 1,473 in grain have been spent on this road. The work is complete.

Besides the above works, the following roads have been turfed. The whole of the turfing was paid in grain:—

Searsole to Domohance; Doorgapore to Kooldia; Undal to Aakrah; Rajbund to Gopalpore; Sittarampore to Shamdihi; Digunpore to Gulsee; Khundoghose to Indus; Old Benares road; Kurjona to Adjai (Badshahi road); Burdwan to Soery; Pankoor to Rosoolpore; Sowata to Shilla; Assensole to Domobani; Bood-wood to Sonamooky; Jehanabad road; Mancoor to Shyambazar; Bosedah to Bhedia; Karoo Junction to Sahebgunge.

IN CHARGE OF MANAGER, EQUITABLE COAL COMPANY.

Doobrajapore road cost Rs. 5,679-8.—An estimate for metalling and consolidating and repairing the Singaram Bridge was sanctioned for Rs. 6,345. The works have been completed.

IN CHARGE OF RESIDENT ENGINEER, ASSENSOLE.

Repairing the road from Grand Trunk Road to old Assensole Station cost Rs. 40-8.—The Resident Engineer, Assensole, was paid Rs. 40-8 for repairing the above road. The work is complete.

IN CHARGE OF KULNA SUB-DIVISIONAL OFFICER.

Rs. 1,732-3-6 have been spent by the Deputy Magistrate for the following roads besides payment in grain:—

In Thana Culna.

	L.	B.
Repair of a portion of Culna and Cutwa Road ..	5,535	× 18
" of Culna to Bilarhat	5,230	× 12
" of Kullarpore Road	76,125	× 15
" Village Road from Midgohee to Manickhar ..	6,800	× 10
Construction of Coolly to Culna Road ..	3,775	× 12

In Thana Montessor.

Repair of village road from Khanpore to Bissenpore.

„ „ at Karoory.

In Thana Poorbustholly.

Construction of a portion of Culna and Cutwa road from Kallee Khall to Choonoory, Khall.

Repairs to village road from Poorbustholly to Mowgachee.

„ „ at Patooly.

„ „ at Mookshumpara.

„ „ from Nadunghat to Nowapara.

IN CHARGE OF DEPUTY MAGISTRATE OF JEHANABAD.

Construction of a road from Debkhuml to Santipore.—Out of the estimated amount, Rs. 500, advanced to the Deputy Magistrate, Rs. 252-8 only were spent. The work has been stopped.

IN CHARGE OF DEPUTY MAGISTRATE OF BOOD-BOOD.

Constructing Gulsee to Russickpore road.—Rs. 1,000 in cash and Rs. 2,022 in grain have been spent by the Deputy Magistrate to complete this road.

Gooshkarrah to Aushgram road.—Rs. 1,000 in cash and Rs. 2,526 in grain have been paid for repairing this road.

IN CHARGE OF RANEEGUNGE SUB-DIVISIONAL OFFICER.

The Joint-Magistrate has repaired the following roads :—

1. Raneegunge to Munglepore road cost Rs. 1,054.

2. Bobesole road Rs. 125-14-6 besides grain.

3. Rajbund to Gopalpore Rs. 104-8-6 besides grain.

The second and third roads were commenced by the Deputy Magistrate, but were afterwards made over to the Public Works Department.

IN CHARGE OF CUTWA SUB-DIVISIONAL OFFICER.

Betheshur to Palla road.—This road is about 13 miles long. Earth-work, including dressing and turfing, was completed. Rs. 3,000 in cash besides grain have been spent.

Keloogram road.—This road is about 12 miles in length. Earth-work, including dressing and turfing, nearly finished. Rs. 1,359-4 in cash besides grain have been spent.

Bijnagar road.—This road is 8 miles long. Earth-work, including dressing and turfing, have been completed. Cost Rs. 870-2-3.

Noliapore to Balcolia road repairs.—This road is 13 miles in length. Repairs have been completed. Rs. 252-9-6 besides grain spent.

Bkowsing to Patoolee road.—This road is 6 miles long. Earth-work, dressing, and turfing, completed up to 5 miles. Cost Rs. 500 in cash besides payment in grain.

Sreechallee road.—This road is 7 miles long. Repairs to whole length nearly done. Expenditure incurred in grain worth Rs. 767-12.

Sreekhund to Daishat road.—This road is 7 miles in length. Earth-work completed up to whole length. Dressing and turfing nearly completed. Expenditure in grain Rs. 3,155-5-3.

Badshai road.—This road is 12 miles in length. Earth-work, dressing, and turfing, nearly completed. Rs. 445 in cash besides grain have been spent.

Cutwa to Soory road.—This road is 16 miles long, and is under the Public Works Department. Turfing only has been done by the Deputy Magistrate. Payment made in grain only.

Sreekhund to Munglecote road.—This road is 11 miles long. Earth-work up to 3 miles, and turfing up to 4 miles, were completed under the supervision of the Deputy Magistrate, and then it was let out in contract by the Executive Engineer. The work on the whole length was completed in July last, but a gap, measuring about half a mile, has been caused by the overflowing of the river Adjai. Cost Rs. 581-9-6 besides grain.

Metalling the Cutwa to Burdwan road.—Portion of this road has been metalled by the Deputy Magistrate by spreading ghooting collected by famine-stricken people. The collection of ghooting cost Rs. 1,545-10-6.

The following road-works are proposed to be undertaken in the current year :—

Original Works.—Boinchee to Buddipore road.

Repairs.—Burdwan to Cutwa road; Burdwan to Culna road; Burdwan to Jehanabad road; Burdwan to Bankoora road; Burdwan to Soory road; Old Benares road; Cutwa to Dewangunge road; Oochalun to Midnapore road; Mynaree to Satgachia road; Sittarampore feeder; Burraker feeder; Mancoor feeder; Kanoo Junction feeder; Saktighur feeder.

Other roads, including village roads. Bridges on the Jehanabad and other roads.

		8,842 4 2	

No. 87, dated the 6th February 1875.

From—C. T. BUCKLAND, Esq., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the annual account of the District Road Fund of Burdwan for the cess year 1873-74, together with copy of a letter, No. 626, of the 23rd January, from the Vice-Chairman of the District Road Committee, Burdwan, reporting on the progress made in the execution of works undertaken during the year under report.

2. The total income of the district amounts to Rs. 2,32,731-13-5, including Rs. 2,05,000 grant-in-aid from "Provincial Reserve Fund" and the expenditure Rs. 2,09,389-14-9, leaving a balance of Rs. 23,341-14-8 at the close of the year.

3. It will be seen from the details of Establishment given in Part II of the account, that the pay of the head clerk under the Road Cess Deputy Collector varied from Rs. 48 to 54 in the course of the year. The following explanation is given by the Vice-Chairman for these variations:—

1st.—Rs. 4 were drawn by the head clerk during the months of January and February 1874 in excess of his pay, Rs. 52, and that sum was deducted from his salary for March. Hence Rs. 48 were drawn by him in April.

2nd.—The head clerk having been appointed Sub-Deputy Collector in the relief department from 8th to 22nd April, his substitute drew Rs. 25 for that period at the minimum rate of Rs. 50 per mensem; and the permanent incumbent received Rs. 26 for the periods from 1st to 7th and 23rd to 30th April 1874, at the rate of Rs. 52. The pay of the head clerk in May was therefore Rs. 51.

3rd.—One rupee was drawn by the head clerk in excess of the sanctioned scale of Rs. 52 in the month of July, which was refunded in August 1874, when he was entitled to Rs. 54; therefore his pay for two months was drawn at the rate of Rs. 53.

4. The amount shown against establishment in the annual account does not tally with the aggregate of the sums entered against that item in the four quarterly returns for the year 1873-74. This is due to the fact that the sum of Rs. 80, on account of the salary of a clerk under the Executive Engineer, was shown under the head "Establishment for collection of revenue" in the 1st and 2nd quarterly returns, but was subsequently charged to "Establishment on works" under the instructions of the Controller of Public Works Accounts.

No. 100T, dated Camp Bishenpore, the 22nd December 1874.

From—W. R. LAMRINE, Esq. Offg. Magistrate of Bankoora,
To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit herewith the annual return of income and expenditure of the District Road Fund of the district of Bankoora from 1st October 1873 to 30th September 1874.

2. From the statement it will appear that besides ordinary repairs to existing roads and bridges, many new lines of roads were opened in different parts of the district, especially in that part of Thana Gungajulghatti known by the name of Pergunnah Moheshra, for the purpose of giving employment to the numerous laborers who were reduced to distress by the failure of the crops.

3. The following is the description of the different original works executed during the year under report.

4. The first of these is the road from Gungajulghatti to Saltora, a distance of about fourteen miles.

5. Since the transfer of the pergunnah of Moheshra from the district of Manbhoom to this district, and the establishment of an outpost at Saltora, the centre of the tract, I had it in contemplation to open a line of communication between the outpost and Thana Gungajulghatti, to which it belongs, and the necessity for opening relief works in that quarter afforded me an opportunity for carrying out this project. This road has been metalled and nearly all bridged, and has been constructed at a cost of Rs. 18,671.

6. The second, but first in importance, is the road from Morooloo to Mejia, a distance of about fifteen miles. It affords facilities for communication between Raneegunge and Purulia *via* our police outpost of Saltora and its adjoining villages of Morooloo and others. This road is metalled and bridged except in one place.

7. The third is the road from Rajgram to Indpore, a distance of seven miles, and is a continuation of the Purulia road to Burrabazar, a place of great note in the district of Manbhoom.

8. A constant traffic is carried on on this road. It is towards the south of the district, and is both metalled and bridged.

9. The fourth is the road from Dhulpore to Moheshra, the other extremity of this district towards the south-west, a distance of nine miles where it joins the Manbhoom portion of the road. The latter, when complete, will afford great facilities for communication and trade between Bankoora and Manbhoom. This road is metalled, but not bridged; temporary wooden bridges having been built for wheeled traffic.

10. The road from Dullubpore on the Gungajulghatti road to Meliara, a distance of six and a half miles, is metalled and partly bridged.

11. A new line of road from Bankoora to Taldangra, a distance of fifteen miles, has been opened. The road is metalled, but not bridged.

12. A road from Buda to Taldangra, a distance of eleven miles, has also been constructed. This road has been worked under two estimates: the first only provided for repairing the existing 12-foot cart track, the other for widening the road to 20 feet and metalling it. The earth-work is complete, and the collection of metal is half done. The consolidation for the last three miles has also been finished. This road greatly facilitated communication between the Buda thana and the outpost of Taldangra.

13. The road from Burjora to Meliara, five and a half miles in length, is but a continuation of the road from Dullubpore to Meliara. This would afford facilities of communication between the outpost of Burjora and Meliara, a place of note and the seat of a zemindaree. Earth-work and metalling have been finished.

14. The road from Meliara to Mejia is nine miles in length, and is a continuation of the above line of road. As this road is exposed to the back-waters of the Damooda, it was not considered safe to incur charges for completing the earth-work on the first two miles until the exact extent of damage which is likely to be done to the road is known.

15. The road from Beliator to Burjora and on to the Damooda, a distance of 11½ miles, is intended to be a railway feeder to the Doorgapur Railway Station, and is the shortest journey between this district and Calcutta. There is a break of one mile and a half to complete the line of road to the above station. As this part lies within the Burdwan district, the Magistrate of that district will, I hope, take an early opportunity of completing it. Earth-work and collection of metal have been finished, and the work of consolidation of metal will be taken in hand hereafter.

16. The roads from Chatna to Susunia, a distance of six miles; Susunia to Kustholia, a distance of eight miles; and Kustholia to Mejia, a distance of seven miles, though treated as three different roads, are, in fact, one line of road from Chatna to Mejia. This road affords the readiest means of communication between Chatna and Mejia. The earth-work and metalling of the first portion (six miles) have been completed. The estimates for the second and third roads provided only for earth-work and collection of metal, which have nearly been completed. I would here observe that a sum of Rs. 1,000 was given as a donation by Mr. Reuss, proprietor of the Susunia stone quarries, for the construction of the road from Susunia to Mejia *via* Kustholia, as this road will be of great use to him in carting stone to Burdwan and other places.

17. The last, though not the least in importance, is the road from Joyrampur to Bishenpur, which is the continuation of the line of the Paneghur road, a railway feeder. Earth-work has been done for about three miles of the road only, as the work was taken in hand very lately.

18. Nothing of note in the shape of repairs was done to any of the existing roads and bridges further than ordinary repairs, which have put the roads, &c., in good order.

19. The total amount expended during the year in carrying out the above works is Rs. 82,269-1-9, of which Rs. 67,309-13 were expended in executing new roads, &c., and Rs. 14,959-4-9 in repairs. Of the total sum, Rs. 6,250 were paid in grain and Rs. 76,019-1-9 in cash.

20. Besides the above sum, Rs. 65,372-12-9, including Rs. 43,495-9-6 in grain, have since been paid for works done during the year.

21. The ferry boats on the Damooda at Mejia, on the road from Bankoora to Rancegunge, worked pretty well during the year, but those of Dulkessur and Gundessuri did very badly, as usual. Better arrangements will be made during the current year.

22. The toll-gates on the several roads of the district were managed by their farmers in a satisfactory manner during the year under report.

23. The urgency of opening different new lines of roads in the district to afford relief to laborers was met by the entertainment of a separate Executive Engineer for this district, and Mr. W. B. Christie was appointed to open and supervise the above described numerous relief works. He planned out and surveyed different new roads as promptly as there was occasion for them.

24. The additional staff entertained by me for executing these relief works were two superintendents,—the services of one of whom was required throughout the period, and one was employed for a couple of months only.

25. It is worthy of note here that all these works, though carried on for affording relief, were executed at normal rates.

26. Taking into consideration the total cost, Rs. 1,47,641-14-6, at which these numerous works have been completed, coupled with the fact that they have so much improved the means of communication of the district, it will appear that our money has been spent to the greatest advantage.

27. Most of the members of the Committee have taken great interest in their work during the year under report.

No. 105, dated the 22nd February 1875.

From—C. T. BUCKLAND, Esq., Commissioner of the Burdwan Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the annual account of the District Road Fund of Bankoora for the cess year 1873-74, together with copy of a letter, No. 100T, of the 22nd December, from the Magistrate of Bankoora, reporting on the progress made in the execution of works undertaken during the year under report.

2. The total income of the district amounts to Rs. 1,02,787-0-7, and the expenditure Rs. 85,671-6-8, leaving a balance of Rs. 17,116-1-2. There is a difference of Rs. 0-7-3 in the actual balance, which is owing to certain advances not having been adjusted yet by the treasury officer.

3. It will be seen from the expenditure side of the statement that Rs. 78,021-7-0 were expended on road works, viz. Rs. 63,062-2-3 in original works and Rs. 14,959-4-9 in repairs; but the Magistrate, in paragraph 19 of his letter, states that Rs. 82,269-1-9 were expended in the construction of works, viz. Rs. 67,309-13-0 in original works and Rs. 14,959-4-9 in repairs. The difference of Rs. 4,247-10-9 is attributed to the fact that Rs. 3,414-10-3, expended in the purchase of tools, and Rs. 833-0-6, in the payment of establishment for supervising relief works, were treated as part of the original work.

4. The figures shown against original works and repairs in the annual account do not correspond with the total of the entries under those heads in the four quarterly returns. The difference is of Rs. 1,507-14-3, which is stated to be due to the above sum, which was expended in the construction of the Beersingpore road, having been inadvertently shown under the head of repairs in the quarterly returns.

No. 121, dated Soory, the 16th November 1874.

From—R. D. HIME, Esq., Officiating Magistrate and Chairman, District Road Committee, Beerbhoom,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit herewith the annual accounts of the district works of this district for the cess year 1873-74, together with a report of the works undertaken and the progress made during the year under report, prepared by the Executive Engineer of Beerbhoom. The following are the only works which call for remark:—

Work No. I.—The culverts on the Ahmedpore and Laghotta road, twenty in number, were completed during the current year. The floods during the year, viz. on 26th September and 15th October, were extraordinarily high, but the culverts have stood very well. The embankment on this road was constructed in the year 1866, and the crest of the embankment was supposed to be one foot above the highest water mark of 1864. Subsequently, however, the height was reduced by one foot.

2. It is not easily conceivable that the water level rises so high in this district from a cursory inspection of the country; nevertheless this embankment, which appears so high, has been breached in three places, and for more than a mile the water level was only two or three inches below the crest of the embankment. It is to be hoped that during the year funds will be forthcoming for constructing four additional culverts on this road.

Work No. II.—Extending the bridge over the Agoa Kandar khal from 3 spans of 20 feet to 5 spans of 20 feet. There is still a tendency in this bridge and in two others on the Elambazar road to scour between the piers. Broken bricks filled in between the piers are easily transported by the current. The Railway Company are heavy holders of stone, which are also constantly repacked.

3. In a separate statement attached has been given the cost of the famine relief work in cash and in grain. The progress upon these works is given below approximately. The culverts on these roads were not undertaken during the current year:—

	Number of miles completed.	Number of miles unfinished.
Boleopore and Bangehuttra	6	4
Ditto and Sacooolipore	8	4
Poorunderpore to River Adjai	11	8
Synthia and Andee	18	...
Andee and Kamrara	4	8
Mullarpore and Mouressur	7	1
Ditto and Mahomedbazar	2	11
Burdwan to Nowagram	3	1
Kulgram to Loghatta	6	4
Boleopore to Soorool	9	
Ditto to Kosba

} The expenditure on these works appears to have been incurred by the District Road Committee.

* The amount has not been charged in the account, and the Executive Engineer has been requested to adjust in his accounts—vide this Office No. 13180, of 12th November 1874.

J. T. SIMPSON, C.E.,
Offg. Executive Engineer, Beerbhoom.

BEERBHOOM, }
The 16th November 1871. }

R. D. HIME,
Offg. Magt. and Chairman, District Road Committee.

No. 561, dated the 18th December 1874.

From—C. T. BUCKLAND, Esq., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the annual account of the District Road Fund of Beerbhoom for the cess year 1873-74, together with copy of a letter, No. 121, of the 16th November, from the Chairman of the District Road Committee, Beerbhoom, reporting on the progress made in the execution of works undertaken during the year under report.

2. The total income of the district amounts to Rs. 1,30,803-8-7, and the expenditure Rs. 1,34,968-7-10, exceeding the income by Rs. 4,164-15-3. The circumstances under which this excess expenditure was incurred are given below.

3. The Magistrate of Beerbhoom having reported on the 18th May 1874 that the Mullarpore road was almost complete, and that it was absolutely necessary to open another relief work in that locality to keep the laboring classes of the Montessur jurisdiction, an especially distressed tract, from starvation, I, in anticipation of the sanction of Government, authorized him, on the 27th May, to draw from the treasury the requisite amount for the commencement of the road from Kamarara to Andee, and two other works proposed by him to give employment to the laborers near Poorunderpore and Soorool, if the funds at his disposal had nearly been exhausted, or were likely to be exhausted shortly.

4. On the 26th June an application was made to Government for a further grant of Rs. 35,000 to the district of Beerbhoom; but the Government, in its No. 4449—S.R., dated 13th July 1874, declined to sanction any further grant, stating that as grain has been ordered to be given to the relief laborers, the cash outgoing ought to be very small; and the unexpended balance then in the hand of the Magistrate would be sufficient to pay for special supervising establishment, and other expenses which cannot be met by grain payments. But as the commencement of these works was considered by the Magistrate to be urgently necessary, he drew the sum of Rs. 4,164-15-3 in excess of the income of the district.

5. The total of the annual accounts accords exactly with the aggregate of the quarterly extracts for 1873-74.

No. 191, dated Midnapore, the 8th February 1875.

From—A. W. COCHRAN, Esq., Vice-Chairman of the District Road Committee, Midnapore,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the following report on works executed on the several local roads of this district during the cess year 1873-74, and of those proposed to be undertaken during the current year 1874-75.

2. The annual accounts prescribed by Government circular No. 4952, of the 24th September 1872, are also annexed.

3. Before I treat of each road, I shall in the first place mention that the works on almost all the roads were not done according to the budget estimate submitted to Government with this Office No. 209, of the 13th August 1873. With the exception of a few bridges, almost all the masonry work provided in the estimate was not taken in hands, and in order to provide work to the laborers, the sums estimated for these works were spent chiefly on earth-work, dressing, &c., executed in constructing new lines of roads.

4. The Road Cess Act was extended to this district only on the 1st August 1874, by Government Notification dated 7th July (*vide Calcutta Gazette* of the 8th July 1874), and the District Road Committee submit it is not necessary that the annual reports and returns of work executed prior to that date should be prepared in strict observance of the provisions of the Road Cess Act.

5. The total sum at the disposal of the committee during the year under report, including the Government grant and the unexpended balance of the preceding year in the hands of the District Engineer, &c., was Rs. 96,962, as detailed in Parts I and II of the annual returns. Of this amount Rs. 92,098-0-6½ were spent during the year, viz. Rs. 30,077-4-6 by the District Engineer and Rs. 62,020-12-½ by civil officers.

6. The District Engineer has only a few roads under his charge, viz.—

Road No. XX from Ghattal to Chunderkona, and part of roads No. V from Chunderkona to Gowaltore, and No. VI Burdwan road. The Vice-Chairman, who is the Joint-Magistrate, has all the remainder. Relief work having to be provided on the roads, the ordinary rates have necessarily been exceeded. Several new roads, such as—

Road No. XXII from Kheerpoy to Buddengunge,
 " " XXIII from Chuttergunge to Ramjeebunpore,
 " " XXIV from Kespore to Narajole,
 " " XXV from Binpore to Silda,
 " " XXVI from Dahijuri to Lallgurbh,
 " " XXVII from Binpore to Ramgurbh,
 " " XXVIII from Ramgurbh to Lallgurbh,
 " " XXIX from Sugri to Jhargram,
 " " XXX from Gurbetta to Koyapeti,
 " " XXXI from Satpati to Kantapahari,
 " " XXXII from Chunderkona to Kowapore,
 " " XXXIII from Satpati to Gowaltore,
 " " XXXIV from Noadah to Narajole,

have been made principally to provide labor for men who wanted it. The damage done by the cyclone to the roads in the south and east has been considerable, and the budget estimates have been considerably changed.

7. After the above general remarks, I now proceed to report on the work done during the past cess year and proposed to be carried out during the ensuing year 1874-75:—

Road No. I, from Gurbetta to Ramgurbh.—This road is situated in the Gurbetta or western sub-division of the district. It leaves the imperial road to Raneegunge at Gurbetta, and terminates at Ramgurbh, and is 26 miles in length.

During the year under report, surface repairs to the road in places where necessary were given. A large wooden bridge over the Tamul River was thoroughly repaired and earth-work to the embankment of the road where needed was also executed; a portion of the road, about 500 feet in length, which was very heavy with mud during the rainy season, was metalled with laterite. The total cost incurred in carrying out these works was Rs. 866-1.

A sum of Rs. 500 was provided in the budget for the year 1873-74 for the construction of a pucca culvert of 2 spans each of 8 feet over a khall near Ramgurih, but as almost all the masonry work provided in the budget could not be taken in hand this year, and the sums estimated for the work were spent on earth-work to supply work to the laborers, the construction of this bridge was also postponed.

In the budget for the year 1874-75 a sum of Rs. 500 has been provided simply for the ordinary repairs of the road and its existing bridges. No new work is to be undertaken on the road. The estimate has been vitiated by the cyclone since, and some Rs. 1,500 at least will be required to restore the road to proper repairs.

Road No. II, from Lodhasye to Binpore.—This road is one of the most important lines of communication within the jungle mehals. It runs out from the old Bombay road at Lodhasye about six miles from Midnapore, and terminates at Binpore, where there is a police station. It is 25½ miles in length, and is metalled up to the 10th mile-post.

In the estimate for the year under review, a sum of Rs. 3,170 was provided under the head of original work for the construction of bridges and for metalling a portion of the road, but for the reasons stated above the greater portion of this amount was spent on earth-work; only a pucca bridge of 3 spans each of 8 feet, which had been constructed in the preceding year up to the springing of the arch, has been finished. Ghooting and laterite for metalling about two miles of the road were collected, and a small quantity of bricks was manufactured. Cost incurred under this head is Rs. 1,488-11-9.

Under the head of repairs a sum of Rs. 4,903-6 was spent on this road during the year. With this expenditure the unmetalled portion of the road has been top-dressed and approach roads were made on both sides of the khalls which have not yet been bridged. The road for about 15 miles in length was widened and raised, and the sides of embankment were turfed in places where necessary. A wooden bridge has also been repaired, and sâl-wood logs for repairing another large wooden bridge have been purchased.

The road has been fully bridged up to the 13th mile. In the estimate for the year 1874-75 the committee have allotted a sum of Rs. 15,000 for completing the bridges and metalling the road up to the 24th mile, but I think it will now be necessary to divert a portion of the allotment to other roads injured by the cyclone of 15th October 1874.

Road No. III, from Dabjuri to Purihat.—This is a branch of the above-mentioned line, and is itself an important line of communication joining Chybassa with Midnapore. It is 7½ miles in length, of which about one mile is metalled.

A pucca culvert of 1 span of 4 feet was constructed, and certain quantity of materials collected for the construction of another culvert at a cost of Rs. 140-1-3.

The surface of the road in places where necessary was dressed. About 2 miles of the road were widened and raised, and slopes on both side of the khalls, which were not yet bridged, have been cut and made easy. The metalling of the first mile of the road has also been renewed,—cost Rs. 669-1-6.

The budget for the year 1874-75 provides only for ordinary repairs to the road and existing bridges.

Road No. IV, from Chunderkona to Amlagorah.—This is another line of communication in the Gurbetta sub-division. It connects the road No. I and its junction at Amlagorah with the road between Ghattal and Chunderkona, and is 16 miles in length.

With the expenditure of Rs. 300-14-6 incurred on the road during the year under review, the road has been top-dressed throughout its length. Earth-work and turfing, where necessary, were executed, and two bridges were thoroughly repaired.

Like the road No. I, this road has also suffered much from the cyclone of the 15th October. The trees fallen on the road have already been removed, and earth-work commenced to fill in the breaches and to remedy the other injuries caused by the cyclone. The Deputy Magistrate of Gurbetta has submitted an estimate for Rs. 1,867 for the repairs of the damages. This estimate seems heavy; it is proposed to expend Rs. 600 provided in the budget of the current year in the repairs of these damages, and any further sum that may be required to complete these repairs might be met from the savings on the other roads.

Road No. V, from Chunderkona to Gowaltore.—This is a very important road in the Gurbetta sub-division for traffic between Ghattal and Chybassa, and is 16 miles in length.

This road is fully bridged, and was in a very fair condition before the cyclone of the 15th October 1874. During the year under review surface repairs to the whole of the line were executed, and earth-work and turfing where necessary were done at a cost of Rs. 480-2-9.

A large wooden bridge on the 9th mile of the road, over the Nobokolah khal, was thoroughly repaired and partly reconstructed by the District Engineer at a cost of Rs. 1,186. Two other wooden bridges—one over the Moorakhally khal, and the other over the Donye river—were also thoroughly repaired. Cost Rs. 827.

This road has suffered much from the cyclone; two of its bridges have been injured and the road itself breached in good many places. The Deputy Magistrate of Gurbetta has submitted an estimate for Rs. 1,729 for the repairs of the damages. These repairs will be carried out from the sums provided in the budget for 1874-75; any additional sum that will be required may be drawn from the savings on the other roads.

Road No. VI, Burdwan road.—This is, too, one of the most important of the local roads of this district, being the straight route from Midnapore to Burdwan. It is 35 miles 2 furlongs in length, of which 1 mile 2 furlongs is within the municipal jurisdiction of the town of Midnapore.

The road was metalled in the preceding year up to the 15th mile. During the year under review a further length of about $2\frac{1}{4}$ miles of the road has been metalled by the District Engineer. Ghooting to the extent of 8,100 cubic feet for metalling a portion of the 23rd and 24th mile was collected and stacked on the road-side, and bricks, 119,000 in number, were manufactured for the construction of a large bridge at Kamarbundi on the 27th mile, and a pucca culvert of 1 span of 4 feet on the 28th mile of the road.

One pucca bridge of 3 spans each of 10 feet was completed from the springing of its arches, and another pucca culvert of 1 span of 4 feet was also constructed. A pucca culvert of 1 span of 8 feet, which was built last year, has been thoroughly plastered this year. All the above-mentioned works come under the head of original work.

Metalling of more than $3\frac{1}{2}$ miles of the road has been renewed by giving a layer of laterite two inches in thickness over a breadth of 12 feet. The crest of the unmetalled portion of the road about 13 miles in length has been dressed off. The embankment of the road, nearly 17 miles in length, has been thoroughly repaired, widened, and raised and side slopes were turfed. Boundary bund on both sides of the road showing the extent of land belonging to the road has also been constructed throughout the said length and trees planted on both sides of the road have been reared throughout the year. The approach road on both sides of the Temohani river intersecting the road on the 17th mile have also been made.

The committee have allotted only a sum of Rs. 1,100 for the annual repairs of the road and its existing bridges, but the road has suffered much by the cyclone of the 15th October last. The metalling of the $2\frac{1}{4}$ miles of the road executed by the District Engineer has been washed away in parts, the road has been breached in good many places, and some of the bridges have also been damaged. The estimate of the cyclone repairs amounts to Rs. 4,460. All the above damages are to be repaired this year and a timber bridge with masonry piers and wing walls will be constructed over the Kamarbandi khal on the 27th mile of the road.

Road No. VII, Noadah road.—This road branches off from the imperial road to Oolooberria and ends at Nandah. It is a short, but very useful line. Noadah is the well known seat of sugar manufacture in the district, and is $3\frac{1}{2}$ miles in length, 1 mile of which is metalled.

In the budget for the year 1873-74 a sum of Rs. 1,000 was provided for manufacturing bricks for metalling the remaining portion of the road, but the work was deferred to some other year on account of famine and the amount spent on other roads in relief work. Only a sum of Rs. 4-0 laid out on the road during the year in question in widening about 2 miles of the road and raising the same portion in places where necessary.

In the budget for the present year provisions have been made to widen and raise the remaining portion of the road; the estimate for repairing the damages caused by the cyclone is only Rs. 50. The metalling of the first mile of the road is also to be repaired.

Road No. VIII, from Beldah to Contai.—This road runs from Contai to Beldah, where it meets the Grand Trunk Road to Cuttack, and is the only line of communication between Contai and Midnapore. It is 35 miles 2 furlongs in length.

During the year under review the whole of the line has been top-dressed and the road from the 36th mile up to the 23rd mile has been raised and widened in places where necessary. Two pucca culverts, which were in a dilapidated state, were dismantled and partly reconstructed; nine bridges of the line have been repaired and white-washed.

The ghooting collected last year for metalling the portion of the road running through the Baleghai Bazar has been spread and consolidated; cost incurred on these works is Rs. 1,265-15.

The cyclone of the 15th October last has caused considerable damages to the road. The inspection bungalow at Egrah on the 17th mile of the road has been quite destroyed, and the embankment of the road has been greatly injured. During the current cess year the damages described above will have to be repaired, and the incomplete bridges to be finished.

Road No. IX, Section I, from Contai to Tumlook, Kalinugger Section.—This is the road between Contai and Tumlook; it begins near Contai at the junction with the dak road to Kedgerree. The whole line from Contai to Tumlook is 38 miles 3 furlongs in length, of which 18 miles are in the Contai sub-division and the rest in the Tumlook sub-division.

The crest of the road throughout this section had been dressed off at the commencement of the working season, and earth-work and turfing in places where needed have also been executed at a cost of Rs. 167-1-10.

Bricks, 50,000 in number, have been manufactured for the construction of its culverts. Cost Rs. 404.

This road has also suffered much from the cyclone. The amount provided in the estimate will be spent in repairing damages, and about Rs. 1,500 will be required for the construction of four of its bridges.

Road No. IX, Section II, from Contai to Tumlook, Narghaut Section.—This is a part of the road alluded to above. The part from Narainpore near Tumlook to Kakoobinia, a distance of 20 miles 3 furlongs, is in the sub-division of Tumlook, and forms this section.

The metalling of the metalled portion of the road for about 2½ miles having been much cut up by the passage of carts its metal was taken up last year; this year it has been spread and consolidated. The crest of the unmetalled portion of the road has also been dressed off by filling in gaps and holes.

Two temporary wooden bridges—one at Mungrajpore and the other at Chandipore—have been reconstructed, and the masonry bridges throughout the section have also been repaired. Total cost Rs. 885-6-9.

The embankment of the road has been much injured by the cyclone; one wooden bridge on the 19th mile of the road has been totally swept away, and the other bridges of the line require repairs. These repairs will be done out of the sums provided in the budget estimate for the year 1874-75.

Roads Nos. VIII and IX are of considerable importance, being the chief communication in that part of the country. The Deputy Magistrates of Tumlook and Contai have had the immediate superintendence of these roads, with the exception of some distance from Beldah to Baleghai. Mr. Risley, now on relief duty in Contai, is at present in charge of the Contai roads, 5½ miles in length.

Road No. X, from Contai to Joonpart.—This road has been transferred to Public Works Department, Irrigation Branch,—vide Government letter No. 4579, dated the 10th September 1873.

Road No. XI, from Contai to Ramnugger.—This road leads to Chandpore, a place proposed some time ago to be made a sea-side sanitarium. It is an earthen embankment, but wide enough for carts, and is 15 miles in length.

The surface of the road throughout its whole length has been dressed off, and earth-work and turfing, where necessary in filling up gaps, &c., and raising the road, had been executed. A temporary wooden bridge over the Gadragehye khal was constructed; cost incurred on the road up to the 10th September 1874 is Rs. 197-14-5.

During the current year petty repairs to the whole line of the road and its existing bridges are to be made; the road where low should be raised to its height in its highest part, and the embankment where injured by the cyclone is to be repaired. The missing mile-posts to be replaced, and moveable landing stages for the ferry over the Pitchabari Tidal khal, which intersects the road on the 7th mile, are to be provided.

Road No. XII, Gope roads—These roads are 12 in number. They are in the vicinity of the station, some of them being but continuation of the main roads leading out of the town towards the west. All the 12 roads are metalled roads.

Out of the 12 roads the metalling of four of the roads has been thoroughly repaired, and laterite for renewing the metalling of one of the roads has been collected and stacked on the roadside. Some 18 bridges of the road have been thoroughly repaired. Cost Rs. 434-14-9. These roads have also been injured by the cyclone, and the cyclone repairs are now being carried out from the amount estimated for the annual repairs of the road and bridges.

Road No. XIII, from Kallaberiah to Satpati.—This is one of the three jungle roads that were constructed in the famine year 1865. It branches off from the Bankoor road at Kallaberiah, 3½ miles from Midnapore, and ends at Satpati. Its length from Kallaberiah is 9½ miles, of which 1 mile only is metalled.

This road was in a very bad state of repair. In order to afford employment to the laborers, a sum of Rs. 1,420 was spent on earth-work. By this expenditure nearly the whole of the road has been raised and widened and side slopes turfed. Two of its bridges have also been thoroughly plastered at a cost of Rs. 51.

This road has not yet been completely bridged, and the committee, in their meeting held in September last, proposed to bridge the road throughout its whole length, and accordingly allotted a sum of Rs. 4,625 for the purpose; but it is to be feared the wishes of the committee cannot be carried out this year, as the greater portion of the allotted sum will have to be spent in the repairs of the damages caused by the cyclone to the most important roads of the district. This road has been slightly injured by the cyclone, and the amount provided for the annual repairs will suffice to keep it as a fair-weather road not fully bridged.

Road No. XIV, from Lohasole to Mahapal.—This is another jungle road constructed in the famine year 1865. It begins from the old Bombay road at Lohasole, 20½ miles from Midnapore, and ends at Mahapal, on the left bank of the Soobornorekha river, where there is a Government ferry. It is 9½ miles in length.

With the sum of Rs. 295-9-6 spent during the year, about 4½ miles of the road have been raised 1 foot on an average and widened all along the said length from 10 to 15 feet. An inspection bungalow on the 21st mile of the road at Lohasole has been constructed at a cost of Rs. 366-14-9, and part of this amount was paid in 1874-75.

The village Mahapal, where the road ends, is the great centre for the western part of this district; it is also a centre of trade for Gopibullubpore, a large producing thana; and in order to keep up communication between Mahapal and Calcutta *via* canal, the committee provided a sum of Rs. 2,530 in the budget for the year 1874-75 for bridging the whole line.

of road and raising and widening the part left last year, but it is to be feared the views of the committee cannot be carried out this year, as the Government has sanctioned only Rs. 30,000 against an estimate of Rs. 86,000. Of this Rs. 30,000, Rs. 15,000 will have to be given to the District Engineer for finishing the metalling of the road between Ghattal and Chunderkoha; the remaining Rs. 15,000 will hardly suffice for the cyclone repairs of the other important roads.

Road No. XV, from Khurgopore to Kessiarree.—This is the most important of three jungle roads constructed during the famine year 1865. It connects Kessiarree, a place known for its manufacture of *tussur* and *tussur* cloth, with the Cuttack road at Khurgopore. Its length from Midnapore to Kessiarree is 21 miles 2 furlongs, and from Khurgopore to Kessiarree 16½ miles.

The undermentioned works were executed by a contractor during the year under review; the contractor's accounts have not yet been settled, only a sum of Rs. 2,300 has been paid to him up to the 30th September 1874 :—

1. One culvert of 2 spans each of 6 feet has been constructed on the 10th mile of the road.
2. One culvert of one span of 4 feet also finished on the 12th mile.
3. One pucca bridge of 3 spans each of 10 feet constructed on the 18th mile.
4. Wood-work of two large wooden bridges on the 12th and 17th miles of the road has been renewed.
5. About 1 mile of the road has been raised on an average of about 2½ feet and widened from 10 to 15 feet.

Besides the abovementioned work, about 3½ miles of the road, which were in a very bad state of repair, have been repaired or newly constructed departmentally at a cost of Rs. 1,265-1-9.

Of the work described above, the pucca culvert of 1 span of 4 feet, one arch of the large bridge of 3 spans on the 18th mile and an abutment wall of one of the two wooden bridges, have been quite destroyed by the cyclone of the 15th October last, and most of the earth-work done on the 18th mile washed away. With the sum of Rs. 2,425, provided for in the budget for the year 1874-75, the damages caused by the cyclone will be repaired, and the bridges wanting on the road are to be constructed. Earth-work and turfing, where necessary, will also be done.

Road No. XVI, from Midnapore to Kamararah.—This is a portion of the old Bombay line; it joins the station roads at Nowrungpore near the stone quarry, and extends to the Soobornorekha river, a distance of 47 miles, of which 33 miles lie in the district of Midnapore, and the rest in that of Chyabassa.

Under the head of original work a sum of Rs. 3,192-5-4 was spent on this road in executing the following work :—

1. The road from Sewlee khal up to Surdia, a distance of about 4 miles, has been metalled with laterite layer 6 inches in thickness.
2. A causeway consisting of brick and roughly dressed stone masonry work about 30 feet in length, including its curtain walls, has also been constructed on the 3rd mile of the road.
3. The abutment walls, wing walls, middle piers, and counterforts of two large wooden bridges, each of 3 spans of 13 feet, have been raised to their proper height.

Under the head of repairs, Rs. 2,215-11-4 was laid out on this road, and the works executed are as follows :—

1. Metalling of a part of the 1st mile, and that of the whole of the 2nd mile, has been renewed, and laterite for renewing the metalling of the 3rd and a part of the 4th mile has been collected on the roadside.
2. Twenty-four bridges of the line have been thoroughly repaired and white-washed.
3. The road from the 7th up to the 29th mile has been dressed off, and about 8 miles of the road have been raised on an average of 9 inches in height, and the breadth of the road has been made uniform throughout the same length.

During the current cess year the wood-work of the two large wooden bridges mentioned above will have to be completed; two pucca culverts, one of 1 span of 4 feet and the other of 2 spans each of 6 feet, which were constructed up to the springing of their arches, will also be finished. The road from the Cossye river up to the Sewlee khal, distance about 2½ miles, will also be metalled with laterite, and earth-work and turfing, where necessary, should also be executed.

Road No. XVII, from Contai to Kookrahattee.—This is a dāk line from Calcutta to Contai. Its length from Contai to Kookrahattee is 45 miles, of which only 16 up to Kedgerree police station is under the District Road Committee.

The crest of the road up to 16 miles has been dressed off, and earth-work and turfing where necessary up to that length have been executed. Cost Rs. 201-7-9.

The portion of the road under the committee has been greatly injured by the cyclone; about Rs 1,500 will be required to do these cyclone repairs.

Road No. XVII, from Baleghai to Jelepore.—This road branches off from the local district road between Beldah and Contai at Baleghai, and joins the imperial road to Cuttack at Jelepore.

It is an important line of communication in the Contai sub-division, and used largely by the people of its adjoining villages and those of Cuttack and Bolepore as a route to Calcutta. It is 23 miles in length, of which 18 miles of the road are in this district.

The whole of this line has been top-dressed by the end of the rainy season, and earth-work and turfing in places where needed were executed. The top or crest of the bridges has been covered with earth. Cost Rs. 377-5-3.

The cyclone of the 15th October last has made some partial gaps and injured the side slopes in a good many places. The existing bridges of the line and the inspection bungalow at Mohunpore on the 10th mile of the road with its out-offices require repairs. With the sum of Rs. 600 provided in the budget, the repair works described above will have to be executed during the year 1874-75.

Road No. XIX, from Panchcoorah to Tumlook.—This road branches off from the imperial road to Calcutta at Panchcoorah and extends up to Tumlook. It was formerly a very important line of communication, but its importance has been reduced by the opening of the canal from Oolooberria to Midnapore; and the committee propose to keep it as a fair-weather road for the future unmetalled, that is, no expenditure of any importance will be incurred in metalling. It is 16 miles in length.

Metalling of the whole of the line having been greatly injured and furrowed by carts' wheels, last year its metal or khoah of the whole of the line were loosened and again spread and consolidated on a portion of the road. This year the same has been done throughout the line, cost incurred Rs. 412-4-9.

During the current year, petty repairs to the metalling of the road will be executed; the earthen sides of the road in places should be raised, and earth-work in filling up gaps and breaches will be executed. The bridges of the line should also be repaired.

Road No. XX, from Ghattal to Chunderkona.—This is another important road. It connects Ghattal with Chunderkona and Ranjeebunpore, these three places being the principal seats of trade in the northern part of the district.

The District Engineer, who is in charge of the whole road, has submitted the following report on work done by him during the year under review:—

"The entire length of road measures 14 miles and 3 furlongs from Ghattal to Chunderkona, of which the portion from Ghattal to the 8th mile-post, and also $3\frac{1}{2}$ miles from the Selye river to Chunderkona or termination of road, making a total of $11\frac{1}{2}$ miles, have been entirely metalled and work completed with exception of 1,679 feet in mile (3) as noted below. The rest of the intermediate portion of road, i.e. $3\frac{1}{2}$ (viz. 9, 10, 11, and a part of the 12th mile) have not been metalled, but the earth-work and turfing have been finished.

"In the 3rd mile, however, there is a portion left, as it is intended to divert that portion of road in order to reduce its length."

Besides the above, all the bridges of the line have been repaired, and a temporary inspection bungalow at Kheerpoy was constructed.

The work proposed to be undertaken during the current cess year is to finish the metalling of the remaining portion of the road and to construct a causeway at Munsatollah, on the 11th mile of the road.

There is a toll-bar on the road at Ghattal which yields an annual income of about Rs. 4,000. This year, however, we got Rs. 3,200 only. There is also a private ferry over the Selye river on the 11th mile from Ghattal.

Road No. XXI, from Noadah to Ghattal.—This is an old line of road, but having been abandoned for many years was in a ruinous state. It has been taken up in the list of the District Road Department only from the year 1872-73. The Committee wish to keep up this road as a village path, and the line, when completed, will connect Ghattal and Chunderconah with Noadah and through road No. VII with the road from Calcutta to Midnapore and thereby greatly increase the traffic of the former place.

During the period under review, a sum of Rs. 1,528-2 has been spent in doing earth-work, turfing and dressing of eight miles of the road, and in constructing six temporary wooden bridges of palm and date-trees. A sum of Rs. 500 has been provided in the budget for the year 1874-75. With this sum the cyclone repairs to the damages will be carried out, and the remaining portion of the road will be constructed as far as the fund will allow.

8. The statement annexed below will show the particulars of the new lines of road constructed during the year under report. These roads were undertaken to afford relief

work to the destitute, and although expensive and still in need of much to make them thoroughly useful, have fulfilled admirably the chief end for which they were designed.

Direction of the district on which the road constructed.	Number and name of Roads.	Total length in miles.	Number of miles constructed during the year.	Average breadth of the road on its crest.	Amount spent during the year.	REMARKS.
					Rs. A. P.	
North-East	No. XXII, from Kheerpooy to Buddengunge ...	14	12	15 feet ...	1,783 12 3	The average height of these roads is one foot, but the roads where passing through low and swampy ground have been raised according to the requirements of the places.
Ditto	No. XXIII, from Chuttergunge to Ramjeebumpore ...	8	8	Ditto ...	905 14 9	
Ditto	No. XXIV, from Kespore to Narajole ...	6	6	Ditto ...	2,227 0 0	
Ditto	No. XXV, from Gurbetta to Buddengunge and Kowpore ...	3	3	Ditto ...	910 8 6	
Ditto	No. XXVI, from Chunderkonah to Kowapore ...	5½	5½	Ditto ...	1,719 1 3	
Ditto	No. XXVII, from Noddah to Narajole ...	1	1	Ditto ...	98 12 3	
North-West	No. XXVIII, from Binpore to Saldah ...	4½	4½	Ditto ...	827 2 4	
Ditto	No. XXIX, from Bahajuri to Lalpurah ...	8	8	Ditto ...	1,987 7 10	
Ditto	No. XXX, from Binpore to Ramgurah ...	13	6	Ditto ...	1,144 11 1	
Ditto	No. XXXI, from Lalpurah to Ramgurah ...	4	4	Ditto ...	1,032 10 3	
Ditto	No. XXXII, from Satpati to Kantapahari ...	13	10½	Ditto ...	4,761 0 0	
Ditto	No. XXXIII, from Satpati to Gowaltore ...	12	1	Ditto ...	82 0 3	
West	No. XXXIV, from Sugri to Jharagam ...	6	6	Ditto ...	1,560 0 0	
Total		75	75		19,153 0 10	

9. The sum shown against each of the roads has been spent chiefly on earth-work, turfing and dressing, and the work was done by daily labour. The greater portion of the land taken for the construction of these roads has been obtained from Messrs. Jardine, Skinner & Co., and other zemindars free of cost; only a sum of Rs. 437-5 paid during the year to the lakhirajdars and petty talookdars.

10. All these roads have been taken up into the list of the District Road Department, and in the estimates for the current cess year, submitted with this Office No. 500, of the 29th September last, a sum of Rs. 9,725 was provided under the heads of "original work" and "repairs" for completing earth-work, &c., of these roads and for bridging the two lines of road between Kespore and Narajole and between Chunderkonah and Kowapore; but for the reasons stated under road No. 11, these works cannot be carried out during the current year.

11. *Village roads.*—The village roads of all the four sub-divisions of this district, as specified in the classified lists of roads and bridges under class IV, submitted with this Office No. 25, of 4th October last, have been repaired, and temporary bridges of palm-trees and bamboos, where necessary, on the roads were constructed at a cost of Rs. 1,140.

These repairs were carried out under the immediate supervision of the Deputy Inspector and Sub-Inspector of Schools.

12. During the year under review a sum of Rs. 1,283-11-6 was spent on account of contingencies and petty works and in purchasing the following tools:—

Kodals	655 in number.
Pickaxes	125 "

Besides the above, 1,050 kodals and 400 pickaxes, with handles, were received from Government. All these implements were urgently needed to carry out the relief and other works.

13. Under the head of "Ferries" a sum of Rs. 1,896-11-9 was expended during the year. Of this sum Rs. 1,278 was laid out in constructing three new flat-bottomed boats and one pansce, and in writing out and painting nine ferry toll boards, and the rest in the hire of pansces and in the wages of tcheldars employed in collecting tolls of the ferries and toll-bars held khas.

14. One of the three new boats constructed last year has been lost in the cyclone. Three more boats and four pansces are to be constructed during the current cess year. They are urgently wanted.

15. An outlay of Rs. 2,926-0-7 was incurred on account of establishment employed under the committee during the year to carry out the road work.

16. The comparatively smallness of result as compared to expenditure in this year is owing to the necessity for relief work for the distressed persons which this year naturally influenced us greatly. A good deal was done and a vast amount of distress averted. Much of the work done was damaged and nearly undone by the cyclone. Financially, then, our outturn of work will compare unfavorably with other years, but the causes will be found quite beyond our control.

No. 193, dated 8th February 1875.

Memo. by—W. OLDHAM, Esq., Chairman.

SUBMITTED to the Commissioner of the Burdwan Division with the following remarks:—

The relief operations of last year upset nearly all the plans for the season. They embraced a large amount of masonry work, nearly the whole of which had to be abandoned to allow of the funds being devoted to work which could afford relief. For the current season the completion and construction of bridges will be the chief work looked to, and arrangements have already been made accordingly. As the Relief Committee have undertaken to pay a large portion of the amount spent in earth-work in the tracts affected by the cyclone, we hope to be able to meet nearly all requirements from the local income and grant for the year besides completely restoring the road damaged by the storm.

A. W. COCHRAN, C.S.,
Vice-Chairman.

No. 138, dated the 13th March 1875.

From—C. T. BUCKLAND, Esq., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the annual account of the District Road Fund of Midnapore for the cess year 1873-74, together with a copy of a letter, No. 191, dated 8th February, from the Vice-Chairman of the District Road Committee of Midnapore, reporting on the progress made in the execution of the works undertaken during the year under report.

2. The delay in the submission of the account is owing to my having had to return it more than once on account of there being a discrepancy between the aggregate of the sums shown under the headings "Original Works," "Repairs," and "Tools and Plants," in the expenditure side of the four quarterly returns and entries against those items in the annual accounts. The Chairman now states that the discrepancy pointed out was owing to the figures of the quarterly statements for the 1st, 2nd, and 3rd quarters having been altered under the instructions of the Controller of Public Works Accounts, and submits revised statements for those quarters. The aggregate of the figures shown in the revised returns now tally in the annual account.

3. The total income of the district amounts to Rs. 96,961-14-7, and the expenditure Rs. 92,098-0-6½, leaving a balance of Rs. 4,863-14-0½; of which Rs. 314-1-2 are cash in hand and Rs. 4,549-9-10½ outstanding on account of advances.

No. 34, dated Hooghly, the 14th May 1875.

From—A. WEEKES, Esq., Chairman of the Road Cess Committee, Hooghly.
To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the following report upon the administration of the Hooghly and Howrah District Road Fund for the year ending 30th September 1874.

2. I have to apologise for the delay which has arisen in the submission of this report. It has been delayed in consequence of my not receiving the whole of the completion reports from the Executive Engineer until a short time ago.

3. The following is a list of the office bearers and members of the District Road Fund Committee during the year under report :—

F. H. Pellew, Esq., <i>Chairman</i> .	Baboo Kedarnath Mookerjee,	} <i>Members.</i>
W. F. Meres, Esq., <i>Vice-Chairman</i> .	" Lolit Mohun Singh,	
Mr. T. J. C. Grant,	" Mohendro Gotee Moostofee,	
" W. D. Pratt,	" Obhoy Churn Nundee,	
" J. E. B. Jeffery,	" Opendro Naram Nundee,	
Baboo Behary Lal Mookerjee,	" Poonno Chunder Roy,	
" Joykishen Mookerjee,	" Suttya Doyal Banerjee,	
" Chunder Kant Mookerjee,		
" Jugeshur Singh,		

4. The following changes in the members occurred during the year :—

Mr. W. E. Ward officiated for Mr. F. H. Pellew during the absence of the latter on privilege leave for three months; Messrs. A. Weekes, J. A. Hopkins, and C. C. Quinn, successively officiated as Vice-Chairman during the absence, on leave, of Mr. W. F. Meres; Mr. T. W. J. Rees was a member while acting for Mr. Grant. Baboos Behary Lal Mookerjee and Mohendro Gotee Moostofee died during the year.

5. Five meetings of the Commissioners were held during the year. Want of the needful funds compelled the Road Fund Commissioners to postpone indefinitely the consideration of any scheme for the erection of a suitable office building. Their records and establishment were accommodated, as before, in the Office of the Magistrate-Collector, and their meetings were held in the Office of the Commissioners of the Municipality of Hooghly and Chinsurah.

6. The road cess was collected for one kist only, having been suspended in the district under Government orders, dated 5th February 1874, owing to the prevailing scarcity, which this district did not escape. The Road Fund Committee's position with regard to relief works was that they freely placed the whole of their resources at the disposal of the Magistrate-Collector, who was in direct charge of the relief operations. The Magistrate-Collector accordingly converted all the ordinary road works provided in the budget into relief works, and opened out such other additional works from time to time as local pressure called for. Nearly the whole of these additional works were those which were included in the Committee's list prepared under Section 66 of the Road Cess Act, and the Committee congratulate themselves on having diligently applied themselves, before the time of pressure arrived, to the discovery of village tracks and roads which, from want of funds, had not been kept up, but which form most useful means of communication in the interior of the district.

7. I proceed to report in detail on the works carried out during the year. The agency employed consisted of the District Engineer and also of private gentlemen, who kindly gave their services in superintending certain road works near their homes. The amounts shown in the completion reports of the District Engineer will not agree with the figures shown in

the annual report, because in many instances the works were not finished at the close of the cess year, but were carried on and finished after its close. The completion reports carry on the work beyond September to their close; our figures show expenditure to close of September only.

Mugrah and Mariah road.—Road No. 19 of the revised list. Three miles partly metalled. A bequest of Rs. 10,000 was made for the making of this road. It crosses the Koontee khal, and there is no bridge as yet. One bridge would do for this road and the Mugrah-Mohanad road, No. 14, and would open out an immense tract of fertile country. At present the road by which the traffic moves is very roundabout and impassable in the rains. A bridge would cost Rs. 10,000. The work of metalling three-fourths of a mile of this road had been completed in the previous year, but the cost of the work had not been completely disbursed prior to 30th September 1873. The sum of Rs. 595-14 was expended during the year under review in settling the claims for work done. Petty repairs to the metalled, and also to the unmetalled portions were also carried out.

Hooghly to Dhuniakholly.—Road No. 7 of the revised list of roads. A most useful road, originally aligned on old village paths and roads, and forming an important link between the interior and Hooghly. Unfortunately it does not run direct to the railway station, but a mile south of it, but it is daily crowded with traffic of all sorts. From it branch other roads to the right and left, and it lays open to the trade all the principal villages in the south of Thana Hooghly and in Thana Dhuniakholly. It was metalled for about two miles as far as Simla Bridge over the Sureswatee river. As it is one of the main arteries of traffic across the district, the necessity of metalling as much of it as possible pressed itself on the attention of the Magistrate-Collector; so that there might be as little obstruction as possible to the passage of grain to Thana Dhuniakholly: 6½ miles were metalled during the year under review. This has been shown in the accounts as an original work. Earth-work repairs were also carried out on the whole of the remainder of the road, and it was made passable at all times during the rainy season. The work was well done, and contributed in averting a disaster by allowing of the free passage of grain, and also in affording work to a large number of people.

Nowgong and Seakhalia road, 16 miles.—This road connects Serampore with the interior. It runs through the Dancooney swamp, which has been recently drained. The traffic on the road is very great. It was unmetalled, but during the past year the worst portion of it, where it passes over the swamp, has been raised and metalled, and the remainder of the road has been repaired. It was of considerable service in facilitating the transport of rice into the interior.

Construction of 60 pipe culverts on district roads.—The experiment of the substitution of drain pipes for culverts of very small water-way having been found to succeed in the municipality of Hooghly and Chinsurah, it was determined to try them in the mofussil in places where there would be very little rush of water, but where a small communication beneath the bund of a road was required for the purposes of irrigation or drainage. They have been found very cheap and effective.

Mohanad and Gopeekantpore road.—An unmetalled road; a continuation of the Mugrah and Mohanad road, and running north-west to Gopeekantpore, and crossing the road from Bhastarah to Boinehee on the East Indian Railway. It was repaired under the superintendence of the Rev. Juggodishur Bhattacharjee, of Mohanad; the culverts being built by the Executive Engineer. The Committee are under obligations to this gentleman for the interest which he took in this work as a means of providing labour for his distressed neighbours.

Khanacool to Dhurumpore (Bunder).—This is a road passing due west from Khanacool to Dhurumpore, being about half way to Bunder, an old pāt on the Damooda river in the days of the now decayed industry of silk. It had once been a road, but was almost lost in a mere track. It has been raised and widened, and a large quantity of earth-work has been done upon it. When carried on to Bunder it will be a very useful work. It gave occupation to a considerable number of distressed people.

Bhastarah and Dhuniakholly.—An unmetalled road, nine miles long, connecting Bhastarah, an important village, where there is a school and post-office, with the Thana of Dhuniakholly. It has been put in order, and a small bridge has been constructed over a khal.

Honrah to Juggubhulpore, 17 miles.—This very important road received much attention from the Committee, who proposed on the work of raising the road and metalling it to fit it for conveyance of rice to the distressed parts. Though the work had to be done rather hastily, it was well done by the Executive Engineer.

Phultaghat to Sulkea road, 16 miles.—This road is a continuation of the Grand Trunk road (which crosses the river to the Barrackpore side at Phultaghat) on the western side of the river. It was made from the proceeds of subscriptions by Hooghly zemindars in the year 1851, Government lending assistance. On its way from Phultaghat to Sulkea, it receives as tributaries from the west the Bydebatty Bhola road, the Serampore Bhurai road, the Chunditolah road, the Kallipore road, and the old Benares road. It has a very considerable traffic, although it runs parallel to, and close to the East Indian Railway and the river. It is metalled with stone and is properly bridged, and it has hitherto been maintained in the same style as the Grand Trunk road itself. There is a suspension bridge of considerable span

where it crosses the Bally khal. It passes through the municipalities of Bydabatty, Serampore, and Ooterparah. It has, until last year, been kept up as a provincial road, but the District Road Fund is now charged with its maintenance. It has been put in good order during the year under review; metal has been renewed and culverts repaired, and the work has been done in a satisfactory manner.

Bally, Noaserai, and Tribany Bridges.—These three suspension bridges have been put in good order, and the flooring has been renewed.

Chundernagore and Bhola road, 13 miles.—A feeder to Chundernagore station from the west. It is an old village track improved. It runs through several important villages, the chief of which is Nanda; at Bhola it joins the Bydabatty feeder. It has been thoroughly repaired during the year.

Bydabatty Feeder road, 10 miles.—It acts as a railway feeder, opening to traffic with Calcutta all the villages on the north of Thana Harripal and the south of Thana Dhunniahally as well as Thana Bydabatty. It is fed by branches to Harripal, Tarkessur, Jearah, Nunda, Gazipore, and other important villages. The traffic on it is very heavy. It has been repaired throughout with stone metal, and is now in good order.

Connagore to Jonye, 6 miles.—Runs due west from Connagore station on the East Indian Railway across the Dancooney swamp, striking the Serampore and Chunditollah road at Dancooney and thence to Jonye, an important village on the Sureswati river. It is metalled only on the worst portion, where it crosses the swamp for $1\frac{1}{2}$ miles. The metal has been renewed and the culverts have been repaired. The work has been done in a satisfactory manner.

Digrah to Sookriah, 3 miles.—An unmetalled cross road in Bhullaghur thana, 3 miles long, connecting Bullaghur with the road from Inchoorah to Gooptiparah. It has been put in good repair, both as regards surface and culverts, during the year.

Bullaghur to Inchoorah, 5 miles.—An unmetalled road in the Bullaghur thana, connecting that thana head-quarters with the road from Pandooa to Culna at Inchoorah. The work done on this road this year consisted of surface repairs and petty repairs to culverts, and has been well done.

Serampore and Chunditollah road, 6 miles.—Unmetalled; connects Serampore with the old Benares road at Chunditollah. The work done during the year consisted of surface repairs and petty repairs to culverts. The work was done in a satisfactory manner.

Pandooa and Culna road, 14 miles.—A metalled road, which runs from Pandooa on the East Indian Railway to the north-east boundary of this district, and thence to Culna in Burdwan. Fourteen miles of the road runs through this district. It was constructed by the Department Public Works in 1861, and was almost washed away by the floods of 1872. It runs straight through a low paddy country, and for the first nine miles but one important village abuts on it. It is important as connecting the thana of Bullaghur with the East Indian Railway. It was very extensively repaired last year to secure the passage of grain from the railway to the north-east of the Pandooa thana and the thana of Bullaghur. The repairs consisted of the renewal of seven miles of metal and surface repairs to the rest of the road, as well as repairs of culvert.

Nalikool to Tarkessur, 8 miles.—Unmetalled; it is a continuation of the Bydabatty to Bhola road, and runs due west to Tarkessur; a road which is much frequented by pilgrims and by local traffic. The works consisted of surface repairs and repairs to culverts. It was carried out in a satisfactory manner.

Doomjoor and Jugdispore road.—An unmetalled road, $8\frac{1}{2}$ miles long, connecting Doomjoor on the Howrah Juggutbullubpore road, with Jugdispore, on the old Benares road. The work done on the road during the year consisted of petty repairs to culverts and surface repair, and was executed in a satisfactory manner.

Trebany to Gooptiparah road.—An unmetalled road, 16 miles long, connecting Trebany, on the Sureswati river, with the outpost of Gooptiparah, in the thana of Bullaghur. The road was put in thorough repair, and the work was well done.

Mohanad to Kytanpore, 5 miles.—An unmetalled road, connecting Mohanad with Dwarbasiney. The work done on it last year consisted of petty repairs to surface and culverts.

The road was put in fair order—

			Rs.	A.	P.
Mohanad to Pandooa	249	9	0
Boinchee to Bhastarah	349	3	9
Dwarparah to Inchoorah	118	4	0
Bhola junction to old Benares road	344	0	6

These short unmetalled cross roads were put in repair and were made passable.

Old Benares road, 32 miles.—A road second to none in importance in the combined districts. It runs from Howrah in a north-west direction towards Benares. It is a shorter route than the old Grand Trunk road, though, owing to the fact that it crosses the Damooda twice, it is not available for through wheat traffic.

Of local traffic there is a great amount, and it is a main artery for the passage of Hooghly produce. It is metalled with brick for nine miles, as far as Chunditollah, and about two miles

further on there is another length of $2\frac{1}{2}$ miles in its course across the south-west portion of the district. From north-west to south-east it receives nine feeder roads, from Aknapore, Rajbulhaut, Kistonnugger, Harripal, Borye, Juggutbullubpore, Jonye, and Doomjoor. From a famine relief point of view the road is second only in importance (in the district) to the East Indian Railway. The metal of three miles was renewed, the rest of the metal was put into order; the unmetalled part was repaired, and the culvert was put into order. The work was well done.

Mugrah to Tribany.—Metalled road, 3 miles. Important as connecting the East Indian Railway at Mugrah station with Tribany on the Hooghly river, 5 miles north of the civil station of Hooghly. It was put in order during the year. The work was well done.

	Rs.	A.	P.
Boinchee bazar to railway station	295	14	0
Inchoorah to Gooptiparah road	25	0	0

These two short feeder roads were put in order.

Hooghly to Dwarbassiny Rs. 988-13-3. An unmetalled road, 14 miles long, connecting the civil station with the principal villages in Thana Hooghly, the south of Thana Pundooa, and the north-east of Thana Dhuniakholly. There is a great deal of local traffic on it, and it has been found to have been very useful for famine relief. It has been put in order, and the work has been well done.

	Rs.	A.	P.
* Koolaparah to Nischindipore road	2 687	8	3

A short unmetalled cross road in the Pundooa thana. It was thoroughly out of repair, and has now been put in order.

	Rs.	A.	P.
Bydabatty Strand road	312	15	0
Mugrah to Meriah	114	5	0
Ooterparah and Collipore	200	15	8
Shahgunge to Tribany	517	13	3
The metal of these roads has been repaired.

Bhastarah to Goorope	559	9	10 $\frac{1}{2}$
Dwarbassiny to Kamrai	187	7	9
Goorope village road	60	2	0
Meriah to Patna	1	2	0
Tinna to Boinchee	71	2	0
Boinchee to Bhopore	116	4	6
Jonye to Baraset	206	2	1
Radhanagore to Guza	38	0	0

These unmetalled roads by lapse of time and want of repairs had almost been lost, and almost were mere village tracks. They were taken in hand solely for relief purposes, and

have been widened, raised, and bridged. The culverts were chiefly constructed by the Executive Engineer, and the earth-work was to a great extent constructed under the supervision of native gentlemen who put their services at my disposal.

8. I beg to place on record the names of the following gentlemen who assisted the famine relief operations by looking after the earth-work and disbursing the relief wages to the coolies employed :—

Rev. Juggodishur Bhattacharjee.
Baboo Jugeshur Singh.
„ Joykishen Mookerjee.
„ Behary Lall Mookerjee.
„ Annoroop Chunder Mookerjee.
„ Chunderkant Mookerjee.
„ Kedar Nath Nag.
„ Poorno Chunder Roy.
„ Rajkisto Banerjee,
„ Surrut Chunder Banerjee.
„ Kartick Chunder Dirghungy.
„ Hurry Puddo Sen.

9. The Assistant Engineer, Mr. W. H. Wells, was attached to the district throughout the year, and rendered valuable services in the preparation of estimates and in the general supervision of the works entrusted to him.

No. 6—Part II.

HOOGHLY AND HOWRAH DISTRICT ROAD FUND.

Details of Income and Expenditure for the Cess Year 1873-74, from 1st October 1873 to 30th September 1874, to accompany the Annual Account.

W. F. MERES,
Vice-Chairman.

No. 184, dated the 15th April 1875.

From—O. T. BUCKLAND, Esq., Commissioner of the Burdwan Division.

To—The Secretary to the Government of Bengal, Public Works Department.

THE District Road Fund Accounts of the districts of Burdwan, Bankoora, Beerbhoom, and Midnapore for the cess year 1873-74 having been separately forwarded as they were received from each district, I have the honor now to submit the annual account of Hooghly and Howrah and the local improvement report of this division for the year.

2. The delay in the submission of this report has been owing to the lateness with which the accounts from the districts of Midnapore and Hooghly were received in this Office. The progress report from Hooghly has not yet come to hand, but as the divisional report is long overdue to Government, I submit it without waiting any longer for the report from Hooghly, which will be forwarded in continuation as soon as received.

3. The Road Cess Act was introduced in the districts of Burdwan and Hooghly in August 1871, and the valuation of estates, tenures, and houses was completed during the road cess year 1872-73. In Burdwan no cess has been yet levied, the district having been exempted by Government from the demand for the cess on account of the prevalence of fever and scarcity; but Rs. 1,299 were collected from estates borne on the rent roll of the district of Burdwan, but situated within the jurisdiction of Hooghly, Naddea, and Moorshedabad, and the details of the collections are given in Part II of the annual account. In the district of Hooghly collections were commenced at the beginning of the year, but under the Government orders No. 298, of 5th February 1874, remissions were ordered to be made for the tracts situated within Hooghly Proper and the distressed portion of Howrah, embracing Thanas Jogutbullbupore and Khumacool. In the districts of Bankoora and Beerbhoom the Act was introduced in September 1873, and at the close of the year 1873-74 the valuation in both the districts was nearly completed. In Midnapore the Act was introduced in August 1874, and only some slight preliminary action was taken during the year under report.

4. District Road Committees have been formed in all the districts of this division. The Magistrate of Burdwan reports that the non-official members of the Committee took very little interest in the discharge of their duties. There were five meetings during the year, at which the attendance of the members was barely sufficient to form a quorum. This does not reflect much credit on the Magistrate.

5. The total income of the several districts of this division was Rs. 6,96,691-11-6, with a balance of Rs. 61,854-14-7 outstanding on the 30th September 1873; and of this amount Rs. 89,160-2-2 were local collections and Rs. 5,15,575-16-9 were granted by Government from the provincial reserve fund. The expenditure was Rs. 6,55,531-15-7½, viz. Rs. 19,226-3-6 on account of cost of collection, Rs. 2,38,074-7-2½ on original works, Rs. 3,08,075-6-3 on repairs, and Rs. 31,558-14-8 on miscellaneous accounts. The cost for the purchase of tools and plant is shown under the head of miscellaneous account.

6. I now proceed to notice the working of each district separately. In Burdwan the total amount at the disposal of the Committee during the year, including the Government grant and the unexpended balance of the preceding year, was Rs. 2,32,732, and the total expenditure was Rs. 2,09,390, leaving a balance of Rs. 23,342. Of the total amount, Rs. 1,57,887 were expended in repairs and Rs. 50,421 in original works. Many of the works were undertaken with the object of giving relief to the sufferers from scarcity. The relief works were paid for partly in cash and partly in Government grain. The principal works executed in the district during the year are—

I.—Original Works.

1. The construction of an unmetalled road from Bahadur Railway Station to the village of Buddipore. The zemindars of Buddipore subscribed Rs. 5,000 for the construction of this road, and deposited the amount in the treasury. The whole of the earth-work has been completed, several culverts have been constructed and the masonry of the bridge over the Jumna nulla has been built up to the level of the top foundations.

2. Construction of an unmetalled road from Rajmahal Railway Station to the village of Gopalpore.

3. Collecting, spreading, and consolidating metal and raising the earthen sides of the Culna road.

4. Collecting, spreading, and consolidating metal and raising the earthen sides of the Burdwan and Sudder Ghat road.

5. Construction of culverts on the Burdwan and Jehanabad road.

6. Construction of the road from Goskara bazar to the railway station.

7. Construction of a portion of the Culna and Cutwa road from Kuleepore to Choonoo-see khali.

8. Construction of a road from Gulsee to Russickpore. Rs. 1,000 in cash and grain to the value of Rs. 2,022 were spent on this road.

9. *Belleshur to Palla.*—This road is about 13 miles long. Rs. 3,000 were spent in cash, besides grain, for completing the earth-work and dressing.

10. *Ketoogram road, about 12 miles.*—Earth-work, including dressing and turfing, nearly finished, with an expenditure of Rs. 4,359 in cash, besides grain.

11. *Rajnogore road, 8 miles long.*—Earth-work, including dressing and turfing, completed.

12. Collection of ghooting and metalling the Burdwan and Cutwa road with the same.

13. Raneegunge to Munglepore road.

14. Debkhund to Santipore road.

Besides these, several village roads were constructed in the Cutwa sub-division at an expenditure of Rs 2,487.

II.—Repairs to Metalled Roads.

1. Pancegur to Ellambazar.

2. Setarampore feeder road.

3. Mymaree to Jamalpore.

4. Burdwan to Cutwa road.

5. Burdwan to Culna road.

6. Saktigur feeder road.

7. Bankoora to Burdwan road.

8. Burrakur feeder

9. Bood-bood road.

10. Raneegunge to Grand Trunk road.

11. Doobrajapore.

7. Under the head of repairs to metalled roads come the 11 roads, of which the first ten were superintended by the Executive Engineer, paid for out of funds placed at his disposal. The repair of the Doobrajapore road was undertaken by the manager of the Equitable Coal Company.

III.—Repairs to Unmetalled Roads.

1. Burdwan to Bankoora road.

2. Kunjona to Moorshedabad road.

3. Mancoor to Dignagur

4. Burdwan to Soory road.

5. Ditto to Jehanabad road

6. Mungheote to Sreckbund.

7. Searside to Domohani road.

8. Old Benares road.

9. Boon-boon to Sonamookhy road.

10. Assenore to Domohani.

11. Sontala to Sina

12. Dignagur to Gulsee.

13. Shahebgunge road, *via* Kamarpara.

14. Khundghose to Indas.

15. Cutwa to Soory.

16. Bamoonara to Burdwan.

17. Undal to Ookra.

18. Doorgapore to Kooblia.

19. Setarampore to Somdihee

20. Mancoor to Amcerpara *via* Bhat-coad

21. Gooskara to Ausgram

8. Of the roads falling under this class the first nineteen were undertaken by the Executive Engineer, and the last one by the sub-divisional officer of Boon-boon. Besides the repairs to several roads were executed by the sub-divisional officers of Culna and Cutwa.

IV.—Ferries.

1. A sum of Rs. 1,400 was paid on account of compensation for the resumption of the Salpore, Kastolakee, and Keedpara ferries, and Rs. 199 were spent on cutting the slopes Gumbapore, Mirzanote, Ghaspore, Culna, Mertia, Sankripore, and Dewangunge ferries.

2. *Bankoora.*—In Bankoora the total receipts, including the balance of the previous year and the Government grant of Rs. 91,199, were Rs. 1,02,787-0-7. Against this the expenditure amounted to Rs. 8,037-0-8, viz. to cost of collection Rs. 2,159-11-4; for original works Rs. 63,890-2-9; repairs Rs. 14,950-4-9; tools and plant Rs. 3,474-10-3; and remials Rs. 1,212-9-7. Of the total amount expended in the execution of works, Rs. 6,250 were paid in grain and Rs. 769-9-14 in cash. Here also a large portion of the amount was expended for repair works.

3. *Original Works.*—The works undertaken under this head during the year under review are—

1. *Road from Gungajoghatly to Saltora a distance of about 14 miles.*—The necessity for the construction of this road was partly caused by the transfer of Pergamali Moheshara to Bankoora from the district of Manbhoon, and the establishment of an outpost at Saltora in the centre of the tract. The road has been metalled and nearly bridged throughout at a cost of Rs. 18,671.

2. *Momoloo to Mejia, a distance of about 15 miles.*—This road is of much importance, and affords facilities for communication between Raneegunge and Purulia *via* the police outpost of Saltora. It is metalled and bridged except in one place.

3. The road from Rajnaga to Joopee, a distance of seven miles, is a continuation of the Purulia road to Burrabazar, a place of more importance in the district of Manbhoon.

4. The road from Dhalpore to Moheshara is in the other extremity of the district towards the south-west, where it joins the Manbhoon portion of the road. It is metalled but not bridged; temporary wooden bridges have been built for wheeled traffic.

5. *Road from Bankoora to Taldanga a distance of 15 miles.*—It is metalled but not bridged.

6. *Road from Duda to Tandagra, 11 miles long.*—Earth-work completed; materials for metalling half the road collected, and last three miles metalled.

7. *Road from Burjora to Meliara, 5½ miles long.*—It is a continuation of the road from Dhalpore to Meliara. Earth-work and metalling have been finished.

8. *Road from Meliara to Mejia, 9 miles*—A portion of this road is exposed to the spill flood of the river Damooda, therefore earth-work on the first two miles is postponed until it is ascertained how far the flood rises.

9. *Road from Beliatore to Burjora and on to the river Damooda, a distance of 11½ miles*.—This road is intended to be a feeder to the railway station at Doorgapore. Earth-work completed and materials for metalling the road have been collected.

10. *Road from Chatna to Mejia, 21 miles long*.—Earth-work and metalling on the first six miles have been completed, and the works on the remaining 15 miles were nearly finished.

11. *Road from Joyrampore to Bishepore*.—This road having been taken in hand lately, the earth-work on only three miles has been completed.

12. *Repairs*.—Nothing worthy of special notice in the shape of repairs was done to any of the existing roads and bridges beyond the ordinary repairs, which have put the roads in good order.

13. All the works in this district were executed under the supervision of the Executive Engineer, and the Magistrate reports that most of the members of the Committee have taken great interest in their work during the year.

14. *Beerbhoom*.—In Beerbhoom the receipts of the year from tolls and cesses, &c., amount to Rs. 8,273-2-1, which, with a balance of Rs. 11,382-6-6 outstanding on 30th September 1872, and a grant-in-aid from provincial funds of Rs. 1,11,148, made up the total sum of Rs. 1,30,803-8-7 available for works of local improvement. The total expenditure was Rs. 1,34,968-7-10, exceeding the income by Rs. 4,164-15-3. The circumstances under which this excess expenditure was incurred have already been explained in my No. 561, of the 18th December 1874.

15. The following works were executed in the district for affording relief to the persons who would have suffered from scarcity and failure of their crops.

1. Road from Bulpore to Soorool.
2. „ „ Furdwan to Punchhopee.
3. „ „ Cynthea to Andee.
4. „ „ Bulpore to Sacoolipore.
5. „ „ Laghatta to Kalgram.
6. „ „ Bulpore to Kusba.
7. „ „ Poorunderpore to river Adjai.
8. „ „ Mullarpore to Mahomed Bazar.
9. „ „ „ to Andee.
10. „ „ Bulpore to Bangchatra.
11. „ „ Mullarpore to Mouressur.
12. „ „ Soory to Kurdee.
13. „ „ Chunderpore to Tantipara.
14. „ „ Soory to Gobra.
15. „ „ Cynthea to Mohanpore.
16. „ „ Ahmedpore to Laghatta.
17. Badshahi road.
18. Repairing breaches on the Doobrajapore road.

All these works were executed by the Public Works Department.

16. *Midnapore*.—In Midnapore the total sum placed at the disposal of the was Rs. 96,962, and the expenditure incurred was Rs. 92,098, viz. Rs. 57,865 works, Rs. 33,663 in repairs, and Rs. 570 in the purchase of tools and blanks, leaving a balance of Rs. 4,864.

17. The following original works were executed in the district:—

1. Construction of a road from Kheerpoy to Buddungunge.
2. „ „ „ Chuttergunge to Ranjeebunpore.
3. „ „ „ Keshpore to Narajole.
4. „ „ „ Binpore to Silda.
5. „ „ „ Dahijuri to Lallgurh.
6. „ „ „ Binpore to Ramgurh.
7. „ „ „ Ramgurh to Lallgurh.
8. „ „ „ Sugri to Jhargram.
9. „ „ „ Gurbetta to Koyapeti.
10. „ „ „ Satpati to Kantapahari.
11. „ „ „ Chunderkona to Kowapore.
12. „ „ „ Satpati to Gowaltore.
13. „ „ „ Noadah to Narajole.
14. „ „ „ Ghattal to Chunderkona.
15. Construction of bridges and metalling the Bombay road.
16. Construction of bridges on the road from Khurgopore to Kessiarce.
17. Construction of culverts, collecting metal and metalling a portion of the Bombay road.
18. Construction of bridges and metalling a portion of the road from Lodhasye to Binpore.

18. The first seventeen of these roads are altogether 124 miles long, of which 75 miles were constructed during the year in anticipation of the probability of relief works being necessary, at a cost of Rs. 19,156, the greater portion of which was spent in earth-work, turfing, and dressing. Most of the land required for these roads was made over by the proprietors free of cost. Only Rs. 437 were paid to lakhirajdars and petty talookdars.

19. The most important of these roads are the road from Ghattal to Chunderkona, Burdwan road, and the road from Lodhasye to Binpore.

20. The road from Ghattal to Chunderkona connects Ghattal with Chunderkona and Ramjeebunpore, the three principal places of trade in the northern part of the district. The District Engineer, who is in charge of the road, made the following remarks:—

“The entire length of the road measures 14 miles and 3 furlongs, of which the portion from Ghattal to the third mile-post and $3\frac{1}{2}$ miles from Selye to Chunderkona have been entirely metalled and work completed, with the exception of 1,679 feet in mile 3, as noted below. The rest of the intermediate portion of the road, *i.e.* $3\frac{1}{2}$ miles (*viz.* 9, 10, 11 and a part of the 12th mile) have not been metalled, but the earth-work and turfing have been finished. In the 3rd mile, however, there is a portion left, as it is intended to divert this portion of the road in order to reduce its length.”

21. With regard to the road to Burdwan, the Magistrate states that this is the straight route from Midnapore to Burdwan, of which 35 miles 2 furlongs are within the jurisdiction of Midnapore and 1 mile 2 furlongs lie within the municipality of Midnapore. The road was metalled in the preceding year up to the 15th mile. During the year under report a further length of $2\frac{1}{2}$ miles has been metalled, and materials for metalling a portion of the 23rd and 24th mile have been collected, and a pucca bridge of 3 spans, each of 10 feet, was completed from the springing of its arches.

22. Regarding the road from Lodhasye to Binpore, it is stated that it runs out from the old Bombay road at Lodhasye about 6 miles from Midnapore and terminates at Binpore, where there is a police station. It is $25\frac{1}{2}$ miles long and is metalled up to the 10th mile. A sum of Rs. 3,170 was provided in the budget for 1873-74 for the construction of bridges and metalling a portion of the road: but as almost all the masonry works were postponed and the sums estimated for them were spent on earth-work, only a pucca bridge of 3 spans, each of 8 feet, which had been constructed in the preceding year up to the springing of the arches, has been finished, and materials for metalling a portion of the road have been collected.

23. The repairs consisted, as usual, in raising and otherwise improving the existing roads, and in putting the bridges on them in a safe state for traffic and passengers.

24. *Ferries.*—Under this head a sum of Rs. 1,896-14-9 was expended during the year. Of this sum Rs. 1,278 were laid out in constructing three new flat-bottomed boats and one pansee, and the balance in painting toll-boards and in defraying the cost of the establishment entertained for collecting the rent of the ferries and toll-bars held khas.

25. *Hooghly and Howrah.*—The total income of the district amounts to Rs. 1,33,407-6-4, including Rs. 10,442-11-8, the balance of the preceding year, Rs. 13,421-5-4 collections from road cess under Act X of 1871, Rs. 8,600 grant-in-aid from Provincial Reserve Fund, and Rs. 23,543-5-4 from tolls and other miscellaneous sources. The expenditure was Rs. 1,33,404-1-10, *viz.* Rs. 31,842-5-6 were laid out in original works, Rs. 82,785-0-5 in repairs, Rs. 1,501-1-9 in the purchase of tools and plant, Rs. 4,892-12-9 on account of the establishment for the collection of revenue, and Rs. 9,379-13-7 were refunded to the parties from the collections of house cess under the orders of Government.

26. The figures shown against the different items in the annual account tally with those entered in the four quarterly returns.

27. I beg to take this opportunity to acknowledge the good service rendered in this department during the year by Mr. Hime, the Magistrate of Beerbhoom; Mr. Larminie, the Magistrate of Bankoora; and Mr. Pelissier, the Magistrate of Hooghly. I have also to acknowledge with thanks the excellent services rendered by Mr. Nightingale, Executive Engineer of Burdwan; Mr. Wells, Executive Engineer of Hooghly and Howrah; Mr. Christie, Executive Engineer of Bankoora; and Mr. Simpson, Executive Engineer of Beerbhoom. I regret to find that, under the new system of executive management, we are likely to lose the services of some of these officers, which I venture to deprecate as a retrogressive movement.

ESTABLISHMENT.

The 19th June 1875.

No. 264.—*Notification.*—The services of Baboo Radhica Persaud Mookerjee, Executive Engineer, Fourth Grade, attached to the 21-Pergunnahs district, are placed at the disposal of the Road Cess Committee of that district, with effect from the 1st April 1875.

No. 265.—*Transfer.*—Baboo Rajbal Doss Chatterjee, Assistant Engineer, Third Grade from the Nuddea Rivers Division to the Dacca district.

No. 266.—*Posting.*—Mr. H. T. Guyther, Apprentice Engineer, attached to the Bogra Special Division, is posted to the Rajshahye Division, as a temporary arrangement.

No. 267.—*Leave of Absence.*—Sub-Conductor S. S. Saunders, Sub-Engineer, Second Grade, attached to the Purneah district, is allowed privilege leave for one month, under Chapter 6, Section 21, of the Civil Leave Code.

No. 268.—Posting.—Mr. H. G. F. Smith, Apprentice Engineer, attached to the Bogra Special Division, is posted to the Rajshahye Division, which he joined on the 4th June 1875, before noon.

No. 269.—Transfer.—Baboo Mohendronath Banerjee, Supervisor, First Grade, from the Monghyr to the Bhagulpore district, which he joined on the 7th June 1875, before noon.

No. 270.—Notification.—Mr. E. Wilshaw, Supervisor, Second Grade, attached to the West Tirhoot Special Division, who was deputed from the Nizam's State Railway to Bengal for relief works, and transferred by the Government of India, Public Works Department, to the State Railway Branch, left this province on the 3rd June 1875, after noon.

No. 271.—The services of Sergeant R. Stranghan, R.E., Overseer, First Grade, attached to the Rungpore Special Division, who was deputed to Bengal for relief works, are replaced at the disposal of the Punjab Government, with effect from the 3rd May 1875.

No. 272.—The services of Mr. A. Nama Sivayum Moodeliar, Overseer, Third Grade, employed under the Collector of Gya, who was deputed to Bengal for relief works, were replaced at the disposal of the Hyderabad Government, with effect from the 3rd November 1874.

No. 273.—Leave of Absence.—Mr. J. Dupeyron, Temporary Overseer, First Grade, attached to the Bogra Special Division, is allowed privilege leave for nineteen days, under Section 12, Supplement F, of the Civil Leave Code, in addition to that already granted* to him.

No. 274.—Baboo Monoo Swamy Moodliar, Accountant, Fourth Grade, attached to the Byturnee Division, is allowed furlough in India for one year, under Section 7, Supplement F, of the Civil Leave Code.

No. 275.—Baboo Sreekisto Bose, Accountant, Fourth Grade, attached to the Backergunge Division, is allowed privilege leave for two months and fifteen days, under Section 12 Supplement F, of the above rules, with effect from the 9th May 1875.

No. 276.—The privilege leave for three months granted† to Baboo Womachurn Mitter, Accountant, Fourth Grade, attached to the Darjeeling Division, is cancelled.

No. 277.—Appointment.—Baboo Jodonath Chatterjee, Probationary Accountant, Fourth Grade, attached to the Central Office of Accounts, Bengal, is permanently appointed to that grade.

The 22nd June 1875.

No. 278.—Notification.—The Bankoora and Midnapore Public Works district charges are abolished with effect from the 1st proximo, and these districts will be formed into a Public Works executive charge, to be designated the Midnapore Division, with head-quarters at Midnapore.

No. 279.—Appointment.—Lieutenant-Colonel J. D. Swayne, s.c., Executive Engineer, First Grade, to be Executive Engineer of the Midnapore Division.

No. 280.—Postings.—The following Assistant Engineers, Upper Subordinates, and Accountant, attached to the Midnapore and Bankoora districts, are posted to the Midnapore Division:—

Mr. W. B. Christee, Assistant Engineer, Second Grade (as a temporary arrangement).

Baboo Gopal Chunder Bose, Sub-Engineer, Third Grade.

„ Murari Mohun Guptoo, Supervisor, Second Grade.

„ Oottum Krishna Sircar, Overseer, First Grade.

„ Bhoggobutty Churn Gangooly, Overseer, Third Grade.

„ Radha Mohun Doss, Accountant, Fourth Grade.

No. 281.—Notification.—The Singbhoom and Manbhoom and Lohardugga Public Works district charges are abolished with effect from the 1st July 1875, and these districts are formed into a Public Works charge, and will be designated the Ranchi Division, with head-quarters at Ranchi.

No. 282.—Appointment.—Mr. W. Connan, Assistant Engineer, 2nd Grade, to officiate as Executive Engineer of the Ranchi Division, as a temporary arrangement, or until further orders.

No. 283.—Postings.—The following Assistant Engineers and Upper Subordinates, now attached to the Singbhoom and Manbhoom districts, are posted to the Ranchi Division:—

Baboo Prosono Comar Dinnary, Assistant Engineer, Third Grade.

„ Koonje Behary Chowdry, Supervisor, Second Grade.

„ Bamun Chunda Bhattacharjee, Supervisor, Second Grade.

„ Ramnath Bhattacharjee, Overseer, Second Grade.

„ Peary Mohun Bannerjee, Overseer, Third Grade.

„ Mohima Chunder Guptoo, Overseer, Third Grade.

No. 284.—The following order, issued by the Government of India, Public Works Department, is republished for information:—

No. 285, of the 15th June 1875.—Mr. W. A. D. Anley, Assistant Engineer, First Grade, Bengal Provincial Establishment, is removed from the Public Works Department from this date.

G. F. E. S. NEILL, Captain, M.S.C.,

Offg. Asst. Secretary to the Govt. of Bengal, P. W. D.

IRRIGATION.

ESTABLISHMENT—NOTIFICATION.

The 21st June 1875.

No. 235.—Posting.—Mr. G. F. St. A. Nixon, Assistant Engineer, Third Grade, retransferred from the Provincial Branch, is posted to the Buxar Division, Sone Circle, which he joined on the forenoon of the 11th instant.

No. 236.—Leave.—Baboo Kally Dass Bhattacharjee, Overseer, First Grade, Byturni Division, is granted furlough for one year, from such date as he may avail himself of it, under Section 7, Supplement F, of the Civil Leave Code.

No. 237.—Notification.—Baboo Bhagiruth Dass, Overseer, First Grade, Western Sone Survey Division, returned to duty from the privilege leave granted him in the orders marginally noted on the forenoon of the 7th instant.

No. 238.—Leave.—Baboo Joteermoy Dutt, Sub-Overseer, First Grade, Northern Drainage and Embankment Division, is granted three months' sick leave, under Section 3, Supplement F, of the Civil Leave Code, in extension of the leave granted him in the orders marginally noted.

No. 239.—Notification.—With reference to the notification noted in the margin, Mr. W. J. Farlie, Executive Engineer, Third Grade, took over charge of the Upper Gunduck Embankment Division from Mr. E. deGroussilliers, Executive Engineer, Third Grade, proceeding on leave on the afternoon of the 8th June 1875.

No. 240.—Leave.—Mr. E. deGroussilliers, Executive Engineer, Third Grade, availed himself of the subsidiary leave granted him in the orders marginally noted on the forenoon of the 9th June 1875.

F. T. HAIG, Col., R.E.,

*Jt.-Secy. to the Govt. of Bengal,
in the P. W. D., Irrigation Branch.*

JAIL DEPARTMENT.

No. 1844, dated the 15th June 1875.—Dr. R. A. Barker made over charge of the Beerbhoom Jail to Dr. L. R. Dawson on the afternoon of the 15th May 1875.

No. 4993, dated the 21st June 1875.—Surgeon Edward Bovill received charge of the Julpigoree Jail from Surgeon W. E. Griffiths on the afternoon of the 7th April last.

G. M. BOWIE, Major,
Offg. Inspector-General of Jails, L.P.

HIGH COURT NOTICES.

Circular Order by the High Court of Judicature at Fort William in Bengal.

Circular Order No. 2.

Dated Calcutta, the 28th May 1875.

MORE than a year having now elapsed since the promulgation of the rules made under the Court Fees' Act, and the Court being desirous of judging how the rules have worked, and in what respects they need improvement or expansion, all District Magistrates under the Court's authority are requested to submit, within the first week in July next, a careful report on the subject.

2. The Court desire to be informed as to the operation of the rules—

1st.—In their application to complainants and others before the Criminal Courts.

2nd.—As to official convenience.

3rd.—From the financial point of view.

3. Under the first of these heads it should be shown whether any injurious effect has been produced, or complaint occasioned, by alterations in the amount of fees, as compared with the practice superseded by the rules; whether a resort to process of any particular kind has been promoted or discouraged by the fees imposed.

4. Under the second head it should be stated how far the rules have worked smoothly, regarded merely as a code of office regulations; whether they have presented any real difficulties to fairly intelligent officers; whether they have been found to admit of easy check and control by superior authority; whether the fees are considered as bearing a due proportion to the importance or difficulty of the services to which they severally apply.

5. Upon the third head of inquiry the Court desire to be informed as fully as possible of the income derived from the fees, and the expenditure to be set against them. While on the one hand the Court have not considered that these fees ought to be, in any important sense, a source of revenue; on the other it is clear that the Government ought to be protected against loss, not only on the whole, but also in any given direction.

6. It is material to know whether the salaries and remunerations fixed for the peons and the superior officers employed in the service or execution of process, have been found adequate in both the higher and the lower grades for the purpose of attracting to, and retaining in the service men duly qualified for the duties which they are called on to perform, and whether the circumstances of particular districts demand an increase, or permit a reduction, in the salaries appointed, which, as they stand, are applicable to all districts.

7. The Court desire particularly to be informed how far it has been practicable to appoint no process server who cannot read and write, how many old officers of this kind, *i.e.*, unable to read and write, have been retained, and for what reason.

8. The Court expect that District Magistrates will treat the subject with the care which its importance demands, and will render valuable assistance in preparing revised rules for acceptance by the Government.

9. It will be convenient if, in making their reports, the District Magistrates follow strictly the order here indicated.

Circular Order No. 6.

Dated Calcutta, the 2nd June 1875.

A REFERENCE having been made to the Court as to the course to be observed in dealing with applications for certified copies of documents appertaining to the record of a civil suit, the following rules are laid down for the information and guidance of the Courts subordinate to the High Court:—

HIGH COURT.
ENGLISH DEPARTMENT.
(Civil.)

RULES.

1. A plaintiff, or a defendant, who has appeared to the suit, is entitled, at any stage of the suit, to obtain copies of the record of the suit, including exhibits which have been put in and finally accepted by the Court as evidence.

N. B.—A party who has been ordered to file a written statement is not entitled to inspect or take a copy of a written statement filed by another party until he has first filed his own.

2. A stranger to the suit may, *after decree*, obtain, as of course, copies of the plaint, written statements, affidavits, and petitions filed in the suit: and may, for sufficient reason shown to the satisfaction of the Court, obtain copies of any such documents *before decree*.

3. A stranger to the suit may also obtain, as of course, copies of judgments, decrees, or orders at any time after they have been passed or made.

4. A stranger to the suit has no right to obtain copies of exhibits put in evidence, except with the consent of the person by whom they were produced.

By order of the High Court,

W. M. SOUTAR, Registrar.

Session's Office, the 16th June 1875.

NOTICE is hereby given that the Sixth Criminal Sessions of the year 1875, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the twelfth day of July next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Session be then and there to prosecute.

OPIUM NOTIFICATION.

No. 617B.

NOTICE is hereby given that the Seventh Sale of Opium, the Provision of 1873-74, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 7th July 1875, at 11 A.M., and will comprise 3,750 chests, viz.—

				Chests.
Behar	Opium	2,150
Benares	,,	1,600
Total ...				3,750

2. The general conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 16th November 1874 and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 12th and 22nd July 1875 respectively; that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P.M. of Monday, the 12th July 1875, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Thursday, the 22nd July 1875.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so:—

DATES.		Behar, about Chests.	Benares, about Chests.	Total, about Chests.
On or about Thursday, 5th August	1875	2,150	1,600	3,750
On or about Monday, 6th September	,,	2,150	1,600	3,750
On or about Friday, 1st October	,,	2,150	1,600	3,750
On or about Thursday, 4th November	,,	2,150	1,600	3,750
On or about Friday, 3rd December	,,	2,150	1,600	3,750
Total	...	10,750	8,000	18,750

By order of the Member in charge,

W. H. GRIMLEY, *Offg. Secretary.*

BOARD OF REVENUE, L. P., FORT WILLIAM, the 1st June 1875.

NOTICE.

No. 501B.

WITH reference to paragraph 18 of the general notification published on the 16th November 1874, it is hereby notified that the Agents of the French Government applied for the reservation of 300 chests of opium from the quantity advertised for sale on the 5th April, but did not pay for them within the prescribed period, and that the Government will cause the opium so reserved to be sold at a sale held expressly for the purpose, of the date of which due notice will be given hereafter.

By order of the Member in charge,

BOARD OF REVENUE, L. P., FORT WILLIAM, the 3rd May 1875. W. H. GRIMLEY, *Offg. Secy.*

The Calcutta Gazette.

WEDNESDAY, JUNE 23, 1875.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary rights of Government, as specified in the condition of sale below, in the undermentioned estates situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 24th July 1875, corresponding with 9th Srabon 1282 B. S. and 6th Srabon 1282 F. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary rights of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jummah at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on re-settlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the expiry of the existing settlement with year ending 31st March 1902 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings, and by the laws in force: the purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

W. KEMBLE, Collector of Purneah.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Fureedpore, will be put up to sale at the Fureedpore Collectorate on Saturday, the 26th June 1875, corresponding with 13th Ashar 1282 B. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchaser of these estates will be considered as the proprietor of the estates, and the entire proprietary right of Government in such estates will be transferred to him, the only right reserved by Government being the right of revising the jumma at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on resettlement he should refuse to engage, he will be entitled to malikana. The estates will be sold subject, up to the expiry of the existing settlement in the year 1907 A.D., to the Government revenue against them, to the highest bidder above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Revised (Indian) Army Regulations, Regulations and Orders for the Army of the Bengal Presidency. Published by authority. Royal 8vo., cloth boards. *Price, Rs. 4, packing and postage, Re. 1. Interleaved copy, Rs. 5; packing and postage, Re. 1-12.*

Book of Forms referred to in the above. Foolscap folio, enclosed in stiff covers. *Price, Rs. 2; packing and postage, Re. 1-8.*

The Thanatophidia of India, being a description of the venomous snakes of the Indian Peninsula, with an account of the influence of their poison on life, and a series of experiments. By J. FAYRER, M.D., C.S.I., F.R.S.E., Honorary Physician to the Queen, Surgeon-Major, Her Majesty's Bengal Army, Professor of Surgery and Senior Surgeon in the Calcutta Medical College and its Hospital, Fellow of the University of Calcutta, and late President of the Asiatic Society of Bengal. *Price Rs. 80 per copy; packing and postage, Rs. 2-4.*

The older Statutes in force in India, edited, with Notes and an Index, by Whitley Stokes, Esq. *Price Rs. 5; packing and postage, 3 annas.*

A collection of Statutes relating to India passed between the years 1855 and 1870, both inclusive, being a Supplement to the Law relating to India and the East India Company, fifth edition, edited, with an Index to the Statutes relating to India not expressly repealed in August 1867, by Whitley Stokes, Esq. *Price Rs. 10; packing and postage, 12 annas.*

Vocabulary of Ordnance Stores, for adoption throughout British India: prepared, under the orders of the Government of India, by Ensign J. TANNER, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. Price Rs. 24; packing and postage, Re. 1-12.

•• The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

DARJEELING LINE.

During the present season the experiment will be tried of offering the public a less expensive mode of conveyance to Darjeeling.

2. A limited number of waggonettes have been built, which are so constructed as to enable two passengers to lie down at full length. They are provided with cushions and hoods, and drawn by two horses, but they are not sufficiently protected from the weather to make them good for ladies or invalids. These are available at cheaper rates than the ordinary carriages, viz. 4 annas a mile for each passenger, or Rs. 25 for the through journey.

3. A waggonette will start from Karagola every day, except Sunday and Monday, leaving on the arrival of the steamer, and will return from Silligori every day, except Monday and Tuesday, starting at 11 A.M.

4. No luggage can be carried except a hand-bag, which should not weigh more than 5 seers. This rule is necessary, and must not, under any circumstances, be infringed, as these vehicles convey the parcel mail. One traveller who, by the payment of Rs. 50, engages a whole waggonette, can take two maunds of luggage with him free.

5. Applications for waggonettes should be made in the usual way to Post Master, Purneah, and should state which of the other forms of accommodation the traveller wishes in case a waggonette is not available.

CALCUTTA, the 16th June 1875.

T. W. GRIBBLE, *Offg. Post-Master Genl. of Bengal.*

The Calcutta Gazette.

WEDNESDAY, JUNE 23, 1875.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

The following preliminary report of the Select Committee on the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, with the amended Bill, is, by order of the President, published for general information :—

WE, the Select Committee appointed to consider the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, have the honor to submit the following preliminary report, in order that it may be published in the *Calcutta Gazette* with the Bill as now amended, for the purpose of eliciting further remarks and suggestions before we present the Bill to the Council with our final report.

From Commissioner of Burdwan, dated 23rd March 1875, and enclosures.

From Collector of Cuttack, dated 13th March 1875, and enclosures.

From Collector of Midnapore, dated 2nd April 1875.

From Collector of Cuttack, dated 19th April 1875.

From Commissioner of Burdwan, dated 28th April 1875.

From Collector of Midnapore, dated 28th April 1875.

From Officiating Collector of Hooghly, dated 28th April 1875.

Note by the Commissioner of Orissa, dated 30th April 1875.

From Honorary Secretary, British Indian Association, dated 17th May 1875.

From Commissioner of Patna, dated 28th May 1875, and enclosures.

We have considered the papers noted in the margin which were laid before us.

We have had the advantage of Colonel Haig's personal attendance and advice at our last meeting.

We have substituted the term "village-channel" for "water-course" in the interpretation clause and throughout the Bill, the latter term being already used in a different sense in the Embankment Act.

We have included in the definition of canals—

1st.—Drainage works as defined in clause (iii) of Section 3; and

2nd.—Lands on the banks of canals which have been acquired by Government, or which are used for purposes connected with canals.

We have omitted the definitions of the words "Vessel," "Commissioner," "Superintending Canal Officer," "Divisional Canal Officer," "Sub-Divisional Canal Officer," and "District," as being unnecessary for the purposes of the Bill.

In Part II of the Bill we have adopted the sections of Act VIII of 1873 (the Northern India Canal and Drainage Act), relating to compensation for damage done by the application of natural streams and collections of water to public purposes.

We have divided Part III of the Bill as originally referred to us into two parts, as the first few sections relate to the construction and maintenance of canals and their distributaries by the Government, whereas the remaining sections relate to private channels.

We have made changes in the form of the sections which constitute Part III of the Bill as amended.

In Section 20 we have made it incumbent on the Government, when constructing canal works, to provide suitable waterways for the drainage of the adjacent country, as well as means by which the traffic shall cross the canals.

The sections relating to private channels have been entirely re-cast, principally on the suggestions of Mr. H. L. Harrison, Collector of Midnapore, who represented that a more precise definition of the rights and obligations of the owners of private channels was desirable. The irrigation scheme being new to the people of the Bengal districts, we have drafted these sections in more detail than might otherwise have been necessary, so that this part of the Bill, read by itself, may convey to the reader a complete exposition of the whole system as regards private channels.

In Section 43 we have provided that sums due to the Government in respect of the acquisition of land for the construction of private channels, and of the construction and maintenance of such channels, and sums due to private persons in respect of the transfer of the ownership of channels, of rent for the use of channels for the passage of water, &c., shall be recoverable by the Canal Officer as a demand under the provisions of Bengal Act VII of 1868.

In Part IV we have provided (Section 44) that no water shall be supplied by the Canal Officer except on a written application; and that no rates shall be recoverable on account of water supplied with the consent of the Canal Officer otherwise than on such application; and we have provided that the mutual contract in respect of the supply of water shall be contained in simple forms of application and permission.

In Part VI we have altered the form of the sections relating to the recovery of water-rates, and have provided that such rates may be recovered either as rent payable on a pottah for the land, or as a demand under the provisions of Bengal Act VII of 1868. We have omitted the provisions authorizing the Collector to charge the zemindar with the collection of the water-rate, as we consider that the imposition of this obligation might cause irritation. The Bill provides for the employment of the agency of the zemindar for collection where he may be willing to act as a farmer of the water-rate.

We have omitted the provisions relating to canal navigation, which were contained in Part VI of the Bill as originally referred to us, because canal navigation in Bengal is already provided for by Act V of 1864 of this Council, and we see no sufficient reason for bringing irrigation canals under exceptional regulations as regards navigation.

Under Part VII of the Bill as amended, we have brought together the different provisions relating to jurisdiction; and we have provided that every order passed by a Canal Officer under Part IV, Part V, or Part VI of the Act, shall be appealable to the Collector, and that all proceedings of the Collector shall be subject to the supervision and control of the Commissioner of the division and of the Board of Revenue.

In Part IX, Section 66, we have provided that no rules shall be made under the provisions of the section, until a draft of the same shall have been published for one month in the *Calcutta Gazette*.

We have changed the title to "a Bill to provide for irrigation in the provinces subject to the Lieutenant-Governor of Bengal," and the short title to "The Bengal Irrigation Act, 1875."

We have reserved certain points connected with the Bill for further consideration before we present our final report.

H. L. DAMPIER.

V. H. SCHALCH.

KRISTODAS PAI.

The 14th June 1875.

A Bill to provide for Irrigation in the Provinces subject to the Lieutenant-Governor of Bengal.

WHEREAS it is necessary to make provision for the construction, maintenance, and regulation of canals, for the supply of water therefrom, and for the levy of water-rates for water so supplied, in the provinces subject to the Lieutenant-Governor of Bengal: It is hereby enacted:—

PART I.

PRELIMINARY.

1. This Act may be called "The Bengal Irrigation Act, 1875."

It shall extend to any portion of the territories for the time being under the government of the Lieutenant-Governor of Bengal to which it may be declared applicable by notification in the *Calcutta Gazette*.

It shall come into force on the date on which such notification may be issued.

2. The enactments specified in Schedule A hereto annexed are repealed to the extent mentioned in the third column of the said schedule.

3. In this Act—unless there be something repugnant in the subject or context—

"Canal."

(i) "Canal" includes—

(a) all canals, channels, and reservoirs constructed, maintained, or controlled by Government for the supply or storage of water;

(b) all works, embankments, structures, supply and escape-channels connected with such canals, channels, or reservoirs;

(c) all village-channels as defined in clause (ii) of this section;

(d) all drainage works as defined in clause (iii) of this section.

(e) any part of a river, stream, lake, natural collection of water, or natural drainage-channel, to which the Lieutenant-Governor has applied the provisions of Part II of this Act.

(f) All lands on the banks of any canal as defined in articles a, b, c, d, and e of this clause which have been acquired by the Government, or which are used for purposes connected with canals.

(ii) "Village-channel" means any channel which is supplied with water from a canal, but which is not maintained at the cost of Government, and all subsidiary works belonging to any such channel;

(iii) "Drainage-work" means any work made or improved for the purposes of the drainage of the country by the Government under the Bengal Embankment Act, 1873, or other similar law for the time being in force; or any work for drainage purposes falling under the definition of a public watercourse under that Act; or any sluice.

(iv) "Collector" means the head Revenue Officer of a district, and includes any officer appointed to exercise all or any of the powers of a Collector under this Act;

(v) "Canal Officer" means an officer appointed under this Act to exercise control or jurisdiction over a canal or any part thereof;

"Section."

(vi) "Section" means a section of this Act.

(vii) "Owner" includes every person having a joint interest in the ownership of the thing specified; and all rights and obligations which attach to an owner under the provisions of this Act shall attach jointly and severally to every person having such joint interest in the ownership.

4. Nothing contained in the Bengal Embankment Act, 1873, shall apply to any canal as defined in this Act.

5. The Lieutenant-Governor may from time to time declare, by notification in the *Calcutta Gazette*, the officers by whom, and the local limits within which, all or any of the powers or duties herein-after conferred or imposed shall be exercised or performed.

PART II.

OF THE APPLICATION OF WATER FOR PUBLIC PURPOSES.

6. Whenever it appears expedient to the Lieutenant-Governor that the water of any river or stream flowing in a natural channel, or of any lake or other natural collection of still water, should be applied or used by the Government for the purpose of any existing or projected canal;

the Lieutenant-Governor may, by notification in the official Gazette, declare that the said water will be so applied or used after a day to be named in the said notification, not being earlier than three months from the date thereof.

7. At any time after the day so named, any Canal Officer, acting under the orders of the Lieutenant-Governor in this behalf, may enter on any land and remove any obstructions, and may close any channels, and do any other thing necessary for such application or use of the said water.

8. As soon as is practicable after the issue of such notification, the Collector shall cause public notice to be given at convenient places, stating that the Government intends to apply or use the said water as aforesaid and that claims for compensation in respect of the matters mentioned in section nine may be made before him.

9. No compensation shall be awarded for any damage caused by—

(a) stoppage or diminution of percolation or floods;

(b) deterioration of climate or soil; X

(c) stoppage of navigation, or of the means of drifting timber or watering cattle.

But compensation may be awarded in respect of any of the following matters:—

(d) Stoppage or diminution of supply of water through any natural channel to any defined artificial channel, whether above or under ground, in use at the date of the said notification;

(e) Stoppage or diminution of supply of water to any work erected for purposes of profit on any channel, whether natural or artificial, in use at the date of the said notification :

(f) Stoppage or diminution of supply of water through any natural channel which has been used for purposes of irrigation within the five years next before the date of the said notification :

✕ (g) Damage done in respect of any right to a village-channel or the use of any water to which any person is entitled under the Indian Limitation Act, 1871, Part IV :

(h) Any other substantial damage, not falling under any of the above clauses (a), (b), or (c), and caused by the exercise of the powers conferred by this Act, which is capable of being ascertained and estimated at the time of awarding such compensation.

In determining the amount of such compensation, regard shall be had to the diminution in the market-value, at the time of awarding compensation, of the property in respect of which compensation is claimed ; and where such market-value is not ascertainable, the amount shall be reckoned at twelve times the amount of the diminution of the annual net profits of such property, caused by the exercise of the powers conferred by this Act.

No right to any such supply of water as is referred to in clauses (d), (e), or (f) of this section, in respect of a work or channel not in use at the date of the notification, shall be acquired as against the Government, except by grant or under the Indian Limitation Act, 1871, Part IV.

10. No claim for compensation for any such stoppage, diminution or damage shall be made after the expiration of one year from such stoppage, diminution or damage, unless the Collector is satisfied that the claimant had sufficient cause for not making the claim within such period.

11. The Collector shall proceed to enquire into any such claim, and to determine the amount of compensation, if any, which should be given to the claimant, and sections nine to twelve (inclusive), fourteen and fifteen, eighteen to twenty-three (inclusive), twenty-six to forty (inclusive), fifty-one, fifty-seven, fifty-eight and fifty-nine of the Land Acquisition Act, 1870, shall apply to such enquiries.

Provided that, instead of the last clause of the said section twenty-six, the following shall be read : "The provisions of this section and of section nine of the Bengal Irrigation Act, 1875, shall be read to every assessor in a language which he understands, before he gives his opinion as to the amount of compensation to be awarded."

12. Every tenant holding under an unexpired lease, or having a right of occupancy, who is in occupation of any land at the time when any stoppage or diminution of water-supply, in respect of which compensation is allowed under section nine, takes place, may claim an abatement of the rent previously payable by him for the said land, on the ground that the interruption reduces the value of the holding.

13. If a water-supply increasing the value of such holding is afterwards restored to the said land, the rent of the tenant may be enhanced, in respect of the increased value of such land due to the restored water-supply, to an amount not exceeding that at which it stood immediately before the abatement.

Such enhancement shall be on account only of the restored water-supply, and shall not affect the liability of the tenant to enhancement of rent on any other grounds.

14. All sums of money payable for compensation under this Part shall become due three months after the claim for such compensation is made in respect of the stoppage, diminution or damage complained of, and simple interest at the rate of six per cent. per annum shall be allowed on any such sum remaining unpaid after the said three months, except where the non-payment of such sum is caused by the wilful neglect or refusal of the claimant to receive the same.

PART III.

OF THE MAINTENANCE OF CANALS.

15. Whenever it shall be necessary to make any enquiry or examination in connection with a projected canal or with the maintenance of an existing canal, any Canal Officer or other person acting under the general or special orders of a Canal Officer, may enter upon any lands adjacent to a canal, and may exercise all powers and do all things in respect of such lands as he might exercise and do if the Government had issued a notification under the provisions of section four of the Land Acquisition Act, 1870, to the effect that land in that locality is likely to be needed for a public purpose.

16. Such Canal Officer or other person may also enter upon any land, building, or watercourse on account of which any water-rate is chargeable, for the purpose of inspecting or regulating the use of the water supplied, or of measuring the lands irrigated thereby or chargeable with a water-rate, and of doing all things necessary for the proper regulation and management of such canal.

17. In case of any accident being apprehended or happening to a canal, any Canal Officer or any person acting under his general or special orders in this behalf, may enter upon any lands adjacent to such canal, and may execute all works which may be necessary for the purpose of preventing such accident, or repairing any damage done.

18. When such Canal Officer or person proposes, under the provisions of either of the two sections last preceding, to enter into any building, or enclosed court or garden attached to a dwelling-house not supplied with water flowing from any canal, he shall previously give to the occupier of such building, court, or garden such reasonable notice as the urgency of the case may allow.

19. In every case of entry upon any land or building under section seven, section fifteen, section sixteen, or section seventeen, the Canal Officer or person making the entry shall ascertain and record the nature of any crop, tree, building, or other property, to which damage has been done, and the extent of the damage done to any such property, and shall tender compensation to the proprietors or occupiers for all damage done to the same by the entry or by any works executed. If such tender is not accepted, the Canal Officer shall refer the matter to the Collector, who shall thereupon give notice in writing to the persons interested in such land and to the Canal Officer, requiring them to attend before him, on a date to be fixed in the notification, for the purpose of settling the amount of compensation.

On the date so specified, the Collector shall proceed to determine the amount of compensation and to pay the same to the persons entitled to it.

In case the Collector and the persons interested differ as to the sufficiency of the compensation, the Collector shall refer such difference for the final order of the Civil Court.

20. Suitable means of crossing canals constructed or maintained at the cost of Government shall be provided at such places as the Lieutenant-Governor thinks necessary for the reasonable convenience of the inhabitants of the adjacent lands; and suitable bridges, culverts, or other works shall be constructed to prevent the drainage of the adjacent lands being obstructed by any canal.

On receiving a statement in writing, signed by not less than five of the owners of such lands, to the effect that suitable crossings or means of drainage have not been provided on any canal, the Collector shall cause inquiry to be made into the circumstances of the case, and if the statement is established, shall report his opinion thereon for the consideration of the Lieutenant-Governor, and the Lieutenant-Governor shall cause such measures in reference thereto to be taken as he thinks proper.

PART IV.

OF VILLAGE-CHANNELS.

21. "Person" in this part includes any number of persons acting jointly.

22. The Canal Officer shall keep a register of all village-channels connected with a canal, whether already existing or constructed under this Act, and of the owners of such channels.

A village-channel made as an extension of, or a branch to, an existing village-channel shall be registered as a separate village-channel; and, for greater convenience in determining the rights and liabilities of all persons under this Act, so much of the length of any village-channel as lies within the limits of any one village or mouzah shall ordinarily be entered on the register as a separate village-channel. Every section of a village-channel so separately borne on the register shall be deemed to be a separate village-channel in respect to all rights and liabilities imposed by this Act.

Provided always that whenever it shall seem fit to the Canal Officer for any special reason to enter upon his register as one village-channel a section of a village-channel which includes portions lying within two or more villages or mouzahs, the Canal Officer may, with the consent of the collector obtained in writing, register such section as one village-channel, and all rights and liabilities in respect of the channel so registered shall attach jointly and severally to all the owners of such channel.

23. Any person may acquire the property in an existing village-channel for the purpose of improving or maintaining it—

- (a) By taking over, with the consent of a Canal Officer, any village-channel belonging to Government;
- (b) By transfer of a village-channel from the owner thereof by private agreement.

24. Any person may, with the permission of a Canal Officer, construct a new village-channel by private arrangement with the owners or occupiers of the land affected.

25. Any person desiring the construction of a new village-channel, but being unable or unwilling to construct it by private agreement, may apply in writing to a Canal Officer stating—

- (a) that he desires the said Canal Officer, in his behalf and at his cost, to do all things necessary for constructing such channel;
- (b) that he is ready to defray all costs necessary for acquiring the land and constructing the channel.

If the Canal Officer considers the construction of such village-channel expedient, he may call upon the applicant to deposit any part of the expense such Officer may consider necessary,

and upon such deposit being made, shall cause inquiry to be made into the most suitable alignment for the said village-channel,

and shall mark out the land which, in his opinion, it will be necessary to occupy for the construction thereof,

and shall forthwith publish a notification in every village through which the village-channel is proposed to be taken, that so much of such land as is situated within such village has been so marked out.

and shall send a copy of such notice to the Collector of every district in which any part of such land is situate.

Such notification shall also call upon any person who wishes to be admitted a joint owner of such village-channel to state his claim within thirty days of the publication of such notification. If any claimant appears and his claim is admitted, he shall be liable to pay his share in the construction of the village-channel and in the cost of acquiring the land, and shall be an owner of the village-channel when constructed.

26. On receipt of copy of such notification, the Collector shall proceed to acquire the land required under the provisions of the Land Acquisition Act, 1870, as if a declaration

had been issued by the Government for the acquisition of the land under the provisions of section six of that Act, and as if the Government had thereupon directed the Collector to take order for the acquisition of the land under section seven of the said Act.

27. On being put in possession of the land, the Canal Officer shall construct the required village-channel; and on its completion shall give to the applicant notice thereof and of any balance payable by him on account of the cost of acquiring the land and construction of the work. On such notice being given, such balance shall be due from the applicant to the Canal Officer. On receipt of payment in full of all such expenses, the canal officer shall make over possession of such channel to such applicant.

28. Whenever a Canal Officer considers that the transfer of a village-channel from the owner is necessary for the proper management of the irrigation from such village-channel, he may cause a notice to be served on the registered owner to appear on a certain day, not less than fifteen days after service of notice, and to prefer any objection to such transfer. After hearing such objection the Canal Officer may, with the consent of the Collector previously obtained, order that such village-channel shall be transferred to such person as he may think fit, and that such person be registered as owner of the said village-channel;

Provided that no person shall be registered as the owner of a village-channel under this section, unless he has expressed in writing his willingness to be so registered, and until he has paid to the Canal Officer such sum as may be fixed by the Canal Officer under section thirty.

29. Any person wishing to become the joint owner of an existing village-channel may petition the Canal Officer to that effect, and on receipt of such petition the Canal Officer may, if he think fit, issue a notice as in the last section provided upon the registered owner, and after hearing any objection which the registered owner may prefer against the admission of such applicant to be a joint owner, may direct that the applicant shall be registered as such joint owner.

30. When deciding the question of transfer or of admission to joint ownership under either of the two sections last preceding, the Canal Officer shall also determine what amount shall be paid—

(a) As the costs of the proceedings;

(b) As compensation to the previous owners; and the amount so determined shall be due by the transferee or the person admitted to registry as a joint owner, as the case may be; and on payment of such amount, the village-channel shall be transferred or the applicant shall be registered as a joint owner thereof, as the case may be.

31. Instead of awarding payment of compensation under the section last preceding, the Canal Officer may fix an amount of rent to be paid annually to the previous owners by the persons to whom the village-channel is transferred.

32. Every person

(a) acquiring a village-channel as provided in section twenty-three; or

(b) constructing a village-channel as provided in section twenty-four; or

(c) receiving possession of a village-channel as provided in section twenty-seven; or

(d) acquiring a village-channel by transfer, or being admitted to registration as joint-owner in a village-channel, as provided in section thirty, shall be deemed to be owner of such village-channel.

33. Every owner of a village-channel shall be bound—

Obligations and rights of owner of village-channel. (a) To construct and maintain all works

necessary for the passage across such village-channel of village-channels existing previous to its construction, and of the drainage intercepted by it, or for affording proper communications across it for the convenience of the occupants of neighbouring lands;

(b) To maintain such village-channel in a fit state of repair for the conveyance of water;

(c) To allow the use of it to others on such terms as may be declared equitable by the Canal Officer as hereinafter prescribed;

and shall be entitled—

(d) To have a supply of water by such village-channel at such rates and on such terms as are prescribed under the rules made by the Lieutenant-Governor;

(e) To receive such rent for the use of the village-channel by other persons as the Canal Officer may award him.

34. If the owner of a village-channel fail to fulfil the obligations described above, the Canal Officer may either—

(a) Require him by notice to execute the necessary repairs within fifteen days, and in the event of failure, perform them on his behalf; and all expenses incurred by the execution of such repairs shall be a sum due by such owner to the Government;

(b) Strike such village-channel off the register, and thereby disqualify it to be any longer a medium for the conveyance of canal water.

Resignation and transfer of ownership. **35.** Any owner may resign his interest in a village-channel.

Any owner of a village-channel may, with the consent of the Canal Officer, transfer his interest to any other person, provided that liabilities of the person so transferring shall not cease till such transfer is registered.

If any owner of a village-channel dies, his heir or representative may apply for registration in his stead. If no such application for registry be made within fifteen days, the remaining registered owners of the village-channel, if any, shall be deemed to be owners of the entire interest in the village-channel, until some other person shall have established his claim to be registered as owner in place of the deceased. If the deceased shall have been the sole registered owner, the

Canal Officer shall be deemed to be the representative of the deceased, and shall exercise all rights and be bound by all liabilities which attached to the deceased in respect of his ownership of the village-channel until some person shall have established his right to be registered as owner in place of the deceased, and the Canal Officer shall account to such person for all sums received and expended in the exercise of the rights and discharge of the liabilities which attached to the deceased.

When any person applies for registration under the last two clauses, the Canal Officer shall serve notice on the other registered owners to prefer any objection to the transfer or succession within fifteen days, and if no such objection shall be made, or if the objections made be deemed invalid, shall order such transfer or succession to be registered.

36. All joint owners of a village-channel shall be held to have an equal interest in it, unless, and with the permission of the Canal Officer, they register specific unequal interests.

37. Any person not an owner of a village-channel, desiring to have a supply of water through such village-channel, may make a private arrangement with the owners for the conveyance of water, or may apply to the Canal Officer for authority to use such village-channel.

38. On receipt of an application, as mentioned in the section last preceding, the Canal Officer shall serve notice on the owners to show cause why such permission should not be granted, and if no objection be raised, or if raised, be found invalid, shall authorize the conveyance of such supply on such conditions as may appear equitable.

39. Such Canal Officer shall also fix a sum as rent to be paid for the use of such village-channel to be paid to the owner. Such rent may be in the form of a percentage on the water-rate of the person using the village-channel, or otherwise, as may be fixed by the Canal Officer.

40. The owner of a village-channel which receives its water through another village-channel may either be declared a joint owner of such other village-channel or may be required to pay rent for the use of the same to the owner thereof, as provided in the two sections last preceding.

41. All rent payable under either of the two sections last preceding shall be deemed to be due in the same instalments and at the same periods as the water-rate is due; or in such other instalments and at such other dates as the Canal Officer may direct.

42. No land acquired under this Part for a village-channel shall be used for any other purpose without the consent of the Canal Officer previously obtained.

43. Every sum declared to be due under this Part shall be recoverable by the Canal Officer on behalf of the Government or of the person entitled to receive the same, and shall be held to be a demand under the provisions of section one, Act VII (B C), 1868 (*an Act to make further provision for the recovery of arrears of land revenue and public demands recoverable as arrears of revenue*).

PART V.

OF THE SUPPLY OF WATER.

44. Every person desiring that water shall be supplied to his land from a Canal, shall present a written application to that effect to the Canal Officer, in the form given in Schedule B. hereto annexed, or in a similar form, binding himself by the rules made by the Lieutenant-Governor under the powers vested in him by this Act; and no person shall be liable to pay any rate or due whatever, on account of water supplied to his land with the permission of the Canal Officer, otherwise than on such application.

45. If the application mentioned in the section last preceding be granted by the Canal Officer, the Canal Officer shall cause his permission to be recorded in the form given in Schedule C hereto annexed, or in some similar form, binding himself by the rules made by the Lieutenant-Governor as aforesaid.

46. All rules made by the Lieutenant-Governor under section sixty-six of this Act shall be consistent with the following conditions:—

(a) The Canal Officer may not stop the supply of water to any water-course, or to any person, except in the following cases:—

(i) whenever and so long as it is necessary to stop such supply for the purpose of executing any work ordered by competent authority, and with the previous sanction of the Lieutenant-Governor;

(ii) whenever and so long as any village-channel is not maintained in such proper customary repair as to prevent the wasteful escape of water therefrom;

(iii) whenever and so long as it is necessary to do so in rotation to supply the legitimate demands of other persons entitled to water;

(iv) within periods fixed from time to time by the Canal Officer;

(b) No claim shall be made against the Government for compensation in respect of loss caused by the failure or stoppage of the water in a canal, by reason of any cause beyond the control of the Government, or of any repairs, alterations, or additions to the canal, or of any measures taken for regulating the proper flow of water therein, or for maintaining the established course of irrigation which the Canal Officer considers necessary; but the person suffering such loss shall be entitled to such remission of the ordinary charges payable for the use of the water as is authorized by the Lieutenant-Governor:

(c) If the supply of water to any land irrigated from a canal be interrupted otherwise than in the manner described in the last preceding clause, the occupier or owner of such land may present a petition for compensation to the Collector for any loss arising from such interruption, and the Collector shall award to the petitioner reasonable compensation for such loss:

(d) When the water of a canal is supplied for the irrigation of a single crop, the permission to use such water shall be held to continue only until that crop comes to maturity, and to apply only to that crop; but if it be supplied for irrigating two or more crops to be raised on the same land within the year, such permission shall be held to continue for one year from the commencement of the irrigation, and to apply to such crops only as are matured within that year:

(e) No person entitled to use the water of any canal, or any work, building, or land appertaining to any canal shall sell or sublet or otherwise transfer his right to such use without the permission of the Canal Officer, but all contracts made between Government and the owner or occupier of any immovable property, as to the supply of canal water to such property, shall be transferable therewith, and shall be presumed to have been so transferred whenever a transfer of such property takes place.

PART VI.

OF WATER-RATES.

47. The rates to be charged for canal-water supplied for purposes of irrigation shall be determined by the rules made by the Lieutenant-Governor, and all persons accepting the water shall pay for it accordingly.

48. If water supplied through a village-channel be used in an unauthorized manner, and if the person by whose act or neglect such use has occurred cannot be identified,

the person on whose land such water has flowed, if such land has derived benefit therefrom,

or if such person cannot be identified, or if such land has not derived benefit therefrom, all the persons chargeable in respect of the water supplied through such village-channel in respect of the crop then on the ground,

shall be liable, or jointly liable, as the case may be, to the charges made for such use.

49. If water supplied through a village-channel be suffered to run to waste, and if, after enquiry by the Canal Officer, the person through whose act or neglect such water was suffered to run to waste cannot be discovered, all the persons chargeable in respect of the water supplied through such village-channel for the crop then on the ground shall be jointly liable for the charges made in respect of the water so wasted.

50. All charges for the unauthorized use or for waste of water shall be deemed to be water-rate due on the crop, and may be recovered in addition to any penalties incurred on account of such use or waste.

Recovery of Charges.

51. The Canal Officer or the Collector may enter into an agreement with any person for the collection and payment to the Government by such person of any sum payable under this Act by a third party.

52. Any sum lawfully payable under this Part, either to the Government or to any person who has entered into an agreement to collect dues for the Government, shall be deemed to be rent payable on a pottal or engagement in respect of the land irrigated and recoverable as such by the person to whom it is payable.

Provided that the claim (if any) for rent in respect of such land shall have priority over any claim for arrears of water-rate so far as regards recovery of rent by the exercise of the power of distraint.

53. If any person distrains half or more than half of any crop on account of which water-rate is due, such person shall be bound, on requisition by the Canal Officer, to furnish him with an account showing how the produce thus distrained has been appropriated in payment of such rent, and the Canal Officer shall be entitled to challenge such account before the Collector, who, if he finds that the value of the crop distrained was in excess of the amount of rent which had been due for a period not longer than a year, together with the costs of the distraint, may require the distrainer to pay the water-rate due on such crop.

54. Every arrear of water-rate which is due to the Government, and every sum due to Government by any person on account of collections of water-rate under the provisions of section fifty-one, shall also be deemed to be a demand within the meaning of Bengal Act No. VII of 1868 (*to make further provision for the recovery of arrears of Land Revenue and Public Demands recoverable as arrears of Land Revenue*), and may be recovered as provided in that Act.

55. Notwithstanding anything in the provisions contained, it shall be lawful for any person who may have entered into an agreement for the collection and payment of water-rates as provided in section fifty-one to give to the Collector of the district in which such person resides a notice in writing in the form in Schedule (B) annexed to the said Act VII of 1868, showing from whom water-rate is due, the names of persons, and the amount due from each; and if the Collector have reason to believe that such sum is due he may make under his hand a certificate of the sum due in a form similar to that in Schedule (A) to the said Act annexed, and shall cause the same to be filed in his office, and every certificate

so made shall be deemed to be a certificate made in pursuance of section nineteen of the said Act.

Sections 51 to 55 do not apply to fines.

56. Nothing in sections fifty-one to fifty-five (inclusive) applies to fines.

PART VII.

OF JURISDICTION.

57. Except where herein otherwise provided, all claims against Government in respect of anything done under this Act may be tried by the Civil Courts, but no such Court shall in any case pass an order as to the supply of canal-water to any crop which is on the ground at the time.

58. Whenever a dispute arises between two or more persons in regard to their mutual rights or liabilities in respect of the use, construction, or maintenance of a village-channel, any such person interested may apply in writing to the Canal Officer stating the matter in dispute. Such officer shall thereupon give notice to the other persons interested that, on a day to be named in such notice, he will proceed to enquire into the said matter, and, after such enquiry, he may pass his order thereon, or may transfer the matter to the Collector, who shall thereupon enquire into and pass his order on the said matter.

Such order shall be final as to the use or distribution of water for any crop sown or growing at the time when such order is made, and shall thereafter remain in force until set aside by the decree of a Civil Court.

59. Whenever any dispute arises among joint owners of a village-channel as to their shares of expense or as to the amounts severally contributed, or as to failure on the part of any owner to contribute his share, the matter may be decided after inquiry, as provided in the section last preceding, by the Canal Officer or Collector as aforesaid, and the order passed by such Canal Officer or Collector shall remain in force until set aside by the decree of a Civil Court, and may be executed as if it were a decree of the Civil Court.

60. All suits arising out of the exercise of the power of distraint for recovery of water-rates, or out of any acts done under color of the exercise of the said power of distraint,

or by persons in receipt of the water-rates against any agents employed by them in the collection of such water-rates, or the sureties of such agents for money received or for accounts kept by such agents in the course of such employment, or for papers in their possession,

shall be cognizable by the same Court or authority as would have jurisdiction, if such water-rates were rent due for the land irrigated.

61. Every order passed by a Canal Officer under Part IV, Part V, or Part VI of this Act, shall be appealable to the Collector, provided that the appeal be presented within one month of the date on which the Canal Officer made the order appealed

against; and all proceedings and orders of the Collector under this Act shall be subject to the supervision and control of the Commissioner of the Division and of the Board of Revenue.

62. Any officer empowered under this Act to conduct any inquiry may exercise all such powers connected with the summoning and examining of witnesses, as are conferred on Civil Courts by the Code of Civil Procedure; and every such inquiry shall be deemed a judicial proceeding.

PART VIII.

OF OFFENCES AND PENALTIES.

63. Whoever, without proper authority and voluntarily, does any of the acts following, that is to say,—

(a) being responsible for the maintenance of a village-channel or using a village-channel neglects to take proper precautions for the prevention of waste of the water thereof, or interferes with the authorised distribution of the water therefrom, or uses such water in an unauthorised manner;

(b) passes, or causes animals or vehicles to pass, on or across any of the works, banks or channels of a canal contrary to rules made under this Act, after he has been desired to desist therefrom;

(c) violates any rule made under this Act, for breach whereof a penalty may be incurred, shall be liable, on conviction before a Magistrate, to a fine not exceeding fifty rupees.

64. Nothing herein contained shall prevent any person from being prosecuted under any other law for any offence punishable under this Act: Provided that no person shall be punished twice for the same offence.

65. Whenever any person is fined for an offence under this Act, the Magistrate may direct that the whole or any part of such fine may be paid by way of compensation to the person injured by such offence.

PART IX.

OF SUBSIDIARY RULES.

66. The Lieutenant-Governor may, from time to time, make rules to regulate the following matters:—

(a) the proceedings of any officer who, under any provision of this Act, is required or empowered to take action in any matter;

(b) the cases in which, the officers to whom, and the conditions subject to which, orders and decisions given under any provision of this Act, and not expressly provided for as regards appeal, shall be appealable;

(c) the persons by whom, the time, place manner at or in which, anything for the doing of which provision is made in this Act, shall be

(d) the amount of any charge made under this Act;

(e) and generally to carry out the provisions of this Act.

The Lieutenant-Governor may, from time to time, alter or cancel any rules so made.

Such rules, alterations, and cancellments, shall be published in the *Calcutta Gazette*, and shall thereupon have the force of law.

Provided that no rules shall be made by the Lieutenant-Governor under the powers conferred on him by this section until a draft of the same shall have been published in the *Calcutta Gazette* for one month, after which time the Lieutenant-Governor may pass such rules as originally published, or with such alterations, additions, and omissions as he may think fit.

SCHEDULE A.

(See Section 2.)

ACTS OF THE LIEUTENANT-GOVERNOR OF BENGAL IN COUNCIL.

Number and year.	Subject.	Extent of repeal.
VIII of 1867 ...	Recovery of rates for water supplied by the East India Irrigation and Canal Company.	So much as has not been repealed.
VI of 1869 ...	Recovery of rates for water supplied for purposes of irrigation.	The whole Act.

SCHEDULE B.

(See Section 44.)

APPLICATION FOR WATER.

No.

Mouzah
Pergunnah
Distributary
Village-channel
Name of owner of village-channel
Name of Applicant

I, the undersigned, hereby apply for water from the above-named village-channel for the fields and crops below detailed, and I engage to pay to the Canal Officer, or other person duly authorised to receive them, the water-rates as prescribed by the Lieutenant-Governor under

the provisions of the Bengal Irrigation Act, and I further agree to abide by all the rules issued under that Act.

No. of field in Revenue Map.	Acreage of field.	Crop to be grown.

Signature or mark of Applicant.

Date

SCHEDULE C.

(See Section 45.)

No.

Permit of village to take water from
Distributary
Village-channel
for the undermentioned fields and crops:—

No. of field.	Acreage of field.	Crops to be grown.	Water-rate due.	Date of payment.

Signature of Canal Officer.

Date

FREDERICK CLARKE,

Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Department.

PRIMARY SCHOOLS IN BACKERGUNGE.

Minute by the Lieutenant-Governor of Bengal, dated June 19th, 1875.

In my minute of the 12th January last, my general views on primary education in Bengal were stated, and general principles were laid down for advancing in the direction indicated by Sir G. Campbell's measures. The wisdom of placing these primary schools under the district civil authorities was insisted on, while at the same time the co-operation of the educational officers was re-affirmed to be a very essential feature of the scheme. Instructions were also given for the submission of inspection reports regarding the grants-in-aid to the village schoolmasters, and payment by results regarding the training in the normal schools, and the determination of the curriculum. In my Minute of the 27th April, with a view to ensure an improved curriculum in some at least of the primary schools, I accepted the proposal of the Director of Public Instruction to prescribe for them a somewhat higher scholarship standard. It is too soon yet to look for any results of this change.

2. An interesting and suggestive report has lately been received from Dr. Robson, the Circle Inspector, on primary schools in Backergunge, on which I desire to record my opinion, as the points comprised therein are applicable to other districts. The same district had been visited by Mr. Croft in December last, and it is doubtless owing greatly to his remarks and suggestions that these schools appear in so short a time as three or four months to have taken a fresh start in many places.

3. The district of Backergunge (which I had the advantage of visiting during the rainy season of 1874, accompanied by the Commissioner and Collector) is peculiar in some respects. It is characterized by the existence in a large degree of tenant right and occupancy status, and the lower classes are said to be prosperous and comfortable. The great rice-crops, the network of inland creeks, the ramification of navigable streams, and the canal communication with Calcutta, tend to add annually to the material wealth of the inhabitants. On the whole the district is one of the most flourishing of all the districts of Bengal. On the other hand, agricultural labour engages the energies of nearly all the able-bodied for some months in the year, and interferes considerably with the attendance at school.

4. Primary education in Backergunge under the new system was at the outset not watched nor directed in the manner intended by the Government. It is to be feared that the connection of Government was too often allowed to terminate with the grant of pecuniary aid, and that adequate results could not be shown for the money spent. It is very satisfactory to see that Dr. Robson considers the prospects for the future to be full of hope. When the objects and views of Government are better appreciated, and we have more experience of the local requirements, I expect the Backergunge patshalas to take a prominent place in the education returns of these provinces. It will be observed that in the sub-division of Perozepore, where 60 patshalas are now aided, there are above 100 applications for aid from schools many of which are as much in need of, and as deserving of aid as those now receiving it. My views regarding the standard of education to be encouraged have been given at sufficient length in the Minute of 27th April. While desiring to gradually raise it in those schools which can properly bear the process, I desire to keep it at the lowest and simplest degree for those many schools which cannot bear anything higher.

5. The plan suggested by Dr. Robson for carrying out the principle of payment by results appears to be well calculated to succeed if the inspecting officers do their duty. I understand that the average grant-in-aid to each "guru" (or village schoolmaster) in Backergunge is Rs. 2-8 per mensem, the maximum limit allowed is Rs. 5 per mensem. Within these figures there is ample margin for the inspecting officer, after some test and examination, to signify practically his approval or dis-satisfaction. I quite agree that perfunctory inspections are of no use, and that some *action* on the part of that officer is more certain to do good than repeated admonitions in the Visitors' Book, leading to nothing for a time, and eventually to a withdrawal of the whole grant. I concur in disapproving of any proposal to give increased stipends to the present "gurus" without any condition of improvement in their own efficiency or increase in the number of their scholars.

6. It has been more than once the subject of remark that the villagers diminish their contributions to the "gurus" by an amount equal to the Government grant-in-aid. This was stated by Mr. Croft to be especially the case in Backergunge. Dr. Robson considers that efficient "gurus" will be able to make their constituents pay what is the village teacher's right by old custom, and that the villagers will be anxious to retain the services of good teachers. He says also that he only met with one instance in which a *competent* "guru" had any great difficulty in getting both his fees and his food. The purposes for which a grant-in-aid is given at all were fully set forth in the Resolution of 30th September 1872, to all which conditions I desire to adhere. But as previously stated, the assistance of Government is supplementary only. It is

to be hoped that with the improvement of the "gurus," there will be no more difficulty in this respect. I would not grant an increase of stipend to "gurus" directly they leave the normal schools, until they have proved their efficiency to the inspecting officer, either by showing an increase in the number of their pupils, or by improvement in the standard of instruction.

7. The section of this report on "the remarks of inspectors in the Visitors' Books" is worthy of the best attention of the District Committee. It has my unqualified approval. One good inspection, with careful record kept, may be very beneficial. Any inspection short of this not only fails to do good, but also is demoralizing to all parties concerned. A scheme for increasing the inspecting staff throughout Bengal at no small cost has been very recently sanctioned, and I trust that an acknowledged weak point has been strengthened, if not completely, still to the limits allowed by our present means. A due proportion of officers will be placed at the disposal of the Backergunge Committee, on whom it will devolve to make the best use of their services.

8. I am especially glad to find it stated in this report that the difficult problem of female education, which has so long engaged and baffled the efforts of Government, is being solved by the new system of primary education. Without being too sanguine, it is evident that some success has been already attained, and that a great opportunity offers for doing more good. This action is said to be almost entirely spontaneous on the part of the people. I approve of the principle of holding out encouragement to the "gurus" to induce girls to come to their "patshalas" or rustic school-houses; the manner in which such encouragement should be given can best be settled by the local committees, whether by an addition to the stipend of the guru proportioned to the number of girls taught by him, or by rewards to such gurus as can show the largest number of girls who have attained a certain degree of proficiency. I have much pleasure in observing the prizes offered by liberal and public spirited native gentlemen of the district, viz., Baboos Bilash Chandra and Barada Prasanna Chuckerbutty of Rahamatpore, Baboo Chandra Kanta Sen of Basanda, and Baboo Kali Nath Biswas of Jalabari. The action taken by Dr. Robson in the matter of the aided girls' school at Boakati was proper.

9. The payment of the gurus' stipends by the agency of the police was introduced with the object of ensuring punctual payment, and for the convenience of the gurus themselves. It appears not to work satisfactorily; in fact it is said to retard rather than to expedite payment. The gurus have often to travel long distances to the thanas; illegal exactions are said to be very general; the police have other duties to perform; the gurus are kept waiting, and the patshalas must suffer from their absence. Moreover, this system removes the necessity for frequent visits by the inspecting officers. Also it has been found impossible for the District Committee to know how much of the primary grant had actually been spent up to any given time, the result of which may be to allow a large sum to lapse at the end of the year. Dr. Robson has recommended the District Committee to revert to the plan of paying the gurus through the inspecting officers, and has suggested an arrangement for the purpose of securing both regularity of payment and frequency of inspection. To carry out this change satisfactorily, a large increase in the number of sub-inspectors may be requisite. Some improvement will be effected in this direction as above indicated. It is to be remembered that the practical result may be that the sub-inspector will require the gurus to come to him to be paid, which will be even more inconvenient to them than going to the thana. There will at least be a tendency to drift into this system, which will have to be carefully watched. On the whole I am inclined to favour the recommendation of the Circle Inspector, and would here again request the Committee to make the most of their inspecting staff. The round-about procedure adopted to convey the gurus' receipts to the Deputy Inspector surely admits of simplification.

10. With regard to the travelling allowances of the inspecting officers, I recognise the old question—whether mileage rates or consolidated allowances are preferable. In the first case, there is an alleged difficulty in ascertaining

the correct distances, but there is the strong incentive to travel; in the second there is no inducement to undertake inspections; there is a possibility of economy, and it gives no trouble of calculation. With the excellent maps available, the difficulty of measuring the distances is insignificant, and in other districts of the Dacca Division it presents no obstacle. There should be on record a table of distances for the whole district, if there is not one already in the Collector's office. As it is my desire to infuse as much vitality and reality as possible into the inspection system, I think the arguments preponderate in favour of the mileage plan, and measures should be taken to re-establish it on a satisfactory basis in Backergunge.

11. The Burrisal Normal School evidently requires reform. Arrangements should be made for the members of the District Committee to visit it in turn, and the Collector should direct his attention to its deficiencies. I am unable to assent to Dr. Robson's views that it is in any way the duty of the Magistrate or of the District Committee to provide with patshalas those gurus who may qualify at the normal school. The less the Magistrate interferes in the appointment of gurus the better. It is for him to exercise his influence by a judicious distribution of the grant through his subordinates, by diminishing or withdrawing it for inefficiency, and increasing it for merit. If gurus abscond from the normal school, or fail to pass their examination, these are fair reasons for withdrawing their grants-in-aid. Again, if clever young gurus set up patshalas in the neighbourhood of "incorrigible old dunces," the people will soon decide whom they prefer. Government money should not be spent to bolster up patshalas which, under the test of competition, languish and become empty.

12. It has been suggested to me that it is time to look into the question of normal schools generally by the light of the experience which has been gained of the working of the orders contained in the Resolution of 31st July 1873. Before entering upon this enquiry, I shall be glad to have the opinion of Mr. Sutcliffe as to whether the system of normal training is satisfactory, or if he would recommend a call for reports on the subject.

13. In conclusion, I would request the Officiating Commissioner of Dacca, and Mr. Barton, the Officiating Collector of Backergunge, to take into their best consideration the suggestions offered in their report on primary schools, on which my views are herein expressed. The Director of Public Instruction will be desired to convey to Dr. Robson my acknowledgments for his interesting report.

RICHARD TEMPLE.

Report on the Condition of the Primary Schools of Backergunge, with suggestions for their improvement.

INTRODUCTION.

I.—PRESENT CONDITION OF THE BACKERGUNGE PATSHALAS.

1. At the suggestion of the Officiating Commissioner of the Dacca Division, I recently made a tour of inspection in Backergunge, with the special purpose of inquiring into the working of the primary schools in that district. Between the 17th of March and the 3rd of April I visited 50 schools, of which 40 were patshalas; of these 23 were in the sudder sub-division and 17 in Perozepore.

2. The majority of these I found to be numerously attended and well taught; and altogether such, as tried by almost any standard, need not fear comparison with those of any district in Bengal. In these two sub-divisions the education given by the better class of primary schools is highly esteemed and eagerly sought after both by Hindus and Muhammadans. In Perozepore, where 60 patshalas are now aided, there are upwards of a hundred applications for aid from schools, many of which are as much in need of, and as deserving of aid as those now receiving it.

3. In a considerable proportion of the pathsalas Muhammadan boys preponderate. At Tejaskati pathsala, out of 68 pupils who were present at the time of my visit, only 16 were Hindus; at Chalesha, where 49 were present, I counted only 11 Hindus; at the Norkati unaided pathsala I found 46 present, all of them Muhammadans. In this case the villagers were clamorous for aid, and they offered to guarantee fees, to the amount of Rs. 3 a month, to any qualified teacher who might be sent, besides providing him with board and lodging, equivalent to at least Rs. 2-8 more.

I recommended the Deputy Inspector who accompanied me on my visit to transfer to this school the grant from the unsuccessful Dabdhaliya pathsala, where I found, as the result of a grant for the last two years, that only 11 boys could write their names on plantain leaves.

4. From all that I have seen in Backergunge, I regard the prospects of primary education as full of hope. It is characteristically a district of peasant proprietors, and nearly every ryot has some personal interest in the land. The lower classes for the most part live in comfortable houses, in a style of rough abundance, such as one sees in scarcely any other part of Bengal. This widely diffused material prosperity affords an advantageous starting point for the spread of education.

It must be allowed that even the litigation in which the Backergunge ryot is said to delight is an intellectual sort of amusement, and is closely connected with reading, writing, and arithmetic.

5. Although I am of opinion that the present state of primary education in Backergunge is full of hope for the future, I must allow that the alarm recently felt with regard to it has not been altogether groundless. In the sudder sub-division owing to the multifarious duties of the Deputy Inspector and the large area over which the numerous schools under his charge are scattered, no efficient supervision has been exercised. The gurus have been almost like sheep without a shepherd.

6. In a considerable proportion of the schools this want of supervision has been probably no great disadvantage, for I found that the inspecting officers were under the impression that it was the wish of Government to *keep down* the standard of education in the pathsalas, even in cases where teachers, pupils, and parents were eager to have something higher and better than they had before. With such mistaken views as to the wishes of Government, a more thorough supervision and active control would have been more detrimental to the interests of education than the system of non-interference which circumstances have rendered almost unavoidable in the sudder sub-division.

II.—RATES OF PRIMARY GRANTS AND MODIFIED PAYMENT BY RESULTS.

My predecessor was of opinion that the rates of the primary grants in the Backergunge district are too low, and, with the explanations and qualifications to be afterwards stated, I agree with him. But I entirely disapprove of the proposal which has, I believe, been recently under the consideration of the District Committee to give increased stipends to the present gurus without any conditions of improvement in efficiency, or increase in numbers, with the vague idea that larger allowances will somehow or other improve them. Such a course would be a sheer waste of Government money.

2. It would, moreover, be a measure entirely opposed to the instructions of His Honor the Lieutenant-Governor, who, in his minute No. 261 of 12th January 1875, lays down the important principle that the amount of the grant to every village school should be regulated as nearly as possible *according to results*.

3. Further, an increase of the Government allowance given in this way will not in the majority of cases increase the income of the gurus, for the villagers will diminish their contributions by an equal amount. This result will not follow if an increase of grant is given on the ground of efficiency; for in every case of that sort the guru will be a man of some ability and energy, who will be able to prevail upon the villagers to give him what is the village teacher's right by immemorial custom. The villagers also are sufficiently intelligent to know the value of a good teacher, and in such a case they will be anxious to retain his services.

4. I shall mention one instance to show how the villagers can appreciate and reward a good teacher. At Kachoorakati in Perozepore, nearly all the boys attending the pathsala are of the Kumar or blacksmith caste. The guru gets nearly Rs. 10 a month in fees from his pupils, and in addition the villagers subscribe Rs. 4-6 a month, besides providing him with board and lodging. This is no doubt an extreme case, both as respects the qualifications of the guru and the liberality of the villagers; but I have met with many other instances in my recent tour which might be adduced to support my assertion that the villagers know the value of a good teacher.

5. Mr. Croft says in his note that "in Backergunge more than in any other district of this circle, the common complaint is true that the villagers no longer pay their usual fees to a guru receiving Government aid." So far as this is the case, the explanation of it is to be found in the fact that in this more than in any other district incompetent old gurus have been salaried; and the villagers have not been able to understand the propriety of giving the old men double pay for the very same work they were doing before. A good deal may be said in favour of the village view of the question. The same notions of equity which lead them to think that an old guru doing the same work as before should continue to have the same pay, lead them to the conclusion that a superior guru doing better work should have higher pay.

In the course of my recent tour I visited 40 pathshalas without meeting with more than a single instance (and I made special inquiries on the point) in which a *competent* guru had any great difficulty in getting both his fees and his food.

6. To raise the rate of the gurus' stipends all round, as has been proposed, would give much less trouble to the Deputy and Sub-Inspectors than to give an increase to deserving teachers only; for the latter course involves visitation and particular inquiry in every case recommended for a higher rate of grant. This, however, is a matter which lies within the duties which an inspecting officer may fairly be called upon to perform, and I would recommend that, as a general rule, no increase of the present allowance should be given without the inspecting officer stating from recent and thorough examination the grounds on which the increase is proposed to be given. In the words of His Honor the Lieutenant-Governor—"In every case some tests should be exacted, some examination enforced."

7. I have just said that, as a general rule, no stipends should be increased except as rewards for the efficiency of the school. I think it advisable, however, to make an exception in the case of those gurus who, after being trained in the normal school, pass the examination creditably. To all such gurus I would give an increase on their former stipend of eight annas a month on their return to their pathshalas, leaving it open to them to get a further increase when their improved teaching power has resulted in an improved school.

8. In this district, so far as I can learn, no attempt whatever has been made to carry out the system of modified payment by results approved by the late Lieutenant-Governor in paragraph 9 of his Resolution of 12th November 1872, and re-affirmed by His Honor the present Lieutenant-Governor in his minute of 12th January last. The only thing that has been done in Backergunge which could by any possibility be described as a payment by results, has been the entire withdrawal of the grant when a pathsala has become very bad; and if I may judge from the few bad pathshalas which I have myself visited and the many described by Mr. Croft as "deplorably low," they must have been so bad as to be almost non-existent before the measure was resorted to.

9. As the primary system has been hitherto worked in Backergunge, it has contained no provision for offering inducements to a guru to exert himself to increase the number of his pupils or to push them on in their education.

Indeed, it might be plausibly argued that the fixed allowances which have been hitherto assigned to pathshalas, without any regard to numbers or efficiency, have made it the interest of a guru to have the smallest number of pupils compatible with the existence of his school; for the Government allowance continues the same whether he has fifty or fifteen, and it gives him much less trouble to teach the smaller number.

10. In order that the intentions of Government may be carried out in this matter, an inspecting officer should proceed in the following way:—When he visits a pathsala which has had a grant for some time, and which on examination is found not to be getting on well, he should say to the guru—"Your school has not improved as it ought to have done in the time you have been drawing Government money. I therefore reduce your grant by eight annas. If, however, by the time of my next visit you have pushed on the boys and made satisfactory progress, your grant will be restored to its original amount. But if no improvement is perceptible it will then be withdrawn altogether." When, on the other hand, the inspecting officer comes to a well-managed pathsala which has made creditable progress in numbers and efficiency, he might give the guru a small increase, not exceeding eight annas a month, liable to be withdrawn if the standard be not kept up.

11. Perhaps the best and most convenient mode of working that part of the system of modified payment by results which contemplates an increase of stipend to deserving gurus, will be to give quarterly rewards of one, two, or three rupees, the amount in each case being regulated by the result of the examination made by the inspecting officer at his visit. This plan has been recently adopted in Noakhali.

12. The practice has hitherto been that the inspecting officer expresses his dissatisfaction (generally in English) in the Visitors' Book; he repeats the same at subsequent visits, and if matters become very bad indeed the grant may be withdrawn. Though the remarks made in the Visitors' Books are for the most part in English, their purport is of course explained orally to the guru. When he sees, however, that his allowance is continued at the same rate month after month notwithstanding the expressed dissatisfaction of the Inspector, he persuades himself that the Government has little care for the efficiency of his school, till at last he may find to his cost that he has lost the grant altogether, when it will be too late for him to exert himself to retain it. Had the grant been reduced by eight, or even four annas on the second occasion on which the Inspector expressed his dissatisfaction, with the promise of restoration to its former amount in the event of improvement, the guru would have seen that the Inspector was in earnest and that Government was not to be trifled with.

13. At Asca in Perozapore, I found a well-qualified guru who had allowed his school to dwindle from 53 to 19. He has a grant of Rs. 2.8 from the primary fund, and a few of the well-to-do villagers whose sons are at school, guarantee him Rs. 2 in fees, besides providing him with board. When I asked for an explanation of the falling off in the attendance, he said—"Why should I trouble myself to get more boys? I shall not thereby get any increase of grant; and the sons of the poor villagers who might come to school would not give me any fees." Of the 19 pupils in the pathsala, five were girls, two of whom could read fairly. I told the guru that he should try to get more girls to come to school. To this he replied in the same strain—"I could easily get more girls. But what advantage would

that he to me? They would not pay fees." This guru has apparently very decided objections to free pupils, and indeed to anything for which he is not paid. He is a man of some ability, but indolent and indifferent, and our system hitherto has furnished him with no motive to exertion. I considered this a proper case for giving a start to the system of payment by results in Backergunge, especially as I found from the Visitors' Book that he had disregarded repeated admonitions from the Sub-Inspector. Accordingly I ordered his stipend to be reduced by eight annas a month till the time of the Sub-Inspector's next visit. The prospect of the loss of eight annas and possibly also the disgrace of the thing (for it was announced in the presence of the assembled villagers) appeared to touch him to the quick. He was like a man awakened from a profound slumber. He entreated to have the matter overlooked this time, promising to double the number of his pupils, male and female, within a month. To convince the guru that the system of payment by results was a stern reality, and to make a beginning of it in Backergunge, I finally fixed the deduction to be made at four annas, explaining to him that by exerting himself he might in a few months get more than he had before.

14. It is admitted on all hands that the great want of primary education in the sudder sub-division is an increase in the inspecting agency; but an increase in the number of Inspectors will not be attended with a corresponding increase of efficiency unless some control, such as I have indicated above, be exercised over the schools. The remarks made by the inspecting officer will be little regarded by the guru unless he finds that inattention to them affects his allowances.

15. In concluding this section of my report, I may say that in my opinion if things are properly managed there will not be a single bad pathshala in the Sudder and Perozepore sub-divisions in three months from the present time. In the Perozepore sub-division alone (as I have noticed above) there are 100 applications for aid from pathshalas, many of which can show upwards of 40 pupils in attendance. I fail to see the necessity or propriety in these circumstances of continuing grants to those of the existing schools that are poor in numbers or bad in quality, simply because they happened to get grants assigned to them at a time when the demand for education was less general than it is now. Let the gurus of all pathshalas which have an attendance of less than 20 (except under very special circumstances) be transferred to the most promising of these new applicants (if the gurus are fairly competent), and let them be well looked after, and nothing more will ever be heard of the "deplorably low" primary schools of these sub-divisions.

III.—THE REMARKS OF INSPECTORS IN THE VISITORS' BOOKS OF PATHSHALAS.

1. In order to facilitate the working of the system of modified payment by results, as well as to increase the efficiency and practical value of inspection in the primary schools, I would recommend that the remarks of the Deputy and Sub-Inspectors in the Visitors' Books should in all cases be in Bengali, that the guru and villagers may understand and profit by the observations made.

2. These remarks should enter into particulars regarding each class, stating the number of boys who can read, write from dictation, do sums in arithmetic, &c. When a particular book, such as "Bodhoday," is used, the number of pages read up to the date of the visit should be noted. In arithmetic the number of boys who can work division, multiplication, or addition, as the case may be, should be stated. In mental arithmetic and mahajani hishab, the most difficult questions the boys were able to answer in their heads might occasionally be specified. In this way the progress of the school can be accurately ascertained at the time of the next visit. Remarks merely stating that the inspecting officer is satisfied or otherwise are of very little use, for, after an interval of three or four months, the grounds and degree of satisfaction or dissatisfaction will in most cases have passed away from his mind.

3. An abstract of this detailed report should be kept by the inspecting officer in his note-book, so that, if called upon, he will have no difficulty at any time in giving an accurate statement of the past and present state of any school in his sub-division.

4. In cases in which the inspecting officer deems it advisable to diminish or to increase the stipend of a guru, in accordance with the results of his examination, the fact and the grounds of it should be distinctly stated in the Visitors' Book.

IV.—THE EDUCATION OF GIRLS IN PRIMARY SCHOOLS.

1. Previous to the establishment of the primary schools in the year 1872, female education in Bengal was an unsolved and, apparently, an insoluble problem. The female infant schools which were established in various parts of the district maintained a sickly existence, and were carried on at a cost altogether disproportionate to the poor results attained. Neither parents nor teachers appeared to take any real interest in the progress of the girls, and in consequence very little progress was made.

2. The solution of this difficult problem is one of the unforeseen results of the great system of primary education which is proving such a blessing to the people of Bengal. The boys and girls of the villages at an early age play about together, and it is difficult to see why they should not be taught together in school. And, in fact, it has been found that Hindoo parents do not object to their daughters being taught by the village school-masters in the village schools. In the Backergunge District Education Report for last year, it is noticed that 232 girls were reading in pathshalas; and I believe that the forthcoming report

will show a larger number. In 18 out of 40 pathshalas which I recently visited I found girls, in most cases two or three, but in a few a larger number. Tūnirkati and Kachorakati pathshalas have each eleven girls in attendance; Khapura ten and Hossenpore eight. This action is almost entirely spontaneous on the part of the people, for the girls as yet pay no fees, and the gurus have not hitherto received any increase of stipend for teaching them.

3. The girls must be allowed to have as great a claim to the benefits of the beneficent scheme of primary education as the boys; and the time has now come to do something for their encouragement. By taking advantage of the opening now presented, we may inaugurate a widely-extended and efficient system of female education at very little expense. It has recently been proposed to increase the rates of the primary grants in Backergunge, and I have stated my opinion above that the stipends should be increased as rewards of merit; I now propose a second means by which a guru may add to his allowances.

4. I beg to recommend that the stipend of a guru be increased by eight annas a month for every five girls he can induce to read in his pathsala, allowing one rupee for ten girls, and so on, up to the maximum grant of Rs. 5. If this proposal be sanctioned, and printed notices of it in Bengali be distributed to every guru in the district, the number of girls receiving education will be quadrupled in a few months. To prevent all possibility of imposition, and secure regularity and diligence on the part of the girls, the inspecting officers will at their visits examine all the girls, and only those who have made fair progress during the time they have been at school will be allowed to count for the guru's girls' allowance. This condition should be embodied in the notices circulated to the gurus.

5. The above plan will secure a large increase on the number of girls, and a fair amount of attention to their education. I beg further to suggest a plan by which the teachers will be stimulated to push on their female pupils. Let rewards be offered to those gurus who at the end of next year (December 1876) can show the largest number of girls in their pathshalas who have attained a certain degree of proficiency. I would suggest that ability to read with fluency an easy Bengali book (say "Seshu Sikhya," Part 3rd), to write from dictation a passage from the same easy book with tolerable correctness, and to work sums in multiplication, be appointed as the standard. Rewards of Rs. 25, 15, 10, 5, and 5, may be offered to the five gurus in the sadder sub-division who can show the largest number of girls qualified as above. The Rs. 60 required for the prizes suggested above have been already contributed by enlightened and public-spirited gentlemen belonging to the district. Baboo Bilash Chandra and Barada Prasanna Chuckerbutty of Rahamatpore have given a donation of Rs. 30 for this purpose, and Baboo Chandra Kanta Sen of Basanda has also given a donation of Rs. 30.

For the Perozapore sub-division I would suggest four prizes of Rs. 20, 10, 5, and 5. The Rs. 40 required for these prizes have been already contributed by Baboo Kali Nath Biswas, the liberal-minded young zemindar of Jalabari, who seems resolved to tread in the footsteps of his excellent father, the late Dwarka Nath Biswas, the earliest patron of female education in Backergunge.

6. I think it would be advisable to offer special prizes, with a lower standard, to the gurus of Dakshin Shabazpore and Patuakhali, where they will have greater difficulties to contend with among a Muhammadan population. Perhaps some of the zemindars of these sub-divisions will offer prizes for this purpose if the scheme be made known to them.

7. If these proposals are sanctioned by the District Committee and properly advertised, a powerful stimulus will be given to female education throughout the whole district, and it will advance in future with accelerated speed. Girls in pathshalas cost little, and they are readily taught; for in such mixed schools a spirit of emulation springs up which has a powerful effect on progress. In some of the pathshalas which I lately examined, particularly in Perozapore, the girls were as far advanced as the boys. In one pathsala I found two Muhammadan girls, apparently eleven years of age, who were as expert at mental arithmetic and bazaar accounts, and as able to write out potals and kabulyats as the best boys in the school.

8. As a contrast to the progress which girls make in the pathshalas, I shall conclude this section of my report by describing the state of things in an aided girls' school that I fell in with in my tour. This aided girls' school was at Boakati, where there is also a pathsala. The latter I found to be in a very unsatisfactory state, teaching a very low standard. While examining the pathsala I thought it a very extraordinary circumstance that a village where the education of the boys was at so low an ebb should be so advanced as to have an aided female school of its own. That Bengali villagers should care more for the education of girls than for that of boys appeared something like a reversal of the fixed course of nature. As I expected the girls' school turned out to be a mere sham. There were nine girls present, seven of them mere infants, who were amusing themselves with smearing ink on palm leaves, the other two had learned the alphabet. This is the despicable result to attain which Government gives a grant-in-aid of Rs. 60 a year, and the managers profess to give another Rs. 60.

A grant-in-aid to such a school is money thrown away. I have my doubts as to whether the sum professionally raised by the managers to meet the grant ever existed except to figure in the monthly accounts. Seeing the state of matters, I told the Secretary that the grant-in-aid would be withdrawn from the end of the month; and I recommended the teacher, a smart young man who passed the vernacular scholarship examination four years ago, to seek employment as a guru.

V.—THE PAYMENT OF GURUS' STIPENDS BY THE POLICE.

1. In Backergunge, as in most other districts, the gurus were at first paid by the inspecting officers, but about fifteen months ago the charge of their payment was transferred to the police, in order to secure that they should receive their allowances punctually and conveniently.

2. In the sudder sub-division, however, where the Deputy Inspector, in addition to his other multifarious duties, had the charge of the allowances of 96 aided pathshalas, scattered over six thanas, and where accordingly there might be supposed to be difficulties about regularity of payment, from the large number of schools and the wide area over which they were spread, the previous arrangement was continued, but in the other sub-divisions, where the Sub-Inspectors have no difficulty in visiting their schools at short intervals, the change was introduced.

3. The agency of the police in paying the gurus was at first employed in the Dacca district, but this method of payment having been found to cause great inconvenience to the payees it was abandoned as early as August 1873. In Backergunge the experiment has not met with better success. It not only causes great inconvenience to many of the gurus, but, as I shall show, acts prejudicially in other ways upon the working of the primary system.

4. The form of procedure is as follows:—The bills for the gurus' stipends are drawn by the Sub-Inspectors and sent to the Deputy Inspector to be passed. They are then forwarded to the Sub-Inspectors, who cash them at the sub-divisional treasuries, and who then, instead of paying the gurus directly, hand over the stipends to the Court Sub-Inspectors. The Court Sub-Inspectors send the money to the different thanas, where the gurus have to go to be paid. When payment is made, the police Sub-Inspectors or Head Constables take receipts from the gurus, which they send to the Sub-Inspectors of Schools, who in their turn send them to the Deputy Inspector to be filed in his office.

5. It is not to be wondered at that the receipts, passing by this circuitous route through so many hands, are generally not received by the Deputy Inspector for many months after the bills have been drawn. The Sub-Inspector of Perozepore got the receipts of the gurus in thana Sarupkati for the month of June 1874 in March 1875, notwithstanding several reminders sent by him to the Sub-Inspector of Police. Indeed it was only after the Deputy Magistrate had been applied to that the receipts were forthcoming even then.

In this way it is impossible for the District Committee to know how much of the primary grant has actually been spent up to any given time.

6. I had opportunity of consulting the late Officiating Sub-Inspectors of Dakhin Shabazpore and Patuakhali and the Sub-Inspector of Perozepore on the working of this arrangement, and I find that so far from expediting payment, as was intended, the plan has had the contrary effect. Mr. Croft, on his visit to Patuakhali in December last, found that the stipends of many of the gurus had not been paid for three or four months.

7. In many places the guru has to hire a boat and travel a long distance to reach the thana, and then he often finds that the police officer is absent on duty, or, as not unfrequently happens, he is told to come again after a few days as the police officer is too busy to attend to him.

In Dakhin Shabazpore some of the gurus have to travel sixteen miles to reach the thana. In Patuakhali the guru of Rangabali Mandari has to travel 24 miles to reach the police station of Golachepa, and he has to cross two large rivers, the Agnimukha and the Darchira, in going and returning. The guru of Alta in Perozepore, has till lately had to travel 20 miles to the Kewari thana.

8. Some time ago there was an officiating guru appointed at Char Niputasi in thana Perozepore. Being a new man he did not know that he had to go to the police station for his stipend. After some time the stipend was sent to him by a constable who demanded one rupee for his trouble. The guru managed to beat him down to four annas, which however had to be paid before the stipend was handed over. Illegal exactions of this kind are, I am told, very general, though, owing to the timidity of the poor gurus, very difficult to be proved.

9. A few weeks ago the guru of Kachorakati went to Perozepore by boat, a distance of ten miles, for his stipend. At the thana he was told to come again after three or four days, as the head constable was then too busy to attend to him. This guru is a man of ability and energy, who gets nearly Rs. 10 a month in fees from his pupils, and he had just had an interview with the Sub-Inspector of Schools, who had told him that the stipends had been sent to the thana, so he threatened to make a noise about the matter if he was not paid at once, telling the constable that he was not his servant, and that he would not leave his school a second time to travel to Perozepore and back (a journey of 20 miles) when he knew that the money was lying at the thana. The stipend was then paid: but ninety-nine gurus out of a hundred would have had to return without the money.

10. The agency of the police in matters affecting the primary schools is a thing exceedingly undesirable for many reasons: and in the present instance it fails to secure the punctuality of payment intended by the scheme, and it causes much inconvenience to many of the gurus.

11. Another serious objection to this plan of payment is that it deprives the Sub-Inspectors of a powerful motive for regularity in their inspection visits. The Director of Public Instruction in his letter to the Government of Bengal, dated 15th March 1873, has

expressed his views on this point in the following terms:—"The Director of Public Instruction believes that the only satisfactory arrangement for the payment of the gurus' allowances will be to require the money to be paid to them directly by the Sub-Inspectors. A great advantage of this plan is that it secures regular visits of inspection, as it is certain that the village teachers will manage to make their voices heard in one way or other if their allowances are not paid to them (*i.e.*, if they are not visited) with some degree of regularity." This necessity of frequent visits (in inspections) is entirely removed by bringing in the agency of the police.

12. The continuance of this mode of payment will render it almost impossible to carry out the system of payment according to results, which His Honor the Lieutenant-Governor wishes to be brought into operation.

If the inspecting officers are to be of any use in this matter they must have the payment of the gurus in their own hands.

13. I therefore recommend the District Committee to revert to the plan of paying the gurus through the Inspectors: the agency of the police has been productive of delay and inconvenience, and in some instances at least of illegal exactions.

14. A very simple arrangement will secure both regularity of payment and frequency of inspection. Let an order be issued that all receipts from the gurus must be deposited with the Deputy Inspector within three months of the time of the bills being cashed, and there will be no more complaints of stipends being long in arrears. If any receipts are not in by the end of the three months, the Sub-Inspector should be called upon for an explanation.

15. This plan will have the additional advantage that it will afford a reliable means of knowing how much of the primary grant has been spent up to any given period. The present system of payment is a kind of groping in the dark, and it has resulted in upwards of Rs. 2,000 lapsing at the end of the fiscal year. At least, I can give no other plausible explanation of the fact that the large surplus of the assignments made to Dakkhin Shabazpore and Patuakhali was not transferred at the middle of the year to the other two sub-divisions where it could have been profitably spent in granting aid to the most deserving of the numerous applicants.

VI.—TRAVELLING ALLOWANCES OF DEPUTY AND SUB-INSPECTORS.

1. The Bengal Government, in a circular dated 7th January 1873, sanctioned travelling allowances at the following rates:—Deputy Inspectors, four annas a mile and one rupee a day for halts; Sub-Inspectors, three annas a mile and eight annas for halts. The same paragraph of the circular in which the above is laid down gives Commissioners the option of sanctioning a special boat allowance of not more than Rs. 40 for Sub-Inspectors while they are on tour and obliged to keep up a boat.

2. The mileage allowance was at first in use in all the districts of the Dacca sub-division; and in Mymensingh, Futeedpore, and Dacca it has continued till the present time. In Backergunge, however, the District Committee at their meeting of October 30th, 1873, on the ground of the extreme difficulty of ascertaining the correct distances in miles, recommended instead of the mileage rates consolidated allowances of Rs. 30 for the Sub-Inspectors of Patuakhali and Dakkhin Shabazpore, Rs. 40 for the Sub-Inspector of Perozepore, and Rs. 2-8 a day to the Deputy Inspector while out in the district.

3. The Commissioner, the late Mr. Abercrombie, in sanctioning this proposal expressed his doubts as to the wisdom of the plan in the following words:—"In authorizing these allowances I must point out that the difficulty of taxing mileage bills is only exchanged for the difficulty of determining whether a fair amount of inspection work has been done. So long as miles meant pice, there was a distinct and powerful incentive to inspection; now that the boat-hire will come in while the Sub-Inspector sits at home, the contrary is the case."

I agree with the view thus expressed that the plan adopted by the District Committee deprives the inspecting agency of one great stimulus to activity.

As an illustration of the leisurely rate of movement which this system tends to foster, I may mention that in February the Sub-Inspector of Patuakhali travelled only 84 miles, for which at a mileage rate he would have drawn only Rs. 16, whereas by this so called economical arrangement he drew Rs. 30.

4. The alleged difficulty of determining the number of miles travelled is not greater in Backergunge than in other districts. The excellent thanawari maps in the Magistrate's cutcherry afford a convenient and reliable list of the distances; and the Sub-Inspectors can consult the map at the sub-divisional station where they are themselves in doubt. The Sub-Inspectors have merely to be called upon to furnish to the Deputy Inspector, along with their travelling bill, a rough pen-and-ink sketch of the route travelled to enable him to follow it on the map. In this way he will be able in a few minutes to test the accuracy of the distances specified in the bill. The Circle Inspector may surely be trusted with the final scrutiny of the travelling bills of this as of other districts.

5. According to the present arrangement the Sub-Inspectors have frequently to incur, if they travel about actively, expenses exceeding their allowance. Mr. Croft satisfied himself that this was the case with the Sub-Inspector of Patuakhali, especially during the rains, when a larger boat is needed for safety and comfort, and in the reaping season, when the wages of labor of all kinds are nearly doubled. The practical effect of this is that very little travelling is done in these seasons.

6. Almost the same objections which apply to the present system apply to the plan of giving the Sub-Inspectors Rs. 1-8 a day while out on tour. This would offer them some inducement to remain out a larger number of days, but it fails to provide a stimulus to activity when they are out, which is what is wanted.

7. I would strongly recommend a return to the mileage allowances sanctioned by the Government of Bengal which are in use in the other districts of the Dacca Division.

VII.—THE BARINAL NORMAL SCHOOL.

1. The guru-training school is intended to elevate the standard of primary education in the district by giving a course of instruction to such of the old gurus as are capable of improvement, and to such promising young men as are willing to come under an engagement to set up as gurus after their training is finished. This institution does not appear to be doing all the good it might do; and unless attention be given to some of the things which are now hindering its usefulness, it will do still less good in the future.

2. No effort seems to have been made by the Deputy and Sub-Inspectors to provide employment as gurus for those young men (or intending gurus) who, after a course of training, have passed the prescribed examination. To give these young men stipends to be trained, and afterwards when their training is finished to make no effort to employ them, can scarcely be called good management. Bad gurus are unhappily not so rare as yet in Backergunge that there need be any difficulty in substituting these young men for a few of them. Further, if the intending gurus who have qualified themselves for employment by passing the prescribed tests are not provided with pathshalas, the supply of such will soon be dried up.

3. I have already in another section of this report suggested that those gurus who have passed the Normal School examination creditably should have an increase to their stipends of eight annas on rejoining their pathshalas.

Nothing of the kind has been done, and even the guru who stood first in the examination is now getting only the minimum rate of stipend which he had before; and he is in this respect no better off than those gurus who declined to avail themselves of the advantage of a special course of training.

4. It will scarcely be credited, but it is, I believe, a fact, that some gurus who absconded from the Normal School, or who failed to pass the examination, are now teaching their pathshalas and are in the enjoyment of the same stipend as before. If the Normal School is to be more than a sham the grants should be withdrawn from such men at once.

5. Some of the gurus sent to be trained are incorrigible old dunces, scarcely knowing the barest rudiments of their mother-tongue. Such men cannot profit by a course of instruction, and stipends given to them are simply thrown away. The inspecting officers should be directed to send only such gurus as are likely to profit by training.

6. In all the pathshalas in which incompetent gurus have been salaried, efficient teachers should be substituted, and where this cannot be done, the grants should be withdrawn. Those who have the management of the primary schools in their hands should ever bear in mind that "it is not the wish of the Lieutenant-Governor that any rural schools should be left unaltered and unimproved with inefficient teachers and imperfect methods of instruction."

Dacca, 19th April 1875.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 19th June 1875.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
BURDWAN DIVN.	<i>Western Districts.</i>		
	1 Burdwan, 21st* June 1875	4.97	Rainfall at Culna 5.55, Cutwa 10.76, Boad-bood 1.91, Raneegunge 5.08, and Jehanabad 1.69 inches. The prospects of the crops are promising. The <i>aous</i> , or early rice, is forward, and transplantation of <i>aman</i> , or late rice, has begun. Sugarcane and cotton doing well.
	2 Bankoora, 19th June 1875.	3.64	Weather cloudy and rainy since the 17th instant. The rainy season appears to have set in. The crops are generally doing well. Sowing of the <i>hymante</i> or late rice progressing.
	3 Beerbhoom, 19th	9.03	Showery weather. State and prospects of the crops are good.
	4 Midnapore, 19th	1.64	The rains appear to have set in since the 12th instant. The fall has been general over the whole district, that at the sudder station being less than at any other place, where it is registered. Thus far the prospects of the <i>aous</i> , or early rice, are very good; and that of the <i>aman</i> , or late rice, is as good as can be predicted with any confidence so early in the season.
	5 Hooghly, 19th	4.19	Weather cloudy, with intervals of sunshine and rain. Average rainfall of the district, 3.33 inches. State and prospects of crops are very good. Health good, except a little cholera.
PRESIDENCY DIVN.	Howrah, 19th	3.42	Weather close and rainy. There is a fair prospect for all the crops.
	<i>Central Districts.</i>		
	6 24 Pargunnahs, 21st† June 1875.	3.27	Weather hot and showery. The <i>aous</i> , or early rice, and jute plants look promising; <i>aman</i> , or late rice, sowings continue. Fever decreasing at Barripore; a mild form of it prevailing at several places in sub-division of Buseerhat. A few cases of cholera reported from Satkhira.
	7 Nuddea, 19th June 1875	2.31	Weather tolerably cool, with occasional showers of rain. It is said that the very heavy rain of last week has done some harm in the eastern and southern parts of the district in low rice lands. The injury is probably not great. Both <i>aman</i> , or late rice, on high lands, and <i>aous</i> , or early rice, have derived much advantage; so has indigo; but the outturn in Kooshtea, where manufacturing has begun, is poor. Rice is slightly cheaper.
	8 Jessore, 19th	12.84	Weather cloudy, with heavy showers throughout the week. The excessive rain at the close of the preceding week—as much as 10 inches having fallen in one day—has injured the crops in the low parts of the <i>bauls</i> ; the young plants having been wholly submerged. Generally, however, the prospects continue excellent.
RAJSHAHIE DIVN.	9 Moorsshedabad, 19th June 1875.	3.05	Weather variable: at times very hot, at others cooling down. Heavy rainfall in the west—6.42 inches. Crops looking very well. <i>Aous</i> , or early rice plants, much benefited by rain. Sugarcane, indigo, and mulberry thriving. Price of common rice slightly risen. At the commencement of the week, outbreak of cholera in Soogagunge; seven attacked and two died, probably owing to excessive fruit-eating. Small-pox still continues in a mild form; also at Nulhaty and Davigram.
	10 Danagepore, 18th June 1875.	7.81	Very heavy rain on the 11th instant; some rain for a day or two afterwards: none on the 16th, 17th, and 18th idem. Jute very good; <i>khadoi</i> , or early rice, fair; much water on lands. <i>Bhadai</i> very weedy. Ploughing for <i>aman</i> , or late rice, progressing. Seed beds already bright green.
	11 Mullah, 19th June 1875	7.76	With the exception of Sunday, which was wet, the other days were fine; except during the forenoon of one or two days, when heavy showers fell. A heavy shower of rain on the morning of the 19th instant. Report of crops in general favorable. The autumn rice promising well, but slightly injured by want of more rain at Nowalgunge. Mulberry fair; mangoes in some places nearly over; a poor crop.
	12 Rajshahie, 19th	2.97	There have been rains all over the district, and in some parts the showers have been heavy. The condition of the rice crop is very flourishing, and there is every chance of an abundant harvest of <i>aous</i> , or early rice. The rain of the last month has been too heavy for the <i>teei</i> oilseed crop, which will fail to some extent. Jute is in good order, and indigo has been benefited by the late rains. No sickness prevalent.

* Telegram of the 21st June, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 21st June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(Contd.)			
<i>Central Districts.—(Contd.)</i>			
RAJSHAHYE DIVN.—(Contd.)	13 Rungpore, 18th " "	6.83	Heavy rain on the 14th and 16th instant. General rain throughout the district. State of crops good. Transplanting of <i>amun</i> , or late rice, going on. <i>Aous</i> , or early rice, being cut.
	14 Bogra	Return not received.
	15 Pubna, 19th " "	5.49	The rains set in at head-quarters on the night of the 12th instant. During the week 4.25 inches of rain fell at Serajgunge. State and prospects of crops good. Small-pox reported in the extreme south-west of the district, and cholera at a village 12 miles west of Serajgunge.
COOCH BEHAR DIVN.	16 Darrjeeling, 18th June 1875.	3.60	The regular rains have evidently set in, though there was not much rain during the past week. State and prospects of crops throughout the district continue very favorable.
	17 Julpigoree, 19th June 1875.	9.86	The regular monsoon set in on the 9th instant, and since that there has been constant rain. The <i>bhadoi</i> , or early rice, is promising well, and the <i>hymanti</i> , or late rice seedlings, are very fine. In the Dooars the heavy early rains are said to have caused a growth of weed, which is likely to damage the paddy crop. The jute crop has suffered a 2 annas loss owing to heavy early rains, but what remains is very fine. Cholera is still prevalent in many parts of the district, and is reported to have broken out with great severity in the <i>Meeh</i> villages in the Dooars.
	Cooch Behar, 17th June 1875.	11.86	There was a considerable fall of rain during the week. There has been no change in the favorable prospects of the early rice and jute crops. Cholera is decreasing.
<i>Eastern Districts.</i>			
DACCA DIVN.	18 Dacca, 21st* June 1875	3.04	Weather rainy; very little sunshine. Crops favorable.
	19 Furredpore, 19th June 1875.	7.50	Rain throughout the week, with the exception of three days, and a considerable quantity fell;—in some places so much that the growing paddy was submerged and loss was apprehended. On the whole, the prospects of crops continue favorable. General health good.
	20 Buckergunge, 15th June 1875.	6.21	Weather favorable. There has been a good deal of rain, and the intense heat has subsided for a time. Ploughing and sowing are going on briskly in thanas Bowfal, Golchips, Gulsakhulli, and Dowlutkhan. Cattle-disease is present, but not very bad. General health good.
CHITTAGONG DIVN.	21 Mymensingh, 18th June 1875.	7.39	The rainfall during the same time in the north of the district was 4.69 only, but .13 and .11 inches fell during the week in the west and east in the sub-divisional head-quarters. State and prospects of crops are favorable.
	22 Chittagong, 17th June 1875.	12.54	Very hot weather every where. Heavy rains. People say that there has been no such rain for the last five years. Cultivation proceeding admirably. Cholera decreasing.
	23 Nookhally, 17th June 1875.	9.06	Weather cloudy; rain daily, except on the 17th. Wind south and south-east. On the 13th a violent gale passed over Laskipore and the neighbourhood; thirty-four houses and many trees were blown down. Two men sustained severe injuries, and an old woman was carried away by the wind, and impaled on a branch of a mango tree, and died from the wound. The early rice crop is progressing favorably. On the 6th a strong south-easterly wind carried the salt water far into Nalchira, and there was fear of a general inundation and injury to the crops in the island of Hatya if the wind continued. Cattle-disease has appeared in the island of Hatya, and many cattle have died. The epidemic of worms has broken out both among river and tank-fish. In the interior slight increase of fever and of bowel complaints, and of fever among the prisoners at head-quarters.
	24 Tipperah, 18th June 1875	7.	There was very heavy rain during the first half of the week; during the latter half it has been clear and fine, with southerly wind. The rainfall in the north was tremendous;—18.22 inches fell on the 12th, 13th, and 14th instant. Rainfall at Brahmanberiah 22.37. The heavy rain in the north is reported to have caused floods, which have done some damage to roads and bridges. The <i>amun</i> rice was submerged, and it was feared that some damage might ensue to it, unless the water quickly subsided. The only damage reported in the sudder is to the <i>teal</i> oilseed and <i>chilli</i> crops, neither of which can, however, be now growing in any large quantities.
	25 Chittagong Hill Tracts, 15th June 1875.	11.65	Heavy falls of rain during the whole week. The weather has been cool and pleasant. Sowing still continues. The paddy and cotton already sown are thriving well. Prospects good.
	Hill Tipperah, 16th June 1875.	10.73	There has been heavy rain throughout the week, which has benefited the crops both in the hills and plains. The heaviest fall was on the 12th instant, when 5.18 inches of rain fell. Break in the weather on the 16th idem. Public health good.

* Telegram of the 21st June, received on the same day, shows rainfall during the seven days immediately preceding.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR.			
PATNA DIVN.	26 Patna, 21st* June 1875	·94	Weather cloudy, with slight showers of rain at intervals. Indian-corn and paddy being sown. Cholera still prevalent throughout the district; bad in parts of Behar sub-division.
	27 Gaya, 19th " "	1·31	Weather unsettled. Rain, and easterly winds, and cool part of the week; west wind and hot at other times. Highest reading of thermometer 101·5 degrees. Agricultural operations going on actively since recent rain over the district. Crops in ground favorable. Cholera still bad in Aurangabad, and extending in Nowadah.
	28 Shahabad, 19th " "	·20	Weather cloudy and at times threatening; prevailing wind east, but weather very hot. Rain has still held off. No change in the state of crops.
	29 Durbhanga, 19th " "	3·22	The first half of the week rainy, with intense heat between the showers; the latter half fine, with east winds. The prospects of all crops, including indigo, are good.
	30 Mozufferpore, 19th " "	·28	Weather hot; some rain has fallen. The prospects of <i>cheena</i> millet and indigo continue favorable.
	31 Saran, 19th " "	·16	Weather extremely hot and close; east wind prevailing. Clouds hanging about and threatening rain. There has been more or less rain throughout the district. Indigo prospects excellent, sugarcane promising. The <i>bhadoi</i> sowings are in full swing. <i>Aghani</i> , or late rice, being sown. State and prospects of the crops are very favorable at the present time. General health good.
BHAGLPORE DIVN.	32 Champaran, 18th June 1875	4·52	Though a considerable quantity of rain has fallen, yet the weather is still very close and hot. More rain is wanted. The prospects of the crops continue good.
	33 Monghyr, 19th June 1875	·40	Rain is wanted. General prospects of the <i>bhadoi</i> crop good.
	34 Bhagulpore, 21st* June 1875	·44	Rainfall at Madidehpore 2·95, Soopool 2·65, and Banka 1·52 inches. <i>Bhadoi</i> crops have all been benefited by the rain. There is every appearance of more rain falling at head-quarters, where it is wanted. General health good.
	35 Purneah, 19th June 1875	2·10	Occasional heavy storms. The <i>bhadoi</i> and <i>aghanees</i> or early and late rice crops promise well. Indigo manufacture in full swing. Prospects good.
	36 Sonthal Pergunnahs, 20th June 1875	5·21	Rain at Godda 2·73; others not received. In Doonka hot, with heavy clouds and rain alternating. Last week the Deputy Commissioner said the rain had continued, not discontinued. State and prospects of crops excellent everywhere. Ploughing and sowings of <i>janera</i> millet and early rice going on fast.
ORISSA.			
ORISSA DIVISION.	37 Cuttack, 12th June 1875	4·39	Weather cool and cloudy, with frequent heavy showers of rain. The regular rainy season seems to have set in. Sowings nearly over. The early rice crop well above ground. A little cholera still around Kendrapara. Public health otherwise good.
	38 Pooree, 17th June 1875	1·73	Rainfall at Khoordah 5·24 inches. Heavy rain throughout the district. The weather at the time of report was rainy and sultry. Tillage has well progressed. Sowing of rice crop has advanced to a great extent generally, and is nearly completed in Khoordah. Miscellaneous crops are being sown. Sugarcane is being earthed up. Cotton is being gathered with fair outturn.
	39 Balasore, 18th " "	·95	Weather showery, and extremely favorable to the young crops. Rainfall at Bhadruck 1·57 inches. The sowing is not yet completed. Public health good.
CHOTA NAGPORE.			
	South-West Frontier Agency.		
	40 Hazareebagh, 18th June 1875	·88	Seasonable and pleasant weather. State and prospects of crops are very favorable, and so far promising well.
	41 Lohardugga, 19th June 1875	1·42	Weather seasonable, with occasional showers of rain. Sowing is going on, and the crops that have germinated promise well. Cases of cholera and small-pox are still reported.
	42 Singhbhoon, 18th June 1875	...	Weather hardly seasonable as regards entire district, as though the rainfall has been very plentiful at head-quarters. The want of rain in Dalbhoon is reported. The rainfall for the first period of the season has been sufficient on the Kalkan, where agricultural operations are well advanced, but it is insufficient in Dalbhoon. In parts of the latter pergunnah the necessary ploughing of the field before sowing has not been able to be done, but there is yet time. District healthy.
	43 Maunbhoon, 19th June 1875	2·32	During the early part of the week the weather was hot and unfavorable. Rain has fallen freely during the latter portion. Paddy is being sown generally. Reports of sugarcane and cotton favorable.

* Telegrams of the 21st June, received on the same day, shows rainfall during the seven days immediately preceding.

Published for general information.

CALCUTTA, STATISTICAL DEPT.,
The 22nd June 1875.

NOTE.

Barometric Pressure.—The pressures in column 2 of the above table for all stations below 500 feet, are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Deppe's tables, as given in Guyot's "Meteorological and Physical Tables." The temperatures at the sea-level are taken from column 3 of the above table.

Temperature.—The temperatures in column 3 are reduced from those in column 17 on the preceding page by adding 1° Fahr. for every 450 feet.

Wind Resultant.—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

Serenity.—This column gives the average proportion of unclouded sky; a cloudless sky being indicated by 10, and one completely overcast by 0.

The above, being all comparable, afford the data for constructing a meteorological chart for the month, which shall show the isobaric and isothermal lines, and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

CALCUTTA,
The 19th June 1875.

W. G. WILLSON,
Offg. Meteorological Reporter to the Govt. of Bengal.

Results of the Meteorological Observations taken at the Surveyor-General's Office, Calcutta, from 8th to 14th June 1875.

The mean barometer as likewise the dry and wet bulb thermometer means are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

Rules for the Grant of Ordinary Leases of Arable Land in the Western Doorgs.

1. THE lands that will be generally available under these rules lie within that tract of country in the Western Doorgs which extends in an easterly direction from the east bank of the river Teesta to the west bank of the river Sankos.

What land will ordinarily be available.

2. The following lands will not ordinarily be available under these rules:—

- (a) Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.
- (b) Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sâl, khair, chelownee, sisoo, &c.) in compact blocks or patches.
- (c) Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as would, in the opinion of the local Government, render it impolitic or unadvisable to grant such lands to any other person or persons.
- (d) Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare. Provided that such road or thoroughfare shall have been constructed or shall be kept in repair from public funds, and that it be borne on the list of the district roads of the district within which the land above mentioned lies.
- (e) Lands which the local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

3. Every person desirous of obtaining a grant of land under these rules shall, in person, present an application on stamped paper of the value of eight annas to the tehsildar of the tehsil in which the land lies.

How and to whom application is to be made.

4. The application shall specify—

- (a) The name, father's name, and address of the applicant.
- (b) The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.
- (c) A statement of the particulars, if any, which may appear to the applicant to bring the land applied for, or any part of it, within the exceptions mentioned in Rule 2. The application shall also state whether the land, or any part of it, is or has ever been cultivated in any manner.

5. Every lot applied for shall be compact and capable of being enclosed in a ring fence, and if any part of the land touches on a public road or navigable river, the length of such road or river frontage shall not exceed one-half the breadth of the lot applied for.

6. No application shall be received in respect of an area greater than 200 acres or less than 10 acres, and not more than this quantity of land shall be granted under these rules to any one lessee. But the Deputy Commissioner may grant larger areas under instructions from the Commissioner.

7. The tehsildar shall require the applicant to pay in a sum of three annas an acre on the area applied for to cover cost of survey and inquiry. No further sum shall be required, and no refund will be made.

8. The tehsildar shall then, in person or by an ameen, inspect the land and ascertain whether it is khas land and available under the above rules; and if it appear to be so, the ameen shall proceed to lay down the boundary and make a survey as follows.

9. The ameen shall fix the boundary, in accordance with the rules 5 and 6, as indicated by the applicant, and shall then clear it from end to end, and afterwards survey it with compass and chain, placing mounds of earth or stone not less than waist-high at every angle and at every point where more than two lots or patches of waste or other properties meet. One mound shall be not less than six feet high, and shall be marked on the map as the base mark; two bearings of which, or bearing and distance of which from good points of reference, shall be recorded on the map.

10. The ameen shall prepare a map, which shall show—

- (a) All natural features of the country lying within or on the boundaries fixed—such as khals, or the edge of forest, and also public pathways.
- (b) Such features of the country lying outside the boundary as may serve to identify the land, and connect it with the revenue survey, or with any other map made of other lands in the neighbourhood.

11. The map shall be on the scale of 16 inches to the mile. If possible, the field-book shall be copied on the back of it. If not, a copy of the field-book shall be attached to or accompany the map. In submitting his report, the ameen shall state whether he had a clear line for his compass from end to end of the boundary, and whether the mounds are erected as ordered.

12. The tehsildar shall then report the case to the Deputy Commissioner or Sub-divisional Officer, according to the tehsil in which the land lies, stating whether he is satisfied that the ameen's work has been properly done, and giving any further information which may be required.

13. The Deputy Commissioner or Sub-divisional Officer aforesaid shall consider the report and finally pass orders granting or refusing a lease.

14. The order on the case, and on any objection decided on by the Deputy Commissioner or Sub-divisional Officer, shall be appealable to the Commissioner within one month.

15. On receipt of an order to grant a lease, the tehsildar shall deliver to the applicant a preliminary lease in the form annexed signed by the Deputy Commissioner or Sub-divisional Officer as aforesaid, together with a copy of the map, and shall place him in possession by planting a bamboo or in any other way locally acknowledged, and shall report delivery and registration of the tenant in a separate register of preliminary lease-holders.

16. The Deputy Commissioner may, in special cases of leases of 200 acres or less, and in all cases of leases of greater area, alter the terms of the lease so as to allow a lessee to manage his land by an authorized agent. In such case the agent must reside on or near to the land, and be provided with full legal power to act on behalf of the principal in all matters arising out of the land.

Draft form of Preliminary Lease of Arable Land in the Western Doars.

1. A preliminary lease for five entire years of land in _____, granted by the _____ of _____ to _____ of _____.

The lands covered by this lease are situated within the boundaries shown by the red lines in map No. _____, dated _____, and attached to this lease, and may be described as being bounded as follows :—

North
East

South
West

Their area is more or less _____ acres, and they are situated in Pergunnah _____, Talook _____, in the tehsil of _____ in the Western Doars.

2. The rights conveyed by this lease are heritable, but not otherwise transferable. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided for hereinafter.

The rent to be paid shall be as follows :—

Year of entry (*i.e.* from actual date of entry to 31st March following) Nil.

1st full year (from 1st April following date of entry) ... Nil.

2nd year ... 3 annas per acre.

3rd „ ... 6 „ „

4th „ ... 9 „ „

5th „ ... 12 „ „

The rent shall be paid to the tehsildar of _____ in the following instalments :—

3. The lessee shall reside himself on or near the lands covered by the lease. He shall keep all boundary lines or marks in good order and repair and clear of jungle, and shall within one year from the date of this preliminary lease, make such continuous boundary mark as he shall be required to do by a written order. If he fail to do so, the Deputy Commissioner or Sub divisional Officer may cause the boundary to be made and recover the cost thereof as an arrear of rent, or he may call on the lessee to make it within a specified time on pain of forfeiture of the lease.

4. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

5. All rights to minerals or quarries of all kinds are reserved to Government.

6. No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream, is given by this lease. A public right of way over twenty yards on either bank of every stream, available at any time of the year for local boat traffic, is reserved.

7. All sisoo, sâl, and chelownee-trees, of a girth of over three feet at a distance of three feet from the ground, and all such khair-trees as may be fit to cut, are to be paid for by the lessee at the rates at which they may be valued by the Forest Department. All other trees may be disposed of by the lessee. The four kinds of trees above specified shall be counted and paid for previous to possession being given.

8. The Deputy Commissioner may at any time enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the expenses of any such inspection or measurement demanded by the lessee shall be paid by him as rent due. If after such inspection by any officer deputed for the purpose it shall appear that one-half of the total area held under the lease is occupied by homesteads or is cultivated or left fallow according to good husbandry, or otherwise fairly turned to account for agricultural purposes, the lessee shall be entitled to renewal of this lease for such further period as shall coincide with the termination of the settlement period then current, and thereafter to renewal for the period of each fresh settlement of the talook, subject always to the following conditions :—

(a) The rent to be paid shall be fixed by the Deputy Commissioner on the order of Government on each occasion of renewal.

(b) The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferee to the Deputy Commissioner at the time of transfer, together with a fee of four annas per acre of the area leased.

(c) In all other respects the conditions of the renewed lease shall be the same as those of the preliminary lease.

9. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

10. If, before the expiration of this preliminary lease, no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements may have been made by the Deputy Commissioner.

11. The lessee may sublet any part of the land covered by this lease on such terms as he pleases, provided that he gives the same promise of renewal of the tenure to his sub-tenant on condition of bringing his land into cultivation as is given to himself by this lease. The rent to be paid on renewal shall be determined on the application of either party by the Deputy Commissioner, who has the power to fix equitable rates of rent as he has, under Sections 76 to 79 of Act X of 1859, to fix terms of pottah.

12. No sub-tenant under the lessee shall sublet any part of his land on pain of forfeiture of his tenure; but this rule and the last shall not be held to prevent the employment of ahiars, propahs, or other laborers supplied with seed and paid by giving them half the crop. The Government reserve power to make rules to be observed by the lessee and his tenants for the purpose of carrying out the provisions of this and the last preceding clause; and the lessee agrees to abide by such rules when published for general observance and to hold the land subject to such rules.

Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 19th June 1875.—The Lieutenant-Governor notifies, on the recommendation of the Commissioner of Chittagong and the Conservator of Forests, Bengal, that the tract of country in the Chittagong Hill Tracts, within the boundaries described hereafter, has been set aside as a reserved forest tract under the provisions and conditions of Act VII of 1855, and has been placed in charge of the Conservator of Forests, Bengal.

The cutting of timber or collecting other forest produce, or otherwise interfering with the forests within the boundaries hereinafter described, without the permission of the Conservator of Forests, Bengal, or his assistants, are prohibited, and any infringement of this prohibition will be dealt with according to Sections 5 to 15 of the Act above quoted, and the rules passed in conformity therewith for Government forests within the Lieutenant-Governorship of Bengal.

Boundaries.

The area drained by the Martamori river, bounded as follows :—

East.—The watershed between the Martamori river on one side and the Twine Choung and Sungoo river on the other side.

South and west.—The watershed between the Martamori river on one side and Arakan and the area drained by the Bagkhali river on the other side.

North.—A demarcated line running from Alai Khwadong east and west to the eastern and western boundaries.

Estimated area 42,720 acres = 223 square miles.

H. J. REYNOLDS.

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 7th June 1875.—It is hereby notified that under the provisions of Section 68 of Act VI (B.C.) of 1870 (the Village Chowkedaree Act), the Lieutenant-Governor is pleased to authorize the extension of that Act to the districts of Patna, Shahabad, Durbhunga, and Sarun. The Act shall have effect in the whole of these districts from the 1st of July 1875.

The Lieutenant-Governor is also pleased to extend the said Act to the Sudder sub-division of Mozufferpore from the 1st of July 1875, and to the entire district of Mozufferpore from the 1st of April 1876.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 2nd June 1875.—Whereas a plan was submitted under Section 2 of Act V (B.C.) of 1873 for extending gas-lighting to certain portions of the town of Howrah, as published in the Government Notification dated 1st May 1875, and whereas no objections have been raised to, or any alterations suggested in, such plan within one month after a translation of it in the vernacular had been published in the town aforesaid, the Lieutenant-Governor is pleased to accord his sanction to the said plan, which is described below:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the Grand Trunk road which lies between Ramkistopore Ghaut Road and Bishop's College Road, Seobpore Ghaut Road and Ghosery Road. The total length of these roads is $2\frac{3}{4}$ miles, and the number of lamps proposed to be erected in them is 75.

2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas.

3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and this sum the Municipal Commissioners propose to provide from the general fund, during the current official year.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 12th June 1875.—It is hereby notified that under Section 3. Regulation VI of 1819, the Lieutenant-Governor has been pleased to declare public the ferry over the Shatharia River, between the villages of Shirepore on the east bank and Tangabari on the west bank, within thana Kutwali, in the district of Backergunge.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 8th June 1875.—Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor of Bengal is pleased to create the following registration sub-districts, having the head-quarters and local jurisdictions shown opposite their names. The Lieutenant-Governor is also pleased, under Section 7 of the Act, to appoint the persons named below to be Sub-Registrars of the said sub-districts:—

District.	Name of new sub-districts.	Head-quarters.	Thanas included in jurisdiction.	Sub-Registrars appointed.
24-Pergunnahs...	Busseerhat ...	Busseerhat ...	Busseerhat, Harwa, and Hasnabad ...	Baboo Sridhur Roy.
Dinagepore ...	Raygunj ...	Raygunj ...	Hemtabad and Kaliyaganj	.. Janoki Gir Gosain.
Rungpore ...	Foranbári ...	Foranbári ...	Foranbári Bipin Mohan Sehánávis.

These changes will take effect on and from the 15th June 1875.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 14th June 1875.—The following Rules for the election of Municipal Commissioners for the Town of Burdwan, sanctioned by the Lieutenant-Governor of Bengal on 2nd June 1875, under Section 1 of Bengal Act II of 1873, are hereby published for general information. They will come into effect from the 1st January 1876:—

There shall be eighteen Municipal Commissioners, of whom twelve shall be elected by the rate-payers, and six shall be appointed by the Lieutenant-Governor.

Number of Elective Commissioners.

2. Any man of full age, who is a resident within municipal limits, or within three miles thereof, who is himself a rate-payer, who can read and write, and who has never been convicted of a non-bailable offence, may be proposed for election.

Qualifications of candidates.

3. The municipal jurisdiction of Burdwan shall be divided into four quarters or wards, which shall each return three members, viz :—

Ward A.

Ranecgunge, Nuskurdighee, Bajiprotappore, Shadhinipore, Doobraj, Rusickpore, Bahirsorbomongola, Baboorbag, Keshubgunge, Bhoanacetakoor, Mutapokoor, Boyratolah, Nareekelbagan, Mohajuntoolee, Paikmarapara, Gooroodasir Pahar, Boheelapara, Radhanuggur, Pnatappore, Burhatta, Kallybazar, Hafeezoolarber, Toilmarooe, Peelkhanah, Nawabdustkiam, Teecapara, Borobazar, Mungolapara, Naree, Mooruthmohulla, Peeritpara, Shambazar, Peerbaharam, Poorutunchuck, Mungletoolee, Shahachetun, Ghorashabid, Aheerparah, Dhobaparah, Hajeedangah, Komulnuggur, and Khararpahar.

Ward B.

Borehaut, Chelloputty, Kajeerhaut, Godah, Teerkarhat, Kajeerher, Lacoordee, Paharpore, Karrapotta, Bhoobunessur, Rajgunge, Kotahaut, Dhograsohid, Nootungunge Chuck, and Dugaparah.

Ward C.

Ichlabazar, Scaldangah, Kanienutshah, Gopalnuggur, Boro and Chota Nilpore, Aishhatta Becherhaut, Meerchopah, Nootungram Jugutber, Mearber, Buldungah, Dhamrve, Sankareepokur, Parburhatta, Golahat, Bhatchala, Bungpore, Aheermohal, Khojanorber, and Niskinbazar.

Ward D.

Tarini Mohulla, Alumgunge, Allygunge, Kustoghorah, Rugoonathpore Mahunbag, Tejgunge, Bulamhaut, Fokeerpore, Idilpore, Mateebag, Rampore, Meerjapore, Khurgesseer, Shadewool, and Kanchunuggur.

4. Notices of vacancies on the Committee will be issued each year in January. Any two rate-payers may nominate a candidate, and may inform the Magistrate of his candidature on any date not later than the last day of February. The Magistrate shall ascertain if the candidate accepts the nomination and is qualified under the rules; and if so, he shall notify such candidature at the cutcherry and at one or more police-stations in the town, as he may see fit. Such notification shall state the name, residence, and qualification of the candidate.

5. If any rate-payer object to the eligibility of any candidate, he may on some date, not later than the 6th March, notify such objection in writing to the Magistrate, who shall hear and finally decide any question of eligibility. On the 10th March the final list of candidates shall be notified at the cutcherry and in at least one conspicuous place in each quarter.

6. The Municipal Commissioners shall appoint a Sub-Committee of three of their number to assist the Magistrate in carrying out the following rules regarding election.

Election of Sub-Committee of Commissioners.

The Magistrate shall decide on what day, not later than the 25th March, the election shall be held, and he shall notify such decision at the cutcherry and in at least one place in each quarter.

Time and place of polling.

7. As soon as possible after the publication of these rules, the Magistrate shall prepare a list of all the persons who paid any rate on houses or lands in each ward during the year ending on the 31st December next preceding. A copy of the list shall be exposed to view at the Magistrate's and at the Municipal Office; and a copy of so much of the list as relates to each quarter shall be affixed at some police-station or other accessible public place in each quarter of the town. All persons mentioned in the list who have paid the rates due from them up to the 31st December preceding shall be entitled to a vote in the election of Municipal Commissioners for the wards.

List of electors.

Number of votes.

8. No rate-payer shall have a vote for more than one person or in more than one ward.

Recording of votes.

9. Votes shall be recorded by such polling clerks as may be appointed by the Chairman of the Commissioners. There shall be at least one polling clerk for each polling place, who shall stay at the polling place for such hours as the Magistrate may fix on the day of the poll. Each rate-payer who desires to record his vote shall attend at the polling place, and shall state his name and residence. The polling clerk shall verify from the list of voters of the quarter whether the intending voter is entitled to a vote for that quarter; and if he is so entitled, he shall record his vote against the rate-payer's name in the list of electors for the ward. The Election Sub-Committee of the Commissioners shall, acting under the Magistrate's instructions, make such arrangements as they see fit for identifying voters in cases of doubt; and in any case of doubt as to the validity of a vote, or as to the identity of a voter, the decision of the Sub-Committee and the Magistrate shall be final.

Identification of voters.

10. At sunset of the day of the poll, the poll shall be closed and the registers of the polling clerks shall be scrutinised by the Magistrate and the Election Sub-Committee, whose decision upon any doubtful point shall be final. The candidates who may stand highest on the poll of their quarter shall be declared to be duly elected.

11. The result of the poll shall be notified throughout the municipality, and shall be reported to Government for publication in the *Gazette*. The candidates declared to be duly elected shall hold office from the 1st April next succeeding the day of their election.

Cost of municipal elections.

12. All costs incurred in carrying out the arrangements for the election shall be paid from Municipal Funds.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 21st June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government, to be paid for by public subscriptions, for public purpose, viz. for the sites of a burning ghât and a shelter for the people attending the funerals, it is hereby declared that for the above purpose a piece of land at Pastogolla, beyond the limits of the Dacca Municipality, and within the jurisdiction of the thana Lallbag, measuring, more or less, 6 beeghas 3 cottahs and 13 dhurs, bounded on the north by the land of Fakeer Mahomed, south by the Buriganga River, east by the lands of Nawab Abdul Gunny and Jagan Nath Baboo, and west by the land of Khan Saheb and a portion of the bank of the said Buriganga, is required within the jurisdiction of the aforesaid Pastogolla Mohullah.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern, and in supersession of the notification published in the *Calcutta Gazette* of 24th February 1875.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

DECLARATION.

The 11th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the Dacca Municipality for a public purpose, viz. for disposal of night-soil, it is hereby declared that a plot of land, the area of which is 300 beeghas and 1 cottah, more or less, bounded on the north by the garden of Baboo Brojo Nath Basak and jungle land; south by Issur Chander Banerjee's house and the cross-road leading from the race course to the old lines; west by the road leading to Mogbazar, Baboo Reboty Mohun Basak's garden, and Issur Chander Banerjee's house; and east by the teak garden of Baboo Hurish Chunder Bose, the garden of Baboo Brojo Nath Basak, and jungle land, is required.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

DECLARATION.

The 11th June 1875.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for a police outpost in the village of Cherki Gadi Palgunjo, pergunnah Kharakdiha, zillah Hazareebagh, it is hereby declared that for the above purpose a piece of land measuring, more or less, 50 yards long by 25 yards broad, or 6 cottahs 15 dhurs of local measurement, bounded on the north by the cultivated land of Chulhan Mahton; east by his tand land; south by the land of one Kodo Manjhi; and on the west by the main road from Dumri to Giridi, is required within the aforesaid village of Cherki.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government for a public purpose, viz. for a police outpost in the village of Silla Echack, pergunnah Goriah, zillah Hazareebagh, it is hereby declared that for the above purpose a piece of land measuring, more or less, 50 yards long by 25 yards broad, or 6 cottahs 15 dhurs of local measurement, bounded on the east, north, and west by a piece of cultivated tand land belonging to Mahta Juggernath Singh, and on the south by the new road from Hazareebagh to Chuttra, is required within the aforesaid village of Silla Echack.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for a police outpost in the village of Jheria, pergunnah Holong, zillah Hazareebagh, it is hereby declared that for the above purpose a piece of land measuring, more or less, 50 yards long by 25 yards broad, or 6 cottahs 15 dhurs of local measurement, bounded on the north by the Department Public Works bungalow and a piece of land belonging to Rampershad Chowdhary; east by a piece of uncultivated tand land, forming part of the Department Public Works bungalow premises, south by the Bagodhur road; and west by tand land and uncultivated land of Raghu Chowdhary, is required within the aforesaid village of Jheria.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

R. L. MANGLES,

Offg. Secy. to the Govt. of Bengal.

The plan of the above strip can be inspected in the Office of the Executive Engineer, Eastern Sone Division, at Dinapur, during office hours any day, Sundays and authorized holidays excepted.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

G. A. SEARLE, Col., s.c.,
for Lt.-Secy. to the Govt. of Bengal
in the P. W. D., Irrigation Branch.

CALCUTTA PORT TRUST.

[First Publication.]

NOTIFICATION.

The 25th June 1875.—Under Section 64 of Act V (B.C.) of 1870, the Commissioners for making Improvements in the Port of Calcutta, with the sanction of the Lieutenant-Governor of Bengal, do hereby declare that the wharf on the east bank of the River Hooghly, extending from Dabee Roy's Ghât on the north to the northern boundary of the Eastern Bengal Railway Company's premises on the south, is ready for receiving, landing, and shipping goods from and upon vessels not being sea-going vessels.

By order of the Commissioners,

DAVID SCOTT, *Offg. Vice-Chairman.*

HIGH COURT NOTICES.

Circular Order by the High Court of Judicature at Fort William in Bengal.

Circular Order No. 3.

Dated Calcutta, the 3rd June 1875.

As it appears that, in the preparation of the Annual and Quarterly Statements submitted to the Court, it has been commonly the practice to return the "persons under trial" on the principle of exhibiting an accused person under each of the heads of charge entered against him,* thus causing the same person to be counted according to the number of charges exhibited, and the apparent number of persons reported to be different from the actual number, the Court is pleased to lay down the following instruction for general observance by Magistrates.

2. An accused person should be exhibited under the principal charge only, unless he happens to be accused of entirely distinct offences, supported by separate evidence, in which case the trial would be separate and the results independent.

Circular Order No. 7.

Dated Calcutta, the 12th June 1875.

The Court is pleased to direct that every Subordinate Judge and Moonsiff vested under Section 29, Act VI of 1871, with the jurisdiction of a Judge of a Court of Small Causes, whatever the pecuniary limits assigned, shall use the Summons Book and Register* in use in Small Cause Courts for purposes of record in connexion with cases tried under such powers.

* *Vide* Rules of Practice, &c., for Small Cause Courts, latest edition of Sudder Court's Circular Orders, pages 187 to 198.

2. The provisions of Circular Order No. 40, dated 2nd October 1866, are hereby extended to the records of cases decided under Section 29, Act VI of 1871, provided the Summons Book and Register have been regularly kept up.

By order of the High Court,

W. M. SOUTTAR, *Registrar.*

HIGH COURT,—Original Side.

NOTIFICATION.

THE following Rules, passed by the High Court of Judicature at Fort William in Bengal, are published for general information.

By order,

The 22nd June 1875.

R. BELCHAMBERS, *Registrar.*

It is ordered that the following Rules be read and passed as the rules and orders of the High Court of Judicature at Fort William in Bengal, to take effect from the twenty-second day of June 1875.

1. After the first day of April 1875, all grants of probate or letters of administration under the Indian Succession Act, 1865, and all grants of probate or letters of administration, with will annexed, under the Hindu Wills' Act, 1870, shall, unless otherwise ordered, be drawn up by the Registrar with effect limited to the province of Bengal.

2. In all other cases [excluding from such cases all grants of letters of administration under the Administrator-General's Act, 1874] all grants of probate or letters of administration shall be drawn up by the Registrar with effect limited to the province of Bengal.

3. In all cases in which it is sought to obtain an unlimited grant of probate or letters of administration, it must be stated in the petition that, so far as the petitioner has been able to ascertain and is aware, there are no property and effects besides those specified as required by Section 277A of the Indian Succession Act, 1865; and the petitioner shall undertake, in case of its being afterwards found that there are *other* property and effects, that he will pay the court fee payable in respect thereof; and also, in the case of a grant of letters of administration, that he will give such further bond [of the nature contemplated by Section 256, of the Indian Succession Act) with a surety or sureties, as he may at any time be called on by the Registrar to give.

4. A grant made either under the Indian Succession Act, 1865, or under the Hindu Wills' Act, 1870, may be amended so as to extend its effect throughout the whole of British India. Such amendment may be ordered by the sitting Judge in Chambers, on application being made to him by petition, verified by affidavit, stating where the additional property and effects are, and on payment of the court fee payable in respect of such additional property and effects; and, in the case of a grant of letters of administration, on the petitioner giving a further bond of the nature contemplated by Section 256 of the Indian Succession Act], with a surety or sureties, and also giving an undertaking similar to that required by Rule 3.

5. With every certificate to be sent to a High Court, under the provisions of Section 242A of the Indian Succession Act, 1865, the Registrar shall send a copy of the Inventory of the property and effects of the deceased.

BOARD OF REVENUE, L. P., FORT WILLIAM, the 28th June 1875.

The Calcutta Gazette.

WEDNESDAY, JUNE 30, 1875.

PART II.

Advertisements.

(N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.)

NOTICE is hereby given that the proprietary rights of Government, as specified in the condition of sale below, in the undermentioned estates situated in the district of Purneah, will be put up to sale at the Purneah Collectorate on Saturday, the 24th July 1875, corresponding with 9th Srabon 1282 B. S. and 6th Srabon 1282 F. S.

The purchasers will be subject to the following conditions of sale:—

1st.—The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary rights of Government in such estates will be transferred to them, the only right reserved by Government being the right of revising the jummah at the conclusion of the term of the present settlement, and on the expiration of all future settlements. If on re-settlement they should refuse to engage, they will be entitled to malikana. The estates will be sold, subject, up to the expiry of the existing settlement with year ending 31st March 1902 A.D., to the Government revenue against them, to the highest bidders above the upset price.

2nd.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings, and by the laws in force: the purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Tanner, Deputy Assistant Commissary, Bengal Ordnance Department, and rated in the Office of the Examiner of Ordnance Accounts, Fort William. *Price Rs. 6 ; packing and postage, Re. 1-8 extra.*

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M.A., in two Volumes. *Price Rs. 24 ; packing and postage, Re. 1-12.*

☞ The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot contrive the hymns of the ancient Rishis of his country.—*Extract from Preface.*

The Acts of the Government of India from 1854 to date, with Indexes and lists of Titles, each separately available.

In 3 parts, foolscap folio.

I.—Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 1st, 1874.

POSTAL NOTICES.

No. 7586—L. M. C No. 8.

DARJEELING LINE.

During the present season the experiment will be tried of offering the public a less expensive mode of conveyance to Darjeeling.

2. A limited number of waggonettes have been built, which are so constructed as to enable two passengers to lie down at full length. They are provided with cushions and hoods and drawn by two horses, but they are not sufficiently protected from the weather to make them good for ladies or invalids. These are available at cheaper rates than the ordinary carriages, viz. 4 annas a mile for each passenger, or Rs. 25 for the through journey.

3. A waggonette will start from Karagola every day, except Sunday and Monday, leaving on the arrival of the steamer, and will return from Silligori every day, except Monday and Tuesday, starting at 11 A.M.

4. No luggage can be carried except a hand-bag, which should not weigh more than 5 seers. This rule is necessary, and must not, under any circumstances, be infringed, as these vehicles convey the parcel mail. One traveller who, by the payment of Rs. 50, engages a whole waggonette, can take two maunds of luggage with him free.

5. Applications for waggonettes should be made in the usual way to Post Master, Purneah, and should state which of the other forms of accommodation the traveller wishes in case a waggonette is not available.

CALCUTTA, the 16th June 1875.

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[First Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 20th February 1875, and having been assented to by His Excellency the Governor-General on the 25th June 1875, is hereby promulgated for general information:—

ACT No. IV OF 1875.

An Act to provide for the summary realization of sums due on account of loans made by the Government during the late Famine operations.

WHEREAS it is expedient to provide for the summary realization of sums due on account of loans of money and grain made by the Government to zemindars and ryots during the years one thousand eight hundred and seventy-three and one thousand eight hundred and seventy-four: It is enacted as follows:—

1. Any sum payable to the Government by any person or collection of persons in respect of any loan of money or grain made to him or them, or to any other person on his or their security, by the Government, shall be deemed to be a demand within the meaning of Bengal Act No. VII of 1868 (*to make further provision for the recovery of Arrears of Land Revenue and Public Demands recoverable as Arrears of Land Revenue*); and an arrear of such demand shall, as far as possible, be recoverable in the manner provided in the said Act for the realization of arrears of demand;

and all provisions in the said Act relating to the realization of arrears of demand shall, as far as possible, be applicable to all proceedings under this section, as if such provisions were here repeated, and re-enacted with reference thereto.

2. When any landholder, or any collection of villagers, has become security for the repayment of money payable in respect of any such loan as is mentioned in the last preceding section, and such

Mode of recovery by landholders, &c., of money for which they have become security.

landholder, or collection of villagers, or any villager being one of such collection, has in consequence made to the Government payment of any sum of money due from any person liable to repay such loan, such landholder, or collection of villagers, or villager, may give to the Collector of the District in which such person resides a notice in writing in the form in Schedule (B) annexed to the said Bengal Act No. VII of 1868, showing the amount due to him or them in respect of such payment; and if the Collector have reason to believe that any sum is due to such landholder, or collection of villagers, or villager, in respect of such payment, he may make under his hand a certificate of the sum due in a form similar to that in Schedule (A) to the said Act annexed, and shall cause the same to be filed in his office, and every certificate so made shall be deemed to be a certificate made in pursuance of section nineteen of the said Act;

and in respect of the sum so certified to be due, such landholder, or collection of villagers, or villager, shall, as assignee or assignees of the Government, be deemed to be the plaintiff or plaintiffs in the place of the Government within the meaning of section twenty of the said Act;

and all provisions in the said Act relating to the realization of arrears of demand shall, as far as possible, be applicable to all proceedings under this section, as if such provisions were here repeated and re-enacted with reference thereto.

3. This Act shall apply only to loans of money or grain made during the twelve months preceding the first day of November one thousand eight hundred and seventy-four.

4. This Act shall be read with, and taken as part of, the said Bengal Act No. VII of 1868.

WEDNESDAY, JUNE 30, 1875.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

The following preliminary report of the Select Committee on the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, with the amended Bill, is, by order of the President, published for general information:—

WE, the Select Committee appointed to consider the Bill to provide for irrigation and canal navigation in the provinces subject to the Lieutenant-Governor of Bengal, have the honor to submit the following preliminary report, in order that it may be published in the *Calcutta Gazette* with the Bill as now amended, for the purpose of eliciting further remarks and suggestions before we present the Bill to the Council with our final report.

From Commissioner of Burdwan, dated 23rd March 1875, and enclosures.

From Collector of Cuttack, dated 13th March 1875, and enclosures.

From Collector of Midnapore, dated 2nd April 1875.

From Collector of Cuttack, dated 19th April 1875.

From Commissioner of Burdwan, dated 28th April 1875.

From Collector of Midnapore, dated 28th April 1875.

From Officiating Collector of Hooghly, dated 28th April 1875.

Note by the Commissioner of Orissa, dated 30th April 1875.

From Honorary Secretary, British Indian Association, dated 17th May 1875.

From Commissioner of Patna, dated 28th May 1875, and enclosure.

We have considered the papers noted in the margin which were laid before us.

We have had the advantage of Colonel Haig's personal attendance and advice at our last meeting.

We have substituted the term "village-channel" for "water-course" in the interpretation clause and throughout the Bill, the latter term being already used in a different sense in the Embankment Act.

We have included in the definition of canals—

1st.—Drainage works as defined in clause (iii) of Section 3; and

2nd.—Lands on the banks of canals which have been acquired by Government, or which are used for purposes connected with canals.

We have omitted the definitions of the words "Vessel," "Commissioner," "Superintending Canal Officer," "Divisional Canal Officer," "Sub-Divisional Canal Officer," and "District," as being unnecessary for the purposes of the Bill.

In Part II of the Bill we have adopted the sections of Act VIII of 1873 (the Northern India Canal and Drainage Act), relating to compensation for damage done by the application of natural streams and collections of water to public purposes.

We have divided Part III of the Bill as originally referred to us into two parts, as the first few sections relate to the construction and maintenance of canals and their distributaries by the Government, whereas the remaining sections relate to private channels.

We have made changes in the form of the sections which constitute Part III of the Bill as amended.

In Section 20 we have made it incumbent on the Government, when constructing canal works, to provide suitable waterways for the drainage of the adjacent country, as well as means by which the traffic shall cross the canals.

The sections relating to private channels have been entirely re-cast, principally on the suggestions of Mr. H. L. Harrison, Collector of Midnapore, who represented that a more precise definition of the rights and obligations of the owners of private channels was desirable. The irrigation scheme being new to the people of the Bengal districts, we have drafted these sections in more detail than might otherwise have been necessary, so that this part of the Bill, read by itself, may convey to the reader a complete exposition of the whole system as regards private channels.

In Section 43 we have provided that sums due to the Government in respect of the acquisition of land for the construction of private channels, and of the construction and maintenance of such channels, and sums due to private persons in respect of the transfer of the ownership of channels, of rent for the use of channels for the passage of water, &c., shall be recoverable by the Canal Officer as a demand under the provisions of Bengal Act VII of 1868.

In Part IV we have provided (Section 44) that no water shall be supplied by the Canal Officer except on a written application; and that no rates shall be recoverable on account of water supplied with the consent of the Canal Officer otherwise than on such application; and we have provided that the mutual contract in respect of the supply of water shall be contained in simple forms of application and permission.

In Part VI we have altered the form of the sections relating to the recovery of water-rates, and have provided that such rates may be recovered either as rent payable on a pottah for the land, or as a demand under the provisions of Bengal Act VII of 1868. We have omitted the provisions authorizing the Collector to charge the zemindar with the collection of the water-rate, as we consider that the imposition of this obligation might cause irritation. The Bill provides for the employment of the agency of the zemindar for collection where he may be willing to act as a farmer of the water-rate.

We have omitted the provisions relating to canal navigation, which were contained in Part VI of the Bill as originally referred to us, because canal navigation in Bengal is already provided for by Act V of 1864 of this Council, and we see no sufficient reason for bringing irrigation canals under exceptional regulations as regards navigation.

Under Part VII of the Bill as amended, we have brought together the different provisions relating to jurisdiction; and we have provided that every order passed by a Canal Officer under Part IV, Part V, or Part VI of the Act, shall be appealable to the Collector, and that all proceedings of the Collector shall be subject to the supervision and control of the Commissioner of the division and of the Board of Revenue.

In Part IX, Section 66, we have provided that no rules shall be made under the provisions of the section, until a draft of the same shall have been published for one month in the *Calcutta Gazette*.

We have changed the title to "a Bill to provide for irrigation in the provinces subject to the Lieutenant-Governor of Bengal," and the short title to "The Bengal Irrigation Act, 1875."

We have reserved certain points connected with the Bill for further consideration before we present our final report.

H. L. DAMPIER.

V. H. SCHALCH.

KRISTODAS PAL.

The 14th June 1875.

A Bill to provide for Irrigation in the Provinces, subject to the Lieutenant-Governor of Bengal.

WHEREAS it is necessary to make provision for the construction, maintenance, and regulation of canals, for the supply of water therefrom, and for the levy of water-rates for water so supplied, in the provinces subject to the Lieutenant-Governor of Bengal: It is hereby enacted:—

PART I.

PRELIMINARY.

1. This Act may be called "The Bengal Irrigation Act, 1875."

It shall extend to any portion of the territories for the time being under the government of the Lieutenant-Governor of Bengal to which it may be declared applicable by notification in the *Calcutta Gazette*.

It shall come into force on the date on which such notification may be issued.

2. The enactments specified in Schedule A hereto annexed are repealed to the extent mentioned in the third column of the said schedule.

3. In this Act—unless there be something repugnant in the subject or context—

"Canal" (i) "Canal" includes—

(a) all canals, channels, and reservoirs constructed, maintained, or controlled by Government for the supply or storage of water;

(b) all works, embankments, structures, supply and escape-channels connected with such canals, channels, or reservoirs;

(c) all village-channels as defined in clause (ii) of this section;

(d) all drainage works as defined in clause (iii) of this section.

(e) any part of a river, stream, lake, natural collection of water, or natural drainage-channel, to which the Lieutenant-Governor has applied the provisions of Part II of this Act.

(f) All lands on the banks of any canal as defined in articles a, b, c, d, and e of this clause which have been acquired by the Government, or which are used for purposes connected with canals.

(ii) "Village-channel" means any channel which is supplied with water from a canal, but which is not maintained at the cost of Government, and all subsidiary works belonging to any such channel;

(iii) "Drainage-work" means any work made or improved for the purposes of the drainage of the country by the Government under the Bengal Embankment Act, 1873, or other similar law for the time being in force; or any work for drainage purposes falling under the definition of a public watercourse under that Act; or any sluice.

(iv) "Collector" means the head Revenue Officer of a district, and includes any officer appointed to exercise all or any of the powers of a Collector under this Act;

(v) "Canal Officer" means an officer appointed under this Act to exercise control or jurisdiction over a canal or any part thereof.

"Section"

(vi) "Section" means a section of this Act.

(vii) "Owner" includes every person having a joint interest in the ownership of the thing specified; and all rights and obligations which attach to an owner under the provisions of this Act shall attach jointly and severally to every person having such joint interest in the ownership.

4. Nothing contained in the Bengal Embankment Act, 1873, shall apply to any canal as defined in this Act.

5. The Lieutenant-Governor may from time to time declare, by notification in the *Calcutta Gazette*, the officers by whom, and the local limits within which, all or any of the powers or duties hereinafter conferred or imposed shall be exercised or performed.

PART II.

OF THE APPLICATION OF WATER FOR PUBLIC PURPOSES.

6. Whenever it appears expedient to the Lieutenant-Governor that the water of any river or stream flowing in a natural channel, or of any lake or other natural collection of still water, should be applied or used by the Government for the purpose of any existing or projected canal;

the Lieutenant-Governor may, by notification in the official Gazette, declare that the said water will be so applied or used after a day to be named in the said notification, not being earlier than three months from the date thereof.

7. At any time after the day so named, any Canal Officer, acting under the orders of the Lieutenant-Governor in this behalf, may enter on any land and remove any obstructions, and may close any channels, and do any other thing necessary for such application or use of the said water.

8. As soon as is practicable after the issue of such notification, the Collector shall cause public notice to be given at convenient places, stating that the Government intends to apply or use the said water as aforesaid, and that claims for compensation in respect of the matters mentioned in section nine may be made before him.

9. No compensation shall be awarded for any damage caused by—

- (a) stoppage or diminution of percolation or floods;
- (b) deterioration of climate or soil;
- (c) stoppage of navigation, or of the means of drifting timber or watering cattle.

But compensation may be awarded in respect of any of the following matters:—

- (d) Stoppage or diminution of supply of water through any natural channel to any defined artificial channel, whether above or under ground, in use at the date of the said notification;

- (e) Stoppage or diminution of supply of water to any work erected for purposes of profit on any channel, whether natural or artificial, in use at the date of the said notification :
- (f) Stoppage or diminution of supply of water through any natural channel which has been used for purposes of irrigation within the five years next before the date of the said notification :
- (g) Damage done in respect of any right to a village-channel or the use of any water to which any person is entitled under the Indian Limitation Act, 1871, Part IV :
- (h) Any other substantial damage, not falling under any of the above clauses (a), (b), or (c), and caused by the exercise of the powers conferred by this Act, which is capable of being ascertained and estimated at the time of awarding such compensation.

In determining the amount of such compensation, regard shall be had to the diminution in the market-value, at the time of awarding compensation, of the property in respect of which compensation is claimed ; and where such market-value is not ascertainable, the amount shall be reckoned at twelve times the amount of the diminution of the annual net profits of such property, caused by the exercise of the powers conferred by this Act.

No right to any such supply of water as is referred to in clauses (d), (e), or (f) of this section, in respect of a work or channel not in use at the date of the notification, shall be acquired as against the Government, except by grant or under the Indian Limitation Act, 1871, Part IV.

10. No claim for compensation for any such stoppage, diminution or damage shall be made after the expiration of one year from such stoppage, diminution or damage, unless the Collector is satisfied that the claimant had sufficient cause for not making the claim within such period.

11. The Collector shall proceed to enquire into any such claim, and to determine the amount of compensation, if any, which should be given to the claimant, and sections nine to twelve (inclusive), fourteen and fifteen, eighteen to twenty-three (inclusive), twenty-six to forty (inclusive), fifty-one, fifty-seven, fifty-eight and fifty-nine of the Land Acquisition Act, 1870, shall apply to such enquiries.

Provided that, instead of the last clause of the said section twenty-six, the following shall be read : "The provisions of this section and of section nine of the Bengal Irrigation Act, 1875, shall be read to every assessor in a language which he understands, before he gives his opinion as to the amount of compensation to be awarded."

12. Every tenant holding under an unexpired lease, or having a right of occupancy, who is in occupation of any land at the time when any stoppage or diminution of water-supply, in respect of which compensation is allowed under section nine, takes place, may claim an abatement of the rent previously payable by him for the said land, on the ground that the interruption reduces the value of the holding.

13. If a water-supply increasing the value of such holding is afterwards restored to the said land, the rent of the tenant may be enhanced, in respect of the increased value of such land due to the restored water-supply, to an amount not exceeding that at which it stood immediately before the abatement.

Such enhancement shall be on account only of the restored water-supply, and shall not affect the liability of the tenant to enhancement of rent on any other grounds.

14. All sums of money payable for compensation under this Part shall become due three months after the claim for such compensation is made in respect of the stoppage, diminution or damage complained of, and simple interest at the rate of six per cent per annum shall be allowed on any such sum remaining unpaid after the said three months, except where the non-payment of such sum is caused by the wilful neglect or refusal of the claimant to receive the same.

PART III.

OF THE MAINTENANCE OF CANALS

15. Whenever it shall be necessary to make any enquiry or examination in connection with projected canal or with the maintenance of an existing canal, any Canal Officer or other person acting under the general or special orders of a Canal Officer, may enter upon any lands adjacent to a canal, and may exercise all powers and all things in respect of such lands as he might exercise and do if the Government had issued a notification under the provisions of section four of the Land Acquisition Act, 1870, to the effect that land in that locality is likely to be needed for a public purpose.

16. Such Canal Officer or other person may also enter upon any land, building, or watercourse on account of which any water-rate is chargeable, for the purpose of inspecting or regulating the use of the water supplied, or of measuring the lands irrigated thereby or chargeable with a water-rate, and of doing all things necessary for the proper regulation and management of such canal.

17. In case of any accident being apprehended or happening to a canal, any Canal Officer or any person acting under his general or special orders in this behalf, may enter upon any lands adjacent to such canal, and may execute all works which may be necessary for the purpose of preventing such accident, or repairing any damage done.

18. When such Canal Officer or person proposes, under the provisions of either of the two sections last preceding, to enter into any building or enclosed court or garden attached to a dwelling-house not supplied with water flowing from any canal, he shall previously give to the occupier of such building, court, or garden such reasonable notice as the urgency of the case may allow.

19. In every case of entry upon any land or building under section seven, section fifteen, section sixteen, or section seventeen, the Canal Officer or person making the entry shall ascertain and record the nature of any crop, tree, building, or other property, to which damage has been done, and the extent of the damage done to any such property, and shall tender compensation to the proprietors or occupiers for all damage done to the same by the entry or by any works executed. If such tender is not accepted, the Canal Officer shall refer the matter to the Collector, who shall thereupon give notice in writing to the persons interested in such land and to the Canal Officer, requiring them to attend before him, on a date to be fixed in the notification, for the purpose of settling the amount of compensation.

On the date so specified, the Collector shall proceed to determine the amount of compensation and to pay the same to the persons entitled to it. In case the Collector and the persons interested differ as to the sufficiency of the compensation, the Collector shall refer such difference for the final order of the Civil Court.

20. Suitable means of crossing canals constructed or maintained at the cost of Government shall be provided at such places as the Lieutenant-Governor thinks necessary for the reasonable convenience of the inhabitants of the adjacent lands; and suitable bridges, culverts, or other works shall be constructed to prevent the drainage of the adjacent lands being obstructed by any canal.

On receiving a statement in writing, signed by not less than five of the owners of such lands, to the effect that suitable crossings or means of drainage have not been provided on any canal, the Collector shall cause inquiry to be made into the circumstances of the case, and if the statement is established, shall report his opinion thereon for the consideration of the Lieutenant-Governor, and the Lieutenant-Governor shall cause such measures in reference thereto to be taken as he thinks proper.

PART IV.

OF VILLAGE-CHANNELS.

21. "Person" in this part includes any number of persons acting jointly.

Definition of person.

22. The Canal Officer shall keep a register of all village-channels connected with a canal, whether already existing or constructed under this Act, and of the owners of such channels.

A village-channel made as an extension of, or a branch to, an existing village-channel shall be registered as a separate village-channel; and, for greater convenience in determining the rights and liabilities of all persons under this Act, so much of the length of any village-channel as lies within the limits of any one village or mouzah shall ordinarily be entered on the register as a separate village-channel. Every section of a village-channel so separately borne on the register shall be deemed to be a separate village-channel in respect to all rights and liabilities imposed by this Act.

Provided always that whenever it shall seem fit to the Canal Officer for any special reason to enter upon his register as one village-channel a section of a village-channel which includes portions lying within two or more villages or mouzaha, the Canal Officer may, with the consent of the collector obtained in writing, register such section as one village-channel, and all rights and liabilities in respect of the channel so registered shall attach jointly and severally to all the owners of such channel.

23. Any person may acquire the property in an existing village-channel for the purpose of improving or maintaining it—

Any person may acquire an existing village-channel by agreement.

(a) By taking over, with the consent of a Canal Officer, any village-channel belonging to Government;

(b) By transfer of a village-channel from the owner thereof by private agreement.

24. Any person may, with the permission of a Canal Officer, construct a new village-channel by private arrangement with the owners or occupiers of the land affected.

Any person may construct a new village-channel by agreement.

25. Any person desiring the construction of a new village-channel, but being unable or unwilling to construct it by private agreement, may apply in writing to a Canal Officer stating—

Any person may construct a village-channel by applying to Canal Officer.

(a) that he desires the said Canal Officer, in his behalf and at his cost, to do all things necessary for constructing such channel.

(b) that he is ready to defray all costs necessary for acquiring the land and constructing the channel.

If the Canal Officer considers the construction of such village-channel expedient, he may call upon the applicant to deposit any part of the expense such Officer may consider necessary,

and upon such deposit being made, shall cause inquiry to be made into the most suitable alignment for the said village-channel,

and shall mark out the land which, in his opinion, it will be necessary to occupy for the construction thereof,

and shall forthwith publish a notification in every village through which the village-channel is proposed to be taken, that so much of such land as is situated within such village has been so marked out,

and shall send a copy of such notice to the Collector of every district in which any part of such land is situate.

Such notification shall also call upon any person who wishes to be admitted a joint owner of such village-channel to state his claim within thirty days of the publication of such notification. If any claimant appears and his claim is admitted, he shall be liable to pay his share in the construction of the village-channel and in the cost of acquiring the land, and shall be an owner of the village-channel when constructed.

26. On receipt of copy of such notification, the Collector shall proceed to acquire the land required under the provisions of the Land Acquisition Act, 1870, as if a declaration

Collector to acquire land.

had been issued by the Government for the acquisition of the land under the provisions of section six of that Act, and as if the Government had thereupon directed the Collector to take order for the acquisition of the land under section seven of the said Act.

27. On being put in possession of the land, the Canal Officer shall construct the required village-channel; and on its completion shall give to the applicant notice thereof and of any balance payable by him on account of the cost of acquiring the land and construction of the work. On such notice being given, such balance shall be due from the applicant to the Canal Officer. On receipt of payment in full of all such expenses, the canal officer shall make over possession of such channel to such applicant.

28. Whenever a Canal Officer considers that the transfer of a village-channel from the owner is necessary for the proper management of the irrigation from such village-channel, he may cause a notice to be served on the registered owner to appear on a certain day, not less than fifteen days after service of notice, and to prefer any objection to such transfer. After hearing such objection the Canal Officer may, with the consent of the Collector previously obtained, order that such village-channel shall be transferred to such person as he may think fit, and that such person be registered as owner of the said village-channel;

Provided that no person shall be registered as the owner of a village-channel under this section, unless he has expressed in writing his willingness to be so registered, and until he has paid to the Canal Officer such sum as may be fixed by the Canal Officer under section thirty.

29. Any person wishing to become the joint owner of an existing village-channel may petition the Canal Officer to that effect, and on receipt of such petition the Canal Officer may, if he think fit, issue a notice as in the last section provided upon the registered owner, and after hearing any objection which the registered owner may prefer against the admission of such applicant to be a joint owner, may direct that the applicant shall be registered as such joint owner.

30. When deciding the question of transfer or of admission to joint ownership under either of the two sections last preceding, the Canal Officer shall also determine what amount shall be paid—

(a) As the costs of the proceedings;

(b) As compensation to the previous owners; and the amount so determined shall be due by the transferee or the person admitted to registry as a joint owner, as the case may be; and on payment of such amount, the village-channel shall be transferred or the applicant shall be registered as a joint owner thereof, as the case may be.

31. Instead of awarding payment of compensation under the section last preceding, the Canal Officer may fix an amount of rent to be paid annually to the previous owners by the persons to whom the village-channel is transferred.

32. Every person

(a) acquiring a village-channel as provided in section twenty-three; or

(b) constructing a village-channel as provided in section twenty-four; or

(c) receiving possession of a village-channel as provided in section twenty-seven; or

(d) acquiring a village-channel by transfer, or being admitted to registration as joint-owner in a village-channel, as provided in section thirty, shall be deemed to be owner of such village-channel.

33. Every owner of a village-channel shall be bound—

Obligations and rights of owner of village-channel.

(a) To construct and maintain all works necessary for the passage across such village-channel of village-channels existing previous to its construction, and of the drainage intercepted by it, or for affording proper communications across it for the convenience of the occupants of neighbouring lands;

(b) To maintain such village-channel in a fit state of repair for the conveyance of water;

(c) To allow the use of it to others on such terms as may be declared equitable by the Canal Officer as hereinafter prescribed;

and shall be entitled—

(d) To have a supply of water by such village-channel at such rates and on such terms as are prescribed under the rules made by the Lieutenant-Governor;

(e) To receive such rent for the use of the village-channel by other persons as the Canal Officer may award him.

34. If the owner of a village-channel fail to fulfil the obligations described above, the Canal Officer may either—

(a) Require him by notice to execute the necessary repairs within fifteen days, and in the event of failure, perform them on his behalf; and all expenses incurred by the execution of such repairs shall be a sum due by such owner to the Government;

(b) Strike such village-channel off the register, and thereby disqualify it to be any longer a medium for the conveyance of canal water.

Resignation and transfer of ownership.

35. Any owner may resign his interest in a village-channel.

Any owner of a village-channel may, with the consent of the Canal Officer, transfer his interest to any other person, provided that liabilities of the person so transferring shall not cease till such transfer is registered.

If any owner of a village-channel dies, his heir or representative may apply for registration in his stead. If no such application for registry be made within fifteen days, the remaining registered owners of the village-channel, if any, shall be deemed to be owners of the entire interest in the village-channel, until some other person shall have established his claim to be registered as owner in place of the deceased. If the deceased shall have been the sole registered owner, the

Canal Officer shall be deemed to be the representative of the deceased, and shall exercise all rights and be bound by all liabilities which attached to the deceased in respect of his ownership of the village-channel until some person shall have established his right to be registered as owner in place of the deceased; and the Canal Officer shall account to such person for all sums received and expended in the exercise of the rights and discharge of the liabilities which attached to the deceased.

When any person applies for registration under the last two clauses, the Canal Officer shall serve notice on the other registered owners to prefer any objection to the transfer or succession within fifteen days, and if no such objection shall be made, or if the objections made be deemed invalid, shall order such transfer or succession to be registered.

36. All joint owners of a village-channel shall be held to have an equal interest in it, unless, and with the permission of the Canal Officer, they register specific unequal interests.

37. Any person not an owner of a village-channel, desiring to have a supply of water through such village-channel, may make a private arrangement with the owners for the conveyance of water, or may apply to the Canal Officer for authority to use such village-channel.

38. On receipt of an application, as mentioned in the section last preceding, the Canal Officer shall serve notice on the owners to show cause why such permission should not be granted, and if no objection be raised, or if raised, be found invalid, shall authorize the conveyance of such supply on such conditions as may appear equitable.

39. Such Canal Officer shall also fix a sum as rent to be paid for the use of such village-channel to be paid to the owner. Such rent may be in the form of a percentage on the water-rate of the person using the village-channel, or otherwise, as may be fixed by the Canal Officer.

40. The owner of a village-channel which receives its water through another village-channel may either be declared a joint owner of such other village-channel or may be required to pay rent for the use of the same to the owner thereof, as provided in the two sections last preceding.

41. All rent payable under either of the two sections last preceding shall be deemed to be due in the same instalments and at the same periods as the water-rate is due; or in such other instalments and at such other dates as the Canal Officer may direct.

42. No land acquired under this Part for a village-channel shall be used for any other purpose without the consent of the Canal Officer previously obtained.

43. Every sum declared to be due under this Part shall be recoverable by the Canal Officer on behalf of the Government or of the person entitled to receive the same, and shall be held to be a demand under the provisions of section one, Act VII (B C), 1868 (*an Act to make further provision for the recovery of arrears of land revenue and public demands recoverable as arrears of revenue*).

PART V.

OF THE SUPPLY OF WATER.

44. Every person desiring that water shall be supplied to his land from a Canal, shall present a written application to that effect to the Canal Officer, in the form given in Schedule B. hereto annexed, or in a similar form, binding himself by the rules made by the Lieutenant-Governor under the powers vested in him by this Act; and no person shall be liable to pay any rate or due whatever, on account of water supplied to his land with the permission of the Canal Officer, otherwise than on such application.

45. If the application mentioned in section last preceding be granted by the Canal Officer, the Canal Officer shall cause his permission to be recorded in the form given in Schedule C hereto annexed, or in some similar form, binding himself by the rules made by the Lieutenant-Governor as aforesaid.

46. All rules made by the Lieutenant-Governor under section sixty-six of this Act shall be consistent with the following conditions:—

(a) The Canal Officer may not stop the supply of water to any water-course, or to any person, except in the following cases:—

- (i) whenever and so long as it is necessary to stop such supply for the purpose of executing any work ordered by competent authority, and with the previous sanction of the Lieutenant-Governor;
- (ii) whenever and so long as any village-channel is not maintained in such proper customary repair as to prevent the wasteful escape of water therefrom;
- (iii) whenever and so long as it is necessary to do so in rotation, to supply the legitimate demands of other persons entitled to water;
- (iv) within periods fixed from time to time by the Canal Officer;

(b) No claim shall be made against the Government for compensation in respect of loss caused by the failure or stoppage of the water in a canal, by reason of any cause beyond the control of the Government, or of any repairs, alterations, or additions to the canal, or of any measures taken for regulating the proper flow of water therein, or for maintaining the established course of irrigation which the Canal Officer considers necessary; but the person suffering such loss shall be entitled to such remission of the ordinary charges payable for the use of the water as is authorized by the Lieutenant-Governor:

(c) If the supply of water to any land irrigated from a canal be interrupted otherwise than in the manner described in the last preceding clause, the occupier or owner of such land may present a petition for compensation to the Collector for any loss arising from such interruption, and the Collector shall award to the petitioner reasonable compensation for such loss :

(d) When the water of a canal is supplied for the irrigation of a single crop, the permission to use such water shall be held to continue only until that crop comes to maturity, and to apply only to that crop ; but if it be supplied for irrigating two or more crops to be raised on the same land within the year, such permission shall be held to continue for one year from the commencement of the irrigation, and to apply to such crops only as are matured within that year :

(e) No person entitled to use the water of any canal, or any work, building, or land appertaining to any canal shall sell or sub-let or otherwise transfer his right to such use without the permission of the Canal Officer, but all contracts made between Government and the owner or occupier of any immovable property, as to the supply of canal-water to such property, shall be transferable therewith, and shall be presumed to have been so transferred whenever a transfer of such property takes place.

PART VI.

OF WATER-RATES.

47. The rates to be charged for canal-water supplied for purposes of irrigation shall be determined by the rules made by the Lieutenant-Governor, and all persons accepting the water shall pay for it accordingly.

48. If water supplied through a village-channel be used in an unauthorized manner, and if the person by whose act or neglect such use has occurred cannot be identified,

the person on whose land such water has flowed, if such land has derived benefit therefrom,

or if such person cannot be identified, or if such land has not derived benefit therefrom, all the persons chargeable in respect of the water supplied through such village-channel in respect of the crop then on the ground,

shall be liable, or jointly liable, as the case may be, to the charges made for such use.

49. If water supplied through a village-channel be suffered to run to waste, and if, after enquiry by the Canal Officer, the person through whose act or neglect such water was suffered to run to waste cannot be discovered, all the persons chargeable in respect of the water supplied through such village-channel for the crop then on the ground shall be jointly liable for the charges made in respect of the water so wasted.

50. All charges for the unauthorized use or for waste of water shall be deemed to be water-rate due on the crop, and may be recovered in addition to any penalties incurred on account of such use or waste.

Recovery of Charges.

51. The Canal Officer or the Collector may enter into an agreement with any person for the collection and payment to the Government by such person of any sum payable under this Act by a third party.

52. Any sum lawfully payable under this Part, either to the Government or to any person who has entered into an agreement to collect dues for the Government, shall be deemed to be rent payable on a pottah or engagement in respect of the land irrigated and recoverable as such by the person to whom it is payable.

Provided that the claim (if any) for rent in respect of such land shall have priority over any claim for arrears of water-rate so far as regards recovery of rent by the exercise of the power of distraint.

53. If any person distrains half or more than half of any crop on account of which water-rate is due, such person shall be bound, on requisition by the Canal Officer, to furnish him with an account showing how the produce thus distrained has been appropriated in payment of such rent, and the Canal Officer shall be entitled to challenge such account before the Collector, who, if he finds that the value of the crop distrained was in excess of the amount of rent which had been due for a period not longer than a year, together with the costs of the distraint, may require the distrainer to pay the water-rate due on such crop.

54. Every arrear of water-rate which is due to the Government, and every sum due to Government by any person on account of collections of water-rate under the provisions of section fifty-one, shall also be deemed to be a demand within the meaning of Bengal Act No. VII of 1868 (*to make further provision for the recovery of arrears of Land Revenue and Public Demands recoverable as arrears of Land Revenue*), and may be recovered as provided in that Act.

55. Notwithstanding anything in the previous sections contained, it shall be lawful for any person who may have entered into an agreement for the collection and payment of water-rates as provided in section fifty-one, to give to the Collector of the district in which such person resides a notice in writing in the form in Schedule (B) annexed to the said Act VII of 1868, showing from whom water-rate is due, the names of persons, and the amount due from each ; and if the Collector have reason to believe that such sum is due he may make under his hand a certificate of the sum due in a form similar to that in Schedule (A) to the said Act annexed, and shall cause the same to be filed in his office, and every certificate

so made shall be deemed to be a certificate made in pursuance of section nineteen of the said Act.

Sections 51 to 55 do not apply to fines.

56. Nothing in sections fifty-one to fifty-five (inclusive) applies to fines.

PART VII.

OF JURISDICTION.

57. Except where herein otherwise provided, all claims against Government in respect of anything done under this Act may be tried by the Civil Courts, but no such Court shall in any case pass an order as to the supply of canal-water to any crop which is on the ground at the time.

58. Whenever a dispute arises between two or more persons in regard to their mutual rights or liabilities in respect of the use, construction, or maintenance of a village-channel, any such person interested may apply in writing to the Canal Officer stating the matter in dispute. Such officer shall thereupon give notice to the other persons interested that, on a day to be named in such notice, he will proceed to enquire into the said matter, and, after such enquiry, he may pass his order thereon, or may transfer the matter to the Collector, who shall thereupon enquire into and pass his order on the said matter.

Such order shall be final as to the use or distribution of water for any crop sown or growing at the time when such order is made, and shall thereafter remain in force until set aside by the decree of a Civil Court.

59. Whenever any dispute arises among joint owners of a village-channel as to their shares of expense or as to the amounts severally contributed, or as to failure on the part of any owner to contribute his share, the matter may be decided after inquiry, as provided in the section last preceding, by the Canal Officer or Collector as aforesaid, and the order passed by such Canal Officer or Collector shall remain in force until set aside by the decree of a Civil Court, and may be executed as if it were a decree of the Civil Court.

60. All suits arising out of the exercise of the power of distraint for recovery of water-rates, or out of any acts done under color of the exercise of the said power of distraint,

or by persons in receipt of the water-rates against any agents employed by them in the collection of such water-rates, or the sureties of such agents for money received or for accounts kept by such agents in the course of such employment, or for papers in their possession, shall be cognizable by the same Court or authority as would have jurisdiction, if such water-rates were rent due for the land irrigated.

61. Every order passed by a Canal Officer under Part IV, Part V, or Part VI of this Act, shall be appealable to the Collector, provided that the appeal be presented within one month of the date on which the Canal Officer made the order appealed

against; and all proceedings and orders of the Collector under this Act shall be subject to the supervision and control of the Commissioner of the Division and of the Board of Revenue.

62. Any officer empowered under this Act to conduct any inquiry may exercise all such powers connected with the summoning and examining of witnesses, as are conferred on Civil Courts by the Code of Civil Procedure; and every such inquiry shall be deemed a judicial proceeding.

PART VIII.

OF OFFENCES AND PENALTIES.

63. Whoever, without proper authority and voluntarily, does any of the acts following, that is to say,—

(a) being responsible for the maintenance of a village-channel or using a village-channel neglects to take proper precautions for the prevention of waste of the water thereof, or interferes with the authorised distribution of the water therefrom, or uses such water in an unauthorised manner;

(b) passes, or causes animals or vehicles to pass, on or across any of the works, banks or channels of a canal contrary to rules made under this Act, after he has been desired to desist therefrom;

(c) violates any rule made under this Act, for breach whereof a penalty may be incurred, shall be liable, on conviction before a Magistrate, to a fine not exceeding fifty rupees.

64. Nothing herein contained shall prevent any person from being prosecuted under any other law for any offence punishable under this Act: Provided that no person shall be punished twice for the same offence.

65. Whenever any person is fined for an offence under this Act, the Magistrate may direct that the whole or any part of such fine may be paid by way of compensation to the person injured by such offence.

PART IX.

OF SUBSIDIARY RULES.

66. The Lieutenant-Governor may, from time to time, make rules to regulate the following matters:—

(a) the proceedings of any officer who, under any provision of this Act, is required or empowered to take action in any matter;

(b) the cases in which, the officers to whom, and the conditions subject to which, orders and decisions given under any provision of this Act, and not expressly provided for as regards appeal, shall be appealable;

(c) the persons by whom, the time, place or manner at or in which, anything for the doing of which provision is made in this Act, shall be done;

(d) the amount of any charge made under this Act;

(e) and generally to carry out the provisions of this Act.

The Lieutenant-Governor may, from time to time, alter or cancel any rules so made.

Such rules, alterations, and cancellments, shall be published in the *Calcutta Gazette*, and shall thereupon have the force of law.

Provided that no rules shall be made by the Lieutenant-Governor under the powers conferred on him by this section until a draft of the same shall have been published in the *Calcutta Gazette* for one month, after which time the Lieutenant-Governor may pass such rules as originally published, or with such alterations, additions, and omissions as he may think fit.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE CALCUTTA PORT COMMISSIONERS FOR THE YEAR 1874-75.

RESOLUTION.

GENERAL DEPARTMENT.—MARINE—CALCUTTA PORT TRUST—No. 1976.

Calcutta, the 28th June 1875.

READ—

The Administration Report of the Calcutta Port Commissioners for the year 1874-75.

1. *Financial position.*—From the commencement of their operations the Commissioners have spent the following amounts on the several items specified below :—

			Rs.
On new works	52,84,892
On the port, including debt	19,56,370
			<hr/>
			72,41,262
Reserve fund for jetties	...	20,394	
Debt repaid	...	1,86,096	
Depreciation of port block	...	1,06,459	
Reserve fund for block	...	3,64,250	
		<hr/>	6,77,199
			<hr/>
			9,28,461

	<i>Debt.</i>		<i>Rs.</i>	<i>Rs.</i>
Borrowed from Government	39,84,100	
Port debt	17,65,000	
			<hr/>	57,49,100
Expended from revenue	<hr/> 21,77,361

The total expenditure during the year for increasing the accommodation and improving the appliances of the port amounted to Rs. 18,01,420.

At the end of 1874-75 the Commissioners had a surplus revenue—

			<i>Rs.</i>
From jetties	1,42,986
„ inland vessels and wharves	1,53,290
„ Harbour department	5,467
„ Strand Bank	14,015
		Total	3,15,758

The surplus revenue at the close of the preceding year was Rs. 3,64,492. The charge on the interest account and sinking funds for loans increased from Rs. 2,61,309-8 in 1873-74 to Rs. 2,66,113-4-5 in 1874-75. The amount borrowed during the year was Rs. 16,34,100, thus increasing the loans from Rs. 23,50,000 to Rs. 39,84,100. The Lieutenant-Governor is glad to observe the continued stability of the finances of the Trust, and that the revenues maintain their elasticity. There was a decrease of surplus income to the amount of Rs. 48,734 as compared with the preceding year, but after paying all current charges and providing for sinking funds and the interest on loans, the surplus income amounted to Rs. 3,15,758.

2. *New works.*—The anticipations expressed in last year's Resolution regarding the success of the new dredger have been fully realized: the silt has been effectually removed in front of the jetties, and there is now an adequate depth of water at all the jetties. The dredger has also been found useful in cutting away a bank which had formed along Grey's Wharf, between Aheereetollah and Juggernath ghâts. The principal new works either undertaken or completed during the year were as follow:—Pitching the foreshore throughout the whole length of the jetty enclosure, a work which was undertaken both as a sanitary measure and to prevent the accumulation of silt; pitching the slope between Armenian Ghât and Aheereetollah Ghât; the extension of the new wharves beyond Aheereetollah Ghât; the construction of a landing stage in connection with these wharves; the construction of quarters for the Commissioners' servants who are required to live near the river; and the erection of a 30-ton crane.

3. *Working of the jetties.*—The income derived from the jetties was Rs. 61,209 in excess of the amount realized during the year 1873-74, although the number of vessels discharged was 12 less than in that year. The increase was due to the increased tonnage of the vessels discharged, and to the increased landing charges upon piece-goods and iron. Last year it was anticipated that the receipts from the jetties would largely increase during 1874-75, when the new export sheds should be completed. Owing, however, to difficulties regarding the insurance risk whilst the goods were in the sheds, the jetties entirely failed to attract export cargo, and Rs. 7,667 only were realized on this account. This is, of course, a matter which causes regret and demands the continuous attention of the Port Commissioners. The Insurance Offices have now agreed to allow the marine policy, which formerly covered the boat risk during shipment, to cover the risk in the sheds; and it may be expected that the next year's receipts will show a considerable advance. The Lieutenant-Governor is glad to observe that the Commissioners have overcome the difficulties which were formerly experienced in connection with the landing and delivery of iron.

4. *Working of the cranes.*—The working of the cranes has proved satisfactory to the shipping during the year. Both hydraulic and steam cranes have been at work. The average cost on the whole was reduced from Rs. 2-1-6 per hour to Rs. 1-11-2 per hour. The total number of working hours was 3,866 in excess of previous years, while the total cost was nearly Rs. 2,000 less. This result is satisfactory.

5. *Inland vessels' wharves.*—The net balance of income derived from these wharves was Rs. 1,53,290, against Rs. 1,51,109 in 1873-74; the increase being due to the extension of the wharves north of Aheerettollah Ghât. The largest income was derived from the following articles:—

	Rs.
Grains	39,411
Jute, hemp, &c.	37,589
Seeds, &c.	34,304
Building materials... ..	12,684
Gunny bags	10,021

6. *Strand Bank lands.*—Although the income for the year was greater than that for the previous year, the net profits again decreased from Rs. 18,525 to Rs. 14,015. The increase of expenditure was principally due to the interest charge on the loan of three lakhs of rupees, raised on the security of this property, for the extension of the Strand Bank road.

7. *Harbour Department.*—The net revenue of the port has decreased from year to year, as shown by the following statement:—

	Rs.
1871-72	1,67,172
1872-73	1,47,852
1873-74	42,116
1874-75	5,467

The reduction is attributable to various causes: the first of these is the reduction of port charges for mooring; then there has been a reduction in the receipts on this account, owing to a decrease in the number of ships arriving in the port, the number being less by 54 than during 1873-74. The opening of the Suez Canal is also gradually resulting in a transfer of the trade from sailing vessels to steamers, with the effect of increasing the average tonnage of the vessels visiting the port, as well as the aggregate tonnage of all the vessels. The following statements show the increase in the number of steamers as compared with the previous year:—

<i>Arrivals.</i>				
	Steamers.	Sailing vessels.	Total.	Gross tonnage.
1873-74	429	552	981	1,205,325
1874-75	454	473	927	1,280,604

<i>Departures.</i>				
	Steamers.	Sailing vessels.	Total.	Gross tonnage.
1873-74	430	518	948	1,216,898
1874-75	456	435	901	1,273,866

The subjoined statement shows the arrivals and departures of steamers by the Suez Canal:—

<i>Arrivals.</i>			
	No.	Gross tonnage.	Average tonnage.
1873-74	118	266,960	2,262
1874-75	105	270,799	2,579

<i>Departures.</i>			
	No.	Gross tonnage.	Average tonnage.
1873-74	96	221,683	2,309
1874-75	113	285,203	2,524

The mooring receipts were also reduced by vessels remaining a shorter time in port than formerly. The charges were increased by the payment of enhanced salaries, by the cost of working the dredger, and by the amount set apart to cover the depreciation of the block. The net revenue has consequently suffered from the combined effects of a diminished income and an increased expenditure. The Lieutenant-Governor must draw the attention of the Port Commissioners to this consideration as constituting an argument for strict economy.

8. The Government of India has sanctioned the proposals of the Government of Bengal for appointment of a Health Officer to the port, and the final arrangements for carrying out this measure will be made on an early date.

9. The description given in paragraph 71 of the Report of the silting up of the mooring berths between Fort Point and Tolly's Nullah, points to the necessity for early and serious attention being directed to the subject. The Government of India was addressed in August last, and the matter was referred by that Government to the Secretary of State for the purpose of obtaining the

opinion of Mr. G. Robertson, Harbour Engineer. The subject will be again brought to the notice of the Government of India, in order that steps may be taken to expedite the submission of Mr. Robertson's report.

10. Measures are now under consideration for determining the line of high-water mark in accordance with the definition given in Section 5 of the new Port Act, XII of 1875.

11. The differences of opinion between the Port Commissioners and the riparian proprietors, referred to in paragraphs 96 to 99, have been the subject of a lengthened correspondence with Government, and it is hoped that the matters under dispute have now been finally settled.

12. The Lieutenant-Governor again desires to record his satisfaction at the continued success in the conduct of port affairs by the Port Commissioners.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

RULES FOR THE SALE AND DISTRIBUTION OF PLANTS AND SEEDS FROM THE ROYAL BOTANICAL GARDEN.

A NUMBER of young trees and shrubs are available annually during the rainy season from the Royal Botanical Garden, Calcutta, and the following Rules, relative to their distribution, are published for general information :—

1. Plants will, as a rule, be distributed during the months of July, August, and September only; in special cases, however, plants may, at the discretion of the Superintendent of the Garden, be given at other times.

2. No charge will be made for plants supplied to Imperial or Provincial Departments for public purposes. But Local Funds will be required to meet the cost of lifting, potting, packing, and carriage of plants. These latter charges will primarily be defrayed from the funds at the disposal of the Superintendent, the adjustment against the Department or Fund concerned being made by the Accountant-General. A separate bill should be made out for each Local Fund, the receipt of the officer supplied, and his indent, being attached as vouchers to each bill.

3. Application should be made officially by letter to the Superintendent of the Garden, who will, in the event of the particular kinds of plants required being available for distribution, despatch them proportionately to the stock in hand, and in the order in which indents may have been received.

4. Indenting officers, when applying, should submit, in duplicate to the Superintendent, a form similar to the one appended hereto, which can easily be drawn out in their own offices. One copy of this will be forwarded by the Superintendent to the Accountant-General of Bengal with the bill, and the other retained by him for office record. It will be observed that the indent will require the countersignature of the controlling officer, if any.

5. Full instructions should accompany each application, as to the mode of transit, and the address of the person to whom the plants are to be consigned.

6. On supplying the plants, the Superintendent of the Garden will submit in triplicate, for the signature of the officer supplied, a form of invoice, copy of which is appended to these Rules. The original and duplicate will be returned to the Superintendent, and the triplicate filed in the office for record.

7. Seeds will be distributed under similar rules to the above during the whole year.

8. To the general public, plants will be issued at the rates laid down in the revised catalogue issued by the Agri-Horticultural Society of India. Seeds will be supplied at the rate of one to four annas per packet.

9. The Superintendent of the Garden has authority to exchange plants and seeds with any person or institution, public or private.

ABKAREE SYSTEM IN BENGAL.

GOVERNMENT OF BENGAL.—LEGISLATIVE DEPARTMENT

The following further paper, relating to the question of Abkaree administration, is, by order of the Select Committee, published for general information :—

Memorandum by R. S. T. MacEwen, Esq., a Judge of the Calcutta Court of Small Causes.

My suggestion is that a section embodying the provisions of the Tippling Act (as modified by 25 and 26 Vic., Cap. 38 and of Section 4, 30 and 31 Vic., Cap. 142 (County Courts' Amendment Act, 1867)), should be introduced into the Abkaree Bill.

2. The Tippling Act was passed so long ago as 1751, "for the more effectually restraining the retailing of distilled spirituous liquors," and because "the immoderate drinking of distilled spirituous liquors by persons of the meanest and lowest sort hath of late years increased, to the great detriment of the health and morals of the common people." The duties on spirituous liquors were raised at the same time.

3. By the 12th Section it was enacted that "no person or persons whatsoever shall be intitled unto or maintain any cause, action, or suit for or recover either in law or equity, any sum or sums of money, debt or demands whatsoever, for or on account of any spirituous liquors, unless such debt shall have really been and *bona fide* contracted, at one time, to the amount of twenty shillings or upwards; nor shall any particular article, or item in any account, or demand for distilled spirituous liquors be allowed or maintained, where the liquors delivered at one time, and mentioned in such article or item, shall not amount to the full value of twenty shillings at the least, and that without fraud or covin; and where no part of the liquors so sold or delivered shall have been returned or agreed to be returned directly or indirectly."

4. This was the law up to the year 1862, and it will be observed that it made no difference whether the liquor was consumed off or on the premises. In either case, the seller could not recover unless the debt amounted to 20 shillings or upwards, and had been contracted at one time. So that if a customer bought a dozen of brandy at 19 shillings, and carried it home for consumption, he still could not be sued in a court of law for the debt.

5. This was considered too stringent, because it affected not merely the keepers of public-houses, but grocers, shop-keepers, wholesale dealers, and the poorer class of customers; and in 1862 the law was modified by the 25 and 26 Vic., Cap. 38: "So far only as relates to spirituous liquors sold to be consumed elsewhere than on the premises where sold, and delivered at the residence of the purchaser thereof, in quantities not less at any one time than a reputed quart."

6. The practical effect, then, of the law as it now stands is this:

- (1) No suit will lie for liquor consumed on the premises;
- (2) Or for liquor taken away to be consumed elsewhere, of a less quantity at one time than a reputed quart: in other words, one bottle.

7. The Tippling Act has been the law in England for more than a century. The modification referred to is of recent date. This old law, however, had reference a parently only to *distilled* spirituous liquors. But the tendency of modern legislation has been to bring *fermented* liquors under the same rule. Until 1867, debts for *fermented* liquors would appear to have been recoverable in the English courts; but in that year the County Courts' Amendment Act (30 and 31 Vic., Cap. 142) was passed; and the 4th Section provides that "no action shall henceforth be brought or be maintainable in any court to recover any debt or sum of money alleged to be due in respect of the sale of any ale, porter, beer, cider, or perry which, after the commencement of this Act, was consumed on the premises where sold or supplied, or in respect of any money or goods lent or supplied, or of any security given for, in, or towards the obtaining of any such ale, porter, beer, cider, or perry."

8. Here, it will be observed, there is no limitation either as to value or quantity. No debt for any fermented liquor consumed on the premises is recoverable.

9. The object in both cases is clearly to stop a system of credit for small quantities of liquor consumed in the public-house, and as a legitimate check upon drunkenness. It was found by experience that when men were allowed to run up "scores," the temptation to drink was increased; and that the facilities afforded by the county courts for the recovery of these debts led publicans to give more extended credit than they would otherwise do, and added to the evil. So long as a publican knew that he could get his money by going to court, he gave large credit; but immediately that remedy was taken from him he became more cautious. It was also felt that courts of justice should not be made the instruments of recovering such debts. It amounted to using them in the interests of what was considered an immoral trade. The effect of the decrees of these courts was to sell the debtor's household furniture, or send him to jail; to deprive the head of the family of the means of earning their subsistence, and, it might be, turning them out into the street to beg; and this not for a debt contracted for the necessities of life, but on mere self-indulgence.

10. My experience in the Small Cause Court has led me to view the question in the same light as the English authorities, and to propose a similar law for Bengal. There have been a good many cases against natives, but the case from Bow Bazar against Europeans and East Indians are very numerous. The class of persons sued is precisely the same as that for whose protection the law in England was passed, viz. clerks, mechanics, artizans, and labourers; the men employed in public offices, on the railways, public works, mills, foundaries, and other industries.

11. I observe that some objections have been raised to such a law; but none of them appear to me to be of any great weight. The two chief objections seem to be that it would work a hardship to sober people, and that the law could easily be evaded. Now, both are of equal force in England, where the law has been in vogue for such a length of time. But it is said, men don't carry about money with them in this country. If they have it to carry, and find that they cannot get drink without it, they will not consider it a very great hardship to get into the way of carrying it. Besides, if they are sober people, and are known to, and trusted by, the tavern-keeper, they will still get credit: perhaps not to the same extent (and this is a point gained), but still to an extent sufficient for their daily wants. It is merely throwing upon the tavern-keeper a risk that he does not now run: and in accepting that risk he will take care that his desire to sell his liquor will be controlled by the circumstance that he cannot recover the debt in court if it is not paid. As for the second objection, of course almost any law may be evaded; but so it may in England as well as in India; yet it is not quite such an easy matter to evade the law as some persons would suppose—and the debtor must connive at the evasion. He may be willing enough to do this at the time for the purpose of gaining his immediate object (more drink or further credit), but my experience is (and I think it is human nature) that when he is sued, and finds he has got all that he can get, and can expect nothing more, he turns round and states the circumstances under which he gave a certain acknowledgment or promissory note, and that the debt was of a very different kind from what appears on the face of the voucher. This would lead to inquiry, and if it turned out that it was an attempt to evade the law, the contract would be void.

12. I have heard another objection, that such a law would lead to *increased* drinking. It is said, a man, instead of buying and drinking by the glass, will buy by the bottle. He will go in for the larger instead of the smaller quantity. Now, it is of very little consequence, if he consumes the drink on the premises, whether he buys by the dozen, by the bottle, or by the glass; for he cannot possibly consume on the premises, at one time, 20 shillings worth. In either case, the debt would be irrecoverable: and as it would be quite as difficult to get the price of a dozen, or of a bottle, as of a glass, the publican would not be likely to give credit for the *larger* quantity instead of for the smaller. One newspaper said, a man might buy a bottle or a dozen, take what he wanted, and the tavern-keeper would keep the rest for him till he finished it from time to time; but this would not be a *bona fide* sale without "fraud or covin." It would be equivalent to returning indirectly a part of the liquor. This arrangement would not help the publican. Then, it is said, he can at least buy by the bottle or dozen, and take the liquor home, and drink in his own house instead of in the public-house. He may have no money to pay for a glass, and won't get credit for it because he cannot be sued; but he will get credit for a bottle provided he takes it away, because the debt can be recovered in court: and having bought a bottle, he has more liquor at his command, and will probably drink more at his own house, than he would have done by the glass in the public-house. This appears at first sight a formidable objection; but in practice I don't think it is proved to be so. At home a man—a married man at all events—has influences about him which prevent his drinking to excess. I don't think the temptation to excessive drinking is nearly so great to a man in his own house as in the public-house. In the second place, "scores" run up for bottles or more are very much heavier than for the glass; and unless he is a sober man, and a good and trustworthy customer, he will not get credit to any great extent. He may at first perhaps; but if the bills are not regularly paid, he will find difficulty in getting more credit. The rule which allows credit for a bottle is, in my opinion, a good one. It would be hard on sober people with small incomes if they could not buy their liquor in small quantities, and this is what the English legislature recognised in passing the modifying Act of 1862; but it refused to make any alteration in the law with regard to liquor consumed in public-houses, and five years later extended that law to fermented liquors. The cases to which I have referred, brought in the Small Cause Court, are for liquor consumed in small quantities on the premises.

13. The object in view would be attained by a section to the following effect:—

"No action shall henceforth be brought or be maintainable in any court of law to recover any debt or sum of money alleged to be due in respect of the sale of any spirituous or fermented liquor,* which after the commencement of this Act, was consumed on the premises where sold or supplied, or in respect of any such liquor sold to be consumed elsewhere than on the premises where sold, in quantities not less, at any one time, than a reputed quart, or in respect of any money or goods lent or supplied, or of any security given for, in, or towards the obtaining of any such spirituous or fermented liquor. Nothing in this section shall apply to the holders of hotel licenses when the purchaser has been residing on the premises."

14. It is unnecessary to fix any money limit if the English rule is observed, because no man could drink to the extent of 20 shillings at one time: and the object of both the English enactments is to stop credit and suits for liquor of any kind to any extent consumed on the premises. The above section, except so far as relates to liquor consumed off the premises, is taken from the English County Courts' Act, and the exception from the modifying statute of 1862. The provision as to hotels is necessary in this country.

15. I yesterday decreed a suit for Rs. 55 for opium sold in small quantities in the vendor's shop: in other words, for "smokes" of opium taken daily.

CALCUTTA, the 16th June 1875.

R. S. T. MACEWEN.

F. CLARKE,
Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Department.

* Opium, ganja, and other intoxicating drugs sold for other than medicinal purposes might very properly be included.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 26th June 1875.

	District and date of return	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date
BENGAL.			
Western Districts.			
BURDWAN DIST.	1 Burdwan, 28th* June 1875	2.08	Rainfall at Rancegunge 1.37, Culna 3.52, Cutwa 4.47, Jehanabad 2.57, and Boodhoo 5.70 inches. The <i>aus</i> , or early rice, is coming on well, and transplantation of <i>aman</i> , or late rice seedlings, has begun. Sugarcane is reported to be rather backward owing to excess of rain. Cholera has disappeared; and by the last accounts, there has been no serious outbreak of fever as yet.
	2 Bankura 26th June 1875	2.12	Weather generally cloudy. Rain fell at intervals, all over the district. State and prospects of crops are good. Sowing progressing.
	3 Beerbhoom 26th " "	5.45	Showery weather. State and prospects of the crops continue good. Young sugarcane and indigo somewhat injured by heavy rains.
	4 Midnapore, 26th " "	9.46	The fall in the Sudder station is due to a most extraordinary local down-pour on Monday night, when seven inches of rain fell within as many hours. Over the rest of the district, the fall averaged two inches. Thus far all crops on the ground are doing well.
	5 Hooghly, 26th " "	2.73	Weather generally cloudy, with intervals of sunshine. Average of district rainfall 2.9. State and prospects of crops are very good. Weeding going on. Health fair, with a little small pox.
	Howrah, 26th " "	5.08	There has been rain throughout the district during the week. During the late tour of the Deputy Collector in the district, he found the crops everywhere flourishing.
Central Districts.			
PRESDUNY DIST.	6 24-Pergunnahs. 28th* June 1875	3.62	Weather warm and rainy. Seasonable rain fell during the week. The early rice and jute plants look promising. Fever decreasing at Barrpore and Bussurhaut. One or two cases of cholera reported from the latter station.
	7 Nuddea, 26th June 1875	3.71	Rain less excessive than it was. Rice is very promising, with the exception of a little <i>aman</i> (late rice) crops on low lands, which have been drowned by the heavy rains. Indigo is not doing well in the northern half of the district. Woods are troublesome, and where manufacturing has begun, the produce is not good.
	8 Jessore, 26th " "	1.25	Cloudy, with moderate rain. The damage done by the submersion of crops in the low lands is considerable, but the general prospects continue good.
	9 Moorsheadabad, 26th June 1875	5.73	Weather variable, with very heavy rain in parts. Rainfall at Ramporehat 3.46, Jungpore 6.88, Laldighi 7.02 inches. In the west the Pagla has overflowed and done some damage to crops. Transplantation commenced. Early rice crops benefited by rain, though some damage has been reported from the east on account of violence of rain. Sowing of <i>khamrai</i> , or late rice, progressing well. Sugarcane, indigo, and mulberry are in good condition. Rivers fast rising. A few cases of small-pox reported.
RAJSHAHY DIST.	10 Dinapore, 25th June 1875	5.75	Much rain and wind. Jute, <i>khaddai</i> , or early rice, and sugarcane, are good. Ploughing for the winter rice being pushed on.
	11 Maldah, 26th June 1875	12.06	Weather rainy, excepting the 25th instant. Good accounts of the autumn rice and of indigo. Mulberry plants doing well, but not the silk-worms. Prospects of the silk trade are gloomy.
	12 Rajshahy, 26th " "	4.30	All parts of the district had good rain, and in some parts the fall has been heavy. The rice crops are flourishing, and there is at present every hope of an abundant harvest of <i>aus</i> and <i>aman</i> rice. Jute, <i>arhar</i> pulse, and sugarcane, are also in good condition; <i>teel</i> oil-seed is still being harvested. No sickness reported.
	13 Bungpore, 25th " "	3.40	Rain every day; weather clear. State of crops good.
	14 Bogra, 26th June 1875	3.42	Weather fair. Considerable rain fell during the week. <i>Aus</i> rice promises well. Sowing of <i>aman</i> is in progress. The rain has done much good to the crops.
	15 Pubna, 26th " "	2.41	Seasonable weather; rain almost every day. The paddy, both early and late, is thriving. The cholera and small-pox reported last week have disappeared.

* Telegram of the 28th June, received on the same day, shows rainfall during the seven days immediately preceding.

* Telegrams of the 28th June, received on the same day, shows rainfall during the seven days immediately preceding.

	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, or state of health at date.
BEHAR.—(Contd.)			
PATNA DIVN.—(Contd.)	31 Sarun, 26th June 1875	6.74	Weather cloudy, with frequent heavy showers of rain. Clear at the time of report. Rainfall at Sewan 7.71; east wind prevailing. There has been heavy rain throughout the week, which has benefited the crops; everywhere ploughing and sowing going on briskly. Indigo prospects excellent, and the manufacture has commenced. State and prospects of the crops are very favorable. General health good, except in thanas Sewan and Durrowli, where cholera is reported to have broken out.
	32 Chumparan, 25th June 1875.	5.30	The heavy fall of rain has done much good to the country. It has been universal all over the district. The growing crops continue to promise exceedingly well, and after the recent heavy rain late rice sowings can be begun.
BHAGULPORE DIVN.	33 Monghyr, 26th June 1875	1.	Weather fine, with occasional showers. The prospects of the crops are good hitherto.
	34 Bhagulpore, 28th* June 1875.	4.10	Rain has fallen throughout the district. Prospects of the <i>bhadoi</i> crops are good. Condition and health of the people good.
	35 Purneah, 26th June 1875	3.73	Weather stormy, with strong east wind. The rice crop still promises well, and the weather is most favorable for indigo.
	36 Sonthal Pergunnahs, 26th June 1875.	2.20	In Dumka a break in the rain, which will do good. Very heavy rain in Rajmahal. Rain too constant in Deoghur; seasonable in Godda. State and prospects of crops are very good.
ORISSA.			
ORISSA DIVISION.	37 Cuttack, 19th June 1875.	6.13	Constant heavy rain all the week. Early rice crop well above ground, but suffering a little from want of weeding. Late rice crop progressing well. A little cholera still remaining.
	38 Pooree, 24th June 1875	1.4	Weather cloudy and rainy. Ploughing operations have advanced. Sowing is going on. The season has been favorable, and the prospects of crops are fair. Sugarcane is being earthed up; cotton is being gathered with a fair outturn.
	39 Balasore, 25th " "	2.68	Rainfall at Bhudruk 3.27 inches. Weather continues showery, and favorable to the growth of the young crops, which are very promising. Sowings on low lands completed. Cholera reported to have broken out in the south. Public health otherwise good.
CHOTA NAGPORE.			
	<i>South-West Frontier Agency.</i>		
	40 Hazareebagh, 25th June 1875.	6.17	Heavy rain throughout the week. Atmosphere cool and pleasant. The heavy rain has stopped for a time the progress of the <i>marua</i> and <i>goadler</i> millets and Indian-corn crops, but no damage has as yet been done. A few days' fine weather much wanted.
	41 Lohardugga, 26th June 1875.	2.89	Weather rainy and seasonable. Sowing is going on, and the prospects at present are very favorable. Cases of cholera and small-pox are still reported.
	42 Singhbhum, 25th June 1875.	1.95	Weather seasonable. Rain has fallen in all parts of the district. State and prospects of the crops in Kolhan and political estates are very favorable. Favorable in Dhalbhum. District healthy.
	43 Maunbhum, 26th June 1875.	5.28	Rainy and seasonable weather. Sugarcane is very promising. The rain is said to have been too heavy in the Govindpore sub-division for the rice seedlings. It is, however, believed that the crops generally are in a favorable condition.

* Telegram of the 28th June, received on the same day, shows rainfall during the seven days immediately preceding.
